**Item 8.01 Other Events.**

As previously announced, on January 7, 2013, EnergySolutions, Inc. ( *EnergySolutions* , the *Company* , *we* , *us* , or *our* ) entered into an Agreement and Plan of Merger (the *Merger Agreement* ), by and among EnergySolutions, Rockwell Holdco, Inc., a Delaware corporation ( *Parent* ), and Rockwell Acquisition Corp., a Delaware corporation and a wholly owned subsidiary of Parent ( *Merger Sub* ) relating to the acquisition of EnergySolutions by Parent (the *Merger* ). Parent and Merger Sub are affiliates of Energy Capital Partners, a private equity firm focused on investing in North America's energy infrastructure.

*Conclusion of Go Shop Period*

Under the Merger Agreement, the Company was permitted to solicit alternative acquisition proposals from third parties during the 30-day period ending at 11:59 p.m. New York City time on February 6, 2013 (the *go shop period* ). During the *go shop period*, 2 parties contacted representatives of the Company's financial advisor, Goldman, Sachs & Co. ( *Goldman Sachs* ) and, at the direction of the Company's board of directors, Goldman Sachs contacted 22 parties. Of the 24 parties who were contacted by or who contacted representatives of Goldman Sachs during the *go shop period*, 15 were strategic buyers and 9 were private equity groups. During the *go shop period*, one party entered into a non-disclosure agreement in connection with its evaluation of a possible strategic transaction with us. Each party contacted, including the party that entered into a non-disclosure agreement with us, notified the Company that it would not be interested in pursuing a strategic transaction with the Company.

Starting at 12:00 a.m. New York City time on February 7, 2013, the Company became subject to customary *no shop* provisions that limit its ability to solicit alternative acquisition proposals from third parties or to provide confidential information to third parties, subject to a *fiduciary out* provision that allows the Company to provide information and participate in discussions with respect to certain unsolicited written proposals and to terminate the Merger Agreement and enter into an acquisition agreement with respect to a superior proposal in compliance with the terms of the Merger Agreement. Under the terms of the Merger Agreement, the Company would have been permitted to continue to engage in solicitation activities and negotiations for 10 days with respect to a bona fide acquisition proposal submitted by a person prior to the conclusion of the *go shop period* that our board of directors determined in good faith to constitute, or to be reasonably likely to lead to, a superior proposal. However, no such proposals were submitted during the *go shop period*.

A copy of the press release issued by the Company on February 7, 2013 announcing the conclusion of the *go shop period* is attached hereto as Exhibit 99.1.

*Update on Required Regulatory Approvals*

The obligation of Parent and Merger Sub to consummate the Merger is subject to the satisfaction or waiver of a number of conditions set forth in the Merger Agreement, including obtaining certain regulatory approvals both in the United States and the United Kingdom.

Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the *HSR Act* ), and the rules promulgated thereunder by the Federal Trade Commission (the *FTC* ), the merger cannot be completed until each of the Company and Parent files a notification and report form with the FTC and the Antitrust Division of the Department of Justice, under the HSR Act and the applicable waiting period has expired or been

terminated. Each of the Company and Parent filed such a notification and report form on January 22, 2013 and each requested early termination of the waiting period. The request for early termination of the waiting period was granted and became effective on February 1, 2013.

Under the Merger Agreement and under the Atomic Energy Act, as amended (the "AEA"), the Merger cannot be completed until the Nuclear Regulatory Commission (the "NRC"), and any State from whom the Company or its subsidiaries holds a radiological license or permit issued pursuant thereto, which States we have entered into an agreement with the NRC pursuant to Section 274 of the AEA (the "Agreement States"), in each case give their prior written consent to the indirect transfer of control of our NRC and State radiological licenses and permits. All required applications were filed in January 2013 requesting such consent to the indirect transfer of control of the Company's NRC and State radiological licenses and permits from the NRC and the States of Connecticut, Ohio, South Carolina, Tennessee and Utah. On February 6, 2013, the State of Tennessee issued its

consent regarding several licenses held by the Company. However, further consents are still required from the NRC and each of the Agreement States, including from Tennessee.

Under the Merger Agreement, the Merger also cannot be completed until the United Kingdom Nuclear Decommissioning Authority (the NDA ) gives its prior written consent to the indirect change of control of EnergySolutions EU Limited, an indirect, wholly owned subsidiary of the Company. The Company submitted the formal consent application to the NDA on January 21, 2013. The NDA, in a letter dated January 24, 2013, gave its consent to the change in control of EnergySolutions EU Limited pursuant to the Merger Agreement.

If the parties make a filing with the Committee on Foreign Investment in the United States ( CFIUS ) pursuant to the Defense Protection Act of 1950 ( Exon-Florio ), under the Merger Agreement, the Merger cannot be completed until CFIUS has notified Parent in writing that it has determined not to investigate the transactions contemplated by the Merger Agreement or, if it has undertaken such an investigation, that it has determined not to take any action or the President of the United States has determined not to take any action. The parties have determined not to make a filing with CFIUS pursuant to Exon-Florio, based on their belief that no such filing is appropriate with respect to the transactions contemplated by the Merger Agreement.
