**Item 1.01 Entry into a Material Definitive Agreement.**

On April 28, 2014, Arbor Realty Trust, Inc. ( Arbor ) announced that two of its consolidated subsidiaries, Arbor Realty Collateralized Loan Obligation 2014-1, Ltd. (the Issuer ) and Arbor Realty Collateralized Loan Obligation 2014-1, LLC (the Co-Issuer and together with the Issuer, the Issuers ) issued \$281,250,000 principal amount of investment grade-rated notes (the Notes ), evidencing a collateralized loan obligation, and sold such Notes in a private placement. Simultaneously with the issuance of the Notes, the Issuer issued and sold preferred shares with a notional amount of \$93,750,000 to a consolidated subsidiary of Arbor.

The Notes were issued pursuant to an indenture, dated as of April 28, 2014. The information contained in Item 2.03 of this Form 8-K regarding the terms of the indenture and the Notes is incorporated by reference into this Item 1.01.

The Notes were placed by Sandler O'Neill + Partners, L.P., as lead placement agent, and certain of the Notes were placed by Chalkhill Partners, L.L.P., as European co-placement agent, pursuant to separate placement agreements dated as of April 28, 2014. The Notes have not been registered under the Securities Act of 1933, as amended (the Securities Act ), or any state securities laws, and unless so registered, may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws.

The net proceeds of the sale of the Notes will be used to repay borrowings under Arbor's current credit facilities, pay transaction expenses and fund future loans and investments.

**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

The aggregate principal amounts of the following three classes of Notes (each, a Class ) were issued pursuant to the terms of an indenture, dated as of April 28, 2014 (the Indenture ) by and among Arbor Realty Collateralized Loan Obligation 2014-1, Ltd. (the Issuer ), Arbor Realty Collateralized Loan Obligation 2014-1, LLC (the Co-Issuer and together with the Issuer, the Issuers ) Arbor Realty SR, Inc., as advancing agent, and U.S. Bank, National Association, as trustee, paying agent, calculation agent, transfer agent, custodial securities intermediary, backup advancing agent and notes registrar: (1) \$221,250,000 aggregate principal amount of Class A Senior Secured Floating Rate Notes; (2) \$24,250,000 aggregate principal amount of Class B Secured Floating Rate Notes; and (3) \$35,750,000 aggregate principal amount of Class C Secured Floating Rate Notes. Simultaneously with the issuance of the Notes, the Issuer also issued and sold preferred shares (the Preferred Shares ) with a notional amount of \$93,750,000 to a consolidated subsidiary of Arbor Realty Trust, Inc. ( Arbor ).

As of the collateralized loan obligation ( CLO ) closing date, the Notes are secured by a portfolio of real estate related assets and cash with a face value of approximately \$375.0 million, with real estate assets consisting primarily of real estate-related bridge loans. Through its ownership of the equity of the Issuer, Arbor intends to own the portfolio of loan obligations until its maturity and will account for the issuance of the Notes on its balance sheet as a financing. The financing has an approximate two and a half year replacement period that allows the principal proceeds and sale proceeds (if any) of the loan obligations to be reinvested in qualifying replacement loan obligations, subject to the satisfaction of certain conditions set forth in the Indenture. The proceeds of the issuance of the securities also includes \$67.7 million for the purpose of acquiring additional loan obligations for a period of up to 120 days from the closing date of the CLO, at which point it is expected that the Issuer will own loan obligations with a face value of approximately \$375.0 million. If the Issuer is unable to invest any additional financing capacity in suitable loan obligations within 120 days of the CLO closing date, remaining cash and cash equivalents will be used to redeem the Notes in order of

seniority pursuant to the Indenture.

The loan obligations acquired on the Closing Date were purchased by the Issuer from a consolidated subsidiary of Arbor, and the seller made certain representations and warranties to the Issuer with respect to the loan obligations it sold. If any such representations or warranties are inaccurate, the Issuer may compel the seller to repurchase the affected loan obligations from it for an amount not exceeding par plus accrued interest and certain

additional charges, if then applicable. Additional loan obligations and replacement loan obligations are expected to be purchased on similar terms, pursuant to the requirements set forth in the Indenture.

The Issuer entered into a Loan Obligation Management Agreement with Arbor Realty Collateral Management, LLC, a consolidated subsidiary of Arbor (the Loan Obligation Manager ) pursuant to which the Loan Obligation Manager has agreed to advise the Issuer on certain matters regarding the loan obligations and other eligible investments securing the Notes. The Loan Obligation Manager has waived its right to receive a management fee for the services rendered under the Loan Obligation Management Agreement.

The Issuer, the Loan Obligation Manager and the trustee entered into a Servicing Agreement with Arbor Commercial Mortgage, LLC, the external manager of Arbor (the Servicer ), pursuant to which the Servicer has agreed to act as the servicer and special servicer for all the loan obligations. In connection with its duties under the Servicing Agreement, the Servicer has waived its right to servicing and special servicing fees but will be entitled to reimbursement of certain costs and expenses.

The Notes represent non-recourse obligations of the Issuer payable solely from the loan obligations and certain other assets pledged under the Indenture. To the extent the loan obligations and other pledged assets are insufficient to make payments in respect of the Notes, neither of the Issuers will have any obligation to pay any further amounts in respect of the Notes.

The Notes have an initial weighted average interest rate of approximately 2.39% plus one-month LIBOR. Interest payments on the Notes are payable monthly, beginning on June 15, 2014, to and including May 15, 2024, the stated maturity date of the Notes. As advancing agent under the Indenture, Arbor Realty SR, Inc., a consolidated subsidiary of Arbor, may be required to advance interest payments due on the Notes on the terms and subject to the conditions set forth in the Indenture. Arbor Realty SR, Inc. is entitled to receive a fee, payable on a quarterly basis in accordance with the priority of payments set forth in the Indenture, equal to 0.07% per annum on the aggregate outstanding principal amount of the Notes.

Each Class of Notes will mature at par on May 15, 2024, unless redeemed or repaid prior thereto. Principal payments on each Class of Notes will be paid at the stated maturity in accordance with the priority of payments set forth in the Indenture. However, it is anticipated that the Notes will be paid in advance of the stated maturity date in accordance with the priority of payments in the Indenture. The weighted average life of the Notes is currently expected to be between 3.1 years and 3.9 years. The calculation of the weighted average lives of the Notes assumes certain collateral characteristics and that there are no prepayments, defaults or delinquencies. There is no assurance that such assumptions will be met.

In general, payments of interest on the Class A Notes (including any defaulted interest amount) will be senior to all payments of interest on the Class B Notes and Class C Notes (including any defaulted interest amount) and payments of interest on the Class B Notes (including any defaulted interest amount) will be senior to all payments of interest on the Class C Notes (including any defaulted interest amount). In general, payments of principal of the Class A Notes will be senior to all payments of principal of the Class B Notes and Class C Notes and payments of principal on the Class B Notes will be senior to all payments of principal on the Class C Notes. Payments on the Notes will be senior to dividends and all other distributions in respect of the Preferred Shares.

The Notes are subject to a clean-up call redemption (at the direction of the Loan Obligation Manager), in whole but not in part, on any interest payment date on which the aggregate outstanding principal amount of the Notes has been reduced to 10% of the aggregate principal amount of the Notes outstanding on the issuance date.

Edgar Filing: ARBOR REALTY TRUST INC - Form 8-K

Subject to certain conditions described in the Indenture, on November 15, 2016, and on any interest payment date thereafter, the Issuer may redeem the Notes and the Preferred Shares at the direction of the holders of a majority of the Preferred Shareholders.

The Notes are also subject to a mandatory redemption on any interest payment date on which certain note protection tests set forth in the Indenture are not satisfied and following the end of the 120-day period for acquisition of additional assets if the ratings assigned to the Notes as of the CLO closing date are downgraded or withdrawn.
