MARCH 19, 2002 -- PRESS RELEASE Q's AND A's

EXCERPTS RELATING TO DRAGON FUND TENDER OFFER:

Q: Why did I not receive my March distribution from the Dragon Fund?

A: As announced in a press release issued on January 4, 2002 and Dragon Fund's Annual Report dated December 31, 2001, effective January 4, 2002, Dragon Fund's Board of Directors discontinued the Dragon Fund's managed distribution program, in part, to facilitate compliance with the requirements that would have applied if the proposed Dragon Fund/Vietnam Fund merger were to qualify as a tax-free reorganization. Despite the fact that the Dragon Fund/Vietnam Fund merger will not proceed, the Board believes that the discontinuance of the Dragon Fund's managed distribution program remains appropriate in view of the Board's commitment to continue the Dragon Fund's tender offer program. Specifically, if the managed distribution program were to remain in effect any increased sale of portfolio securities necessary to meet the cash needs of the two programs could result in a greater proportion of any distribution under the managed distribution program being treated as ordinary income as opposed to a tax-free return of capital.

Q: Does this mean that shareholders will no longer receive distributions?

A: Discontinuation of the managed distribution policy means that shareholders will no longer be receiving quarterly distributions under the program

(either by check or in additional shares of Dragon Fund for shareholders participating in the Fund's dividend reinvestment and cash purchase plan). However, Dragon Fund will continue to distribute dividends of net investment income, if any, annually.

Q: Will the managed distribution policy be re-implemented in the future?

A: The Dragon Fund Board may recommend similar programs in the future, depending upon market conditions and regulatory and tax considerations. Of course there can be no assurance that they will do so.

Q: What was the managed distribution policy?

A: In July 1998, the Dragon Fund Board of Directors approved the implementation of a managed distribution policy under which approximately 10% of the Fund's average net asset value would be distributed to Fund shareholders on an annual basis. Under this distribution policy, the Fund made quarterly distributions to Fund shareholders equal to 2.5% of the Fund's net asset value at the close of the NYSE on the Friday prior to each distribution's declaration date. If the total amount distributed exceeded the Fund's aggregate net investment income and net realized capital gains with respect to a given year, the excess amount distributed generally constituted a return of capital to shareholders. The Fund was granted an order from the Securities and Exchange Commission on February 9, 1999 that permitted the Fund to use realized capital gains when making the quarterly distributions, which began under this policy on September 15, 1998.

Q: When was the last distribution under the managed distribution policy?

A: The Dragon Fund's last distribution pursuant to the managed distribution policy was paid on December 24, 2001 to shareholders of record on December 13, 2001.
