NOTES TO THE CONDENSED FINANCIAL STATEMENTS
April 30, 2008

1. BASIS OF PRESENTATION - INTERIM FINANCIAL STATEMENTS

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and the general instructions to Form 10-QSB. Accordingly, they do not include all information and footnotes required by GAAP for complete financial statements. These interim financial statements should be read in conjunction with our audited financial statements and notes thereto included in our Annual Report on Form 10-KSB for the fiscal year ended October 31, 2007. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could differ from those estimates. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. The results of operations for the periods presented are not necessarily indicative of the results that may be expected for the year ending October 31, 2008 or any future period.

2. ADOPTION OF SFAS NO. 123 (REVISED 2004) SHARE-BASED PAYMENT

In December 2004, FASB issued FASB No. 123 (Revised 2004) Share-Based Payment. This Statement establishes standards for the accounting and transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity's equity instruments or that may be settled by the issuance of those equity instruments. This Statement focuses primarily on accounting for transactions in which an entity obtains employee services in share-based payment transactions. This Statement does not change the accounting guidance for share-based payment transactions with parties other than employees provided in Statement 123 as originally issued and EITF Issue No. 96-18, "Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services." This Statement does not address the accounting for employee share ownership plans, which are subject to AICPA Statement of Position 93-6, *Employers' Accounting for Employee Stock Ownership Plans*. The adoption of SFAS 123 (Revised 2004) by the Company did not have a material impact on the Company's financial position, results of operations or cash flows. There was no change in the status of outstanding shares or in the Equity Compensation Plan since October 31, 2006, and no shares were granted to employees of the Company for services rendered or to be rendered.

3. EARNINGS PER SHARE

Innovative Designs, Inc. (the "Company") calculates net income (loss) per share as required by Statement of Financial Accounting Standard No. 128, Earnings per Share. Basic earnings (loss) per share is calculated by dividing income (loss) by the weighted average number of common shares outstanding for the period. Diluted earnings (loss) per share is calculated by dividing net income (loss) by the weighted average number of common shares and dilutive common stock equivalents outstanding. During the periods presented common stock equivalents were not considered as their effect would be anti-dilutive.

NOTES TO THE CONDENSED FINANCIAL STATEMENTS
April 30, 2008

4. GOING CONCERN AND LEGAL PROCEEDINGS

The Company's financial statements are presented on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business.

The Company has experienced a significant loss from operations as a result of its investment necessary to achieve its operating plan, which is long-range in nature. For the six month period ended April 30, 2008 and 2007, the Company incurred a net loss of $307,657 and $6,308, respectively. The Company has incurred significant losses since inception. The Company has working capital of ($3,605,419) and ($3,704,733) and a stockholders' (deficit) of ($4,081,820) and ($4,266,677) at April 30, 2008 and 2007, respectively.

The Company's ability to continue as a going concern is contingent upon its ability to expand its operations and secure additional financing. The Company is currently pursuing financing for its operations and seeking to expand its operations. Failure to secure such financing or expand its operations may result in the Company not being able to continue as a going concern.

The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern.

On November 2, 2007, the Company participated in oral argument before a three-judge panel of the United States Court of Appeals for the Third Circuit regarding its appeal from the Orders of the Honorable Arthur J. Schwab finding Innovative Designs bound to the terms of an arbitration clause set forth in a contract to which it was not a party, and recognizing and enforcing a foreign arbitral award purportedly entered by default in arbitration proceedings in Italy. No one participated in oral argument on behalf of the Appellees, Elio D. Cattan ("Cattan") and Eliotex, SRL ("Eliotex"), and no appeal brief was ever filed on their behalf. The Company awaits the Court's ruling.

Greystoner Inc., which purchased the judgment at Sheriff Sale on September 5, 2007, subsequently sold the judgment by assignment to a Pennsylvania LLC controlled by an affiliate of our Chief Executive Officer at the behest of the Company. The Company has elected not to cause the judgment entered by Judge Schwab to be satisfied of record at this time, in order not to moot its appeal Innovative Designs is confident in its position, and seeks vindication by the Third Circuit. The Company has an understanding by which it may purchase and satisfy the judgment at a time of its choosing. In the opinion of legal counsel, the judgment no longer represents a threat to the legal or economic viability of the Company. Once the appeal has been determined, the Company will request the judgment be satisfied of record.

The Company does have the right to administratively reopen the case for the purpose of adjudicating the claims it originally brought in the action, seeking, inter alia, a Declaration of Non-Infringement of the Cattan/Eliotex patent and a Declaration the patent is null and void under applicable U.S. law. No decision has yet been made as to whether or not to pursue further relief before Judge Schwab. Neither Cattan, Eliotex nor their counsel has played any role in the case subsequent to the filing of the Company's appeal.

INNOVATIVE DESIGNS, INC.

NOTES TO THE CONDENSED FINANCIAL STATEMENTS
April 30, 2008

United States Bankruptcy Court for the Western District of Pennsylvania
Case No. 06-23921-MBM

On September 24, 2007, the Company filed a Motion to Dismiss the bankruptcy case initiated by Cattan and Eliotex, citing the fact that the Petitioning Creditors no longer own any interest in the judgment which formed the basis of their claim, and asserting that the Petitioning Creditors no longer had standing to pursue the claims, or, hence, the case.

On October 22, 2007, the Company filed Objections to Claims Nos. 1, 2, 3, 4 and 5, asserting that the instant claims, representing the claims of each of the Petitioning Creditors, were improper and null and void, as the judgment which formed the basis of those claims was no longer owned by any of the Petitioning Creditors, and hence the Petitioning Creditors had no standing to pursue the claims further.

On October 26, 2007, a Stipulation between the Petitioning Creditors and the Company was entered seeking a Stipulated Order of Dismissal of the bankruptcy case, which Order was signed by the Honorable Chief Bankruptcy Court Judge M. Bruce McCullough on October 31, 2007- the Company is no longer in bankruptcy, and notice to that effect was immediately transmitted to the appropriate regulatory bodies.

United States District Court for the Western District of Pennsylvania
Case No. 06-00582-AJS

This case was filed by Cattan and Eliotex seeking relief ancillary to the judgment obtained by Cattan and Eliotex against the Company, which judgment, as aforesaid, was subsequently purchased at Sheriff Sale by Greystone, Inc. and subsequently sold to a Pennsylvania LLC owned by a related party.

Counsel for Cattan and Eliotex has indicated to counsel for the Company that it has requested authority from Cattan and Eliotex to dismiss the action with prejudice and, failing that, to seek leave to withdraw as counsel for Cattan and Eliotex.

On October 29, 2007, Cattan and Eliotex's counsel filed a Motion to Withdraw as Attorneys for Plaintiff. Judge Schwab denied the Motion until such time as Cattan and Eliotex have secured substitute counsel. The case remains in limbo as Cattan and Eliotex have taken no action to secure substitute counsel. The Company believes much, if not all, of the averments made in the Complaint have been rendered moot by the subsequent purchase and assignment of the Cattan/Eliotex judgment. The Company is not directly implicated in this suit.

The Company no longer faces any legal or financial jeopardy as a result of the Cattan/Eliotex litigation, is no longer in bankruptcy and has been able to resume its business operations in earnest.

Background

Innovative Designs, Inc. (hereinafter referred to as the "Company", "we or "our") was formed on June 25, 2002. We market and sell clothing products such as hunting apparel, and cold weather gear called "Arctic Armor" that are made from INSULTEX, a material with buoyancy, scent block and thermal resistant proprieties. We obtain INSULTEX through a license agreement with the owner and manufacturer of the material. Since our formation we have devoted our efforts to:

- Raising funding either through the sale of our common stock or through borrowing;
- Developing and evolving our marketing plan;
- Completing the development, design and prototypes of our products, and
- Obtaining retail stores or sales agents to offer and sell our products.

In November 2006, we were placed into involuntary Chapter 7 bankruptcy proceeding which was subsequently converted to a Chapter 11 proceeding. On October 31, 2007, we were dismissed form the bankruptcy proceeding.

All of our revenue in this quarter came from our Arctic Armor line of products. Because we are only selling cold weather product lines at this time, our sales cycle is very seasonal. We do anticipate an increase in revenue for the next quarter.

The following table shows a comparison of the results of operations between the six months ended April 30, 2008 and six months ended April 30, 2007:

Revenues for the six months ended April 30, 2008 were $268,316, compared with revenues of $258,634 for the six months ended April 30, 2007. Nearly all of the sales for both periods were for our Arctic Armor line of products.

As of June 12, 2008, we had written future orders for approximately $416,000 of our products. We expect that in the next 30 days or so we should see an increase in these types of orders as major retailers finalize their assortments. We have recently introduced Arctic Armor using the Mossy Oak tm Duck Blind camo pattern. This will result in increased sales of our Arctic Armor line much earlier in the year. These future orders do not require any monetary deposit and can be cancelled with notice, by the customer.

We are also working on licensing INSULTEX tm for other industries and for private labeling. We continue to work on completing the testing for using INSULTEX tm as a house wrap.

Liquidity and Capital Resources.

During the quarter ended April 30, 2008, we funded our operations with revenues from sales, loans from our Chief Executive Officer and sales of our common stock. We will continue to fund our operations from these types of sources. Subsequent to April 30, 2008, on May 12, 2008, our Chief Executive Officer advanced the Company $56,000.

ITEM 3. CONTROLS AND PROCEDURES

Management has developed and implemented a policy and procedures for reviewing, on a quarterly basis, our disclosure controls and procedures and our internal control over financial reporting. Management, including our principal executive and financial officer, evaluated the effectiveness of the design and operation of disclosure controls and procedures as of April 30, 2008 and, based on their evaluation, our principal executive and financial officers have concluded that these controls and procedures are operating effectively. Disclosure controls and procedures are controls and other procedures that are designed to ensure that information we are required to disclose in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the reports we file under the Exchange Act is accumulated and communicated to management, including the principal executive and financial officers, as appropriate to allow timely decisions regarding required disclosure.

There were no significant changes in our internal control over financial reporting during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
