Proxy Statement for
The Annual Meeting of Stockholders
To Be Held on Thursday, June 5, 2014

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the “Board of Directors,” or the “Board”) of Anika Therapeutics, Inc. (“Anika Therapeutics,” the “Company,” “we,” “us,” or “our”), a Massachusetts corporation, for use at the 2014 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the Company’s corporate headquarters, 32 Wiggins Avenue, Bedford, Massachusetts 01730 on Thursday, June 5, 2014, at 11:30 a.m. local time and at any adjournment or postponement thereof. At the Annual Meeting, the stockholders will be asked to consider and vote upon the following matters:

1. To elect two (2) Class III directors nominated by the Board of Directors, each to serve until the 2017 Annual Meeting of Stockholders and until their respective successors are duly elected and qualified;
2. To ratify the appointment of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm for the 2014 fiscal year;
3. To consider and approve an advisory vote regarding the compensation of the Company’s Named Executive Officers; and
4. To consider and act upon any other matters that may properly come before the Annual Meeting or any adjournment or postponement thereof.

Proposal 1 relates solely to the election of two (2) Class III directors nominated by the Board of Directors and does not include any other matter relating to the election of directors, including without limitation, the election of directors nominated by any stockholder of the Company.

This proxy statement, the accompanying notice of the Annual Meeting, the form of proxy and Anika Therapeutics’ Annual Report are first being made available to stockholders on or about April 23, 2014. Our Annual Report, however, is not a part of the proxy solicitation materials. The Board of Directors has fixed the close of business on April 7, 2014 as the record date for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. Only stockholders of record of our common stock, par value \$.01 per share, at the close of business on the record date will be entitled to receive notice of and to vote at the Annual Meeting. As of the record date, there were 14,608,502 shares of common stock outstanding and entitled to vote at the Annual Meeting. Holders of common stock as of the close of business on the record date will be entitled to one vote per share.

This year, pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have again elected to provide access to our proxy materials over the Internet. Accordingly, we have sent a Notice Regarding the Availability of Proxy Materials (the “Notice”) to certain of our stockholders (excluding those stockholders who previously have requested that they receive electronic or paper copies of our proxy materials). Stockholders have the ability to access our proxy materials on the website referred to in the Notice or to request a printed set of our proxy materials at no charge. Instructions on how to access our proxy materials over the Internet and how to request a printed copy of our proxy materials may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We believe this process should expedite your receipt of our proxy materials and reduce the environmental impact of our Annual Meeting.

You may vote via the Internet at www.proxyvote.com by following the instructions in the Notice you received in the mail and which are also provided on that website; or, if you have requested a proxy card by mail, by signing, voting and returning your proxy card. You may also vote via telephone by visiting www.proxyvote.com and following the instructions on the website or, if you have requested the proxy materials by mail, by following the instructions on the proxy card. If you attend the Annual Meeting, you may vote in person even if you have previously voted by telephone, via the Internet or returned a proxy card by mail. If you hold your shares in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares voted.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by: (a) filing with the Secretary of the Company, before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy; (b) properly casting a new vote via the Internet or by telephone at any time before the closure of the Internet or telephone voting facilities; (c) duly completing a later-dated proxy relating to the same shares and delivering it to the Secretary of the Company before the taking of the vote at the Annual Meeting; or (d) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be sent so as to be delivered to Anika Therapeutics, Inc., 32 Wiggins Avenue, Bedford, Massachusetts 01730, Attention: Secretary, before the taking of the vote at the Annual Meeting.

All properly authorized proxies received and not revoked prior to or at the Annual Meeting will be voted in accordance with the stockholders' instructions by the persons named as proxies. If no voting instructions are specified, properly executed proxies will be voted (i) "for" the election of the nominees for director listed in this proxy statement, (ii) "for" the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the 2014 fiscal year, and (iii) "for" approval of the resolution regarding the compensation of the Company's Named Executive Officers. If other matters are validly presented, proxies will be voted in accordance with the discretion of the persons named as proxies.

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of common stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares held of record by stockholders or their nominees who do not return a signed and dated proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Proxies withholding authority or marked as abstaining from a particular matter will be treated as present for purposes of determining whether a quorum is present for the Annual Meeting, but will not be counted as voting on any proposal for which authority is withheld or an abstention is indicated. If your common stock is held by a broker, bank or other nominee (i.e., in "street name") and you fail to give instructions as to how you want your shares voted (a "non-vote"), the broker, bank or other nominee may in certain circumstances, but is not required to, vote the shares at their own discretion; however, in certain circumstances a broker will not be permitted to vote such shares at its own discretion. Proxies returned by brokers as "non-votes" on behalf of shares held in street name will be counted only for the purpose of determining the presence or absence of a quorum for the transaction of business. Any shares not voted (whether by abstention, broker non-vote or otherwise) will have no impact on the proposal to approve the election of directors, except to the extent that the failure to vote for an individual in the election of directors results in another individual receiving a larger percentage of votes. For each other matter before the Annual Meeting, any shares not voted (whether by abstention, broker non-vote or otherwise) will have no impact on such proposals.

Proposal 1 (election of directors) requires the affirmative vote of a plurality of votes cast by the holders of Common Stock entitled to vote at the election. In a plurality election, votes may only be cast "for" or "withheld;" votes that are "withheld" from the nominees will not be voted in favor of the election of such nominees. For each of Proposal 2 (the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accountants for the 2014 fiscal year) and Proposal 3 (advisory vote regarding the compensation of the Company's Named Executive Officers), the affirmative vote of the holders of a majority of shares of Common Stock present or represented at the Annual Meeting and voting on the matter is required. With respect to each of Proposal 2 and Proposal 3, stockholders may vote "for," "against" or "abstain."

Important Notice Regarding the Availability of Proxy Materials for the 2014 Annual Meeting of Stockholders to be held on June 5, 2014: This proxy statement, a form of proxy, and our Annual Report to Stockholders are available at <http://www.anikatherapeutics.com/proxy2014>. In addition, directions to the 2014 Annual Meeting of Stockholders are also available at <http://www.anikatherapeutics.com/proxy2014>.

PROPOSAL 1:

ELECTION OF DIRECTORS

Our Board of Directors is currently comprised of six directors and is divided into three classes: Class I, Class II and Class III. Each class of directors serves for a three-year term with one class of directors being elected by our stockholders at each annual meeting. Dr. Bower and Mr. Thompson serve as Class I Directors with a term of office expiring at the 2015 Annual Meeting. Messrs. Land and Moran serve as Class II Directors with a term of office expiring at the 2016 Annual Meeting. Mr. Wheeler and Dr. Sherwood serve as Class III Directors with a term of office expiring at the 2014 Annual Meeting.

Mr. Wheeler and Dr. Sherwood are our Board of Directors' nominees for election to the Board of Directors at the Annual Meeting. The Class III Directors will be elected to hold office until the 2017 Annual Meeting and until their successors are duly elected and qualified. Unless otherwise instructed, the persons named in the accompanying proxy will vote, as permitted by the Amended and Restated By-laws of Anika Therapeutics, to elect Mr. Wheeler and Dr. Sherwood as Class III Directors. If any of the Class III Directors becomes unavailable or declines to serve, the persons acting under the accompanying proxy may vote the proxy for the election of a substitute in their discretion. The Board of Directors has no reason to believe that either of the nominees will be unable or unwilling to serve if elected. There are no arrangements or understandings between any nominee and any other person pursuant to which such nominee was selected.

Vote Required

The election of a director requires the affirmative vote of a plurality of votes cast by the holders of common stock entitled to vote at the election. In a plurality election, votes may only be cast "for" or "withheld;" votes that are "withheld" from the nominees will not be voted in favor of the election of such nominees. This means that the two persons receiving the highest number of "for" votes will be elected as directors.

Board Recommendation

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF THE NOMINEES OF THE BOARD AS DIRECTORS OF THE COMPANY.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH DIRECTOR NOMINEE.

The Board's Role in Risk Oversight

The role of our Board of Directors in our Company's risk oversight process includes receiving reports from management on areas of material risk to our Company, including operational, financial, legal, regulatory, strategic and reputational risks. The Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate "risk owner" within the Company so that it can understand risk identification, risk management and risk mitigation strategies. When a committee receives a report from management, the Chairman of said committee reports on its review to the full Board. This enables the Board and its committees to coordinate the risk oversight role. Our Board of Directors also administers its risk oversight function through the required approval by the Board (or a committee of the Board) of significant transactions and other material decisions, and regular periodic reports from our Company's independent registered public accounting firm and other outside consultants regarding various areas of potential risk, including, among others, those relating to our internal controls and financial reporting. As part of its charter, the Audit Committee discusses with management and our independent registered public accounting firm significant risks and exposures, as well as the steps management has taken to minimize those risks.

Board Leadership Structure

Dr. Bower serves as the Lead Director of the Company. Separating the Lead Director role and the Chief Executive Officer role allows our Chief Executive Officer to focus on strategic management of the day-to-day business of the Company, while allowing the Lead Director to focus on leading our Board in its fundamental role of providing advice to and independent oversight of management. Our Board recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as our Lead Director, particularly as the Board's oversight responsibilities continue to grow. Our Board believes that having separate positions, with an independent, non-executive director serving as the Lead Director, is the appropriate leadership structure for our Company at this time and allows the Board to fulfill its role with appropriate independence.

Corporate Governance, Board Matters and Committees

The Board of Directors has determined that each of its incumbent members, except for Dr. Sherwood, is "independent" within the meaning of director independence standards of the NASDAQ Stock Market, Inc. ("NASDAQ") and the SEC. The Board of Directors based these determinations primarily on a review of the responses of each director to questions regarding employment and compensation history, affiliations and family and other relationships and on other relevant discussions with the directors.

Independent directors meet periodically in executive sessions without management participation. The executive sessions generally occur in connection with regularly scheduled meetings of the Board of Directors, committees of the Board of Directors and at other times the independent directors deem appropriate. The executive sessions are chaired either by the Lead Director or by the chair of the Board committee having jurisdiction over the particular subject matter to be discussed at the particular meeting or portion of a meeting.

Anika Therapeutics' Board of Directors met six (6) times during 2013. No director attended less than 80% of the aggregate of: (1) the total number of Board meetings, and (2) the total number of meetings held by all committees on which such director served. Our Annual Meeting of Stockholders is generally held to coincide with one of the Board's regularly scheduled meetings. Directors are strongly encouraged to attend the Annual Meeting. Each of the then current directors attended the 2013 Annual Meeting of Stockholders.

The Board of Directors currently has three standing committees:

Audit Committee;

Compensation Committee; and

Governance and Nominating Committee.

The Board of Directors has adopted a written charter for each of the Audit Committee, the Compensation Committee, and the Governance and Nominating Committee. The Audit Committee has adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors. You can find links to these materials in the corporate governance section of our website at <http://www.anikatherapeutics.com>. Please note that the information contained on the website is not incorporated by reference in, or considered to be a part of, this proxy statement.

Audit Committee. The current members of the Audit Committee are Mr. Land, as Chairperson, Dr. Bower, and Mr. Moran. Messrs. Land and Moran and Dr. Bower served on the Audit Committee throughout 2013. The Board of Directors has determined that each member of the Audit Committee meets the independence requirements promulgated by NASDAQ and the SEC, including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In addition, the Board of Directors has determined that each member of the Audit Committee is financially literate and has the requisite financial sophistication. In addition, the Board of Directors has determined that Mr. Land qualifies as an “audit committee financial expert” under the rules of the SEC. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Land’s experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Mr. Land any duties, obligations or liability that are greater than those that are generally imposed on him as a member of the Audit Committee and the Board of Directors, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board of Directors.

The purposes of the Audit Committee are, among other things, to (1) oversee the accounting and financial reporting processes of Anika Therapeutics and the audits of its financial statements, (2) take or recommend that the Board of Directors take appropriate action to oversee the qualifications, independence and performance of Anika Therapeutics’ independent registered public accounting firm, and (3) prepare an Audit Committee report as required by the SEC to be included in Anika Therapeutics’ annual proxy statement. The Audit Committee has direct authority to appoint, retain, oversee and, when appropriate, terminate Anika Therapeutics’ independent registered public accounting firm. The Audit Committee also has the responsibility to confer with the independent registered public accounting firm regarding the scope, method and result of the audit of our books and records, and to report the same to the Board of Directors and to establish and monitor a policy relative to non-audit services provided by the independent registered public accounting firm in order to ensure their independence.

The Audit Committee operates under a written charter adopted by the Board of Directors, a current copy of which may be viewed in the corporate governance section of Anika Therapeutics’ website at <http://www.anikatherapeutics.com>. Please note that the information contained on the website is not incorporated by reference in, or considered to be a part of, this proxy statement. The Audit Committee holds separate sessions of its meetings, outside the presence of management, with Anika Therapeutics’ independent auditors in conjunction with each regularly scheduled Audit Committee meeting that the independent auditors participate in. The Audit Committee met nine (9) times during 2013.

Compensation Committee. The current members of the Compensation Committee are Dr. Bower, as Chairperson, Mr. Thompson, and Mr. Wheeler, each of whom is independent for purposes of NASDAQ listing standards and the SEC. In addition, the Governance and Nominating Committee will take into consideration such other factors as it deems appropriate, including any direct experience in the biotechnology, pharmaceutical and/or life sciences industries or in the markets in which Anika Therapeutics operates. The Company has adopted a retirement policy providing that directors will not be nominated for election to the Board of Directors after their 75th birthday. While the Company does not have a formal diversity policy, the Governance and Nominating Committee may consider whether the candidate, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience. The Governance and Nominating Committee may also consider, among other things, the skills of the candidate, his or her availability, depth and breadth of experience or other background characteristics, and his or her independence. Depending upon the current needs of the Board, these and other factors may be weighed more or less heavily by the Governance and Nominating Committee.

The Governance and Nominating Committee will consider written recommendations from stockholders of Anika Therapeutics regarding potential candidates for election as directors. The Governance and Nominating Committee will review and evaluate the qualifications of director nominee candidates who have been recommended by stockholders in compliance with procedures established from time to time by the Governance and Nominating Committee and conduct such inquiries as it deems appropriate. COMPENSATION DISCUSSION AND ANALYSIS

This section describes and analyzes the material elements of the 2013 compensation for the Anika Therapeutics executive officers identified in the Summary Compensation Table hereunder. We refer to these individuals as the named executive officers, or “NEOs.” The Compensation Committee of the Board of Directors oversees all decisions regarding the compensation of the NEOs, including base salary, annual bonuses, equity incentives, perquisites, and other agreements and arrangements.

Philosophy and Process

The overall objective of Anika Therapeutics’ executive compensation policy is to attract and retain highly qualified executive officers and to motivate them to provide a high level of performance for the benefit of Anika Therapeutics and its stockholders. The Compensation Committee approves Anika Therapeutics’ compensation policies and oversees Anika Therapeutics’ overall compensation program. The Compensation Committee believes that to accomplish these objectives the compensation packages should provide executive officers with market competitive base salaries and the opportunity to earn additional compensation based upon Anika Therapeutics’ business progress, financial performance, and the performance of Anika Therapeutics’ common stock.

In considering compensation for Anika Therapeutics’ executive officers, the Compensation Committee relies primarily on the Company’s financial performance, an assessment of the individual’s performance and contribution to Anika Therapeutics development and achievements, and additional quantitative factors such as general compensation trends. In this regard, the Compensation Committee periodically reviews surveys of executive compensation and information concerning compensation at similarly situated companies. In completing its analysis in 2012, the Compensation Committee reviewed competitive data compiled from a peer group comprised of 17 companies of similar size and related businesses. The Company also reviewed market data from the 2011 Radford U.S. Global Life Sciences Executive Survey (the “Radford Survey”) covering over 500 companies. While the Compensation Committee does not determine compensation based on formulaic criteria, it does seek to achieve an overall compensation level approximating the industry median. In November 2013, the Compensation Committee utilized the services of Aon Consulting and approved a new peer group of 19 companies. The following is the composition of the peer groups for 2012 and 2013.

*Compensation data considered in the 2013 peer group analysis were from publicly available information prior to the company's acquisition date in 2013.

With respect to financial performance, the Company developed the 2013 budget with the knowledge that certain events could impact the achievement of the budgeted goals. These events included the continued efforts to gain U.S. approval of MONOVISC®, CINGAL™ clinical trial commencement and related milestones, realization of planned operations and manufacturing gains, the ongoing development and improvement of our Italian subsidiary, as well as geographic expansion of our existing product franchises. The Compensation Committee agreed it would review actual developments and determine executive compensation based on actual performance and achievements.

Components of Compensation

The principal components of Anika Therapeutics' compensation policy for its executive officers are base salary, cash bonuses, and equity based grants. Decisions regarding each component are made independent of any other component.

Base Salary. The primary component of compensation for Anika Therapeutics' executive officers is base salary. Base salary levels for Anika Therapeutics' executive officers are determined based upon an evaluation of a number of factors, including the individual's level of responsibility, experience and performance, and competitive market practices as determined by Anika Therapeutics' analysis of management compensation surveys, and a review of other published data relating to executive compensation, including peer group data, and taking into account any contractual obligations. Salaries are reviewed on an annual basis.

Cash Bonus. The second principal component of Anika Therapeutics' compensation policy for executive officers consists of discretionary cash bonuses. The Compensation Committee considers the achievement of financial results, organizational development, business and technical development, and contribution to increasing shareholder value at its discretion to determine the amounts and the timing of the bonuses. Historically, cash bonuses for the most recently completed year are awarded contemporaneously with annual compensation reviews for the subsequent year. Bonuses are prorated in the year of hire. The Compensation Committee also grants cash bonuses for executive retention purposes, taking into account, among other things, general industry practices, special performance bonuses in exceptional circumstances, and any contractual obligations. Bonuses are not determined based on a formula, but rather by taking into account both Company and individual performance as a whole.

After the completion of the year (2013), the Compensation Committee, with the assistance of the Chief Executive Officer, reviewed the Company's performance, as well as the individual performance of each NEO. Accomplishments that factored into the bonus and equity awards for 2013 included achievement of record revenue and earnings; exceptional product gross margin results, operating profit and net income improvements from 2012; delivering double-digit percentage growth for the combined orthobiologics, dermal, surgical and veterinary franchises; commencement of CingalTM phase III clinical trial as planned; advancing U.S. MONOVISC PMA application with the FDA leading to approval in February 2014; and finalizing legal disputes with Fidia Farmaceutici S.p.A. resulting in a cash payment to the Company. In the Compensation Committee's opinion, these accomplishments more than offset the areas in which the Company made less progress than originally anticipated in its budget from the beginning of 2013, including delays in the FDA's approval of MONOVISC (collectively, the "2013 Results"). For 2013, the Compensation Committee determined that the Company made excellent overall progress.

Equity Based Grants. The third principal component of Anika Therapeutics' compensation policy for executive officers consists of grants under the Amended 2003 Plan. Under this plan, executive officers may be granted stock options or other forms of equity securities such as stock appreciation rights ("SARs") and performance-based restricted stock. The equity component of Anika Therapeutics' compensation policy provides the opportunity for Anika Therapeutics' executive officers to be compensated based upon increases in the market price of Anika Therapeutics' common stock. The Compensation Committee has delegated to the Company's Chief Executive Officer the ability to make grants to non-officer employees under the Amended 2003 Plan. Effective April 11, 2013, the Chief Executive Officer can grant up to an annual maximum of 30,000 shares per individual and 150,000 shares per year in the aggregate, provided any such grants comply with all existing plan and statutory requirements.

Compensation of Chief Executive Officer. In 2013, Dr. Sherwood's annual salary was \$545,230. In determining the compensation for Dr. Sherwood in 2013, the Compensation Committee evaluated corporate, individual and organizational accomplishments by Anika Therapeutics in 2012. In addition, the Compensation Committee took into account information regarding the compensation paid to other Chief Executive Officers in comparably sized, publicly traded companies in the pharmaceutical and medical devices industry and the relative performance of such companies, and data from the Radford Survey.

In recognition of the corporate, individual and organizational accomplishments of Anika Therapeutics for 2013 including his leadership and contributions to the 2013 Results, in January 2014, the Compensation Committee awarded Dr. Sherwood a cash bonus of \$572,492, at 150% of his target bonus.

The Compensation Committee also factored into its evaluation the aggregate value of all compensation received by the Chief Executive Officer, including the total beneficial ownership of Anika Therapeutics represented by the Chief Executive Officer's "in-the-money" stock options as compared to the holdings of other comparably situated Chief Executive Officers, based on data from the Radford Survey.

Compensation of Chief Commercial Officer. In 2013, Ms. Barnett's annual salary was \$302,900. In determining the compensation for Ms. Barnett in 2013, the Compensation Committee evaluated corporate, individual and organizational accomplishments by Anika Therapeutics in 2012. In addition, the Compensation Committee took into account information regarding the compensation paid to other Chief Commercial Officers in comparably sized, publicly traded companies in the pharmaceutical and medical devices industry and the relative performance of such companies, and data from the Radford Survey.

In recognition of the corporate, individual and organizational achievements of Anika Therapeutics for 2013, including her contributions to the 2013 Results, in January 2014, the Compensation Committee awarded Ms. Barnett a cash bonus of \$149,936 at 110% of her target bonus.

Compensation of Chief Scientific Officer. Dr. Sheets joined Anika on September 30, 2013. In 2013, Dr. Sheets' cash compensation was \$128,462, which reflected a sign-on bonus as well as salary for the period of employment since joining the Company. The Compensation Committee took into account information regarding the compensation paid to other Chief Scientific Officers in comparably sized, publicly traded companies in the pharmaceutical and medical devices industry and the relative performance of such companies, and data from the Radford Survey.

In recognition of the corporate, individual and organizational achievements of Anika Therapeutics for 2013, in January 2014, the Compensation Committee awarded Dr. Sheets a prorated cash bonus based on date of service of \$38,250 at 100% of his target bonus.

Compensation of Chief Financial Officer. In 2013, Ms. Cheung's annual salary was \$256,600. In determining the compensation for Ms. Cheung in 2013, the Compensation Committee evaluated corporate, individual and organizational accomplishments by Anika Therapeutics in 2012. In addition, the Compensation Committee took into account information regarding the compensation paid to other Chief Financial Officers in comparably sized, publicly traded companies in the pharmaceutical and medical devices industry and the relative performance of such companies, and data from the Radford Survey.

In recognition of the corporate, individual and organizational achievements of Anika Therapeutics for 2013, including her contributions to the 2013 Results, in January 2014, the Compensation Committee awarded Ms. Cheung a cash bonus of \$144,338, at 125% of her target bonus.

Compensation of Former Chief Financial Officer. In 2013, Mr. Quinlan received \$288,915 in cash compensation, including \$77,785 in annual salary and \$211,130 in separation compensation based on a separation agreement entered into on February 22, 2013. Mr. Quinlan left the Company effective March 31, 2013.

Compensation of Former Chief Operating Officer. In 2013, Mr. Luppino's salary received was \$286,768. In determining the compensation for Mr. Luppino in 2013, the Compensation Committee evaluated corporate, individual and organizational accomplishments by Anika Therapeutics in 2012, as well as other relevant benchmark data consistent with the Company's practice. Mr. Luppino left Anika effective October 31, 2013, and became a consultant to the Company, for which he received \$8,313 in 2013.

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the federal income tax deductibility of compensation paid to Anika Therapeutics' Chief Executive Officer and to each of the other most highly compensated executive officers, to the extent such compensation exceeds \$1 million per person. There is an exemption from the \$1 million limit for performance-based compensation that meets certain requirements. For this purpose, certain awards made under the Second Amended 2003 Plan qualify as performance-based compensation. While our Board intends to design certain components of executive compensation to preserve deductibility under Section 162(m) of the Code, it believes that stockholder interests are best served by not restricting our Board's or the Compensation Committee's discretion and flexibility in crafting compensation programs,

even though such programs may result in certain non-deductible compensation expenses. Accordingly, our Board and the Compensation Committee have from time to time approved, and our Board or the Compensation Committee may in the future approve, compensation arrangements for certain officers, including the grant of equity-based awards, that may not be fully deductible for federal corporate income tax purposes. Considering Anika Therapeutics' current compensation plans and policies, Anika Therapeutics and the Compensation Committee believe that, for the near future, there is little risk that Anika Therapeutics will lose any significant tax deduction relating to executive compensation. The Compensation Committee may approve compensation or changes to plans, programs or awards that may cause the compensation or awards to exceed the limitation under section 162(m) if it determines that such action is appropriate and in our best interests.

Agreements with Named Executive Officers

The Company has entered into employment agreements providing severance benefits to be competitive with its peer group, for retention purposes, and to attract well qualified and talented executives. In exchange for such severance protection, these executives have agreed to be bound by certain restrictive covenants, including non-competition and non-solicitation provisions. We believe that these agreements are fair to the executives and to our stockholders because these agreements provide relatively modest severance in exchange for the negative covenants which protect us.

Chief Executive Officer

On October 17, 2008, the Company entered into an employment agreement (the “CEO Employment Agreement”) with Dr. Charles H. Sherwood, Ph.D., President and Chief Executive Officer of the Company. Base salaries for the Senior Executives are subject to annual review by either the Board of Directors or the Compensation Committee. In addition, the Senior Executives are subject to confidentiality, non-disclosure, non-competition, non-solicitation, assignment, and arbitration provisions. Effective December 8, 2010, the Company entered into an amendment to the CEO Employment Agreement to include certain technical amendments to bring such agreement into compliance with Section 409A of the Code and the regulations thereunder. In addition to his base salary in existence at the time of the agreement, Dr. Sherwood is eligible to receive cash incentive compensation, with a discretionary bonus at a target equal to 70% of his annual base salary. Pursuant to the terms of the Employment Agreement, upon any termination, whether due to death, disability, or for any reason by Dr. Sherwood, or the Company, Dr. Sherwood would be entitled to any accrued benefits, including any earned but unpaid base salary and incentive compensation, unpaid expense reimbursements, accrued but unused vacations, and any vested benefits under the Company’s employee benefit plans. Under the terms of the CEO Employment Agreement, Dr. Sherwood would receive a gross-up payment that, on an after-tax basis, is equal to the taxes imposed on the severance payments under his Employment Agreement in the event any payment or benefit to the executive is considered an “excess parachute payment” and subject to an excise tax under the Code. Notwithstanding the foregoing, the amount of gross-up payment that Dr. Sherwood would be entitled to receive is limited to \$500,000.

Subject to certain conditions, upon an involuntary termination by the Company of Dr. Sherwood’s employment without “cause” (as defined in his Employment Agreement) or a voluntary termination of employment by him for “good reason” (as defined in his Employment Agreement), Dr. Sherwood would be entitled to receive a severance amount equal to 1.5 times the sum of his current base salary and target annual bonus for the then current fiscal year and would be eligible to continue to participate in the Company’s group health, dental and vision program for 18 months. If Dr. Sherwood’s termination of employment occurs within 3 months prior to or within 12 months after a “change in control” (as defined in his Employment Agreement) and such termination is made by him for “good reason” or by the Company without “cause,” (i) Dr. Sherwood would be entitled to receive, in lieu of the severance amount described above, a severance amount equal to two times the sum of his current base salary and target annual bonus for the then current fiscal year, (ii) all of Dr. Sherwood’s stock options and stock-based awards would immediately accelerate and become fully exercisable or non-forfeitable as of the effective date of such change in control, and (iii) Dr. Sherwood would be eligible to continue to participate in the Company’s group health, dental and vision program for 24 months, subject to certain conditions.

According to the terms of Dr. Sherwood’s equity award agreements with the Company, if Dr. Sherwood’s employment terminates due to the acceptance by the Board of Directors of his retirement from the Company in good standing on or after the date on which Dr. Sherwood has reached the age of 63, on such date of retirement the vesting of all of Dr. Sherwood’s outstanding equity awards shall automatically accelerate and shall become fully exercisable.

Chief Financial Officer

On March 22, 2010, the Company entered into an employment agreement (the “CFO Employment Agreement”) with Sylvia Cheung, Chief Financial Officer, Secretary and Treasurer. Effective December 8, 2010, the Company entered into an amendment to the Employment Agreement to include certain technical amendments to bring such agreement into compliance with Section 409A of the Code and the regulations thereunder. In addition to her base salary in existence at the time of the agreement, Ms. Cheung is eligible to receive cash incentive compensation, with a discretionary bonus at a target equal to 45% of her annual base salary. Pursuant to the terms of the CFO Employment Agreement, upon any termination, whether due to death, disability, or for any reason by Ms. Cheung, or the Company, Ms. Cheung would be entitled to any accrued benefits, including any earned but unpaid base salary and incentive compensation, unpaid expense reimbursements, accrued but unused vacations, and any vested benefits under the

Company's employee benefit plans. Under the terms of the CFO Employment Agreement, Ms. Cheung would be subject to a modified economic cutback in the event any payment or benefit to her is considered an "excess parachute payment" and subject to an excise tax under the Code.

Subject to certain conditions, upon an involuntary termination by the Company of Ms. Cheung's employment without "cause" (as defined in the Employment Agreement) or a voluntary termination of employment by her for "good reason" (as defined in the Employment Agreement), Ms. Cheung would be entitled to receive a severance amount equal to her current base salary for the then current fiscal year and would be eligible to continue to participate in the Company's group health, dental and vision program for 12 months. If Ms. Cheung's termination of employment occurs within 3 months prior to or within 12 months after a "change in control" (as defined in the Employment Agreement) and such termination is either by her for "good reason" or by the Company without "cause," (i) Ms. Cheung would be entitled to receive, in lieu of the severance amount described above, a severance amount equal to 1.5 times the sum of her current base salary and target annual bonus for the then current fiscal year, (ii) all of Ms. Cheung's stock options and stock-based awards would immediately accelerate and become fully exercisable or non-forfeitable as of the effective date of such change in control, and (iii) Ms. Cheung would be eligible to continue to participate in the Company's group health, dental and vision program for 18 months, subject to certain conditions.

Second Amended and Restated 2003 Stock Option and Incentive Plan, as Amended

In 2003, Anika Therapeutics adopted the 2003 Stock Option and Incentive Plan to provide incentives to officers, employees, non-employee directors and other key persons. In 2009, the Board of Directors, upon recommendation of the Compensation Committee, adopted the Amended 2003 Plan which was approved by the stockholders on June 5, 2009. In 2011, the Board of Directors, upon recommendation of the Compensation Committee, adopted the Second Amended and Restated 2003 Stock Option and Incentive Plan (the “Second Amended 2003 Plan”), which was approved by the stockholders on June 7, 2011. In 2013, the Board of Directors, upon recommendation of the Compensation Committee, amended the Second Amended 2003 Plan, which was approved by the stockholders on June 18, 2013. The Second Amended 2003 Plan, as amended, is administered by the Compensation Committee of the Board of Directors, which, at its discretion, may grant stock-based awards, including incentive stock options, non-qualified stock options, stock appreciation rights, deferred stock, restricted stock, unrestricted stock, performance shares and dividend equivalent rights. The Second Amended 2003 Plan provides that in the event of a “change of control,” as defined in the Second Amended 2003 Plan, generally all stock options and stock appreciation rights will automatically become fully exercisable and that the restrictions and conditions on all awards of restricted stock, deferred stock awards and performance share awards will automatically be deemed waived. At December 31, 2013, a total of 1,513,326 options and SARs were outstanding under the Second Amended 2003 Plan at a weighted average exercise price of \$9.14, and the total number of remaining shares of common stock available for future grants was 1,266,036. See section entitled “Option Grants and Plan Awards in 2013” for information regarding grants in 2013 to our NEOs.

Risk Considerations in our Compensation Programs

The Compensation Committee believes that risks arising from our policies and practices for compensating employees are not reasonably likely to have a material adverse effect on the Company.

PROPOSAL 2:

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014. PricewaterhouseCoopers LLP has served as the Company's independent registered public accounting firm since 2002. The Audit Committee is responsible for the appointment, retention, termination, compensation and oversight of the work of the Company's independent registered public accounting firm for the purpose of preparing or issuing an audit report or related work. Although ratification of the appointment of our independent registered public accounting firm is not required by our Bylaws or otherwise, the Board is submitting the appointment of PricewaterhouseCoopers LLP to the Company's stockholders for ratification because the Company values the views of its stockholders. In the event that stockholders fail to ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee will reconsider the appointment of PricewaterhouseCoopers LLP. Even if the appointment is ratified, the ratification is not binding and the Audit Committee may in its discretion select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and the Company's stockholders.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. He or she will have an opportunity to make a statement, if he or she desires to do so, and will be available to respond to appropriate questions.

Vote Required

The affirmative vote of the holders of a majority of the shares of Common Stock present or represented at the Annual Meeting and voting on the matter is required for the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014.

Board Recommendation

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The accounting firm of PricewaterhouseCoopers LLP ("PwC") has served as Anika Therapeutics' principal independent auditor since 2002. A representative of PwC is expected to be present at the Annual Meeting of Stockholders and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from stockholders.

Fees Paid to Anika Therapeutics' Principal Independent Auditor

The following table summarizes the fees that Anika Therapeutics paid or accrued for audit and other services provided by its principal independent auditor for each of the last two years:

Fee Category	2013	2012
Audit fees	\$ 598,775	\$ 622,500
Audit-related fees	-	-
Tax fees	135,500	28,825

All other fees	-	-
Total fees	\$ 734,275	\$ 651,325

For purposes of the preceding table:

Audit fees consist of fees for the audit of our consolidated financial statements, the review of the interim financial statements included in our quarterly reports of Form 10-Q, and other professional services provided in connection with statutory and regulatory filings or engagements for those years. Audit fees also include the audit of the effectiveness of internal control over financial reporting, as required under Section 404 of the Sarbanes-Oxley Act of 2002. Tax fees consist of fees for tax compliance, tax advice and tax planning services for those years.

In considering the nature of the services provided by the principal independent auditor, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with the independent auditor and Anika Therapeutics' management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Under its charter, the Audit Committee must pre-approve all audit and permitted non-audit services to be provided by our principal independent auditor unless an exception to such pre-approval exists under the Exchange Act or the rules of the SEC. Each year, the Audit Committee approves the retention of the independent auditor to audit our financial statements, including the associated fee. The Audit Committee evaluates other known potential engagements of the independent auditor, including the scope of audit-related services, tax services and other services proposed to be performed and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent auditor's independence from management. All such services were approved by the Audit Committee pursuant to Rule 2-01 of Regulation S-X under the Exchange Act to the extent that rule was applicable. Since May 2003, each new engagement of PwC has been approved in advance by the Audit Committee.

**PROPOSAL 3:
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

In accordance with Section 14A of the Exchange Act, we are providing Anika Therapeutics' stockholders with the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our Named Executive Officers, which is described in the section titled "Compensation Discussion and Analysis" in this Proxy Statement. Accordingly, the following resolution is submitted for a stockholder vote at the 2014 Annual Meeting:

"RESOLVED, that the stockholders of Anika Therapeutics, Inc. (the "Company") approve, on an advisory basis, the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth in the Proxy Statement for this Annual Meeting."

As described in the section titled "Compensation Discussion and Analysis," our executive compensation program is designed to attract and retain highly qualified executive officers and motivate them to provide a high level of performance for the benefit of Anika Therapeutics and its stockholders. Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which more thoroughly discusses how our compensation policies and procedures implement our compensation philosophy and objectives. The Compensation Committee and the Board of Directors believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its objectives.

This vote is only advisory and will not be binding upon Anika Therapeutics or the Board of Directors. However, the Board of Directors values constructive dialogue on executive compensation, and on other important governance topics, with Anika Therapeutics' stockholders and encourages all stockholders to vote their shares on this matter.

Vote Required

The affirmative vote of the holders of a majority of the shares of common stock present or represented at the Annual Meeting and voting on the matter is required to approve this resolution. While this vote is required by law, it will neither be binding on Anika Therapeutics or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, Anika Therapeutics or the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE TO APPROVE THE OVERALL COMPENSATION OF ANIKA THERAPEUTICS' NAMED EXECUTIVE OFFICERS BY VOTING "FOR" THIS RESOLUTION.

OTHER MATTERS

The Board of Directors does not know of any other matters which may come before the Annual Meeting. However, if any other matters are properly presented at the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

SOLICITATION EXPENSES

All costs of solicitation of proxies will be borne by Anika Therapeutics. In addition to solicitations by mail, our directors, officers and employees, without additional remuneration, may solicit proxies in person or by telephone, e-mail and facsimile. Anika Therapeutics may retain a proxy solicitation firm to assist in the solicitation of proxies for a fee plus reimbursement of expenses.

STOCKHOLDER PROPOSALS

Stockholder proposals intended to be presented at the next Annual Meeting of Stockholders must be received by Anika Therapeutics on or before December 24, 2014 in order to be considered for inclusion in our proxy statement. These proposals must also comply with the rules of the SEC governing the form and content of proposals in order to be included in our proxy statement and form of proxy, and proposals should be directed to: Secretary, Anika Therapeutics, Inc., 32 Wiggins Avenue, Bedford, Massachusetts 01730. A stockholder who wishes to present a proposal at the next Annual Meeting of Stockholders, other than a proposal to be considered for inclusion in our proxy statement described above, must have the proposal delivered personally to or mailed to and received by the Secretary, Anika Therapeutics, Inc. 32 Wiggins Avenue, Bedford, Massachusetts 01730 U.S.A. We must receive the proposal on or before March 24, 2015; provided, however, that such proposal shall not be required to be given more than sixty (60) days prior to the Annual Meeting of Stockholders. The proposal must also comply with the other requirements contained in our Amended and Restated By-laws, including supporting documentation and other information. Proxies solicited by the Board of Directors will confer discretionary voting authority with respect to these proposals, subject to SEC rules governing the exercise of this authority.

The chairman of the meeting may, if the facts warrant, determine and declare to the meeting that any proposed item of business was not brought before the meeting in accordance with the foregoing procedure and, if he should so determine, he shall so declare to the meeting that the defective item of business shall be disregarded.

STOCKHOLDERS MAY OBTAIN, WITHOUT CHARGE, A COPY OF ANIKA THERAPEUTICS' ANNUAL REPORT ON FORM 10-K, INCLUDING THE FINANCIAL STATEMENTS AND SCHEDULES THERETO, FILED WITH THE SECURITIES AND EXCHANGE COMMISSION FOR THE YEAR ENDED DECEMBER 31, 2013, BY WRITING TO THE SECRETARY, ANIKA THERAPEUTICS, INC., 32 WIGGINS AVENUE, BEDFORD, MA 01730 U.S.A.
