To the Administrative Committee and Participants of the

Constar International Inc. 401(k) Retirement Savings Plan

In our opinion, the accompanying statement of net assets available for benefits and the related statement of change in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Constar International Inc. 401(k) Retirement Savings Plan as of December 31, 2002, and the changes in net assets available for benefits for the period November 21, 2002 (Inception) through December 31, 2002, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of period) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

NOTE 1 DESCRIPTION OF PLAN

The following description of the Constar International Inc. 401 (k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

Prior to its initial public offering (the IPO) on November 20, 2002, Constar International Inc. (the Company or Constar) had operated as a wholly owned subsidiary of Crown Cork & Seal Company, Inc. As a result of the IPO, participant accounts of Constar employees were transferred into the Plan from Crown Cork & Seal Company, Inc. 401(k) Retirement Savings Plan and Crown Cork & Seal Company, Inc. Retirement Thrift Plan in the amounts of \$11,194,596 and \$15,746,391 respectively, effective November 21, 2002.

General

The Plan is a defined contribution plan. The purpose of the Plan is to provide a convenient method by which eligible employees of the Company may save regularly through compensation deferrals, savings contributions, and through Company matching contributions. Compensation is generally defined as salary, wages, overtime payments, bonuses, commissions, vacation pay, and sick pay. Generally, full-time employees are eligible to participate in the Plan upon the first day of the month following completion of 30 days of employment. Part-time employees are generally eligible to participate as of the first day of the month following the completion of a 12 consecutive month period during which the employee is credited with 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

There are several components to the contribution structure of the Plan: a participant compensation deferral 401(k) component, catch-up contribution component, savings contribution component, and a Company matching contribution component. The compensation deferral 401(k) component of the Plan allows before-tax employee contributions of 2% to 100% of annual compensation. Before-tax contribution amounts are subject to certain limitations, \$11,000 in 2002, as prescribed by law. The catch-up contribution component allows for catch-up contributions to be made in accordance with section 414(v) of the Code by eligible employees who have attained age 50 before the close of the Plan year. The savings contributions component allows after-tax employee contributions of 1% to 5% of annual compensation. The Company makes matching contributions equal to 50 percent of the employee s compensation deferral contribution, up to the first 3% or 6% of the compensation contributed by the employee, depending on the primary place of employment, as described in the provisions of the Plan. In no event may the total of participant compensation deferral 401(k) component, catch-up contribution component, savings contribution component, and a company matching contribution component, exceed the lesser of \$40,000 or 25% of a participant s compensation, as defined in Treasury Regulation Section 1.415-2(d), for any participant in a calendar year, subject to certain cost-of-living adjustments. Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with participant's contribution and the participant's allocation of the Company's contribution, as described above. Plan earnings are allocated to the participant's account based on participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution plus actual earnings thereon is based on years of continuous service. Generally, a participant is 100 percent vested after four years of credited service.

Participant Loans

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the participant's vested balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) Participant loans. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with a prevailing commercial rate for a secured personal loan. Interest rates on loans outstanding as of December 31, 2002 range from 5.25% to 13.70%. Principal and interest is paid ratably through payroll deductions. Generally, a participant may not have more than one outstanding loan at any one time.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or rollover the vested balance into a specified qualifying account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All distributions are paid in either cash or company stock at the participant's election.

Forfeited Accounts

Forfeitures may be used to reduce future employer contributions. There were no employer contributions forfeited in the period November 21, 2002 through December 31, 2002. The forfeiture balance was \$0 at December 31, 2002.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its investment contracts, which are valued at contract value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The Company stock funds are valued at their year-end unit closing price (comprised of year-end market price plus uninvested cash position). Units of the Vanguard Retirement Savings Trust are valued at net asset value at year-end. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

NOTE 3 INVESTMENTS

Edgar Filing: CONSTAR INTERNATIONAL INC - Form 11-K

During the period November 21, 2002 through December 31, 2002, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) appreciated in value as follows:
