PROXY STATEMENT

(First Mailed to Stockholders on October 9, 2003)

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of BearingPoint, Inc. (the Company or BearingPoint). The proxies are to be voted at the Annual Meeting of Stockholders on November 4, 2003 and at any adjournment or adjournments thereof (the Annual Meeting). The solicitation of proxies generally will be by mail and by directors, officers and regular employees of the Company. In some instances, solicitation may be made by telephone, telecopy or other means. All costs incurred in connection with the solicitation of proxies will be borne by the Company. Arrangements may be made with brokers and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and the Company may reimburse them for reasonable out-of-pocket and clerical expenses. The Company has retained Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies from stockholders for a fee of approximately \$7,500 plus a charge for contacting specific stockholders and reasonable out-of-pocket expenses and disbursements.

Each properly executed proxy will be voted in accordance with the instructions marked on it. In the absence of specific instructions, a proxy will be voted for the election of the nominees for director who are listed in the Proxy Statement, in accordance with the Board of Directors recommendation as to any proposal listed in the Proxy Statement and in accordance with the proxy holders judgment as to the best interests of the Company and its stockholders as to any other matters, including, but not limited to, the election of one or more persons to fill any vacancy that exists on the Board of Directors at the time of the Annual Meeting.

In addition to mailing the proxy, registered stockholders may vote their shares over the telephone or the Internet. The law of Delaware, under which the Company is incorporated, specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspectors of election can determine that such proxy was authorized by the stockholder. The voting procedures available to registered stockholders for the Annual Meeting are designed to authenticate each stockholder by use of a Voter Control Number (located on the proxy card), to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded.

Registered stockholders may go to <http://www.eproxyvote.com/be> to vote on the Internet. They will be required to provide the Voter Control Number contained on their proxy cards. After providing the correct Voter Control Number, the voter should follow the instructions provided. Any registered stockholder using a touch-tone telephone may also vote by calling 1-877-779-8683 (toll free) and following the recorded instructions.

Any proxy given pursuant to this solicitation may be revoked by the stockholder at any time prior to exercise of the proxy. Such right of revocation is not limited or subject to compliance with any formal procedure.

Edgar Filing: BEARINGPOINT INC - Form DEF 14A

Directors are elected by a plurality of the votes cast by the holders of shares of Common Stock of the Company (Common Stock) present in person or represented by proxy at a meeting at which a quorum is present. For purposes of the election of directors, abstentions and broker non-votes are not considered to be votes cast and do not affect the plurality vote required for directors.

On September 12, 2003, the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting of Stockholders, the Company had outstanding and entitled to vote, after deducting treasury shares, 194,403,538 shares of Common Stock. This class of stock has no cumulative voting rights, and each issued and outstanding share of Common Stock is entitled to one vote at the Annual Meeting and any adjournment or adjournments thereof.

Please note that no family relationships exist between any of the directors or between any director and any executive officer of the Company.

The Board of Directors has established five permanent committees of the Board—the Executive, Audit, Compensation, Nominating and Special Transactions Committees—to perform certain designated functions.

The Executive Committee, composed of Messrs. Blazer (Chair), Allred and McGeary, may, with limited exceptions, exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the Company to the extent permitted by the Delaware General Corporation Law. The Executive Committee held no meetings during fiscal year 2003, but it approved matters by unanimous written consent on three occasions.

The Audit Committee was composed of Ms. Rivlin (Chair) and Messrs. Kemna and Mohebbi until April 2003. At that time, Mr. Strange became a director and was designated to serve on the Committee. Mr. Mohebbi then ceased to be a member of the Audit Committee. Ms. Rivlin and Mr. Kemna are independent as defined under the New York Stock Exchange rules. As a former officer of KPMG LLP, the Company's majority shareholder prior to the initial public offering in February 2001, Mr. Strange does not meet the New York Stock Exchange definition of independent. However, the Board of Directors has determined in its business judgment that, due to Mr. Strange's substantial, high level audit experience at KPMG LLP, Mr. Strange's appointment to the Committee was required by the best interests of the Company and its stockholders. The Board of Directors further determined that there is no business relationship between Mr. Strange and the Company that would interfere with his independent judgment. The Board of Directors also has determined that Mr. Strange is an audit committee financial expert. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to financial reports and other financial information. In this regard, the Audit Committee serves as an independent and objective body to monitor the Company's financial reporting process and internal control systems; serves as the sole authority to which the independent auditor (the Independent Auditor) is accountable, and has the sole authority and responsibility to appoint, compensate and retain the Independent Auditor; serves as the ultimate authority to which the internal auditing function (Internal Audit) is accountable; monitors the independence and performance of the Independent Auditor and Internal Audit, including reviewing their audit efforts; and provides an open avenue of communication among the Independent Auditor, financial and senior management, Internal Audit, and the Board. The Audit Committee held nine meetings during fiscal year 2003.

The Compensation Committee, composed of Messrs. McGeary (Chair), Allred and Mohebbi, oversees the Company's compensation policies for key executives and the Company's benefit plans and reviews such other matters as may be delegated to the Compensation Committee by the Board of Directors from time to time. The Compensation Committee held one meeting, acted by unanimous written consent on five occasions, and discussed matters on a number of other occasions during fiscal year 2003.

The Nominating Committee was created in November 2002. From November 2002 until April 2003, it was composed of Mr. McGeary (Chair) and Ms. Rivlin. In April 2003, Mr. Lord also was designated to serve on the Committee. The Nominating Committee provides assistance to the Board of Directors in identifying, screening and recommending qualified candidates to serve as directors of the Company and in recommending to the Board the director nominees for the next annual meeting of stockholders. The Nominating Committee reviewed the qualifications of Messrs. Lord and Strange and supported their election as directors. The Nominating Committee will consider nominees recommended by stockholders. In addition to other applicable requirements, for a nomination of a director to be properly brought before an annual meeting by a stockholder, the stockholder generally must have given notice in proper written form to the corporate secretary not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting of stockholders.

The Special Transactions Committee has one member, Mr. Blazer. The Special Transactions Committee is authorized to consider, evaluate and approve potential transactions resulting in (i) the acquisition of assets, business or stock of third parties for cash, stock of the Company or other consideration, or (ii) the disposition of assets, provided that the consideration for each such acquisition or disposition may not exceed the greater of \$50,000,000 or 10% of the Company's consolidated assets. The Special Transactions Committee took no action in fiscal year 2003.

During fiscal year 2003, the Board of Directors of the Company held seven meetings in addition to 10 meetings held by Board Committees. In addition, the Board of Directors acted by unanimous written consent on one occasion. During their respective terms as directors, each director of the Company attended 75% or more of the aggregate of all Board meetings and meetings of Committees of which he or she was a member.

The following table sets forth the number of shares of Common Stock beneficially owned by each named executive officer (see the Summary Compensation Table below) and each director of the Company, by all directors and executive officers of the Company as a group and by all persons, to the knowledge of the Company, beneficially owning more than 5% of the Company's Common Stock.

**COMPENSATION COMMITTEE REPORT ON
EXECUTIVE OFFICER COMPENSATION**

The Compensation Committee of the Board of Directors (the Committee) is pleased to present its report on executive compensation for fiscal year 2003. At the end of fiscal year 2003, the Committee was composed of three independent directors of the Company, Messrs. McGeary (Chair), Allred and Mohebbi, and its responsibilities include reviewing and approving the compensation of the Company's executive officers.

OVERALL COMPENSATION PHILOSOPHY AND OBJECTIVES

The Company has an overall compensation program and specific compensation plans that are designed to enhance corporate performance and stockholder value by aligning the financial interests of its executives with those of its stockholders. This linkage is established by tying a significant portion of executive compensation to the Company's financial performance. In pursuit of these objectives, the Company's compensation program is designed to attract to the Company and retain the best possible executive talent; to motivate these executives to achieve a level of financial performance that will result long-term in positive returns for the Company's stockholders; to reinforce and link executive and stockholder interests through equity-based plans; and to recognize individual performance.

The Committee has primary responsibility for evaluating the Company's compensation program and specific compensation plans and establishing policies that meet the objectives described above. The Committee determines the compensation of the Chief Executive Officer and the other executive officers of the Company. The Committee considers the performance of the Company in its industry, an individual's current contribution to the Company's performance, and an individual's expected contribution to the Company's future performance. In reviewing the individual performance of the Company's executive officers (other than the Chief Executive Officer), the Committee considers the views of the Chief Executive Officer to whom these officers are responsible.

PRINCIPAL COMPONENTS OF EXECUTIVE COMPENSATION

The principal elements of the Company's executive compensation program consist of both annual and long-term programs and include base salary, annual incentive cash bonuses and, at appropriate intervals, long-term incentive compensation in the form of stock option grants and other stock-based awards. The Company also provides retirement, medical and other fringe benefits generally available to Company employees.

Base Salaries

Base salaries for executive officers are determined by evaluating the responsibilities of the position held and the experience and performance of the individual, and comparing such salaries to the competitive marketplace for executive talent, with special emphasis on the Company's primary competitors in the information technology consulting industry. Salary adjustments, if any, are determined by the Committee, upon recommendation from the Chief Executive Officer, by evaluating the performance of the Company and its executive officers, taking into account any additional or new responsibilities assumed by individual executive officers in connection with promotions or organizational changes.

Annual Incentive Bonus

The Company's executive officers and other key persons are eligible for an annual cash bonus. As indicated above, the cash bonus awards of the executive officers are based upon the Company's annual financial performance (with special emphasis on meeting earnings per share goals), the financial or other performance of the industry group or function for which the individual is responsible and the specific performance of the individual. As a result, cash bonus awards may vary significantly from year to year. No cash bonuses were awarded with respect to fiscal year 2003.

Long-Term Incentive Plan

The purpose of the Company's 2000 Long-Term Incentive Plan (the "LTIP") is to provide a meaningful equity interest in the Company to senior Company executives and other key employees in a format that is designed to motivate these executives and key employees and align their financial interests with those of stockholders. With respect to the executive officers, awards are especially intended to motivate the officers to achieve Company performance that will result in positive returns long-term for the Company's stockholders, which will also produce financial gains for the officers. The awards are also intended to promote retention of the key officers who are especially important to the Company's success. Stock awards, and especially option awards, are particularly important for providing long-term incentives and rewards.

Stock Options

Stock options are granted by the Committee under the U.S. and International Stock Option Model that was approved by the Committee in February 2000 and modified in August 2000 and April 2003. Stock options are granted with an exercise price equal to the current market price of the Common Stock and typically are subject to vesting over a period of years. Stock options thus are designed to align the interests of executives with those of Company stockholders, since no benefit inures to the employee unless the stock price increases.

Restricted Stock Awards

The Committee is authorized to grant restricted stock awards upon such terms and conditions as it may approve. The awards may be subject to restrictions that lapse over time and that may cause forfeiture of the applicable shares if the executive voluntarily leaves the employ of the Company or is discharged.

Other Awards

The Committee also is authorized to grant bonus stock awards (which are vested upon grant), performance share awards and stock appreciation rights.

CHIEF EXECUTIVE OFFICER COMPENSATION

For fiscal year 2003, the compensation of Mr. Blazer was determined by the Committee. Mr. Blazer received a salary of \$1,000,000, which was the same salary as in fiscal years 2001 and 2002. In addition, the Committee determined that based on the Company's financial performance in fiscal year 2003 (especially as measured by earnings per share), no cash bonus would be paid.

In July 2002, the Committee also made long-term incentive awards to Mr. Blazer. These awards are intended to encourage long-term performance and to align the executive's interests with those of the Company's stockholders because the value of the awards is realized only over a number of years. Specifically, Mr. Blazer received stock options for 500,000 shares, which vest ratably over four years. To realize the full value of the long-term incentive awards, Mr. Blazer thus must continue to contribute to the Company's performance for four years.

DEDUCTIBILITY OF CERTAIN EXECUTIVE COMPENSATION EXPENSE UNDER FEDERAL TAX LAWS

The Committee has considered the effect of Section 162(m) of the Internal Revenue Code of 1986 (the Code) that, in certain circumstances, disallows tax deductions for the excess over \$1 million a year of the compensation that is paid to each of a public corporation's Chief Executive Officer and its four other most highly compensated officers. A transition rule in the regulations promulgated under Code Section 162(m) temporarily relieves certain newly public corporations like BearingPoint from this tax deduction limitation until after the close of the third calendar year following the end of the calendar year in which the corporation became a public

corporation. Because this transition rule is still applicable to BearingPoint, the Company is not now subject to the tax deduction limitations of Code Section 162(m). In addition, the Company expects that its compensation plans will not be subject to the tax deduction limitations of Code Section 162(m) after this transition rule is no longer applicable to the Company.

EXECUTIVE COMPENSATION

The following table sets forth information concerning the annual, long-term and other compensation for services in all capacities to the Company for the fiscal years ended June 30, 2001, 2002 and 2003 of those persons who were the Chief Executive Officer and the four other most highly compensated executive officers of the Company in fiscal year 2003. The amounts reported below under the columns captioned

Salary and Bonus are payable under and in accordance with the Company's annual compensation plan and are intended to reward the executive for current performance relating to the relevant fiscal year. The amounts reported under the column captioned Long-Term Compensation are payable under and in accordance with the Company's long-term compensation plan and are intended to incentivize the executive's future performance and to align the executive's interests with those of the Company's stockholders, since the long-term awards consist of stock options and restricted stock awards and the executive only realizes the value of the long-term compensation over a number of years. The Company's annual and long-term compensation plans are described above in the Compensation Committee Report on Executive Officer Compensation. No stock appreciation rights (SARs) were granted during fiscal year 2003.

- (1) In July 2001, the Compensation Committee made long-term incentive awards to the executive officers. The long-term incentive awards consisted of stock options and restricted stock. Since the purpose of the awards is to incentivize long-term performance and align the executives' interests with those of the Company's stockholders, the awards vest over a number of years, and the executive receives the full value of the awards only by continuing to contribute to the Company's performance. The restricted shares were granted under the Company's Long-Term Incentive Plan, and the restrictions lapse as to one-third of the shares on June 30 in each of the years 2002 through 2004. The terms of the restricted stock awards to the executive officers also provide that any restricted shares that are still subject to restrictions will be forfeited if the recipient voluntarily or involuntarily terminates employment with the Company, unless the recipient is then entitled to receive payments under the relevant special termination agreement as described below in Employment Contracts and Termination of Employment and Change of Control Arrangements. If the Company pays dividends on its Common Stock, the restricted shares will be paid dividends.
- (2) Mr. Blazer received 140,000 restricted shares of the Company's Common Stock, which had a value of \$13.30 per share on July 24, 2001, the date of grant. Due to the vesting schedule set forth in note (1) above, Mr. Blazer will receive the full value of the restricted shares over a three-year period, and the value he receives will depend on the Company's stock price over time. As of June 30, 2003, Mr. Blazer had aggregate restricted shareholdings of 46,668 shares of the Company's Common Stock having a value of \$450,346 based on the \$9.65 closing price of the Company's Common Stock on June 30, 2003.
- (3) In July 2001, Mr. Schwartz received 70,000 restricted shares, Mr. Donahue received 35,000 restricted shares, Mr. Black received 15,000 restricted shares, and Mr. Peck received 7,500 restricted shares. The terms of the restricted share awards are set forth in note (1) above.
- (4) As of June 30, 2003, Mr. Schwartz had aggregate restricted shareholdings of 23,334 shares of the Company's Common Stock having a value of \$225,173, Mr. Donahue had 11,668 restricted shares having a value of \$112,596, Mr. Black had 5,000 restricted shares having a value of \$48,250, and Mr. Peck had 2,500 restricted shares having a value of \$24,125. These share values are based on the closing price of the Company's Common Stock on June 30, 2003, of \$9.65 per share.
- (5) Constitutes matching contributions under the Company's 401(k) Savings Plan.

OPTIONS AND STOCK APPRECIATION RIGHTS

No stock appreciation rights were granted during fiscal year 2003 to any of the executive officers named in the Summary Compensation Table. The following table sets forth each grant of stock options during fiscal year 2003 to each of the named executive officers. The options listed in the table have a term of 10 years and vest as described in the notes to the table.

Option Grants in Last Fiscal Year

Name	Number of Securities Underlying Options Granted(1)	Individual Grants	Exercise or Base Price (\$/Share)	Expiration Date	Grant Date Present Value(2)
		% of Total Options Granted to Employees in Fiscal Year			
Randolph C. Blazer	500,000	2.1	\$ 9.17	7/25/12	\$ 3,045,850
Bradley J. Schwartz	300,000	1.2	9.17	7/25/12	1,827,510

Nathan H. Peck, Jr.	100,000	.4	9.17	7/25/12	609,170

- The options for Messrs. Blazer, Donahue, Schwartz, Black, and Peck that expire on July 25, 2012 become exercisable to the extent of one-fourth of the grant on July 25 in each of the years 2003-2006.
- The values for the grants are based on the Black-Scholes option pricing model. With respect to the options that expire on July 25, 2012, an interest rate of 3.81% based on a 5-year Treasury note rate, stock price volatility of 72%, no dividend yield and option exercises occurring after 6 years are assumed. Based on these assumptions, the model produces a per option share value of \$6.0917.

The following table summarizes information relating to stock option exercises during fiscal year 2003 and the number and value of unexercised stock options previously granted to the executive officers named in the Summary Compensation Table.

- (1) An in-the-money stock option is an option for which the market price, on June 30, 2003, of Company Common Stock underlying the option exceeds the exercise price (i.e., the market price of Company Common Stock when the option was granted). The value shown reflects stock price appreciation since the grant date of the option.

COMPARATIVE STOCK PERFORMANCE

Last year, the Company Peer Group (the Former Peer Group) consisted of the following publicly traded consulting, technology and systems integration companies: Accenture Ltd., American Management Systems, Inc., Computer Sciences Corporation, Digitas, Inc., Electronic Data Systems Corporation, Keane, Inc., Perot Systems Corporation, Sapient Corporation, Scient Corporation and Viant Corporation. This year, the Company's Peer Group (the New Peer Group) consists of Accenture Ltd., Computer Sciences Corporation, Electronic Data Systems Corporation, and Cap Gemini Ernst & Young. We believe that the members of the New Peer Group are more closely comparable to the Company in terms of size, client base and service offering and will provide a better indication of the comparative performance of the Common Stock of the Company.

Last year, we compared the performance of the Common Stock of the Company and the Former Peer Group with the NASDAQ Composite Index. Since we have moved to the New York Stock Exchange, we determined that the S&P 500 Index was a more appropriate benchmark for our stock. Thus, this year our performance is compared to the S&P 500 Index.

The following graph compares the total stockholder return on the Common Stock of the Company since it commenced public trading on February 8, 2001 with the total return on the NASDAQ Composite Index, the S&P 500 Index, the Former Peer Group and the New Peer Group. The graph assumes that \$100 is invested initially and all dividends are reinvested.

**EMPLOYMENT CONTRACTS AND TERMINATION OF
EMPLOYMENT AND CHANGE OF CONTROL ARRANGEMENTS**

Effective November 7, 2001, the Company entered into special termination agreements (the Agreements) with each of its executive officers. The purpose of the Agreements is to ensure that these executives are properly protected in the event of a Change of Control of the Company (as defined in the Agreements), thereby enhancing the Company's ability to hire and retain key personnel. The Board approved the Agreements as being in the best interests of the Company. The term of the Agreements is two years (subject to potential one-year extensions) or, if later, two years after a Change of Control. The protective provisions of the Agreements become operative only upon a Change of Control or, in certain circumstances, in anticipation of a Change of Control.

If, after a Change of Control and during the term of the Agreement, the Company terminates the executive's employment other than for Cause (as defined in the Agreements) or if the executive terminates his employment for specified reasons (including if his responsibilities have been materially reduced or adversely modified or his compensation has been reduced), the executive is entitled to certain benefits. These benefits generally include the payment of three years' compensation (based on salary plus bonus as specified in the Agreements), continued coverage under the Company's welfare benefit plans (e.g., medical, life insurance, and disability insurance) for two years at no cost, and outplacement counseling. In addition, the executive will receive a gross-up payment to cover any federal excise taxes resulting from such payments. If, prior to or following a Change of Control, the executive voluntarily terminates his employment, dies or becomes permanently disabled or if the Company terminates his employment for Cause, the executive is entitled to no special payments or benefits.

With respect to all named executive officers, in addition to the provisions in the Agreements referred to above, all stock option grants and restricted stock grants under the Company's 2000 Long-Term Incentive Plan provide that any non-vested portion of a stock option grant will vest and any remaining restrictions upon restricted stock shares will be released in the event of certain changes of control of the Company. If such an event were to occur with respect to a named executive officer, all stock options not yet exercisable, including those set forth above in the table captioned Aggregated Option Exercises in Last Fiscal Year and FY-End Option Values, would vest, and all remaining restrictions on the restricted shares referred to in the Summary Compensation Table would lapse. In addition, the loans set forth below in Indebtedness of Executive Officers, including any accrued interest, would be forgiven.

The Company also provides severance benefits for involuntary terminations of employment, except for discharges for Cause or disciplinary reasons, for its Managing Directors, including the named executive officers. Severance pay generally is equal to six months' salary.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under U.S. securities laws, directors and executive officers must report their initial ownership of the common stock and any changes in that ownership to the Securities and Exchange Commission. The Securities and Exchange Commission has designated specific due dates for these reports, and the Company must identify in this Proxy Statement those persons who did not file these reports when due. The Company believes that all of its directors and executive officers complied with their applicable filing requirements for fiscal year 2003.

INDEBTEDNESS OF EXECUTIVE OFFICERS

In fiscal year 2002, Messrs. Blazer, Schwartz, Donahue and Black, and Robert C. Lamb, Jr., a former executive officer who terminated on December 13, 2002, received restricted shares of Common Stock pursuant to the Company's 2000 Long-Term Incentive Plan. In connection with such stock awards, the recipients incurred immediate taxable income equal to the fair market value of the restricted stock at the time the restricted stock awards were granted to them (the Compensation Income), but the shares could not be sold due to the restrictions. To assist the recipients in paying the tax obligations associated with such stock awards, the Board approved full-recourse loans to such executive officers in amounts equal to the estimated tax liabilities associated with the Compensation Income. The following table lists those executive officers who received loans in connection with the restricted stock awards and whose maximum indebtedness to the Company at any time from July 1, 2002 through September 22, 2003 exceeded \$60,000:

Name of Individual	Relationship with the Company	Maximum Principal Amount of Loans Outstanding from 7/01/02 through 9/22/03(1)	Principal Amount of Loans Outstanding on 9/22/03
Randolph C. Blazer	Chairman, Chief Executive Officer and President	\$ 864,651	\$ 864,651
Bradley J. Schwartz	Group Executive Vice President, Worldwide Client Service	421,042	421,042
Michael J. Donahue	Group Executive Vice President and Chief Operating Officer	202,158	202,158
David W. Black	Executive Vice President, General Counsel and Secretary	94,537	94,537
Robert C. Lamb, Jr.	Former Executive Vice President and Chief Financial Officer	90,041	0

(1) Interest accrues on the principal amount of the outstanding loans and is payable annually. The interest rate on the loans is 4.5% per year.

ACCOUNTING MATTERS

The Audit Committee of the Board of Directors of the Company retained PricewaterhouseCoopers LLP as the Company's independent accountant as of June 12, 2003. The Company's previous independent accountant, Grant Thornton LLP, was dismissed by the Audit Committee as the independent accountant for the Company effective June 11, 2003.

Grant Thornton LLP was appointed as the independent accountant of the Company in September 1998 and audited the financial statements for fiscal years 1999 - 2002. The reports of Grant Thornton LLP on the financial statements for the last two fiscal years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

Edgar Filing: BEARINGPOINT INC - Form DEF 14A

In connection with the audits for the two most recent fiscal years, and through June 11, 2003, there were no:

- (i) disagreements between the Company and Grant Thornton LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which disagreements, if not resolved to the satisfaction of Grant Thornton LLP, would have caused them to make reference to the subject matter of the disagreement or disagreements in their report on the financial statements for such years; or
- (ii) reportable events involving Grant Thornton LLP that would have required disclosure under Item 304(a)(1)(v) of Regulation S-K.

Grant Thornton LLP has furnished the Company with a letter addressed to the Securities and Exchange Commission stating that it agrees with the above statements. A copy of such letter, dated June 12, 2003, is listed as Exhibit 16.1 to the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2003 (fiscal year 2003) and is incorporated by reference to Exhibit 16.1 to the Company's current report on Form 8-K dated June 11, 2003.

The audit services rendered by PricewaterhouseCoopers LLP for fiscal year 2003 included examination of the financial statements of the Company, its subsidiaries and affiliates, consultation in connection with the preparation of the Annual Report to Stockholders and the filing of the Form 10-K Annual Report with the Securities and Exchange Commission, review of the Company's unaudited quarterly financial statements and consultation with Company personnel on accounting and related matters. The audit services rendered by Grant Thornton LLP included review of the Company's unaudited financial statements included in the Company's Quarterly Reports on Form 10-Q for the first three quarters of fiscal year 2003, examination of the financial statements of the Company's 401(k) Savings Plan, assistance in connection with certain acquisitions and other transactions involving consulting practices and consultation with Company personnel on accounting and related matters.

A representative of PricewaterhouseCoopers LLP will attend the Annual Meeting of Stockholders, will have an opportunity to make a statement and will be available to respond to appropriate questions submitted by stockholders.

Audit Fees

The aggregate fees and expenses billed by PricewaterhouseCoopers LLP for professional services rendered for the audit of the Company's annual financial statements for fiscal year 2003 were \$1,485,750. The aggregate fees and expenses billed by Grant Thornton LLP for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for fiscal year 2003 were \$273,000.

Financial Information Systems Design and Implementation Fees

PricewaterhouseCoopers LLP did not perform any financial information systems design, implementation or related services for the Company during fiscal year 2003.

All Other Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for fiscal year 2003 for services other than those described above were \$14,250, all of which related to tax services.

The Audit Committee considered whether the provision by PricewaterhouseCoopers LLP of the services described under All Other Fees above is compatible with maintaining the independence of PricewaterhouseCoopers LLP.
