If you plan to attend the Annual Meeting and are a registered shareholder, please bring the admission ticket attached to your proxy card. If your shares are registered in the name of a bank or your broker, please bring your bank or broker statement showing your beneficial ownership with you to the Annual Meeting.

PROXY STATEMENT

Annual Meeting of Shareholders

May 10, 2005

Purpose

This Proxy Statement is being furnished to shareholders on or about April 8, 2005 in connection with a solicitation by the Board of Directors of WellPoint, Inc. (WellPoint , the Company , we , us or our) of proxies to be voted at the Annual Meeting of Shareholders and any adjournment or postponements, to be held at 10:00 a.m., Indianapolis time, Tuesday, May 10, 2005, at our principal executive offices at 120 Monument Circle, Indianapolis, Indiana, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. Shareholders will be admitted to the Annual Meeting beginning at 9:00 a.m. Indianapolis time. This is the first Annual Meeting of Shareholders since we completed our merger with WellPoint Health Networks Inc. (WHN).

Record Date, Quorum and Vote Required

Record Date At the close of business on March 18, 2005, the record date for the Annual Meeting, there were 306,324,114 shares of Common Stock of the Company outstanding and entitled to vote at the Annual Meeting.

Quorum In order for business to be conducted at the Annual Meeting, a quorum must be present. A quorum will be present if 25% of the votes entitled to be cast on a matter are represented in person or by proxy.

Vote Required You will have one vote for each share held. Proposal 1, Election of Directors, will be determined by the vote of a plurality of the votes cast on such election. Proposal 2, the ratification of the appointment of the Company's independent registered public accounting firm, will be approved if the votes cast for the proposal exceed the votes cast against the proposal. Proposal 3, the shareholder proposal, if properly presented at the Annual Meeting, will be approved if the votes cast for the proposal exceed the votes cast against the proposal. A proxy may indicate that all or a portion of the shares represented by such proxy are not being voted with respect to a specific proposal. This could occur, for example, when a broker is not permitted to vote shares held in street name on certain proposals in the absence of instructions from the beneficial owner. Shares that are not voted with respect to a specific proposal will be considered as not present and entitled to vote on such proposal, even though such shares will be considered present for purposes of determining a quorum and voting on other proposals. Abstentions on a specific

Edgar Filing: WELLPOINT INC - Form DEF 14A

proposal will be considered as present, but not as voting in favor of such proposal. As a result, with respect to Proposals 1, 2 and 3, neither broker non-votes nor abstentions will affect the determination of whether the proposal will be approved.

Shareholders

Shares of the Company Common Stock may be held directly in your own name or may be held through a stockbroker, bank or other nominee in street name. Summarized below are some distinctions between shares held of record and those owned beneficially:

Shareholder of Record If your shares are registered directly in your name with the Company's transfer agent, EquiServe Trust Company, N.A., you are considered the shareholder of record with respect to those shares and we are sending these proxy materials directly to you. As the shareholder of record, you have the right to vote in person at the Annual Meeting or to grant your voting proxy to the persons designated by us. We have enclosed a proxy card for you to use.

Table of Contents

Beneficial Owner If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in street name, and you have received these proxy materials from your broker, bank or other nominee who is considered the shareholder of record with respect to the shares. As the beneficial owner, you have the right to direct the broker, bank or nominee on how to vote your shares and are also invited to attend the Annual Meeting. Your broker, bank or nominee is obligated to provide you with a voting instruction card for you to use. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you bring with you to the Annual Meeting a proxy, executed in your favor from the shareholder of record.

Employee Shareholder If you participate in the Anthem 401(k) Long Term Savings Investment Plan or the WellPoint 401(k) Retirement Savings Plan or the WellPoint Health Networks Inc. Comprehensive Executive Non-Qualified Retirement Plan or the 2005 Comprehensive Executive Non-Qualified Retirement Plan and you hold Company Common Stock in your account, you may give voting instructions to the plan Trustee as to the number of shares of Common Stock equivalent to the interest in the Company Common Stock credited to your account as of the most recent valuation date coincident with or preceding the record date. The Trustee will vote your shares in accordance with your instructions received by May 6, 2005 at 12:00 Noon EDT. If you do not send instructions, the Trustee will vote the number of shares equal to the share equivalents credited to your account in the same proportion that it votes shares for which it did receive timely instructions. You may also revoke previously given voting instructions by May 6, 2005 at 12:00 Noon EDT, by filing with the Trustee either written notice of revocation or a properly completed and signed proxy card bearing a later date. Your voting instructions will be kept confidential by the Trustee.

Voting

Whether you hold shares as a shareholder of record or as a beneficial owner you may vote before the Annual Meeting by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. Most shareholders will have a choice of voting through the Internet or by telephone or completing a proxy card or instruction form and returning it in the enclosed postage-prepaid envelope. Please refer to the instructions below and on the accompanying proxy card or voting instruction card.

By Mail You may vote by mail by signing and dating your proxy card or voting instruction card provided by your broker, bank or nominee and mailing it in the enclosed postage-prepaid envelope. If you provide specific voting instructions, your shares will be voted as you instruct. **If you sign and date your proxy card, but do not provide instructions, your shares will be voted FOR the election of each of the Company's nominee directors listed on page 17 of this Proxy Statement, FOR the ratification of the appointment of the independent registered public accounting firm described beginning on page 21 of this Proxy Statement and AGAINST the shareholder proposal described beginning on page 24 of this Proxy Statement, if properly presented at the Meeting.**

If you sign and date your voting instruction card with no further instructions, your shares will be voted as described on your broker voting instruction card.

By Internet You may vote by Internet by going to <http://www.eproxyvote.com/wlp> and following the instructions. You will need to provide the number contained in the grey box on your proxy card or voting instruction card. IMPORTANT NOTICE REGARDING DELIVERY OF SECURITY HOLDER DOCUMENTS

Householding Notice

The SEC has adopted rules that allow us to deliver a single annual report, proxy statement, proxy statement combined with a prospectus or any information statement to any household at which two or more shareholders reside who share the same last name or whom we believe to be members of the same family. This procedure is referred to as householding.

If you share the same last name and address with one or more shareholders, from now on, unless we receive contrary instructions from you (or from one of these other shareholders), you and all other shareholders who have your last name and live at the same home address will receive only one copy of any of our Annual Report, Proxy Statement for our Annual Meeting of Shareholders, any proxy statement we file and deliver in connection with any other meeting of shareholders, any proxy statement combined with a prospectus or any information statement. We will include with the householded materials for our annual meetings, or any other shareholders meeting, a separate proxy card and Notice of Shareholders Meeting for each registered shareholder who shares your last name and lives at your home address.

If you object to householding or wish to revoke householding in the future, in order to receive individual copies of these documents, you may write or call our Secretary, WellPoint, Inc., 120 Monument Circle, Indianapolis, Indiana, 46204 or telephone (800) 985-0999. You can call the same number or write to the same address if you participate in householding but wish to receive a separate copy of these documents or to request householding if shareholders are receiving multiple copies of the annual report, proxy statement or information statement. You may opt out of householding at any time prior to 30 days before the mailing of proxy materials each year, which you can measure by reference to the date 30 days before the mailing date of the proxy statement for the prior year's Annual Meeting of Shareholders. If you would like to opt out of householding for any other shareholders meeting that might be scheduled during a given calendar year, we will issue a press release notifying shareholders of the actual deadline for opting out of householding via either of the methods just described. If we do not hear from you, you will be deemed to have consented to the delivery of only one set of these documents to your household. We intend to household indefinitely, and your consent will be perpetual unless you revoke it. If you revoke your consent, we will begin sending you individual copies of these documents within 30 days after we receive your revocation notice.

Your participation in this program is encouraged. It will reduce the volume of duplicate information received at your household as well as the cost to us of preparing and mailing duplicate materials. You may wish to receive documents electronically. We have included below instructions for consenting to electronic delivery. If you consent to electronic delivery, we will not be householding so you need not call the phone number above to object to householding. In addition, we have been notified that certain intermediaries, i.e. brokers or banks, will household proxy materials. Beneficial shareholders can request information about householding from their banks, brokers or other holders of record.

Electronic Delivery of Proxy Materials

One of our main goals is to maximize shareholder value. In addition to aligning our businesses to focus on the unique issues and needs of our customers, we are harnessing technology to maximize cost savings. As an alternative to receiving printed copies of proxy materials in future years, we offer shareholders the opportunity to receive proxy mailings electronically. By consenting to electronic delivery of future Annual Reports and Proxy Statements, you will help us reduce printing and postage costs.

Edgar Filing: WELLPOINT INC - Form DEF 14A

To take advantage of this offer, please indicate your consent by following the instructions provided as you vote by Internet or go to the website <http://www.eproxyvote.com/wlp> and follow the prompts. You must have access to a computer and the Internet and expect to have access in the future to be eligible. Selecting this option means that you will no longer receive a printed copy of our Annual Report and Proxy Statement unless you request one.

Table of Contents

Each year you will receive an email message with information regarding the Internet web site containing the Annual Report and Proxy Statement and the Internet web site to vote your proxy online. If the email is returned undeliverable, our transfer agent will mail the Annual Report and Proxy Statement to your address of record. If you consent to electronic delivery, you will be responsible for your usual telephone and Internet charges (e.g., online fees) in connection with the electronic delivery of the proxy materials and Annual Report.

Your consent will be effective until you revoke it. You may cancel your consent to electronic delivery at no cost to you at any time by written notification to our Secretary, WellPoint, Inc., at 120 Monument Circle, Indianapolis, Indiana, 46204, or at the Internet site <http://www.eproxyconsent.com/wlp>.

Cost of Solicitation

We will bear the cost of the solicitation of proxies and have engaged Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies. Georgeson will receive a fee of approximately \$6,000 plus reasonable out-of-pocket expenses for this work. We also will reimburse banks, brokers or other custodians, nominees and fiduciaries for their expenses in forwarding the proxy materials to beneficial owners and seeking instruction with respect thereto. In addition, our directors, officers or other associates, without additional compensation, may solicit proxies from shareholders in person, or by telephone, facsimile transmission or other electronic means of communication.

GOVERNANCE OF THE COMPANY

We believe that the only results worth achieving are those achieved with integrity and a commitment to excellence.

Accordingly, we have long recognized the importance of and always placed a high priority upon having good corporate governance measures in place. We take great care to ensure that our measures align with the requirements of the Sarbanes-Oxley Act of 2002, the rules promulgated by the SEC and the listing standards of the New York Stock Exchange (NYSE).

As required by NYSE Rule 303A.12, in 2004 the Company filed with the NYSE the annual chief executive officer certificate indicating that the chief executive officer is unaware of any violations of the NYSE corporate governance standards. In addition, the Company has filed with the SEC the Section 302 Certifications as exhibits to its Annual Report on Form 10-K for 2004.

We believe it is important to disclose to you a summary of our major corporate governance practices. Many of these practices have been in place for several years and predate our conversion to a public company. Others were adopted in response to regulatory and legislative changes.

Among the practices we adhere to are the following:

Edgar Filing: WELLPOINT INC - Form DEF 14A

We have adopted Corporate Governance Guidelines, which are set forth in Appendix I and published on our website (www.wellpoint.com);

We also have published on our website the charter of each standing committee of the Board;

A majority of our Board is comprised of independent directors;

Only independent directors serve on the Audit, Compensation and Governance Committees;

Non-employee directors meet in executive session without management present at almost every Board meeting;

The independent director who presides at the executive sessions of independent directors rotates quarterly among the Chairpersons of each of the Audit Committee, Compensation Committee and Governance Committee;

The lead partner of the Company's independent registered public accounting firm is rotated at least every five years;

Table of Contents

The Board, and each committee of the Board, has the authority to engage independent consultants and advisors at the Company's expense; and

The Company's Board, executive officers, associates and external business partners are governed by the Company's Standards of Ethical Business Conduct.

We will continue to assess and refine our corporate governance practices and share them with you.

BOARD AND COMMITTEE MEMBERSHIP

As reflected in our Corporate Governance Guidelines, our business, property and affairs are managed under the direction of our Board. Members of our Board stay informed of our business through discussions with our CEO and other officers, by reviewing materials provided to them, by visiting our offices, by participating in meetings of the Board and its committees and through their own industry knowledge and inquiries.

As permitted by the rules of the NYSE, our Board has adopted categorical standards to assist it in making determinations of independence and whether or not a director has a material relationship with the Company. These categorical standards are set forth in Appendix II to this Proxy Statement.

Our Board has determined that each of the following directors meets these standards, has no material relationship with the Company, and is independent as defined by the NYSE listing standards: Susan B. Bayh, Sheila P. Burke, William H.T. Bush, Julie A. Hill, Warren Y. Jobe, Victor S. Liss, William G. Mays, Ramiro G. Peru, Jane G. Pisano, Senator Donald W. Riegle, Jr., William J. Ryan, Elizabeth A. Sanders, George A. Schaefer, Jr. and Jackie M. Ward.

During 2004, the Board held 14 meetings. At 11 of the 14 meetings the Board met in executive session without management. During the period in 2004 for which he or she served as a director, each director attended at least 75% of the total meetings of the Board and each committee on which he or she served, other than Mr. Peru who was unable to attend the only Board and Audit Committee meetings held in 2004 after he became a director in November 2004.

There are five standing committees of the Board. From time to time, the Board, in its discretion, may form other committees. The table below provides membership information for each of the Board committees as of January 31, 2005.

Table of Contents

Shareholder Nominees

The policy of the Governance Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board as described below under Identifying and Evaluating Nominees for Directors. In evaluating such nominations, the Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under Director Qualifications. Any shareholder nominations proposed for consideration by the Governance Committee must include the nominee's name and qualifications for Board membership and must be addressed to Secretary, WellPoint, Inc., 120 Monument Circle, Mail No. M3NF, Indianapolis, Indiana 46204.

For a description of the requirements regarding shareholder nominations and other proposals at annual meetings, see Shareholder Proposals and Nominations for Next Year's Annual Meeting on page 3.

Director Qualifications

The Governance Committee will look for candidates who possess qualifications that meet our strategic needs; possess high personal values, judgment and integrity; have an understanding of our business and the regulatory and policy environment in which we operate; and have diverse experiences in key business, financial and other challenges that face a publicly held health benefits company. In particular, the Governance Committee will look for candidates with special and diverse experience in areas such as management of public companies, entrepreneurial companies, and large companies, investment banking and banking industry experience, health care industry experience, public relations and mass marketing experience, accounting and audit experience, clinical health experience and technology and e-commerce experience. The candidates should be committed to enhancing shareholder value, should have sufficient time to carry out their duties and be able to provide insight and practical wisdom based on experience to represent the interests of all shareholders. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform all director duties responsibly. The foregoing qualifications will be applied by the Governance Committee to all candidates for nominees, including candidates submitted by shareholders.

Identifying and Evaluating Nominees for Directors

The Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance Committee considers, subject to the restrictions in the Company's By-Laws, whether the vacancy should be filled and if so, various potential candidates for director. Candidates may come to the attention of the Governance Committee through current Board members, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special meetings of the Governance Committee, and may be considered at any point during the year. As described above, the Governance Committee considers properly submitted shareholder nominations for candidates for the Board. Following verification of the shareholder status of persons proposing candidates, recommendations are aggregated and considered by the Governance Committee at a regularly scheduled meeting, which is generally the first or second meeting prior to the issuance of the proxy statement for the Company's annual meeting. If any materials are provided by a shareholder in connection with the nomination of a director candidate, such materials are forwarded to the Governance Committee. The Governance Committee may also review materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a shareholder.

See Employment Agreement with the Chairman of the Board.

Board Deferred Compensation Plan

Cash fees paid to directors may be deferred under the Board Deferred Compensation Plan, which provides a method of deferring payment until a date selected by the director. Cash fees deferred accrue interest at the same rate as in effect from time to time under the Deferred Compensation Plan for employees. The declared interest rate is determined on January 1 of each year and is the average of the 10-year U.S. Treasury Note monthly average rates for the 12-month period ending on September 30 of the previous year, plus 150 basis points.

Board Equity Compensation and Stock Ownership Guidelines

Prior to February 2, 2005, each Non-Employee Director received an annual grant of a non-qualified stock option to purchase 5,000 shares of Common Stock, and each new Non-Employee Director upon his or her election to the Board received a grant of a non-qualified stock option to purchase 10,000 shares of Common Stock; each such stock option had an exercise price equal to the fair market value of a share of Common Stock on the date of grant and each such option vested in three equal annual installments.

Table of Contents

On February 2, 2005, the Board replaced the option awards described above with the following annual and initial grants of shares of Common Stock:

Each Non-Employee Director will receive, subject to the deferral described below, an annual grant, on the date of the Company's annual meeting of shareholders each year, of the number of shares of Common Stock equal to five times the annual Board retainer fee then in effect, based on the closing price of the Company's Common Stock as reported on the NYSE on the date of grant.

Each new Non-Employee Director, upon becoming a member of the Board, will receive, subject to the deferral described below, a grant of the number of shares of Common Stock equal to 2.5 times the annual Board retainer fee then in effect, based on the closing price of the Company's Common Stock as reported on the NYSE on the date of grant. These initial grants will be made to persons who join the Board after February 2, 2005, and therefore none of the current directors received or will receive one of these initial share grants.

Each such annual and initial grant of Common Stock will be deferred for a minimum of five years from the date of grant, in accordance with the terms of the Board of Directors Deferred Compensation Plan. The shares of Common Stock will not be distributed to the Directors until the earlier of the expiration of such deferral period or the date on which a Director ceases to be a member of the Board of Directors.

In addition, each Director has an obligation to own five times the annual Board retainer fee in Company Common Stock at the end of a five-year period commencing on the later of the date such Director became a member of the Board or May 3, 2002.

(Anthem Insurance) demutualization, no person may acquire beneficial ownership of 5% or more of the outstanding shares of the Company s Common Stock without the prior approval of the Indiana Insurance Commissioner and the Board. PROPOSAL NO. 3

SHAREHOLDER PROPOSAL

Shareholder Proposal

The American Federation of Labor and Congress of Industrial Organizations (AFL-CIO) Reserve Fund, 815 Sixteenth Street, N.W., Washington, D.C. 20006, which is the beneficial owner of 100 shares of the Company's common stock, has submitted the following resolution and supporting statement:

RESOLVED, that the shareholders of Anthem, Inc. (the Company) urge the Board of Directors to adopt a policy that a significant portion of future equity compensation grants to senior executives shall be shares of stock that require the achievement of performance goals as a prerequisite to vesting (performance-vesting shares).

This policy shall apply to existing employment agreements and equity compensation plans only if the use of performance-vesting shares can be legally implemented by the Company, and will otherwise apply to the design of all future plans and agreements.

Supporting Statement

We believe that our Company's compensation policies should encourage the ownership of stock by senior executives in order to align their interests with those of shareholders. To achieve this goal, we favor granting senior executives actual shares of stock for meeting specified performance goals. In our opinion, performance-vesting shares are a better form of equity compensation than fixed-price stock options or time-vesting restricted stock.

Fixed-price stock option grants provide senior executives with incentives that may not be in the best interests of long-term shareholders. In our view, stock option grants promise executives all the benefit of share price increases with none of the risk of share price declines. Stock options can reward short-term decision-making because many executives' options can be exercised just one year after the grant date. Furthermore, we believe that stock options can create a strong incentive to manipulate a company's stock price through questionable or even fraudulent accounting.

Leading investors and regulators have questioned the use of stock options to compensate executives. Berkshire Hathaway CEO Warren Buffet has characterized fixed-price stock options as really a royalty on the passage of time. Federal Reserve Chairman Alan Greenspan blamed poorly-structured options for the infectious greed of the 1990s, because they failed to properly align the long-term interests of shareholders and managers.

Similarly, we oppose granting executives time-vesting restricted stock that does not include any performance requirements. In our view, time-vesting restricted stock rewards tenure, not performance. Instead, we believe vesting requirements should be tailored to measure each

Edgar Filing: WELLPOINT INC - Form DEF 14A

individual executive's performance through disclosed benchmarks, in addition to the Company's share price. To align their incentives with those of long-term shareholders, we also believe that senior executives should be required to hold a significant portion of these performance-vesting shares for as long as they remain executives of the Company.

Executive compensation consultant Pearl Meyer has said if a company is going to issue restricted stock grants as a way of making sure executives are owners rather than optionees, the grant should be earned on a performance basis—it shouldn't be just a giveaway. Former SEC Chairman Richard Breeden has stated that there is not a strong reason for granting restricted stock rather than simply paying cash unless there are performance hurdles to vesting.

Board of Directors Response

After careful consideration, the Board believes that the shareholder proposal is not in the best interests of the Company or its shareholders for the reasons set forth below.

Table of Contents

The Company believes strongly in tying employee compensation, especially that of its senior management, to company performance. The Compensation Committee of the Board is comprised solely of independent outside directors. Its philosophy is to reward executive management only after they have delivered significant benefits, as measured against pre-established goals, to members, associates and shareholders. The Compensation Committee has found a combination of cash incentives, stock options and restricted stock awards is the most appropriate way to deliver these rewards. This approach to compensation has proven to be successful as the Company has demonstrated its ability to attract and retain talented senior executives and to sustain a strong track record of performance in a very competitive marketplace.

As discussed in the Compensation Committee Report on Executive Compensation beginning on page 43 of this Proxy Statement, the Compensation Committee takes into account the Company's and the individual's performance, financial and otherwise, in granting bonuses and equity-based awards to senior executives. The Compensation Committee reviews the Company's performance in the market, together with management's achievement of strategic goals and objectives established at the beginning of the year, to determine the level of funding that will be granted for cash and equity-based incentives. The amount of options and restricted stock that are granted are determined based on individual executives' performance and achievement of goals and objectives, as well as potential for greater future responsibilities and promotion, potential retention risk and relevant market and industry data.

The Board believes it is important to preserve the flexibility of the Compensation Committee to choose incentives for recruiting and retaining senior executives of the Company. The Board believes that this proposal, which would limit the Compensation Committee's ability to grant stock options and time-vesting restricted stock awards, could put the Company at a competitive disadvantage in its ability to attract and retain top quality senior executives. This is because the Company's peers may not be similarly restricted in the types of incentives they can award to senior executives. Further, the Compensation Committee regularly reviews the competitiveness and effectiveness of the Company's compensation programs. The Board believes that it is extremely important to preserve flexibility in its compensation programs so that the Compensation Committee can choose incentives that work best at meeting the Company's goals.

The Compensation Committee believes that stock option grants and restricted stock awards are inherently performance based. The time-based vesting facilitates the Company's retention of senior executives, while creating an incentive for them to work to improve the share price of the Company's common stock over the long term. The Company already encourages the ownership of stock by senior executives in order to align their interests with those of shareholders. In particular, the Compensation Committee expects the executive officers to own stock valued at between one and one-half and five times their salaries by the end of a five-year period commencing on the later of the date he or she (a) was first able to purchase shares of the Company Common Stock or (b) became an officer. The Compensation Committee reviews ownership levels annually.

The Board believes that the Company's current executive compensation programs align executives' interests with those of the Company's shareholders and provide appropriate incentives for executives to properly focus on the Company's performance over the long term. This focus has been reflected in the Company's strong historical performance, which has ultimately benefited all stakeholders. The Board believes that it is in the best interests of shareholders to give the Compensation Committee the discretion to use and introduce new compensation and equity incentive tools as appropriate to recruit and retain top quality senior executives. The Board believes that the integrity of its compensation programs can best be maintained through strong corporate governance practices, rather than the preference of one type of equity award over another.

For all of the reasons stated above, the Board believes that the adoption of the shareholder proposal is unnecessary and could be detrimental to the long-term interests of the Company's shareholders.

The Board of Directors recommends that you vote AGAINST the shareholder proposal that the Board of Directors adopt a policy that a significant portion of future equity compensation grants to senior executives be performance-vesting shares.

¹ No stock appreciation rights were granted in 2004.

² For each of the Named Executive Officers, options were granted as of May 17, 2004 as part of the Anthem 2001 Stock Incentive Plan, and vest in equal annual installments over three years beginning May 17, 2005.

Table of Contents

All options were granted at an exercise price equal to the fair market value based on the closing market value of the Company's Common Stock on the NYSE on the date of grant.

³ Based on an aggregate of 1,997,025 options granted to associates during fiscal year 2004.

⁴ The dollar amounts under these columns are assumed rates of appreciation only, based on the rules set by the SEC and do not represent the Company's estimate or projection of the price of the Company's Common Stock in the future. Actual gains, if any, on stock option exercises depend upon the actual future price of the Company's Common Stock and the continued employment of the option holder throughout the vesting period. Accordingly, the potential realizable values set forth in this table may not be achieved.

**AGGREGATED OPTION EXERCISES IN THE LAST FISCAL
YEAR AND FISCAL YEAR-END OPTION VALUES**

The following table sets forth certain information about exercises by the Named Executive Officers during fiscal year 2004 and the stock options held by the Named Executive Officers at fiscal year end. No SARs were exercised or outstanding in fiscal year 2004.

	Shares Acquired On Exercise (#)	Value Realized (\$)	Number of Securities Underlying Unexercised Options at Fiscal Year-End (#)		Value of Unexercised In- The-Money Options at Fiscal Year-End (\$) ¹	
			Exercisable	Unexercisable ²	Exercisable	Unexercisable ²
Larry C. Glasscock		\$	199,999	400,001	\$ 8,638,623	\$ 13,977,377
Keith R. Faller			39,999	95,001	1,727,690	3,195,110

David R. Frick			49,999	100,001	2,159,623	3,494,377
Michael L. Smith			49,999	100,001	2,159,623	3,494,377

¹ In accordance with SEC rules, the value at fiscal year-end is calculated as the difference between (i) the aggregate trading price of the Company's Common Stock on the NYSE on December 31, 2004 (\$115.00) of all shares subject to the options, and (ii) the aggregate option price. The actual amount realized from unexercised options is dependent upon the price of the Company's Common Stock at the time the shares obtained upon exercise of such options are sold and, as to unexercisable options, whether restrictions of such options lapse.

² Includes shares of Company Common Stock underlying options that vested upon the merger with WHN, but as to which the individual has voluntarily agreed not to exercise prior to the time the related options would have become exercisable in accordance with their original vesting schedule. See Security Ownership of Certain Beneficial Owners and Management.

COMPENSATION PLANS

Anthem Annual Incentive Plan

Under the Anthem Annual Incentive Plan (the "AIP"), associates are eligible to receive cash awards based upon the achievement of performance measures established by the Compensation Committee. Such cash awards are stated as a percentage of salary payable to the eligible associates, with a range of targets from 5% to 120%. Actual amounts payable are adjusted up or down for performance at or above targeted levels of performance, with a threshold award of 50% of target if minimum results are achieved and a maximum award of 200% of target if maximum results are achieved. Amounts payable under the AIP are paid during the year immediately following the performance year and are payable only upon approval of the Compensation Committee. An associate must have been employed before October 1 of the performance year in order to

Edgar Filing: WELLPOINT INC - Form DEF 14A

receive a payment under the AIP. Also, associates must have been actively employed by the Company on the last business day of the plan year to receive an award. In the event of a death, disability or an approved retirement of an associate, a prorated amount may be payable.

Table of Contents

WHN Management Bonus Plan

Under the WHN Management Bonus Plan, eligible WHN associates, excluding officers, may receive cash awards based upon the achievement of performance measures established by the Compensation Committee. Target cash awards range from 5% to 70% of salary. Based on performance, overall awards range from 0% to 300% of target, with 100% of target paid for meeting the performance targets. Amounts payable under the WHN Management Bonus Plan were paid during 2005, the year immediately following the performance year and were payable only upon approval of the Compensation Committee. An associate must have been employed by WHN or its affiliates before October 1, 2004 in order to receive a payment under the WHN Management Bonus Plan. Also, associates must have been actively employed by the Company on March 11, 2005 to receive an award. In the event of employment termination due to death, disability, retirement, or a reduction in force after September 30, 2004, a prorated amount may be payable.

WHN Officer Change In Control Plan

Under the WHN Officer Change In Control Plan, eligible officers, upon a change in control (as defined in the Plan), were entitled to receive (i) any earned, but unpaid bonus or other incentive compensation for a prior completed period; and (ii) a Guaranteed Annual Bonus (calculated as defined in the Plan) for the fiscal year in which the change in control occurred. If officers continue employment through the first anniversary and second anniversary of the change in control date, such officer will be entitled to the Completion Bonus (calculated as defined in the Plan).

Anthem 2001 Long-Term Incentive Plan

The Anthem 2001 Long-Term Incentive Plan (the 2001 LTIP) was established prior to the Company's initial public offering in November 2001. Senior executives, as were recommended by the CEO and approved by the Compensation Committee, were participants in the 2001 LTIP. The 2001 LTIP operated during successive three-year periods. Senior executives who were actively employed by the Company on the last business day of the period could receive an award. Under the 2001 LTIP, the Compensation Committee established performance goals for the Company at the beginning of each three-year performance period, which include specific strategic objectives such as growth in net income, operating margin and comparison of performance against peer companies. At the end of the period, the Compensation Committee judged the performance of the Company against the established goals. For each participant, a target award was established from 30% to 150% of the annual base salary for each year of the three-year period. Actual amounts payable were adjusted up or down for performance above or below targeted levels of performance with an expected threshold award of 50% of target if minimum results were achieved. Awards under the 2001 LTIP in each three-year period became payable upon approval of the Compensation Committee and were paid in the year immediately following the end of the period, with the executive having the option to defer payment.

For the three year performance period January 1, 2001 to December 31, 2003, there was no maximum limitation on the amount of payout under the 2001 LTIP. As a result of the Company's performance during such period as compared to our peers and goals previously established by the Compensation Committee, payouts in 2004 were approximately 9.7 times the estimated Target Award for each Named Executive Officer. The payout amounts (50% in Restricted Common Stock vesting in two equal annual installments commencing April 2005 and 50% in cash paid in 2004) were as follows: Mr. Glasscock (\$42,486,000), Mr. Faller (\$11,916,450), Mr. Snead (\$4,365,000), Mr. Frick (\$16,121,400) and Mr. Smith (\$16,121,400).

Since the shareholders approved the Anthem Incentive Program at the Annual Meeting of Shareholders on May 12, 2003, the 2001 LTIP terminated after completion of the 2001-2003 performance period and payout of any awards in 2004. The amount of the payout was determined after the end of fiscal year 2003.

Anthem Long-Term Incentive Plan

The Anthem Long-Term Incentive Plan (the "LTIP") was approved by the Board on January 27, 2003 as part of the Anthem Incentive Program and approved by the shareholders at the 2003 Annual Meeting of Shareholders on May 12, 2003. The first performance period under the LTIP was January 2004 to December 2004. A one year performance period was used because of the then-pending merger with WHN.

Senior executives, as are recommended by the CEO and approved by the Compensation Committee, are participants in the LTIP. Generally, senior executives must be actively employed by the Company on the last business day of the performance period to receive an award, provided, however, if the individual is not actively employed at the end of the performance period due to retirement, death or disability, the individual (or his or her beneficiary) is entitled to a pro rata amount of the award.

Under the LTIP, the Compensation Committee establishes performance goals related to performance criteria for the Company at the beginning of each performance period, such as asset growth; combined net worth; debt to equity ratio; earnings per share; revenue; investment performance; operating income (with or without investment income or income taxes); cash flow; margin; net income (before or after taxes); earnings before interest, taxes, depreciation and/or amortization; return on total capital, equity, revenue, or assets; medical loss ratio; number of policyholders or insureds; quality of service metrics; customer service metrics; productivity; administrative expense management; or improved health of members. At the end of the performance period, the Compensation Committee judges the performance of the Company against the established goals. For each participant, a target award is established from 30% to 150% of the annual base salary for each year of the performance period. Actual amounts payable are adjusted up or down for performance above or below targeted levels of performance with an expected threshold award of 50% of target if minimum results are achieved. Awards are capped at 200% of target awards.

Awards under the LTIP in each performance period become payable upon approval of the Compensation Committee and are paid in the year immediately following the end of the performance period, with the executive having the option to defer payment. Awards could relate to, and upon vesting be paid in the form of non-restricted stock, restricted stock, cash or partly in non-restricted stock and/or restricted stock and partly in cash, as the Compensation Committee determined. The Compensation Committee has determined that awards in 2005 will not be payable in cash. Any use of non-restricted stock or restricted stock is made through the Anthem 2001 Stock Incentive Plan. Payment of any award or portion thereof regardless whether vested (other than deferred vested awards) to a participant requires the participant to refrain from engaging in any activity which is competitive with the Company. In the event of a change of control of the Company, an amount may be payable at the discretion of the Compensation Committee.

Anthem 2001 Stock Incentive Plan

The Company adopted the Anthem 2001 Stock Incentive Plan as amended and restated on January 1, 2003 (the "Stock Plan"), to promote the interests of the Company and its shareholders and to further align the interests of the Company's associates with its shareholders. Directors, executives and associates, as selected by the Compensation Committee, participate in the Stock Plan. The Compensation Committee administers the Stock Plan and has discretion to determine whether to grant incentive awards, the types of incentive awards to grant and any requirements and restrictions relating to incentive awards. The Stock Plan is an omnibus plan, which allows for the grant of stock options, stock, restricted stock, phantom stock, stock appreciation rights and performance awards. The Committee is also authorized to grant shares of restricted and unrestricted Common Stock in lieu of obligations to pay cash under other plans and compensatory arrangements including the AIP, the 2001 LTIP and the LTIP.

Edgar Filing: WELLPOINT INC - Form DEF 14A

The Stock Plan reserves for issuance 18,000,000 shares of the Company's Common Stock for incentive awards to associates and Non-Employee Directors. In addition, 2,000,000 shares have been reserved solely for issuance under grants of stock options to substantially all of the Company's associates (and for issuance under

Table of Contents

similar grants that may be made to new associates) other than executive officers participating in the Company's LTIP. Options covering 1,479,000 of these shares were granted to substantially all associates at the time of the initial public offering. If any grant is for any reason canceled, terminated or otherwise settled without the issuance of some or all of the shares of Common Stock subject to the grant, such shares will be available for future grants.

Trigon Stock Incentive Plans

The Trigon 1997 Stock Incentive Plan and the Trigon Non-Employee Directors Stock Incentive Plan (the "Trigon Plans") were approved by its shareholders on April 16, 1997 and February 19, 1997, respectively. Under the 1997 Stock Incentive Plan, employees of Trigon received equity-based compensation, including performance awards, restricted stock, performance stock, options and stock appreciation rights. Under the Trigon Non-Employee Directors Stock Incentive Plan, Non-Employee Directors received options to purchase Trigon Common Stock. Upon the approval by the shareholders of Trigon of the merger agreement by and among the Company, AI Sub Acquisition Corp. and Trigon dated April 28, 2002 (the "Trigon Merger"), the stock options under the Trigon Plans became vested and fully exercisable. At the completion of the Trigon Merger each Trigon employee or director stock option outstanding under the Trigon Plans was converted into fully vested options to purchase the Company's Common Stock. All other terms of the Trigon stock options remained unchanged after the conversion. The Company assumed Trigon's obligations with respect to the stock options that were converted into Company options. No additional equity based compensation may be issued from the Trigon Plans.

WHN Stock Incentive Plans

The WellPoint Health Networks Inc. 1999 Stock Incentive Plan (the "1999 Plan") was approved by its stockholders on May 11, 1999. Under the 1999 Plan, employees of WHN and its subsidiaries received equity-based compensation, including restricted stock and stock options. At the time of the Company's merger with WHN, WHN employees and directors also had stock options outstanding under (i) the WellPoint Health Networks Inc. 2000 Stock Option Plan (the "2000 Plan"); (ii) the RightCHOICE Managed Care, Inc. 2001 Stock Incentive Plan, the RightCHOICE Managed Care, Inc. 1994 Equity Incentive Plan and the RightCHOICE Managed Care, Inc. Nonemployee Directors' Stock Option Plan, which were assumed by WHN in connection with WHN's merger with RightCHOICE Managed Care, Inc. in 2002; and (iii) the Cobalt Corporation Equity Incentive Plan, which was assumed by WHN in connection with WHN's merger with Cobalt Corporation in 2003 (the plans described in clauses (i), (ii) and (iii) are collectively referred to as the "WHN Plans"). Pursuant to the merger agreement between the Company and WHN, all equity awards for WHN common stock outstanding at the close of the merger were converted into equity awards for the Company common stock and were assumed by the Company. Generally, grants made under the 2000 Plan and the 1999 Plan prior to the merger contained a reload provision which allows an optionee to pay the purchase price of options to be exercised (and, if applicable, appropriate tax withholding) in shares of Company Common Stock already owned by such optionee and to simultaneously receive an award for a number of option shares equal to the number of shares of Company Common Stock tendered for payment of the exercised options and applicable tax withholding ("Reload Award"). Optionees were permitted to exercise the reloads four times a year on March 1, June 1, September 1 and December 1. Except for Reload Awards no new equity awards may be issued from the WHN Plans and all Reload Awards will be issued from the 1999 Plan. The Company will cease to allow optionees to receive Reload Awards after June 1, 2005.

Employee Stock Purchase Plan

The Employee Stock Purchase Plan (the "Stock Purchase Plan") is intended to comply with Section 423 of the Tax Code and to provide a means by which to encourage and assist associates in acquiring a stock ownership interest in the Company. The Company implemented the Stock Purchase Plan in June 2002. The Stock Purchase Plan is administered by the Compensation Committee, and the Committee has complete discretion to interpret and administer the Stock Purchase Plan and the rights granted under it. Any associate of the Company is eligible to participate, as long as such associate's customary employment is more than 20 hours per week, more than five

Table of Contents

months in a calendar year, and the associate does not own stock totaling 5% or more of the voting power or value of the Company. No associate will be permitted to purchase more than \$25,000 worth of stock in any calendar year. This value is determined based on the fair market value of the stock on the first trading day of the plan quarter, regardless of the fact that the number of shares purchased may be based on the value on the last trading day of the plan quarter. The Stock Purchase Plan reserves for issuance and purchase by associates of 3,000,000 shares of stock.

Associates become participants by electing payroll deductions from 1% to 15% of gross compensation. Payroll deductions are accumulated during each plan quarter and applied toward the purchase of stock on the last trading day of each plan quarter. Once purchased, the stock is accumulated in the associate's investment account. The purchase price per share equals 85% (or such higher percentage as may be set by the Compensation Committee) of the lower of the fair market value of a share of Common Stock on (i) the first trading day of the plan quarter, or (ii) the last trading day of the plan quarter.

401(k) Plan

Edgar Filing: WELLPOINT INC - Form DEF 14A

On July 1, 1979, the Company established the Anthem 401(k) Long Term Savings Investment Plan (the 401(k) Plan), a defined contribution plan. The 401(k) Plan is designed to provide all of the Company s

Table of Contents

associates with a tax-deferred, long-term savings vehicle. During 2003 the Company made matching contributions in an amount equal to 50% of the first 6% of the associate's salary that an associate contributed. Effective January 1, 2004, the Company makes matching contributions in an amount equal to 100% of the first 3% of the associate's annual earnings that an associate contributes and 50% of the next 3% of the associate's annual earnings that an associate contributes. Company matching contributions begin the first quarter following one year of service. None of the Company's matching contributions is in the form of the Company's Common Stock. During 2003, associates could elect to contribute from 1% to 20% of their annual earnings. Effective January 1, 2004, associates can elect to contribute from 1% to 50% of their annual earnings. Associates have a choice of ten investment funds in which to invest their contributions. In addition, participants who were age 50 by the end of the plan year could contribute an additional amount (a catch-up contribution), up to the limit described in Section 414(v) of the Tax Code as in effect for the plan year in which the additional contribution is made. The Company Common Stock is an investment option under the 401(k) Plan. The Company also provides a Self-Managed Account option. The Self-Managed Account option offers 401(k) Plan participants the opportunity to invest in over 3,000 mutual funds of their choice. Associate contributions and the Company matching contributions vest immediately.

Trigon 401(k) Plan

The Company also had the Employees' 401(k) Thrift Plan of Trigon Insurance Company (Trigon 401(k)) under which substantially all associates formerly employed by Trigon could elect to save up to 50% of their annual earnings on a pretax basis, subject to certain limits in the Trigon 401(k). Participants had the option of investing in a variety of domestic and international investment funds as well as the Company Common Stock after July 31, 2002 and Trigon Common Stock prior to August 1, 2002. During 2003 the Company contributed an amount equal to 50% of the participant's contributions limited to a total of 3% of the employee's compensation. Effective January 1, 2004, the Company made matching contributions in an amount equal to 100% of the first 3% of the associate's salary that an associate contributes and 50% of the next 3% of the associate's salary that an associate contributed. These Company contributions were invested in the investment options using the same allocations selected by the participants for their contributions. Participants were eligible immediately and were fully vested in the Company's contributions after three years of service. The Company could make discretionary profit sharing contributions to the participants with such contributions initially invested in the Company Common Stock investment option. Once made, participants could reallocate their profit sharing account balance among the Trigon 401(k)'s other investment funds. On January 31, 2004 the Trigon 401(k) Plan was merged into the 401(k) Plan and the Trigon 401(k) ceased to exist.

WHN 401(k) Plan

Eligible employees of WHN and its subsidiaries may participate in the WellPoint 401(k) Retirement Savings Plan (the WHN 401(k) Plan). The WHN 401(k) Plan is a defined contribution plan covering substantially all employees of WHN and its subsidiaries who are at least 18 years of age. Generally, participants (other than highly compensated employees) may elect to contribute from 1% to 50% of their pretax compensation. In addition, participants who were age 50 by the end of the plan year could contribute an additional amount (a catch-up contribution), up to the limit described in Section 414(v) of the Tax Code as in effect for the plan year in which the additional contribution is made. Effective January 1, 2004, the Company generally made matching contributions in cash to eligible participants (generally, participants employed by WHN for at least one year) equal to 100% of the first 6% of an employee's contributed earnings. Vesting of matching contributions varies depending on the participant's date of hire. In 2004, certain eligible employees received profit sharing contributions and bonus contributions, which were 100% vested. Participants may invest contributions in 11 investment funds, including a Company Common Stock fund.

Deferred Compensation Plans

Generally, highly compensated employees, as defined in the Tax Code, are eligible to participate in an unfunded non-qualified deferred compensation plan once the participant has reached the maximum contribution

amount for the 401(k) Plan. Thereafter, the elected contributions will be deferred into the deferred compensation plan and those contributions are matched at the same rate as they would have been in the Company's 401(k) Plan. Effective January 1, 2005, the Company restated its deferred compensation plan to comply with new Section 409A of the Tax Code as enacted by the American Jobs Creation Act of 2004 (the Jobs Act). The restated plan generally mirrors the provisions of its predecessor plan, other than revisions to comply with the Jobs Act and certain administrative changes. The Annual Incentive Deferral Option allows an additional deferral of annual incentive compensation and is matched at the same rate as the rate for the Company's 401(k) Plan.

The declared interest rate on deferred amounts is the average of the 10-year U.S. Treasury Note monthly average rates for the 12-month period ending on September 30 of the previous year, plus 150 basis points. Interest is accrued daily, posted monthly and compounded annually. The retirement rate is credited at 125% of the declared interest rate when the participant reaches the age of 55. Distributions are made 30 days after the end of the quarter of termination or retirement based on the participant's filed distribution election or as otherwise specified in the plan document. Limited in-service withdrawals are available in the event of unforeseeable financial emergencies.

The Company also maintains the Restated Trigon Insurance Company 401(k) Restoration Plan (Trigon Restoration Plan), a non-qualified plan for certain individuals to restore the pretax contribution opportunity and Company match otherwise lost due to the Tax Code limits on pretax contributions. This restated Trigon Restoration Plan was effective January 1, 2005 and generally mirrors the provisions of its predecessor plan, other than revisions to comply with the Jobs Act and certain administrative changes. The Trigon Restoration Plan operates the same as the deferred compensation plan, however, the investment options under the Trigon Restoration Plan mirror the investment options under the 401(k) Plan.

The Company maintains the WellPoint Health Networks Inc. Comprehensive Executive Non-Qualified Retirement Plan and the 2005 Comprehensive Executive Non-Qualified Retirement Plan (collectively, the WHN Deferred Plans) for executives and other select highly compensated employees of WHN and its subsidiaries. Participation in the WellPoint Health Networks Inc. Comprehensive Executive Non-Qualified Retirement Plan has been frozen as of December 2004. Each of the WHN Deferred Plans consists of three separate deferred compensation programs. A supplemental savings program permits deferrals of up to 6% of annual compensation above the limits in the WHN 401(k) Plan on compensation earned after certain Tax Code deferral limits have been reached, provides for a matching contribution from the Company equal to the amount deferred for the year and permits a discretionary supplemental employer profit sharing contribution equal to the amount of profit sharing contributions otherwise limited under WHN 401(k) Plan. Additionally, a supplemental pension benefit contribution program credits participants annually with a lump sum actuarial equivalent of the amount they would have received under the WHN pension plan formula, but for Tax Code limitations on benefits in tax qualified retirement plans, less the amount credited under the above-named pension plan. Finally, a basic deferral program permits participants to defer up to 60% of their base salary and up to 100% of their bonus and certain other items of compensation each year. Investment options for the WHN Deferred Plans mirror those for the WHN 401(k) Plan.

Retirement Plan

The Company sponsors a non-contributory pension plan for certain associates that is qualified under Section 401(a) of the Tax Code and subject to the Employee Retirement Income Security Act (the Qualified Plan). The Company also sponsors the Restated WellPoint Supplemental Executive Retirement Plan (formerly, the Anthem Supplemental Executive Retirement Plan) (the SERP) which provides additional benefits payable out of the Company's general assets to certain participants. The SERP became effective January 1, 2005 and generally mirrors the provisions of its predecessor plan, other than revisions to comply with the Jobs Act and certain administrative changes. The benefits under the SERP are equal to the benefits those participants cannot receive under the Qualified Plan because of the Tax Code limits on benefits and restrictions on participation by highly compensated employees, as defined in the Tax Code.

Table of Contents

On January 1, 1997, the Company converted the Qualified Plan from a final average compensation pension plan into a cash balance pension plan. The Qualified Plan covers substantially all full-time, part-time and temporary associates, including executive officers, and provides a set benefit at age 65, the normal retirement age under the Qualified Plan.

Under the Qualified Plan, at the end of each calendar quarter, a bookkeeping account for each participant is credited with (1) an amount based on the participant's compensation and years of service (the Pay Credit), and (2) interest based on the average of the monthly yields for 10-year U.S. Treasury Security Constant Maturities for the twelve month period ending on September 30 of the preceding plan year. The Pay Credit equals a percentage of the participant's compensation for the plan year and is determined according to the following schedule:

<u>Years of Service</u>	<u>Pay Credit</u>
Up to and including 4	3%
5 - 9	4%
10 - 19	5%
20+	6%

The definition of compensation in the Qualified Plan is the participant's total earned income, including base salary, commissions, overtime pay, cash bonuses and payment of accrued paid time off days at termination, before it is reduced by any before-tax contributions the participant makes to the 401(k) Plan and flexible benefit plan. Compensation does not include imputed income, car allowances, non-qualified deferred compensation, severance payments, payments under the Directed Executive Compensation Program, or similar items.

The SERP continues the calculation of the retirement benefits on a uniform basis. Any excess benefit accrued to a participant under the SERP will be payable according to one of five payment options available under the SERP at termination or retirement.

Messrs. Glasscock, Frick, Smith, Faller and Snead receive benefits under both the Qualified Plan and the SERP. The estimated benefits, under both the Qualified Plan and the SERP, payable in a lump sum upon retirement at normal retirement age are as follows: Mr. Glasscock (\$2,953,690), Mr. Faller (\$3,941,220), Mr. Snead (\$3,341,257) and Mr. Frick (\$736,168). These estimates use 2004 base pay and annual bonus for all future years and assume that the Named Executive Officers remain actively employed until normal retirement age. In connection with his retirement on January 31, 2005, Mr. Smith will receive estimated benefits of \$278,405 under both the Qualified Plan and the SERP.

In addition, the employment agreements for Messrs. Glasscock, Frick and Smith set forth a Replacement Ratio SERP benefit, calculated as a retirement at age 62 or the date of termination, if later than age 62, in an amount equal to 50% of the executive's average annual pay during the three highest consecutive calendar years of his final five calendar years of employment. The benefit will be offset by the amount payable under the Qualified Plan and the SERP. The estimated replacement ratio SERP benefit payable upon retirement at age 65 is as follows: Mr. Glasscock (\$1,446,288 annually) and Mr. Frick (\$575,568 annually). These estimates use 2004 base salary and annual bonus for all future years and assume that such Named Executive Officers remain actively employed until normal retirement age. In connection with his retirement, Mr. Smith received a replacement ratio SERP benefit of \$6,565,810 in February 2005. Additionally, the employment agreement for Mr. Snead provides for a one-time SERP benefit of \$768,503 upon retirement.

Trigon Retirement Plan

Edgar Filing: WELLPOINT INC - Form DEF 14A

The Restated Supplemental Retirement Program for Certain Employees of Trigon Insurance Company covers a select group of management employees of the former Trigon Insurance Company. This plan, which was restated effective January 1, 2005, generally mirrors the provisions of its predecessor plan, other than revisions to comply with the Jobs Act and certain administrative changes. The plan provides a retirement benefit in the

Table of Contents

amount which the participant would receive under the former Trigon qualified retirement program (which was merged into the Qualified Plan effective December 31, 2003) but for the application of Tax Code limitations on benefits in tax qualified plans, less the benefit amount credited under the Qualified Plan.

WHN Retirement Plan

WHN maintained the WellPoint Health Networks Inc. Supplemental Executive Retirement Plan (the "WHN SERP"), which was assumed by the Company when it merged with WHN. The WHN SERP provides for each participant to receive a retirement benefit if the participant's employment with the Company is terminated on or after reaching age 62 and after completing five years of service with the Company. The retirement benefit is equal to either 50% or 60% (as determined by the Compensation Committee when selecting an individual for participation in the WHN SERP) of the participant's final five-year average salary and target incentive compensation. Each participant's benefit is reduced by 3.33% per year (4% per year for participants with a 60% benefit) for each year of service less than 15 years that has been completed by the participant. Participants with five years of service, but who are at least 55 years old, may also elect to receive a reduced benefit. If a participant is terminated in a manner that entitles the participant to benefits under the WellPoint Health Networks Inc. Officer Change in Control Plan, then the participant will become fully vested in his or her benefits under the WHN SERP and will be deemed to have, in the case of Executive Vice Presidents, an additional three years of service with the Company for purposes of computing benefits under the WHN SERP. Amounts payable under the WHN SERP are reduced by amounts provided by specified plans. Payments under the WHN SERP will be made monthly, at each participant's election, in the form of (i) a single life annuity payable during the participant's lifetime, or (ii) a joint and survivor annuity payable during the participant's lifetime, with benefits continued at a rate equal to 50% or 100% during a surviving spouse's lifetime. Any benefits being paid to a participant under the WHN SERP will cease if the participant engages in or has an interest in any business competitive with the Company's business at the time of the participant's termination of employment.

Employment Agreements

The Company has entered into employment agreements with certain of its executive officers, including Messrs. Glasscock, Faller, Snead, Frick and Smith, that provide for each executive's continued employment with the Company. The current terms of the employment agreements are effective through December 31, 2005, although Mr. Smith retired on January 31, 2005 and Mr. Frick has announced his retirement effective as of July 1, 2005.

Under these agreements, each eligible executive's terms and conditions of employment, including rate of base salary, incentive compensation opportunities, participation in associate benefit plans and perquisites are addressed.

The employment agreements provide that the Company will have the right at any time to terminate an executive's employment and that any executive will have the right to terminate his or her employment at the Company. Under the employment agreements with Messrs. Glasscock, Snead, Frick and Smith, the Company will provide them for the remainder of the term with the following benefits in the event of termination by the Company other than for cause, in the event of an approved retirement or in the event of termination by the executive for good reason (as those terms are defined in the employment agreements):

salary;

all unvested prior long-term incentive awards;

annual incentive and long-term incentive awards for the year of termination based upon the achievement of the performance goals for the plans for the entire year of termination prorated to reflect the full number of months the executive was employed;

an amount equal to 80% of any target annual incentive and target long-term incentive opportunities;

Table of Contents

an amount equal to 20% of any target annual incentive and target long-term incentive opportunities if the executive is available for consultation up to a maximum of eight days each quarter of the year;

medical and dental plan benefits and directed executive compensation for which the executive would otherwise have been eligible to receive; and

the replacement ratio SERP benefit described under Retirement Plan.

The employment agreements for Messrs. Frick, Smith and Snead also state that the foregoing benefits are limited to either the greater of two years or the remainder of the term. The employment agreement for Mr. Glasscock also states that the foregoing benefits are limited to the remainder of the term.

Section 280G and Section 4999 of the Tax Code limit deductions by a company for compensation paid to certain senior executives if the payment is contingent on a change of ownership or effective control of a corporation. This deduction is limited to the average taxable compensation of the affected executive for the five years prior to the year that the change of control occurred. If the payments to the executive equal or exceed three times such average taxable compensation, the deduction is limited pursuant to Tax Code Section 280G and these payments are referred to as golden parachute payments. In addition, Tax Code Section 4999 imposes a 20% nondeductible excise tax on the executive on all nondeductible payments.

Pursuant to their employment agreements, in the event Messrs. Glasscock, Snead, Frick or Smith is a recipient of a golden parachute payment, the Company will make an additional gross-up payment to the executive in order to put him in the same after-tax position that he would have been had no excise tax been imposed. The gross-up will result in the Company paying not only the excise tax payable by the executive, but also the income and excise taxes on the additional payments.

Mr. Smith retired from the Company effective January 31, 2005. Because his retirement was an approved retirement under his employment agreement, Mr. Smith will receive the benefits described above for a period of two years after January 31, 2005. Specifically, Mr. Smith will receive:

two years of salary in the amount of \$535,000 per year;

two years of directed executive compensation benefits in the amount of \$34,000 per year;

two years of 100% target annual incentive opportunities (80% plus the additional 20% because Mr. Smith has agreed to be available for consultation up to a maximum of eight days each quarter of each year), in the amount of \$428,000 per year;

two years of 100% long-term incentive opportunities (80% plus the additional 20% because Mr. Smith has agreed to be available for consultation up to a maximum of eight days each quarter of each year), in the amount of \$642,000 per year;

two years of medical and dental plan benefits; and

Edgar Filing: WELLPOINT INC - Form DEF 14A

a lump sum replacement ratio SERP benefit of \$6,565,810.

Mr. Frick has announced that he will retire from the Company effective July 1, 2005. Because his retirement was an approved retirement under his employment agreement, Mr. Frick will receive the benefits described above for a period of two years after July 1, 2005. Specifically, Mr. Frick will receive:

two years of salary in the amount of \$535,000 per year;

two years of directed executive compensation benefits in the amount of \$34,000 per year;

two years of 100% target annual incentive opportunities (80% plus the additional 20% because Mr. Frick has agreed to be available for consultation up to a maximum of eight days each quarter of each year), in the amount of \$428,000 per year;

two years of 100% long-term incentive opportunities (80% plus the additional 20% because Mr. Frick has agreed to be available for consultation up to a maximum of eight days each quarter of each year), in the amount of \$642,000 per year;

Table of Contents

two years of medical and dental plan benefits; and

a lump sum replacement ratio SERP benefit of \$7,319,615.

Under the employment agreement for Mr. Faller, the Company will provide him with the following benefits in the event of termination by the Company other than for cause:

salary;

all unvested prior long-term incentive awards;

annual incentive and long-term incentive awards for the year of termination based upon the achievement of the performance goals for the plans for the entire year of termination prorated to reflect the full number of months Mr. Faller was employed;

an amount equal to 50% of any target annual incentive and target long-term incentive opportunities; and

medical and dental plan benefits for which Mr. Faller would otherwise have been eligible to receive.

The employment agreement for Mr. Faller also states that the foregoing benefits are limited to either the greater of two years or the remainder of the term.

Under these agreements, Messrs. Glasscock, Faller, Snead, Frick and Smith agree not to compete as an equity owner or associate with the Company or its subsidiaries for the greater of (i) two years after the executive's termination for any reason or (ii) the remainder of the term after their termination by the Company other than for cause, after an approved retirement or after termination by the executive for good reason.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee, among other things, approves compensation for the Company's executive officers. The Compensation Committee members during 2004 until November 30, 2004 (the effective date of the WHN Merger) were: William J. Ryan, William G. Mays, James W. McDowell, Jr., Senator Donald W. Riegle, Jr. and Jackie M. Ward. Effective November 30, 2004, the Compensation Committee members are: William J. Ryan, Sheila P. Burke, Jane G. Pisano, Senator Donald W. Riegle, Jr. and Jackie M. Ward. None of the Compensation Committee members was involved in a relationship requiring disclosure as an interlocking director, or under Item 404 of Regulation S-K, or as a former officer or associate of the Company.

Certain Relationships and Related Transactions

Edgar Filing: WELLPOINT INC - Form DEF 14A

Dr. Lenox D. Baker, Jr., a member of our Board of Directors, is a cardiac and thoracic surgeon and is the President of the Mid-Atlantic Cardiothoracic Surgeons, Ltd., which is a provider in the Company's network. For the years ended December 31, 2003 and 2004, the Company made payments in the amount of approximately \$962,000 and \$1,158,000, respectively, to this practice for reimbursement of claims.

In the ordinary course of business, the Company from time to time may engage in transactions with other corporations or financial institutions whose officers or directors are also directors of the Company. Transactions with such corporations and financial institutions are conducted on an arm's length basis, and in 2004, such transactions did not impair the independence of the Company's independent directors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is composed of five directors. All members of the Compensation Committee are outside directors within the meaning of Section 162(m) of the Tax Code, Non-Employee Directors within the meaning of Section 16b-3 of the Securities Exchange Act of 1934 and independent within the meaning of the NYSE listing standards.

Table of Contents

The main objective of our executive compensation program is to pay for performance that increases shareholder value based upon competitive market pay practices. We pay executives, including Named Executive Officers, through:

Base Salary

Annual Bonus

Stock-Based Long-Term Incentive

Other Compensation and Benefits Programs

Each is described below under Elements of the Compensation Package.

Compensation Philosophy

For executives, the Compensation Committee, with the assistance of independent consultants, establishes total pay targets based on the competitive marketplace for comparable jobs. The Compensation Committee used a comparator group of companies consisting of large direct competitors in the health insurance market (regardless of revenue or market capitalization) and other insurance companies, financial services companies, hospital systems, and pharmaceutical companies with similar annual revenue and market capitalization to that of the Company for evaluation of competitive compensation for executives including some of the companies comprising the industry peer group used in the performance graph on page 47. Using these total pay targets, the Compensation Committee determines the appropriate competitive mix of compensation that will incent the executives to achieve our performance and strategic objectives.

Our executive compensation philosophy is to target Base Salary between the median and seventy-fifth percentile of the market data based on relevant industry survey findings and by evaluating the executive's experience, level and scope of responsibility, individual performance, and to provide an opportunity for total cash compensation (Base Salary plus cash incentive) to be such that superb performance will result in upper quartile market total cash compensation levels for executives. In this way, the Compensation Committee seeks to have a significant portion of annual executive compensation based on our performance.

Annual Bonus and Long-Term Incentive awards are based on performance and meeting plan goals. Amounts are not guaranteed to any executive because they are tied to our business results. The Annual Bonus recognizes the extent to which the Company meets or exceeds corporate business results, business unit results and workgroup results. Long-Term Incentives are stock-based and directly link executive and shareholder interests.

The Compensation Committee regularly monitors the compensation program, keeping in mind strategic goals as well as industry practices and trends.

Edgar Filing: WELLPOINT INC - Form DEF 14A

The Compensation Committee expects our executives to demonstrate confidence in our future by owning a substantial amount of stock. In particular, the executive officers must own stock valued at between one and one-half and five times his or her salary by the end of a five year period commencing on the later of the date he or she (a) was first able to purchase shares of the Company Common Stock or (b) became an officer. The Compensation Committee reviews ownership levels annually.

Our policy is to structure and administer the Company's compensation program to permit the tax deductibility of payments as performance based compensation under Section 162(m) of the Tax Code. Further, we requested and received shareholder approval of the Anthem Incentive Program in 2003 in order to comply with the requirements of Section 162(m). From time to time, the Compensation Committee may deem it appropriate to authorize compensation that is not deductible by reason of Section 162(m) or other provisions of the Tax Code.

Elements of the Compensation Package

Base Salary

Base Salary provides competitive annual compensation that reflects the scope and nature of basic job responsibilities. The Compensation Committee grants merit-based salary increases, if appropriate, to Named

Table of Contents

Executive Officers based on an individual's performance and an assessment of whether the current salary is competitive relative to executives in comparable positions at comparator group companies. The President and CEO grants merit-based salary increases to all other executives based on individual performance and an assessment of whether the current salary is competitive relative to available market data for executives in comparable positions.

Annual Bonus

During 2004, the majority of our associates, including executive officers, were eligible to earn awards under the AIP described on page 33. WHN eligible associates, excluding officers, could earn bonuses under the WHN Management Bonus Plan described on page 34. WHN officers were eligible for 2004 annual bonuses pursuant to the WHN Officer Change In Control Plan described on page 34. The Compensation Committee is reviewing these programs and intends to integrate the programs by 2006. The AIP was designed to motivate all associates with competitive awards based upon achievement of competitive financial and operational goals. No awards are made under the AIP unless we attain specified performance goals.

In particular, the performance goals under the AIP are based on a comparison of corporate-wide, business unit and workgroup performance in relation to a number of business criteria including, but not limited to, the following: our earnings per share (EPS), operating gain, business unit operating gain, synergy savings, business unit membership growth and workgroup goals. Financial results must be achieved within the context of customer service, quality and financial integrity standards. Additionally we reward performance that meets operational plans with target pay at levels established based on competitive market data. Better or worse performance can result in a bonus that can range from 0% to 200% of target. For 2005, executives may earn individual bonuses that can range from 0% to 300% of target.

Long-Term Incentive

The Company offers long-term incentives to certain executives under the LTIP described beginning on page 35. The design of the plan focuses management on delivering competitively superior long-term results, aligning executives' interests with shareholder interests (by virtue of the form of awards to executive officers being evenly split between restricted stock and cash), ensuring that executives have incentive opportunities comparable to their counterparts at comparator group companies, and motivating key executives to remain with us.

In anticipation of the merger with WHN, the Compensation Committee established a one-year performance period under the LTIP. Awards were tied to performance criteria of the Company's 2004 EPS and relative growth of 2004 EPS as compared to the Smith-Barney Managed Care Organization peer group companies. Target awards range from 30% to 150% of base salary with an award range between 0% and 200% of the target award.

Stock Incentive

Stock options and restricted stock awards provide an opportunity to attract, motivate and retain high quality associates and executive officers while promoting the success of our business. Equity awards are typically based on industry surveys, market conditions, each executive's individual performance and achievements and future responsibility.

Other Compensation and Benefit Programs

The executive officers also participate in our 401(k) Plan, non-qualified deferred compensation plan, pension plan and supplemental executive retirement plan, all of which are discussed in more detail beginning on page 37.

Compensation of President and Chief Executive Officer

Our President and Chief Executive Officer, Larry C. Glasscock, participates in each of the compensation plans available to other executives. Our compensation philosophy as it relates to Mr. Glasscock is to target base

salary between the median and the seventy-fifth percentile of the market data based on relevant industry survey findings, and to provide an opportunity for total cash compensation (Base Salary plus cash incentive) to be such that superb performance will result in upper quartile market total cash compensation. In this way, the Compensation Committee seeks to have a significant portion of Mr. Glasscock's annual compensation be based on the Company's performance.

Under Mr. Glasscock's leadership, during 2004 the Company again exceeded its financial goals and accomplished its strategic objectives. In particular, the Company completed its merger with WHN, creating the nation's leading health benefits company with approximately 28 million members. The merger will provide significant benefits to members by increasing the Company's ability to optimize costs, to offer more health improvement programs, to provide useful information to consumers and health care professionals, and to further improve service through better information technology. Also during 2004, the Company continued to meet customer needs for outstanding service and products, which resulted in strong internal membership growth and retention of existing members. The Company has increased membership in its existing markets at a compounded annual growth rate of 10% since 1999, and has retained approximately 90% of existing members. In addition, the Company reduced administrative costs in 2004, as the selling, general and administrative (SG&A) expense ratio improved by 270 basis points to 17.0%. The Company introduced new products offering a wider range of price points and benefit options to meet the needs of more health care consumers. The Company's continued efforts to collaborate with health care professionals resulted in improved quality of care and member health. In its annual report on health care quality, the National Committee for Quality Assurance (NCQA) again recognized the Company for its commitment to quality, and Anthem plans in Connecticut, Maine, New Hampshire, Ohio, Indiana, Kentucky, Virginia, and Colorado all hold the NCQA's highest rating.

The Company continued to rank among FORTUNE's 10 most admired health care companies in America. For the second consecutive year, the Company was named by the *Black Equal Opportunity and Entrepreneur Journal* as a top company for which to work, and the mayor of Indianapolis awarded his highest honor to the Company for its commitment to diversity. For operational and strategic excellence in information technology, the Company was recognized by *CIO* magazine as a recipient of the 2004 *CIO* 100 Award. The Company's Spanish-language Web site, Anthem.com en Español, its health information resource site, MyHealth@Anthem, and its e-commerce site, SpecialOffers@Anthem, received numerous national awards for excellence. The Blue Cross Blue Shield Association awarded the Company a first place Best of Blue Marketing and Communications Award for its communications program around the launch of the Diversity Leadership Academy of Greater Indianapolis and a Brand Excellence Award for work done by its Connecticut plan; and its medical policy program was among the Honorable Mention winners at the 2004 Best of Blues Medical and Pharmacy Management Conference.

Mr. Glasscock's base salary for 2004 was \$1,081,600 which the Compensation Committee believes is in the competitive range for comparable positions. Mr. Glasscock was also paid the amount of \$2,057,878 for performance under our AIP for 2004 and \$2,023,620 as the cash award under the LTIP for the 2004 performance period. In 2004, Mr. Glasscock was granted an option to purchase 200,000 shares of Common Stock which option vests in three equal annual installments commencing on the first anniversary of the grant date.

WELLPOINT, INC.

CORPORATE GOVERNANCE GUIDELINES

Role of the Board of Directors and Management

The Board of Directors (Board) of WellPoint, Inc. (the Company) is the ultimate decision- making body of the Company except with respect to matters reserved to the shareholders. It oversees and guides the Company s business through the exercise of its business judgment in what it reasonably believes to be in the best interests of the Company and its shareholders. Within this framework, the Board also considers the interests of other constituents such as members, associates, business partners and the communities in which the Company operates. It selects the Chief Executive Officer (CEO) who in turn selects executives (collectively Management) who are charged with the conduct of the Company s business in a manner that is consistent with the direction provided by the Board and the Standards of Ethical Business Conduct of the Company. Having selected Management, the Board oversees and monitors their performance.

Composition, Selection and Compensation of the Board

Size of the Board

The size and composition of the Board should be appropriate for effective deliberation of issues relevant to the Company s business and related interests and not exceed a number that can function efficiently as a body. Thus, it is the policy of the Company that the size of the Board should be within the range of ten to nineteen members.

Independent Directors

It is the policy of the Company that the Board consists of a majority of independent Directors. Independence is determined in accordance with the New York Stock Exchange Listing Standards, as amended from time to time (Listing Standards). The Board has adopted categorical standards for the determination of independence of its members as provided in the Listing Standards. The Governance Committee will identify individuals believed to be qualified to become Directors and recommend to the Board the nominees to stand for election by the shareholders, or in the case of a vacancy, by the Board.

Former Chief Executive Officer s Board Membership

It is the policy of the Company that when a CEO terminates his or her employment with the Company, he or she should submit a written resignation from the Board at the same time. Whether the individual continues to

Table of Contents

serve on the Board is a matter for discussion at that time by the Board. A former CEO serving on the Board will not be considered an independent Director for any cooling off period required by the Listing Standards.

Directors Who Change Their Present Job Responsibility

It is the policy of the Company that when a Director's principal occupation or business association changes substantially from the position he or she held when originally invited to join the Board, the Director should notify in writing the Chairman of the Board, the CEO and the Chairman of the Governance Committee. The Board does not believe that Directors who retire or change from the position they held when they came on the Board should necessarily leave the Board. There should, however, be an opportunity for the Board to review the continued appropriateness of Board membership under these circumstances.

Service on Other Boards of Directors

Directors are encouraged to limit the number of other public company boards on which they serve to insure effective service on the Company's Board. Directors should notify in writing the Chairman of the Board, the CEO and the Chairman of the Governance Committee in advance of accepting an invitation to serve on the board of another public company, the audit committee of another board or the board of a health care provider.

Term Limits

The Board does not believe it should establish term limits. While term limits could help ensure that there are fresh ideas and viewpoints available to the Board, they hold the disadvantage of losing the contribution of Directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an important contribution to the Board.

Retirement Age

It is the policy of the Company that a Director may not stand for re-election if he or she has attained the age of 70 prior to the annual meeting of shareholders at which his or her term of office expires. A Director who attains the age of 70 during his or her term may continue as a Director until his or her term ends.

Extending the Invitation to a Potential Director to Join the Board

The invitation to join the Board should be extended by the Board itself via the Chairman of the Board, the CEO, and the Chairman of the Governance Committee.

Director Orientation and Continuing Education

The Company has an orientation process for new Directors that includes detailed background material on the Company and meetings with Management. Thereafter, Directors receive materials and briefings on subjects that assist them in discharging their duties and have the opportunity to participate in continuing education programs developed and/or presented by accredited experts.

Board Compensation and Stock Ownership Guidelines

The Governance Committee will annually review and recommend to the Board the compensation and reimbursement arrangements for Directors. To create a linkage with shareholders, the Board believes that a meaningful portion of a Director's compensation should be provided in common stock. Further, each Director has an obligation to own three times the annual retainer fee in Company common stock at the end of a five year period commencing on the later of the date such Director joined the Board or May 3, 2002.

Table of Contents

Board Leadership

Selection of Chairman and CEO

It is the policy of the Company that the positions of Chairman of the Board and the CEO may be filled by the same person or by different persons.

Presiding Director

The Presiding Director position will be filled by an independent member of the Board and will rotate quarterly among the Chairpersons of the Audit, Compensation and Governance committees.

The Presiding Director will preside at the meetings of the shareholders and Board in the absence of the Chairman of the Board and preside at meetings of the independent Directors.

Functions of the Board

Access to Independent Advisors

The Board believes that access to independent advisors plays an important role in the discharge of its duties and responsibilities. As such, the Board on occasion may select, retain, terminate and approve fees for such independent advisors as it deems appropriate in the discharge of its duties and responsibilities.

Interaction with Institutional Investors, Press, Customers, Etc.

The Board believes that the Management speaks for the Company. Individual Directors may, from time to time, at the request of the Management, meet or otherwise communicate with various constituencies that are involved with the Company. If comments from the Board are appropriate, they should, in most circumstances, come from the Chairman of the Board or the Presiding Director.

Access to Senior Management

Edgar Filing: WELLPOINT INC - Form DEF 14A

Directors have complete access to Management and are encouraged to visit the Company facilities and operations.

Furthermore, the Board encourages the CEO, from time to time, to bring associates into Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas, and/or (b) are associates with future potential that the CEO believes should be given exposure to the Board.

Annual Self-Evaluation

The Board will annually conduct a self-evaluation and oversee the annual self-evaluation required of the standing committees. The evaluations will be based on such objective and subjective criteria as the Board deems appropriate.

Board Meetings

Meetings

It is the policy of the Company that all major decisions be considered by the Board as a whole. As a consequence, the Board will hold regularly scheduled meetings, at least, four times a year, plus special meetings as the need arises.

Selection of Agenda Items for Board Meetings

The Chairman of the Board and the CEO will establish the agenda for each Board meeting.

Each Director is encouraged to suggest the inclusion of item(s) on the agenda.

Table of Contents

Board Materials Distributed in Advance

Information and data that is important to the Board's understanding of the matters to be considered will be distributed in writing by Management before the Board meets. The Chairman of the Board will facilitate the delivery of information to the Directors.

Board Presentations

As a general rule, presentations on specific subjects should be sent to the Board in advance so that Board meeting time may be conserved and discussion time focused on the issues arising from the presentations.

Board Attendance and Participation

Directors are expected to prepare for, attend, and participate in all Board and applicable committee meetings.

Executive Sessions of Non-Management and Independent Directors

Non-management Directors of the Board will meet in Executive Session at least four times each year. Independent Directors of the Board will meet in Executive Session at least twice a year. The format of these meetings will, in part, include a discussion with the CEO.

Committee Matters

Number, Structure and Independence of Committees

The committee structure is limited to those committees considered to be basic to or required for the operation of a publicly owned company. From time to time, the Board may want to form a new committee or disband a current committee depending upon the circumstances. The current five committees are Audit, Compensation, Executive, Governance, and Planning. The duties and responsibilities of the committees are set forth in the Company's By-Laws and committee charters. The Audit, Compensation and Governance Committees will consist solely of independent Directors as determined by the Board consistent with the Categorical Standards and the Listing Standards. In addition, members of the Audit Committee will meet the independence and financial knowledge standards of the Securities and Exchange Commission, and at least, one member will be an audit committee financial expert. No member of the Audit Committee will serve on the audit committee of more than two other public companies unless the Board determines that such simultaneous service would not impair his or her ability to effectively serve on the Audit Committee.

Assignment and Rotation of Committee Members

The Board believes that there should be periodic rotation of committee membership among Directors. However, there may be reasons at a given point in time to maintain an individual Director's committee membership for a long period.

Frequency and Length of Committee Meetings

The Chairman of the committee, in consultation with the members of the committee, will determine the frequency and length of the meetings of the committee.

Committee Agenda

The Chairman of the committee, in consultation with the members of the committee and Management, will develop the committee's agenda.

Table of Contents

Leadership Development

Formal Evaluation of the CEO

The Compensation Committee will conduct for the Board an annual evaluation of the CEO's performance. The results will be communicated to the CEO by the Chairman of the Compensation Committee. The evaluation should be based on objective criteria including performance of the business, accomplishment of long-term strategic and annual objectives, development of Management and other criteria set by the Board designed to measure the CEO's leadership of the Company. The evaluation will be used by the Compensation Committee in the course of its deliberations when considering the compensation of the CEO.

Succession Planning for the CEO

The Board plans for succession to the position of the CEO. To assist the Board, there will be available, on a continuing basis, the CEO's written recommendations for an interim successor in the event of the death, disability, other emergency or termination of the CEO.

Management Development and Succession Planning

There will be a periodic report to the Board by the CEO on the Company's program for the development and succession planning for Management.

Management Stock Ownership Guidelines

To create a linkage with shareholders, the Board believes that Management should own a meaningful amount of common stock of the Company. Thus, the Board has adopted Stock Ownership Guidelines that require the CEO to own five times his or her base salary at the end of a five year period commencing on the later of the date he or she became CEO or May 3, 2002. Other members of Management have a similar requirement that varies from one and one-half to three times the person's base salary depending upon his or her position.

Standards of Ethical Business Conduct and Reporting of Irregularities

Personal Loans

The Company will not extend credit or arrange for the extension of credit in the form of a personal loan to Directors or Management.

Standards of Ethical Business Conduct

The Company has adopted Standards of Ethical Business Conduct (the Standards) for Directors, Management and other associates of the Company. The purpose of the Standards is to focus on areas of ethical risk, provide guidance in recognizing and dealing with ethical issues, provide mechanisms to report unethical conduct and help foster a culture of honesty and integrity. The Standards are posted on the Company's web site.

Everyone is expected to act in accordance with the requirements of the Standards. Waivers of the Standards for any Director, the CEO, the Chief Financial Officer and other Executive Officers may only be made by the Board or by a Board committee composed of Independent Directors. Any such waiver will be posted on the Company web site and otherwise disclosed as required by law.

Reports of Irregularities

Any reports of concerns regarding accounting, internal auditing controls, auditing matters or other irregularities or concerns, will be brought to the attention of the Chairman of the Audit Committee. These reports may be anonymous if made using the Corporate Compliance HelpLine (877) 725-2702. The Chairman of the Audit Committee will report periodically to the Board of Directors concerning these matters.

These Corporate Governance Guidelines are reviewed by the Governance Committee and the Board from time to time. Matters of corporate governance and changes to these guidelines will be made by a vote of the independent Directors.
