PROXY STATEMENT

GENERAL INFORMATION

PROXY STATEMENT AND SOLICITATION OF PROXIES

Solicitation by Board

This proxy statement is being furnished in connection with the solicitation of proxies by our Board of Directors for use at our Annual Meeting of Stockholders to be held on May 18, 2005.

Solicitation of Proxies and Related Expenses

All expenses incurred in connection with this solicitation shall be borne by us. It is contemplated that this solicitation of proxies will be made primarily by mail; however, if it should appear desirable to do so in order to ensure adequate representation at the meeting, our directors, officers and employees may communicate with stockholders, brokerage houses and others by telephone, facsimile or electronic transmission or in person to request that proxies be furnished. We may reimburse banks, brokerage houses, custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy materials to the beneficial owners of the shares held by them. We have retained MacKenzie Partners, Inc. to assist in the solicitation of proxies for a fee of \$5,000, plus out-of-pocket expenses.

Mailing Date

This proxy statement and the accompanying proxy are being mailed on or about April 15, 2005 to our stockholders of record as of the close of business on April 1, 2005, which is the record date for the determination of stockholders entitled to receive notice of and to vote at the meeting.

Shares Outstanding

As of the record date, there were 43,236,303 shares of common stock outstanding and entitled to vote. Each stockholder is entitled to one vote for each share of common stock held as of the record date.

Voting Rights

A majority of shares entitled to vote, represented in person or by proxy, will constitute a quorum at the annual meeting. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting for the purpose of determining whether a quorum is present, and each is tabulated separately. In tabulating the voting result for any proposal requiring the affirmative vote of a majority or other proportion of the shares present and entitled to vote, abstentions will be considered shares present and entitled to vote, and broker non-votes will not be considered shares present and entitled to vote. Abstentions or broker non-votes or other failures to vote will have no effect in the election of directors. In determining whether any other proposal has been approved, abstentions are counted as votes against a proposal and broker non-votes are not counted.

Vote Required

A quorum is required for the approval of any of the proposals set forth herein. Directors will be elected by a plurality of the votes cast. The approval of any other proposal to be considered at the annual meeting requires the affirmative vote of the holders of a majority of the shares present and entitled to vote at the annual meeting in person or by proxy.

Voting of Proxies

The persons named as proxies in the accompanying proxy were designated by our Board and are our officers. All proxies that are properly completed, signed and returned to us prior to the meeting, and not revoked, will be voted in accordance with the instructions given in the proxy. If a choice is not specified in the proxy, the proxy will be voted FOR election of the director nominees listed therein, and FOR ratification of our appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2005.

Revoking a Proxy

Any proxy may be revoked or superseded by executing a later proxy or by giving notice of revocation in writing prior to, or at, the annual meeting, or by attending the annual meeting and voting in person. Attendance at the annual meeting will not in and of itself constitute revocation of the proxy.

STOCKHOLDER PROPOSALS

Any stockholder desiring to submit a proposal for action at our 2006 annual meeting of stockholders and presentation in our proxy statement for such meeting should deliver the proposal to us at our principal place of business no later than December 16, 2005 in order to be considered for inclusion in our proxy statement relating to that meeting. Matters pertaining to proposals, including the number and length thereof, eligibility of persons entitled to have such proposals included and other aspects are regulated by the Securities Exchange Act of 1934, as amended, Rules and Regulations of the Securities and Exchange Commission and other laws and regulations to which interested persons should refer. Our procedures for stockholders to submit nominations of director candidates are discussed under the heading "Stockholder Nominations" on page 8.

Rule 14a-4 under the Securities Exchange Act of 1934, as amended, governs our use of our discretionary proxy voting authority with respect to a stockholder proposal which is not addressed in our proxy statement. Such rule provides that if a proponent of a proposal fails to notify us at least 45 days prior to the current year's anniversary of the date of mailing of the prior year's proxy statement, then we will be allowed to use our discretionary voting authority when the proposal is raised at the meeting, without any discussion of the matter in the proxy statement. We anticipate that our next annual meeting will be held in May 2006. If we do not receive any stockholder proposals for our 2006 annual meeting before March 1, 2006, we will be able to use our voting authority as outlined above.

OTHER MATTERS

Management is not aware of any other matters that will be presented for consideration at our 2005 annual meeting. If any other matter not mentioned in this proxy statement is brought before the meeting, the proxy holders named in the enclosed proxy will have discretionary authority to vote all proxies with respect thereto in accordance with their judgment.

CORPORATE GOVERNANCE

We are committed to promoting the best interests of our stockholders by establishing sound corporate governance practices and maintaining the highest standards of responsibility and ethics. Our Board of Directors has adopted corporate governance guidelines, which consist of written standards relating to, among other things, the composition, leadership, operation and evaluation of the Board and its committees. The Corporate Governance and Nominating Committee of our Board reviews and evaluates at least annually the adequacy of and our compliance with such guidelines. A copy of our corporate governance guidelines is available on our Internet web site at www.newport.com. We will also provide an electronic or paper copy of these guidelines free of charge, upon request made to our Corporate Secretary.

Board of Directors

Independence

With the exception of Mr. Deuster, our Chairman and Chief Executive Officer, all of the members of our Board of Directors are independent as defined by Rule 4200(a)(15) of the Nasdaq Marketplace Rules. Our Board has determined that no member has a relationship that would interfere with the exercise of independent judgment in carrying out his responsibilities as a director. The independence of each director is reviewed periodically to ensure that, at all times, at least a majority of our Board is independent.

Lead Independent Director

On the recommendation of the Corporate Governance and Nominating Committee of the Board, the independent directors appoint from among themselves a lead independent director to serve for a term of three years. No individual serves as lead independent director for consecutive terms. Mr. Potashner is currently serving as the lead independent director for a three-year term expiring in August 2006. The lead independent director participates in the leadership of the Board, serving as a focal point for discussions among the independent directors to facilitate their communication with each other and with management. The lead independent director presides over and sets agendas for private meetings of the

Edgar Filing: NEWPORT CORP - Form DEF 14A

independent directors, provides feedback to the Chairman and Chief Executive Officer on behalf of the independent directors regarding business issues and Board management, and has other responsibilities as may be designated by the independent directors from time to time.

Meetings

It is the policy of our Board to hold at least four regular meetings each year, typically in February, May, August and November. The regular meeting held in May of each year coincides with our annual meeting of stockholders. Generally, all directors attend our annual meetings of stockholders and, in any event, at least a majority of the directors attend each annual meeting. All directors attended our 2004 annual meeting of stockholders, and it is anticipated that all directors will attend our 2005 annual meeting.

Our Board held nine meetings (including telephonic meetings) during the fiscal year ended January 1, 2005. Each director attended at least seventy-five percent of the aggregate of the number of meetings of the Board and the number of meetings held by all committees of the Board on which he served (during the periods that he served).

Private Sessions

Our independent directors meet privately, without management present, at least four times during the year. These private sessions are generally held in conjunction with the regular quarterly Board meetings. Other private meetings are held as often as deemed necessary by the independent directors.

Committees of the Board

Our Board has three separate standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. Each committee operates under a written charter adopted by the Board. A copy of the charter of the Audit Committee was included as Appendix A to our proxy statement relating to our 2003 annual meeting of stockholders. Copies of the charters of all standing committees are available on our Internet web site at www.newport.com. We will also provide electronic or paper copies of the standing committee charters free of charge, upon request made to our Corporate Secretary.

Audit Committee

The Audit Committee is comprised of three directors. The current members are Messrs. Guyett (Chairman), Patel and Simone. None of the members of the Audit Committee are or have been our officers or employees, and each member qualifies as an independent director as defined by Rule 4200(a)(15) of the Nasdaq Marketplace Rules and Section 10A(m) of the Securities Exchange Act of 1934, as amended, and Rule 10A-3 thereunder. The Board has determined that Messrs. Guyett and Simone are audit committee financial experts as defined by the regulations promulgated by the Securities and Exchange Commission. The Audit Committee held ten meetings (including telephonic meetings) during the fiscal year ended January 1, 2005.

The Audit Committee has the sole authority to appoint (subject to ratification by our stockholders) and, when deemed appropriate, replace our independent auditors, and has established a policy of pre-approving all audit and permissible non-audit services provided by our independent auditors. The Audit Committee has, among other things, the responsibility to evaluate the qualifications and independence of our independent auditors; to review and approve the scope and results of the annual audit; to evaluate with the independent auditors our financial staff and the adequacy and effectiveness of our systems and internal financial controls; to review and discuss with management and the independent auditors the content of our financial statements prior to the filing of our quarterly reports on Form 10-Q and annual reports on Form 10-K; to review the

Edgar Filing: NEWPORT CORP - Form DEF 14A

content and clarity of our proposed communications with investors regarding our operating results and other financial matters; to review significant changes in our accounting policies; to establish procedures for receiving, retaining and investigating reports of illegal acts involving us or complaints or concerns regarding questionable accounting or auditing matters, and supervise the investigation of any such reports, complaints or concerns; to establish procedures for the confidential, anonymous submission by our employees of concerns or complaints regarding questionable accounting or auditing matters; and to provide sufficient opportunity for the independent auditors to meet with the committee without management present. The Audit Committee also has the responsibility to adopt and continually review and assess our investment policy; to oversee the management of our investment portfolio and evaluate the performance of our portfolio manager; and to review and make recommendations to the Board with respect to certain significant capital spending proposals.

Compensation Committee

The Compensation Committee is comprised of three directors. The current members are Messrs. Aplin (Chairman), Potashner and Schmidt. Each member of the Compensation Committee qualifies as an independent director as defined by Rule 4200(a)(15) of the Nasdaq Marketplace Rules. The Compensation Committee held four meetings during the fiscal year ended January 1, 2005. The Compensation Committee has the responsibility to develop guidelines for, evaluate and approve cash and equity compensation and benefit plans, programs and agreements for our Chief Executive Officer and other executive officers; to administer our stock incentive plans, stock purchase plans and similar incentive plans; and to develop guidelines for and approve grants of stock options to key personnel under such incentive plans.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee is comprised of four directors. The current members are Messrs. Potashner (Chairman), Guyett, O'Neill and Schmidt. Each member of the Corporate Governance and Nominating Committee qualifies as an independent director as defined by Rule 4200(a)(15) of the Nasdaq Marketplace Rules. The Corporate Governance and Nominating Committee held three meetings during the fiscal year ended January 1, 2005.

The Corporate Governance and Nominating Committee has the responsibility to ensure that the Board is properly constituted to meet its fiduciary obligations to Newport and our stockholders and that we have and follow appropriate governance standards. To carry out this purpose, the Corporate Governance and Nominating Committee has the responsibility to develop, continually assess and monitor compliance with our corporate governance guidelines; to evaluate the size and composition of our Board, the criteria for Board membership, and the independence of Board members; to oversee the evaluation of the performance of our Board and its committees and our management; and to assist our Board in establishing appropriate committees and to recommend members for such committees. The Corporate Governance and Nominating Committee also has the responsibility to identify, evaluate and recommend to our Board candidates for nomination and election as members of our Board.

Identifying and Evaluating Director Candidates

The Corporate Governance and Nominating Committee identifies potential director candidates through a variety of sources, including recommendations made by current or former directors, members of our executive management, stockholders and business, academic and industry contacts. When appropriate, a search firm may be retained by the committee to identify director candidates.

The Corporate Governance and Nominating Committee reviews and assesses at least annually the size and composition of our Board and the criteria for Board membership, including independence, character, judgment, diversity, age, business background, experience and other relevant matters. Candidates for director are evaluated based on such established criteria and certain provisions of our bylaws. In accordance with our bylaws, no person is eligible to be elected or to serve as a director if such person is affiliated with any of our business competitors.

In evaluating a potential director candidate, the committee considers all relevant information regarding the candidate, as well as the candidate's ability and willingness to devote adequate time to Board responsibilities. The committee considers the Board's current and anticipated needs, and makes every effort to maintain an appropriate balance of business background, skills and expertise based on the variety of industries that we serve. When appropriate, the Corporate Governance and Nominating Committee will recommend qualified candidates for nomination by the full Board. Any candidate recommended by a stockholder will be considered by the Corporate Governance and Nominating Committee in the same manner as all other proposed candidates in accordance with these standards.

Stockholder Nominations

In accordance with our bylaws, stockholders may submit a nomination of a candidate for election as director by delivering a written notice to our Corporate Secretary at least ninety days prior to the date corresponding to the record date of our previous year's annual meeting in the event of election at an annual meeting, and at least seventy-five days prior to the initiation of solicitation to our stockholders for election in the event of election other than at an annual meeting. Such notice shall set forth (1) the name, age, business address and residence address of such nominee, (2) the principal occupation or employment of such nominee, (3) the number of shares (if any) of our capital stock which are beneficially owned by such nominee, and (4) such other information concerning such nominee as would be required under the then-current rules of the Securities and Exchange Commission to be included in a proxy statement soliciting proxies for the election of the nominee. Any such notice shall be accompanied by a signed consent of such nominee to serve as a director, if elected. If the Corporate Governance and Nominating Committee or the Board determines that any nomination made by a stockholder was not made in accordance with the foregoing procedures, such nomination will be void.

Communications with our Board

Any stockholder may communicate with our Board, any Board committee, or any individual director. All communications should be made in writing, addressed to the Board, the Board committee or the individual director, as the case may be, in care of our Corporate Secretary, mailed or delivered to our corporate offices at 1791 Deere Avenue, Irvine, California 92606. Our Corporate Secretary will forward or otherwise relay all such communications to the intended recipient(s).

Corporate Responsibility

Code of Ethics

Our Board has adopted a written code of ethics that applies to our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, and persons performing similar functions. Such code of ethics consists of standards that, among other things, are designed to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; full, fair, accurate, timely and understandable disclosure in reports and documents that we file with, or furnish to, the Securities and Exchange Commission and/or make in other public communications; compliance with applicable governmental laws, rules and regulations; the prompt internal reporting of violations of the code to our Legal Department and/or our Audit Committee; and accountability for adherence to the code. A copy of our code of ethics is available on our Internet web site at www.newport.com. We will also provide an electronic or paper copy of the code of ethics free of charge, upon request made to our Corporate Secretary. If any substantive amendments are made to the written code of ethics, or if any waiver (including any implicit waiver) is granted from any provision of the code to our Chief Executive Officer, Chief Financial Officer or Chief Accounting Officer, we will disclose the nature of such amendment or waiver on our Internet web site at www.newport.com or in a report on Form 8-K.

We are committed to achieving compliance with all applicable securities laws and regulations, accounting standards, accounting controls and audit practices. The Audit Committee of our Board has established written procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by our employees of concerns or complaints regarding such matters. Our Audit Committee will oversee the handling of such concerns or complaints.

The figures above represent options to purchase an aggregate of 381,250 shares of our common stock, granted pursuant to our 2001 Stock Incentive Plan. All of these options vest in 25% increments on each of the first four anniversaries of the grant date. During 2004, we granted options to purchase a total of 937,591 shares of common stock to our employees. All of the options granted to our employees in 2004, including those granted to our named executive officers, were granted at an exercise price equal to the fair market value of the common stock on the date of grant.

The potential realizable value represents amounts, net of exercise price and before taxes, that may be realized upon exercise of the options immediately prior to the expiration of their terms assuming appreciation of 5% and 10% over the option term. The amounts are calculated by first taking the market price of our common stock on the grant date and calculating an assumed value at the end of the ten-year option term based on compound annual appreciation rates of 5% and 10%, respectively, then subtracting the exercise price per share and multiplying the resulting amount by the number of shares subject to the option. The 5% and 10% appreciation rates are prescribed by rules promulgated by the Securities and Exchange Commission and do not reflect our estimate of future stock price growth. The actual value realized may be greater or less than the potential realizable value set forth in the table.

OPTION EXERCISES

The following table sets forth certain information concerning the exercise of options by our named executive officers during the year ended January 1, 2005, including the aggregate value of gains on the date of exercise. In addition, the table includes the number of shares underlying both exercisable and unexercisable stock options held by the named executive officers as of January 1, 2005, and the values for in-the-money options that represent the total positive spread, if any, between the exercise prices of existing stock options and the market value of our common stock as of January 1, 2005, which was \$14.10 per share.

SEVERANCE AND OTHER AGREEMENTS*Severance Compensation Agreements*

We have entered into a severance compensation agreement with each of our named executive officers and certain of our other executive officers providing for certain payments and benefits in the event that such officer's employment is terminated within two years of a change in control of Newport (as defined in the agreement), unless such termination results from the officer's death, disability or retirement, or the officer's resignation for reasons other than good reason (as defined in the agreement), or constitutes a termination by us for cause (as defined in the agreement). In such event, the executive officer will be entitled to: (i) a lump sum severance payment equal to twelve months of such officer's highest base salary during the twelve month period preceding termination (with the exception of Mr. Deuster, who will be entitled to a severance payment of twenty-four months of salary); (ii) a bonus payment equal to such officer's incentive compensation bonus payable under our annual incentive plan or other bonus plans then in effect, assuming 100% satisfaction of all performance goals; (iii) continuation of benefits under our medical, dental and vision plans, and long-term disability insurance for a specified period of time, (iv) automatic vesting of all unvested restricted stock held by the officer, (v) payment of an amount equal to the difference between

the exercise price and fair market price (calculated as set forth in the agreement) of the shares of common stock subject to all vested and unvested stock options held by the officer, and (vi) certain other benefits, including payment of an amount sufficient to offset any excess parachute payment excise tax payable by the officer pursuant to the provisions of the Internal Revenue Code of 1986, as amended, and/or any comparable provision of state or foreign law.

In addition, our agreement with Mr. Phillippy provides that, in the event we terminate his employment other than for cause at any time during the term of the agreement in absence of a change in control of Newport, he will be entitled to the same salary and bonus severance payments described above. Our agreement with Mr. Deuster provides that, in the event we terminate his employment other than for cause at any time during the term of the agreement in absence of a change in control of Newport, he will be entitled to one-half of the salary severance payment, and all of the bonus severance payment described above.

In connection with our acquisition of Spectra-Physics, we entered into an agreement with each of Messrs. Alexandersson, Craig and Mills, which provides that if, during the first two years of each individual's employment with us, his employment is terminated by us for reasons other than for cause (as defined in the agreement), death or disability, or if he resigns for good reason (as defined in the agreement), he will receive (i) a lump sum severance payment equal to twelve months of his base salary in effect immediately prior to termination; (ii) a bonus payment equal to his incentive compensation bonus payable under our annual incentive plan or other bonus plans then in effect, assuming 100% satisfaction of all performance goals; (iii) continuation of benefits under our medical, dental and vision plans, and long-term disability insurance for a specified period of time, and (iv) automatic vesting of all unvested restricted stock then held by him. If such termination follows a change in control (as defined in the agreement), then, in addition to the foregoing severance benefits, all unvested stock options held by such individual will automatically vest and become immediately exercisable upon termination.

Indemnification of Officers and Directors

We have entered into indemnification agreements with each of our executive officers and directors, and certain other officers, which provide contractual protection of certain rights of indemnification by us. The indemnification agreements provide for indemnification of our officers and directors to the fullest extent permitted by our articles of incorporation, bylaws and applicable law. Under the agreements, we indemnify our officers and directors against all fees, expenses, liabilities and losses (including attorney's fees, judgments, fines, and amounts paid in any settlement we approved) actually and reasonably incurred in connection with any investigation, claim, action, suit or proceeding to which any such officer or director is a party by reason of any action or inaction in his capacity as our officer or director or by reason of the fact that the officer or director is or was serving as our director, officer, employee, agent or fiduciary, or of any of our subsidiaries or divisions, or is or was serving at our request as our representative with respect to another entity, subject to limitations imposed by applicable law. We will not indemnify such officer or director, however, for expenses and the payment of profits arising from the purchase and sale by the officer or director of securities in violation of Section 16(b) of the Securities Exchange Act of 1934, as amended.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers and persons who own more than ten percent of a registered class of our equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely upon the review of copies of such reports furnished to us and written representations that no other reports were required during fiscal year 2004 or prior fiscal years, all of our officers, directors and greater than ten percent stockholders have complied with all applicable Section 16(a) filing requirements.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have entered into an agreement with Pranalytica, Inc. to perform certain laser diode packaging services on their behalf. The value of such agreement is \$198,000, and we believe that it represents the fair market value of the services. C. Kumar N. Patel, one of our directors, is an officer and shareholder of Pranalytica, Inc.

In connection with our acquisition of Spectra-Physics, we issued 3,220,300 shares of our common stock to Thermo Electron Corporation (Thermo). All of such shares are currently held by Thermo and represent approximately 7.5% of our outstanding common stock as of February 28, 2005. We have entered into a stockholder agreement with Thermo pursuant to which we have agreed to register such shares for resale. As part of the purchase price for Spectra-Physics, we also issued a promissory note to Thermo in the principal amount of \$50 million, which bears interest at 5% per annum, payable quarterly, and is due and payable in full on July 16, 2009.

In addition, we have entered into real property leases with Thermo for the facilities operated by Spectra-Physics located in Tucson, Arizona, Franklin, Massachusetts, and Rochester, New York. The lease for the Tucson, Arizona facility has a term of ten years expiring on July 31, 2014, and provides for annual rental payments to Thermo in the amount of \$562,000, subject to periodic adjustments. The lease for the Franklin, Massachusetts facility has a term expiring on January 31, 2006, and provides for annual rental payments to Thermo in the amount of \$321,112. The lease for the Rochester, New York facility has a term of five years expiring July 31, 2009, and provides for annual rental payments to Thermo in the amount of \$200,000, subject to periodic adjustments.

We have entered into a supply agreement with Thermo pursuant to which each of Spectra-Physics and Thermo will supply certain products to the other party. Such supply agreement has a term of three years expiring July 16, 2007. It contains customary business terms and does not contain any fixed or minimum purchase commitments. From July 16, 2004 through February 28, 2005, we purchased approximately \$747,000 in products from Thermo, and supplied approximately \$1.1 million in products to Thermo, under the supply agreement. We have also entered into a transition services agreement with Thermo pursuant to which Thermo will, for a period of three years following the date of acquisition, continue to provide certain administrative support services, assistance and cooperation as needed by Spectra-Physics at standard hourly rates agreed to by the parties. From July 16, 2004 through February 28, 2005, we paid Thermo approximately \$191,000 for services provided under the transition services agreement.

The Compensation Committee is responsible for developing guidelines for, evaluating and approving executive officer cash and equity compensation and benefit plans, programs and agreements; administering Newport's stock incentive plans, stock purchase plans and similar incentive plans; and developing guidelines for and approving grants of stock options to key personnel under such incentive plans.

Executive Compensation Policy and Objectives

The Committee develops and administers Newport's executive compensation policies and programs with two primary objectives: first, to attract, retain and motivate the high caliber executives required for the success of Newport's business; and second, to motivate these executives to achieve short-term and long-term goals that enhance long-term stockholder value. To fulfill these objectives, the Committee has adopted the following policies:

to pay compensation that is competitive with other companies in Newport's markets and in its geographic location that have revenues comparable to Newport's, or that Newport believes compete with it for executive talent;

to provide Newport's executives with an annual incentive that is tied to the achievement of challenging performance objectives; and

to provide Newport's executives with a long-term incentive, in the form of stock options, to retain and motivate them to create long-term stockholder value.

The Committee determines compensation levels for Newport's executive officers by reviewing compensation surveys of national scope encompassing high technology organizations and compensation data regarding other companies in Newport's markets that have revenues comparable to Newport's, or that Newport believes compete with it for executive talent. The Committee's practice is to target base salaries and total cash compensation at the 50th percentile of these peer companies, and to target total compensation, including equity compensation, at the 75th percentile of these peer companies. The Committee utilizes a combination of compensation elements to achieve its objectives. The basic elements of the executive compensation program are discussed below.

Base Salary

Newport's base salary levels are determined based on factors including the competitive market, the individual executive's performance and contributions to Newport's success, time on the job and internal equity. Annual salary adjustments are determined by individual performance within an annual budget approved by the Committee. From January 2001 until January 2004, in light of the difficult business conditions that were facing Newport, the Committee did not make any general increases in any executive officer base salaries, other than in connection with increases in responsibility or for reasons of internal equity. Effective January 2004, the Committee approved increases ranging from 2% to 4% in the base salaries of Newport's executive officers, with the exception of Mr. Deuster. In connection with Newport's acquisition of Spectra-Physics in July 2004, the Committee approved base salaries for executives of Spectra-Physics who would remain with the combined company based upon the Committee's compensation policies discussed above. At that time, the Committee also approved increases in the base salaries of Newport's existing executive officers based upon changes in Newport's organizational structure and the expanded responsibility of each executive resulting from the acquisition, which more than doubled the size of Newport in terms of revenues, number of employees and facilities.

Annual Incentives

Newport's annual incentive program focuses on linking a significant portion of each executive officer's total compensation to the achievement of challenging performance targets established at the beginning of each year. The Committee may also award bonuses in cases where such performance targets are not met if it determines that the circumstances warrant such action. Each executive's incentive is based 70% on financial performance measures for Newport and 30% on individual non-financial goals. The target incentive for each executive (other than Mr. Deuster) ranges from 50% to 75% of annual base salary, as determined by the Committee based on the salary level and position of such executive.

The financial performance metrics for each executive vary based upon such executive's potential impact on Newport's operating and financial performance, but include one or more of the following measures: earnings per share, worldwide operating income, worldwide sales, worldwide gross margin, divisional operating profit and divisional gross margin. The non-financial goals are tied to each executive's potential contributions to the achievement of certain business objectives of Newport. For each financial measure, minimum, target and maximum performance targets are set, corresponding to achievement levels of 50%, 100% and 200%, respectively. In certain cases, the payment of any component of the annual incentive to any executive may be contingent upon Newport achieving certain minimum targets established by the Committee at the beginning of the year.

For 2004, annual incentive payments were contingent upon Newport achieving profitability for the year. Newport did not achieve profitability for 2004 under generally accepted accounting principles (GAAP), due to significant acquisition, integration and other charges, which were related primarily to Newport's acquisition of Spectra-Physics. However, on a pro forma basis (excluding these charges), Newport achieved both profitability and its financial targets in 2004 and over-achieved certain targets. The Committee undertook an extensive review of Newport's financial results on both a GAAP and a pro forma basis, as well as an extensive review of management's performance during the year and the factors impacting Newport. Based on this review, the Committee determined that it was appropriate to exclude these charges for purposes of determining achievement of Newport's financial targets. Accordingly, the Committee awarded incentive payments to executive officers for 2004 based on achievement of financial incentive components ranging from 74% to 200%, and achievement of non-financial incentive components ranging from 0% to 100%. The Committee elected to defer payment of the non-financial portion of the annual incentive for certain executives, and to condition such payment upon achievement of Newport's financial objectives for 2005.

Long-Term Incentives

To further align the interests of stockholders and management, and to assist in the retention of key employees, the Committee grants stock options and restricted stock to Newport's key employees, including executive officers. During 2004, the Committee granted options to purchase an aggregate of 937,591 shares of common stock to 162 employees, including executive officers. Nonqualified options to purchase a total of 516,250 shares were granted during 2004 to Newport's nine executive officers. The number of shares awarded to each individual is established based upon broad-based plan guidelines and management's recommendation, and is subject to approval by the Committee. The exercise price for stock options is the fair market value of the stock on the date of the grant. Options generally become exercisable at a rate of 25% per year starting on the first anniversary date of the option grant. In August 2004, in connection with our acquisition of Spectra-Physics, the Committee awarded a total of 157,296 shares of restricted stock to employees of Spectra-Physics, of which a total of 50,000 shares were awarded to three executive officers. Such awards were made primarily to compensate these individuals for value lost as a result of the termination of unvested, in-the-money options to purchase shares of stock of Thermo Electron Corporation (Thermo), Spectra-Physics' former parent company, which Newport was unable to assume in connection with the acquisition due to the provisions of Thermo's plan. All shares of restricted stock awarded to executives will vest in full in August 2006, and all shares of restricted stock awarded to other employees will vest in two equal installments on the first two anniversaries of the grant date.

Compensation of Chief Executive Officer

The Chief Executive Officer participates in the compensation program discussed above. His base salary is set, in the same way as other executive officers, as determined by comparable positions in companies of similar size to Newport in the marketplace. The Committee did not increase Mr. Deuster's base salary from January 2001 until July 2004. Effective in July 2004, in connection with the acquisition of Spectra-Physics, which more than doubled the size of Newport in terms of revenue, number of employees and facilities, the Committee increased Mr. Deuster's base salary from \$360,000 to \$450,000 based upon his expanded leadership role for the combined company. Each year, the Committee approves a performance-based incentive plan for the Chief Executive Officer. For 2004, the target incentive for Mr. Deuster was 100% of his base salary. The performance goals established for Mr. Deuster included an earnings per share target and a worldwide operating income target established prior to the beginning of the year. In addition, a discretionary portion of his annual incentive was linked to achievement of non-financial goals. Based upon the review undertaken by the Committee, which is discussed above, the Committee awarded an incentive payment of \$408,739 to Mr. Deuster for 2004 based on achievement of his financial incentive components ranging from 130% to 167%. The Committee elected to defer payment of the non-financial portion of Mr. Deuster's 2004 annual incentive, and to condition such payment upon achievement of Newport's financial objectives for 2005. The Committee granted options to purchase a total of 110,000 shares to Mr. Deuster in 2004. Such options vest in equal installments on the first four anniversaries of their respective grant dates.

Stock Ownership Guidelines

The Board of Directors has established stock ownership guidelines for executive officers that are designed to increase the executive's equity stake in Newport and more closely align his or her interests with those of Newport's stockholders. The guidelines provide that each executive officer should own shares of Newport stock having a value equal to their annual base salary within two years of becoming an officer.

Tax Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code, Newport generally receives a federal income tax deduction for compensation paid to any of its named executive officers only if the compensation is less than \$1 million during any fiscal year or is performance-based under Section 162(m). Newport has not paid, and does not currently expect to pay, any compensation that is not deductible for federal income tax purposes.

REPORT OF THE AUDIT COMMITTEE

Committee Members and Charter

The Audit Committee is comprised of three directors. None of the members of the Committee are or have been officers or employees of Newport and each member qualifies as an independent director as defined by Rule 4200(a)(15) of the Nasdaq Marketplace Rules and Section 10A(m) of the Securities Exchange Act of 1934, as amended, and Rule 10A-3 thereunder. Newport's Board has determined that Messrs. Guyett and Simone are audit committee financial experts as defined by the regulations promulgated by the Securities and Exchange Commission.

The Committee operates under a written charter adopted by Newport's Board. The Committee reviews its charter on an annual basis. A copy of the charter of the Audit Committee was included as Appendix A to Newport's proxy statement relating to its 2003 annual meeting of stockholders, and is available on Newport's Internet web site at www.newport.com.

Role of the Audit Committee

Newport's management is responsible for Newport's financial reporting process, including its systems of internal control over financial reporting, and for the preparation of its financial statements in accordance with generally accepted accounting principles. Newport's independent auditors are responsible for auditing those financial statements. The role and responsibility of the Committee is to monitor and review these processes on behalf of the Board of Directors.

The members of the Committee are not employees of Newport and are not, nor do they represent themselves to be accountants or auditors by profession, and they do not undertake to conduct auditing or accounting reviews or procedures. Therefore, in performing the Committee's oversight role, the Committee necessarily must rely on management's representations that it has maintained appropriate accounting and financial reporting principles or policies, and appropriate internal control over financial reporting and disclosure controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations, and that Newport's financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and on the representations of the independent auditors included in their report on Newport's financial statements.

Report of the Audit Committee

The Committee held ten meetings during 2004, including telephonic meetings. The meetings were designed, among other things, to facilitate and encourage communication among the Committee, management, and Newport's independent auditors. In addition to regularly scheduled meetings of the Committee which correspond with the meetings of the Board of Directors held in February, May and November, the Committee held meetings following the end of each quarter for the purposes of reviewing Newport's quarterly financial statements and its proposed communications with investors regarding its operating results and other financial matters, and for reviewing and approving for filing with the Securities and Exchange Commission Newport's quarterly reports on Form 10-Q. The Committee also held special meetings throughout the year to review and approve matters relating to Newport's acquisition of Spectra-Physics.

In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited financial statements of Newport for the fiscal year ended January 1, 2005, including a discussion of the quality, not just the acceptability, of the accounting principles, the

reasonableness of significant estimates and judgments, critical accounting policies and the clarity of disclosures in the financial statements. During 2004, the Committee reviewed Newport's quarterly financial statements and its proposed communications with investors regarding its operating results and other financial matters, and reviewed Newport's quarterly reports on Form 10-Q and annual report on Form 10-K prior to filing.

The Committee reviewed with Ernst & Young LLP, Newport's independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of Newport's accounting

principles, the reasonableness of significant estimates and judgments, critical accounting policies, the clarity of disclosures in the financial statements, and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States.

The Committee discussed with Ernst & Young LLP the overall scope and plans for their annual audit. The Committee also discussed with management and Ernst & Young LLP the adequacy and effectiveness of Newport's accounting and financial controls. The Committee met separately with Ernst & Young LLP, without management present, to discuss the results of their examinations, their evaluations of Newport's internal controls, and the overall quality of Newport's financial reporting.

The Committee also has discussed with Ernst & Young LLP, the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communications with Audit Committees). In addition, the Committee has received the written disclosures and the letter from Ernst & Young LLP as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the Committee has discussed the independence of Ernst & Young LLP with that firm, including the compatibility of non-audit services with Ernst & Young LLP's independence. The Committee has concluded that Ernst & Young LLP is independent from Newport and its management.

Based on the Committee's review of the matters noted above and its discussions with Newport's independent auditors and Newport's management, the Committee recommended to the Board of Directors that the audited financial statements be included in Newport's Annual Report on Form 10-K for the fiscal year ended January 1, 2005.

The Committee has selected Ernst & Young LLP as Newport's independent auditors for the fiscal year ending December 31, 2005, subject to ratification by Newport's stockholders.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return on \$100 invested in our common stock for the five years ended January 1, 2005, with the cumulative total return on \$100 invested in each of (i) the Nasdaq Market Index, (ii) our current peer group, and (iii) our former peer group. The graph assumes all investments were made at market value on December 31, 1999 and the reinvestment of all dividends.

The current peer group reflected in the graph represents a combination of all companies comprising the Semiconductor Equipment & Materials Industry Group (834) Index and the Scientific & Technical Instruments Industry Group (837) Index, published by CoreData, Inc. (formerly known as Media General Financial Services, Inc.), with these indices weighted one-third (1/3) and two-thirds (2/3), respectively. A listing of the companies comprising each index is available from us by written request to our Corporate Secretary.

In prior years, our peer group consisted of an equally weighted combination of all companies comprising the Semiconductor Equipment & Materials Industry Group (834) Index, the Scientific & Technical Instruments Industry Group (837) Index, and the Communication Equipment Industry Group (841) Index, published by CoreData, Inc. (formerly known as Media General Financial Services, Inc.). This former peer group is also reflected in the graph below. As a result of our acquisition of Spectra-Physics in July 2004, both our market focus and the proportions of our sales to our primary end markets have changed. We believe that this new peer group is more representative of companies that participate in the primary markets that we now serve and the extent of our participation in each such market.

PROPOSAL TWO

APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of our Board has selected Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2005. Ernst & Young LLP audited our financial statements for the fiscal year ended January 1, 2005. Nevada General Corporation Law does not require the approval of the selection of the independent auditors by our stockholders, but in view of the importance of the financial statements to stockholders, our Board deems it desirable that stockholders pass upon the selection of auditors.

A representative of Ernst & Young LLP will be present at the annual meeting, will be given the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions. If this proposal is not approved, the Audit Committee will reconsider its selection of independent auditors.

The Board of Directors recommends a vote FOR this proposal.

Audit Fees

The aggregate fees billed by Ernst & Young LLP for professional services rendered for the audit of our annual consolidated financial statements, the review of our consolidated financial statements included in our quarterly reports on Form 10-Q, the review of our reports filed with the Securities and Exchange Commission and related public disclosures, and other audit services for the years ended January 1, 2005 and December 31, 2003 were \$1,201,000 and \$420,000, respectively. For the year ended January 1, 2005, these services also included the audit of the opening balance sheet for Spectra-Physics, and the evaluation of our internal control over financial reporting in order to provide an attestation report on our management's annual report on internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002.

Audit-Related Fees

The aggregate fees billed by Ernst & Young LLP for professional services rendered for audit-related services for the years ended January 1, 2005 and December 31, 2003 were \$170,000, and \$65,000, respectively. For the year ended January 1, 2005, these audit-related services consisted primarily of research and consultations related to business combinations and other services related to our acquisition of Spectra-Physics. For the year ended December 31, 2003, these audit-related services consisted primarily of advisory services with respect to the implementation of the requirements of Section 404 of the Sarbanes-Oxley Act of 2002.

Tax Fees

The aggregate fees billed by Ernst & Young LLP for professional services rendered for tax services for the years ended January 1, 2005 and December 31, 2003 were \$202,000 and \$265,000, respectively. These tax services included preparation of domestic and foreign tax returns, and tax consulting and planning services. Tax consulting services rendered during the year ended January 1, 2005 related primarily to our acquisition of Spectra-Physics.

All Other Fees

No other services were rendered by Ernst & Young LLP to us for the fiscal years ended January 1, 2005 and December 31, 2003.

Consistent with Securities and Exchange Commission rules, the Audit Committee has the responsibility for appointing, setting compensation for and overseeing the work of the independent auditors. As such, the Audit Committee has established a policy of pre-approving all audit and permissible non-audit services provided to us by Ernst & Young LLP. Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditors and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditors.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The Audit Committee has reviewed and discussed the services, in addition to audit services, rendered by Ernst & Young LLP during the year ended January 1, 2005, as well as the fees paid therefor, and has determined that the provision of such other services by Ernst & Young LLP, and the fees paid therefor, were compatible with maintaining Ernst & Young LLP's independence.

Your cooperation in giving this matter your immediate attention and in returning your proxy promptly will be appreciated.
