Item 1.01 Entry into a Material Definitive Agreement

On November 1, 2005, the compensation committee of our board of directors approved a long-term incentive program to make annual grants of performance-based restricted stock and/or non-qualified stock options to executive officers and other eligible employees. The aggregate value of the annual grants will be based on a stated percentage of the recipient's base salary. The target award percentage for eligible recipients, grouped by management seniority, will be determined by the compensation committee annually based upon competitive market data. The performance targets for the performance shares and the vesting schedules for both the performance shares and the stock options will also be determined by the compensation committee annually.

On November 1, 2005, the compensation committee granted awards to the following executive officers:

	<u>Performance Shares</u>	<u>Stock Options</u>
Paul Grinberg	13,500	33,000
Robin Pruitt	6,750	16,500
George Brooker	4,050	9,900

The stock options were granted at an exercise price of \$16.19 per share, the closing price of our common stock on the Nasdaq National Market on November 1, 2005, the date of the grant, and will vest one-third per year on each of the first, second and third anniversaries of the grant date.

The performance shares granted on November 1, 2005 will vest as follows:

If the company achieves a stated earnings per share target for calendar year 2006 or 2007, 50% of the shares will vest on the date of announcement of earnings for such year and 50% will vest 1-year later

If the company does not achieve the stated earnings per share target for calendar year 2006 or 2007 but achieves the stated earnings per share target for calendar year 2008, 2009, or 2010, all of the shares will vest on the date of announcement of earnings for such year

If the company does not reach the earnings per share target by calendar year 2010, then 50% of the shares vest on the date of announcement of earnings for such year, and the remaining 50% is forfeited

In addition, on November 1, 2005, the compensation committee granted an option for 20,000 shares of our common stock to Eric Kogan, a member of our board of directors, with the same price and vesting as the options granted to executive officers discussed above.
