Why is this proxy statement being sent to me?					

We sent you these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting. This proxy statement summarizes the information you need to vote at the Annual Meeting. On or about March 15, 2006, we began mailing these proxy materials to all of our holders of record of each class of Class A and Class B common stock, as of the close of business on March 1, 2006.

How do I vote?

You may vote by proxy or in person at the Annual Meeting. If you want to vote by proxy, please complete, sign and date the enclosed proxy card and return it in the enclosed postage-prepaid envelope. You may also cast your vote by telephone by calling the number on your proxy card or electronically over the Internet by going to the Web site designated on your proxy card. If you plan to attend the meeting and vote in person, we will give you a ballot when you arrive.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Telephone and internet voting also will be offered to shareholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you must contact your broker or agent to obtain a broker's proxy card and bring it to the Annual Meeting in order to vote.

If you vote by proxy, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. You may specify whether your shares should be voted for all, some or none of the nominees for Equity Director and, if applicable, Class B directors or Class B Nominating Committee members and the ratification of our independent registered public accounting firm.

Your vote is important. Whether or not you plan to attend the Annual Meeting, we urge you to vote your shares by returning the enclosed proxy card in the accompanying envelope or casting your vote by telephone or over the Internet. Voting by proxy will not affect your right to attend the meeting and vote your shares in person. You can save us the expense of a second mailing by voting promptly.

Our proxy tabulator, Computershare Investor Services, must receive any proxy that will not be delivered in person at the Annual Meeting by noon, Central Time, on Wednesday, April 26, 2006 in order for your vote to be counted. In addition, if you wish to vote by telephone or over the Internet, you may vote until 1:00 a.m., Central Time, on Wednesday, April 26, 2006.

What if I return my proxy card but do not provide voting instructions?

If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, the proxies will vote your shares as follows:

FOR the election of the seven nominees for Equity Directors;

ABSTAIN from voting for Class B directors, if applicable;

ABSTAIN from voting for Class B Nominating Committee members, if applicable; and

FOR the ratification of our Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2006 fiscal year.

If any other matter is presented at the Annual Meeting, your proxies will vote in accordance with their best judgment. At the time this proxy statement went to press, we knew of no matters to be addressed at the Annual Meeting beyond those described in this proxy statement.

Can I change my mind after I vote?

Yes, if you attend the Annual Meeting, you may change your vote at any time before the voting closes at the meeting. If you give a proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in the following ways:

You may sign and deliver another proxy with a later date;

You may vote by telephone or over the Internet at a later date;

You may submit a revocation at a later date; or

You may attend the meeting and vote in person.

Your most recent vote is the one that is counted. Simply attending the Annual Meeting will not automatically revoke your proxy. You must vote in person at the meeting in order to revoke your proxy. If you do not attend the Annual Meeting, your vote or revocation must be received by our proxy tabulator, Computershare Investor Services, by noon, Central Time, on April 26, 2006 to be effective. If you wish to vote by telephone or over the Internet, your vote must be made before 1:00 a.m. on Wednesday, April 26, 2006.

Is my vote confidential?

All proxies, ballots and tabulations that identify the vote of a particular shareholder will be kept confidential, except as necessary to allow the inspectors of election to certify the voting results or to meet legal requirements. Representatives of Computershare Investor Services, our transfer agent, will act as the inspectors of election and will count the votes.

Comments written on proxy cards or ballots may be provided by Computershare to our Corporate Secretary, Kathleen M. Cronin, with the name and address of the shareholder. Each comment will be provided without reference to the vote of the shareholder, unless the vote is mentioned in the comment or unless disclosure of the vote is necessary in order to understand the comment. At our request, the inspectors of election may provide us with a list of shareholders who have not voted and periodic status reports on the aggregate vote. These status reports may include breakdowns of vote totals by different types of shareholders, although it is expected that we will not be able to determine how individual shareholders voted.

How many votes must be present to hold the Annual Meeting?

Your shares will be counted as present at the Annual Meeting if you attend the meeting and vote in person, if you properly return a proxy card or if you vote by telephone or over the Internet. In order for us to conduct the meeting, shareholders possessing at least one-third of the votes entitled to be cast on each proposal as of March 1, 2006, must be present. This is referred to as a quorum.

Proxies marked withhold or abstain and broker non-votes are counted as present for establishing a quorum. A broker non-vote occurs when a broker does not vote on some matter on the proxy card because the broker does not have discretionary voting power for that particular item under the rules of the New York Stock Exchange (the NYSE) and The Nasdaq National Market, Inc. (the NASDAQ) and has not received instructions from the beneficial owner. To ensure that there will be a quorum for each of the proposals to be voted on, please vote before the Annual Meeting, and allow your shares to be represented at the meeting by your proxies. Voting before the Annual Meeting will not prevent you from voting in person at the meeting. If you vote in person at the meeting, your previous vote will be revoked automatically.

How many votes are needed to approve the various proposals?

Each of the proposals presented at the Annual Meeting will be considered separately. Assuming that a quorum is present for the particular proposal, the following votes are required to approve each of the proposals:

Proposal 1: Election of Equity Directors: Seven Equity Director nominees receiving the highest number of FOR votes from all classes of the Company's Class A and Class B common stock present or represented by proxy at the Annual Meeting voting together as a single class will be elected.

Proposal 2: Election of Each Class B Director: Two Class B-1 nominees and one Class B-2 nominee receiving the highest number of FOR votes in his class from shareholders present or represented by proxy at the Annual Meeting will be elected as a Class B director for that class.

Proposal 3: Election of Each Class B Nominating Committee: Five nominees receiving the highest number of FOR votes in their class from shareholders present or represented by proxy at the Annual Meeting will be elected to the Class B Nominating Committee for that class.

Proposal 4: Ratification of Ernst & Young LLP as our Independent Registered Public Accounting Firm: Must receive a FOR vote from the holders of a majority of the shares of the Company's Class A and Class B common stock present or represented by proxy at the Annual Meeting voting together as a single class.

If you hold your Class A shares through a bank or broker, your broker is permitted to vote such shares on the election of the Equity Director nominees and the ratification of Ernst & Young LLP as our independent registered public accounting firm, even if the broker does not receive instructions from you.

PROPOSAL 1

Election of Equity Directors

Our certificate of incorporation provides that our Board of Directors be composed of 20 members. Our Board of Directors is divided into two classes, Class I and Class II, each of whose members serve for a staggered two-year term. At each Annual Meeting of Shareholders, the term of one class of directors expires, and the shareholders vote at that meeting to elect the directors nominated for that expiring class to hold office for a two-year term.

At this year's Annual Meeting, ten Class I directors will be elected. Seven Equity Directors will be elected by all shareholders voting together as a single class. Additionally, as set forth in Proposal 2, the holders of Class B-1 shares will elect two directors and the holders of Class B-2 shares will elect one director. Each of the nominees presented in this proxy statement is currently a director. If elected, each director's term will last until the 2008 Annual Meeting of Shareholders or until he or she is succeeded by another qualified director who has been elected or appointed by the Board.

MEETINGS OF OUR BOARD AND BOARD COMMITTEES

Our Board held ten meetings during 2005. The Board of Directors has eight Board committees: Audit, Board Steering, Compensation, Executive, Governance, Market Regulation Oversight, Marketing and Public Relations Advisory and Nominating. In addition to meetings of the full Board, directors also attended meetings of Board committees on which they serve. Each director attended at least 75% of the Board meetings and meetings of the Board committees of which he or she was a member during the 2005 fiscal year. Set forth below is a brief summary of each Board committee, its members and the number of meetings it held during 2005.

Audit Committee Financial Experts

The Board has determined that Messrs. Chookaszian and Miller qualify as audit committee financial experts in accordance with the applicable rules and regulations of the Securities and Exchange Commission (SEC) and are independent in accordance with the requirements of the SEC, the NYSE and the NASDAQ. The Board's conclusion that Mr. Chookaszian has each of the attributes of an audit committee financial expert is based on Mr. Chookaszian's service as Chief Financial Officer of CNA, through his supervision of the Chief Financial Officer when he was Chief Executive Officer of CNA, and through his service as a public accountant. Mr. Chookaszian has been a member of our Audit Committee since May 2004. The Board's conclusion that Mr. Miller has each of the attributes of an audit committee financial expert is primarily based upon Mr. Miller's extensive background and experience in preparing and analyzing financial statements. Mr. Miller has been responsible for preparing and modeling financial statements in accordance with generally accepted accounting principles, which required him to develop and assess financial estimates, accruals and reserves. Mr. Miller was also responsible for the establishment, staffing and management of the internal audit function at Commonfund Group. Mr. Miller served on the audit committee of the New York Futures Exchange, a division of the NYSE, for approximately six years and has been a member of our Audit Committee since April 2003.

CORPORATE GOVERNANCE

We have a long-standing commitment to good corporate governance practices. These practices provide an important framework within which the Board and management can pursue our strategic objectives and ensure long-term vitality for the benefit of our shareholders. This section describes key corporate governance practices that we have adopted. Complete copies of our corporate governance materials, including our Corporate Governance Principles, Director Independence and Conflict of Interest Policy, Board of Directors Code of Ethics, Categorical Independence Standards, Employee Code of Conduct and the charters for all our Board committees, may be found on our Web site www.cme.com in the Investor Relations Corporate Governance section. Copies of these materials are also available free of charge to shareholders upon written request to Shareholder Relations and Membership Services, Attention Ms. Beth Hausoul, Chicago Mercantile Exchange Holdings Inc., 20 South Wacker Drive, Chicago, Illinois 60606. The Board regularly reviews corporate governance developments and modifies its corporate governance documents, including its Corporate Governance Principles and committee charters, as warranted. Any modifications are reflected on our Web site. Information made available on our Web site does not constitute a part of this document.

Director Independence

The experience and diversity of our directors has been, and continues to be, critical to our success. Our Corporate Governance Principles require that the Board be comprised of at least a majority of independent directors. For a director to be considered independent, the Board must affirmatively determine that a director has no direct or indirect material relationship with the Company. The Board has adopted categorical independence standards, which are attached to this proxy statement as *Appendix A*, to assist the Board in making its determinations regarding independence. These standards conform to and exceed the independence criteria specified in the listing standards of the NYSE and the NASDAQ. They specify the criteria by which the independence of our directors will be determined, including relationships and transactions between each director, any member of his or her immediate family, his or her affiliates, charitable organizations with which he or she is affiliated, and us.

The Board believes that all of its non-executive directors act independently of, and effectively monitor and oversee the actions of, management. In February 2006, the Board of Directors undertook its annual review of direct and indirect relationships between our directors, their immediate family members and the Company, including those reported under *Certain Business Relationships*. The purpose of this review was to determine whether any of our directors should not be classified as independent under the applicable listing standards. Twelve of our directors are members of our exchange, which provides them with access to our open outcry trading floors, lower trading fees and the ability to elect six of our directors and to vote on certain matters relating to the operation of our trading floors. These directors may make payments directly to us or indirectly to us through our clearing firms in connection with their trading activity on the exchange. To ensure that such payments did not exceed the monetary thresholds set forth in the listing standards of the NYSE and the NASDAQ, the Board reviewed the directors' trading activities and relationships with the exchange. The Board noted that all payments were made in the ordinary course of our business, were on terms consistent with those prevailing at the time for corresponding transactions by similarly situated unrelated third parties and were not in excess of the applicable payment thresholds.

As a result of this review, the Board determined that, except as described below, each of its directors is independent. Mr. Donohue, our Chief Executive Officer, was not classified as independent due to his employment with the Company. The Board also determined that Messrs. Duffy, Melamed and Sandner should not be classified as independent due to their contractual relationships with the Company described below in the section entitled *Directors Compensation and Benefits*.

Executive Sessions

Our Corporate Governance Principles require the Board to meet in executive session at least once every quarter without management or any employee director present. The Chairman of the Board presides over these sessions. The Principles also require our independent directors to meet at least twice a year in an executive session. A Vice Chairman presides over these sessions.

Annual Assessment of Board and Committee Performance

As provided in our Corporate Governance Principles, the Board annually reviews its own performance, structure and processes in order to assess how effectively it is functioning. The assessment is implemented and administered by the Governance Committee through an annual Board self-evaluation survey. In addition, the Audit, Compensation, Governance, Market Regulation Oversight and Nominating Committees each conduct an annual self-assessment.

Information Regarding Our Process for Identifying Equity Director Nominees

Our Board seeks directors from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. In selecting candidates, the Board endeavors to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who display the independence of mind and strength of character to effectively represent the best interests of our shareholders. Candidates are selected for their ability to exercise good judgment and to provide practical insights and diverse perspectives. The Nominating Committee, comprised entirely of directors who are independent under NYSE and NASDAQ listing standards, reviews the qualifications and backgrounds of potential directors and recommends to the Board the slate of Equity Director nominees to be nominated for election at the Annual Meeting of Shareholders. In evaluating potential director nominees, the Nominating Committee will take into consideration, among other factors, whether the nominee:

has the highest professional and personal ethics and values;

is independent of management under our Categorical Independence Standards;

has the relevant expertise and experience required to offer advice and guidance to our Chief Executive Officer;

meets the industry diversity of interest composition requirements set forth in our bylaws;

has the ability to make independent analytical inquiries;

has sufficient time to carry out his or her duties and responsibilities;

is committed to enhancing shareholder value;

would be considered an audit committee financial expert or financially literate, as such terms are defined in applicable rules, regulations and listing standards; and

has an understanding of our business, products, market dynamics and customer base.

The Nominating Committee solicits candidates from its current directors and, if deemed appropriate, retains, for a fee, recruiting professionals to identify and evaluate candidates. The Nominating Committee also considers Equity Director nominees recommended by shareholders if the recommendations are submitted in writing, accompanied by a description of the proposed nominee's qualifications and other relevant biographical information and evidence of consent of the proposed nominee to serve as a director if elected. Recommendations should be addressed to the Nominating Committee, in care of Kathleen M. Cronin, Managing Director, General Counsel and Corporate Secretary, Chicago Mercantile Exchange Holdings Inc., 20 South Wacker Drive, Chicago, Illinois 60606. In considering a shareholder recommendation, the Nominating Committee may seek input from an independent advisor, legal counsel and/or other directors, as appropriate, and will reach a conclusion using its standard criteria. A copy of our Nominating Committee's charter is available on our Web site.

If a communication does not involve an ordinary business matter as described below and if a particular director is named, the communication will be forwarded to that director.

In order to expedite a response to ordinary business matters, the Governance Committee has authorized management to receive, research and respond, if appropriate, on behalf of our directors, including a particular director or its non-executive directors, to any communication regarding a product of the exchange or transactions by a clearing firm or a member of the exchange (an ordinary business matter). Any director may review any such communication or response thereto.

Reporting Concerns to the Audit Committee

We also maintain a toll-free telephone number (877.338.4545) and secure Web site (www.ethicspoint.com) monitored by an independent, third party for receiving complaints regarding accounting, internal control over financial reporting or auditing matters. Concerns relating to our accounting, internal control over financial reporting or auditing matters are automatically referred to the Chairman of the Audit Committee and will be handled in accordance with the procedures adopted by the Audit Committee. A copy of these procedures is available on our Web site.

Attendance at Annual Meetings

We strongly encourage, but do not require, our directors to attend the Annual Meeting. Last year, 19 of our 20 current directors attended the Annual Meeting of Shareholders.

DIRECTORS COMPENSATION AND BENEFITS

Our directors play a critical role in guiding our strategic direction and overseeing management. Recent developments in corporate governance and financial reporting have resulted in an increased demand for such highly qualified directors. The many responsibilities and risks and the substantial time commitment of being a director require that we provide adequate incentives for our directors' continued performance by paying compensation commensurate with our directors' workload and opportunity costs. In addition, to satisfy our responsibilities as a self-regulatory organization, we have established a number of functional committees of which certain of our directors are members. Our compensation program for our non-executive directors is designed to compensate our directors based on their respective levels of Board participation and responsibilities, including service on Board committees and functional committees.

Fees and Benefit Plans for Non-Executive Directors

The Compensation Committee is responsible for reviewing and recommending to the Board the compensation for our non-executive directors. Only non-executive directors receive compensation for their service as a director.

In April 2005, our shareholders approved the 2005 Director Stock Plan. Consequently, in May 2005, we reduced the annual cash stipend for our non-executive directors to \$17,500 and issued 100 shares of our Class A common stock to each non-executive director. These directors also have the option to elect to receive some or the entire cash portion of their annual cash stipend in shares of stock valued at the closing price on the effective date of the election (up to a maximum of \$17,500). If a director who elects to receive additional stock leaves the Board prior to the next Annual Meeting, such director will be responsible for repaying us for the amount of the unearned stipend that otherwise would have been paid in cash. Fees received by each director for attendance at Board committee and functional committee meetings are subject to an overall cap of \$100,000 per year.

The following table shows compensation for our non-executive directors in 2005:

Annual Stipends	
Annual cash stipend	\$ 17,500
Annual cash stipend for Chairman(1)	\$ 932,500
Annual retainer for Chairs of Audit, Compensation, Governance and Market Regulation Oversight	\$ 20,000
Annual equity stipend(2)	100 shares
Meeting Fees	
Board meeting fee(3)	\$ 1,500
Board committee meeting fee(4)	\$ 1,000
Additional meeting fee for serving as Chair of Audit, Compensation, Governance and Market Regulation Oversight(4)	\$ 1,000
Functional committee meeting fee(5)	\$ 1,000

- (1) The Chairman does not receive any additional compensation for attending Board or committee meetings.
- (2) The closing price of our Class A common stock on May 25, 2005, the date of grant, was \$210.60.
- (3) Aggregate Board meetings fees in 2005 were \$264,000.
- (4) Aggregate Board committee meeting fees in 2005 were \$496,000, including the additional fees for serving as Chair of the Audit, Compensation, Governance and Market Regulation Oversight Committees.
- (5) As an exchange, our Board of Directors has also established a number of functional committees, including arbitration, business conduct, membership, probable cause, pit supervision and trading floor operations, which are essential to our effective functioning as a self-regulatory organization. The duties of these functional committees are to conduct investigations and hearings and advise and assist the Board with respect to matters related to CME's self-regulatory responsibilities. Certain members of our Board devote a substantial amount of time to the activities of the functional committees. Aggregate functional committee meeting fees paid to our non-executive board members in 2005 were \$289,000.

Non-executive directors may defer all or a portion of their annual cash stipend and meeting fees under CME Holdings Directors Deferred Compensation Plan into one or more investments that the plan offers from time to time. The return on the investments selected by the directors is the only return they will receive on their deferred compensation.

We do not provide any pension, medical benefit or other benefit programs to our non-executive directors.

Messrs. Melamed and Sandner, two of our non-executive directors, previously served as Senior and Special Policy Advisors, respectively, to the Board. For their services as director and Advisor they received an annual cash stipend of \$200,000. On the effective date of the consulting agreements described below, Messrs. Melamed and Sander no longer served as Advisors to the Board. Thereafter, Messrs. Melamed and Sander were compensated for their service as a director on the same terms as our other non-executive directors.

Expenses

Our directors are reimbursed for travel and entertainment expenses incurred in connection with the performance of their duties as members of our Board of Directors, including participation in director education programs or other educational meetings. We pay for parking and cellular phone service for certain of our directors. In addition, we reimburse our directors for travel expenses incurred in connection with their service as a director (including reasonable travel expenses of family members if they are specifically invited to attend the event for an appropriate business purpose by the Chairman). Our policy is not to permit any personal use of Company chartered aircraft. We also provide our Chairman with the use of an office at the Company, as well as secretarial support. Mr. Melamed, pursuant to his consulting arrangement, is also entitled to reimbursement of up to \$150,000 annually for non-travel expenses, including office and secretarial expenses.

Charitable and Civic Contributions

Some of our directors have affiliations with organizations that have received donations from us or from the CME Foundation. The CME Foundation is a charitable organization which seeks to provide support to children in need, education and health and human services, and also provides disaster relief. In 2005, no aggregate donations to any of one of these organizations exceeded \$35,000. We also pay for memberships for certain of our directors at business and other civic organizations.

Contractual Relationships with Certain Non-Executive Directors

Terrence A. Duffy. On January 31, 2005, in recognition of the duties and responsibilities undertaken by our non-executive Chairman and the full time commitment to the Company required of the role at the expense of other professional opportunities, the Compensation Committee recommended and the Board approved a retention payment to the Chairman in an amount equal to his annual compensation. The amount shall become payable if at the end of his current term as Chairman in April 2006 or thereafter, Mr. Duffy is not nominated for reelection to the Board or is not reelected to the position of Chairman by the members of the Board notwithstanding Mr. Duffy's ability and willingness to continue his service. Under such circumstances, Mr. Duffy is required to assist with the transition of responsibilities to the new Chairman. Mr. Duffy shall not be entitled to receive the retention payment if he is removed as Chairman or not reelected because of his breach of fiduciary duty to the shareholders or because of his willful failure to fulfill his duties and obligations as Chairman as determined by a majority of our independent, non-industry directors.

Leo Melamed. On January 31, 2005, the Compensation Committee recommended and the Board approved a retirement agreement with Mr. Melamed. Under the terms of the agreement, upon his retirement from the Board, Mr. Melamed will provide us with consulting services relating to the financial services industry and related matters within Mr. Melamed's areas of expertise. The agreement has an initial term of five years with automatic one year renewals unless and until terminated by either party upon no less than 90 days notice prior to the end of the current term. For his services, Mr. Melamed will receive during the term of the agreement \$300,000 per annum plus reimbursement for all reasonable and necessary out-of-pocket travel and other expenses incurred as a result of the agreement. We will also provide office and secretarial support during the term of the agreement. In addition, without our prior written consent, Mr. Melamed may not render services to any competitor or otherwise compete with us during the term of the agreement and for one year thereafter.

On November 14, 2005, we entered into a consulting agreement with Mr. Melamed for the period he serves as director of the Company with terms substantially the same as the previously described retirement agreement. For these services, Mr. Melamed will receive \$300,000 per annum plus all reasonable and necessary out-of-pocket travel and other expenses incurred in connection with the consulting services and up to \$150,000 annually for non-travel expenses, including office and secretarial expenses. Under the agreement, Mr. Melamed may not, without our prior written consent, render services to any competitor or otherwise compete with us throughout the term of the agreement and for one year thereafter.

John F. Sandner. On October 10, 2005, we entered into a consulting agreement with Mr. Sandner. Under the terms of the consulting agreement, Mr. Sandner will provide us with consulting services relating to the financial services industry and related matters within Mr. Sandner's areas of expertise during the period Mr. Sandner serves as a director of the Company. For his consulting services, Mr. Sandner will receive \$200,000 per annum plus all reasonable and necessary out-of-pocket travel and other expenses incurred in connection with the consulting services. Under the agreement, Mr. Sandner may not, without our prior written consent, render services to any competitor or otherwise compete with us throughout the term of the agreement and for one year thereafter.

PROPOSAL 4**Ratification of the Appointment of****Our Independent Registered Public Accounting Firm for the 2006 Fiscal Year**

As required by Section 301 of the Sarbanes-Oxley Act of 2002, SEC rules and regulations and the listing standards of the NYSE and the NASDAQ, our Audit Committee is comprised solely of directors who are independent and is directly responsible for the appointment, compensation and oversight of our independent registered public accounting firm. The Audit Committee has appointed Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2006. Ernst & Young LLP served as our independent registered public accounting firm for the fiscal year ended December 31, 2005. Representatives of Ernst & Young LLP will be present at the Annual Meeting, will be available to respond to appropriate questions and may make a statement if they so desire. Although we are not required to seek shareholder approval of this appointment, we believe it to be sound corporate governance to do so. If the appointment of Ernst & Young LLP is not ratified by our shareholders, our Audit Committee will investigate the reasons for the shareholder rejection and will consider appointing a different independent registered public accounting firm.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2006 FISCAL YEAR.

Principal Accountant Fees and Services

Fees paid to Ernst & Young LLP for each of the last two fiscal years are listed in the following table.

Year Ended December 31,	Audit Fees	Audit-Related Fees	Tax Fees	All Other Fees
2005	\$ 752,675	\$ 324,799	\$ 162,350	\$ 0
2004	\$ 706,925	\$ 217,750	\$ 150,638	\$ 0

Audit fees include fees for professional services rendered for the audit of our annual consolidated financial statements and internal control over financial reporting, review of our financial statements included in our Quarterly Reports on Form 10-Q and for other services that are normally provided by our independent registered public accounting firm in connection with statutory and regulatory filings or engagements.

Audit-related fees include fees for assurance and related services that are reasonably related to the performance of the audit and review of our financial statements, other than those services described under Audit Fees. These fees were primarily for services in connection with the issuance of an independent auditor's report on controls placed in operation and operating effectiveness related to the technology, security and control environment of our clearing-related technology operations; employee benefit plan and other ancillary audits; and miscellaneous consultations. In January 2006, \$147,947 of the 2005 audit-related fees were reimbursed to us from the Chicago Board of Trade related to the independent auditor's report on controls placed in operation and operating effectiveness of our clearing-related technology operations.

Tax fees consist of services performed by our independent registered public accounting firm's tax division, except those related to the audit, and include fees for tax compliance, tax planning and tax advice. In 2005, \$87,150 of our tax fees was for tax compliance and preparation of tax returns.

There were no fees billed for other services rendered by our independent registered public accounting firm that would be included in All Other Fees for the years ended December 31, 2005 and 2004.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the registered public accounting firm's independence. All of the services described above were pre-approved by the Audit Committee in accordance with our Audit and Non-Audit Services Policy.

Audit Committee Policy for Approval of Audit and Permitted Non-Audit Services

The Audit Committee is responsible for the appointment, retention, compensation and oversight of our independent registered public accounting firm. The Audit Committee has adopted policies and procedures for pre-approving all services (audit and non-audit) performed by our independent registered public accounting firm. In accordance with such policies and procedures, the Audit Committee is required to pre-approve all audit and non-audit services to be performed by the independent registered public accounting firm in order to assure that the provision of such services is in accordance with the rules and regulations of the SEC and does not impair the registered public accounting firm's independence. Under the policy, pre-approval is generally provided for up to one year, any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may pre-approve additional services on a case-by-case basis. For each additional proposed service, our independent registered public accounting firm is required to provide detailed back-up documentation at the time of approval and our independent registered public accounting firm and our Chief Financial Officer must attest as to whether, in their view, the request or application is consistent with the SEC's rules on independence. The Audit Committee has delegated specific pre-approval to the Chairperson of the Audit Committee provided the estimated fee of the proposed service does not exceed \$100,000. The Chairperson must report any decisions to the Audit Committee at its next scheduled meeting. Periodically, but not less than quarterly, our Chief Financial Officer will provide the Audit Committee with a report of audit and non-audit services provided and expected to be provided by the independent registered public accounting firm. A copy of our Audit and Non-Audit Services policy is available on our Web site.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. The Audit Committee consists of four independent directors as defined in the listing standards of the NYSE and the NASDAQ. Its duties and responsibilities are set forth in the Audit Committee Charter approved by our Board of Directors which is available on our Web site. The Board of Directors has determined that Dennis Chookaszian and William P. Miller II meet the SEC's definition of audit committee financial expert.

As set forth in more detail in the Audit Committee Charter, the primary responsibilities of the Audit Committee fall into three broad categories:

to serve as an independent and objective party to monitor our financial reporting process and internal control system;

to review and appraise the audit efforts of the independent registered public accounting firm and internal audit department; and

to provide an open avenue of communication among the independent registered public accounting firm, financial and senior management, the internal audit department and the Board of Directors.

The Audit Committee, during the course of each fiscal year, devotes the attention that it deems necessary and appropriate to each of the matters assigned to it under the Audit Committee Charter. To carry out its responsibilities, the Audit Committee met thirteen times during fiscal year 2005 and four times during 2006 in regards to fiscal year 2005.

In the course of fulfilling its responsibilities, the Audit Committee has:

reviewed and discussed with management and the independent registered public accounting firm all financial statements prior to their issuance and any significant accounting issues and been advised by management that all financial statements were prepared in accordance with U.S. generally accepted accounting principles;

discussed with the Company's senior management and independent registered public accounting firm the process used for certifications by the Company's chief executive officer and chief financial officer, which are required for certain of the Company's filings with the Securities and Exchange Commission;

reviewed and discussed with management the Audit Committee Charter;

discussed with representatives of the independent registered public accounting firm, Ernst & Young LLP, the matters required to be discussed pursuant to Statement on Auditing Standards No. 61, (Codification of Statements on Auditing Standards, AU §380);

received the written disclosures and the letter from our independent registered public accounting firm required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees;

discussed with the independent registered public accounting firm its independence from the Company and management;

reviewed payments to and pre-approved services of our independent registered public accounting firm in accordance with the Audit and Non-Audit Services Policy; and

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

considered whether the provision by the independent registered public accounting firm of non-audit services is compatible with maintaining their independence.

Based on the foregoing, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in CME Holdings' Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the Securities and Exchange Commission. The Audit Committee also selected Ernst & Young LLP as the independent registered public accounting firm for fiscal year 2006. The Board is recommending that shareholders ratify that selection at the annual meeting.

Management is responsible for the preparation, presentation and integrity of the financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of the disclosure controls and procedures and the internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. Ernst & Young LLP, our independent registered public accounting firm, is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles, as well as expressing an opinion on (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

(4) SERP contribution refers to our Supplemental Executive Retirement Plan, a non-qualified defined contribution plan for highly compensated senior officers.

Perquisites to our executive officers are modest. We do not provide our executive officers with any perquisites that are not broadly available to all other officers of the Company, except for monthly parking that is provided to Messrs. Donohue, Gill, Krause and Chadid. The aggregate value of these benefits for each of the Named Executive Officers did not exceed \$7,500 in 2005. In addition, we reimburse our executive officers for travel expenses incurred in connection with their business-related activities (including reasonable travel expenses of family members if they are specifically invited to attend the event for an appropriate business purpose). Our policy is not to permit any personal use of Company chartered aircraft.

Option Grants in Last Fiscal Year

The following table sets forth information with respect to options granted to the Named Executive Officers during 2005.

Name	Number of Securities Underlying Options Granted (#)	Percent of Total Options Granted to Employees in Fiscal Year(1)	Exercise or Base Price Per Share (\$)	Expiration Date	Grant Date Fair Value \$(2)
Mr. Donohue	8,200	3.7%	\$ 251.95	June 15, 2015	\$ 818,032
Mr. Gill	7,000	3.2	251.95	June 15, 2015	698,320

Mr. Redding	2,500	1.1	251.95	June 15, 2015	249,400

(1) 221,600 options were granted to employees in 2005.

(2) The options granted on June 15, 2005 were valued using the Black-Scholes method of valuation. A risk-free rate of 3.90% was used over a period of six and one-half years with a 35.24% volatility factor and a 0.73% dividend yield. No adjustments were made for non-transferability or risk of forfeiture. The options have a ten-year term with an exercise price of \$251.95, the market price at the grant date. All options granted in 2005 will vest over a five-year period, with 20% vesting one year after the grant date. On the anniversary of that date in each of the four subsequent years, the options will vest with respect to an additional 20% of the shares, subject to acceleration or termination in certain circumstances.

Mr. Krause	60,000	15,543,100	24,620/12,080	8,248,668/2,934,451
Mr. Redding	6,000	1,380,363	8,540/9,260	2,769,503/2,121,890

- (1) The option values were calculated based on the closing price of our Class A common stock on December 30, 2005 (the last business day of the fiscal year) of \$367.49, less the option exercise price, multiplied by the number of shares. An option is in-the-money if the market value of the common stock subject to the option is greater than the exercise price.

Employment Agreements

Donohue Employment Agreement. Effective as of January 1, 2004, we entered into an employment agreement with Mr. Donohue to serve as our Chief Executive Officer. Under the agreement, Mr. Donohue will receive a minimum annual base salary of no less than \$700,000. He is also eligible to receive a bonus under our Annual Incentive Plan. The agreement also provides that Mr. Donohue is entitled to insurance, vacation and other employee benefits commensurate with his position in accordance with our policies for executives in effect from time to time.

Mr. Donohue's agreement will terminate on December 31, 2006, unless sooner terminated by us or Mr. Donohue. In addition, Mr. Donohue may terminate the agreement at any time upon 60 days written notice. If Mr. Donohue's employment is terminated because of his death or disability or by us with or without cause, he or his beneficiary will receive accrued base salary through the date of termination and other employee benefits to which he is entitled at such time in accordance with the terms of our plans and programs. In addition, in the event of a termination with cause by us, Mr. Donohue will forfeit any unvested or unearned compensation or long-term incentives, unless otherwise provided in the employment agreement or specified in the terms of our plans and programs. Mr. Donohue's agreement provides that, in the event of a termination without cause by us, Mr. Donohue shall be entitled to receive a one-time lump sum severance payment equal to two times his base salary as of the date of termination for the remaining term of the agreement, if any, or 24 months, whichever period is shorter.

Other Named Executive Officer Employment Agreements. We entered into employment agreements with Messrs. Gill and Krause, effective January 1, 2004 and January 1, 2003, respectively. Under these employment agreements, as extended, Messrs. Gill and Krause will each receive a minimum annual base salary of no less than \$600,000 and \$300,000, respectively. Mr. Gill's agreement provides that, in the event of a termination without cause by us, he shall be entitled to receive a one-time lump sum severance payment equal to two times his base salary as of the date of termination for the remaining term of the agreement, if any, or 24 months, whichever period is shorter. Mr. Krause's agreement provides that, in the event of a termination without cause by us, he shall be entitled to receive a one-time lump sum severance payment equal to 24 months base salary.

Benefit Plans

Omnibus Stock Plan

We have adopted the CME Holdings Amended and Restated Omnibus Stock Plan under which awards of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock and other equity-based awards may be made to our employees and those of our affiliates. A total of approximately 4.0 million shares of our Class A common stock are authorized for issuance under the Plan (subject to adjustment in the event of a merger, reorganization or similar corporate event involving us). As of December 31, 2005, approximately 1.1 million shares were available for issuance. The Plan is administered by the Compensation Committee of our Board, which has the responsibility for designating recipients of awards under the Plan, determining the terms and conditions of these awards and interpreting the provisions of the plan.

The plan contains a change of control provision. A change of control generally occurs under the plan upon the occurrence of the following events:

any person acquires more than 50% of our then outstanding shares of Class A common stock or more than 50% of the combined voting power of the then outstanding shares of common stock;

individuals who comprised our Board on February 7, 2000 (generally including any person becoming a director who was nominated or approved by those persons) cease to constitute at least a majority of our Board;

a reorganization, merger, consolidation, or sale of all or substantially all of our assets under circumstances where (i) our shareholders prior to the transaction own less than 50% of the then outstanding shares or less than 50% of the combined voting power of the surviving or resulting corporation, (ii) the members of our Board immediately prior to the transaction do not constitute a majority of the Board of Directors of the resulting or surviving corporation or (iii) an individual or entity acquires 50% or more of the common stock or combined voting power of the surviving or resulting entity; or

the approval by our shareholders of a complete liquidation or dissolution of CME Holdings.

The plan generally provides that, in the event of a change in control as a result of which our shareholders receive registered common stock, all unvested options issued under the Plan shall become vested and exercisable, restrictions shall lapse with respect to any restricted stock issued under the plan and performance goals applicable to outstanding awards shall be deemed to have been achieved. If the consideration to be received by our shareholders pursuant to the change in control is not registered common stock, outstanding awards will be cancelled in exchange for a cash payment equal to the value of such award (as defined in the plan).

2005 Director Stock Plan

Our 2005 Director Stock Plan (the *Director Plan*), approved by the Board of Directors in January 2005 and by our shareholders in April 2005, provides for the issuance of up to 25,000 shares of Class A common stock (subject to adjustment in the event of a merger, reorganization or similar corporate event involving us) through awards of non-qualified stock options, restricted stock and shares of common stock. As of December 31, 2005, approximately 23,000 shares were available for future awards under the plan. The plan is administered by the Compensation Committee of our Board, which has the responsibility for recommending to the Board the annual equity stipend to our non-executive directors. As described in more detail in the section of this Proxy Statement entitled *Directors Compensation and Benefits*, our non-executive directors receive an annual stipend consisting of cash and equity. In 2005, non-executive directors received 100 shares of Class A common stock under the plan with an option to elect to receive additional shares in lieu of all or a portion of their cash stipend up to \$17,500 valued at the closing price on the effective date of the election. In May 2005, we issued 2,233 shares under the plan to our non-executive directors. The plan contains a change of control provision similar to the Omnibus Stock Plan pursuant to which all outstanding awards will become fully vested.

Employee Stock Purchase Plan

Our Employee Stock Purchase Plan (the *ESPP*), approved by the Board of Directors in January 2005 and by our shareholders in April 2005, provides for the issuance of up to 40,000 shares of common stock to eligible employees. The plan is intended to be an employee stock purchase plan as described in Section 423 of the Internal Revenue Code (the *Code*). The plan is administered by the Compensation Committee. As of December 31, 2005, approximately 39,000 shares of Class A common stock were available for future purchases under the plan.

The ESPP permits eligible employee participants to purchase shares of our common stock through payroll deductions at a price per share which is equal to 90% of the closing price on the date of purchase. The plan provides for two offering periods each year.

All employees who are regularly scheduled to work at least 20 hours per week and who customarily are employed for more than five months in a calendar year will be eligible to participate in the ESPP, except for certain limitations imposed by Section 423(b) of the Code. Under the Code, no employee is permitted to purchase any shares in the ESPP if such employee, immediately after such purchase, owns shares possessing 5% or more of the total combined voting power of all classes of stock of the Company. In addition, no employee may purchase any shares in the ESPP in excess of \$25,000 (determined at the market value of the shares at the beginning of the offering period) in any one calendar year. Pursuant to authority granted to the Compensation Committee under the terms of the ESPP, the Committee elected to exclude members of our Management Team from participating in the ESPP.

Pension Plan

We maintain a non-contributory defined benefit cash balance pension plan for eligible employees. To be eligible, an employee must have completed a continuous 12-month period of employment with us and have reached the age of 21. Effective January 15, 1995, the pension plan was amended to provide for an age-based contribution to a cash balance account, and to include cash bonuses in the definition of earnings. Our funding goal is to have the pension plan 100% funded on a projected benefit obligation basis, while also satisfying any minimum required and maximum deductible contribution requirements. Participants become vested in their accounts after five years of service. An individual pension account is maintained for each plan participant. During employment, each individual pension account is credited with an amount equal to an age-based percentage of that individual's earnings plus the greater of 4% or the December yield on one-year constant maturity yield for U.S. Treasury notes. The pension account is portable, and vested balances may be paid out when participants end their employment with us. Alternatively, upon retirement a participant may elect to receive the balance in the account in the form of one of various monthly annuities.

The following is the schedule of the employer contributions based on age:

Age	Employer Contribution Percentage
Under 30	3%
30 - 34	4
35 - 39	5
40 - 44	6
45 - 49	7
50 - 54	8
Over 54	9

The Named Executive Officers have projected annual retirement benefits under the qualified pension plan, based on accumulated balances as of December 31, 2005, a future annual interest credit rate of 4% and future service to age 65 at salary levels as of December 31, 2005, as follows: Mr. Donohue, \$70,589; Mr. Gill, \$67,384; Ms. Taylor \$66,565; Mr. Krause \$38,925 and Mr. Redding \$69,647. The foregoing benefits do not take into account any reduction for Social Security or other offset amounts. In addition, we contribute an amount each year under a non-qualified supplemental pension plan for officers who are subject to statutory limits on the amount of compensation that can be covered under our qualified cash balance pension plan, based on the same schedule of employer contributions previously described. The contributions made under the supplemental pension plan for each of our Named Executive Officers in respect of 2005 are included in the Summary Compensation Table. The amount of return on accumulated balances in this non-qualified defined contribution plan is based on the particular individual's investment decisions and, therefore, there is no guarantee of a minimum rate of return.

Deferred Compensation Plan

Eligible officers of the Company, including the Named Executive Officers, may also participate in our Deferred Compensation Plan. Under the terms of the plan, eligible officers may defer a portion of their annual base pay and bonus into one or more investments that the plan offers from time to time. The return on the investments selected by the officers is the only return they will receive on their deferred compensation.

Supplemental Executive Retirement Plan

We also maintain a non-qualified defined contribution Supplemental Executive Retirement Plan for senior officers, including the Named Executive Officers. Under the terms of this plan, we make an annual contribution of a percentage of salary and bonus for eligible employees. Beginning in 2003, the contribution rate was 3%, representing a decrease from the 8% contribution rate in previous years. As of 2003, contributions will vest at one time once five years of service are attained from the officer's date of hire. Previously, contributions began vesting after three years and became fully vested after five years from the date of contribution. Participants in the plan elect to apply their contributions to one or more investments offered by the plan. The return on the investments selected by the officers is the only return they will receive on the contributions made under this plan. The contributions made under the Supplemental Executive Retirement Plan for each of our Named Executive Officers in respect of 2005 are shown in the Summary Compensation Table.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee comprises five independent directors. The primary responsibilities of the Compensation Committee are to review and approve compensation arrangements for senior management, review and recommend compensation arrangements for the Board of Directors, to adopt compensation plans in which senior management is eligible to participate and to oversee matters relating to employee compensation, employee benefit plans and employee incentive programs. A complete description of the Committee's responsibilities may be found in its charter, a copy of which may be found on our Web site. There were eleven meetings of the Committee in 2005. The Committee typically meets in executive session without management present for a portion of each meeting.

Compensation Philosophy and Objectives

The Compensation Committee applies a compensation philosophy based on the premise that our achievements result from the coordinated efforts of all employees working toward our business objectives. The goal of our executive compensation policies is to ensure that an appropriate relationship exists between pay, our financial performance and the creation of long-term shareholder value. When reviewing and approving compensation, or making recommendations regarding compensation to the Board, the Compensation Committee considers:

Alignment between pay and performance. It is the Committee's underlying principle that compensation should have a direct relationship with sustained shareholder value, our business and financial objectives and an employee's performance.

Ability to attract and retain talented and qualified employees. The Committee's objective is to attract and retain highly qualified employees in a manner which provides incentives to create shareholder value.

Balance between rewarding short- and long-term performance. The Committee's goal is a compensation program that provides an appropriate mix of fixed and variable pay, balances annual pay and individual and company performance with long-term stock price performance, and encourages executive retention.

The Compensation Committee works to structure and oversee a range of compensation programs designed to enable us to attract and retain executive talent in a highly competitive marketplace. The Compensation Committee periodically evaluates the competitiveness of our executive compensation programs, using information drawn from a variety of sources, such as publicly available compensation data on other financial exchanges (including Archipelago Holdings Inc., CBOT Holdings, Inc., InterContinental Exchange, Inc. and International Securities Exchange, Inc., among others), reputable published survey data on other financial and service institutions, information supplied by executive compensation consultants, and its own experience in recruiting and retaining top executives. Each year, the Committee reviews management's recommendations for compensation and benefit plan modifications and the funding of those plans. The Committee approved the annual total cash compensation of each of the Named Executive Officers, including the Chief Executive Officer, and the Company's other senior management in 2005 and determined that it was reasonable. Once approved, base salary adjustments are considered and bonus awards are paid in the first quarter of the year.

During 2005 and early 2006, the Compensation Committee discussed executive compensation at a number of meetings. There are three primary components of executive compensation: base salary, annual bonuses, and long-term equity compensation, each of which is intended to complement the others and, taken together, to satisfy our compensation philosophy objectives. The Committee's policies with respect to each of these components, including the basis for the compensation awarded to our Chief Executive Officer, are discussed below.

Base Salary

The Committee uses base salary to reward executives competitively with the level of salary relative to each position's duties and level of responsibility. It is generally the Committee's practice to target base pay ranges at the 50th percentile of the relevant market data. Base salaries are reviewed annually to determine if such salaries fall within a competitive range. Individual salaries set within a competitive range are also based upon an evaluation of other factors, such as individual past and current performance, potential with the Company, level and scope of responsibility, and internal equity. While executive base salaries are evaluated annually, we typically adjust salaries for these individuals less frequently. For 2006, the Committee approved continuing base salaries for all members of senior management at their existing level.

The base salary of each Named Executive Officer in 2005 is set forth in the Summary Compensation Table on page 33.

Annual Bonuses

Annual bonuses are designed to reward short-term or annual achievements and reflect both Company and individual performance. Bonus awards are granted under the Company's Annual Incentive Plan, approved by our shareholders in April 2003. The purpose of the Annual Incentive Plan is to align the interests of our management with those of our shareholders by encouraging management to achieve goals intended to increase long-term shareholder value.

Through this program, a substantial portion of officer pay is variable and primarily based on Company performance, with a consideration also of individual performance. Individual target levels are established as a percentage of base earnings and vary by level of executive. For senior management, bonus compensation is structured to be a relatively larger proportion of the target total cash compensation as the level of responsibility increases. Base pay represents 57% of target total cash compensation at the senior management level and 71% to 77% for all other officers.

Pursuant to the Plan, the Committee determines the criteria and objectives that must be met during the applicable performance period in order to earn an award under the Plan. Since the adoption of the Plan, the Committee has used our annual cash earnings as the pre-established performance measure.

The Plan is funded in the following manner based on our achievement of cash earnings:

	Below Threshold	Threshold	Target	Maximum
Actual Cash Earnings	Less than 80% of	80% of cash	100% of cash	120% of cash
	cash earnings	earnings target	earnings target	earnings target
	target			
Funding of Plan	0% of target	50% of target	100% of target	150% of target
	bonus pool	bonus pool		
			bonus pool	bonus pool*

* For senior management, the maximum bonus opportunity is 200% of target bonus. For 2005, the Company achieved cash earnings well over the target and thus the bonus pool was funded just under the maximum level. The funding of the target bonus pool is interpolated for performance falling between the designated target levels. If the Company does not achieve 80% of targeted cash earnings, the bonus pool is not funded for management or exempt employees (although non-exempt employees may receive a bonus under our discretionary bonus program).

Individual performance is also considered in determining the amount of an employee's bonus. For senior management, the Committee and the CEO review the individual's ability to impact business goals and the individual's contributions to the Company during the fiscal year to determine the individual performance component of the bonus.

The bonus pool and the actual bonus awards for 2005 reflect the fact that the Company significantly exceeded its cash earnings target. At its February 2006 meeting, the Committee approved senior management bonuses to reflect these efforts and achievements.

The bonuses awarded to each Named Executive Officer for 2005 are set forth in the Summary Compensation Table on page 33.

Long-Term Equity Compensation

The goal of our long-term, equity-based compensation is to align the interests of employees with shareholder interests, to encourage employees to work with a long-term view of our performance and to reinforce their long-term affiliation with the Company. The Company provides long-term incentive awards through its Omnibus Stock Plan, which is administered by the Committee.

The Omnibus Stock Plan gives the Compensation Committee the flexibility to grant various types of equity vehicles, such as stock options, restricted stock and performance units. The types of awards granted reflect both the specific objectives intended, such as aligning employees interests with shareholders interests, and competitive practice. Currently, the two vehicles in use at the senior management level are stock options and restricted stock. All other officers typically receive equity grants solely in the form of stock options. The Company grants stock options with an exercise price equal to the market value of the Company's stock at the date of grant. Typically, options expire ten years from the date of grant and vest 20% per year over a five-year period. Restricted stock generally vests 20% per year over a five-year period as well. We believe this vesting schedule helps to retain the knowledge and skills of our officers over time by reducing turnover.

Officers receive competitive long-term incentive awards as part of their annual compensation package through the CME Equity Program. Target equity grant levels are established as a percentage of base pay and vary by level of executive. In 2005, the Committee approved equity grants for all officers, subject to the terms and provisions of the Omnibus Stock Plan.

The equity grants awarded to each Named Executive Officer in 2005 can be found in the Summary Compensation Table on page 33 and on page 34 in the Option Grants in Last Fiscal Year table.

Deferred Compensation

All officers are eligible to participate in a non-qualified deferred compensation program, whereby they can elect to defer up to 20% of base salary and up to 20% of annual bonus into designated investment options of their choice. The return on the investments in third-party mutual funds they select is the only return officers will receive on their deferred compensation. In addition, the Company provides a Supplemental Executive Retirement Plan (SERP) to the Named Executive Officers and other senior management, whereby the Company contributes 3% of base salary and bonus annually under the SERP. This SERP allows us to maintain a competitive retirement program for senior management.

Chief Executive Officer Compensation

In November 2003, we entered into an employment agreement with Mr. Donohue to serve as our Chief Executive Officer, effective January 1, 2004 through December 31, 2006, subject to renewal by mutual agreement of the parties. The agreement provides for a minimum base salary of \$700,000 per year. Mr. Donohue is eligible for an annual incentive bonus under the Company's Annual Incentive Plan and may participate in the CME Equity Program. Mr. Donohue is also entitled to participate in other benefit plans generally available to the Company's officers. A one-time lump sum cash severance is also provided in the event of involuntary termination by the Company without cause in the amount of two times Mr. Donohue's base salary as of the date of termination for the remaining term of the contract but not to exceed 24 months of base salary.

The Committee followed the same philosophy and policies described above in determining compensation for Mr. Donohue during 2005. Mr. Donohue received an annual base salary of \$700,000 in 2005. In December 2005, the Board of Directors met in executive session to review Mr. Donohue's performance during the fiscal year. His performance evaluation was based on a combination of quantitative business results and a qualitative assessment of pre-stated leadership qualities for the CEO role. In consideration of Mr. Donohue's 2005 performance and the fact that the Company significantly exceeded its cash earnings target, the Committee approved a bonus of \$951,510 for Mr. Donohue for the 2005 performance year. In particular, the Committee recognized a 39% growth in cash earnings from the prior year and a 32% return on equity for this year.

Review of All Components of Executive Compensation

The Committee has reviewed all components of the Chief Executive Officer's and all other senior management's compensation, to include base pay, annual bonus, long-term equity compensation, including the in-the-money value of all equity grants and monetized gains, and the value of all retirement contributions to include both qualified and nonqualified benefits. A tally sheet setting forth all of the above components was prepared and reviewed by the Committee and the Board. The Committee will prepare and review such tally sheets annually.

Limit on Tax-Deductible Compensation

Section 162(m) of the Internal Revenue Code imposes a \$1.0 million limit on the deduction that the Company may claim in any tax year with respect to compensation paid to the Chief Executive Officer and certain other senior management. However, certain types of performance-based compensation are exempted from this \$1.0 million limit. Performance-based compensation can include income from stock options, restricted stock, and certain formula-driven compensation that meets the IRS requirements. In 2003, the shareholders approved the Annual Incentive Plan, which provides that amounts payable to the Chief Executive Officer and certain other senior management pursuant to the plan will not be subject to the deduction limitations of Section 162(m) provided certain pre-established goals are met. We reserve the authority, however, to authorize payments that may not be deductible if we believe that it is in the best interests of the Company and its shareholders.

We believe that the compensation programs of the Company are designed and administered in a manner consistent with the executive compensation philosophy and objectives. The programs continue to focus on aligning executive pay with performance, attracting and retaining qualified employees and maintaining a balance between rewarding short- and long-term company performance. We regularly review these programs to ensure they are consistent with our objectives and are competitive with the marketplace.

Our Audit Committee, in accordance with the listing standards of the NASDAQ, approves all of our related party transactions.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers and directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms that they file. Based solely on our review of the copies of the forms we have received during fiscal year 2005 all of our officers and directors complied with their Section 16(a) filing requirements, except that due to broker reporting errors, two transactions by Mr. Oliff were not reported timely.

SHAREHOLDER PROPOSALS FOR 2007 ANNUAL MEETING

Proposals that shareholders wish to include in our proxy materials for presentation at our Annual Meeting in April 2007 must be received by our Corporate Secretary by November 20, 2006. Those proposals should be sent to Ms. Kathleen M. Cronin, Managing Director, General Counsel and Corporate Secretary, Chicago Mercantile Exchange Holdings Inc., 20 South Wacker Drive, Chicago, Illinois 60606, and must comply with rules promulgated by the SEC in order to be eligible for inclusion in our proxy materials for our 2007 Annual Meeting.

Our bylaws also contain advance notice requirements for matters that shareholders intend to bring before an Annual Meeting. Generally, notice of a proposal to be brought before the 2007 Annual Meeting must be received by our Corporate Secretary not earlier than December 27, 2006 and not later than January 26, 2007. The notice must set forth the following information on each item of business that the shareholder proposes to bring before the meeting:

a brief description of the item, together with a statement of the reasons for conducting that business at the meeting and a representation that the shareholder intends to appear in person or by proxy at the meeting to introduce the item;

the name and address, as they appear on our records, of the shareholder making the proposal;

the class and series, if any, and number of our shares that are beneficially owned by the shareholder; and

any material interest of the shareholder in the proposal.

AVAILABILITY OF FORM 10-K AND ANNUAL REPORT TO SHAREHOLDERS

SEC rules require us to provide an Annual Report to shareholders who receive this proxy statement. Additional copies of the Annual Report, along with copies of our Annual Report on Form 10-K for our fiscal year ended December 31, 2005 (not including documents incorporated by reference), are available free of charge upon written request to Shareholder Relations and Membership Services, Attention Ms. Beth Hausoul, Chicago Mercantile Exchange Holdings Inc., 20 South Wacker Drive, Chicago, Illinois 60606.

ELECTRONIC DELIVERY OF 2007 PROXY STATEMENT AND OTHER DOCUMENTS

The notice of Annual Meeting and proxy statement and the 2005 Annual Report to Shareholders are available on our Web site at www.cme.com. Instead of receiving future copies of these documents by mail, you can elect to receive an email that will provide links to them. Opting to receive your proxy materials online will help us save significant printing and mailing expenses. If you hold shares in your name (instead of through a broker or other nominee), you can choose this option by following the instructions provided when you vote over the Internet or by going to www.computershare.com/us/sc/cme and clicking on the Electronic Shareholder Communications link. If you hold your shares through a broker or other nominee, you should follow the instructions regarding electronic delivery, if any, provided by your broker or other nominee.

If you choose to receive your proxy materials and Annual Report electronically, then prior to next year's Annual Meeting you will receive e-mail notification when the proxy materials and Annual Report are available for your on-line review. Your choice for electronic distribution will remain in effect indefinitely, unless you revoke your choice by sending written notice of revocation to: Computershare Investor Services, 2 North LaSalle Street, Chicago, IL 60602.

HOUSEHOLDING

We have adopted a procedure approved by the SEC called householding. Under this procedure, shareholders of record who have the same address and last name and do not participate in the electronic delivery of proxy materials will receive only one copy of our proxy statement and Annual Report to Shareholders unless one or more of these shareholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees. Shareholders who participate in householding will continue to receive separate proxy cards. Also, householding will not in any way affect dividend check mailings.

If you are eligible for householding, but you and other shareholders of record with whom you share an address currently receive multiple copies of the proxy statement and/or Annual Report to Shareholders, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our transfer agent, Computershare as previously indicated.

If you participate in householding and wish to receive a separate copy of the 2005 Annual Report to Shareholders or this proxy statement, or if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, please contact Computershare as previously indicated.

Beneficial shareholders can request information about householding from their banks, brokers or other holders of record.

PROXY SOLICITATION

We will pay the costs of soliciting proxies. In addition to mailing proxy solicitation material, our directors and employees also may solicit proxies in person, by telephone or by other electronic means of communication. We will not compensate these directors and employees additionally for this solicitation, but we may reimburse them for any out-of-pocket expenses that they incur in the process of soliciting the proxies. We will arrange for brokers and other custodians, nominees and fiduciaries to forward the solicitation materials to their beneficial owners, and we will reimburse them for any out-of-pocket expenses that they reasonably incur in the process of forwarding the materials. We have retained D.F. King to aid in the solicitation of proxies. It is estimated that the fee for D.F. King will be approximately \$18,000 plus reasonable out-of-pocket costs and expenses.

By Order of the Board of Directors,

Kathleen M. Cronin

Managing Director, General Counsel and Corporate Secretary

Dated: March 10, 2006

APPENDIX A

CATEGORICAL INDEPENDENCE STANDARDS

A director who satisfies the independence standards of the New York Stock Exchange and The Nasdaq Stock Market, Inc. and meets all of the following categorical standards shall be presumed to be independent :

The director does not (directly or indirectly as a partner, shareholder or officer of another company) provide consulting, legal or financial advisory services to the Company or the Company's present or former auditors.

Neither the director nor any member of his or her immediate family is a significant shareholder in the Company's Class A Common Stock or Class B Common Stock. For purposes of this categorical standard, a shareholder shall be considered significant if the ownership of shares of Class A Common Stock is greater than five percent (5%) of the outstanding Class A Common Stock or if the ownership of shares of any series of Class B Common Stock is greater than five percent (5%) of the outstanding Class B Common Stock in such series.

Neither the director nor any member of his or her immediate family serves as an executive officer or director of a civic or charitable organization that receives significant financial contributions from CME or the CME Foundation. For purposes of this categorical standard, the Board of Directors shall determine whether a financial contribution is considered significant on a case-by-case basis; provided, however, that any contribution less than \$100,000 or two percent (2%) of that entity's total annual charitable receipts and other revenues, whichever is greater, shall be presumed to be insignificant.

In addition, the Board of Directors has determined that a director who acts as a floor broker, floor trader, employee or officer of a futures commission merchant, CME clearing member firm or other similarly situated person that intermediates transactions in or otherwise uses CME products and services shall be independent, if he or she otherwise satisfies all of the above categorical standards and the independence standards of the New York Stock Exchange and The Nasdaq Stock Market, Inc. and such transactions are made in the ordinary course of business of the Company on terms consistent with those prevailing at the time for corresponding transactions by similarly situated, unrelated third parties.
