NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held Thursday, May 22, 2008

Notice is hereby given that on Thursday, May 22, 2008, MAP Pharmaceuticals, Inc., a Delaware corporation (the Company), will hold its Annual Meeting of Stockholders (the Annual Meeting) at our headquarters, 2400 Bayshore Parkway, Suite 200, Mountain View, California 94143. The Annual Meeting will begin at 8:00 a.m. local time.

Only stockholders who owned stock at the close of business on April 3, 2008 are entitled to vote at the Annual Meeting or any adjournment that may take place. At the Annual Meeting, we will:

1. Elect the members of Class I of the Board of Directors to serve for a three-year term or until the election and qualification of their successors;
2. Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008; and
3. Transact such other business as may properly come before the Annual Meeting.

The foregoing items of business are more fully described in the proxy statement accompanying this Notice. The record date for determining those stockholders who will be entitled to notice of, and to vote at, the Annual Meeting and at any adjournments thereof is April 3, 2008. Shares of common stock may be voted at the Annual Meeting only if the holder is present at the meeting in person or by valid proxy.

All stockholders are cordially invited to attend the Annual Meeting in person. Whether or not you expect to attend the Annual Meeting, please complete, sign, date and return the enclosed proxy as promptly as possible in order to ensure your representation at the meeting. A return envelope (which is postage prepaid if mailed in the United States) is enclosed for that purpose. Even if you have given your proxy, you may still vote in person if you attend the Annual Meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the Annual Meeting, you must obtain from the record holder a proxy issued in your name.

BY ORDER OF THE BOARD OF DIRECTORS,

/s/ CHARLENE A. FRIEDMAN
CHARLENE A. FRIEDMAN
Vice President, General Counsel and Secretary

Mountain View, California

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD

Thursday, May 22, 2008

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This proxy statement is being furnished to stockholders of MAP Pharmaceuticals, Inc., a Delaware corporation (the "Company"), in connection with the solicitation by our Board of Directors of proxies to be used at the Annual Meeting of Stockholders to be held on Thursday, May 22, 2008, at 8:00 a.m. local time (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at our headquarters at 2400 Bayshore Parkway, Mountain View, California 94043. This proxy statement and accompanying proxy card are being mailed on or about April 15, 2008 to all stockholders entitled to vote at the Annual Meeting. In accordance with Delaware law, a list of stockholders entitled to vote at the Annual Meeting will be available at the meeting, and for 10 days prior to the meeting at MAP Pharmaceuticals, Inc., 2400 Bayshore Parkway, Suite 200, Mountain View, California 94043 between the hours of 8:00 a.m. and 5:00 p.m. Pacific Time.

Proposals to Be Voted On at the Annual Meeting

Stockholders of record as of April 3, 2008 are asked to vote on the following proposals:

1. the election of the three nominees for election to the Board of Directors listed in this proxy statement; and
2. the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2008.

Voting Rights and Solicitation of Proxies

Only holders of record at the close of business on Wednesday, April 3, 2008 (the Record Date) will be entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement that may occur. At the close of business on the Record Date, there were 20,253,766 shares of common stock, par value \$0.01 per share (the Common Stock), outstanding, held by approximately 37 stockholders of record. Only stockholders of record of our Common Stock on the Record Date will be entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. On each matter to be considered at the Annual Meeting, each stockholder of record will be entitled to cast one vote for each share held on the Record Date.

We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their

names shares of Common Stock beneficially owned by others to forward to such beneficial owners. In addition, we may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by mail, telephone or other electronic means, or in person, by directors, officers or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

Quorum Requirement and Votes Required for the Proposals

In order to constitute a quorum and to transact business at the Annual Meeting, a majority of the outstanding shares of Common Stock on the Record Date must be represented at the Annual Meeting. Shares represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Under Delaware law, directors are elected by a plurality vote. Directors will be elected by a favorable vote of a plurality of the aggregate votes present, in person or by proxy, at the Annual Meeting. Accordingly, abstentions will not affect the outcome of the election of candidates for director. The election of directors is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal. Stockholders are not permitted to cumulate their shares for the purpose of electing directors or otherwise.

The proposal to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008 requires the affirmative vote of a majority of the aggregate votes present, in person or by proxy, and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote against this proposal. However, the ratification of our selection of PricewaterhouseCoopers LLP is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal.

The persons named as attorneys-in-fact in the form of the accompanying proxy, Timothy S. Nelson and Charlene A. Friedman, were selected by our Board of Directors and are officers of the Company. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted by Mr. Nelson and Ms. Friedman at the Annual Meeting. Aside from election of the named directors and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, our Board of Directors knows of no other matter to be presented at the Annual Meeting. If any other matters should be presented at the Annual Meeting upon which a vote properly may be taken, shares represented by all proxies received by us will be voted with respect thereto in accordance with the judgment of the persons named as attorneys-in-fact in the proxies.

Voting Via the Internet or by Telephone

If you hold stock certificates in your name, you will receive the Company's proxy card from our stock transfer agent, American Stock Transfer & Trust Company. The proxy card will contain information on telephone and internet voting, so that you may grant your proxy for those shares telephonically by calling the telephone number shown on the proxy card, or via the Internet at www.voteproxy.com.

Most beneficial owners whose stock is held in street name receive voting instruction forms from their banks, brokers or other agents, rather than the Company's proxy card. A number of brokers and banks are participating in a program provided through Broadridge Financial Solutions, Inc. that offers telephone and Internet grants of proxies. If your shares are held in an account with a broker or bank participating in the Broadridge Financial Solutions program, you may grant your proxy for those shares telephonically by calling the telephone number shown on the form

Edgar Filing: MAP Pharmaceuticals, Inc. - Form DEF 14A

received from your broker or bank, or via the Internet at Broadridge Financial Solutions website at www.proxyvote.com.

Submitting your proxy via the Internet or by telephone will not affect your right to revoke your proxy and vote in person, should you decide to attend the Annual Meeting.

The telephone and Internet proxy granting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their proxy granting instructions and to confirm that stockholders' instructions have been recorded properly. Stockholders granting proxies via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that must be borne by the stockholder.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. A proxy may be revoked by delivering a written notice of revocation or a duly executed proxy bearing a later date to the Secretary at the Company's offices, 2400 Bayshore Parkway, Suite 200, Mountain View, California 94043, or it may be revoked by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

If your shares are held in the name of a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your bank, broker or other nominee. Please note that if your shares are held of record by a broker, bank or other nominee and you decide to attend and vote at the Annual Meeting, your vote in person at the meeting will not be effective unless you present a legal proxy, issued in your name from the record holder, your broker, bank or other nominee.

MATTERS TO BE CONSIDERED AT THE 2008 ANNUAL MEETING

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors currently consists of nine members. Our Bylaws provide for the classification of the Board of Directors into three classes, as nearly equal in number as possible, with staggered terms of office. Our Bylaws also provide that upon expiration of the term of office for a class of directors, nominees for such class will be elected for a term of three years or until their successors are duly elected and qualified.

The term of office of the Class I directors will expire in May 2008, and the Board of Directors has selected, upon recommendation by the nominating and corporate governance committee, three nominees for Class I directors. The nominees for Class I director are John G. Freund, M.D., Carl S. Goldfischer, M.D. and H. Ward Wolff. All the director nominees currently serve as directors of the Company. Each director nominee has agreed to stand for election to a three-year term. The three candidates receiving the highest number of affirmative votes of the shares represented and entitled to vote at the Annual Meeting will be elected as Class I directors of the Company. The Class II directors, Thomas A. Armer, Ph.D., Steven A. Elms and Bernard J. Kelley, have one year remaining on their term of office. The Class III directors, Gerri A. Henwood, Matthew V. McPherron and Timothy S. Nelson, have two years remaining on their term of office.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, FOR the election of the three nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

Set forth below is information regarding the nominees for Class I director, including their ages, the periods during which they have served as directors and information furnished by them as to principal occupations and current public company directorships.

NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

Mr. McPherron received an M.B.A. from Harvard Business School and a B.S. from the University of Kansas.

Timothy S. Nelson has served as our President and Chief Executive Officer and as a member of our Board of Directors since April 2005. From 1998 to 2005, Mr. Nelson served as Senior Vice President of Commercial and Business Development at DURECT Corporation, a pharmaceutical company. From 1992 to 1998, Mr. Nelson held various senior management positions with Medtronic, Inc., a medical device company, including Business Director of the Neurological Division for Europe, the Middle East and Africa from 1996 to 1998. Mr. Nelson received an M.M. with distinction from the Kellogg School of Management at Northwestern University and a B.S. in chemical engineering from the University of Minnesota.

There are no family relationships among executive officers or directors of the Company. There are no current legal proceedings and claims, either asserted or unasserted, to which the executive officers, directors or the Company are a party. Except for Dr. Armer, who previously served as Chief Scientific Officer of Sheffield Pharmaceuticals, Inc., which filed for Chapter 7 bankruptcy in June 2003, there are no current, nor in the past five years have there been any, legal proceedings involving any director or executive officer related to (i) federal bankruptcy, (ii) criminal proceedings, (iii) federal or state securities laws or (iv) any judgment, decree or order enjoining a director or officer from acting as an investment advisor, broker or dealer of securities or engaging in any type of business practice.

BOARD COMMITTEES AND MEETINGS

During the fiscal year ended December 31, 2007, the Board of Directors held ten meetings and acted by written consent on two occasions. The Board of Directors has an audit committee, a compensation committee and a nominating and corporate governance committee. During the fiscal year ended December 31, 2007, each of the incumbent directors attended at least 90% of the meetings of the Board of Directors and the committees on which he or she served. Currently the Company does not maintain a formal policy regarding director attendance at the Annual Meeting of Stockholders.

Audit Committee

Our audit committee oversees our corporate accounting and financial reporting process. Among other matters, the audit committee evaluates the independent registered public accounting firm's qualifications, independence and performance; determines the engagement of the independent registered public accounting firm; reviews and approves the scope of the annual audit and the audit fee; discusses with management and the independent auditors the results of the annual audit and the review of our quarterly consolidated financial statements; approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent registered public accounting firm on our engagement team as required by law; reviews our critical accounting policies and estimates; and annually reviews the audit committee charter and the committee's performance. The current members of our audit committee are Dr. Goldfischer, who is the chair of the committee, Ms. Henwood, Mr. Kelley and Mr. Wolff. All members of our audit committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and the Nasdaq Global Market. Our Board has determined that Dr. Goldfischer and Mr. Wolff are audit committee financial experts as defined under the applicable rules of the SEC and have the requisite financial sophistication as defined under the applicable rules and regulations of the Nasdaq Global Market. Dr. Goldfischer, Ms. Henwood, Mr. Kelley and Mr. Wolff are independent directors as defined under the applicable rules and regulations of the SEC and the Nasdaq Global Market. Under the rules of the SEC, members of the audit committee must also meet heightened independence standards. However, a minority of the members of the audit committee may be exempt from the heightened audit committee independence standards for one year from the date of effectiveness of our initial public offering registration statement, or October 4, 2008. Our Board has determined that each of Ms. Henwood, Mr. Kelley and Mr. Wolff meets these heightened independence standards. The audit committee operates under a written charter that satisfies the applicable standards of the SEC and the Nasdaq Global Market. A copy of the audit committee charter is available on our website at www.mappharma.com.

Compensation Committee

Our compensation committee reviews and recommends policies relating to compensation and benefits of our officers and employees. The compensation committee reviews and approves corporate goals and objectives relevant to compensation of our chief executive officer and other executive officers, evaluates the performance of these officers in light of those goals and objectives, and sets the compensation of these officers based on such evaluations. The compensation committee also administers the issuance of stock options and other awards under our stock plans. The compensation committee will review and evaluate, at least annually, the performance of the compensation committee and its members, including compliance of the compensation committee with its charter. The current members of our compensation committee are Ms. Henwood, who is the chair of the committee, Mr. Kelley and Mr. McPherron. Each of the members of our compensation committee are independent under the applicable rules and regulations of the SEC, the Nasdaq Global Market and the Internal Revenue Code of 1986, as amended. The compensation committee operates under a written charter that satisfies the applicable standards of the SEC and the Nasdaq Global Market. A copy of the compensation committee charter is available on our website at www.mappharma.com.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee is responsible for making recommendations to our Board of Directors regarding candidates for directorships and the size and composition of our Board of Directors. In addition, the nominating and corporate governance committee is responsible for overseeing our corporate governance guidelines and reporting and making recommendations to our Board of Directors concerning governance matters. The current members of our nominating and corporate governance committee are Mr. Elms, who is the chair of the committee, Dr. Freund and Mr. McPherron. Each of the members of our nominating and corporate governance committee are independent under the applicable rules and regulations of the SEC and the Nasdaq Global Market. The nominating and corporate governance committee operates under a written charter that satisfies the applicable standards of the SEC and the Nasdaq Global Market. A copy of the nominating and corporate governance committee charter is available on our website at www.mappharma.com.

Compensation Committee Interlocks and Insider Participation

No member of the compensation committee has at any time served as an officer or been otherwise employed by us. None of our executive officers currently serves or in the prior three years has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors or compensation committee.

DIRECTORS COMPENSATION AND BENEFITS

Directors who also are our employees do not receive any fees for their service as a director. During fiscal 2007 until October 11, 2007, the date we completed our initial public offering, we did not pay any compensation to our non-employee directors, with the exception of Mr. Kelley, who received a stock option grant of 16,949 shares upon his appointment to the Board of Directors in May 2007. We reimburse directors for reasonable out-of-pocket travel expenses incurred in connection with attending meetings of the Board of Directors.

In July 2007, upon the recommendation of the compensation committee, the Board of Directors made changes in compensation for non-employee directors, effective upon the completion of the Company's initial public offering. Starting on October 11, 2007, each non-management director will receive an annual cash retainer of \$25,000 per year. Such directors shall also receive an additional annual cash retainer of \$4,000 per year for being a member of our compensation committee, except that the chairperson of our compensation committee shall receive an additional annual cash retainer of \$7,500 per year. Non-management directors shall also receive an additional annual cash retainer of \$2,500 per year for being a member of our nominating and corporate governance committee, except that the chairperson of our nominating and corporate governance committee shall receive an additional annual cash retainer of \$5,000 per year. Non-management directors shall also receive an additional annual cash retainer of \$4,000 per year for being a member of our audit committee, except that the chairperson of our audit committee shall receive an additional annual cash retainer of \$7,500 per year.

Upon initial election to our Board of Directors, each non-management director shall receive an initial option grant of an option to purchase 30,000 shares of our common stock with an exercise price equal to the fair market value of our common stock on the date of grant. Such initial option grant shall be vested and become exercisable as to one quarter of the total number of shares subject to the option on the one year anniversary of the date the director commences service on our Board of Directors, with the remainder of the option vesting and becoming exercisable at a rate of 1/48th of the total number of shares subject to the option each month thereafter. On the date of each annual meeting of stockholders beginning in 2008, each non-management director who has served at least six months on our Board of Directors shall also receive an annual grant of an option to purchase 7,500 shares of our common stock with an exercise price equal to the fair market value of our common stock on the date of grant. Such annual option grant shall be vested and become exercisable as to one twelfth of the total number of shares subject to the option on each monthly anniversary of the date of grant.

The following table sets forth information regarding compensation earned by our non-employee directors during the fiscal year ended December 31, 2007.

Director Compensation

Name	Fees			Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings	All Other Compensation (\$)	Total (\$)
	Earned or Paid in Cash (\$)	Stock Awards (\$)	Option Awards (\$) ⁽¹⁾		Nonqualified Deferred Compensation Earnings

Matthew V. McPherron	7,875						7,875

⁽¹⁾ The amounts included in the Option Awards column represent the compensation cost that was recognized by us in 2007 related to grants of options during 2007 and previous fiscal years, as applicable, determined in accordance with SFAS No. 123(R). The valuation assumptions used in determining such amounts are described in our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2007.

⁽²⁾ Mr. Kelley received a stock option grant on May 2, 2007. The options vest as to 1/4 of the total number of shares subject to the option on the one year anniversary of the vesting commencement date, May 2, 2007, with the remainder of the shares vesting at a rate of 1/48th of the total number of shares subject to the option on each monthly anniversary of the vesting commencement date until all shares are vested. The grant date fair value of equity awards computed in accordance with SFAS No. 123(R) was \$10.23 and the aggregate number of option awards outstanding at fiscal year end was 16,949.

CORPORATE GOVERNANCE

The Company has an ongoing commitment to good governance and business practices. In furtherance of this commitment, we regularly monitor developments in the area of corporate governance and review our processes and procedures in light of such developments. We comply with rules and regulations promulgated by the SEC and the Nasdaq Global Market, and implement other corporate governance practices which we believe are in the best interest of the Company and our stockholders.

Code of Conduct

In 2007, we adopted a Code of Conduct (the Code of Conduct), which is available in its entirety on our website at www.mappharma.com and to any stockholder otherwise requesting a copy. All Company employees, officers and directors, including the Chief Executive Officer and Chief Financial Officer, are required to adhere to the Code of Conduct in discharging their work-related responsibilities. Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Conduct. Amendments to the Code of Conduct, and any waivers from the Code of Conduct granted to directors or executive officers, will also be made available through our website as they are adopted.

In keeping with the Sarbanes-Oxley Act of 2002, the audit committee has established procedures for receipt and handling of complaints received by the Company regarding accounting, internal accounting controls or auditing matters. An employee hotline has been set up, and the phone number of the hotline has been distributed to all employees, to allow for the confidential, anonymous submission to the chair of the audit committee by our employees of concerns regarding accounting or auditing matters.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines (the Guidelines) to address significant corporate governance issues. You can access our Guidelines, as adopted by the Board of Directors, at the Corporate Governance page of our website at www.mappharma.com. The Guidelines provide a framework for corporate governance matters and include topics such as the composition and evaluation of the members of the Board of Directors and its committees. The nominating and corporate governance committee is responsible for reviewing the Guidelines and reporting and recommending any changes to the Guidelines to the Board of Directors.

The Guidelines provide that the Board of Directors perform, on an annual basis, an analysis as to whether each member of the Board of Directors is independent. The Board of Directors has adopted the independence standards of the Nasdaq Global Market, and reviews all commercial and other relationships of each director and his or her family members in making its determination as to the independence of its directors. The Board of Directors has determined that Mr. Elms, Dr. Freund, Dr. Goldfischer, Ms. Henwood, Mr. Kelley, Mr. McPherron and Mr. Wolff each qualify as independent under the Nasdaq Global Market requirements.

Process for Identifying and Evaluating Director Nominees

The Board of Directors is responsible for nominating directors for election at annual meetings of stockholders or to fill vacancies on the Board of Directors. The Board of Directors has delegated the selection and nomination process to the nominating and corporate governance committee, with the expectation that other members of the Board of Directors, and of management, will be requested to take part in the process as appropriate.

The nominating and corporate governance committee reviews, at least annually, the performance of each current director and considers the results of such evaluation when determining whether or not to re-nominate such director for an additional term. In addition to reviewing the qualifications outlined in the Director Qualifications section below, in determining whether to recommend a director for re-election, the nominating and corporate governance committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board of Directors. As part of this analysis, the nominating and corporate governance committee will also take into account the nature of and time involved in a director's service on other boards or committees. Following this review, the nominating and corporate governance committee nominated and recommended that Dr. Freund, Dr. Goldfischer and Mr. Wolff be elected to the Board of Directors as Class I directors.

New Candidates

Generally, the nominating and corporate governance committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisers, through recommendations submitted by stockholders or through such other methods as the nominating and corporate governance committee deems to be helpful to identify candidates. Once candidates have been identified, the nominating and corporate governance committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the nominating and corporate governance committee. The nominating and corporate governance committee may gather information about the candidates through interviews, detailed questionnaires regarding experience, background and independence, comprehensive background checks from a qualified company of its choosing, or any other means that the nominating and corporate governance committee deems to be helpful in the evaluation process.

Edgar Filing: MAP Pharmaceuticals, Inc. - Form DEF 14A

An initial reviewing member of the nominating and corporate governance committee will make a preliminary determination regarding whether a potential candidate is qualified to fill a vacancy or satisfy a particular need. If so, the full nominating and corporate governance committee will make an investigation and

interview the potential candidate, as necessary, to make an informed final determination. The nominating and corporate governance committee will meet as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board of Directors. Based on the results of the evaluation process, the nominating and corporate governance committee recommends candidates for the Board of Directors' approval as director nominees for election to the Board of Directors. The nominating and corporate governance committee also recommends candidates for the Board of Directors' appointment to the committees of the Board of Directors.

Director Qualifications

The nominating and corporate governance committee is responsible for reviewing with the Board of Directors from time to time the appropriate qualities, skills and characteristics desired of members of the Board of Directors in the context of the needs of the business and current composition of the Board of Directors. In evaluating the suitability of individual candidates (both new candidates and current members of the Board of Directors), the nominating and corporate governance committee, in nominating candidates for election, or the Board of Directors, in approving (and, in the case of vacancies, appointing) such candidates, take into account many factors, including:

the candidate's personal and professional integrity, ethics and values;

the candidate's experience in corporate management, such as serving as an officer or former officer of a publicly held company;

the candidate's experience in the pharmaceutical industry and with relevant social policy concerns;

the candidate's experience as a board member of another publicly held company;

the candidate's diversity of experience in substantive matters pertaining to our business relative to other Board members; and

whether the candidate possesses practical and mature business judgment.

The Board of Directors evaluates each individual in the context of the Board of Directors as a whole, with the objective of assembling a group that can best perpetuate the success of our business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

Procedures for Recommendation of Director Nominees by Stockholders

The nominating and corporate governance committee will consider director candidates who are recommended by our stockholders. Stockholders, in submitting recommendations to the nominating and corporate governance committee for director candidates, must comply with our Bylaws. Pursuant to our Bylaws, stockholders who wish to nominate persons for election to the Board of Directors at the Annual Meeting must comply with the notice provisions in our Bylaws. The stockholder's notice must include the following information for the person proposed to be nominated:

Edgar Filing: MAP Pharmaceuticals, Inc. - Form DEF 14A

(a) the name and address, as they appear on our books, of the stockholder proposing such business;

(b) the class and number of our shares that are beneficially owned by the stockholder;

(c) any material interest of the stockholder in such business; and

(d) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, in his or her capacity as a proponent to a stockholder proposal.

We may request from the recommending stockholder or recommending stockholder group such other information as may reasonably be required to determine whether each person recommended by a stockholder or

stockholder group as a nominee meets the minimum director qualifications established by the Board of Directors and to enable us to make appropriate disclosures to stockholders entitled to vote in the next election of directors. Nominees are required to make themselves reasonably available to be interviewed by the nominating and corporate governance committee and members of management, as determined to be appropriate by the nominating and corporate governance committee. We will not accept a stockholder recommendation for a nominee if the recommended candidate's candidacy or, if elected, Board of Directors membership, would violate applicable state law, federal law or the rules of any exchange or market on which our securities are listed or traded. If the nomination by stockholders was made in accordance with the procedures in our Bylaws, the nominating and corporate governance committee will apply the same criteria in evaluating the nominee as it would any other Board nominee candidate and will recommend to the Board of Directors whether or not the stockholder nominee should be nominated by the Board of Directors and included in our proxy statement.

Notices should be directed to the attention of the Vice President, General Counsel and Secretary, MAP Pharmaceuticals, Inc., 2400 Bayshore Parkway, Suite 200, Mountain View, California 94043.

Communications with the Board of Directors

We provide a process for stockholders to send communications to the Board of Directors, the non-management members as a group or any of the directors individually. Stockholders may contact any of the directors, including the non-management directors, by writing to them c/o the Vice President, General Counsel and Secretary, MAP Pharmaceuticals, Inc., 2400 Bayshore Parkway, Suite 200, Mountain View, California 94043. All communications will be compiled by our Vice President, General Counsel and Secretary and submitted to the Board of Directors or the individual directors, as applicable, on a periodic basis.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

On the recommendation of the audit committee, the Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008, and has further directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since March, 2006. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee and the Board of Directors in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FEES BILLED TO REGISTRANT

The following table summarizes the aggregate fees billed to us in fiscal years 2007 and 2006 for professional services rendered by PricewaterhouseCoopers LLP for the audit of our financial statements, and fees billed for other services rendered by PricewaterhouseCoopers LLP:

Fee Category	2007	2006
Audit Fees ^(a)	\$ 1,165,663	\$ 25,000
Audit-Related Fees		
Tax Fees ^(b)	\$ 37,020	\$ 17,000
All Other Fees		
Total	\$ 1,202,683	\$ 42,000

^(a) Fees for audit services billed in 2007 and 2006 consisted of:

During 2007, integrated audit of our 2006 annual financial statements and quarterly reviews for the first three quarters of 2007;

During 2006, audit of our financial statements from the period December 11, 2003 through December 31, 2005;

Consents and other services related to SEC matters in 2007.

^(b) Fees for tax services billed in 2007 and 2006 consisted of tax compliance services and advice. Tax compliance services are services rendered based upon facts already in existence or transactions that have already occurred to document, compute and obtain government approval for amounts to be included in tax filings and consisted of federal, state and local income tax return assistance.

In considering the nature of the services provided by the independent registered public accounting firm, the audit committee determined that such services are compatible with the provision of independent audit services. The audit committee discussed these services with the independent registered public accounting firm and our management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval Policy

The audit committee is responsible for reviewing the terms of the proposed engagement of the independent registered public accounting firm for audit or permissible non-audit services and for pre-approving all such engagements. The audit committee may delegate authority to one member of the audit committee to provide such pre-approvals, provided that such person will be required, for informational purposes only, to report all such approvals to the full audit committee at its next scheduled meeting. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the audit committee or its delegate. In providing any pre-approval, the audit committee considers whether the services to be approved are consistent with the SEC's rules on auditor independence. In fiscal year 2007, all of the fees paid to our independent registered public accounting firm were pre-approved by the audit committee pursuant to our policy.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM. UNLESS YOU INDICATE OTHERWISE, YOUR PROXY WILL BE VOTED FOR RATIFICATION.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The Named Executive Officers

Our named executive officers are our Chief Executive Officer, our Chief Financial Officer and the three next most highly compensated executive officers. For the year 2007, our named executive officers are:

Timothy S. Nelson, Chief Executive Officer and President;

Christopher Y. Chai, Chief Financial Officer;

Thomas A. Armer, Chief Scientific Officer;

Anastasios E. Gianakakos, Senior Vice President, Corporate and Business Development; and

Stephen B. Shrewsbury, M.B., Ch.B., Chief Medical Officer.

Executive Compensation

We have adopted a performance based compensation strategy for our executive officers that focuses executive behavior on the achievement of near-term corporate targets as well as long-term business objectives and strategies. The compensation committee of our Board of Directors is responsible for evaluating and administering our compensation programs and practices to ensure that they properly incentivize our work force and appropriately drive corporate performance while remaining competitive with comparable life sciences companies competing in our labor market. Our compensation committee reviews and approves all of our compensation policies, including executive officer salaries, bonuses and equity incentive compensation.

Objectives of our Executive Compensation Programs

Our compensation programs for our executives, including the named executive officers, are designed to achieve the following objectives:

attract, engage and retain exceptionally talented and highly experienced executives in the competitive and dynamic life sciences industry;

motivate and reward executives whose knowledge, skills and performance ensure our continued success;

encourage and inspire our executives to achieve key corporate strategic and financial performance objectives by linking incentive award opportunities to the achievement of personal and company-wide short and long-term goals; and

align the interests of our executives and stockholders by motivating executives to increase stockholder value and rewarding executives when stockholder value increases.

Our Executive Compensation Programs

The components of our executive compensation program consist primarily of base salary, annual cash incentive bonuses and equity awards and broad-based benefits programs. We use an array of short-term compensation components (such as base salaries and cash incentive bonuses) and long-term compensation components (such as equity incentive compensation) to provide an overall compensation structure that is designed to both attract and retain key executives as well as provide incentive for the achievement of long-term corporate objectives. Our compensation committee uses its judgment and experience along with the recommendations of the chief executive officer (except in connection with his own compensation) to determine the appropriate mix of long-term and short-term compensation elements for each executive officer. Our compensation committee analyzes each of the primary elements of our compensation program to ensure that our executives' overall compensation is competitive with executive officers with similar positions at comparable life sciences companies in our labor market.

In 2007, our compensation committee utilized publicly available compensation data and subscription compensation survey data for national and regional companies similar in size and scope to us in the biopharmaceutical industry to aid in formulating recommendations and developing our compensation policies and programs. Specifically, in 2007 our compensation committee looked to compensation practices and policies at a group of companies that we consider our peer group for these purposes. Our peer group consists of companies that compete with us for executive talent, and that compete with us in the market place and are of similar size and complexity. In 2007, the peer group companies largely consisted of companies in the pharmaceutical and biotechnology industry with products in late stage clinical development. For purposes of the annual executive compensation review performed by the compensation committee in February 2007, the peer group companies selected were as follows: Accentia Biopharmaceuticals, Inc., Achillion Pharmaceuticals, Inc., Altus Pharmaceuticals, Inc., Affymax, Inc., Alexza Pharmaceuticals, Inc., Cadence Pharmaceuticals, Inc., Coley Pharmaceutical Group, Inc., Osiris Therapeutics, Inc., Replidyne, Inc., Threshold Pharmaceuticals, Inc., Trubion Pharmaceuticals, Inc., Vanda Pharmaceuticals, Inc. and Xenoport, Inc. For benchmarking executive compensation, we typically review the compensation data we have collected from the complete group of companies.

Our compensation committee has adopted a pay-for-performance compensation philosophy, which is intended to keep the average aggregate compensation of our executives at a level which is between the sixtieth and seventy-fifth percentile of compensation at the companies within our peer group which are at a similar stage of development as our company and that have a similar number of employees. We work within the general framework of this pay-for-performance philosophy to determine each component of an executive's compensation package based on numerous factors, including:

performance goals and other expectations for the position and the individual;

the individual's particular background and relevant expertise, including training and prior relevant work experience;

the individual's role with us and the compensation paid to similar persons in the companies represented in the compensation data that we review;

the demand and competition for the individual within the marketplace; and

comparison to other executives within our company having similar levels of expertise and experience.

Each of the primary elements of our executive compensation program are discussed in more detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to be flexible and complementary and collectively serve all of our executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation policy, each individual element, to a greater or lesser extent, serves each of our objectives.

Annual Cash Compensation

Base Salary

Base salaries are set at levels which are intended to be competitive with similar positions at our peer group companies. The base salaries of all executive officers are reviewed annually and adjusted to reflect individual roles and performance. We may also increase the base salary of an executive officer at other times if a change in the scope of the officer's responsibilities justifies such consideration or, in limited circumstances, to maintain salary equity within our competitive environment. We believe that a competitive base salary is a necessary element of any

Edgar Filing: MAP Pharmaceuticals, Inc. - Form DEF 14A

compensation program designed to attract and retain talented and experienced executives. We also believe that competitive base salaries can motivate and reward executives for their overall performance and serve to retain valuable executives.

Our compensation committee reviews executive officer salaries on an annual basis. For this purpose, the compensation committee considers compensation for similar positions at peer group pharmaceutical and biopharmaceutical companies along with the executive's job scope and responsibilities, past and current contributions and individual factors such as experience and background, unique skills, demand in the labor market and longer-term development and succession plans. In addition, the compensation committee considers our strategic and operational performance, relative levels of pay among officers and recommendations from the Chief Executive Officer.

In February 2007, the compensation committee reviewed data on executive compensation at the peer group companies. In general, the compensation committee found that base salaries for executive officers were below the level of the sixtieth and seventy-fifth percentile of compensation at the companies within our peer group. The compensation committee recognized, however, that compensating at the target level may occur in steps, over more than one review period. Based on the factors discussed above, our compensation committee approved an increase in the base salaries of our executive officers as follows: the base salary of Mr. Nelson, our President and Chief Executive Officer, increased from \$300,000 to \$380,000 per year, and the base salary of Dr. Armer, our Chief Scientific Officer and co-founder, increased from \$240,000 to \$280,000 per year. The base salary of Dr. Shrewsbury, our Chief Medical Officer, increased from approximately \$286,000 to \$310,000 per year. The base salary of Mr. Chai, our Chief Financial Officer, increased from \$240,000 to \$245,000 per year. The base salary of Mr. Gianakakos, our Senior Vice President of Corporate and Business Development, increased from \$235,000 to \$240,000 per year. Salary increases for the executive officers placed the executives' base salaries generally in the range of the fiftieth to sixtieth percentile of base salaries paid by the peer group companies for comparable positions.

Cash Incentive Bonuses

Each year, our compensation committee has approved a cash incentive bonus plan with pre-defined target payouts as a percent of salary based on achievement of corporate and personal objectives. Our bonus plan is designed to drive stockholder value by fostering teamwork throughout our company by tying incentive compensation to company-wide performance measures we believe are most important to the success of our company as well as to individual performance. An executive's bonus payment is based principally on the achievement of the major corporate objectives, including, for example, research, development and operational milestones. The various corporate objectives and individual goals for each executive are approved annually by our compensation committee with specific weighting for each metric. Underachievement or overachievement of the major corporate goals may result in lower or higher bonus payments.

In 2007, our Chief Executive Officer was eligible for an annual performance-based cash bonus with a target of 40% of his base salary. Our Chief Scientific Officer was eligible for an annual performance-based bonus with a target of 35% of his base salary. Our Chief Financial Officer, our Chief Medical Officer and our Senior Vice President of Corporate and Business Development were eligible for an annual performance-based cash bonus with a target of 25% of their base salary. The target bonuses payable under our 2007 performance-based cash bonus plan to our Chief Executive Officer and our Chief Scientific Officer were based 100% on our company's achievement of corporate objectives. For the named executive officers other than the Chief Executive Officer and the Chief Scientific Officer, the target bonus payable under the 2007 performance-based cash bonus plan was based 75% on company achievement of corporate objectives and 25% on individual performance. Our compensation committee chose different percentages for the target bonuses to individual executive officers to reflect different levels of responsibility of the executive officers.

Our compensation committee approves corporate and individual executive objectives at what they believe are aggressive levels so as to require substantial effort and commitment by our executives to attain the targets, with such efforts significantly contributing towards increased stockholder value and elevated business performance. A minimum threshold of performance against corporate objectives must be achieved in order for an executive to be eligible to receive any portion of their cash incentive bonus. Furthermore, the established

individual objectives, and the associated bonus amounts, will not be achieved by average or below average performance by the executive. Our compensation committee has the discretion to adjust the bonus plan payments related to achievement of performance measures if it deems that a bonus plan participant has met some portion of the performance measures in a manner consistent with the intent of the bonus plan. Our compensation committee may also, in its discretion, award bonuses to executives based upon such other terms and conditions as they may determine are appropriate.

In January 2008, the compensation committee reviewed our 2007 corporate performance, as well as individual performance, and awarded bonuses in accordance with the pre-determined bonus program parameters described above. In general, the compensation committee found that the Company had met 87% of its corporate objectives for 2007. Our 2007 corporate objectives were: for our lead product candidates, objectives relating to the conduct of our clinical trials and establishment of relationships with third-party suppliers of clinical materials; for our research and development programs, objectives relating to conduct of a clinical trial as well as development work to support upcoming programs, and to support our Tempo inhaler platform; in the area of marketing, objectives relating to market research and disease awareness; and in finance and administration, objectives relating to raising capital to support the operations of our business. For those named executive officers who had a percentage of bonus tied to individual performance objectives, the executives generally met at least 80% of these individual objectives. For our Chief Financial Officer, the objectives generally related to the raising of capital and the building of an internal finance organization. For our Chief Medical Officer, the objectives generally related to the conduct of clinical trials for our two lead product candidates, and building an internal clinical organization. For our Senior Vice President, Corporate and Business Development, the objectives generally related to executing supply and clinical agreements, and conducting various business development activities.

The amounts paid to each named executive officer under the 2007 performance-based cash bonus plan were as follows: to our Chief Executive Officer, \$132,240; to our Chief Scientific Officer, \$85,260; to our Chief Financial Officer, \$55,125; to our Senior Vice President, Corporate and Business Development, \$52,200; and to our Chief Medical Officer, \$67,231. The approximate percentage of year-end base salary actually paid under the 2007 performance-based cash bonus plan is as follows: for our Chief Executive Officer, 35%; for our Chief Financial Officer, 23%; for our Chief Scientific Officer, 30%; for our Senior Vice President, Corporate and Business Development, 22%; and for our Chief Medical Officer, 22%.

In addition to the cash bonuses approved by the compensation committee under the 2007 performance-based cash bonus plan, in January 2008, the compensation committee also approved payment of additional, discretionary amounts, based on recognition of additional contributions of each named executive officer during 2007, as follows: to our Chief Executive Officer, \$35,000; to our Chief Scientific Officer, \$20,000; to our Chief Financial Officer, \$25,000; to our Senior Vice President, Corporate and Business Development, \$17,500; and to our Chief Medical Officer, \$17,500. The compensation committee approved these bonus payments in recognition of the work during 2007 of the executive officers as a team, and for specific efforts and results within their functional areas which, in the estimation of the compensation committee, added value to the company: for our Chief Executive Officer, his leadership of the company, the progress of our clinical trial and development programs and the raising of capital to support our operations; for our Chief Scientific Officer, his leadership in the development activities supporting our two lead clinical programs; for our Chief Financial Officer, the completion of an initial public offering during 2007; for our Senior Vice President, Corporate and Business Development, the achievement of various business relationships and agreements during 2007; and for our Chief Medical Officer, the progress and results of our clinical programs.

Equity Incentive Compensation

We believe that our long-term performance is best facilitated through a culture of executive ownership that encourages long-term investment by our executive officers in our equity, thereby better aligning the executives' interests with the interests of our stockholders. To encourage this ownership culture, we typically make an initial

equity award of stock options to new employees followed by discretionary annual performance-based equity grants as part of our overall compensation program. Our compensation committee is authorized to make equity grants to all our employees, including our executive officers. These grants have an exercise price that is at least equal to the fair market value of our common stock on the grant date and are typically subject to a four year vesting schedule with 25% of the grant vesting on the first anniversary of the date of hire and then monthly thereafter for the next three years. The size of the initial stock option award is determined based on the executive's position with us and takes into account the executive's base salary and other compensation as well as an analysis of the grant and compensation practices of our peer group companies as represented in the compensation data that we review annually in connection with establishing our overall compensation policies. The initial stock option awards are intended to provide the executive with an incentive to build value in the organization over an extended period of time while remaining in line with our overall compensation philosophy.

In 2007 we considered a number of factors in determining the amount of periodic equity incentive awards, if any, granted to our executives, including:

the number of shares subject to, and exercise price of, outstanding options, both vested and unvested, held by our executives;

the vesting schedule of the unvested stock options held by our executives; and

the amount and percentage of our total equity on a fully diluted basis held by our executives individually and as a group.

At a meeting in February 2007, our compensation committee granted stock options to the named executive officers. In doing so, the compensation committee considered each officer's performance and contribution during fiscal year 2006, retention concerns, stock ownership and market information, also taking into consideration the value of existing equity incentives for each officer. As our company stock was not publicly traded at the time, the options were granted based on the fair market value of our common stock as determined by our Board of Directors, on March 6, 2007. The exercise price of each share was based on a determination by our Board of Directors of the fair market value of our common stock as of the grant date. In addition, at its meeting on May 2, 2007 our Board of Directors granted stock options to existing employees, including our named executive officers. The options were granted at the fair market value of the stock as determined by our Board of Directors, effective May 2, 2007.

Restricted Stock Awards

Our compensation committee has in the past granted an award of restricted stock to a certain executive. In the future, we may determine that awards of restricted stock are an appropriate vehicle to reward and incentivize our executives and further align our executives' interests with our stockholders.

Termination Based Compensation

In connection with certain terminations of employment, our executive officers may be entitled to receive certain severance payments and benefits pursuant to their respective employment agreements and offer letters. In addition, we have entered into change in control agreements with each of our executive officers, including the named executive officers, which will provide alternative severance payments and benefits in the event the executive is terminated without cause or resigns with good reason within 12 months following certain transactions or changes in our controlling stockholders. In setting the terms of and determining whether to approve such arrangements, our compensation committee recognized that executives, especially highly ranked executives, often face challenges securing new employment following termination and that distractions created by uncertain job security surrounding potential beneficial transactions may have a detrimental impact on the executives

Edgar Filing: MAP Pharmaceuticals, Inc. - Form DEF 14A

performance. The severance payments and benefits are typically composed of cash payments in lieu of salary and bonus and continued health care coverage for a limited period of time.

Other Compensation

All of our executive officers are eligible to participate in certain benefit plans and arrangements offered to employees generally, including health, dental, life, disability, 401(k), employee stock purchase and 125 plans (such as our flexible spending account plan). Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers. Our compensation committee in its discretion may revise, amend or add to any executive's benefits and perquisites as it deems advisable. We do not believe it is necessary for the attraction or retention of management talent to provide the officers with a substantial amount of compensation in the form of perquisites.

Tax Considerations

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1.0 million paid to our Chief Executive Officer and our four other most highly paid executive officers. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. We generally intend to structure the performance-based portion of our executive compensation, when feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. However, our Board of Directors may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Summary Compensation Table

The following table summarizes the compensation earned for services rendered in all capacities for the fiscal years ended December 31, 2007 and December 31, 2006 by the named executive officers who were serving as executives as of December 31, 2007, the last day of our fiscal year.

- (1) In addition to the bonus amounts paid pursuant to the 2007 performance-based cash bonus plan, our compensation committee approved the payment of discretionary bonuses as further described in the Cash Incentive Bonuses section, above.
- (2) The amounts included in the Option Awards column represent the compensation cost that was recognized by us in each fiscal year indicated related to grants of options during such fiscal year and previous fiscal years, as applicable, determined in accordance with SFAS No. 123(R). The valuation assumptions used in

determining such amounts are described in our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2007.

- (3) The amounts included in the Non-Equity Incentive Plan Compensation column are composed entirely of cash bonuses awarded under our performance-based bonus program for each applicable fiscal year with respect to performance during such fiscal year but paid at the beginning of the next following fiscal year. All corporate objectives were predetermined by the compensation committee and approved by our Board of Directors and objectively measurable and all amounts paid were at the determination of the compensation committee.
- (4) Mr. Chai joined the Company on September 29, 2006. The base salary disclosed above is the aggregate amount Mr. Chai received for fiscal 2006. If he had been with the Company for the complete fiscal 2006 year, Mr. Chai would have earned an annual base salary of \$240,000.
- (5) The amount consists of a signing bonus paid to Mr. Chai.
- (6) Mr. Gianakakos joined the Company on September 30, 2006. The base salary disclosed above is the aggregate amount Mr. Gianakakos received for fiscal 2006. If he had been with the Company for the complete fiscal 2006 year, Mr. Gianakakos would have earned an annual base salary of \$235,000.
- (7) The amount consists of a signing bonus paid to Mr. Gianakakos.
- (8) The amount consists of relocation expenses paid to Mr. Gianakakos.
- (9) On February 2, 2008, Dr. Shrewsbury resigned from the Company for personal reasons, effective as of March 7, 2008. Dr. Shrewsbury has agreed to provide consulting services to the Company on an ongoing basis.

Grants of Plan-Based Awards Table

All options granted to our named executive officers are incentive stock options, to the extent permissible under the Internal Revenue Code. The exercise price per share of each option granted to our named executive officers was determined in good faith by our Board of Directors to be equal to the fair market value of our common stock as determined by our Board of Directors on the date of the grant. All options were granted under our Amended and Restated 2005 Equity Incentive Plan.

The following table shows information regarding grants of plan-based awards, including non-equity and equity awards, during the fiscal year ended December 31, 2007 to each of our named executive officers.

Employment Agreements and Offer Letters

Timothy S. Nelson. On March 20, 2005, we entered into an at-will employment agreement with Mr. Nelson providing for his employment as our President and Chief Executive Officer. This employment agreement sets forth the terms and conditions of Mr. Nelson's employment. Mr. Nelson's base salary was originally set at \$285,000 per year, subject to annual review and increases based on performance. Pursuant to the employment agreement, Mr. Nelson also received a signing bonus of \$100,000, which was subject to repayment in the event he voluntarily terminated his employment or was terminated for cause prior to April 12, 2007. Pursuant to the terms of the employment agreement, Mr. Nelson

Edgar Filing: MAP Pharmaceuticals, Inc. - Form DEF 14A

was granted an option to purchase 357,549 shares of our common stock at an exercise price of \$0.64 per share, which are subject to vesting over four years from Mr. Nelson's employment start date. Mr. Nelson was also granted an additional option to purchase 71,509 shares of our common stock at an exercise price of \$0.64 per share, which vested upon the achievement of certain performance goals established by our Board of Directors.

Thomas A. Armer, Ph.D. On August 13, 2004, we entered into an employment agreement with Dr. Armer providing for his employment as our Chief Scientific Officer. This employment agreement sets forth the terms and conditions of Dr. Armer's employment. Dr. Armer's base salary was originally set at \$230,000 per year, subject to annual review and increases based on performance. Pursuant to the employment agreement Dr. Armer also received a signing bonus of \$50,000. In the event Dr. Armer is terminated by us without cause, or he resigns under certain specified conditions, each as described in the employment agreement, we are required to pay Dr. Armer an amount equal to one year of his base salary at the time of termination plus any amounts that would

otherwise become payable under any of our incentive compensation plans. In addition, Dr. Armer would be provided with continued health care coverage and be entitled to continue to participate in our various benefit plans for a period of time following his termination, as determined under the employment agreement.

Offer Letters. Each of our named executive officers other than Mr. Nelson and Dr. Armer have received employment offer letters setting forth the terms and conditions of their employment. The employment letters establish an initial annual base salary and provide that each executive shall be eligible for an annual performance bonus which is set as an initial percentage of their base salary. The annual bonus is payable based on the achievement of corporate and personal performance goals and objectives. Each named executive officer was also awarded a stock option upon or shortly after his commencement of employment pursuant to terms and conditions outlined in each executive's respective employment offer letter. Each named executive officer's employment is at-will, and the executive may be terminated by us at any time; similarly each executive may terminate their employment with us at any time.

Change in Control Agreements

Change in Control Severance Benefits

We have entered into change in control agreements with each of our executive officers, including the named executive officers. Each of the change in control agreements contains a "double trigger" provision that, in the event a named executive officer is terminated by us without cause or resigns for good reason within twelve months following a change in control of our company, the named executive officer is entitled, subject to our receipt of an effective waiver and release of claims executed by the named executive officer, to the following payments and benefits:

an amount equal to twelve months of the named executive officer's base salary in effect at the time of termination;

an amount equal to the target annual performance-based cash bonus otherwise payable pursuant to our cash incentive bonus plan for the year in which termination occurred;

all stock awards granted to the named executive officer will immediately vest; and

COBRA premiums for 12 months, unless the named executive officer becomes covered under another group health plan earlier.

A "change in control" will generally be triggered under the change in control agreements upon:

the acquisition by a person or entity of 50% or more of either our then outstanding shares or the combined voting power of our then outstanding securities;

a change in the composition of the majority of our Board of Directors without the approval of the existing Board;

a merger of the Company (other than a merger following which our securities represent at least 50% of the combined voting power of the securities of the surviving entity); or

Edgar Filing: MAP Pharmaceuticals, Inc. - Form DEF 14A

the approval of our stockholders of a plan of complete liquidation or dissolution of the Company or if there is a sale by us of all or substantially all of our assets.

We will generally have cause under the change in control agreements to terminate an executive upon:

the executive's failure to follow the reasonable instructions of his or her superiors;

any intentional or grossly negligent act or omission by the executive that is reasonably likely to injure the Company;

the executive's violation of any federal, state or local law applicable to the Company;

the executive's plea of guilty or nolo contendere to, or conviction of, a felony or of a misdemeanor involving moral turpitude; or

the executive's failure to comply in any material respect with the policies and procedures of the Company.

Under the change in control agreements, "good reason" includes the executive's voluntary termination following:

assignment to the executive of any duties or responsibilities that results in any diminution or any adverse change of the executive's position, status, circumstances of employment or scope of responsibilities; removal of duties customarily assigned to a person with executive's title or a substantial adverse alteration in the nature or status of such duties, provided that such a change will not be deemed to have occurred simply by virtue of a change in control, the fact that the Company becomes a subsidiary of another entity or the Company's status changing from publicly-traded to privately-held;

a reduction in the executive's base salary, except to the extent the annual base salary of all the other executives of the Company are similarly reduced;

our failure to continue to provide certain compensation and benefits; or

a requirement that the executive's principal place of employment be located greater than 25 miles from where the executive's principal place of employment was located immediately prior to the change in control.

Our compensation committee intended that the double trigger change in control benefit described above provide fair and equitable compensation in the event of a termination of an executive officer following a change in control. This change in control policy also helps to ensure that the executives will undertake and support corporate transactions which may be in our stockholders' best interests, but may lead to the termination of the executive's employment. By providing for reasonable severance upon a change in control, the compensation committee intends to provide the executive with compensation that is sufficient to mitigate the risk of employment loss and encourage the executive to assist in undertaking the transaction. The amount of the severance is balanced against our need to be responsible to our stockholders and also takes into account the potential chilling impact such severance payments may have on other potential parties to a change in control transaction.

Our compensation committee also determined the change in control benefits to be appropriate and reasonable when generally compared to post-termination benefits provided by our peer group. We also feel that the level of benefits takes into account the expected length of time and difficulty the executive may experience in trying to secure new employment.

Potential Payments Upon Termination

The named executive officers have each entered into change in control severance agreements that provide for severance benefits in the event of a termination without cause or for good reason following a change in control of the Company. The following table sets forth quantitative estimates of the benefits that would have accrued to each of our named executive officers if his employment had been terminated by us without cause or for good reason following a change in control on December 31, 2007, assuming that such termination occurred within the period beginning on the effective date of a change in control and ending on the last day of the twelfth calendar month following the effective date of a change in control. Additionally, Dr. Armer's employment agreement provides for severance payments in the event he is terminated by us without cause or resigns for good reason in certain circumstances. An estimate of such benefits is also set forth below. Amounts below reflect potential payments based on the fair market value of \$17.51 per share as of December 31, 2007, and the number of unvested shares or options held as of December 31, 2007.

Potential Payments Upon Termination Following a Change in Control

Name	Salary Continuation (\$) ⁽¹⁾	Bonus Payment (\$) ⁽²⁾	Value of Accelerated Equity Awards (\$) ⁽³⁾	Value of COBRA Premiums (\$) ⁽⁴⁾	Total (\$)
Timothy S. Nelson	380,000	152,000	7,304,025	18,615	7,854,640
Christopher Y. Chai	245,000	61,250	2,289,702	18,615	2,614,567
Thomas A. Armer, Ph.D. ⁽⁵⁾	280,000	98,000	2,855,210	7,483	3,240,693
Anastasios E. Gianakakos	240,000	60,000	2,266,826	16,575	2,583,401
Stephen B. Shrewsbury, M.B., Ch.B	310,000	77,500	1,646,845	21,639	2,055,984

(1) Salary is based on a maximum of 100% of 2007 base salary.

(2) Bonus payment is based on 100% of target bonus.

(3) Calculated as the intrinsic value per option, multiplied by the number of options that become immediately vested upon termination following a change in control. The intrinsic value per option is calculated as the excess of the closing market price on the Nasdaq Stock Market on December 31, 2007 over the exercise price of the option. The value per share of restricted stock, for Dr. Armer, is calculated as the fair market value of the shares on December 31, 2007 multiplied by the number of shares that become immediately vested upon termination following a change in control.

(4) COBRA premiums are paid for one year.

(5) Pursuant to the terms of his employment agreement, had Dr. Armer been terminated without cause or resigned for good reason on December 31, 2007 other than following a change in control, he would have been entitled to receive a salary continuation payment of \$280,000 and continued health coverage for the remainder of the employment agreement's term, having a value of approximately \$4,365.

Proprietary Information and Inventions Agreement

Each of our named executive officers has also entered into a standard form agreement with respect to proprietary information and inventions. Among other things, this agreement obligates each named executive officer to refrain from disclosing any of our proprietary information received during the course of employment and, with some exceptions, to assign to us any inventions conceived or developed during the course of employment.

Determination of 2008 Compensation

In late 2007 our compensation committee retained AON Radford Consulting (the "Consultant"), an independent, third-party compensation consultant, to review our executive compensation programs. Our compensation committee met with the Consultant during January 2008 to review and discuss the Consultant's report. The Consultant's report included a review and analysis of base salary, cash bonus, equity incentives, total compensation and total cash compensation for each executive officer, including the named executive officers. The report compared these compensation components separately and in the aggregate to compensation of a peer group of 16 public companies that our compensation committee considers is our "peer group" for these purposes. The compensation committee updated and modified the list of peer group companies used by the committee in its January 2007 compensation review to accurately reflect our company's peer group as of January 2008. The peer group companies for 2008 were as follows: Altus Pharmaceuticals, Inc., Affymax, Inc., Alexza Pharmaceuticals, Inc., Amicus Therapeutics, Inc., ARYx Therapeutics, Inc., Biodel, Inc., Cadence Pharmaceuticals, Inc., DURECT Corporation, Molecular Insight Pharmaceuticals, Inc., Nektar Therapeutics, Orexigen Therapeutics, Inc., Pain Therapeutics, Inc., Theravance, Inc., Trubion Pharmaceuticals, Inc., Vanda Pharmaceuticals, Inc. and Xenoport, Inc. The compensation committee's compensation objectives were to target the named executive officers total cash compensation at approximately the 60th to 75th percentile of these peer group companies. In addition, the Consultant reviewed compensation data from the 2007 Radford Global Life Sciences Survey for public companies with fewer than 200 employees.

The Consultant reported that total executive officer target cash compensation for 2007, consisting of base salary and targeted bonus, fell below the market 50th percentile. Actual total cash compensation to our named executive officers for 2007 was at or below the 50th percentile for all executive officers. The Consultant also reported that equity incentives fell approximately at or above the 75th percentile range.

For 2008, our compensation committee adjusted the total target cash compensation level for each executive officer to within the target levels for most named executive officer positions. The compensation committee also believes that to motivate and retain the best talent among our executive officers, it may be necessary in the future to set total compensation with executive officers that deviates from the general philosophy of targeting the 60th to 75th percentile. Total compensation for each executive officer was determined based on the review of peer group companies, the individual executive's performance over the review period and over time and the annual performance of the Company.

To assist our compensation committee in its annual review of executive performance, which took place on January 22, 2008, the Chief Executive Officer provided recommendations to the committee. Based on its review and analysis of the Consultant's report, as well as on our company and individual executive performance, our compensation committee made certain adjustments to the executive compensation program at its meeting on January 22, 2008, with most such changes being implemented effective January 1, 2008.

Notwithstanding anything to the contrary set forth in our previous filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate future filings, including this proxy statement, in whole or in part, the following reports will not be incorporated by reference into any such filings, nor will they be deemed to be soliciting material or deemed filed with the Securities and Exchange Commission under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with management. Based on the compensation committee's review of and the discussions with management with respect to the Compensation Discussion and Analysis, the compensation committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement for filing with the SEC.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The audit committee oversees our independent registered public accounting firm and assists the Board of Directors in fulfilling its oversight responsibilities on matters relating to the integrity of our financial statements and financial reporting, our compliance with legal and regulatory requirements and the independent registered public accounting firm's qualifications and independence by meeting regularly with the independent registered public accounting firm and our financial management personnel.

In fulfilling its oversight responsibilities, the audit committee reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2007 with Company management and PricewaterhouseCoopers LLP, our independent registered public accounting firm. The audit committee also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees, as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications)). This included a discussion of the independent registered public accounting firm's judgments as to the quality, not just the acceptability, of our accounting principles and such other matters that generally accepted auditing standards require to be discussed with the audit committee. The audit committee also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and the audit committee discussed the independence of PricewaterhouseCoopers LLP with that firm.

Based on the audit committee's review and discussions noted above, the audit committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007 for filing with the SEC. Previously, the audit committee approved the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal year 2007.

The audit committee and the Board of Directors have also recommended, subject to stockholder approval, the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year 2008.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In accordance with our audit committee charter, our audit committee is responsible for reviewing and approving the terms and conditions of all related party transactions, other than compensation transactions which are subject to review and approval by our compensation committee. We have not entered into any financial transactions with any immediate family member of a director or executive officer of our company. If we were to do so, any such material financial transaction would need to be approved by our audit committee prior to our company entering into such a transaction.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2007 with respect to the shares of our common stock that may be issued under our existing equity compensation plans.

Plan Category	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans
Equity compensation plans approved by stockholders	2,620,928	\$ 3.32	2,946,656 ⁽¹⁾
Total	2,620,928	\$ 3.32	2,946,656

⁽¹⁾ Includes 500,000 shares of our common stock reserved for future issuance under our Employee Stock Purchase Plan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires directors, executive officers and persons who own more than 10% of a registered class of our equity securities to file initial reports of ownership and reports of changes in ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of copies of such forms received with respect to the fiscal year ended December 31, 2007 and the written representations received from certain reporting persons that no other reports were required, we believe that all directors, executive officers and persons who own more than 10% of our Common Stock have complied with the reporting requirements of Section 16(a).

STOCKHOLDER PROPOSALS FOR THE 2009 ANNUAL MEETING OF STOCKHOLDERS

It is currently contemplated that our 2009 annual meeting of stockholders will be held on or about May 22, 2009. In the event that a stockholder desires to have a proposal considered for presentation at the 2009 annual meeting of stockholders, and inclusion in the proxy statement and form of proxy used in connection with such meeting, the proposal must be received at our principal executive offices by December 15, 2008. Any such proposal must comply with the requirements of our Bylaws and Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended.

If a stockholder, rather than including a proposal in our proxy statement as discussed above, commences his or her own proxy solicitation for the 2009 annual meeting of stockholders or seeks to nominate a candidate for election or propose business for consideration at such meeting, we must receive notice of such proposal or nomination no later than 90 days or no earlier than 120 days before May 22, 2009 (i.e., the one-year anniversary of the Annual Meeting) (provided, however, that in the event that the date of the 2009 annual meeting of stockholders is more than 30 days before or more than 70 days after May 22, 2009, the notice must be delivered to us no earlier than 120 days prior to the 2009 annual meeting of stockholders and no later than the later of (i) 90 days before the 2009 annual meeting of stockholders or (ii) 10 days following the day the 2009 annual meeting of stockholders is first announced by us). If the notice is not received by such date, it will be considered untimely under our Bylaws, and we will have discretionary voting authority under proxies solicited for the 2009 annual meeting of stockholders with respect to such proposal, if presented at the meeting. All notices must comply with the requirements of our Bylaws.

Proposals and notices should be directed to the attention of the Vice President, General Counsel and Secretary, MAP Pharmaceuticals, Inc., 2400 Bayshore Parkway, Suite 200, Mountain View, California 94043.

ANNUAL REPORT

A copy of our 2007 Annual Report on Form 10-K which includes financial statements, but excludes Form 10-K exhibits, is being mailed to each stockholder of record as of April 3, 2008, together with all the proxy materials. Our annual report does not constitute, and should not be considered, a part of this proxy solicitation material.

Any person who was a beneficial owner of our Common Stock on the record date may request a copy of our annual report and it will be furnished without charge upon receipt of a written request identifying the person so requesting a report as a stockholder of our company at such date. Requests should be directed to the Vice President, General Counsel and Secretary, MAP Pharmaceuticals, Inc., 2400 Bayshore Parkway, Suite 200, Mountain View, California 94043.

OTHER MATTERS

As of the date of this proxy statement, the Board of Directors knows of no other matters that may be presented for consideration at the Annual Meeting. However, if any other matter is presented properly for consideration and action at the Annual Meeting, or any adjournment or postponement thereof, it is intended that the proxies will be voted with respect thereto in accordance with the best judgment and in the discretion of the proxy holders.

By Order of the Board of Directors,

/s/ CHARLENE A. FRIEDMAN
