NOTES TO FINANCIAL STATEMENTS

NOTE 1 BASIS OF PRESENTATION

The accompanying unaudited financial statements of Gold Bag, Inc., a Nevada corporation (the Company) have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial statements and with the instructions to Form 10-Q and Regulation S-X for the three and six month periods ended August 31, 2009 and 2008 and reflect, in the opinion of management, all adjustments which are of a normal and recurring nature necessary for a fair presentation of the results for such periods. The foregoing financial statements do not include all information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. However, except as disclosed herein, there has been no material change in the information disclosed in the notes to financial statements for the year ended February 28, 2009 included in the Company's Form 10-K filed with the Securities and Exchange Commission on May 29, 2009. The interim unaudited financial statements should be read in conjunction with the annual financial statements and accompanying notes. Operating results for the six months ended August 31, 2009 are not necessarily indicative of the results that may be expected for the year ending February 28, 2010.

NOTE 2 GOING CONCERN

The Company has been a development stage company and has incurred net operating losses of \$234,118 since inception (December 23, 2005). The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America, which contemplates continuation of the Company as a going concern, which is dependent upon the Company's ability to establish itself as a profitable business. Due to the start-up nature of the Company's business, the Company expects to incur losses as it expands. To date, the Company's cash flow requirements have been primarily met by debt and equity financings. The Company has raised additional funds through a private equity investment in order to begin its business operations, but there is no assurance that such additional funds will be available for the Company to finance its operations should the Company be unable to realize profitable operations. The financial statements do not include adjustments relating to the recoverability and realization of assets and classification of liabilities that might be necessary should the Company be unable to continue in operation.

NOTE 3 COMMITMENTS AND CONTINGENCIES

The Company entered into to a lease on February 8, 2009 for office space located at 12830 Hillcrest Rd., Suite 111, Dallas, Texas 75230-1547 for \$525 per month. The initial term of the lease is for a six-month period expired on August 31, 2009. The lease contains provisions to extend or terminate with a written 30-day notice. The parties mutually agreed to verbally extend the lease on a month to month basis.

We have a compensation agreement with Lance Ayers, our sole officer, under which he will receive a monthly salary of \$7,000 to serve as Chief Executive Officer for a nine-month period beginning January 19, 2009, after which his compensation arrangement will change to 10% of the Company's monthly gross revenue. The latter compensation will continue indefinitely at the discretion of the Company's Board of Directors.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 4 SUBSEQUENT EVENTS

On September 21, 2009, the sole member of the Company's Board of Directors voted to approve an increase in the Company's authorized shares of Common Stock from 100,000,000 shares to 250,000,000 shares, par value \$0.00001. The Company filed a Schedule 14C Preliminary Information Statement pursuant to Section 14(c) of the Securities Exchange Act of 1934 for the purpose of giving notice to all shareholders that on or about October 22, 2009, in lieu of holding a special meeting of the Company's shareholders, the majority shareholder of the Company planned to vote to approve the increase in the Company's authorized shares of Common Stock. The reported results will not necessarily reflect future results of operations or financial condition.

Overview

Gold Bag, Inc. (the Company) was formed as a Nevada corporation on December 23, 2005 under the name Real Estate Referral Center, Inc. to cater to the inexperienced buyer or seller of residential real estate who did not have a pre-existing established relationship with a realtor. The business plan called for us to locate a realtor for the client with the realtor paying us a fee for that service. The Company was unsuccessful in developing this business plan.

In April 2009, we moved our operations and changed our corporate address to 12830 Hillcrest Road, Suite 111, Dallas, TX 75230-1547. Simultaneously, Lance Ayers, the sole member of the Company's Board of Directors and majority shareholder, approved our new business operations and changed our name to Gold Bag, Inc. to reflect our new business to purchase unwanted gold coins or

broken jewelry, or other items containing precious metals, from the general public at a scrap value price. The precious metals will then be sold to a refinery where the items will be melted down into pure form and sold at market price.

Also at the time of the name change to Gold Bag, Inc., we effected a forward stock split on a 10:1 basis in order to establish a more liquid public market for our shares to trade (the Forward Split). Based upon 6,964,000 shares of Common Stock issued and outstanding on May 22, 2009, the Record Date used to determine shareholders eligible to receive shares under the Forward Split, this action increased the outstanding shares of Common Stock by 900% bringing the total shares issued and outstanding after the Forward Split to 69,640,000. The Pay Date of the Forward Split shares was May 29, 2009. At the open of the market on June 1, 2009, the Company's Common Stock began trading under its new symbol GBGI.

We are a development stage company. Our principal business activities will be (i) creating our website where customers can request an informational packet to send us their unwanted items, (ii) identifying and entering into an agreement with a refinery; and (iii) promoting our Company through advertisements over the Internet, radio and television.

With the exception of funds raised in June 2006 [the SEC declared our Form SB-2 Registration Statement effective through which we sold 1,964,000 (19,640,000 post-Forward split) shares of our Common Stock at \$0.10 per share raising \$196,400], we are a company without revenues or operations; we have minimal assets and have incurred losses since inception. Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an ongoing business operation for the next 12 months. Our ability to achieve and maintain profitability and positive cash flow is dependent upon (i) our ability to attract customers who want to sell their unwanted coins or broken jewelry, (ii) the price at which we purchase the items, (iii) our ability to have the metals refined into a pure form, and (iv) our ability to sell the pure form metals to a refinery or third party for a profit. We expect to generate revenues from the sale of the refined metals to a third party. The attached financial statements do not include any adjustments that might result from the uncertainty about our ability to continue in business. As such, we may have to cease operations and investors may lose their investment.

We developed our website, network infrastructure, and transaction processing system which are currently in the testing phase. Our website (www.goldbag.com) is not yet live. We intend to immediately initiate database and website testing procedures to confirm quality control. We have secured three thousand mailers which include the outbound mailing envelope and the pre-printed, pre-paid return envelope. Our return pre-paid mailers have been inspected and approved by the U.S. Postal Service. We have selected our primary preferred refinery. We are seeking to negotiate an agreement with the refinery and retain a third-party service provider to maintain our database. We expect to complete our testing procedures and finalize an agreement with the refinery by December 31, 2009.

Liquidity

On December 27, 2005, the Company sold 5,000,000 (50,000,000 post-Forward split) shares of its Common Stock at \$0.001 per share to its officers for proceeds of \$5,000.

On June 21, 2006, the SEC declared our Form SB-2 Registration Statement effective through which we offered up to 2,000,000 (20,000,000 post-Forward split) shares of our Common Stock at \$0.10 per share (the Offering). No underwriter was involved in the Offering. On July 31, 2006, we closed the Offering in which we raised \$196,400 by selling 1,964,000 (19,640,000 post-Forward split) shares of Common Stock to 55 individuals.

Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with the Financial Statements and the related notes. This discussion contains forward-looking statements based upon current expectations that involve risks and uncertainties, such as our plans, objectives, expectations and intentions. Our actual results and the timing of certain events could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including those set forth under Risks Relating to Our Business, contained in our Form 10-K filed with the SEC on May 29, 2009 and elsewhere in this document. See Caution Regarding Forward-Looking Statements.
