Item 1.01 Entry into a Material Definitive Agreement.

On October 8, 2009 (the Closing Date), Windstream Corporation (the Company) issued a press release, a copy of which is attached hereto as Exhibit 99.1 and is incorporated herein by reference, announcing that it had completed its previously announced offering of its 7.875% Senior Notes due 2017 (the Notes). In connection with the issuance of the Notes, the Company entered into an Indenture, dated as of the Closing Date (the Indenture), among the Company, certain subsidiaries of the Company named therein, as guarantors (the Guarantors) and U.S. Bank National Association, as Trustee and a Registration Rights Agreement, dated as of the Closing Date (the Registration Rights Agreement), among the Company, the Guarantors, and J.P. Morgan Securities Inc. as representative of the several initial purchasers of the Notes (the Initial Purchasers). The Notes were offered only to qualified institutional buyers pursuant to Rule 144A under the Securities Act, and outside the United States to non-U.S. persons pursuant to Regulation S under the Securities Act of 1933, as amended (the Securities Act).

On the Closing Date, the Company issued a separate press release, a copy of which is attached hereto as Exhibit 99.2 and is incorporated herein by reference, announcing that it has been informed by the administrative agent under its existing senior secured credit facilities that the requisite lenders have consented to the previously announced Second Amended and Restated Credit Agreement (the Amended Credit Agreement), which amends and restates the Company's existing Amended and Restated Credit Agreement, dated as of February 27, 2007, as amended (the Prior Credit Agreement), to, among other things, extend the maturities of a portion of the facilities, increase the interest rates on loans which have extended maturities and amend certain covenants. In connection with the proposed Amended Credit Agreement, the Company entered into an Amendment Agreement, dated as of October 8, 2009, with JPMorgan Chase Bank, N.A., as administrative agent and collateral agent, and the consenting lenders (the Amendment Agreement) setting forth the conditions to effectiveness of the Amended Credit Agreement. The Amended Credit Agreement is expected to be effective on October 19, 2009, subject to the satisfaction of the conditions set forth in the Amendment Agreement.

Indenture

Pursuant to the Indenture, the Company issued and sold to the Initial Purchasers \$400 million aggregate principal amount of the Notes. The terms of the Indenture provide that, among other things, the Notes are senior unsecured obligations of the Company and will rank equally with the Company's unsecured unsubordinated debt, senior to any of the Company's subordinated debt and effectively be subordinated to the Company's secured debt, including indebtedness under the Amended Credit Agreement, to the extent of the assets securing such debt. The Company's obligations under the Notes are jointly and severally guaranteed by all of the Company's domestic subsidiaries that guarantee the borrowings under the Amended Credit Agreement.

Interest on the Notes accrues at a rate of 7.875% per annum. Interest on the Notes is payable semiannually in arrears on May 1 and November 1 of each year, commencing on May 1, 2010. The Company will make each interest payment to the holders of record of the Notes on the immediately preceding April 15 and October 15.

At any time, the Company may redeem all or part of the Notes upon not less than 30 nor more than 60 days' prior notice at a redemption price equal to the sum of (i) 100% of the principal amount thereof, plus (ii) a make-whole premium as of the date of redemption, plus (iii) accrued and unpaid interest and additional interest, if any, thereon, to the date of redemption.

Repurchase upon Change of Control. Upon the occurrence of a change in control triggering event (as defined in the Indenture), each holder of the Notes may require the Company to repurchase all or a portion of the Notes in cash at a price equal to 101% of the aggregate principal amount of the Notes to be repurchased, plus accrued and unpaid interest, if any, thereon to the date of repurchase.

Other Covenants. The Indenture contains covenants that limit, among other things, the Company's and certain of its subsidiaries' ability to (1) incur additional debt and issue preferred stock, (2) make certain restricted payments, (3) consummate specified asset sales, (4) enter into transactions with affiliates, (5) create liens, (6) declare or pay any dividend or make any other distributions, (7) make certain investments and (8) merge or consolidate with another person.

Events of Default. The Indenture provides for customary events of default (subject in certain cases to customary grace and cure periods), which include nonpayment, breach of covenants in the Indenture, payment defaults or acceleration of other indebtedness, a failure to pay certain judgments and certain events of bankruptcy and insolvency. Generally, if an event of default occurs, the Trustee or holders of at least 25% in principal amount of the then outstanding Notes may declare the principal of and accrued but unpaid interest, including additional interest, on all the Notes to be due and payable.

Use of Proceeds. The Company expects to use the net proceeds of the offering, together with cash on hand, to finance the cash component of the purchase price of the previously announced acquisitions of D&E Communications, Inc. (D&E) and Lexcom, Inc., to refinance certain indebtedness of D&E in connection with the acquisition, to pay related transaction fees and expenses and for general corporate purposes.

Edgar Filing: WINDSTREAM CORP - Form 8-K

The foregoing description of the Indenture and the Notes is qualified in its entirety by reference to the full text of the Indenture and the Notes, copies of which are attached hereto as Exhibits 4.1 and 4.2, respectively, and are incorporated herein by reference.

Registration Rights Agreement

In connection with the offering of the Notes, the Company has agreed pursuant to the Registration Rights Agreement to file a registration statement (the Exchange Offer Registration Statement) with the Securities and Exchange Commission (the SEC) with respect to a registered offer (the Registered Exchange Offer) to exchange the Notes for new notes of the Company (the Exchange Notes) having terms substantially identical in all material respects to the Notes within 120 days of the Closing Date, and to use its commercially reasonable efforts to cause the Exchange Offer Registration Statement to be declared effective under the Securities Act, within 180 days after the Closing Date. The Exchange Notes will generally be freely transferable under the Securities Act.

In addition, the Company has agreed under certain circumstances to file one or more shelf registration statements to cover resales of the Notes. In the event that (i) applicable interpretations of the staff of the SEC do not permit the Company to effect a Registered Exchange Offer, (ii) for any other reason the Registered Exchange Offer is not consummated within 210 days of the Closing Date, (iii) an Initial Purchaser notifies the Company following consummation of the Registered Exchange Offer that Notes held by such Initial Purchaser are not eligible to be exchanged for the Exchange Notes in the Registered Exchange Offer, or (iv) certain holders of the Notes are not permitted to participate in the Registered Exchange Offer or do not receive fully tradable Exchange Notes pursuant to the Registered Exchange Offer, the Company will, at its cost, (a) promptly file and use its commercially reasonable efforts to cause to become effective no later than 210 days after the Closing Date a shelf registration statement with the SEC covering resales of the Notes and (b) use its commercially reasonable efforts to keep the shelf registration statement continuously effective for a period of two years after its effective date (subject to certain exceptions).

If the Company fails to satisfy these obligations and its other obligations as set forth in the Registration Rights Agreement, the Company will be required to pay additional interest to the holders of the Notes. The Company agrees that if: (i) it does not file an Exchange Offer Registration Statement with respect to the Notes with the SEC on or prior to the 120th day following the Closing Date, (ii) the Exchange Offer Registration Statement is not declared effective on or prior to the 180th calendar day following the Closing Date, or (iii) the Exchange Offer is not consummated or a shelf registration statement is not declared effective, in each case on or prior to the 210th day following the Closing Date, (any event described in (i) through (iii) being referred to individually as a Registration Default), then the Company will pay additional cash interest on the Notes. The rate of the additional interest will be 0.25% per annum for the first 90-day period immediately following the occurrence of a Registration Default, and such rate will increase by an additional 0.25% per annum with respect to each subsequent 90-day period until all Registration Defaults have been cured, up to a maximum additional interest rate of 1.0% per annum. The Company will pay such additional interest on regular interest payment dates. Such additional interest will be in addition to any other interest payable from time to time with respect to the Notes and the Exchange Notes.

The foregoing description of the Registration Rights Agreement is qualified in its entirety by reference to the full text of the Registration Rights Agreement, a copy of which is attached hereto as Exhibit 4.3 and incorporated herein by reference.

Amendment Agreement and Amended Credit Agreement

The material changes under the Amended Credit Agreement include the following:

Maturity. The Company expects that the maturity date of a substantial portion of revolving loans will be extended from July 17, 2011 to July 17, 2013, the maturity date of a substantial portion of Term Loan A loans will be extended from July 17, 2011 to July 17, 2013 and the maturity date of a substantial portion of Term Loan B loans will be extended from July 17, 2013 to December 17, 2015.

Interest Rates and Fees. The interest rate for extended maturity revolving loans and Term Loan A loans will each be increased by 1.00%. The interest rate for extended maturity Term Loan B loans will be increased by 1.25%. The commitment fee on the average daily amount of unused extended revolving commitments will be 0.50% (subject to a step-down based on the Company's leverage ratio).

Indebtedness. The Amended Credit Agreement permits the Company and the guarantors to issue senior secured notes on a pari passu basis with the security interests supporting the Amended Credit Agreement so long as the aggregate amount of such senior secured notes and the incremental facility available under the Amended Credit Agreement does not exceed \$800,000,000.

Capital Expenditures. In addition to the existing permitted annual capital expenditures, the changes in the Amended Credit Agreement permit an additional 20% of the consolidated adjusted EBITDA of each acquired business starting in the fiscal year in which an acquisition occurs and for each fiscal year thereafter.

Other than as described herein, the material terms of the Amended Credit Agreement are the same as the Prior Credit Agreement. For a description of the material terms of the Prior Credit Agreement, see Item 1.01 Entry Into a Material Definitive Agreement Amended Credit Agreement in the Company's Current Report on Form 8-K filed on March 1, 2007, which is incorporated herein by reference.

Certain of the Initial Purchasers and their affiliates perform various financial advisory, investment banking and commercial banking services from time to time for the Company and its affiliates. They have received customary fees and commissions for these transactions. Each

of the Initial Purchasers or their affiliates act as lenders under the Company's senior secured credit facilities. In addition, J.P. Morgan Securities Inc. is the sole bookrunner and lead arranger under the senior secured credit facilities, and is an affiliate of JPMorgan Chase Bank, N.A., which is the administrative agent and collateral agent under the senior secured credit facilities. Bank of America, N.A., an affiliate of Banc of America Securities LLC, Citibank, N.A., an affiliate of Citigroup Global Markets Inc., and Wachovia Bank, National Association, an affiliate of Wells Fargo Securities LLC, are each acting as co-documentation agents under the senior secured credit facilities.
