Our marketed products include Xyrem (sodium oxybate oral solution), which is the only product approved by the United States Food and Drug Administration for the treatment of both cataplexy and excessive daytime sleepiness in patients with narcolepsy; our psychiatry products, FazaClo (clozapine, USP) LD and FazaClo HD, orally disintegrating clozapine tablets indicated for treatment resistant schizophrenia, and Luvox CR (fluvoxamine maleate) marketed for the treatment of obsessive compulsive disorder; Prialt (ziconotide intrathecal injection), the only non-opioid intrathecal analgesic indicated for refractory severe chronic pain; and a portfolio of women's health and other products led by Elestrin (estradiol gel 0.06%), indicated for the treatment of moderate to severe vasomotor symptoms associated with menopause.

Key elements of our strategy include:

*Growing and protecting our existing product franchises;*

*Acquiring or in-licensing additional marketed or close to approval products; and*

*Pursuing development of additional specialty products.*

#### **The Merger**

On January 18, 2012, Azur Pharma and Jazz Pharmaceuticals, Inc., or JPI, completed a merger transaction, or the merger, in connection with which Azur Pharma was re-named Jazz Pharmaceuticals Public Limited Company and we became the parent company of and successor to JPI, with JPI becoming our wholly-owned subsidiary. In the merger, all outstanding shares of JPI's common stock were canceled and converted into the right to receive, on a one-for-one basis, our ordinary shares. Our ordinary shares trade on the same exchange, The NASDAQ Global Select Market, and under the same trading symbol, **JAZZ**, as the JPI common stock prior to the merger. Prior to the merger, JPI marketed its two products, Xyrem and Luvox CR, through its experienced specialty sales force targeting sleep specialists, neurologists, pulmonologists and psychiatrists. Prior to the merger, Azur Pharma was a specialty pharmaceutical company engaged in the acquisition, development and commercialization of therapeutic products for the central nervous system and women's health areas. Azur Pharma's lead marketed products were FazaClo LD and FazaClo HD, and Prialt. Azur Pharma also marketed several women's health products, including Elestrin and the prescription prenatal vitamin brands Natelle and Gesticare. Azur Pharma also sold a portfolio of non-promoted products including Gastrocrom (cromolyn sodium), Niravam (orally disintegrating tablet presentation of alprazolam), Urelle (urinary antiseptic), Parcopa (orally disintegrating tablet presentation of carbidopa/levodopa) and AVC (sulfanilamide) cream.

JPI is treated as the acquiring company in the merger for accounting purposes, and the merger is being accounted for as a reverse acquisition under the acquisition method of accounting for business combinations. As

a result, the consolidated financial statements of JPI became our consolidated financial statements. We are also considered to be the successor to JPI for certain purposes under both the Securities Act of 1933, as amended, or the Securities Act, and the Securities Exchange Act of 1934, as amended, or the Exchange Act. Historical financial information for JPI for the years ended December 31, 2011, 2010 and 2009 is incorporated by reference in this prospectus supplement from the Annual Report on Form 10-K for year ended December 31, 2011 that we filed with the SEC on behalf of and as successor to JPI on February 28, 2012 (Commission File No. 001-33500). Historical financial information for Azur Pharma for the years ended December 31, 2011, 2010 and 2009 is incorporated by reference in this prospectus supplement from the Annual Report on Form 10-K for Azur Pharma's fiscal year ended December 31, 2011 that we filed with the SEC on February 28, 2012 (Commission File No. 333-177528). Pro forma combined financial information as of and for the year ended December 31, 2011 related to the merger is incorporated by reference in this prospectus supplement from our Current Report on Form 8-K filed with the SEC on February 28, 2012. See "Where You Can Find Additional Information" beginning on page S-29 of this prospectus supplement.

While we have a more diversified product portfolio as a result of the merger, Xyrem continues to be our largest selling product. As a result, we continue to place a high priority on growing sales of Xyrem in its approved indications and enforcing our intellectual property rights. Our ability to maintain or increase Xyrem product sales is subject to a number of risks and uncertainties, including those incorporated by reference herein under the heading "Risk Factors" in this prospectus supplement. We plan to leverage the commercial, medical and scientific experience of the combined enterprise resulting from the merger in maximizing the potential of our other products and product candidates.

### **Material Relationships with Certain Selling Shareholders**

Below is a description of certain material relationships that certain selling shareholders have or had with us, JPI or Azur Pharma during the past three years. Information with respect to the positions or offices the selling shareholders or their affiliates or associates have or have had with us, JPI or Azur Pharma is included in the footnotes to the table above.

### ***Registration Rights***

*2007 Investor Rights Agreement.* Pursuant to the terms of a third amended and restated investor rights agreement dated June 6, 2007, as amended, by and between JPI and the other parties named therein, or the 2007 Investor Rights Agreement, which 2007 Investor Rights Agreement was assumed by us in the merger, the holders of up to approximately 12,601,202 ordinary shares, based on shares outstanding on February 21, 2012, or their transferees, are entitled to certain rights with respect to the registration of such shares under the Securities Act. In addition, upon exercise of outstanding options by our executive officers, certain of our executive officers, including Mr. Cozadd and Ms. Gamble, are entitled to rights with respect to registration of our ordinary shares acquired upon exercise. If we propose to register any of our securities under the Securities Act, either for our own account or for the account of others, the holders of these shares are entitled to notice of the registration and are entitled to include, at our expense, their ordinary shares in the registration and any related underwriting, provided, among other conditions, that the underwriters may limit the number of ordinary shares to be included in the registration. In addition, the holders of these ordinary shares may require us, at our expense and subject to certain limitations, to file one or more registration statements under the Securities Act with respect to their ordinary shares. Each of KKR JP, KKR JP III, the Thoma Cressey Funds, BPO Fund II, Mr. Cozadd and Ms. Gamble are parties to or otherwise are entitled to registration rights under the 2007 Investor Rights Agreement.

*2009 Investor Rights Agreement.* Pursuant to the terms of an investor rights agreement dated July 7, 2009, as amended, by and between JPI and the Longitude Funds, or the 2009 Investor Rights Agreement, which 2009 Investor Rights Agreement was assumed by us in the merger, we agreed to file a registration statement under the Securities Act registering (or to otherwise effect the registration of) the resale of 1,895,734 ordinary shares held by the Longitude Funds, as well as the 947,867 of our ordinary shares underlying the warrants held by the Longitude Funds and to keep such registration continuously effective. In addition, if we propose to register any of our securities under the Securities Act, either for our own account or for the account of others, the Longitude Funds are entitled to notice of the registration and are entitled to include, at our expense, their ordinary shares in the registration and any related underwriting, provided, among other conditions, that the underwriters may limit the number of shares to be included in the registration.

*Registration Rights Agreement.* In connection with the merger, Azur Pharma entered into a registration rights agreement on January 13, 2012 with the holders of Azur Pharma's ordinary shares as of that date, including Seamus Mulligan, which holders are referred to herein as the Azur Pharma rights parties. Pursuant to the registration rights agreement, Azur Pharma agreed to register for resale under the Securities Act, 12,020,616

ordinary shares held by the Azur Pharma rights parties (or their permitted transferees) on the date of the closing of the merger (immediately after giving effect to such closing), which shares are referred to herein as the Azur Resale Shares. We registered for resale all of the Azur Resale Shares on January 19, 2012 and we are obligated under the registration rights agreement to keep such registration statement continuously effective under the Securities Act until the earlier of such time as all of the Azur Resale Shares are publicly resold or the registration rights of the Azur Pharma rights parties expire under the registration rights agreement. Under the registration rights agreement, holders of Azur Resale Shares are entitled to sell Azur Resale Shares in underwritten public offerings provided that the aggregate amount of Azur Resale Shares to be offered and sold in any underwritten public offering represent not less than 5% of our ordinary shares outstanding at such time or are reasonably expected to result in aggregate gross proceeds of not less than \$50 million, subject to our ability to defer effecting such an underwritten public offering under certain circumstances.

### ***Senior Secured Notes and Related Warrants***

From March 2008 to June 2010, JPI Commercial, LLC, or JPIC, our wholly-owned subsidiary, had outstanding senior secured notes originally issued by JPIC in 2008, or the JPIC Notes, originally in the aggregate principal amount of \$120.0 million, of which \$7.1 million in principal amount was held by KKR Financial Holdings III, LLC, or KFN, an entity affiliated with Kohlberg Kravis Roberts & Co. L.P. In November 2009, JPI and JPIC entered into an amendment and waiver agreement pursuant to which the holders of the JPIC Notes waived certain prior events of default under the agreement governing the JPIC Notes in connection with which warrants to purchase JPI's common stock that JPI issued in connection with the issuance of senior secured notes by Orphan Medical, Inc., our wholly-owned subsidiary, in 2005, and the JPIC Notes were amended to reduce the respective exercise prices of such warrants to \$9.34 per share. This included warrants to purchase 70,156 shares of JPI's common stock held by KFN, the exercise price of which was reduced from \$20.36 to \$9.34 per share.

In 2010, JPI repaid in full all of the then outstanding JPIC Notes by repaying \$119.5 million in aggregate principal amount, of which \$6.8 million in principal amount was paid to KFN. In addition, in 2010, JPI paid prepayment penalties and a fee to the holders of the JPIC Notes totaling \$8.5 million, of which \$0.5 million was paid to KFN. Cash paid for interest with respect to then outstanding JPIC Notes held by the KFN was \$0.5 million and \$1.3 million in 2010 and 2009, respectively. All payments to KFN were in proportion to its ownership of the JPIC Notes.

### ***Other Relationships***

On October 20, 2008, Azur Pharma entered into a lease agreement with Seamus Mulligan, pursuant to which Mr. Mulligan, as landlord, leased to Azur Pharma, as tenant, an aggregate of 4,128 square feet for office space located at 45 Fitzwilliam Square, Dublin 2, Ireland. The term of the lease is 21 years from October 20, 2008. The annual rent due under the lease is 206,760. The lease contains an upwards only rent review clause pursuant to which the annual rent due thereunder may be adjusted on scheduled rent review dates to equal the higher of either the rent contractually payable immediately prior to the applicable rent review date or the open market rent on such rent review date, as determined in accordance with the provisions of the lease. The most recent rent review occurred in October 2010 and resulted in no increase to the annual rent, with the next review scheduled for 2015. The lease also requires the tenant to insure the premises for consequential losses arising out of certain types of damage to the premises.

On May 30, 2011, Azur Pharma entered into a Development Agreement with Circ Pharma Limited and Circ Pharma Research and Development Limited, or the development agreement, providing for the purchase of an option to license certain rights and assets in relation to a chronotherapeutic formulation of Tramadol for \$250,000, together with the sum of \$50,000 as a contribution to the patent expenses incurred by Circ Pharma prior to the effective date of the option. Mr. Mulligan is Chairman and owner of the Circ Pharma Group. We have not exercised the option to date. On January 9, 2012, Azur Pharma entered into an amendment to the development agreement, which provided us an extension to consider and evaluate the program contemplated by the option for a period of six months from the closing of the merger.

**MATERIAL TAX CONSIDERATIONS**

The information presented under the caption "U.S. Federal Income Tax Consequences to U.S. Holders" below is a discussion of the material U.S. federal income tax consequences to U.S. Holders (as defined below) of investing in the ordinary shares. The information presented under the caption "Irish Tax Consequences" is a discussion of the material Irish tax consequences of investing in the ordinary shares.

You should consult your tax adviser regarding the applicable tax consequences to you of investing in ordinary shares under the laws of the United States (federal, state and local), Ireland and any other applicable foreign jurisdiction.

**U.S. Federal Income Tax Consequences to U.S. Holders**

The following are the material U.S. federal income tax consequences to U.S. Holders (as defined below) of owning and disposing of ordinary shares acquired in this offering. This discussion does not address any aspects of U.S. taxation other than U.S. federal income taxation, does not address any U.S. state, local or non-U.S. tax considerations, and does not purport to be a comprehensive description of all tax considerations that may be relevant to a particular person's decision to acquire ordinary shares. This discussion applies only to U.S. Holders that hold their ordinary shares as capital assets for U.S. federal income tax purposes. In addition, it does not describe all of the tax consequences that may be relevant in light of a U.S. Holder's particular circumstances, and does not address the tax consequences applicable to U.S. Holders subject to special rules, such as:

a holder of ordinary shares who actually or constructively owns or is deemed to own 10% or more of the total combined voting power of all classes of our shares entitled to vote;

a U.S. Holder who is also resident or ordinarily resident in Ireland for Irish tax purposes or who is otherwise subject to Irish income tax or capital gains tax with respect to our ordinary shares;

a bank or other financial institution;

an insurance company;

a dealer or trader in securities who uses a mark-to-market method of tax accounting;

a person holding ordinary shares as part of a hedging transaction, straddle, wash sale, conversion transaction or integrated transaction or a person entering into a constructive sale with respect to ordinary shares;

a U.S. Holder whose functional currency for U.S. federal income tax purposes is not the U.S. dollar;

an entity classified as a partnership or other pass-through entity for U.S. federal income tax purposes;

a tax-exempt entity, including an individual retirement account or Roth IRA or retirement plan;

a person who is liable for the alternative minimum tax;

a U.S. expatriate;

a real estate investment trust;

a regulated investment company;

a person who acquired our ordinary shares pursuant to the exercise of an employee stock option or otherwise as compensation;

## **Table of Contents**

a person holding our ordinary shares in connection with a trade or business conducted outside of the United States; or

a U.S. Holder who holds ordinary shares through a financial account at a foreign financial institution that does not meet the requirements for avoiding future withholding with respect to certain payments under Section 1471 of the Internal Revenue Code of 1986, as amended, or the Code (FATCA).

If an entity that is classified as a partnership for U.S. federal income tax purposes holds ordinary shares, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Partnerships holding ordinary shares and partners in such partnerships should consult their tax advisers as to the particular U.S. federal income tax consequences of owning and disposing of ordinary shares.

This discussion is based on the Code, administrative pronouncements, judicial decisions and final, temporary and proposed U.S. Treasury regulations all as of the date hereof, any of which is subject to change, possibly with retroactive effect.

A U.S. Holder is a holder who is a beneficial owner of ordinary shares and for U.S. federal income tax purposes is:

an individual citizen or individual resident of the United States;

a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States or any political subdivision thereof; or

an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

U.S. Holders should consult their tax advisers concerning the U.S. federal, state, local and foreign tax consequences of owning and disposing of ordinary shares in their particular circumstances.

Subject to the discussion below under **Passive Foreign Investment Company Rules**, this discussion assumes that we are not, and will not become, a passive foreign investment company, or a PFIC, as described below.

### ***Taxation of Distributions***

Although we do not currently plan to pay dividends, any future distributions paid on ordinary shares will be treated as taxable dividends to a U.S. Holder to the extent of such U.S. Holder's pro rata share of our current and/or accumulated earnings and profits (as determined under U.S. federal income tax principles). To the extent that a distribution paid to a U.S. Holder with respect to our ordinary shares exceeds such U.S. Holder's pro rata share of our current and accumulated earnings and profits (as determined under U.S. federal income tax principles), it will be treated as a non-taxable return of capital to the extent of the U.S. Holder's basis in the ordinary shares (determined on a share-by-share basis), will reduce (but not below zero) such basis, and thereafter will be treated as a capital gain. Please see **Sale or Other Disposition of Ordinary Shares**. We may not maintain calculations of our earnings and profits under U.S. federal income tax principles. If this is the case, distributions, if any, generally will be reported to U.S. Holders as dividends. The amount of any dividend income paid in euros will be the U.S. dollar amount calculated by reference to the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars. If the dividend is converted into U.S. dollars on the date of receipt, a U.S. Holder should not be required to recognize foreign currency gain or loss in respect of the dividend income. A U.S. Holder may have foreign currency gain or loss if the dividend is converted into U.S. dollars after the date of receipt. Dividends received by a non-corporate U.S. Holder in tax years beginning prior to 2013 are expected to be eligible to be taxed at reduced rates, up to a maximum of 15%, if the U.S. Holder meets certain holding period and other applicable requirements. Absent a change in current law, dividends received from us by a U.S. Holder after 2012 will be taxed at regular ordinary income tax rates. The reduced rate applicable to dividends paid to non-corporate U.S. Holders prior to 2013 as described above is not available for dividends paid by a PFIC (described below) or in certain other situations.

## **Table of Contents**

For foreign tax credit limitation purposes, distributions paid on the ordinary shares that are treated as dividends will be treated as income from sources outside the United States and will generally constitute passive category income.

Dividends received by a corporate U.S. Holder will not be eligible for the dividends-received deduction generally available to U.S. corporate shareholders under the Code for dividends received from certain U.S. and non-U.S. corporations.

### ***Sale or Other Disposition of Ordinary Shares***

For U.S. federal income tax purposes, gain or loss recognized on the sale or other disposition of ordinary shares generally will be capital gain or loss, and will be long-term capital gain or loss if the U.S. Holder held the shares for more than one year. The amount of the gain or loss will equal the difference between the U.S. Holder's adjusted tax basis in the ordinary shares disposed of and the amount realized on the disposition, in each case as determined in U.S. dollars. Long-term capital gains recognized by non-corporate U.S. Holders are taxable at a reduced rate (currently a maximum rate of 15%, but scheduled to increase in the case of long-term capital gains recognized after 2012 to a maximum rate of 20%). There are limitations on the deductibility of capital losses. Any gain or loss will generally be U.S.-source gain or loss for foreign tax credit limitation purposes.

### ***Passive Foreign Investment Company Rules***

In general, a corporation organized outside the United States will be treated as a PFIC in any taxable year in which either (i) at least 75% of its gross income is passive income or (ii) on average at least 50% of the value of its assets is attributable to assets that produce passive income or are held for the production of passive income. Passive income for this purpose generally includes, among other things, dividends, interest, royalties, rents, and gains from commodities transactions and from the sale or exchange of property that gives rise to passive income. Assets that produce or are held for the production of passive income include cash, even if held as working capital or raised in a public offering, marketable securities and other assets that may produce passive income. The average value of a corporation's assets for this purpose, in the case of a corporation whose shares are publicly traded for the taxable year, generally is the average of their fair market value at the end of each quarter. In determining whether a non-U.S. corporation is a PFIC, a proportionate share of the income and assets of each corporation in which it owns, directly or indirectly, at least a 25% interest (by value) is taken into account.

Based on our application of the test described above to the projected composition of our income and the projected composition and estimated values of our assets, we do not believe that we will be a PFIC in 2012 or subsequent years. Nevertheless, because we hold and expect to continue to hold following this offering a substantial amount of cash or cash equivalents, and because the calculation of the value of our assets may be based in part on the value of our ordinary shares, which may fluctuate considerably given that market prices of biopharmaceutical companies historically often have been volatile, it is difficult to predict for any tax year whether we may be a PFIC. Therefore, there can be no assurance that we will not be a PFIC in 2012 or any subsequent taxable year or that the U.S. Internal Revenue Service, or IRS, will agree with our conclusion regarding our PFIC status for any taxable year.

If we are a PFIC in any taxable year during which a U.S. Holder owns ordinary shares, such U.S. Holder could be liable for additional taxes and interest charges upon certain distributions by us and on any gain recognized on a sale, exchange or other disposition, including a pledge, of the ordinary shares, whether or not we continue to be a PFIC. In addition, certain annual tax reporting would be required. You should consult your tax advisor concerning the tax consequences to you if we are a PFIC and certain tax elections you may wish to make to mitigate any adverse tax consequences that might arise in the event we are a PFIC.

### ***Information Reporting and Backup Withholding***

Payments of dividends and sales proceeds that are made within the United States or through certain U.S.-related financial intermediaries generally are subject to information reporting, and may be subject to backup withholding, unless (i) the U.S. Holder is a corporation or other exempt recipient or (ii) in the case of backup withholding, the U.S. Holder provides a correct taxpayer identification number and certifies that it is not subject to backup withholding.

The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability and may entitle it to a refund, provided that the required information is timely furnished to the IRS.

### ***New Reporting Obligations for Specified Foreign Financial Assets***

Under certain new reporting obligations, U.S. Holders who are individuals are required to report on Form 8938 specified foreign financial assets that they own if the aggregate value of those assets exceeds certain threshold amounts. Specified foreign financial assets may include stock of a foreign issuer such as our ordinary shares if not held through a financial account maintained at a U.S. financial institution, as defined in the applicable rules. Individual U.S. Holders should consult their own tax advisors as to the possible application of this reporting obligation under their particular circumstances.

### ***Irish Tax Consequences***

The following is a general summary of the material Irish tax considerations applicable to certain investors who are the beneficial owners of our ordinary shares. It is based on existing Irish law and practices in effect on the date of this prospectus supplement and on discussions and correspondence with the Irish Revenue Commissioners. Legislative, administrative or judicial changes may modify the tax consequences described below.

The statements do not constitute tax advice and are intended only as a general guide. Furthermore, this information applies only to ordinary shares held as capital assets and does not apply to all categories of shareholders, such as dealers in securities, trustees, insurance companies, collective investment schemes and shareholders who have, or who are deemed to have, acquired their ordinary shares by virtue of an office or employment. This summary is not exhaustive and you should consult your own tax advisers as to the tax consequences in Ireland, or other relevant jurisdictions, of the acquisition, ownership and disposition of our ordinary shares.

### ***Withholding Tax on Dividends***

Although we do not currently plan to pay dividends, distributions made by us would generally be subject to Irish dividend withholding tax, or DWT, at the standard rate of income tax (currently 20%), unless one of the exemptions described below applies, which we believe should be the case for the majority of our shareholders. For DWT purposes, a dividend includes any distribution made by us to our shareholders, including cash dividends, non-cash dividends and additional stock or units taken in lieu of a cash dividend. We are responsible for withholding DWT at source and forwarding the relevant payment to the Irish Revenue Commissioners.

Certain shareholders (both individual and corporate) are entitled to an exemption from DWT. In particular, a non-Irish resident shareholder is not subject to DWT on dividends received from us if such shareholder is:

an individual shareholder resident for tax purposes in a relevant territory, and the individual is neither resident nor ordinarily resident in Ireland. Relevant territory for the purposes of DWT is defined to include those countries with which Ireland has a double tax treaty, which countries include:

a corporate shareholder that is not resident for tax purposes in Ireland and which is ultimately controlled, directly or indirectly, by persons resident in a relevant territory ;

a corporate shareholder resident for tax purposes in a relevant territory provided that such corporate shareholder is not under the control, whether directly or indirectly, of a person or persons who is or are resident in Ireland;

a corporate shareholder that is not resident for tax purposes in Ireland and whose principal class of shares (or those of its 75% parent) is substantially and regularly traded on a recognized stock exchange either in a relevant territory or on such other stock exchange approved by the Irish Minister for Finance; or

a corporate shareholder that is not resident for tax purposes in Ireland and is wholly-owned, directly or indirectly, by two or more companies where the principal class of shares of each of such companies is substantially and regularly traded on a recognized stock exchange in a relevant territory or on such other stock exchange approved by the Irish Minister for Finance,

and provided that, in all cases noted above but subject to the matters described below, the shareholder has provided the appropriate forms to his or her broker (and the relevant information is further transmitted to our qualifying intermediary) before the record date for the dividend (in the case of ordinary shares held beneficially), or to our transfer agent before a date to be determined by us (in the case of ordinary shares held directly).

Should we decide to pay a dividend, we will enter into an agreement with an institution which will be recognized by the Irish Revenue Commissioners as a qualifying intermediary prior to paying any dividends or making any distributions. This will satisfy one of the Irish requirements for dividends to be paid free of DWT to certain shareholders who hold their ordinary shares through the Depositary Trust Company, or DTC, as described below. The agreement will generally provide for certain arrangements relating to cash distributions in respect of those ordinary shares that are held through DTC. The agreement will also provide that the qualifying intermediary will distribute or otherwise make available to Cede & Co., as nominee for DTC, any cash dividend or other cash distribution to be made to holders of the deposited securities, after we deliver or cause to be delivered to the qualifying intermediary the cash to be distributed.

We will rely on information received directly or indirectly from brokers and its transfer agent in determining where shareholders reside, whether they have provided the required U.S. forms and whether they have provided the required Irish dividend withholding tax forms, as described below. Shareholders who are required to file Irish forms in order to receive their dividends free of DWT should note that such forms are valid for five years and new forms must be filed before the expiration of that period in order to continue to enable them to receive dividends without DWT.

In most cases, individual shareholders resident in a relevant territory should complete a non-resident Form V2A and corporate (company) shareholders resident in a relevant territory should complete a non-resident Form V2B. Where a shareholder is neither an individual nor a company but is resident in a relevant territory, it should complete a non-resident Form V2C. Please contact your broker or your tax adviser if you have any questions regarding Irish dividend withholding tax.

## **Table of Contents**

### ***Shares Held by U.S. Resident Shareholders***

Dividends on ordinary shares that are owned by residents of the United States and held beneficially through DTC will not be subject to DWT provided that the address of the beneficial owner of the ordinary shares in the records of the broker is in the United States. We strongly recommend that such shareholders ensure that their information has been properly recorded by their brokers (so that such brokers can further transmit the relevant information to the our qualifying intermediary) by filing a Form W-9 with their broker.

Dividends on ordinary shares that are owned by residents of the United States and held directly will be paid on or before one year after the relevant date (defined below) without any DWT if the shareholder held shares of JPI common stock on December 12, 2011, the date on which it was publicly announced that the last JPI stockholder vote approving the merger had passed, which is referred to herein as the relevant date, and has provided a valid Form W-9 showing a U.S. address or a valid U.S. taxpayer identification number to our transfer agent or if the shareholder did not hold shares of JPI common stock on the relevant date and has provided the appropriate Irish dividend withholding tax forms to our transfer agent, in either case, by the due date to be determined by us before the record date for the first dividend to which the shareholder is entitled. We strongly recommend that such shareholders ensure that an appropriate Form W-9 or taxpayer identification number or Irish DWT form has been provided to our transfer agent.

In addition, all shareholders who hold their ordinary shares directly and who are residents of the United States (regardless of when such shareholders acquired their ordinary shares) must complete the appropriate Irish DWT forms in order to receive dividends paid later than one year after the relevant date without DWT. Such shareholders must provide the appropriate Irish forms to their brokers (so that such brokers can further transmit the relevant information to our qualifying intermediary) before the record date for the first dividend paid later than one year after the relevant date (in the case of ordinary shares held beneficially), or to our transfer agent by the due date to be determined by us before such record date (in the case of ordinary shares held directly). We strongly recommend that such shareholders complete the appropriate Irish forms and provide them to their brokers or our transfer agent, as the case may be, as soon as possible.

If any shareholder who is resident in the United States receives a dividend subject to DWT, he or she should generally be able to make an application for a refund from the Irish Revenue Commissioners on the prescribed form.

### ***Shares Held by Residents of Relevant Territories Other than the United States***

Dividends paid to shareholders who are residents of relevant territories other than the United States and (in the case of companies) who are not under the control, directly or indirectly, of a person or persons who are resident in Ireland, generally will not be subject to Irish DWT, but those shareholders will need to provide the appropriate tax forms in order to receive their dividends without any Irish DWT as summarized below.

Shareholders who are residents of relevant territories other than the United States who held shares of JPI common stock on or before the relevant date generally will receive dividends paid on or before one year after the relevant date without any DWT. For ordinary shares held beneficially by such shareholders through DTC, dividends will be paid on or before one year after the relevant date without any DWT if the address of the relevant shareholder in his or her broker's records as evidenced by a Form W-8 is in a relevant territory other than the United States. We strongly recommend that such shareholders ensure that their information has been properly recorded by their brokers (so that such brokers can further transmit the relevant information to our qualifying intermediary). For ordinary shares held directly by such shareholders, dividends will be paid on or before one year after the relevant date without any DWT if the shareholder has provided a valid U.S. Form W-8 showing an address in a relevant territory other than the United States to our transfer agent by the due date to be determined by us before the record date for the first dividend to which they are entitled. We strongly recommend that such shareholders ensure that the appropriate tax form has been provided to our transfer agent.

## **Table of Contents**

Shareholders who are residents of relevant territories other than the United States who did not hold shares of JPI common stock on the relevant date must complete the appropriate Irish DWT forms in order to receive their dividends without DWT. Such shareholders must provide the appropriate Irish dividend withholding tax forms to their brokers (so that such brokers can further transmit the relevant information to our qualifying intermediary) before the record date for the first dividend payment to which they are entitled (in the case of ordinary shares held beneficially), or to our transfer agent by the due date to be determined by us before such record date (in the case of ordinary shares held directly). We strongly recommend that such shareholders complete the appropriate Irish forms and provide them to their brokers or our transfer agent, as the case may be, as soon as possible after acquiring their ordinary shares.

In addition, all shareholders who are residents of relevant territories other than the United States (regardless of when such shareholders acquired their ordinary shares) must complete the appropriate Irish DWT forms in order to receive dividends paid later than one year after the relevant date without DWT. Such shareholders must provide the appropriate Irish forms to their brokers (so that such brokers can further transmit the relevant information to our qualifying intermediary) before the record date for the first dividend paid later than one year after the relevant date (in the case of ordinary shares held beneficially), or to our transfer agent by the due date to be determined by us before such record date (in the case of ordinary shares held directly). We strongly recommend that such shareholders complete the appropriate Irish forms and provide them to their brokers or our transfer agent, as the case may be, as soon as possible.

### ***Shares Held by Residents of Ireland***

Most shareholders who are resident or ordinarily resident in Ireland (other than Irish resident companies) should be subject to DWT in respect of dividend payments on their ordinary shares.

Shareholders that are residents of Ireland but are entitled to receive dividends without DWT must complete the appropriate Irish forms and provide them to their brokers (so that such brokers can further transmit the relevant information to our qualifying intermediary) before the record date for the first dividend to which they are entitled (in the case of ordinary shares held beneficially), or to our transfer agent by the due date to be determined by us before such record date (in the case of ordinary shares held directly). Shareholders who are resident or ordinarily resident in Ireland or are otherwise subject to Irish tax should consult their own tax advisers.

### ***Shares Held by Other Persons***

Shareholders who do not reside in relevant territories or in Ireland should be subject to DWT, but there are a number of other exemptions that could apply on a case-by-case basis. Dividends paid to such shareholders will be paid subject to DWT unless the relevant shareholder has provided the appropriate Irish DWT form to his or her broker (so that such broker can further transmit the relevant information to our qualifying intermediary) prior to the record date for the first dividend to which they are entitled (in the case of ordinary shares held beneficially), or to our transfer agent by the due date to be determined by us before such record date (in the case of ordinary shares held directly). We strongly recommend that such shareholders to whom an exemption applies complete the appropriate Irish forms and provide them to their brokers or our transfer agent, as the case may be, as soon as possible.

If any shareholder who is not a resident of a relevant territory or Ireland but is exempt from withholding receives a dividend subject to DWT, he or she may make an application for a refund from the Irish Revenue Commissioners on the prescribed form.

### ***Income Tax on Dividends Paid on Ordinary Shares***

Irish income tax (if any) arises in respect of dividends paid by us.

## **Table of Contents**

A shareholder who is neither resident nor ordinarily resident in Ireland and who is entitled to an exemption from DWT, generally has no liability for Irish income tax or to the universal social charge on a dividend from us unless he or she holds his or her ordinary shares through a branch or agency in Ireland through which a trade is carried on.

A shareholder who is neither resident nor ordinarily resident in Ireland and who is not entitled to an exemption from DWT generally has no additional liability to income tax or to the universal social charge unless he or she holds his or her ordinary shares through a branch or agency in Ireland through which a trade is carried on. The DWT deducted by us discharges such liability to Irish income tax provided that the shareholder furnishes the statement of DWT imposed to the Irish Revenue.

A shareholder who is neither resident nor ordinarily resident in Ireland and is resident of a relevant territory or otherwise exempt from Irish DWT but who receives dividends subject to DWT should be able to make a reclaim of the DWT from the Irish Revenue Commissioners unless he or she holds his or her ordinary shares through a branch or agency in Ireland through which a trade is carried on.

Shareholders who are resident or ordinarily resident in Ireland may be subject to Irish tax and/or levies on dividends received from us. Such shareholders should consult their own tax advisers.

### ***Capital Acquisitions Tax***

Irish capital acquisitions tax, or CAT, is comprised principally of gift tax and inheritance tax. CAT could apply to a gift or inheritance of ordinary shares irrespective of the place of residence, ordinary residence or domicile of the parties. This is because ordinary shares will be regarded as property situated in Ireland as our share register must be held in Ireland. The person who receives the gift or inheritance has primary liability for CAT.

CAT is levied at a rate of 30% above certain tax-free thresholds. The appropriate tax-free threshold is dependent upon (i) the relationship between the donor and the donee and (ii) the aggregation of the values of previous gifts and inheritances received by the donee from persons within the same category of relationship for CAT purposes. Gifts and inheritances passing between spouses are exempt from CAT.

Shareholders should consult their own tax advisers as to whether CAT is creditable or deductible in computing any domestic tax liabilities.

### ***Stamp Duty***

Irish stamp duty (if any) may become payable in respect of ordinary share transfers, subject to the below.

#### ***Shares Held through DTC***

A transfer of ordinary shares from a seller who holds ordinary shares through DTC to a buyer who holds the acquired ordinary shares through DTC will not be subject to Irish stamp duty.

#### ***Shares Held Outside of DTC or Transferred into or out of DTC***

A transfer of ordinary shares (i) by a seller who holds ordinary shares outside of DTC to any buyer, or (ii) by a seller who holds the ordinary shares through DTC to a buyer who holds the acquired ordinary shares outside of DTC, may be subject to Irish stamp duty (currently at the rate of 1% of the price paid or the market value of the ordinary shares acquired, if greater). The person accountable for payment of stamp duty is the buyer or, in the case of a transfer by way of a gift or for less than market value, all parties to the transfer.

## **Table of Contents**

A shareholder who holds ordinary shares outside of DTC may transfer those ordinary shares into DTC without giving rise to Irish stamp duty provided that the shareholder would be the beneficial owner of the related book-entry interest in those ordinary shares recorded in the systems of DTC (and in exactly the same proportions) as a result of the transfer and at the time of the transfer into DTC there is no sale of those book-entry interests to a third party being contemplated by the shareholder. Similarly, a shareholder who holds ordinary shares through DTC may transfer those ordinary shares out of DTC without giving rise to Irish stamp duty provided that the shareholder would be the beneficial owner of the ordinary shares (and in exactly the same proportions) as a result of the transfer, and at the time of the transfer out of DTC there is no sale of those ordinary shares to a third party being contemplated by the shareholder. In order for the share registrar to be satisfied as to the application of this Irish stamp duty treatment where relevant, the shareholder must confirm to us that the shareholder would be the beneficial owner of the related book-entry interest in those ordinary shares recorded in the systems of DTC (and in exactly the same proportions) (or vice-versa) as a result of the transfer and there is no agreement for the sale of the related book-entry interest or the ordinary shares or an interest in the ordinary shares, as the case may be, by the shareholder to a third party being contemplated.

Because of the potential Irish stamp duty on transfers of ordinary shares, we strongly recommend that any directly registered shareholders open broker accounts so they can transfer their ordinary shares into DTC as soon as possible. We also strongly recommend that any person who wishes to acquire ordinary shares acquire such ordinary shares through DTC.

In order for DTC, Cede & Co. and National Securities Clearing Corporation, or NSCC, which provides clearing services for securities that are eligible for the depository and book-entry transfer services provided by DTC and registered in the name of Cede & Co., which entities are referred to collectively as the DTC Parties, to agree to provide services with respect to our ordinary shares, we concluded with the Revenue Commissioners of Ireland a composition agreement under which we have assumed any obligation of paying the liability for any Irish stamp duty or similar Irish transfer or documentary tax with respect to our ordinary shares, on transfers to which any of the DTC Parties is a party or which may be processed through the services of any of the DTC Parties, and the DTC Parties have received confirmation from the Revenue Commissioners of Ireland that while such composition agreement remains in force, the DTC Parties shall not be liable for any Irish stamp duty with respect to our ordinary shares. In addition, to assure the DTC Parties that they will not be liable for any Irish stamp duty or similar Irish transfer or documentary tax with respect to our ordinary shares under any circumstances (including as a result of a change in applicable law), and to make other provisions with respect to our ordinary shares required by the DTC Parties, we and Computershare Trust Company, NA., a U.S. national banking association acting as our transfer agent, or Computershare, entered into a Special Eligibility Agreement for Securities, dated as of January 13, 2012, with DTC, Cede & Co. and NSCC, or the DTC Eligibility Agreement. The DTC Eligibility Agreement provides for certain indemnities of the DTC Parties by us and Computershare (as to which we have agreed to indemnify Computershare) and also provides that DTC may impose a global lock on our ordinary shares or otherwise limit transactions in the shares, or cause the shares to be withdrawn, and NSCC may, in its sole discretion, exclude our ordinary shares from its Continuous Net Settlement service or any other service, and any of the DTC Parties may take other restrictive measures with respect to our ordinary shares as it may deem necessary and appropriate, without any liability on the part of any the DTC Parties, (i) at any time that it may appear to any of the DTC Parties, in its sole discretion, that to continue to hold or process transactions in our ordinary shares will give rise to any Irish stamp duty or similar Irish transfer or documentary tax liability with respect to our ordinary shares on the part of any of the DTC Parties or (ii) otherwise as the DTC's rules or the NSCC's rules provide.

### *Payment of Stamp Duty*

Our official share register must be maintained in Ireland. Registration in this share register is determinative of shareholding in Jazz Pharmaceuticals. Only shareholders will be entitled to receive dividends, if any when declared.

## **Table of Contents**

A written instrument of transfer is required under Irish law in order for a transfer of the legal ownership of ordinary shares to be registered on our official share register. Such instruments of transfer may be subject to Irish stamp duty, which must be paid prior to the official share register being updated.

A holder of ordinary shares who holds ordinary shares through DTC will not be the legal owner of such ordinary shares (instead, the depository (for example, Cede & Co., as nominee for DTC) will be the holder of record of such ordinary shares). Accordingly, a transfer of ordinary shares from a person who holds such ordinary shares through DTC to a person who also holds such ordinary shares through DTC will not be registered in our official share register, i.e., the depository will remain the record holder of such ordinary shares.

Our memorandum and articles of association delegate to our secretary the authority to execute an instrument of transfer on behalf of a transferring party, which the secretary may do if for any reason such instrument is required and has not already been lodged with us.

To the extent that stamp duty is due but has not been paid, we, in our absolute discretion and insofar as the Companies Acts or any other applicable law permit, may, or may provide that a subsidiary of ours will, pay Irish stamp duty arising on a transfer of ordinary shares on behalf of the transferee of such ordinary shares. If stamp duty resulting from the transfer of ordinary shares which would otherwise be payable by the transferee is paid by us or any subsidiary of ours on behalf of the transferee, then in those circumstances, we will, on our behalf or on behalf of our subsidiary (as the case may be), be entitled to (i) seek reimbursement of the stamp duty from the transferee, (ii) set-off the stamp duty against any dividends payable to the transferee of those ordinary shares and (iii) to claim a first and permanent lien on the ordinary shares on which stamp duty has been paid by us or our subsidiary for the amount of stamp duty paid. Our lien shall extend to all dividends paid on those ordinary shares.

**Table of Contents****UNDERWRITING**

The selling shareholders are offering the ordinary shares described in this prospectus supplement through a number of underwriters. Barclays Capital Inc. and Citigroup Global Markets Inc. are acting as joint book-running managers of the offering and as representatives of the underwriters. We and the selling shareholders have entered into an underwriting agreement with the underwriters. Subject to the terms and conditions of the underwriting agreement, the selling shareholders have agreed to sell to the underwriters, and each underwriter has severally agreed to purchase, at a price of \$49.56 per share, the number of ordinary shares indicated in the table below:

<b>Underwriters</b>	<b>Number of Shares</b>
Barclays Capital Inc.	3,941,683
Citigroup Global Markets Inc.	3,941,683
<b>Total</b>	<b>7,883,366</b>

The underwriters are committed to purchase all of the ordinary shares offered by the selling shareholders if they purchase any shares. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of the non-defaulting underwriter may also be increased or the offering may be terminated.

Sales of shares made outside of the United States may be made by affiliates of the underwriters.

The underwriters may offer the ordinary shares in transactions on The NASDAQ Global Select Market, in the over-the-counter market or through negotiated transactions at market prices or at negotiated prices. The underwriters may effect such transactions by selling the ordinary shares to or through dealers and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or purchasers of ordinary shares for whom they may act as agents or to whom they may sell as principals. The difference between the price at which the underwriters purchase ordinary shares and the price at which the underwriters resell such ordinary shares, which may include a commission equivalent of up to \$0.05 per share, may be deemed underwriting compensation.

We estimate that our total expenses of this offering, including registration, filing and listing fees, printing fees and legal and accounting expenses will be approximately \$500,000.

**Lock-Up Agreements**

We, our directors, our executive officers and the selling shareholders have agreed that, subject to certain exceptions, without the prior written consent of the representatives, we and they will not directly or indirectly (1) offer for sale, sell, pledge, or otherwise dispose of (or enter into any transaction or device that is designed to, or could be expected to, result in the disposition by any person at any time in the future of) any ordinary shares (including, without limitation, ordinary shares that may be deemed to be beneficially owned in accordance with the rules and regulations of the SEC and ordinary shares that may be issued upon exercise of any option or warrants) or securities convertible into or exercisable or exchangeable for ordinary shares (other than the shares, if any, sold by the selling shareholders to the underwriters in this offering) (and with respect to us, sell or grant options, rights or warrants with respect to any ordinary shares or securities convertible into or exchangeable for ordinary shares), (2) enter into any swap or other derivatives transaction that transfers to another, in whole or in part, any of the economic consequences of ownership of the ordinary shares, (3) make any demand for or exercise any right or file or cause to be filed a registration statement, including any amendments thereto, with

respect to the registration of any ordinary shares or securities convertible, exercisable or exchangeable into ordinary shares or any of our other securities, or (4) publicly disclose the intention to do any of the foregoing for a period of 60 days after the date of this prospectus supplement, or the Lock-Up Period.

Notwithstanding the foregoing, the underwriters have agreed that the transfer restrictions shall not apply to:

with respect to us: (a) the sale of the ordinary shares by the selling shareholders to the underwriters in connection with this offering; (b) the issuance of ordinary shares upon the settlement, vesting or exercise of options, restricted stock units, warrants or rights outstanding on the date of the underwriting agreement; (c) the issuance of ordinary shares or rights to purchase ordinary shares issued pursuant to our employee share purchase plan or director deferred compensation plan existing on the date of the underwriting agreement; (d) options to purchase ordinary shares or other equity-based awards issued after the date hereof pursuant to our equity incentive or share option plans existing on the date hereof, provided that those options or other equity-based awards do not vest or otherwise become exercisable during the Lock-Up Period except pursuant to vesting or exercisability acceleration provisions provided under such plans, the agreements thereunder or otherwise under our severance plans and arrangements existing on the date of the underwriting agreement; (e) the filing of any registration statement on Form S-8 or any amendments thereto; or (f) the filing of any registration statement, including any amendments, that we are contractually obligated to file under currently outstanding agreements; and

with respect to each of our directors, our executive officers and the selling shareholders who are subject to a lock-up agreement: (a) transactions relating to any securities acquired in this offering or in open market transactions after the completion of this offering; (b) transfers of any securities as a bona fide gift or pledge; (c) in the case of a natural person, transfers of any securities by will or intestate succession or to any trust or partnership for the direct or indirect benefit of such director, executive officer or selling shareholder or any member of the immediate family of the foregoing; (d) in the case of a non-natural person, distributions of any securities to general or limited partners or stockholders or members of each entity signing a lock-up agreement; (e) in the case of a non-natural person, transfers of any securities (1) in connection with the sale or other bona fide transfer in a single transaction of all or substantially all of such entity's capital stock, partnership interests, membership interests or other similar equity interests, as the case may be, or all or substantially all of such entity's assets, in any such case not undertaken for the purpose of avoiding the restrictions imposed by the lock-up agreement or (2) to another corporation, partnership, limited liability company or other business entity so long as the transferee is an affiliate of such entity and such transfer is not for value; (f) any transfers of ordinary shares pursuant to the net or cashless exercise of outstanding options or warrants to purchase ordinary shares in accordance with their terms; (g) any transfers of securities pursuant to a sale or an offer to purchase 100% of our outstanding ordinary shares, whether pursuant to a merger, tender offer or otherwise, to a third party or group of third parties; or (h) any transfers of securities to us to satisfy tax withholding obligations pursuant to our equity compensation plans or arrangements; provided that (A) in the case of any transfer or distribution pursuant to clause (b), (c), (d) or (e), each donee, pledgee, distributee or transferee is required to sign and deliver a lock-up agreement, (B) any ordinary shares acquired upon the net or cashless exercise of options or warrants described in clause (f) will be subject to the restrictions imposed by the lock-up agreement and (C) in the case of an executive officer, the foregoing restrictions will not apply if such executive officer ceases to be an executive officer of ours. Moreover, the party subject to the lock-up agreement may transfer or distribute securities in his, her or its capacity as trustee (or similar capacity) under any voting or other trusts to the beneficiaries thereof or to a substitute trustee(s) or trust(s); provided that (i) each distributee or transferee (including any substitute trustee(s) or trust(s)) is required to sign and deliver a lock-up agreement and (ii) no filing by the party subject to the lock-up agreement under Section 16(a) of the Exchange Act shall be made during the Lock-Up Period in connection with such transfer or distribution, provided that if the party subject to the lock-up agreement sells shares to the underwriters in this offering, the foregoing restriction in this clause (ii) shall not apply if and only if the transfer or distribution is reported on the

## **Table of Contents**

same such Section 16 filing filed by the party subject to the lock-up agreement reporting his, her or its sale of securities to the underwriters in this offering.

In addition, the underwriters have agreed with the selling shareholders that, if the underwriters terminate, amend or waive any of their rights under agreements with a selling shareholder providing for substantially similar transfer restrictions, the foregoing transfer restrictions shall, with respect to other selling shareholders, automatically be terminated or amended, or the rights waived, as the case may be, to the same extent as the agreement providing for substantially similar transfer restrictions.

The underwriters, in their sole discretion, may release the ordinary shares and other securities subject to the lock-up agreements described above in whole or in part at any time with or without notice. When determining whether or not to release the ordinary shares and other securities from lock-up agreements, the underwriters will consider, among other factors, the holder's or our reasons for requesting the release, the number of ordinary shares or other securities for which the release is being requested and market conditions at the time.

## **Indemnification**

We and the selling shareholders have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriters may be required to make for these liabilities.

## **Listing**

Our ordinary shares are listed on The NASDAQ Global Select Market under the symbol JAZZ.

## **Stabilization and Short Positions**

The underwriters may engage in stabilizing transactions, covering transactions or purchases for the purpose of pegging, fixing or maintaining the price of the ordinary shares, in accordance with Regulation M under the Exchange Act:

stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum; and

covering transactions involve purchases of the ordinary shares in the open market after the distribution has been completed in order to cover short positions.

These stabilizing transactions and covering transactions may have the effect of raising or maintaining the market price of our ordinary shares or preventing or retarding a decline in the market price of the ordinary shares. As a result, the price of the ordinary shares may be higher than the price that might otherwise exist in the open market. These transactions may be effected on The NASDAQ Global Select Market or otherwise and, if commenced, may be discontinued at any time.

Neither we nor any of the selling shareholders or underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the ordinary shares. In addition, neither we nor any of the selling shareholders or underwriters make any representation that the underwriters will engage in these stabilizing transactions or that any transaction, once commenced, will not be discontinued without notice.

## **Passive Market Making**

In connection with the offering, the underwriters and selling group members may engage in passive market making transactions in the ordinary shares on The NASDAQ Global Select Market in accordance with Rule 103 of Regulation M under the Exchange Act during the period before the commencement of offers or sales of

## **Table of Contents**

ordinary shares and extending through the completion of distribution. A passive market maker must display its bids at a price not in excess of the highest independent bid of the security. However, if all independent bids are lowered below the passive market maker's bid, such bid must be lowered when specified purchase limits are exceeded.

### **Electronic Distribution**

A prospectus supplement and the accompanying prospectus in electronic format may be made available on the Internet sites or through other online services maintained by the underwriters or by their affiliates. In those cases, prospective investors may view offering terms online and, depending upon the particular underwriter, prospective investors may be allowed to place orders online. The underwriters may agree with the selling shareholders to allocate a specific number of shares for sale to online brokerage account holders. Any such allocation for online distributions will be made by the underwriters on the same basis as other allocations.

Other than the prospectus supplement and the accompanying prospectus in electronic format, the information on the underwriters' websites and any information contained in any other website maintained by an underwriter is not part of the prospectus supplement and the accompanying prospectus or the registration statement of which the prospectus supplement and the accompanying prospectus forms a part, has not been approved or endorsed by us, any selling shareholder, or any underwriter in its capacity as underwriter and should not be relied upon by investors.

### **Stamp Taxes**

If you purchase ordinary shares offered in the prospectus supplement, you may be required to pay stamp taxes and other charges under the laws and practices of the country of purchase, in addition to the price at which you purchase the shares from the underwriters.

The underwriters and certain of their affiliates have from time to time provided, and may in the future provide, various investment banking, commercial banking, financial advisory and other services to us and our affiliates for which services they have received, and may in the future receive, customary fees. In the course of their businesses, the underwriters and their affiliates may actively trade our securities or loans for their own accounts or for the accounts of customers, and, accordingly, the underwriters and their affiliates may at any time hold long or short positions in such securities or loans.

### **ABOUT JAZZ PHARMACEUTICALS PLC**

#### **Overview**

We are a specialty biopharmaceutical company focused on the identification, development and commercialization of pharmaceutical products to meet important unmet medical needs in focused therapeutic areas. Our marketed products include Xyrem (sodium oxybate), which is the only product approved by the United States Food and Drug Administration, or FDA, for the treatment of both cataplexy and excessive daytime sleepiness in patients with narcolepsy; our psychiatry products, FazaClo (clozapine, USP) LD and FazaClo HD, orally disintegrating clozapine tablets indicated for treatment resistant schizophrenia, Luvox CR (fluvoxamine maleate) marketed for the treatment of obsessive compulsive disorder; Prialt (ziconotide intrathecal injection), the only non-opioid intrathecal analgesic indicated for refractory severe chronic pain; and a portfolio of women's health and other products led by Elestrin, a clear fast-drying estradiol gel indicated for the treatment of moderate to severe vasomotor symptoms associated with menopause.

#### **Recent Developments**

On January 18, 2012, we and JPI consummated the merger contemplated by the agreement and plan of merger and reorganization, or the merger agreement, we entered into with JPI and certain other parties on September 19, 2011. In connection with the merger, we were re-named Jazz Pharmaceuticals plc and became the parent company of JPI, with JPI becoming our wholly-owned subsidiary. In the merger, all outstanding shares of JPI's common stock were canceled and converted into the right to receive, on a one-for-one basis, our ordinary shares. Immediately after giving effect to the issuance of our ordinary shares to the former JPI stockholders in the merger, approximately 56,197,577 of our ordinary shares were outstanding, of which approximately 78% were held by the former JPI stockholders. The remaining 22% of our ordinary shares outstanding immediately after giving effect to the merger were held by persons and entities who acquired our ordinary shares prior to the merger. Our ordinary shares trade on the same exchange, The NASDAQ Global Select Market, and under the trading symbol, **JAZZ**, that the shares of JPI common stock traded on and under prior to the merger.

JPI is deemed to be the acquiring company for accounting purposes and the transaction is being accounted for as a reverse acquisition under the acquisition method of accounting for business combinations. As a result, the historical financial statements of JPI became our historical financial statements. We are also considered to be the successor to JPI for certain purposes under both the Securities Act and the Exchange Act, and certain of JPI's historical reports filed under the Exchange Act are incorporated by reference in this prospectus. Prior to the merger, we were known as Azur Pharma Public Limited Company, or Azur Pharma. The historical financial statements for Azur Pharma for the years ended December 31, 2010, 2009 and 2008 and for the nine months ended September 30, 2011 and 2010, and pro forma financial information related to the merger, are incorporated by reference in this prospectus from JPI's definitive proxy statement on Schedule 14A filed with the Securities and Exchange Commission on November 10, 2011. See [Where You Can Find More Information](#). A brief description of the historic business of Azur Pharma prior to the merger is set forth below. More information about the historic business of Azur Pharma can be found in JPI's definitive proxy statement on Schedule 14A filed with the Securities and Exchange Commission on November 10, 2011.

#### **Historic Business of JPI**

JPI's specialty pharmaceutical business focused on the identification, development and commercialization of pharmaceutical products to meet important unmet medical needs. JPI's marketed products, which will continue to be marketed by the combined company, are Xyrem and Luvox CR. JPI promotes these products in the United States through its experienced specialty sales force targeting sleep specialists, neurologists, pulmonologists and psychiatrists. More information about the historic business of JPI can be found in JPI's annual and quarterly reports that are incorporated by reference in this prospectus. See [Where You Can Find More Information](#).

#### ***Lead Marketed Products***

##### ***Prialt (ziconotide) intrathecal infusion***

Prialt is an intrathecal infusion of ziconotide, approved by the FDA in December 2004 for the management of severe chronic pain in patients for whom intrathecal therapy is warranted, and who are intolerant of or refractory to other treatment, such as systemic analgesics, adjunctive therapies or intrathecal morphine. Intrathecal therapy is the delivery of the drug into the intrathecal space in the spine through an infusion system comprised of a programmable infusion pump and catheter. Ziconotide is a synthetic neuroactive peptide known as conotoxin and is the synthetic equivalent of a naturally-occurring conopeptide found in the piscivorous marine snail, *Conus Magnus*. Ziconotide is thought to inhibit pain signals transmitted via N-type calcium channels, most densely located in the dorsal horn of the spinal cord. Prialt is the only FDA-approved non-opioid intrathecal analgesic. Prialt is approved for use with Medtronic Inc.'s SynchroMed EL and SynchroMed II programmable implantable pumps. In May 2010, Azur Pharma acquired the worldwide rights (excluding Europe) to Prialt from Elan Pharmaceuticals, Inc., or Elan, excluding those territories licensed by Elan to Eisai Co. Limited, which consist of 34 countries outside of the United States, mainly in Europe.

##### ***FazaClo LD (clozapine, USP) Orally Disintegrating Tablet and FazaClo HD (clozapine, USP) Orally Disintegrating Tablet***

Azur Pharma markets FazaClo LD and FazaClo HD, which are orally disintegrating tablet formulations of clozapine, indicated for the management of severely ill schizophrenic patients who fail to respond adequately to standard drug treatment for schizophrenia and for reducing the risk of recurrent suicidal behavior in patients with schizophrenia or schizoaffective disorder who are judged to be at chronic risk for re-experiencing suicidal behavior, based on history and recent clinical state. FazaClo LD, comprising the original three lower strength presentations, was approved by the FDA in February 2004 with respect to the 25mg and 100mg tablet strengths and in May 2007 for the 12.5mg tablet strength. Azur Pharma initiated development of FazaClo HD, 150 mg and 200 mg dosage strengths, in late 2008. FazaClo HD received FDA approval in July 2010 and was launched in September 2010. FazaClo LD and FazaClo HD incorporate CIMA Labs Inc.'s DuraSolv orally disintegrating tablet technology, which enables the products to dissolve without the need to chew or to swallow with water and are currently the only orally disintegrating tablet formulations of clozapine available in the United States. In August 2007, Azur Pharma acquired the rights to FazaClo from Avanir Pharmaceuticals, Inc.

#### ***Other Products***

Azur Pharma's other products include:

Elestrin (estradiol gel 0.06%), indicated for the treatment of moderate to severe vasomotor symptoms (hot flashes and night sweats) associated with menopause;

Gastrocrom (cromolyn sodium) oral concentrate, indicated for the management of patients with mastocytosis, providing relief of associated symptoms such as diarrhea, flushing, headaches, vomiting, urticaria, abdominal pain, nausea and itching;

### ***Development Pipeline***

Azur Pharma has a number of product candidates in various stages of clinical development, which will remain under development by the combined company, including Clozapine OS and Clozapine QD.

Clozapine OS is an oral suspension formulation of clozapine currently approved and marketed by other companies in Europe and in other territories outside of the U.S. Azur Pharma licensed U.S. rights for the product from Douglas Pharmaceuticals America Limited in February 2010.

Clozapine QD is expected to provide the benefits of once-daily dosing of clozapine. This formulation is designed to enable faster titration to therapeutic effect relative to existing immediate release formulations of clozapine.

### **ENFORCEMENT OF CIVIL LIABILITIES UNDER UNITED STATES FEDERAL SECURITIES LAWS**

We are a public limited company formed under the laws of Ireland, and certain of our officers and directors are or may in the future be residents outside the United States. All or a substantial portion of our assets or the assets of such non-resident persons may be located outside of the United States. As a result, it may not be possible to effect service of process within the United States upon such persons or us, or to enforce against such persons or us in U.S. courts judgments obtained in such courts predicated upon the civil liability provisions of the federal securities laws of the United States. There is no treaty between Ireland and the United States providing for the reciprocal enforcement of foreign judgments. We have been advised by counsel that there is doubt as to the enforceability in Ireland, in original actions or in actions for enforcement of judgments of U.S. courts, of liabilities predicated solely upon the securities laws of the United States. Consequently, it may be difficult for investors to enforce against us, our directors or our officers in Ireland judgments obtained in the United States which are predicated upon the civil liability provisions of the federal securities laws of the United States.
