Additional information regarding the meeting and the above proposals is set forth in the accompanying proxy statement. As we have done for the past two years, we will be furnishing our proxy materials over the Internet. As a result, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders rather than a full paper set of the proxy materials. This Notice of Internet Availability of Proxy Materials contains instructions on how to access our proxy materials on the Internet, as well as instructions on how stockholders may obtain a paper copy of the proxy materials. This process will substantially reduce the costs associated with printing and distributing our proxy materials.

You can vote your shares via the Internet or by telephone. Furthermore, if you received paper proxy materials from the Company, you may sign, date and mail the proxy card in the envelope that was provided to you. If you hold your shares through a broker or other nominee, you should contact your broker to determine how to vote your shares.

PROXY STATEMENT

2012 ANNUAL MEETING OF STOCKHOLDERS

This proxy statement and accompanying Notice and Proxy Form are being provided to the stockholders of Energy Partners, Ltd. (the Company) in connection with the solicitation of proxies by the Board of Directors of the Company (the Board of Directors or the Board) for use at the Annual Meeting of Stockholders of the Company to be held on May 1, 2012 at the Company's corporate offices at 201 St. Charles Avenue, Suite 3400, New Orleans, Louisiana at 9:00 a.m., Central Daylight Time (the 2012 Annual Meeting or the Meeting), or at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. As permitted by rules adopted by the Securities and Exchange Commission (the SEC), the Company has elected to provide stockholders with access to its proxy materials through the Internet rather than by providing them in paper form. Accordingly, the Company will send a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials via the Internet to stockholders. The Company expects to send the Notice of Internet Availability of Proxy Materials to stockholders entitled to vote at the Meeting on or about March 22, 2012. Stockholders may also obtain a copy of these proxy materials in printed form by following the procedures set forth in the Notice of Internet Availability of Proxy Materials. Unless these procedures are followed, the Company will not be mailing a printed copy of the proxy materials to any stockholder.

ABOUT THE 2012 ANNUAL MEETING

Voting Procedures

Stockholders of record at the close of business on March 19, 2012 (the Record Date) will be entitled to vote at the Meeting. On the Record Date, there were 39,385,705 shares of the Company's common stock, par value \$0.001 per share (the Company Shares or the Common Stock), issued and outstanding and entitled to vote. The holders of a majority of the Company Shares issued and outstanding and entitled to vote at the Meeting, present in person or represented by proxy, will constitute a quorum. The person(s) whom the Company appoints to act as inspector(s) of election will treat all Company Shares represented by a returned, properly executed proxy as present for purposes of determining the existence of a quorum at the Meeting. The Company Shares present at the Meeting in person or by proxy that are abstained from voting will be counted as present for determining the existence of a quorum. If such a quorum is not present or represented at the Meeting, the presiding officer of the Meeting will have the power to adjourn the Meeting from time to time without notice other than announcement at the Meeting until a quorum is present or represented.

Each of the Company Shares will entitle the holder thereof to one vote. Cumulative voting is not permitted. Other than with respect to the election of directors, an abstention has the effect of a vote against a matter to be presented at the Meeting. Votes cast at the Meeting will be counted by the inspector(s) of election.

If you hold shares in street name, you will receive instructions from your brokers or other nominees describing how to vote your shares. If you do not instruct your brokers or nominees how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary authority under the rules of the New York Stock Exchange (NYSE). There are also non-discretionary matters for which brokers do not have discretionary authority to vote if they do not receive timely instructions from you. When a broker or nominee does not have discretion to vote on a particular matter, a broker non-vote results. A broker non-vote also occurs if you have not given timely instructions on how the broker or nominee should vote your shares or if the broker or nominee indicates that it does not have the authority to vote your shares on its proxy. Although any

broker non-vote would be counted as present at the Meeting for purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-discretionary matters. For Item 2 to be voted on at the Meeting, brokers or nominees will have discretionary authority in the absence of timely instructions from you. Items 1 and 3 are non-discretionary matters, and brokers will not have discretionary authority for Items 1 and 3 in the absence of timely instructions from you.

The Board of Directors is soliciting your proxy to provide you with an opportunity to vote on all matters to come before the Meeting, regardless of whether you attend in person. If you vote by proxy via the Internet or by telephone in accordance with the instructions found on the Notice of Internet Availability of Proxy Materials, your shares will be voted in the manner that you specify. Additionally, your shares will be voted as you specify if you request printed copies of proxy materials by mail and vote by proxy by filling out the proxy card. If you submit a proxy but do not specify how you would like your shares voted, your shares will be voted in accordance with the recommendations of the Board, as set forth below. After submitting a proxy, you may subsequently revoke your proxy by submitting a revised proxy or a written revocation at any time before your original proxy is voted. You may also attend the Meeting in person and vote in person by ballot, which would cancel any proxy you gave prior to the Meeting.

The Board of Directors urges you to vote, and solicits your proxy, as follows:

- (1) FOR the election of six (6) nominees to the Company's Board of Directors, Messrs. Hanna, Buckner, Griffiths, McCarthy, Pully and Wallace, to serve until the Annual Meeting of Stockholders in the year 2013 and until their respective successors are duly elected and qualified;
- (2) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accountants for the year ending December 31, 2012;
- (3) FOR the approval, on a non-binding advisory basis, of the compensation of the Named Executive Officers, as disclosed in the Company's proxy statement for the 2012 Annual Meeting; and
- (4) At the discretion of the proxies designated through the Internet, by telephone or on the proxy card, on any other matter that may properly come before the 2012 Annual Meeting.

Proxy Solicitation

Your proxy is being solicited by and on behalf of the Board of Directors of the Company. The expense of preparing, furnishing through the Internet, printing and mailing proxy solicitation materials will be borne by the Company. In addition to solicitation of proxies by Internet and mail, certain directors, officers, representatives and employees of the Company may solicit proxies by telephone and personal interview. These individuals will not receive additional compensation from the Company for solicitation of proxies, but may be reimbursed by the Company for reasonable out-of-pocket expenses in connection with such solicitation. Banks, brokers and other custodians, nominees and fiduciaries also will be reimbursed by the Company, as necessary, for their reasonable expenses for sending proxy solicitation materials to the beneficial owners of Common Stock.

Assistance

If you need assistance with completing your proxy card or voting via the Internet or telephone or have questions regarding the 2012 Annual Meeting, please contact David P. Cedro, Chief Accounting Officer, Treasurer and Corporate Secretary of the Company, at 201 St. Charles Avenue, Suite 3400, New Orleans, Louisiana 70170 or at (504) 569-1875.

MATTERS TO BE PRESENTED TO THE STOCKHOLDERS
AT THE 2012 ANNUAL MEETING**Item 1 Election of Directors**

At the 2012 Annual Meeting, six (6) directors are to be elected, each of whom will serve until the Annual Meeting of Stockholders in 2013 and until their respective successors are duly elected and qualified. The persons named as proxies on the proxy card intend to vote FOR the election of each of the six (6) nominees listed below, unless otherwise directed.

Currently, the Board is composed of the following six directors: Gary C. Hanna, Charles O. Buckner, Scott A. Griffiths, Marc McCarthy, Steven J. Pully and William F. Wallace.

The Board has nominated, and the proxies will vote to elect, the following individuals as members of the Board of Directors to serve until the Annual Meeting of Stockholders in 2013 and until their respective successors are duly elected and qualified: Gary C. Hanna, Charles O. Buckner, Scott A. Griffiths, Marc McCarthy, Steven J. Pully and William F. Wallace. Each nominee has consented to be nominated and, if elected, to serve.

To be elected, each nominee for election as a director must receive the affirmative vote of a plurality of the votes of the shares of Common Stock cast at the 2012 Annual Meeting. This means that director nominees with the most votes are elected. Votes may be cast in favor of or withheld from the election of each nominee. Votes that are withheld from a director's election will be counted toward a quorum but will not affect the outcome of the vote on this Item 1. Because a plurality of the votes cast is required to elect a director, broker non-votes will not be taken into account in determining the outcome of this Item 1.

The Board of Directors recommends that you vote FOR the election of the six (6) nominees: Messrs. Hanna, Buckner, Griffiths, McCarthy, Pully and Wallace.

Set forth below are the names, ages, positions held and terms of office, as applicable, for the nominees that the Board has nominated to serve until the 2012 Annual Meeting of Stockholders. Each of the nominees currently serves as a director of the Company.

From 1982 to 1995, Mr. Hanna served as President and Chief Executive Officer of Hanna Oil Properties, Inc., a company engaged in the development of mid-continent oil and gas prospects. On April 6, 2009, Mr. Hanna and an ad hoc committee of the Company's senior unsecured noteholders (the Ad Hoc Committee) entered into a consulting agreement whereby Mr. Hanna was retained to provide certain advisory services to the Ad Hoc Committee. On June 7, 2009, Mr. Hanna and the Ad Hoc Committee's successor-in-interest, the Official Committee of Unsecured Noteholders (the Noteholders Committee), as the Bankruptcy Court's appointed representative of the Company's unsecured noteholders, entered into an amendment to Mr. Hanna's consulting agreement (the Amendment) in which Mr. Hanna and the Noteholders Committee agreed to use a non-binding term sheet attached to the Amendment as the basis for the preparation of an employment agreement (the Employment Agreement) pursuant to which the Company would hire Mr. Hanna as Chief Executive Officer of the Company upon the Company's exit from its Chapter 11 Reorganization. According to the terms of the Amendment, the Company's hiring of Mr. Hanna as Chief Executive Officer of the Company was subject to the Bankruptcy Court's approval of the Plan of Reorganization and the execution of a definitive Employment Agreement between the Company and Mr. Hanna. Mr. Hanna and the Company executed the Employment Agreement on October 1, 2009. The Bankruptcy Court also approved the designation of the Noteholders Committee of the five directors who constituted the Board of Directors upon exit from the Chapter 11 Reorganization. Four of those initial directors, Messrs. Buckner, Griffiths, McCarthy and Pully, have been re-elected as directors by the Company's stockholders at each of the two annual stockholder meetings that has occurred since then. Wexford Capital and Carlson Capital served on the Noteholders Committee, and they designated Mr. McCarthy and Mr. Pully, respectively, to serve on the initial board. However, neither Wexford Capital nor Carlson Capital has any continuing right to designate directors.

From 2004 through 2006, Mr. Wallace served as a director of Markwest Hydrocarbon, Inc. and the Kerr-McGee Corporation; he was a member of both the Audit Committee and the Compensation Committee of each board. From 1999 until its merger with the Kerr-McGee Corporation in 2004, Mr. Wallace served on the board of Westport Resources Corp., where he chaired both the Governance and Compensation Committees and was a member of the Audit Committee. Mr. Wallace has 47 years of experience in the oil and gas industry and has served on numerous boards of directors in addition to those mentioned above, including as a member of the board of directors of each of Khanty Mansiysk Oil Corporation, Input/Output, Inc., Vessels Energy Inc., Forcenergy Inc. and Barrett Resources Corporation/Plains Petroleum Company. Mr. Wallace has also worked as a consultant to The Beacon Group, an energy venture capital fund, where he advised on identifying energy investment opportunities. Prior to 1994, Mr. Wallace spent 23 years with Texaco Inc., an integrated oil and gas company, including six years as Vice President of Exploration for Texaco USA and as Regional Vice President of Texaco's Eastern Region prior to his retirement. Mr. Wallace holds a B.A. in Geology from Middlebury College and an M.S. in Geology from Stanford University and completed the Advanced Management Program at the University of Illinois.

Item 2 *Ratification of Appointment of Independent Registered Public Accountants*

The Audit Committee of the Board of Directors is required by law and applicable rules of the NYSE to be directly responsible for the appointment, compensation and retention of the Company's independent registered public accountants. The Audit Committee has appointed PricewaterhouseCoopers LLP as the independent registered public accountants for the year ending December 31, 2012. While stockholder ratification is not required by the Company's Amended and Restated Bylaws or otherwise, the Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as part of good corporate governance practices. If the stockholders fail to ratify the selection, the Audit Committee may but is not required to reconsider whether to retain PricewaterhouseCoopers LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent registered public accountants at any time during the year if it determines that such a change would be in the best interest of the Company and its stockholders.

Pursuant to the Company's Amended and Restated Bylaws, the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accountants will be ratified if there is an affirmative vote of the holders of a majority of the issued and outstanding Company Shares, present in person, represented by proxy or by remote communication and entitled to vote at the Meeting and that have actually been voted.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the 2012 Annual Meeting, with the opportunity to make a statement should they choose to do so, and to be available to respond to questions, as appropriate.

The Board of Directors recommends a vote FOR the proposal to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accountants to audit the Company's consolidated financial statements for the year ending December 31, 2012.

Item 3 *Advisory Vote on Executive Compensation*

The Board recognizes that executive compensation is an important matter for our stockholders. As described in detail in the Compensation Discussion and Analysis (CD&A) section of this proxy statement, the Compensation Committee implements our executive compensation philosophy, which has been and continues to be to reward performance with competitive compensation in order to attract and retain highly qualified executives and to motivate them to maximize stockholder return. The Company's executive compensation program is designed to provide overall competitive fixed and incentive-based pay levels that vary based on the achievement of company-wide performance objectives and individual performance. At the 2011 annual meeting, we asked our stockholders if we should hold an advisory vote on the compensation of our executive officers named in the Summary Compensation Table (the Named Executive Officers) every one, two or three years. Because more than 90% of the votes cast by our stockholders recommended an annual advisory vote, our stockholders are being asked to approve an advisory resolution on the compensation of the Named Executive Officers, as reported in this proxy statement. This proposal, commonly known as a say on pay proposal, gives you the opportunity to endorse or not endorse our 2011 executive compensation program and policies for the Named Executive Officers. At the 2011 annual meeting, our stockholders overwhelmingly approved the Company's 2010 executive compensation, with more than 98% of the votes cast in favor.

Accordingly, you may vote on the following resolution at the 2012 Annual Meeting:

RESOLVED, that the Company's stockholders approve, on a non-binding advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and related narrative discussion.

As you consider this Item 3, we urge you to read the CD&A section of this proxy statement for additional details on executive compensation, including the more detailed information about our compensation philosophy and objectives and the past compensation of the Named Executive Officers, and to review the tabular disclosures regarding compensation of our Named Executive Officers together with the accompanying narrative disclosures in the Executive Compensation section of this proxy statement.

This vote is not intended to address any specific item of compensation, but rather our overall compensation policies and procedures relating to the Named Executive Officers. Accordingly, your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of the Named Executive Officers. Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Board of Directors and the Compensation Committee value the opinions of our stockholders and will carefully consider the outcome of the vote when making future compensation decisions for executive officers. In particular, to the extent there is any significant vote against the compensation of our Named Executive Officers as disclosed in this proxy statement, we will consider our stockholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Pursuant to our Amended and Restated Bylaws, the resolution described above will be approved if there is an affirmative vote of the holders of a majority of the issued and outstanding Company Shares, present in person, represented by proxy or by remote communication and entitled to vote at the Meeting and that have actually been voted.

The Board of Directors recommends a vote FOR the approval, on a non-binding advisory basis, of the compensation of the Named Executive Officers.

OTHER MATTERS FOR 2012 ANNUAL MEETING

Management of the Company is not aware of any other matters that are to be presented for action at the 2012 Annual Meeting. However, if any other matters properly come before the 2012 Annual Meeting, it is the intention of the persons named in the accompanying proxy card to vote in accordance with their judgment on such matters.

However, no such option shares are deemed outstanding for computing the percentage of any person other than the option holder. Except as indicated by footnote, and subject to community property laws where applicable, the persons named in the table have sole voting and investment power with respect to all shares of the Common Stock shown as beneficially owned by them.

- (2) Based on total shares outstanding of 39,414,528 on February 8, 2012. Also based, where appropriate, on the number of shares owned and acquirable within 60 days of February 8, 2012.

CORPORATE GOVERNANCE

The Board of Directors

The Board's leadership structure separates the Chief Executive Officer and Chairman of the Board of Directors positions, and the Chief Executive Officer reports to the Board. The Board does not have any policy with respect to the separation of the offices of the Chief Executive Officer and the Chairman of the Board. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Company for the Board to make a determination regarding this issue each time it elects a new Chief Executive

Officer. The Board has determined that its current leadership structure provides an appropriate framework for the Board to provide independent, objective and effective oversight of management. The Board, however, may make changes to its leadership structure in the future as it deems appropriate.

The Board is responsible for the oversight of the Company and its business, including risk management. Together with the Board's standing committees, the Board is responsible for ensuring that material risks are identified and managed appropriately. The Board and its committees regularly review material strategic, operational, financial, compensation and compliance risks with our senior management. The Audit Committee has oversight responsibility for financial risk (such as accounting and finance), and also oversees compliance with and enforcement of the Company's Corporate Code of Business Conduct and Ethics (the Code of Ethics). The Compensation Committee oversees compliance with our compensation plans, and the Nominating & Governance Committee oversees compliance with our corporate governance practices. Each of the committees reports to the Board regarding the areas of risk it oversees.

The directors hold regular meetings, attend special meetings as required and spend such time on the affairs of the Company as their duties require. The Company's Corporate Governance Guidelines provide that directors are expected to attend regular Board meetings and the Annual Meeting of Stockholders in person and to spend the time needed, and meet as frequently as necessary, to properly discharge their responsibilities. During calendar year 2011, the Board of Directors held a total of 14 meetings. All directors of the Company attended at least seventy-five percent (75%) of the meetings of the Board of Directors and of the committees on which they served during 2011. As Chairman of the Board of Directors, Mr. McCarthy presides at regularly scheduled executive sessions at which the Board of Directors meets without management participation.

Director Independence

Under the Company's Corporate Governance Guidelines, a majority of the Board must be comprised of directors who are independent under the listing standards of the NYSE. No director will be deemed to be independent unless the Board affirmatively determines that the director has no material relationship with the Company, either directly or as an officer, stockholder or partner of an organization that has a relationship with the Company. In its review of director independence, the Board considers all relevant facts and circumstances, including without limitation, all commercial, banking, consulting, legal, accounting, charitable or other business relationships any director may have with the Company. The Board has adopted categorical standards to assist it in making determinations of independence for directors, a copy of which is available on the Company's website at www.eplweb.com.

Under the standards adopted by the Board, it has determined that each of Messrs. Buckner, Griffiths, McCarthy, Pully and Wallace is independent.

The Audit Committee

The Board has a standing Audit Committee established in accordance with Section (3)(a)(58)(A) of the Exchange Act, the current members of which are Messrs. Buckner (Chairman), Pully and Wallace. The Board, in its business judgment, has determined that each Audit Committee member is independent, as defined by the Company's categorical standards on independence as well as the listing standards of the NYSE and the rules of the SEC applicable to audit committee members. Further, the Board, in its business judgment, has determined that Mr. Buckner and Mr. Pully each qualifies as an audit committee financial expert as described in Item 407(d)(5) of Regulation S-K. During 2011, the Audit Committee held four meetings.

Nominating & Governance Committee

The Board has a standing Nominating & Governance Committee, the current members of which are Messrs. Wallace (Chairman), Griffiths and McCarthy. When seeking candidates for director, the Nominating &

Governance Committee has a policy whereby it may solicit suggestions from incumbent directors, management, stockholders or others. The Nominating & Governance Committee treats recommendations for directors that are received from the Company's stockholders equally with recommendations received from any other source as long as the recommendations comply with the procedures for stockholder recommendations outlined in the Company's bylaws. In addition, the Nominating & Governance Committee has authority under its charter to retain a search firm for this. After conducting an initial evaluation of a potential candidate, the Nominating & Governance Committee will interview that candidate if it believes such candidate might be suitable to be a director. The Nominating & Governance Committee may also ask the candidate to meet with management. If the Nominating & Governance Committee believes a candidate would be a valuable addition to the Board, it will recommend to the full Board that candidate's election.

The Nominating & Governance Committee selects each nominee based on the nominee's skills, achievements and experience. The Nominating & Governance Committee considers a variety of factors in selecting candidates, including, but not limited to, the following: independence, wisdom, integrity, an understanding and general acceptance of the Company's corporate philosophy, valid business or professional knowledge and experience, a proven record of accomplishment with excellent organizations, an inquiring mind, a willingness to speak one's mind, an ability to challenge and stimulate management and a willingness to commit time and energy. As required by its charter, the Nominating & Governance Committee considers the diversity of, and the optimal enhancement of the current mix of talent and experience on the Board, when identifying director nominees. During 2011, the Nominating & Governance Committee held five meetings.

The Compensation Committee

The Board has a standing Compensation Committee, the current members of which are Messrs. Pully (Chairman), Buckner and Griffiths. The Compensation Committee has a charter under which its responsibilities and authorities include reviewing the Company's compensation strategy, reviewing the performance of and approving the compensation for the senior management (other than the Chief Executive Officer), evaluating the Chief Executive Officer's performance and, either as a committee or together with the other independent directors, determining and approving the Chief Executive Officer's compensation level. In addition, the Compensation Committee approves and administers employee benefit plans and takes such other action as may be appropriate or as directed by the Board of Directors to ensure that the compensation policies of the Company are reasonable and fair. The Compensation Committee has the authority to delegate to its Chairman, any of its members or any subcommittee it may form, the responsibility and authority for any particular matter, as it deems appropriate from time to time under the circumstances. Furthermore, the Compensation Committee's decisions regarding the compensation of senior management (other than the Chief Executive Officer) is made in consultation with the Chief Executive Officer. The Board of Directors has determined that each member of the Compensation Committee is independent as defined by NYSE listing standards. During 2011, the Compensation Committee held seven meetings.

Director Compensation Program

On November 6, 2009, the Compensation Committee of the Board of Directors approved a compensation program (the Director Compensation Program) for each non-employee director of the Company. On May 26, 2011, the Board of Directors unanimously approved an amendment to the Director Compensation Program, which amended the amount and timing of payments of the annual compensation and meeting fees provided under the program. The Director Compensation Program, as amended, includes annual compensation in the amount of \$60,000 with no separate payments of meeting fees. The Chairman of the Board of Directors and the chairperson of the Audit Committee are each entitled to receive an additional \$15,000 each year. The chairperson of the Compensation Committee is entitled to receive an additional \$10,000 each year. The chairperson of the Nominating & Governance Committee is entitled to receive an additional \$5,000 per year. Each such annual fee is payable in quarterly installments in cash, shares of Common Stock, or a combination thereof, at the election of each director.

The Director Compensation Program also provides for the annual grant of a stock award to each director with a market value of \$100,000 (as measured on the date of the grant and prorated from the date of the grant, if applicable). Pursuant to the terms of the Director Compensation Program, one-half of each stock award vests

immediately on the date of the grant, and the remaining one-half vests immediately prior to the next annual meeting of stockholders held after the grant date. The annual stock award was not affected by the amendment.

Prior to being amended as described above, the Director Compensation Program included annual compensation in the amount of \$20,000, not including the meeting and committee fees described below. Each director who was a member of the Audit Committee of the Board was entitled to receive an additional \$5,000 each year, and the chairperson of the Audit Committee was entitled to receive an additional \$15,000 each year. The chairperson of any other Board committee was entitled to \$10,000 per year. Each such annual fee was payable in cash, shares of Common Stock, or a combination thereof, at the election of each director. In addition to the annual fees, each non-employee director was entitled to \$2,000 paid in cash for each Board meeting that he attended, and each member of a Board committee was entitled to \$1,500 paid in cash for each meeting of such committee that he attended that was not held on the same day as a Board meeting. Each member of a Board committee was also entitled to \$1,000 paid in cash for each meeting of such committee that he attended that was held on the same day as a Board meeting, provided that it lasted for a substantial period of time.

Deferral Plan and Deferred Share Agreement

On November 6, 2009, the Compensation Committee adopted the Second Amended and Restated Stock and Deferral Plan for Non-Employee Directors (the Deferral Plan), which Deferral Plan is administered by the Compensation Committee and is available to all eligible Board members. Under the Deferral Plan, each eligible director may defer all or a portion of such director's compensation and fees to either a future date or the date the individual ceases to be a director for any reason, at the election of such director and in accordance with the form of Director Deferred Share Agreement adopted by the Compensation Committee in connection with the adoption of the Deferral Plan (the Deferral Agreement). Such compensation and fees may be deferred in the form of cash or in the form of shares of Common Stock, at the election of the director. Each director must make any deferral election according to the deferral election options presented to the directors by the Compensation Committee on an annual basis. In the event that a director has elected to receive settlement of his or her account in the form of Common Stock, all shares shall be granted pursuant to the Company's 2009 LTIP.

The Deferral Plan is an unfunded plan, and each director's deferred compensation and fees are credited to a bookkeeping account in that director's name. Pursuant to the Deferral Plan, any portion of a director's account to be settled in cash is credited during the deferral period with interest equivalents at the end of each calendar quarter at an interest rate determined by the Compensation Committee in its sole discretion. Any portion of the director's account to be settled in Common Stock is deemed to have been invested in Common Stock on the day that such fees or compensation would have otherwise been paid to the director, and the shares track the value of Common Stock throughout the deferral period.

The Deferral Agreement will be governed pursuant to the terms and conditions of the 2009 LTIP and the Deferral Plan, as applicable, including, but not limited to, the 2009 LTIP provisions regarding the Company's repurchase rights and share adjustment provisions. The Deferral Agreement states the number of shares of Common Stock to be deferred, the treatment of dividend equivalents on such shares of Common Stock during the deferral period, the length of the deferral period and the vesting schedule for the shares of Common Stock, where applicable. The Deferral Agreement restricts the transfer of any deferred shares of Common Stock (other than by will or the laws of descent and distribution) to transactions between the director and the Company, or the director and an institutional investor of the Company that has designated the director to serve as a member of the Board.

EXECUTIVE COMPENSATION

Compensation, Discussion and Analysis

General. The Company's compensation philosophy is to reward performance with competitive compensation in order to attract and retain highly qualified executives and to motivate them to maximize stockholder return. The Company's executive compensation program is designed to provide overall competitive fixed and incentive-based pay levels that vary based on the achievement of company-wide performance objectives and individual performance.

The Compensation Committee spent a significant amount of time in 2011 evaluating and modifying the overall design of the Company's executive compensation program, with a view toward ensuring that executive performance was rewarded in a way that was aligned with the interests of the Company's stockholders. Among other things, the Compensation Committee conducted a thorough review of the equity component of executive compensation because the Committee believed that equity compensation is best suited to aligning the executives' interests with the stockholders' interests. As part of its actions, the Compensation Committee adjusted the annual incentive plan for 2012 so that the company-wide performance objectives play a larger role than individual performance in the calculation of cash bonuses and also increased the transparency of the criteria for long-term incentive compensation.

Market Compensation Data. The Compensation Committee compares each element of total compensation against a peer group of publicly-traded energy companies. The peer group, which is periodically reviewed and updated by the Compensation Committee, consists of companies that the Compensation Committee believes are reference points, in part because the Company competes for employees and stockholder investment with these peers. However, the Compensation Committee recognizes that some of the companies in the peer group may be larger than the Company or have compensation philosophies tailored to those companies' specific circumstances. Furthermore, given the nature of the oil and gas industry, most members of any peer group selected by the Compensation Committee will have different asset profiles than the Company, both in terms of the location of primary basins, onshore versus offshore, deepwater versus shallow Gulf of Mexico and oil versus natural gas. Therefore, the Peer Group comparison is used by the Compensation Committee as a general guide to evaluate the competitiveness of the Company's compensation policies, rather than as a benchmark according to which the Company establishes its varying levels of compensation.

The Company's current peer group consists of the following companies:

Callon Petroleum Company (recently added)

Contango Oil & Gas Company

Energy XXI (Bermuda) Limited

Gulfport Energy Corporation (recently added)

McMoRan Exploration Co.

PetroQuest Energy, Inc.

Stone Energy Corporation

Swift Energy Company (recently added)

W&T Offshore, Inc.

In connection with the adoption of the new long term incentive plan described below, the Compensation Committee modified the peer group so that it consisted of the companies listed above. In addition to adding the three companies noted as recently added, the Compensation Committee removed ATP Oil & Gas Company from the peer group. The Compensation Committee determined that this updated peer group more accurately reflected the Company's peers.

Compensation Consultant. For 2011, the Compensation Committee retained Longnecker & Associates (Longnecker) to review the Company's compensation practices as compared to our peer group and within the broader oil and gas marketplace. Longnecker has not performed any other work on behalf of management or the Company. Longnecker's role with the Compensation Committee was to provide independent advice. In general, the role of an outside compensation consultant is to assist the Compensation Committee to analyze executive pay packages or contracts and to understand our financial measures relating to compensation, but the Compensation Committee is under no obligation to follow the advice or recommendations of any compensation consultant. The Compensation Committee did not delegate authority to Longnecker or to other parties. The scope of Longnecker's engagement was to provide a market check and broad-based third party survey to help the Compensation Committee better understand current executive compensation practices. During 2011, Longnecker presented its findings to the Compensation Committee, including identifying potential items to refine in the Company's executive compensation program that the Compensation Committee might want to consider. Most notably, Longnecker advised that the Company's equity incentive program should be enhanced in order to make the Company's total compensation more competitive with that of its peers. The Compensation Committee reviewed and considered Longnecker's report and recommendations, and took those recommendations into account in developing the new long term incentive program described below. The total fees paid to Longnecker in 2011 were \$26,711. The Compensation Committee has not yet determined whether to similarly utilize the compensation consulting services of Longnecker in 2012.

Senior Executive Review Process. The Compensation Committee conducts an annual review of the base salary, bonus and equity awards made to each executive officer. In each case, the Compensation Committee takes into account the executive's scope of responsibilities and experience and balances these against competitive compensation levels, including retention requirements and succession planning with respect to each executive. The CEO makes recommendations to the Compensation Committee regarding compensation for each executive officer other than the CEO based on an evaluation of each executive's contribution and performance, strengths, weaknesses, development plans and succession potential.

Components of Senior Executive Compensation. The primary elements of annual compensation for senior executives are base salary, bonuses (which can be in the form of cash, stock or a combination of both) and equity awards. Each component is evaluated in the context of individual and Company performance, as well as competitive conditions. In determining competitive compensation levels, the Company analyzes data from the

peer group, as well as other information regarding the general oil and gas exploration and production industry. Senior executives also receive other forms of compensation, including various benefit plans made available to all of the Company's employees, but these are not independently evaluated in connection with the annual determination of senior executive compensation. With the exception of Mr. Hanna, none of the Company's executive officers has an employment agreement.

Base Salary. The Compensation Committee determines base salaries for executive officers by evaluating the responsibilities of the position, the experience of the individual, the performance of the individual, and the competitive market for similar management talent. The Compensation Committee's salary review process includes a comparison of base salaries for comparable positions at companies of similar type, size and financial performance.

Bonuses. All executives are eligible to receive a cash bonus tied directly to the Company's achievement of financial, operational, and strategic objectives and the executive's personal performance. Bonuses are determined by the Compensation Committee on an annual basis, and individual target bonus potentials are established at the beginning of each fiscal year. The performance of each executive is discussed with such executive during semi-annual performance reviews.

For 2011, the cash bonus program was structured as follows: 50% of an executive's bonus was to be based on that executive's individual performance, as measured by role-specific metrics, and the remaining 50% of an executive's bonus was to be based on the Company's achievement of the following weighted corporate objectives:

(i) **Safety**, measured by (A) total recordable incidents per 200,000 man hours, with a midpoint goal of 1.0 (5% target weighting; actual performance was 1.49, resulting in an actual weighting of 2.6%), (B) the ratio of Incidents of Non-Compliance issued by the Bureau of Safety and Environmental Enforcement (the BSEE) (or its predecessors), with a midpoint goal of 0.04 (5% target weighting; actual performance was 0.04, resulting in an actual weighting of 5%) and (C) elimination of preventable significant events, with a goal of zero (5% target weighting; actual performance was zero, resulting in an actual weighting of 5%);

(ii) **Growth in average oil production**, excluding the impact of acquisitions and divestitures, with a midpoint goal of 8,500 barrels per day (15% target weighting; actual performance was 8,039 barrels per day, resulting in an actual weighting of 8.1%);

(iii) **Growth in total production**, excluding the impact of acquisitions and divestitures, with a midpoint goal of 14,000 barrels of oil equivalent per day (10% target weighting; actual performance was 11,034 barrels of oil equivalent per day, resulting in an actual weighting of 0%);

(iv) **Target aggregate lease operating expenses (LOE)**, excluding the impact of acquisitions and divestitures, with a midpoint goal of \$64 million (7.5% target weighting; actual performance was \$66.9 million, resulting in an actual weighting of 0%);

(v) **Target aggregate cash general and administrative expenses**, excluding the impact of acquisitions and divestitures, as well as cash bonuses, with a midpoint goal of \$16 million (7.5% target weighting; actual performance was \$12.6 million, resulting in an actual weighting of 11.3%);

(vi) **Discretionary cash flow**, measured by the Company's EBITDAX, equal to earnings before interest, taxes, depreciation, amortization and exploration expenses, with a midpoint goal of \$220 million (10% target weighting; actual performance was estimated to be \$222 million, resulting in an actual weighting of 10.4%);

(vii) **Reductions in capital expenditure overages**, measured as a percentage of the applicable authorization for expenditure (AFE), with a midpoint goal of not more than 5% over AFE (5% target weighting; actual performance was 4.4%, resulting in an actual weighting of 5.6%);

(viii) **Growth in proved reserves**, including both organic growth and acquisitions, with a midpoint goal of 31.5 million barrels of oil equivalent (10% target weighting; actual performance was estimated to be 33.04 million barrels of oil equivalent, resulting in an actual weighting of 15%);

(ix) **Relative stock performance**, measured by the year-over-year performance of the Company's 10-day average stock price as compared to the Russell US 2000 Energy Oil Companies Index for the same period, with target performance at 10% better than the index average (5% target weighting; actual performance was more than 20% better than the index average for the year, resulting in an actual weighting of 7.5%); and

(x) **Target rates of return on acquisition**, with target performance at a 20% rate of return (15% target weighting; actual performance was 29%, resulting in an actual weighting of 22.5%).

Each of these metrics was set with minimum, target and stretch amounts that scale an executive's bonus from 50% to 150% of the target weighting for that metric. For performance of a metric between the minimum and stretch levels, the amount of weighting for that particular metric was determined by linear interpolation.

For 2012, the Compensation Committee, as part of its thorough review of the Company's executive compensation program, modified the annual incentive plan under which cash bonuses will be granted. In addition to modifying certain of the Company performance metrics, as described below, the Compensation Committee also shifted the relative weights assigned to Company performance metrics and individual performance metrics. For 2011, the Company performance metrics accounted for 50% of the cash bonus. For 2012, the Company performance metrics will account for two-thirds of the cash bonus, and individual performance metrics will account for the remaining one-third. Although individual performance is important for achieving the Company's goals, the Compensation Committee believes that ultimately the real driver to improving stockholder value is the Company's performance.

The Company performance metrics for 2012 are:

(i) **Safety**, measured by (A) total recordable incidents per 200,000 man hours, with a midpoint goal of 1.0 (5% target weighting), (B) the ratio of Incidents of Non-Compliance issued by BSEE (or its predecessors), with a midpoint goal of 0.04 (5% target weighting) and (C) elimination of preventable significant events, with a goal of zero (5% target weighting);

(ii) **Growth in average oil production**, excluding the impact of acquisitions, divestitures and storm-related downtime, with a midpoint goal of 9,250 barrels per day (20% target weighting);

(iii) **Target aggregate lease operating expenses**, normal LOE items only (excluding the impact of acquisitions, divestitures and storm-related LOE), with a midpoint goal of \$73 million (7.5% target weighting);

(iv) **Target aggregate cash general and administrative expenses**, excluding the impact of acquisitions and divestitures, as well as cash bonuses, with a midpoint goal of \$14.6 million (7.5% target weighting);

(v) **Growth in discretionary cash flow**, measured by the Company's EBITDAX, equal to earnings before interest, taxes, depreciation, amortization and exploration expenses, with a midpoint goal of \$260 million (5% target weighting);

(vi) **Reductions in capital expenditure overages**, measured as a percentage of the applicable AFE (5% target weighting);

(vii) **Total Shareholder Return**, measured by total shareholder return for the year compared to that year's peer group's average total shareholder return for the year (TSR Percentage) (8% target weighting);

(viii) **Project finding and development costs**, measured by total net capital expenditures on all projects divided by total net reserves converted by those projects from proved not producing to proved developed producing, plus reserves converted from proved undeveloped reserves to proved developed reserves and proved not producing reserves, with a midpoint goal of \$26.72 per barrel of oil equivalent (8% target weighting);

(ix) **Organic reserve growth**, which includes all new proved and probable reserve additions from the Company's existing asset base, with a midpoint goal of 4.4 million barrel of oil equivalent (12% target weighting); and

(x) **Acquisition reserve additions**, which includes proved reserves only, with a midpoint goal of 6 million barrel of oil equivalents (12% target weighting).

Each of these metrics was set with minimum, target and stretch amounts that scale an executive's bonus from 50% to 150% of the target weighting for that metric, except that the range of minimum to stretch amount for the Total Shareholder Return metric is 90% to 120%. For performance of a metric between the minimum and stretch levels, the amount of weighting for that particular metric will be determined by linear interpolation.

Equity Awards. The Company's equity compensation program for senior executive employees includes two forms of long-term incentives: restricted stock and stock options. Award size and frequency are based on each executive's demonstrated level of performance and Company performance over time. The Compensation Committee annually reviews award levels to ensure their competitiveness. In making individual awards, the Compensation Committee considers industry practices, the recent performance of each executive, the value of the executive's previous awards and the Company's views on executive retention and succession. Generally, the Compensation Committee's approach has been to structure the equity awards so that the higher the amount of the award, the greater the percentage of that award will be in the form of options (as opposed to restricted stock). The Compensation Committee has determined that a higher percentage of stock options is appropriate for the senior executive team because it rewards the team when the Company's stock performs well, and puts the team at risk if the Company's stock does not perform well.

In 2011, the Compensation Committee adopted a new long term incentive program in order to bring more transparency to the Company's employees as to how stock options and restricted stock would be granted. This new program is described below under "New Long Term Incentive Program."

Equity Award Mechanics. Equity awards are granted pursuant to the 2009 LTIP. Awards are made by the Board, at the recommendation of the Compensation Committee. Awards typically fall into two categories: annual awards, which are made in January, and new hire and promotion awards, which are made on the date of hire or promotion. The Board or the Compensation Committee may make grants at other times, in its discretion, in connection with employee retention or otherwise.

All stock option awards have a per share exercise price at least equal to the closing price of the Common Stock on the grant date. Stock option awards and restricted stock awards generally vest upon the passage of time, in one-third increments on each of the first three anniversaries of the date of grant.

Severance Plan and Change of Control Plans. Our Change of Control Severance Plan for certain designated officers and employees of the Company, effective as of March 24, 2005 (as amended from time to time, the "COC Plan"), is designed to facilitate our ability to attract and retain executives as we compete for talented employees in a marketplace where such protections are commonly offered. We believe that providing consistent, competitive levels of severance protection to senior executives helps minimize distraction during times of uncertainty and helps to retain key employees. As explained more fully below in "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table," the COC Plan provides certain cash payments and other benefits to eligible employees if, under certain circumstances, such employees' employment is terminated following a change of control. The

Compensation Committee is responsible for administering these policies and the COC Plan. The Company does not provide any executive officer with a gross-up payment for any taxes that may be assessed against any compensation paid to such executive officer, including any income taxes or any excise tax under Section 4999 of the Internal Revenue Code of 1986.

Deferred Compensation and Retirement Plans. The Company does not have a deferred compensation program for its executive officers, pension benefits, a retirement plan, or any type of post-retirement healthcare plan.

Perquisites and Other Benefits. In general, the Company provides no benefits to its senior executives that are not otherwise available to all of its employees.

New Long Term Incentive Program. As indicated above, the amount of restricted stock and option grants is determined by the Board, based on recommendations from the Compensation Committee. Prior to 2011, the recommended amounts were at the discretion of the Compensation Committee. In 2011, the Compensation Committee conducted a thorough review of the equity component of executive compensation. As a result of this review, the Compensation Committee determined that it was important to provide more transparency about the level of equity grants to the Company's management team. Therefore, the Compensation Committee adopted a new long term incentive program to provide this transparency. Under this plan, equity grants under the 2009 LTIP are divided into three categories: Base, Performance and Discretionary.

Base Grant. The base grant is made in or around June of each year. The value of the base grant is determined by the Compensation Committee as a percentage of an executive's base salary (Equity Value Percentage), depending on the executive's level in the management team. For the senior members of the management team other than the CEO, the Equity Value Percentages range from 40% to 75% of base salary. The CEO's Equity Value Percentage for the 2011 long term incentive program was 100% of base salary. The base grants are made generally using a combination of restricted stock and options, with the percentage mix between the two forms of equity grant being set by the Compensation Committee for each employee. For 2011, the percentage of the equity grant that was stock options for each employee was generally the same as the Equity Value Percentage for that employee. For example, the CEO's Equity Value Percentage for 2011 was 100%, and 100% of his base equity grant consisted of stock options.

Performance Grant. The target amount of each employee's performance equity grant is determined by the Compensation Committee as a percentage of an employee's target bonus, depending on the employee's level in the organization. For the most senior members of the management team, this percentage is 100% of the target bonus. For all other executives, it is 50% of the target bonus. Each employee's mix of options and restricted stock is the same as that employee's mix for the base equity grant. The performance equity grant is made in or around the January following the end of the performance year. The Company's TSR Percentage (i.e., the same metric that is now used for the stock performance measure for the 2012 cash bonus program) is used to determine the percentage of the target performance grant to which the employees are entitled. If the Company's TSR Percentage is less than 80%, then no performance grants are made for that year. If the TSR Percentage is more than 120%, then each employee receives a performance equity grant equal to 120% of that employee's target grant. For TSR Percentages between 80% and 120%, the performance grant is determined by linear interpolation.

Discretionary Grant. This grant is discretionary and will be awarded by the Compensation Committee to recognize individual performance, motivate employees and drive retention. The discretionary equity award will be determined and awarded in or around January following the end of the performance year, and will consist entirely of restricted stock.

Regulatory Considerations. It is the Company's policy to make reasonable efforts to cause executive compensation to be eligible for deductibility under Section 162(m) of the Internal Revenue Code of 1986. Under Section 162(m), the federal income tax deductibility of compensation paid to the Company's Chief Executive Officer and to each of its four other most highly compensated executive officers may be limited to the extent that

such compensation exceeds \$1 million in any one year. Under Section 162(m), the Company may deduct compensation in excess of \$1 million if it qualifies as performance-based compensation, as defined in Section 162(m). For 2011, none of the Company's executive officers received compensation in excess of \$1 million.

Stock Ownership Guidelines. The Company's Executive Stock Ownership Guidelines require executives to retain 50% of the profit shares acquired under equity compensation programs of the Company. Profit shares are defined as those shares of Common Stock held by an executive as a result of the exercise of options, the lapsing of restrictions on restricted stock and restricted stock units (but not including any shares that are awarded as unrestricted, fully vested shares) and the earning of performance shares, in each instance after shares are sold or netted to pay the exercise price of an option (for options) and tax withholding amounts (for all types of awards made under the Company's equity compensation programs, such as withholding amounts associated with the exercise of stock options, the lapsing of restrictions on restricted stock and restricted stock units and the earning of performance shares). Profit shares do not include any equity based consideration received as acquisition consideration in connection with an acquisition made by the Company.

- (1) Bonus payments to the Named Executive Officers for 2011 and 2010, which were paid in cash in February 2012 and January 2011, respectively, were made pursuant to the incentive bonus plan adopted by the Compensation Committee in March 2010 and described under "Bonuses" in the CD&A included in this Proxy Statement. This bonus plan was established by the Compensation Committee for the first full year after the Company's emergence from Chapter 11 reorganization and had not been put into place when the individual bonus amounts were determined for 2009. As a result, the bonus payments for 2011 and 2010 constitute "Non-Equity Incentive Plan Compensation" under the SEC's compensation disclosure rules, and the bonus payments for 2009 do not. Therefore, the 2009 bonuses are included under the "Bonus" heading instead.
- (2) Amounts in this column reflect the aggregate grant date fair value of the awards computed in accordance with ASC Topic 718, Stock Compensation. The grant date fair value was calculated using the assumptions disclosed in Note 12 in Part II, Item 8 of the Annual Report on Form 10-K for the year ended December 31, 2011. These amounts reflect grant date fair values and do not correspond to the actual value that might be realized by the Named Executive Officers. See "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table" below for a description of the material features of these awards.

Both bonuses were paid pursuant to the Employment Agreement dated October 1, 2009, between Mr. Hanna and the Company. Under the terms of the Employment Agreement, Mr. Hanna's bonuses are specified as stock bonuses, but the Compensation Committee elected for Mr. Hanna's bonus for 2010 and 2011 to be paid fully in cash.

On February 9, 2012, Ms. Thom received a bonus for 2011 of \$160,875 in cash. On January 21, 2011, Ms. Thom received a bonus for 2010 of \$113,750 in cash. Stock Awards

In 2011, pursuant to the 2009 LTIP, the Company awarded restricted shares to Messrs. Hanna, Peper, Broussard, and Jensen and Ms. Thom.

In 2008, pursuant to the Company's 2006 Long Term Incentive Plan (the "2006 LTIP"), the Company awarded stock-settled restricted share units and cash-settled restricted share units to the Company's Named Executive Officers. The 2006 LTIP was terminated pursuant to the Company's Chapter 11 Reorganization. In connection with the Chapter 11 Reorganization, the stock-settled restricted share units became fully vested and shares of Predecessor Company Common Stock were issued therefor. Pursuant to the Plan of Reorganization, 100% of the outstanding shares of Predecessor Company Common Stock were exchanged for an aggregate of approximately 5% of the Successor Company's Common Stock. Each of the Named Executive Officers holding cash-settled restricted share unit awards issued pursuant to the 2006 LTIP surrendered any and all rights to such awards pursuant to a Settlement Agreement (as defined below).

Option Awards

In 2011, 2010 and 2009, pursuant to Mr. Hanna's Employment Agreement and in accordance with the 2009 LTIP, the Company awarded stock options to Mr. Hanna. In 2011 and 2010, pursuant to the 2009 LTIP, the Company also awarded stock options to Mr. Peper and Ms. Thom. In 2011, pursuant to the 2009 LTIP, the Company also awarded stock options to Messrs. Broussard and Jensen.

Actions During 2009

Certain of the Company's current and former executive officers, including Mr. Peper, previously entered into Change of Control Severance Agreements (each, a "Severance Agreement") with the Company. Mr. Peper entered into his Severance Agreement in March 2005 and it contained a termination date of March 28, 2010. Mr. Peper is no longer eligible for payments under his Severance Agreement. As part of the Company's Chapter 11 Reorganization, and as approved by an order of the Bankruptcy Court, the Company entered into a settlement agreement with Mr. Peper in which he surrendered all rights, titles and benefits to and under his Severance Agreement in exchange for a general unsecured claim against the Company. Mr. Peper was awarded a claim for \$275,000, which claim was treated as an unsecured claim and, like the Company's other valid unsecured claims, was paid in full under the Plan of Reorganization.

As part of the Company's Chapter 11 Reorganization, the Bankruptcy Court approved the Company's entrance into various settlement agreements (together with the settlement agreement executed by Mr. Peper described above, the "Settlement Agreements") with a number of the Company's employees, including Ms. Thom, who held outstanding equity compensation awards or unpaid bonus payments. The Settlement Agreements provided the individual with a cash retention payment in lieu of his or her outstanding equity or bonus awards, and cancelled the outstanding equity awards that the individual previously held, if any.

Employment Agreements

On October 1, 2009, the Company entered into an employment agreement with our Chief Executive Officer, Gary Hanna, which employment agreement was amended on April 12, 2010 (as amended, the Employment Agreement). The Employment Agreement has a term of three years, which term is automatically extended for an additional month at the end of each month unless either the Company or Mr. Hanna gives notice to discontinue the automatic extensions. Under the Employment Agreement, Mr. Hanna, is entitled to a base salary (Base Salary) at an annual rate, to be determined by the Board of Directors of the Company (the Board), of not less than \$400,000 per year and is entitled to receive, in addition to his Base Salary, an annual bonus (each, an Annual Bonus) awarded at the discretion of the Board upon recommendation of the Compensation Committee of the Board of Directors based upon Mr. Hanna's performance. The Employment Agreement provides that the Annual Bonus is to be paid in a grant of Common Stock, but Mr. Hanna's Annual Bonus for 2011 and 2010 was paid in cash at the election of the Compensation Committee. Mr. Hanna's target Annual Bonus for each year is between 25% and 125% (inclusive) of his Base Salary in effect for the calendar year to which such Annual Bonus relates. For any partial year of employment, the amount of such Annual Bonus is prorated for the portion of the year that Mr. Hanna was in the employ of the Company.

Pursuant to Mr. Hanna's Employment Agreement, upon termination of Mr. Hanna's employment by the Company for cause (as defined below) or by Mr. Hanna without good reason (as defined below), Mr. Hanna is entitled to receive: (i) the amount of his Base Salary through the date of termination; (ii) any Annual Bonus earned but unpaid as of the date of termination for any year completed prior to the date of termination; (iii) reimbursement of any unreimbursed business expenses properly incurred by him prior to the date of termination in accordance with his Employment Agreement; and (iv) such other employee benefits, if any, as to which he may be entitled pursuant to the terms governing such employment benefits and any applicable law.

Upon termination of Mr. Hanna's employment by the Company in an involuntary termination (i.e., without cause) or by Mr. Hanna for good reason, or upon Mr. Hanna's death or disability, Mr. Hanna is entitled to receive: (i) his Base Salary through the date of termination; (ii) any Annual Bonus earned but unpaid as of the date of termination for any year completed prior to the date of termination; (iii) reimbursement of any unreimbursed business expenses properly incurred by him prior to the date of termination in accordance with his Employment Agreement; (iv) such other employee benefits, if any, as to which he may be entitled pursuant to the terms governing such employment benefits and any applicable law; (v) a severance amount equal to his aggregate Base Salary for the lesser of (i) 18 months and (ii) the remainder of the term of his Employment Agreement (the Severance Period); and (vi) for the duration of the Severance Period, Mr. Hanna, his spouse and his dependents shall be entitled to continuation coverage under the Company's group medical, dental and vision insurance plans comparable to the level of coverage in effect at the time of termination, provided he, his spouse and such dependents were enrolled in such plans immediately prior to his termination. Mr. Hanna is not entitled to receive duplicative or overlapping change of control benefits under his Employment Agreement and the COC Plan (as defined below).

For the purposes of Mr. Hanna's Employment Agreement, cause means (i) Mr. Hanna's material breach of the Employment Agreement, (ii) Mr. Hanna's willful failure to perform his required duties and responsibilities (if such failure to perform has not been cured within ten business days following receipt of notice from the Company), (iii) Mr. Hanna's indictment for, or conviction of (A) a misdemeanor involving fraud, dishonest or moral turpitude or (B) any felony, (iv) dishonesty on the part of Mr. Hanna directly related to the performance of his duties, (v) Mr. Hanna's wrongful and intentional disclosure of confidential information, (vi) a conflict of interest on the part of Mr. Hanna that is undisclosed and not approved by the Board, (vii) Mr. Hanna's material violation of any Company policy applicable to all employees that materially and adversely affects the Company (if such material violation has not been cured within ten business days following receipt of notice from the Company) or (viii) Mr. Hanna's engaging in any manner, directly or indirectly, in a business that competes with the business of the Company, unless first disclosed to and approved by the Board in all material respects. Good reason means the occurrence of any of the following: (i) the Company's material breach of the Employment

Agreement, (ii) a material reduction in Mr. Hanna's Base Salary, (iii) a material diminution in Mr. Hanna's authority, duties or responsibilities that are normally associated with the position of Chief Executive Officer, (iv) a requirement by the Company that Mr. Hanna be required to relocate outside of New Orleans or Houston, or (v) a change of control of the Company. Under the Employment Agreement, any termination of Mr. Hanna's employment will not be deemed to be for good reason unless (i) the condition giving rise to Mr. Hanna's termination has arisen without his consent, and (ii) (A) Mr. Hanna must have provided written notice to the Company of such condition within 90 days of the initial existence of the condition, (B) such condition must have remained uncorrected for a period of 30 days after the Company's receipt of such notice and (C) Mr. Hanna's termination of employment must have occurred within 30 days after the expiration of such 30-day cure period.

Pursuant to his Employment Agreement and the Company's 2009 LTIP, on September 30, 2009, Mr. Hanna was granted an initial award of stock options to purchase 68,116 shares of Common Stock, which was memorialized in an option award agreement dated as of October 1, 2009 (the Option Agreement). The terms of the Option Agreement provide for an exercise price equal to \$10.00 per share. The closing price of the Common Stock on the NYSE on September 30, 2009 was \$7.46 per share. The option vests ratably on a monthly basis over a 36-month period from the date of grant. Vested stock options under the Option Agreement expire 30 months following the applicable vesting date of such stock options. Upon a change of control (as defined in the 2009 LTIP), all remaining unvested stock options under the Option Agreement automatically vest and remain exercisable for a period of not less than 30 months following a change of control. Subsequent to this initial award of stock options, Mr. Hanna is entitled to participate annually in any additional awards of stock options as determined by the Board in its discretion.

On February 1, 2012, the Company entered into an agreement with John Peper in connection with Mr. Peper's voluntary resignation as the Company's Executive Vice President, General Counsel and Corporate Secretary. Mr. Peper will continue to be an employee of the Company in his new position as our Legal Counsel until December 31, 2012, unless terminated earlier by either the Company or Mr. Peper. Mr. Peper's agreement provides for a monthly salary of \$10,000 for the period from February 2012 through December 2012. Additionally, under that agreement, Mr. Peper received a cash payment of \$140,000 upon execution of the agreement in settlement of any amounts that might be payable to Mr. Peper for prior services. Mr. Peper will receive another payment of \$137,500 on or about February 1, 2013, in settlement of all unvested options and restricted stock previously awarded to Mr. Peper, subject to the execution by Mr. Peper of a mutually acceptable release. Mr. Peper's unvested options and restricted stock for which the restrictions had not yet lapsed as of February 1, 2012 were cancelled in connection with this documentation.

The Company does not have employment agreements with any of the other Named Executive Officers.

Potential Payments Upon Termination or Change of Control

Change of Control Plans. Our COC Plan for certain designated officers and employees of the Company (Participants) provides certain cash payments and other benefits to eligible employees if, under certain circumstances, such employees' employment is terminated following a change of control. With the exception of Mr. Peper, all of the Company's Named Executive Officers are Participants in the COC Plan. The COC Plan may be amended or terminated by the Board in its sole discretion prior to the occurrence of a change of control of the Company. The Compensation Committee is responsible for administering the COC Plan.

The COC Plan provides that upon a change of control, all equity awards granted to Participants will become fully vested, all stock options and share appreciation rights will become fully exercisable, and all restrictions on restricted shares and restricted share units will lapse. With respect to performance shares or other awards contingent on the satisfaction of performance measures, the performance cycle will end upon a change of control, and the Participant will vest in the number of shares that the Participant would have earned if the performance cycle had ended as of the end of the period covered by the most recently issued year-end financial statement, plus such additional number of shares or units as the Compensation Committee shall determine in respect of any period of the performance cycle not covered by such year-end statement. Upon a change of control, a Participant receives the benefits described in this paragraph regardless of whether the Participant's employment is terminated.

The COC Plan also provides that, if a Participant's employment with the Company terminates within one year of a change of control of the Company (either by the Company without cause, or by the Participant for good reason), the Participant will be eligible to receive certain severance benefits. These benefits are awarded based on the Participant's Designated Multiple (as defined in the COC Plan). If a Participant's employment is terminated, that Participant is entitled to receive a cash payment within 30 days of termination in an amount equal to (a) that Participant's Designated Multiple, multiplied by (b) the sum of that Participant's (i) base salary for the year of termination, plus (ii) subject to adjustment prior to 2012 in the manner described below, average annual bonus for the three preceding years. In addition, the Participant is entitled to receive the same level of medical, dental and life insurance benefits for a certain period following the date of termination (the Designated Period) as that Participant was receiving immediately prior to the date of termination. Furthermore, if a Participant is terminated on or after January 1, 2011 and has not yet received a bonus under the Company's annual bonus plan for the calendar year preceding the calendar year of such termination of the Participant's employment, the Participant shall receive a bonus for that calendar year in an amount equal to the Participant's target bonus.

Under the COC Plan, a Participant may have a Designated Multiple of 1.0, 1.5, 2.0 or 2.5, as determined by the Compensation Committee. The Designated Multiples for Messrs. Hanna, Broussard and Jensen are 2.5, 1.5 and 1.5, respectively, and the Designated Multiple for Ms. Thom is 2.0. The COC Plan provides that the

Designated Period is 12 months for Participants with a Designated Multiple of 1.0, and 18 months for Participants with a Designated Multiple of 1.5, 2.0 or 2.5. Even though the COC Plan generally provides for the payment of a bonus to Participants based on average annual bonus for the three preceding years, the Compensation Committee and the Board concluded that the actual three-year average should not be used until 2012 because of recent changes to the manner in which the Company determines the bonuses of its officers and senior employees. Instead, if the calculation of the three-year average would have otherwise required the inclusion of a bonus for 2007, 2008 or 2009, the bonus for such year is replaced in the calculation with 50% of the Participant's target bonus.

If any payments under the COC Plan are subject to the excise tax on excess parachute payments under Section 280G of the Internal Revenue Code of 1986, payments to the Participant will be reduced until no amount payable to the Participant would constitute an excess parachute payment, provided that no such reduction will be made if the net after-tax payment to which the Participant would otherwise be entitled without such reduction would be greater than the net after-tax payment, in each case, after taking into account federal, state, local or other income and excise taxes, to the Participant resulting from the receipt of such payments with such reduction. The Company does not provide any executive officer with a gross-up payment for any taxes that may be assessed against any compensation paid to such executive officer, including any income taxes or any excise tax under Section 4999 of the Internal Revenue Code of 1986.

Additionally, with respect to any awards granted to participants under the 2009 LTIP, in the case of a change of control of the Company, the Compensation Committee, in its sole discretion without the approval or consent of any holder of an award, may (i) accelerate the time at which any award may be exercised; (ii) require the mandatory surrender to the Company by selected holders of some or all of the outstanding awards held by such holders, before or after the change of control, in which the Compensation Committee will cancel such awards and pay to the holder thereof a cash payment; (iii) make adjustments to the terms of outstanding awards; or (iv) remove any restrictions or portions thereof associated with such awards.

For purposes of the COC Plan and awards under the 2009 LTIP, a change of control generally includes any of the following events: (1) an acquisition by any person of 25% or more (40% or more under the 2009 LTIP) of the securities entitled to vote in the election of directors, (2) the current directors, or their approved successors, no longer constitute a majority of the Board, (3) a merger or similar transaction is consummated which results in the holders of the Common Stock owning 50% or less of the surviving or transferee entity's securities entitled to vote generally in the election of directors, or (4) approval of a plan of liquidation or disposition of all or substantially all of the Company's assets. A termination for cause includes an individual's termination due to a conviction of a felony, dishonesty, failure to perform duties, insubordination, theft, wrongful disclosure of confidential information, undisclosed conflicts of interest, violation of the Company's employee policies, or competing with the Company for personal benefit. Good reason may exist if the Company reduces an individual's base salary, eliminates or significantly reduces a material benefit under any of its employee benefit plans, takes away an individual's titles or positions or significantly reduces the individual's duties and responsibilities, or requires the individual to relocate to an office which is more than 35 miles driving distance from the office at which the Participant is employed immediately prior to the applicable change of control event.

The COC Plan was amended effective as of April 29, 2009 to modify the definition of a change of control. The events that generally constitute a change of control were not changed, but due to the Company's unique financial situation pending the Company's Chapter 11 Reorganization, the Board determined that various transactions related to the Company's filing should not trigger the change of control definition in the COC Plan. Therefore, the Board amended the definition of change of control to expressly exclude the filing of a voluntary petition for bankruptcy, an exit from bankruptcy, or any transaction related to the Company's filing for bankruptcy. Consequently, no events relating to the Company's Chapter 11 Reorganization trigger the one-year protection period that otherwise immediately follows a change of control under the COC Plan.

Payments Upon Certain Terminations of Employment

Pursuant to Mr. Hanna's Employment Agreement, upon termination of Mr. Hanna's employment by the Company for cause (as defined below) or by Mr. Hanna without good reason (as defined below), Mr. Hanna is entitled to receive: (i) the amount of his Base Salary through the date of termination; (ii) any Annual Bonus earned but unpaid as of the date of termination for any year completed prior to the date of termination; (iii) reimbursement of any unreimbursed business expenses properly incurred by him prior to the date of termination in accordance with his Employment Agreement; and (iv) such other employee benefits, if any, as to which he may be entitled pursuant to the terms governing such employment benefits and any applicable law.

Upon termination of Mr. Hanna's employment by the Company in an involuntary termination (i.e., without cause) or by Mr. Hanna for good reason, or upon Mr. Hanna's death or disability, Mr. Hanna is entitled to receive: (i) his Base Salary through the date of termination; (ii) any Annual Bonus earned but unpaid as of the date of termination for any year completed prior to the date of termination; (iii) reimbursement of any unreimbursed business expenses properly incurred by him prior to the date of termination in accordance with his Employment Agreement; (iv) such other employee benefits, if any, as to which he may be entitled pursuant to the terms governing such employment benefits and any applicable law; (v) a severance amount equal to his aggregate Base Salary for the lesser of (i) six months and (ii) the remainder of the term of his Employment Agreement (the Severance Period); and (vi) for the duration of the Severance Period, Mr. Hanna, his spouse and his dependents shall be entitled to continuation coverage under the Company's group medical, dental and vision insurance plans comparable to the level of coverage in effect at the time of termination, provided he, his spouse and such dependents were enrolled in such plans immediately prior to his termination. Mr. Hanna is not entitled to receive duplicative or overlapping change of control benefits under his Employment Agreement and the COC Plan.

For the purposes of Mr. Hanna's Employment Agreement, cause means (i) Mr. Hanna's material breach of the Employment Agreement, (ii) Mr. Hanna's willful failure to perform his required duties and responsibilities (if such failure to perform has not been cured within ten business days following receipt of notice from the Company), (iii) Mr. Hanna's indictment for, or conviction of (A) a misdemeanor involving fraud, dishonest or moral turpitude or (B) any felony, (iv) dishonesty on the part of Mr. Hanna directly related to the performance of his duties, (v) Mr. Hanna's wrongful and intentional disclosure of confidential information, (vi) a conflict of interest on the part of Mr. Hanna that is undisclosed and not approved by the Board, (vii) Mr. Hanna's material violation of any Company policy applicable to all employees that materially and adversely affects the Company (if such material violation has not been cured within ten business days following receipt of notice from the Company) or (viii) Mr. Hanna's engaging in any manner, directly or indirectly, in a business that competes with the business of the Company, unless first disclosed to and approved by the Board in all material respects. Good reason means the occurrence of any of the following: (i) the Company's material breach of the Employment Agreement, (ii) a material reduction in Mr. Hanna's Base Salary, (iii) a material diminution in Mr. Hanna's authority, duties or responsibilities that are normally associated with the position of Chief Executive Officer, (iv) a requirement by the Company that Mr. Hanna be required to relocate outside of New Orleans or Houston, or (v) a change of control of the Company. Under the Employment Agreement, any termination of Mr. Hanna's employment will not be deemed to be for good reason unless (i) the condition giving rise to Mr. Hanna's termination has arisen without his consent, and (ii) (A) Mr. Hanna must have provided written notice to the Company of such condition within 90 days of the initial existence of the condition, (B) such condition must have remained uncorrected for a period of 30 days after the Company's receipt of such notice and (C) Mr. Hanna's termination of employment must have occurred within 30 days after the expiration of such 30-day cure period.

The following table reflects the estimated values that each of the Named Executive Officers currently employed by the Company would receive if such Named Executive Officer's employment were terminated following a change of control. For purposes of these calculations, the Company has made certain assumptions that the Company considers reasonable, such as all legitimate business expenses are current, and that all earned salary payments are current as of the date of the potential termination scenario. The Company has assumed that

each of the events that constitutes a termination of employment following a change of control of the Company has occurred on December 31, 2011, on which day the closing sales price of Common Stock was \$14.60. The actual amount of payments that each such Named Executive Officer could receive may not be determined with complete accuracy until such time as an actual termination following a change of control occurs, but the values below are the Company's best estimate as to the potential payments each such Named Executive Officer would receive as of December 31, 2011.

Narrative Disclosure of Our Compensation Policies and Practices as They Relate to our Risk Management

We do not believe that there are any risks arising from our compensation policies and practices for employees, including officers, that are reasonably likely to have a material adverse effect on the Company. By establishing a balanced set of corporate and individual performance objectives based on the same metrics that the Company believes investors use in determining whether to purchase the Company's stock, the Compensation Committee believes that our executive compensation program effectively manages risk by aligning our management's incentives with our stockholders' interests in the long-term performance of the Company. The Compensation Committee and the Board are aware of the need to routinely assess our compensation policies and practices and will make a determination on an annual basis regarding the necessity of this particular disclosure.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee acts under a written charter adopted and approved by the Board of Directors.

Management of the Company is responsible for the preparation and presentation of the Company's financial statements, the effectiveness of internal control over financial reporting, and procedures that are reasonably designed to ensure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm, PricewaterhouseCoopers LLP, is responsible for (1) expressing an opinion on the conformity of the Company's consolidated financial statements with generally accepted accounting principles in the United States and (2) auditing management's assessment of the effectiveness of internal control over financial reporting. The Audit Committee monitors and oversees these processes on behalf of the Board of Directors.

In performing its responsibilities, the Audit Committee has reviewed and discussed with management and with the Company's independent registered public accountants the audited consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011. Furthermore, the Audit Committee discussed with the independent registered public accountants matters required to be discussed by the Statement on Auditing Standards 61, as amended and as adopted by the Public Company

Accounting Oversight Board (the PCAOB) in Rule 3200T. The Audit Committee also received from the independent registered public accountants the written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent public accountants' communications with the Audit Committee about independence and discussed with the independent registered public accountants their independence.

Based on the Audit Committee's reviews and discussions referred to above, it recommended to the Board of Directors that the audited financial statements as of and for the year ended December 31, 2011 be included in the Company's Annual Report on Form 10-K for such year.

Under such procedures, the Audit Committee will annually review and pre-approve the audit, review and attest services to be provided during the next audit cycle by the independent registered public accountants and may annually review and pre-approve permitted non-audit services to be provided during the next audit cycle by the independent registered public accountants. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure

As previously reported in our Current Report on Form 8-K filed on July 1, 2010, the Company dismissed KPMG LLP (KPMG) as its independent registered public accounting firm on June 28, 2010, and engaged PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm on the same date. The Company's Audit Committee recommended and approved the decision to change the Company's independent registered public accounting firm.

None of KPMG's reports on the Company's consolidated financial statements for the Company's years ended December 31, 2009 and December 31, 2008 contained any adverse opinion or disclaimer of opinion, or were qualified or modified as to uncertainty, audit scope or accounting principles, except for KPMG's report on the Company's consolidated financial statements as of December 31, 2008, and for the year then ended, which was modified as to uncertainty because of substantial doubt about the Company's ability to continue as a going concern.

During the years ended December 31, 2009 and December 31, 2008 and through the date hereof, there were no disagreements between the Company and KPMG on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to KPMG's satisfaction, would have caused KPMG to make a reference to the matter in its reports on the Company's financial statements for such years.

During the years ended December 31, 2009 and December 31, 2008 and through the date hereof, there were no reportable events (as defined by Item 304(a)(1)(v) of Regulation S-K), except that, as disclosed in the Company's Annual Report on Form 10-K for the year ended December 31, 2008, the Company identified the following material weaknesses in the Company's internal control over financial reporting as of December 31, 2008:

Control Environment over Financial Reporting. The Company lacked sufficient resources and accounting expertise to perform effective supervisory reviews and monitoring activities over financial reporting matters and controls related to matters involving judgments and estimates.

Complex or Non-Routine Accounting Matters. The Company lacked sufficient expertise and resources within the organization to effectively identify and evaluate the financial reporting implications of complex or non-routine accounting matters, such as application of SFAS No. 143, Accounting for Asset Retirement Obligations.

Period-End Financial Reporting Process. The Company also lacked sufficient expertise and resources within the organization to ensure journal entries, both recurring and non-recurring, were accompanied by sufficient supporting documentation and were adequately reviewed and approved prior to being recorded.

As a result of the above material weaknesses, there were material errors in the Company's asset retirement obligations and impairments, and those errors were corrected prior to the issuance of the Company's financial statements. The Company reported no material weaknesses in its internal control over financial reporting as of December 31, 2009 in its Annual Report on Form 10-K for the year ended December 31, 2009.

KPMG furnished the Company with a letter addressed to the SEC stating that it agrees with the above statements, which letter we filed as Exhibit 16.1 to our Current Report on Form 8-K filed on July 1, 2010.

As described above, on June 28, 2010, the Company engaged PricewaterhouseCoopers LLP to serve as its independent registered public accounting firm for the year ended December 31, 2010 and to perform procedures related to the financial statements included in our Quarterly Reports of Form 10-Q, which commenced with and included the quarter ended June 30, 2010.

During the Company's years ended December 31, 2009 and 2008 and during any subsequent interim period prior to the date of engagement of PricewaterhouseCoopers as our independent registered public accounting firm, the Company has not consulted PricewaterhouseCoopers LLP regarding any of the matters set forth in Item 304(a)(2)(i) or (ii) of Regulation S-K.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Related Persons, Promoters and Certain Control Persons

Carlson Capital, for which Mr. Pully, a current director, serves as General Counsel, was (together with its affiliates) the beneficial owner of 4,038,221 shares of Common Stock at the time of the transaction and owned \$9,250,153 in principal amount of the Company's PIK Notes. As of February 8, 2012, Carlson Capital beneficially owned 4,238,224 shares of Common Stock and Wexford Capital beneficially owned 7,090,085 shares of Common Stock. See "Security Ownership of Certain Beneficial Owners and Management."

Furthermore, Wexford Capital and Carlson Capital purchased \$12.5 million and \$12.0 million, respectively, in principal amount of our 8.25% Senior Notes due 2018 (the "8.25% Notes"), which we issued on February 14, 2011. Both Wexford Capital and Carlson Capital acquired the notes on the same terms and conditions as other investors who acquired the 8.25% Notes from the initial purchasers of the 8.25% Notes.

Policies and Procedures

Pursuant to the Audit Committee Charter, the Audit Committee is responsible for the review, approval or ratification of transactions with related persons that are reportable under Item 404(a) of Regulation S-K. The Audit Committee conducts its review, approval or ratification of such transactions in accordance with the standards set forth in Section 144 of the Delaware General Corporations Law (the "DGCL"), which provides that such transactions will not be void or voidable solely because (a) of the related party nature of the transactions, (b) an interested director or officer is present or participates in the meeting of the Board or committee thereof that authorizes such transaction or (c) an interested director's or officer's votes are counted for such purpose if:

(i) the material facts of the related person's relationship or interest and with respect to the transaction are disclosed or known to the Board or committee, and the Board or committee in good faith authorizes the transaction by the affirmative vote of a majority of the disinterested directors;

(ii) the material facts of the related person's relationship or interest and with respect to the transaction are disclosed or known to the Company's stockholders entitled to vote thereon and such transaction is specifically approved in good faith by such stockholders; or

(iii) the transaction is fair to the Company as of the time it is authorized, approved or ratified by the Board, committee or stockholders.
