Item 2.01. Completion of Acquisition or Disposition of Assets.

On March 1, 2013, Allergan, Inc., a Delaware corporation (Allergan), completed its acquisition of all of the outstanding shares of common stock, par value \$0.01 per share (the Shares), of MAP Pharmaceuticals, Inc., a Delaware corporation (MAP), pursuant to an Agreement and Plan of Merger (the Merger Agreement), dated as of January 22, 2013, by and among Allergan, Groundhog Acquisition, Inc. (Purchaser) and MAP.

Allergan's acquisition of the Shares was structured as a two-step transaction, with a cash tender offer by Purchaser for the Shares at a price of \$25.00 per Share, net to the seller in cash, without interest and less any applicable withholding taxes, upon the terms and subject to the conditions set forth in the Offer to Purchase, dated January 31, 2013, and the related Letter of Transmittal, each as amended and supplemented from time to time, filed by Allergan and Purchaser with the U.S. Securities and Exchange Commission on January 31, 2013 (the Offer), followed by the merger of Purchaser with and into MAP, with MAP surviving as a wholly-owned subsidiary of Allergan (the Merger).

The Offer expired at 12:00 midnight, New York City time, on Thursday, February 28, 2013. According to the final report of American Stock Transfer & Trust Company, LLC, the depository for the Offer, an aggregate of approximately 30,500,220 Shares were validly tendered and not properly withdrawn prior to the expiration of the Offer, representing approximately 85.5% of all outstanding Shares and approximately 75.1% of all outstanding Shares on a fully diluted basis. On March 1, 2013, Purchaser accepted for payment all Shares validly tendered and not properly withdrawn prior to the expiration of the Offer and made payment for such Shares in accordance with the terms and conditions of the Offer and applicable law. On March 1, 2013, Allergan issued a press release, which is filed as Exhibit 99.1 hereto and incorporated herein by reference, announcing the successful completion of the Offer, exercise of the Top-Up Option (as defined below) and intent to effect the Merger pursuant to the short-form procedures under applicable Delaware law.

In order to obtain a sufficient number of Shares to effect a short-form merger under applicable Delaware law, on March 1, 2013, Purchaser exercised its option under the Merger Agreement (the Top-Up Option) to purchase from MAP a number of newly issued Shares (the Top-Up Shares) in an amount equal to the lowest number of Shares that, when added to the number of Shares owned by Allergan and Purchaser at the time of the exercise of the Top-Up Option, constituted one Share more than 90% of the number of Shares then outstanding (after giving effect to the issuance of the Top-Up Shares). Immediately following the issuance of the Top-Up Shares to Purchaser, Purchaser owned in excess of 90% of the outstanding Shares at such time.

Following Purchaser's acceptance for payment of all Shares validly tendered and not properly withdrawn pursuant to the Offer on March 1, 2013, and Purchaser's subsequent exercise of the Top-Up Option, Allergan and Purchaser completed the Merger in accordance with the applicable provisions of Delaware law that authorized completion of the Merger without a vote or meeting of the stockholders of MAP. MAP survived the Merger as a wholly-owned subsidiary of Allergan. The foregoing summary description of the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the terms of the Merger

Agreement, a copy of which was filed as Exhibit 2.1 to Allergan's Current Report on Form 8-K filed with the SEC on January 23, 2013 and is incorporated herein by reference.

The aggregate consideration paid by Allergan in the Merger was approximately \$960 million, plus related transaction fees and expenses.
