Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On April 25, 2014, Autoliv, Inc. (Autoliv or the Company) announced that it had issued and sold \$1.25 billion of long term debt securities pursuant to a Note Purchase and Guaranty Agreement dated April 23, 2014 (the Note Purchase Agreement), by and among Autoliv ASP, Inc. (ASP), the Company and the purchasers listed therein (the Purchasers).

The senior notes have an average interest rate of 3.84%, and consist of: \$208 million aggregate principal amount of 5-year senior notes with an interest rate of 2.84%; \$275 million aggregate principal amount of 7-year senior notes with an interest rate of 3.51%; \$297 million aggregate principal amount of 10-year senior notes with an interest rate of 4.09%; \$285 million aggregate principal amount of 12-year senior notes with an interest rate of 4.24%; and \$185 million aggregate principal amount of 15-year senior notes with an interest rate of 4.44%.

The Company acted as guarantor of the senior notes, which were issued by ASP, a wholly owned subsidiary of the Company. Autoliv currently intends to use the proceeds of the offering to refinance existing debt in light of scheduled maturities and for general corporate purposes. The offering is part of the Company s previously communicated strategy of adjusting its capital structure.

The Note Purchase Agreement contains customary affirmative and negative covenants of ASP and the Company. Affirmative covenants relate to, among other things: compliance with law; insurance coverage; maintenance of properties; payment of taxes and claims; maintenance of corporate existence; and the most favored lender status of the Purchasers. Negative covenants limit the Company s and its subsidiaries ability to, among other things: enter into transactions with affiliates; consolidate or merge; sell, transfer or dispose of assets; create liens; create or incur subsidiary indebtedness; or substantially change the nature of the Company s business. The Note Purchase Agreement also contains customary events of default, including, among other things, payment default, covenant default, breach of representation or warranty, bankruptcy, cross-default and failure to maintain subsidiary guarantees.

Autoliv offered the notes principally to institutional investors in an offering made pursuant to the exemption from registration requirements under Section 4(a)(2) of the Securities Act of 1933, as amended (the Act). The offering has not been and will not be registered under the Act and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Act.

The full text of the press release with respect to the private placement is filed herewith (as Exhibit 99.1) and is incorporated by reference herein. Autoliv intends to file the Note Purchase Agreement as an exhibit to its report on Form 10-Q for the first quarter 2014.
