Dear Colleagues,

I am pleased to announce that Bill Burke has been appointed to the newly created position of Vice President, Integration. Bill will be transitioning from his current role as soon as possible and will report to me. He will be based in Mansfield.

In this position, Bill will work collaboratively with Geoff Martha, who was recently named Senior Vice President and Chief Integration Officer at Medtronic, and co-lead the integration planning process across businesses, regions and functions. Bill will be engaged with all the specific work streams across the company, including the integration structure and team for Covidien. Together, Bill and Geoff will be focused on planning for the creation of a combined organization that capitalizes on strategic opportunities and ensures a smooth and timely integration of both companies after the closing.

Bill brings great experience to this position, having been with Covidien for two decades in a variety of leadership roles. Most recently he served as Chief Financial Officer for Covidien Europe, a job he held since 2013. He held positions of increasing responsibility over the years in corporate, commercial and international capacities. Bill brings the requisite background, experience and leadership capabilities that are needed to oversee the integration efforts for Covidien.

Cristiano Franzi, President, Covidien Europe, and Kevin DaSilva, Vice President, CFO Developed Markets, will be working in the near-term to identify a replacement for Bill's European role.

Please join me in congratulating Bill on his new role and wishing both he and Geoff much success in the integration planning process.

Sincerely,

Joe Almeida

Chairman, President & CEO

Covidien
