Tata Motors Standalone Financial Results for the Quarter and year ended March 31, 2015

In the MHICV segment, improved freight availability and improved profitability of truck operators, fleet replacement demand mainly in the high tonnage segment, supported the Company sales growth in this segment of 26.4 % Y-o-Y in Q4 FY 2014-15. However, LCV segments (mainly the SCV) continued to remain weak. As a result, the overall CV sales were almost flat in Q4 FY 2014-15. New launches in the Prima LX and Ultra range as well as other product enhancements provides a strong foundation for the future growth.

In Passenger vehicles, ZEST and the newly launched BOLT, continued to receive an encouraging response from the customers. These led to the passenger vehicles segment of the company showing a growth of 19.1% Y-o-Y in Q4 FY 2014-15 with car segment growth of 33.0% Y-o-Y in Q4 FY 2014-15. Company expects to continue its volume growth with full year of Zest and Bolt, recently launched new GenX Nano and other new and exciting products that will be launched in the coming time period under the Company's Horizonext strategy.

Profit before tax of GBP 396 million for the quarter ended March 31, 2015 was down 31.3% over the corresponding quarter last year (GBP 576 million in the corresponding quarter last year) due to higher depreciation and amortization and unfavourable revaluation of foreign currency debt and unrealised hedges that are not eligible for hedge accounting treatment. - 2) The above results have been reviewed by the Audit Committee of the Board and were approved by the Board of Directors at its meeting held on May 26, 2015.
- 3) Figures for the previous periods / year have been regrouped / reclassified, wherever necessary.
- 4) In October 2008, the Company moved the Nano project from Singur in West Bengal to Sanand in Gujarat. In June 2011, the newly elected Government of West Bengal (State Government) enacted a law cancelling the land lease agreement at Singur, and took over possession of the land. The Company challenged the constitutional validity of the law. In June 2012, the Calcutta High Court declared the law unconstitutional and restored Company's rights under the land lease agreement. The State Government filed an appeal in the Supreme Court of India in August 2012, which is pending disposal. Though the Company continues to rigorously press its rights, contentions and claims in the matter, the Company has been advised that the time it may take in disposal of the appeal is uncertain. The Company has also been advised that it has a good case and can strongly defend the appeal, but the questions that arise are issues of constitutional law and thus the result of the appeal cannot be predicted. In these circumstances, in view of the uncertainty on the timing of resolution, following the course of prudence, the management has during the year ended March 31, 2015, made a provision for carrying capital cost of buildings at Singur amounting to Rs. 309.88 crores included under the head 'other expenses' excluding other assets (electrical installations etc.) and expenses written off / provided in earlier years, security expenses, lease rent and claim for interest on the whole amount (including Rs. 309.88 crores). The Company shall however continue to pursue the case and assert its rights and its claims in the Courts.
- 5) The tax expense is not comparable with the profit before tax, since it is consolidated on a line-by-line addition for each subsidiary company and no tax effect is recorded in respect of consolidation adjustments. This accounting treatment is as per Accounting Standard (AS)-21.

- 6) During the quarter and year ended March 31, 2015, an amount of Rs. 2,819.99 crores (net of tax) and Rs. 2,793.47 crores (net of tax), respectively, have been debited [Rs. 199.24 crores (net of tax) has been credited and Rs. 1,343.67 crores (net of tax) has been debited for the quarter and year ended March 31, 2014 respectively], to Reserves and Surplus, representing changes in actuarial valuation of pension plans of a subsidiary company in the UK, in accordance with IFRS principles and as permitted by AS 21 in the consolidated financial statements.
- 7) In terms of the proviso to clause 3 (i) of Part A of Schedule II to the Companies Act, 2013 (the Act), the Company and its domestic group companies have decided to retain the useful life hitherto adopted for various categories of fixed assets, which are in certain cases, different from those prescribed in Schedule II to the Act. Based on the policy followed by the Company of continuous and periodic assessment, the estimated useful life and residual value adopted so far is appropriate.
- 8) During the year ended March 31, 2015

- 2) The above results have been reviewed by the Audit Committee of the Board and were approved by the Board of Directors at its meeting held on May 26, 2015.
- 3) Figures for the previous periods / year have been regrouped / reclassified, wherever necessary.
- 4) In October 2008, the Company moved the Nano project from Singur in West Bengal to Sanand in Gujarat. In June 2011, the newly elected Government of West Bengal (State Government) enacted a law cancelling the land lease agreement at Singur, and took over possession of the land. The Company challenged the constitutional validity of the law. In June 2012, the Calcutta High Court declared the law unconstitutional and restored Company's rights under the land lease agreement. The State Government filed an appeal in the Supreme Court of India in August 2012, which is pending disposal. Though the Company continues to rigorously press its rights, contentions and claims in the matter, the Company has been advised that the time it may take in disposal of the appeal is uncertain. The Company has also been advised that it has a good case and can strongly defend the appeal, but the questions that arise are issues of constitutional law and thus the result of the appeal cannot be predicted. In these circumstances, in view of the uncertainty on the timing of resolution, following the course of prudence, the management has during the year ended March 31, 2015, made a provision for carrying capital cost of buildings at Singur amounting to Rs. 309.88 crores included under the head 'other expenses' excluding other assets (electrical installations etc.) and expenses written off / provided in earlier years, security expenses, lease rent and claim for interest on the whole amount (including Rs. 309.88 crores). The Company shall however continue to pursue the case and assert its rights and its claims in the Courts.
- 5) Other income for the quarter and year ended March 31, 2015, includes
 - (a) profit of Rs. Nil and Rs. 13.49 crores (Rs. 18.22 crores and Rs. 1,966.12 crores for the quarter and year ended March 31, 2014) on divestment of investment in a foreign subsidiary company to TML Holdings Pte Ltd, Singapore, a wholly owned subsidiary.
 - (b) dividend from subsidiary companies Rs. 15.15 crores and Rs. 1,638.56 crores, respectively (Rs. 18.18 crores and Rs. 1,573.98 crores for the quarter and year ended March 31, 2014, respectively).
- 6)
 - (a) Debt Service Coverage Ratio = $(\text{Profit from Ordinary Activities before Tax} + \text{Interest on Long term Loans}) / (\text{Interest on Long term Loans} + \text{Repayment of Long term Loan during the year})$
 - (b) Interest Service Coverage Ratio = $(\text{Profit from Ordinary Activities before Tax} + \text{Interest on Long term Loans}) / \text{Interest on Long term Loans}$

For the purpose of calculation in 6 (a) and 6 (b) above, loans having original maturity of more than 360 days are considered as Long term Loans.
- 7) During the year ended March 31, 2015, the Company has
 - (a) issued USD 500 million 4.625% Senior Unsecured Notes due 2020 and USD 250 million 5.750% Senior Unsecured Notes due 2024. The proceeds have been used to refinance existing External Commercial Borrowing (ECB) of the Company of USD 500 million and balance proceeds are being used to incur new additional capital expenditure and other permitted purposes as per RBI ECB guidelines. As the ECB has been prepaid, the unamortised exchange loss (net) of Rs. 216.07 crores and the borrowing cost of Rs. 27.08 crores as at September 30, 2014 have been debited to Statement of Profit and Loss.
 - (b) prepaid 2% Non-Convertible Debentures (NCD) of Rs. 1,250 crores (due March 31, 2016) with a redemption premium of Rs. 744.18 crores.
