On September 24, 2015, Marvell Technology Group Ltd. (the Company) issued a press release announcing its plan to restructure its mobile platform business which described the estimated revenues and gross profit in the first half of fiscal 2016 generated by the Company's mobile platform.

The information in Item 2.02 of this Current Report, including the portion of the press release related to the preliminary estimated revenues and gross profit in the first half of fiscal 2016 generated by the Company's mobile platform set forth in the accompanying Exhibit 99.1, is being furnished and shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of Section 18. Item 2.05 Costs Associated with Exit or Disposal Activities.

On September 23, 2015, the Board of Directors of the Company approved a plan to restructure its mobile platform business. On September 24, the Company issued a press release announcing the restructuring. The full text of the press release is attached as Exhibit 99.1 to this Report and is hereby incorporated by reference herein.

The restructuring will begin immediately and the Company expects the major activities to take place through the end of fiscal 2016. As a result, the Company expects to incur total charges of approximately \$100 million to \$130 million. The major components of the total charge include severance and employee-related costs expected to be incurred in the third and fourth quarters of fiscal 2016 and are expected to be in the range of \$45 million to \$55 million. Other major components include facilities and asset impairment charges in the range of \$30 million to \$40 million and an inventory write down charge in the range of \$25 million to \$35 million. Other than the asset impairment and inventory write down charges, substantially all of the other charges will consist of cash expenditures.

Given that the Company is in the early stages of this restructuring process, the amount and timing of these charges is uncertain. The Company will amend this Current Report on Form 8-K, or disclose in another periodic filing with the Securities and Exchange Commission, the amount of any material impairment and restructuring charges once they are determinable.

This filing contains forward-looking statements. Words such as anticipates, expects, intends, plans, believes, estimates, may, will, should, and their variations identify forward-looking statements. These statements include those relating to the proposed restructuring and charges related to termination benefits, impairment, inventory write-down, and cash expenditures.
