PROXY STATEMENT FOR 2017 ANNUAL MEETING OF STOCKHOLDERS

May 24, 2017

INFORMATION CONCERNING SOLICITATION AND VOTING

Your vote is very important. For this reason our Board of Directors is requesting that you permit your shares of common stock to be represented at our 2017 Annual Meeting of Stockholders by the proxies named on the enclosed proxy card. This proxy statement contains important information for you to consider in deciding how to vote on the matters brought before the meeting. The date of this proxy statement is April 21, 2017. The proxy statement and form of proxy are first being mailed to our stockholders on or about April 21, 2017.

Important Notice Regarding The Availability Of Proxy Materials For The Stockholder Meeting To Be Held On May 24, 2017: This Proxy Statement, along with our 2016 Annual Report to Stockholders are available on the following website: <http://materials.proxyvote.com/90385V>.

General Information

Ultra Clean Holdings, Inc., referred to in this proxy statement as Ultra Clean, the Company or we, is soliciting the enclosed proxy for use at our Annual Meeting of Stockholders to be held on May 24, 2017 at 12:30 p.m., Pacific time or at any adjournment thereof for the purposes set forth in this proxy statement. Our annual meeting will be held at the offices of Davis Polk & Wardwell LLP, 1600 El Camino Real, Menlo Park, California 94025.

Who May Attend and Vote at Our Annual Meeting

All holders of our common stock, as reflected in our records at the close of business on March 31, 2017, the record date for voting, may attend and vote at the meeting. To attend the annual meeting, you must present photo identification for admittance. If you are not a stockholder of record but hold shares as a beneficial owner in street name, you must also provide proof of beneficial ownership as of the record date, such as your most recent account statement prior to the record date, a copy of the voting instruction card provided by your broker, bank, trustee, or nominee, or other similar evidence of ownership.

Each share of common stock that you owned on the record date entitles you to one vote on each matter properly brought before the meeting. As of the record date, there were issued and outstanding 33,430,118 shares of our common stock, \$0.001 par value.

Holding Shares as a Beneficial Owner (or in Street Name)

Most stockholders are considered the beneficial owners of their shares, that is, they hold their shares through a broker, bank or nominee rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially or in street name.

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares. If you are a stockholder of record, we are

Table of Contents

sending paper copies of the proxy materials directly to you. As our stockholder of record, you have the right to grant your voting proxy directly to us by signing and mailing the enclosed proxy card or by voting on the Internet, telephone, or in person at the annual meeting.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or nominee, you are considered the beneficial owner of shares held in street name, and the proxy statement is being forwarded to you by or on behalf of your broker, bank or nominee (who is considered the stockholder of record with respect to those shares). As the beneficial owner, you have the right to direct your broker, bank, or nominee how to vote by following the instructions you receive from your broker, bank or nominee. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting unless you request, complete and deliver a proxy from your broker, bank or nominee.

How to Vote

You may vote in person at the meeting or by proxy.

Voting by Proxy. If you are a stockholder of record, you may vote by proxy over the Internet, by telephone or by mail if you complete and return the enclosed proxy card by following the instructions on the proxy card. If your shares are held in street name, you have the right to direct your broker, bank, or nominee how to vote by following the instructions you receive from your broker, bank or nominee. The shares voted electronically, telephonically, or represented by the proxy cards received, properly marked, dated, signed and not revoked, will be voted at the annual meeting. We recommend that you vote by proxy even if you plan to attend the meeting. You may change your vote at the meeting even if you have previously submitted a proxy.

Voting at the Annual Meeting. The method or timing of your vote will not limit your right to vote at the annual meeting if you attend the annual meeting and vote in person. However, if your shares are held in the name of a bank, broker or other nominee, you must obtain a legal proxy, executed in your favor, from the holder of record to be able to vote at the annual meeting. You should allow yourself enough time prior to the annual meeting to obtain this proxy from the holder of record.

How Proxies Work

This proxy statement is furnished in connection with the solicitation of proxies by us for use at the annual meeting and at any adjournment of that meeting. If you give us your proxy you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director candidates. You may also vote for or against the other proposals, or you may abstain from voting.

If you give us your proxy but do not specify how your shares shall be voted on a particular matter, your shares will be voted:

FOR the election of each of the named nominees for director;

FOR the approval of an amendment and restatement of our stock incentive plan;

FOR the ratification of the appointment of Moss Adams LLP as our independent registered public accounting firm;

FOR the approval of the compensation of our named executive officers;

Every 1 YEAR for the frequency of holding an advisory vote on executive compensation; and

with respect to any other matter that may come before the annual meeting, as recommended by our Board of Directors or otherwise in the proxies' discretion.

Table of Contents

Changing or Revoking Your Vote

You have the right to revoke your previously submitted proxy at any time before your proxy is exercised at the annual meeting.

If you are the stockholder of record, you may revoke your proxy by resubmitting your vote on a later date on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the annual meeting will be counted), by signing and returning a new proxy card with a later date, by attending the annual meeting and voting in person or by giving written notice to our Secretary that you wish to revoke your previously submitted proxy.

If you hold shares beneficially in street name, you may revoke your proxy by submitting new voting instructions to your broker, bank or nominee by following the instructions they provided or, if you have obtained a legal proxy from your broker, bank or nominee giving you the right to vote your shares, by attending the annual meeting and voting in person.

Note that for both stockholders of record and beneficial owners, attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you specifically so request or vote in person at the annual meeting.

Important Notice Regarding Delivery of Stockholder Documents

Only one proxy statement, annual report and set of accompanying materials, if applicable, are being delivered by us to multiple stockholders sharing an address, who have consented to receiving one set of such materials, until we receive contrary instructions from any such stockholders. We will deliver, promptly upon written or oral request, a separate copy of such materials to a stockholder at a shared address to which a single copy of such materials was delivered. A stockholder who wishes to receive a separate copy of the proxy statement and accompanying materials now or in the future, or stockholders sharing an address who are receiving multiple copies of the proxy statement and accompanying materials and wish to receive a single copy of such materials, should submit a request to Broadridge, c/o Householding Department, 51 Mercedes Way, Edgewood, NY 11717 or call 800-542-1061.

Attending in Person

Any stockholder of record may vote in person at the annual meeting of our stockholders. All meeting attendees will be required to present a valid, government-issued photo identification, such as a driver's license or passport, in order to enter the meeting.

If you are a beneficial owner and your shares are held in the name of your broker, bank or nominee, you must bring a proxy from your broker, bank or nominee in order to vote in person.

Votes Needed to Hold the Meeting and Approve Proposals

In order to carry on the business of the annual meeting, stockholders entitled to cast a majority of the votes at a meeting of stockholders must be represented at the meeting, either in person or by proxy. In accordance with Delaware law, only votes cast for a matter constitute affirmative votes. A properly executed proxy marked "abstain" with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Since abstentions will not be votes cast for a particular proposal, they will have the same effect as negative votes or votes against that proposal. Broker non-votes are also counted for the purpose of determining the presence of a quorum. Broker non-votes occur when shares held by a broker on behalf of a beneficial owner are not voted with respect to a particular proposal, which generally occurs when the broker has not received voting instructions from the beneficial owner and lacks the discretionary authority to vote the shares itself.

Table of Contents

Election of Directors. Our Amended and Restated Bylaws provides that a director nominee must receive a majority of the votes cast with respect to such nominee in uncontested director elections (i.e., the number of shares voted for a director nominee must exceed the number of shares voted against such nominee). If an incumbent director nominee fails to receive a majority of the votes cast in an uncontested election, the director shall immediately tender his or her resignation to the Board. The Nominating and Corporate Governance Committee of the Board, or such other committee designated by the Board, shall make a recommendation to the Board as to whether to accept or reject the resignation of such incumbent director, or whether other action should be taken. The Board shall act on the resignation, taking into account the committee's recommendation, and publicly disclose its decision regarding the resignation within 90 days following certification of the election results. If the Board accepts a director's resignation, or if a nominee for director is not elected and the nominee is not an incumbent director, the remaining members of the Board may fill the resulting vacancy or may decrease the size of the Board.

Brokers do not have discretionary authority to vote shares without instructions from beneficial owners in the election of directors. Therefore, beneficial owners who are not stockholders of record and who want their votes to be counted in the election of directors must give voting instructions to their bank, broker or nominee before the date of the annual meeting.

Approval of an amendment and restatement of our stock incentive plan. The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the proposal will be required to approve the amendment and restatement of our stock incentive plan, which will, among others, increase the number of shares available for issuance under the stock incentive plan from 9,855,695 to 12,555,695 and extend the expiration date of the plan to 2027. The approval of the amendment and restatement of the stock incentive plan is not considered a routine proposal; therefore brokers lack the discretionary authority to vote shares without instructions from beneficial owners for this proposal.

Ratification of the appointment of our independent registered public accounting firm. The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the proposal will be required to ratify the appointment of our independent registered public accounting firm for the current fiscal year. We believe that the ratification of our independent registered public accounting firm is a routine proposal for which brokers may vote shares held on behalf of beneficial owners who have not given voting instructions with respect to that proposal.

Advisory vote on the compensation of our named executive officers. The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the proposal will be required to approve, by an advisory vote, the compensation of our named executive officers for fiscal 2016. The advisory vote on the compensation of our named executive officers is not considered a routine proposal; therefore, brokers lack the discretionary authority to vote shares without instructions from beneficial owners for this proposal.

Advisory vote on the frequency of holding an advisory vote on executive compensation. The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the proposal will be required to recommend, by an advisory vote, the frequency of a stockholder vote on the compensation of our named executive officers. The Board of Directors will consider the frequency of the stockholder vote receiving the greatest number of votes to be the frequency recommended by our stockholders. The advisory vote on the frequency of holding an advisory vote on executive compensation is not considered a routine proposal; therefore brokers lack the discretionary authority to vote shares without instructions from beneficial owners for this proposal.

Approval of any other matter properly submitted to the stockholders at the annual meeting generally will require the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on that matter.

Table of Contents**Security Ownership of Certain Beneficial Owners and Management**

The table below sets forth information as of March 17, 2017 regarding the beneficial ownership (as defined by Rule 13d-3(d)(1) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) of our common stock by:

each person or group known by us to own beneficially more than five percent of our common stock;

each of our directors, director nominees and named executive officers individually; and

all directors and executive officers as a group.

In accordance with applicable rules of the Securities and Exchange Commission (the SEC), beneficial ownership includes voting or investment power with respect to securities and includes the shares issuable pursuant to stock options that are exercisable, and shares subject to restricted stock units that vest, within 60 days of March 17, 2017. Shares issuable pursuant to the exercise of stock options, and restricted stock units that vest, in the 60 days following March 17, 2017, are deemed outstanding for the purpose of computing the ownership percentage of the person holding such options, or shares subject to restricted stock units, but are not deemed outstanding for computing the ownership percentage of any other person. The percentage of beneficial ownership for the following table is based on 33,399,987 shares of common stock outstanding as of March 17, 2017.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) requires our directors, executive officers and beneficial holders of 10% or more of a registered class of our equity securities to file certain reports with the SEC regarding ownership of, and transactions in, our equity securities. Based solely on a review of Forms 3, 4 and 5 and amendments thereto furnished to us and written representations we received from our directors and officers required to file the reports, we believe that all of our directors, executive officers and beneficial holders of 10% or more of a registered class of our equity securities, filed, on a timely basis, all reports required by Section 16(a) of the Exchange Act for the year ended December 30, 2016.

Cost of Proxy Solicitation

We will pay the cost of this proxy solicitation. Some of our employees may also solicit proxies, without any additional compensation. We may also reimburse banks, brokerage firms and nominees for their expenses in forwarding proxy materials to their customers who are beneficial owners of our common stock and obtaining their voting instructions.

Deadline for Receipt of Stockholder Proposals

If you wish to submit a proposal for inclusion in the proxy statement for our 2018 Annual Meeting of Stockholders, you must follow the procedures outlined in Rule 14a-8 of the Exchange Act, and we must receive your proposal at the address below no later than December 22, 2017. Stockholders intending to present a proposal at the next annual meeting without the inclusion of such proposal in the Company's proxy materials, including for the election of director nominees, must comply with the requirements set forth in our Amended and Restated Bylaws. The Amended and Restated Bylaws require, among other things, that a stockholder must submit a written notice of intent to present such a proposal at the address below not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting of stockholders (as long as the date of the annual meeting is not advanced more than 30 days prior to such anniversary date or delayed more than 70 days after such anniversary date, in which case notice must be received no earlier than 120 days prior to such meeting and no later than the later of 70 days prior to such meeting or the 10th day following the public announcement of the date of such meeting). Therefore, we must receive notice of such proposal for the 2018 Annual Meeting of Stockholders no earlier than January 24, 2018, and no later than February 23, 2018, otherwise such notice will be considered untimely and we will not be required to present it at the 2018 Annual Meeting of Stockholders. The Company reserves the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

Table of Contents**PROPOSAL 1: ELECTION OF DIRECTORS**

Our Amended and Restated Bylaws provide that our Board of Directors shall be elected at the annual meeting of our stockholders, and each director so elected shall hold office until such director's successor is elected and qualified or until such director's earlier death, resignation or removal. Our Board of Directors, at the recommendation of the Nominating and Corporate Governance Committee, has recommended for nomination the nominees for director named below. All of these nominees currently serve as our directors. Each nominee has consented to serve as a nominee, to serve as a director if elected, and to being named a nominee in this Proxy Statement. If a director nominee becomes unavailable before the election, your proxy authorizes the people named as proxies to vote for a replacement nominee if our Board of Directors names one.

Our Amended and Restated Bylaws provide that a director nominee must receive a majority of the votes cast with respect to such nominee in uncontested director elections (i.e., the number of shares voted for a director nominee must exceed the number of shares voted against such nominee). If an incumbent director nominee fails to receive a majority of the votes cast in an uncontested election, the director shall immediately tender his or her resignation to the Board. The Nominating and Corporate Governance Committee of the Board, or such other committee designated by the Board, shall make a recommendation to the Board as to whether to accept or reject the resignation of such incumbent director, or whether other action should be taken. The Board shall act on the resignation, taking into account the committee's recommendation, and publicly disclose its decision regarding the resignation within 90 days following certification of the election results. If the Board accepts a director's resignation, or if a nominee for director is not elected and the nominee is not an incumbent director, the remaining members of the Board may fill the resulting vacancy or may decrease the size of the Board.

There are no family relationships among any of our directors and executive officers. There are no arrangements or understandings between any of our directors and us pursuant to which such director was or is to be selected as a director or nominee. Information related to the compensation of our Board of Directors can be found under [Director Compensation](#) below.

Board Recommendation

Our Board of Directors recommends that you vote FOR each of the nominees to the Board of Directors set forth in this Proposal 1.

Structure of Board of Directors and Corporate Governance Information

Director Independence. We are required to comply with the director independence rules of the NASDAQ Stock Market ([NASDAQ](#)) and the SEC. These rules require that the board of directors of a listed company be composed of a majority of independent directors and that the audit committee, compensation committee and nominating and corporate governance committee be composed solely of independent directors.

Our Board of Directors has determined that each of our directors and director nominees are independent in accordance with applicable NASDAQ and SEC rules other than Messrs. Granger, Mezhvinsky and Scholhamer. Accordingly, a majority of our current Board of Directors is independent as required by NASDAQ rules and, upon election of each of our director nominees at the 2017 Annual Meeting of Stockholders, a majority of our Board of Directors will be independent as required by NASDAQ rules.

In determining the independence of our directors, our Board of Directors considered that Mr. Andreson serves as the Chief Financial Officer of Nanometrics Incorporated, a small customer of UCT. Our Board of Directors determined that Nanometrics' annual purchase from Ultra Clean over each of the past three fiscal years was immaterial to Ultra Clean, and, indirectly, Mr. Andreson (1% or less than Nanometrics or Ultra Clean's annual revenue).

Director Responsibilities. We are governed by our Board of Directors and its various committees that meet throughout the year. Our Board of Directors currently consists of eight directors. During 2016, there were nine meetings of our Board of Directors. We expect directors to attend and prepare for all meetings of the Board of Directors and the meetings of the committees on which they serve. Each of our directors attended more than 75% of the aggregate number of meetings of the Board of Directors and the committees on which he or she served during 2016.

Board Leadership Structure. Our corporate governance guidelines allow for the flexibility to combine or separate the offices of chairman and the chief executive officer to best serve the interests of the Company and its

Table of Contents

stockholders. Mr. Scholhamer serves as the chief executive officer of the Company and Mr. Granger serves as the chairman of our Board of Directors. Our Board of Directors believes our current board leadership structure to be an efficient and successful leadership model for the Company, promoting clear accountability and effective decision-making. The roles of our Chairman and Chief Executive Officer are separated to allow Mr. Scholhamer to develop and execute on our corporate strategy and focus on day-to-day operations and company performance. Our Board of Directors believes that our stockholders benefit from Mr. Granger's service as Chairman due to his deep background and experience in our industry and his knowledge of our operations as our former chief executive officer. Our Board of Directors recognizes that a different leadership model may be warranted under different circumstances. Accordingly, our Board of Directors periodically reviews its leadership structure.

The Board also continually reviews the need for effective independent oversight. Each member of each of our Board of Director's standing committees is an independent director, and each independent director is actively involved in independent oversight. Our independent directors meet in executive session during each regularly scheduled quarterly meeting of our Board of Directors and periodically evaluate both our Chairman and our Chief Executive Officer. All directors have unrestricted access to management at all times and frequently communicate with the Chairman, the Chief Executive Officer and other members of management on a variety of topics. Given the above factors, our Board of Directors has historically determined that our leadership structure is appropriate and has not deemed it necessary to appoint an independent lead director. However, our Board of Directors will continue to periodically consider appointing one of our independent directors as our lead independent director.

Corporate Governance. Our Board of Directors has adopted corporate governance guidelines. These guidelines address items such as the qualifications and responsibilities of our directors and director candidates and the corporate governance policies and standards applicable to us in general. In addition, we have adopted a code of business conduct and ethics that applies to all officers, directors and employees. Our corporate governance guidelines and our code of business conduct and ethics as well as the charters of the Nominating and Corporate Governance Committee, Audit Committee and Compensation Committee are available on our website at <http://uct.com/investors/corporate-governance/>.

Communicating with our Board of Directors. Any stockholder wishing to communicate with our Board of Directors may send a letter to our Secretary at 26462 Corporate Avenue, Hayward, CA 94545. Communications intended specifically for non-employee directors should be sent to the attention of the chair of the Nominating and Corporate Governance Committee.

Annual Meeting Attendance. Our Board of Directors has adopted a policy that all members should attend each annual meeting of stockholders when practical. All of our incumbent directors attended the 2016 Annual Meeting of Stockholders.

Risk Oversight

Our Board of Directors plays an active role, as a whole and also at the committee level, in overseeing the management of our risks. Our Board of Directors regularly reviews reports from the management team on areas of material risk to the Company, including operational, financial, legal and strategic risks. Each of the committees of our Board of Directors also oversees the management of company risks that fall within the committee's areas of responsibility. The Audit Committee periodically reviews risks associated with financial reporting and internal controls, as well as risks associated with liquidity, customer credit, inventory reserves and insurance coverage. The Nominating and Corporate Governance Committee assists the Board in overseeing risks associated with board organization, membership, structure and corporate governance. The Compensation Committee assists the Board in reviewing whether any material risks arise from our compensation programs and in overseeing risks associated with succession planning for our executives.

Table of Contents

A copy of the Audit Committee's charter is available on our website at <http://uct.com/investors/corporate-governance/>.

The current members of the Audit Committee are Barbara V. Scherer (chair), Thomas T. Edman, David T. ibnAle and Jeffrey S. Andreson. Our Board of Directors has determined that each member of the committee satisfies both the SEC's additional independence requirement for members of audit committees and the other requirements of NASDAQ for members of audit committees. The Board of Directors has also concluded that each member of the Audit Committee qualifies as an audit committee financial expert as defined by SEC rules and has the financial sophistication required by NASDAQ. The Audit Committee met four times in 2016.

Compensation Committee. Among other matters, our Compensation Committee:

oversees our compensation and benefits policies generally, including the issuance of equity-based compensation;

evaluates executive officer and other senior executive performance;

Edgar Filing: Ultra Clean Holdings, Inc. - Form DEF 14A

oversees and sets compensation for our executive officers, Board members and other senior executives; and

reviews and recommends inclusion of the Compensation Discussion and Analysis required to be included in our proxy statement by SEC rules.

A copy of the Compensation Committee's charter is available on our website at <http://uct.com/investors/corporate-governance/>. The Compensation Committee's process for deliberations on executive compensation is described below under "Compensation Discussion and Analysis."

As part of our oversight of our executive compensation program and in conjunction with the Compensation Committee, we consider the impact of our executive compensation program and the incentives created by

different elements of the executive compensation program on our risk profile. In addition, we review all of our compensation policies and procedures, including the incentives that they create and factors that affect the likelihood of excessive risk-taking, to determine whether they present a significant risk to the Company. Based on this review, we have concluded that our compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

The current members of the Compensation Committee are David T. ibnAle (chair), Thomas T. Edman and Emily M. Liggett. Our Board of Directors has determined each member of the committee is independent as defined under NASDAQ and SEC rules. The Compensation Committee met six times in 2016.

Nominating and Corporate Governance Committee. Among other matters, our Nominating and Corporate Governance Committee:

reviews and evaluates the size, composition, function and duties of the Board consistent with its needs;

establishes criteria for the selection of candidates to the Board and its committees, and identifies individuals qualified to become Board members consistent with such criteria, including the consideration of nominees submitted by shareholders;

recommends to the Board director nominees for election at our annual or special meetings of stockholders at which directors are to be elected or to fill any vacancies or newly created directorships that may occur between such meetings;

recommends directors for appointment to committees of the Board;

makes recommendations to the Board as to determinations of director independence;

leads the process and assists the Board in evaluating its performance and the performance of its committees; and

Periodically reviews our Corporate Governance Guidelines and Code of Business Conduct and Ethics, and oversees compliance with our Corporate Governance Guidelines.

A copy of the Nominating and Corporate Governance Committee's charter is available on our website at <http://uct.com/investors/corporate-governance/>.

The current members of the Nominating and Corporate Governance Committee are Emily M. Liggett (chair), Thomas T. Edman and Barbara V. Scherer. Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent as defined under NASDAQ. The Nominating and Corporate Governance Committee met six times in 2016.

Consideration of Director Nominees

Director Qualifications. The Nominating and Corporate Governance Committee of the Board operates pursuant to a written charter and establishes membership criteria for the Board and each committee of the Board and recommends to the Board individuals for membership on the Board and its committees. There is no fixed set of qualifications that must be satisfied before a candidate will be considered. Rather, candidates for director nominees are reviewed in the context of the current composition of our Board of Directors, our operating requirements and the interests of our stockholders. In conducting its assessment, the committee considers issues of judgment, diversity, age, skills, background, experience and such other factors as it deems appropriate given the needs of the Company and our Board of Directors. Although we do not have a formal policy with regard to the consideration of diversity, when identifying and selecting director nominees, the Nominating and Corporate Governance Committee also considers the impact a nominee would have in terms of increasing the diversity of our Board of Directors with respect to professional experience, skills, backgrounds, viewpoints and areas of expertise. The Nominating and Corporate Governance Committee also considers the independence, financial

Table of Contents

literacy and financial expertise standards required by our committee charters and applicable laws, rules and regulations, and the ability of the candidate to devote the time and attention necessary to serve as a director and a committee member.

Identifying and Evaluating Nominees for Director. In the event that vacancies are anticipated or otherwise arise, the Nominating and Corporate Governance Committee (or, if the Nominating and Corporate Governance Committee is not comprised solely of independent directors, our independent directors) considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee (or our independent directors) through current directors, professional search firms engaged by us, stockholders or other persons. Candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee (or our independent directors) and may be considered at any point during the year.

Stockholder Nominees. Candidates for director recommended by stockholders will be considered by the Nominating and Corporate Governance Committee (or our independent directors). Such recommendations should include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications for membership on our Board of Directors, information regarding any relationships between the candidate and our Company within the last three years and a written indication by the recommended candidate of the candidate's willingness to serve on our Board of Directors. Stockholder recommendations, with such accompanying information, should be sent to the attention of the Chair of the Nominating and Corporate Governance Committee at the address listed under Information Concerning Solicitation and Voting Contacting Ultra Clean.

Stockholders also may nominate directors for election at our annual meeting of stockholders by following the provisions set forth in our Amended and Restated Bylaws. The deadline and procedures for stockholder nominations are disclosed elsewhere in this proxy statement under the caption Information Concerning Solicitation and Voting Deadline for Receipt of Stockholder Proposals.

Stock Ownership Guidelines; Policy against Hedging Transactions and Pledges

The Board of Directors has adopted stock ownership guidelines for our directors to more closely align the interests of our directors with those of our stockholders. The guidelines provide that each director should hold at least 10,000 shares of our common stock, and that each director be allowed three years from the date such director joined our Board of Directors to accumulate such number of shares of our common stock. All of our directors are currently in compliance with our stock ownership guidelines or are still within the phase in period.

The Company's Insider Trading Policy provides that our securities shall not be made subject to hedge transactions or puts and calls. The Insider Trading Policy further prohibits any pledges of our securities by our directors and executive officers.

Certain Relationships and Related Party Transactions

Transactions with Directors. The Company leases a facility from an entity controlled by Leonid Mezhvinsky, one of our directors. In the year ended December 30, 2016, we incurred rent and other expenses resulting from the lease of this facility of approximately \$251,000.

Related Person Transaction Policy. Our written Related Person Transaction Policy requires our Board of Directors or the Nominating and Corporate Governance Committee to review and approve all related person transactions. Our directors and officers are required to promptly notify our Chief Compliance Officer (which is currently the Chief Financial Officer) of any transaction which potentially involves a related person. Our Board of Directors or the Nominating and Corporate Governance Committee then considers all relevant facts and circumstances, including without limitation the commercial reasonableness of the terms of the transaction, the benefit and perceived benefit, or lack thereof, to the Company, opportunity costs of alternate transactions, the materiality and character of the related person's direct or indirect interest, and the actual or apparent conflict of interest of the related person. Our Board of Directors or the Nominating and Corporate Governance Committee will not approve or ratify a related person transaction unless it has determined that, upon consideration of all relevant information, the transaction is in, or not inconsistent with, the best interests of the Company and its stockholders.

PROPOSAL 2: APPROVAL OF AN AMENDMENT AND RESTATEMENT OF OUR STOCK INCENTIVE PLAN

On April 19, 2017, subject to the approval of our stockholders at the 2017 Annual Meeting, our Board of Directors approved an amendment and restatement of our Amended and Restated Stock Incentive Plan (the "Plan") that would increase the aggregate number of shares of our common stock that may be issued or delivered pursuant to awards granted under our Plan by an additional 2,700,000 shares and extend the term of the Plan to 2027.

The effectiveness of the amendment and restatement of the Plan is subject to approval by our stockholders and is recommended by our Board of Directors. If our stockholders do not approve the proposed amendment and restatement of the Plan, the Plan will run out of authorized and available shares in the near future, which will hinder our ability to offer equity awards to our employees, directors, or consultants.

In addition to approving the changes described in this Proposal 2, approval of this Proposal 2 will also constitute re-approval of the material terms of the Plan and the material terms of the performance goals, including those under "Summary of the Plan" "Performance-Based Awards" below, for purposes of Section 162(m) of the Internal Revenue Code of 1986.

Approval of this Proposal 2 requires the affirmative vote of the holders of a majority of our common stock present in person or represented by proxy at the annual meeting and entitled to vote thereon. Abstentions will have the same effect as negative votes for this proposal.

Stock-based compensation is a fundamental component of our compensation program. Our equity compensation program is designed to attract and retain employees, many of whom view equity incentives as a key component of their compensation. Stock-based compensation encourages and rewards employee performance and helps align employee interests with those of our stockholders. We currently grant stock-based awards to new employees, upon the promotion of certain existing employees, and on an annual basis to certain employees, including our executive officers and other senior employees. We need additional shares in order to ensure that we are able to continue to grant stock-based awards as we hire additional employees and to continue to motivate existing employees and align their interests with those of our stockholders.

We believe that the Plan contains provisions that are consistent with the interests of our stockholders and with our corporate governance practices:

No Stock Option Repricings. The Plan prohibits the repricing of stock options and stock appreciation rights without the approval of our stockholders. This provision applies to both direct repricings (lowering the exercise price of a stock option) and indirect repricings (canceling an outstanding stock option and granting a replacement equity award).

No Discount Stock Options. The Plan prohibits the grant of stock options with an exercise price of less than the fair market value of our common stock on the date the stock option is granted.

No Evergreen Provision. The Plan does not have an evergreen feature. This means we are asking for a specific number of shares now and will not increase that amount without stockholder approval.

Share Recycling. The Plan prohibits the following from being made available for issuance as awards under the Plan: (i) shares not issued or delivered as a result of the net settlement of an outstanding SAR or option; (ii) shares used to pay the exercise price or withholding taxes related to an outstanding option or SAR; or (iii) shares repurchased on the open market with the proceeds of the option exercise price.

Performance-Based Awards. The Compensation Committee has the authority to grant awards so that the shares of common stock subject to those awards will vest only upon the achievement of pre-established corporate performance goals.

Table of Contents

Dividends. The Plan prohibits the granting of dividends on options, stock appreciation rights and unearned performance-based awards.

Summary of Share Increase Impact

In determining the amount of the proposed share increase, the Compensation Committee considered that:

As of February 24, 2017, the equity awards available and outstanding under the Plan, and their respective features, were as follows⁽¹⁾:

Options Outstanding	129,959
Full-Value Awards Outstanding	1,606,036
Shares Available for Grant	675,029
Weighted Average Exercise Price of Outstanding Options	\$ 13.10
Weighted Average Remaining Term of Outstanding Options	0.40

(1) This table excludes the 2,700,000 shares requested in this proposal and all shares associated with our Employee Stock Purchase Plan.

Our stockholders last approved a share increase in May 2013. Since that time, we have granted equity awards representing a total of approximately 2.9 million underlying shares. The number of shares subject to equity awards granted during each year divided by the total weighted-average number of shares outstanding during the applicable year (also referred to as our burn rate) was 2.7%, 2.8% and 3.3% for fiscal years 2014, 2015 and 2016, respectively.

The per share closing price of our common stock on the NASDAQ Global Select Market as of March 31, 2017 was \$16.87.

Because of the importance of stock-based compensation to our compensation program, if we do not increase the shares available for issuance under the Plan, then based on historical usage rates, the available shares would be insufficient to grant annual equity awards to our executives and other employees in 2017.

Based on historical usage and the recent increase in the number of our employees, we estimate that the additional shares would be sufficient for approximately two to three years of awards, assuming we continue to grant awards consistent with our historical usage and current practices. However, because grants are discretionary, the share reserve could last for a longer or shorter period of time.

As of February 24, 2017, (i) the number of shares subject to equity awards outstanding as of February 24, 2017 plus the number of shares remaining available for issuance under our Plan divided by (ii) the number of our shares outstanding as of such date (assuming all outstanding RSUs have vested and all outstanding options have been exercised), was approximately 6.9%. If the additional 2.7 million shares are included, this would be approximately 14.7%.

Summary of the Plan

The primary features of the Plan are summarized below. The Plan, as amended and restated by Proposal 2, is set forth in Annex 1.

Number of Shares. We are requesting that an additional 2,700,000 shares of common stock be reserved for issuance under the Plan. In general, if awards granted under the Plan are forfeited, terminated or cancelled without delivery of shares, then the corresponding common stock will again become available for grant. Shares underlying full-value awards granted after June 10, 2010 have been and will continue to be counted under the Plan as 1.23 shares.

Table of Contents

Eligibility. Directors, employees and consultants of the Company, its subsidiaries and its affiliates are eligible to be granted stock options, restricted stock, restricted stock units, stock appreciate rights and other awards that are denominated or payable in or valued based on our shares of common stock.

Administration. The Plan may be administered by the Board or by a committee of the Board (in either case referred to as the Committee). The Compensation Committee of the Board presently administers the Plan. The Compensation Committee has full power to select, from among the persons eligible for awards, the individuals to whom awards will be granted, determine the type, number, vesting requirements and other features and conditions of each award, interpret the plan, and make all other decisions relating to the operation of the plan.

Stock Options. The Plan permits the granting of stock options that are intended to qualify as incentive stock options (ISOs) under section 422 of the Internal Revenue Code of 1986, as amended (the Code), and nonstatutory stock options (NSOs) that do not so qualify. ISOs may only be granted to employees. The option exercise price will be determined by the Compensation Committee but will not be less than 100% of the fair market value of the common stock on the date of grant (which is defined as the closing price on the day preceding the grant date). The term of each option will be fixed by the Compensation Committee, but may not exceed ten years from the date of the grant. The Compensation Committee may modify, extend or assume outstanding options (except that the Compensation Committee may not directly or indirectly reprice outstanding options without stockholder approval). The Plan provides that no optionee may receive options covering more than 750,000 shares in any calendar year.

Stock Appreciation Rights. The Plan permits the granting of stock appreciation rights, entitling the holder upon exercise to receive an amount in any combination of cash or common stock of the Company (as determined by the Compensation Committee), not greater in value than the increase since the date of grant in the value of the shares covered by such right. The exercise price of stock appreciation rights will not be less than 100% of the fair market value of the common stock on the date of the grant and stock appreciation rights shall have a maximum term of ten years from the date of grant. The Plan provides that no participant may receive stock appreciation rights covering more than 750,000 shares in any calendar year.

Restricted Stock. Restricted shares of our common stock may be sold or awarded by the Compensation Committee subject to such conditions and restrictions as they may determine which may include the attainment of performance goals. To the extent that an award consists of newly issued restricted shares, the consideration will consist of cash, cash equivalents, or past services rendered, as the Compensation Committee may determine. The holders of restricted shares awarded under the Plan have the same voting, dividend and other rights as holders of common stock, except that the Plan prohibits the granting of dividends on unearned performance awards.

Restricted Stock Units. Restricted stock units representing the equivalent of shares of common stock may be granted. Stock units have no voting rights unless and until shares of stock are issued pursuant to the terms of the stock unit award. Vesting and dividend rights of stock units are determined by the Compensation Committee. No cash consideration is required to be paid by stock unit award recipients.

Performance-Based Awards. In the event the Compensation Committee determines it is important to assure that the compensation attributable to one or more issuances under the program will qualify as performance-based compensation which will not be subject to the \$1 million limitation on the income tax deductibility of the compensation paid per executive officer which is imposed under Section 162(m) of the Code, the Compensation Committee has the authority to structure one or more share right awards so that the shares of common stock subject to those awards will be issuable upon the achievement of certain pre-established corporate performance goals. The performance goals may consist of any of the following: (1) net sales or product and product related revenue; (2) earnings from operations, earnings before or after taxes, earnings before or after interest, depreciation, amortization or extraordinary or special items; (3) net income or net income per Common Share (basic or diluted); (4) return on assets, return on investment, return on capital, or return on equity; (5) cash flow, free cash flow, cash flow return on investment, or net cash provided by operations; (6) interest expense after

taxes; (7) operating margin; (8) share price or total stockholder return; and (9) strategic business criteria (including without limitation meeting specified market penetration, geographic business expansion goals, cost targets, customer satisfaction, employee satisfaction; management of employment practices and employee benefits; and goals relating to acquisitions or divestitures of business units of the Company or of affiliates). The targeted level or levels of performance with respect to such business criteria may be established at such levels and in such terms as the Compensation Committee may determine, in its discretion, including in absolute terms, as a goal relative to performance in prior periods, or as a goal compared to the performance of one or more comparable companies or an index covering multiple companies. The Compensation Committee will determine the performance goals for any individual award and will be responsible for reviewing and approving the assessment of achievement of those goals. Performance-based awards granted to any person may not represent more than 750,000 shares in any calendar year.

Other Equity-Based Awards. The Compensation Committee may determine to grant other equity-based awards, subject to the terms of the Plan.

Change of Control. The Compensation Committee may determine, at the time of granting an award or thereafter, that such award will become exercisable or vested as to all or part of the shares of common stock subject to such award in the event that a change in control occurs with respect to the Company.

Anti-Dilution Provisions. In the event of a stock dividend, stock-split, reverse stock split, combination or reclassification of shares, or any other increase or decrease in the number of outstanding shares, the Compensation Committee shall make a corresponding adjustment to the number or exercise price of the options, restricted stock, stock units or stock appreciation rights awarded and the number of shares awardable pursuant to the Plan.

Future of the Plan. The Board may amend or terminate the Plan at any time. If required by applicable law or regulation (including NASDAQ requirements), we will seek stockholder approval of the amendment. We are requesting that the term of the Plan be extended so that, if not terminated earlier, the Plan will terminate on June 10, 2027.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences certain types of equity awards under the Plan and does not attempt to describe all possible federal or other tax consequences of participation in the Plan or tax consequences based on particular circumstances.

Neither the optionee nor the Company incurs any federal tax consequences as a result of the grant of an option granted at fair market value on the grant date. The optionee has no taxable income upon exercising an ISO (except that the alternative minimum tax may apply), and we receive no deduction when an ISO is exercised. The tax treatment of a disposition of shares acquired on exercise of an ISO depends on how long the shares have been held. If the shares are sold more than two years after the option grant date and more than one year after the exercise date, then the optionee will recognize long-term capital gain. If the shares are sold before these two periods are satisfied, the optionee recognizes ordinary income equal to the spread on the date of exercise, and any additional gain or loss will be capital gain or loss. The Company is not entitled to a deduction in connection

Table of Contents

with a disposition of option shares, except in the case of a disposition of shares acquired under an ISO before the applicable holding periods have been satisfied. Upon exercising an NSO, the optionee generally must recognize ordinary income equal to the spread between the exercise price and the fair market value of our common stock on the date of exercise, and the Company ordinarily will be entitled to a deduction for the same amount to the extent permitted by applicable tax laws. In the case of an employee, the option spread when an NSO is exercised is subject to income tax withholding. Any additional gain or loss at the time of disposition of shares acquired on exercise of an NSO will be capital gain or loss.

Generally, stock-based awards such as restricted stock, restricted units and stock appreciation rights will be taxed as ordinary income to the recipient upon vesting or settlement, as applicable, with the Company being eligible for a corresponding tax deduction to the extent permitted by applicable tax laws.

Our Board of Directors unanimously recommends that you vote FOR the approval of the proposed share increase to the Plan.

Notwithstanding any statement to the contrary in any of our previous or future filings with the Securities and Exchange Commission, this report of the Audit Committee of our Board of Directors shall not be deemed filed with the Securities and Exchange Commission or soliciting material under the Securities Exchange Act of 1934, as amended, and shall not be incorporated by reference into any such filings.

The Audit Committee, which currently consists of Barbara V. Scherer, Thomas T. Edman, Jeffrey S. Andreson and David T. ibnAle, evaluates audit performance, manages relations with our independent registered public accounting firm and evaluates policies and procedures relating to internal accounting functions and controls. The key responsibilities of our Audit Committee are set forth in our Audit Committee's charter, which is available on our website at <http://uct.com/investors/corporate-governance/>. This report relates to the activities undertaken by the Audit Committee in fulfilling such responsibilities.

The Audit Committee members are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee oversees our financial reporting process on behalf of our Board of Directors. Our management has the primary responsibility for the financial statements and reporting process, including our systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in the Annual Report on Form 10-K for the year ended December 30, 2016. This review included a discussion of the quality and the acceptability of our financial reporting and internal control over financial reporting, including the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with our independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of our financial reporting and such other matters required to be discussed with the Audit Committee under generally accepted auditing standards in the United States including Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380, as adopted by the Public Company Accounting Oversight Board (the PCAOB) in Rule 3200T). The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee discussed with the independent registered public accounting firm such auditors' independence from management and Ultra Clean, including the matters in such written disclosures required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence.

The Audit Committee further discussed with our independent registered public accounting firm the overall scope and plans for their audits. The Audit Committee meets periodically with the independent registered public accounting firm, with and without management present, to discuss any significant matters regarding internal control over financial reporting that have come to their attention during the audit, and to discuss the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors and our Board of Directors approved that the audited financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations be included in the Annual Report on Form 10-K for the year ended December 30, 2016, as filed with the Securities and Exchange Commission on March 15, 2017.

PROPOSAL 4: ADVISORY VOTE APPROVING THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

This proposal provides you with an opportunity to cast a non-binding advisory vote approving the fiscal 2016 compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC in this proxy statement, including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures. Depending on the outcome of the non-binding advisory vote of our stockholders at our 2017 Annual Meeting of Stockholders on Proposal 5, we expect to hold a non-binding advisory vote on executive compensation annually until our next non-binding advisory vote on the frequency of stockholder advisory votes on executive compensation, which is required no later than our 2023 Annual Meeting of Stockholders.

The affirmative vote of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on this item will be required to approve, by an advisory vote, the compensation of our named executive officers. Abstentions will have the same effect as negative votes for this proposal. Although, as an advisory vote, this proposal is not binding on us or our Board of Directors, the Compensation Committee and our Board of Directors value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions.

As described in detail under the heading Compensation Discussion and Analysis, our executive compensation programs are designed to attract, motivate and retain our named executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of specific short-term and long-term goals. We believe our 2016 executive compensation is appropriate. Please see the Compensation Discussion and Analysis beginning on page 27 for additional details about our executive compensation philosophy and programs, including information about the fiscal 2016 compensation of our named executive officers. This advisory vote is not intended to address any specific item of compensation, but rather the overall compensation principles and practices and the fiscal 2016 compensation of our named executive officers.

Board Recommendation

Our Board of Directors recommends that you vote FOR the approval of the compensation of the named executive officers for fiscal 2016 as disclosed pursuant to the compensation disclosure rules of the SEC, which disclosure includes the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures in this proxy statement.

PROPOSAL 5: ADVISORY VOTE RECOMMENDING THE FREQUENCY OF ADVISORY STOCKHOLDER VOTES ON EXECUTIVE COMPENSATION

This proposal provides you with an opportunity to cast a non-binding advisory vote as to the frequency of the stockholder vote to provide an advisory approval of the compensation of the named executive officers. You have the option to recommend that this vote should occur every one, two or three years, or to abstain from voting on this matter.

Although, as an advisory vote, this proposal is not binding on us or our Board of Directors, the Compensation Committee and our Board of Directors value the opinions of the stockholders and will consider the outcome of the vote when determining the frequency of the stockholder vote on executive compensation.

After careful consideration of this proposal, our Board of Directors has determined that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for us, and therefore our Board of Directors recommends that you vote for a one-year interval for the advisory vote on executive compensation.

The affirmative vote of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the item will be required to approve, by an advisory vote, the frequency of a stockholder vote on the compensation of our named executive officers. Abstentions will increase the number of shares present in person or by proxy and entitled to vote from which a majority is to be calculated for this proposal. Our Board of Directors will consider the frequency of the stockholder vote receiving the greatest number of votes to be the frequency recommended by our stockholders.

Board Recommendation

Our Board of Directors unanimously recommends that you vote for every 1 YEAR as the frequency with which stockholders are provided an advisory vote on executive compensation, as disclosed pursuant to the compensation disclosure rules of the SEC.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program and Philosophy

Our compensation program is intended to meet three principal long-term objectives:

1. attract, reward and retain officers and other key employees;
2. motivate key employees to achieve short-term and long-term corporate goals that enhance stockholder value; and
3. promote pay for performance, internal equity and external competitiveness.

To meet these objectives, we have historically adopted the following overriding long-term compensation policies:

Pay compensation that is competitive with the practices of similarly situated electronics manufacturing services (EMS) companies and the practices of similar companies noted in industry surveys; and

Pay for performance by:

offering cash incentives upon achievement of performance goals we consider challenging but achievable; and

providing significant, long-term incentives in the form of equity incentives, in order to retain those individuals with the leadership abilities necessary for increasing long-term stockholder value while aligning the interests of our officers with those of our stockholders.

Our Compensation Committee considers these policies in determining the appropriate allocation of long-term compensation, base salaries, annual bonus compensation and other benefits. Other considerations include our business objectives and environment, fiduciary and corporate responsibilities (including internal equity considerations and affordability), competitive practices and trends, regulatory requirements, and the mitigation of risks associated with these policies. In determining the particular elements of compensation that will be used to implement our overall compensation policies, the Compensation Committee takes into consideration a number of factors related to corporate performance, as further described below, and the practices of similar companies noted in industry surveys.

Fiscal 2016 Key Considerations

Our fiscal 2016 compensation decisions, on an aggregate basis, primarily reflected the state of our business (and in particular, the state of the semiconductor industry), our share price, the state of the global economy and the demand for our products in the industries we served during fiscal 2016. Our sales were \$562.8 million for fiscal 2016, representing an increase of 20.0% compared to \$469.1 million in sales for fiscal 2015. Our sales for fiscal 2015, however, represented a decrease of 8.7% compared to \$514.0 million in sales for fiscal 2014. Our gross profit and operating income also increased 15.4% and 283.3%, respectively, in fiscal 2016 compared to fiscal 2015, but decreased 2.9% and 67.9%, respectively, in fiscal 2015 compared to fiscal 2014. Our average closing stock price was \$6.55, \$6.79 and \$9.94 in fiscal 2016, 2015 and 2014, respectively, and was between \$4.77 and \$5.86 at the time compensation decisions were made for 2016. Overall, our Compensation Committee set target total compensation at levels relatively consistent with prior years, with actual compensation impacted by changes in sales and profitability.

Edgar Filing: Ultra Clean Holdings, Inc. - Form DEF 14A

On an individual basis, our fiscal 2016 compensation decisions primarily reflected the importance of our top executives (primarily our chief executive officer and our chief financial officer) to our business and their roles in guiding the Company's operations. The Compensation Committee considers these executives, particularly our

Table of Contents

chief executive officer, to be our primary strategic decision makers and primarily responsible for our overall performance. The Board promoted Ms. Sheri Brumm to chief financial officer in July 2016, upon the resignation of our prior president and chief financial officer. Ms. Brumm was formerly our senior vice president, finance and chief accounting officer, a role she was promoted to in February 2016. For Ms. Brumm's initial promotion to senior vice president, finance and chief accounting officer in February 2016, the Compensation Committee approved a compensation package that included a base salary of \$265,000 and grant of 15,000 restricted stock units that vest in three equal installments on each anniversary of the grant date, subject to the terms and conditions of our Stock Incentive Plan. Then, in July 2016, pursuant to Ms. Brumm's offer letter approved by the Compensation Committee, Ms. Brumm's annual base salary was increased to \$300,000, with an annual target bonus equal to 75% of her base salary, and she was granted a promotional award of restricted stock units with an approximate value of \$750,000 (equivalent to 121,360 shares) that vest in three equal installments on each anniversary of the grant date, subject to the terms and conditions of our Stock Incentive Plan. Ms. Brumm is also eligible for certain severance and change in control benefits, as described under "Post-Termination Arrangements" below.

In connection with his resignation as our president and chief financial officer in July 2016, the Company and Mr. Eichler entered into a Transition Agreement and Release of Claims (the "Transition Agreement"), pursuant to which, subject to a release of claims, Mr. Eichler received a lump sum cash payment equal to approximately \$550,000 and accelerated vesting of 126,542 of his outstanding restricted stock units in connection with his resignation. These amounts were determined and approved by our Compensation Committee based on negotiations with Mr. Eichler and were consistent in value with what Mr. Eichler would have received under our Severance Policy for Executive Officers described further below.

Consistent with prior years, each of our named executive officers were eligible for cash incentive compensation and performance-based equity awards based on our results of operations, thus tying compensation to our performance. The Compensation Committee also considers that the value to our executive officers of their long-term equity incentive awards increases with our stock price, providing our executives with further opportunity to increase the value of the compensation they ultimately realize, while aligning their incentives more closely with stockholder value.

Stockholder Votes

At our 2016 annual meeting of stockholders, the stockholders approved our non-binding advisory vote on our fiscal 2015 executive compensation program ("say-on-pay"). After considering our say-on-pay voting results and other factors addressed in the subsequent discussion, the Compensation Committee determined not to make changes to our executive compensation policies and practices as a result of the vote. At our fiscal 2011 annual meeting of stockholders, a majority of the stockholders voted to have the non-binding say-on-pay advisory vote appear annually in our proxy statement. Our Board of Directors considered the results of the vote and agreed with the results. Therefore, we are including the non-binding say-on-pay advisory vote on our executive compensation in this year's proxy. Executive compensation decisions for fiscal 2016 and other details are discussed below in this compensation discussion and analysis.

Process for Determining Executive Compensation

The Compensation Committee meets with our chief executive officer and other executives, including our senior vice president of human resources, as necessary, to obtain recommendations with respect to Company compensation programs, practices and packages. The chief executive officer, in consultation with our senior vice president of human resources, develops recommendations that he makes to the Compensation Committee on executive performance, base salary, bonus targets and equity compensation for the executive team and other employees, other than himself. Our senior vice president of human resources also meets directly with the Compensation Committee (including outside the presence of our chief executive officer) to assist the Compensation Committee in its decision-making process, including its analysis of broad-based data from third-

Table of Contents

party industry surveys and other data on executive compensation. Although the Compensation Committee considers management's recommendations with respect to executive compensation, the Compensation Committee makes all final decisions on executive compensation matters.

Our chief executive officer and senior vice president of human resources attend most of the Compensation Committee's meetings, but the Compensation Committee also holds executive sessions not attended by any members of management or non-independent directors. The Compensation Committee deliberates and makes decisions with respect to performance and compensation without the chief executive officer and the Company's other executives present. The Compensation Committee has the ultimate authority to make decisions with respect to the compensation of our executive officers, but may, if it chooses, delegate some of its responsibilities to subcommittees. The Compensation Committee has not in the past delegated authority with respect to the compensation of executive officers. The Compensation Committee has delegated to the chief executive officer the authority to grant equity awards to employees below the level of corporate vice president under guidelines approved by the Compensation Committee and to make salary adjustments and short-term bonus decisions for employees (other than executive officers) under guidelines approved by the Compensation Committee.

The Compensation Committee has the sole authority to retain and terminate independent legal, financial, accounting or other advisors, including compensation consultants, as it determines necessary to carry out its duties, without conferring with or obtaining the approval of management or the full Board of Directors, including the sole authority to approve the fees and other retention terms of any such advisor. The Compensation Committee also utilizes data from industry surveys on executive compensation to assist it in its determination of executive compensation, as discussed above.

Elements of Compensation

The following are the primary elements of our executive compensation program:

- (i) base salary;
- (ii) annual performance-based cash incentive opportunities;
- (iii) long-term incentives through equity awards; and
- (iv) retirement and welfare benefit plans, including a deferred compensation plan, a 401(k) plan, limited executive perquisites and other benefit programs generally available to all employees.

We have selected these elements because each is considered useful and/or necessary to meet one or more of the principal objectives of our compensation policy. For example, base salary and bonus target percentages are set with the goal of attracting employees and adequately compensating and rewarding them for their individual performance, level of responsibility, experience and the Company's annual financial results, while our equity programs are geared toward providing incentives and rewards for the achievement of long-term business objectives and retaining key talent. We believe that these elements of compensation, when combined, are effective, and will continue to be effective, in achieving the objectives of our compensation program.

The Compensation Committee reviews base salary, cash incentive programs and long-term incentive programs on at least an annual basis. Other programs are reviewed from time to time to ensure that benefit levels remain competitive but are not included in the annual determination of an executive's compensation package. In setting compensation levels for a particular executive, the Compensation Committee takes into consideration the proposed compensation package as a whole and each element individually, as well as the executive's past and expected future contributions to our business.

Although our Compensation Committee did not engage a compensation consultant to develop a peer group or benchmark our executive compensation on an executive-by-executive basis for fiscal 2016 compensation decisions, our long-term goal has historically been to target total compensation, including base salaries, cash

Table of Contents

incentive awards and equity awards near the 50th percentile among similar companies. To achieve this, our goal has historically been to allocate total compensation such that cash compensation (including base pay and annual bonus) falls between the 25th and 50th percentile of such companies, and time and performance-based equity awards, which provide our executives with long-term incentives, fall between the 50th and 75th percentile among such companies, consistent with our long-term pay-for-performance objectives and focusing on creation of long-term stockholder value. Notwithstanding these long-term compensation objectives, the Compensation Committee considers uncertainty in the macroeconomy and cyclicity in the industries we serve, among other factors, in determining compensation packages for our executive officers, and in recent years, these considerations have resulted in compensation that our Compensation Committee believes are below our long-term target percentiles when compared to similar companies. In addition, the Compensation Committee considers our stock price in determining to grant equity incentive awards, so as to provide competitive long-term incentives but avoid excess dilution. The Compensation Committee has engaged an independent compensation consultant, Aon Hewitt Radford, to assist the Compensation Committee in reviewing our long-term compensation philosophy and to develop a peer group and benchmark our executive compensation decisions for fiscal 2017 executive compensation decisions.

Cash Compensation

Base salaries and cash bonuses are a significant portion of our executive compensation package. We believe this cash compensation helps us remain competitive in attracting and retaining executive talent. Bonuses also are paid in order to motivate officers to achieve our business goals. The Compensation Committee also considers other factors such as job performance, responsibilities, skill set, prior experience, internal consistency regarding pay levels for similar positions or skill levels within the Company, and external pressures to attract and retain talent. In setting executive compensation, including the performance goals upon which certain components of our executive compensation is based, the Compensation Committee also takes into account the cyclical nature of our business and the state of our industry and the economy in general.

Base Salaries. In fiscal 2016, the Compensation Committee determined to maintain the base salary of our chief executive officer at \$430,000. Prior to his departure as our president and chief financial officer in July 2016, Mr. Eichler's base salary was \$370,000, which was unchanged since fiscal 2015. Ms. Brumm's base salary upon her promotion to serve as our chief financial officer became \$300,000. These levels were set after considering the significance of the roles of these executives in our overall management for fiscal 2016 and the Compensation Committee's determination of the correlation of their responsibilities with our overall corporate operating performance. In setting Ms. Brumm's compensation for fiscal 2016 below that of our out-going president and chief financial officer, the Compensation Committee considered that Ms. Brumm had less experience than our out-going president and chief financial officer as a first time chief financial officer, and that she would not be taking on the role of president. Michael Henderson also joined us as our senior vice president of engineering in May 2016. Mr. Henderson's base salary as determined by our Compensation Committee became \$300,000. For the remainder of our named executive officers, the Compensation Committee determined to increase base salaries modestly by approximately 3%. In determining to increase base salaries for fiscal 2016, the Compensation Committee considered industry survey data on executive compensation for similarly situated executives. Overall, the Compensation Committee determined that the base salary levels/increases were consistent with the Company's overall compensation objectives and appropriate to retain our executives at a point in time at which the Company had positive results for fiscal 2015 and the semiconductor equipment industry was beginning to recover.

Incentive Bonuses. Our Management Bonus Plan awards participants with cash incentives in the event we achieve specified levels of operating income. All of the Company's employees with a title of director and above are eligible to participate in the Management Bonus Plan. In fiscal 2016, we paid cash incentive bonuses on the basis of the quarterly achievement of target operating income for fiscal 2016, which targets were similar to achievement levels for fiscal 2015, as set forth in the table below. For fiscal 2016, for purposes of our

Table of Contents

Management Bonus Plan, operating income refers to operating income calculated in accordance with accounting principles generally accepted in the United States, but excluding the non-cash amortization costs and other non-recurring expenses relating to our acquisitions.

* Operating income must be at least 3% of revenue for the plan to be funded in any given quarter. If operating income is above 3% and is in between percentages in the table above, the percentage of operating income distributed to participants is prorated between the applicable amounts shown above.

Bonuses under the Management Bonus Plan are calculated and paid on a quarterly basis, which we believe to have a positive effect on employee morale. Each quarter, we calculate the total available pool of cash incentive bonuses using the Percentage of Operating Income Distributed as Cash Incentive Compensation as discussed above. For the four quarters of fiscal 2016, our aggregate quarterly bonuses were paid based on the following:

Quarter in Fiscal 2016	Operating Income as a Percentage of Revenue (1)	Percentage of Operating Income Earned Under Management Bonus Plan
First	0.8%	0.0%
Second	4.0%	5.0%
Third	6.1%	6.2%
Fourth	8.7%	8.2%

(1) Excludes non-cash amortization costs and other non-recurring expenses relating to our acquisitions.

Table of Contents

Once the available pool is determined for a given fiscal quarter as described above, the pool is then allocated among the participants in the plan, including our participating named executive officers, in accordance with each individual participant's target bonus percentage, which is calculated as a percentage of base salary. For fiscal 2016, the target bonus percentages and actual paid bonuses as a percentage of base salary for each of our named executive officers were as follows:

Named Executive Officer	Target Bonus as a Percentage of Base Salary		Actual Bonus Earned as a Percentage of Base Salary	Actual Bonus Earned as a Percentage of Base Salary
	2016	2015	2016	2015
James P. Scholhamer	100%	100%	70%	34%
Kevin C. Eichler	75%	75%	7%*	25%
Sheri Brumm	75%	n/a**	46%	n/a**
Lavi A. Lev	40%	40%	28%	13%
Mark G. Bingaman	40%	40%	28%	13%
Michael R. Henderson	40%	n/a**	26%	n/a**

* Mr. Eichler resigned from our Company in July 2016 and was therefore only eligible to participate in our bonus plan for the first and second quarters of fiscal 2016.

** Ms. Brumm and Mr. Henderson were not executive officers for fiscal 2015.

If the available pool is not sufficient to allocate each participant a bonus equal to his or her target bonus percentage multiplied by his or her base salary for the quarter (full payout), then the available pool is allocated among each participant in the plan based on the ratio of that participant's full payout to the aggregate of full payouts for all participants. If the available pool exceeds the amount necessary to allocate each participant his or her full payout, then the excess is allocated among participants in the same manner as shortfalls. The maximum allowable bonus for any quarter is two times (200%) a participant's full payout amount.

The Compensation Committee believes that operating income is the most appropriate metric upon which to base cash incentive bonuses due to the fact that it is highly correlated with both revenue growth and profitability, as well as being the measure of operating results for which our executives can be held most accountable, and thus is the most effective measure of their overall performance. The Compensation Committee also believes operating income to be an appropriate metric based on its historical correlation with our public share price.

The Compensation Committee reviews the Management Bonus Plan achievement levels quarterly, considering projected operating results under the Company's annual operating plan and other factors discussed below.

Target bonus percentages are reviewed and approved on an annual basis for each named executive officer and established based on each named executive officer's role and level of responsibility within the organization. The Compensation Committee determined that target levels for our named executive officers were appropriate for fiscal 2016 due to the significance of these executives' roles in our overall management for fiscal 2016, their status as our most senior executives and the Compensation Committee's determination of the correlation of their responsibilities with our overall corporate operating performance. The Compensation Committee set the bonus target percentage for Ms. Brumm following her promotion and for Mr. Henderson upon his hiring, based upon negotiation with such executives, and set the bonus target percentages for the remaining named executive officers at levels consistent with the prior year.

Target bonus percentages are used primarily to allocate the available bonus pool under our Management Bonus Plan among the plan participants each quarter, and do not necessarily reflect the actual amount of bonuses as a percentage of base salary we are targeting for our named executive officers. The Compensation Committee approves the achievement levels and target bonus percentages after considering the potential bonus pool available under the Management Bonus Plan at various levels of operating performance.

Table of Contents

Overall, the Compensation Committee seeks to tie a significant proportion of cash compensation to performance, while factoring in our current and expected financial results given current and expected business conditions and the cyclical nature of the semiconductor equipment industry. The Compensation Committee also recognized that the Management Bonus Plan provides increased cash payments to our executives if we achieve results above targets, providing our executives an opportunity to achieve higher cash compensation for performance above expectations. We intend the performance goals to be challenging and to reflect strong corporate performance. An executive must remain an employee through the time the bonus is paid in order to be eligible for any bonus under the Management Bonus Plan.

Generally, bonuses are paid under our Management Bonus Plan only if the performance goals described above, which the Compensation Committee generally sets at the beginning of the fiscal year, are achieved, although the Compensation Committee retains the ability to revise performance measures during the year or to adjust bonuses based on extraordinary events or individual performance. Consistent with our pay-for-performance philosophy, bonuses for fiscal 2016 were paid out in accordance with the performance goals described above, without adjustment. Actual bonuses for our incumbent named executive officers as a percentage of base salary for 2016 were generally higher than for 2015 due to our achievement of substantially improved operating results in fiscal 2016 as compared to fiscal 2015. Actual quarterly bonuses earned for the four quarters for fiscal 2015 ranged from 0% to 56% of target. However, beginning in the second quarter of fiscal 2016, revenue and operating profits increased significantly quarter-on-quarter, resulting in earned bonuses ranging from 0% to 164% of target for the four quarters of fiscal 2016. The average bonuses earned for fiscal 2015 were 33% of target compared to 73% of target for fiscal 2016. See Summary Compensation Table below.

Equity Compensation

Our equity compensation program is intended to align the interests of our officers with those of our stockholders by creating an incentive for our officers to maximize stockholder value. The equity compensation program also is designed to encourage our officers to remain employed with us in a very competitive labor market. The Compensation Committee regularly monitors the changes in the business environment in which we operate and periodically reviews changes to our equity compensation program to help us meet our goals, which include the achievement of long-term stockholder value.

Types of Equity Awards. In fiscal 2016, consistent with recent years, we granted our named executive officers restricted stock units, or RSUs, which we believe are effective in retaining and motivating employees because they provide a predictable, tangible value to employees while also serving as an incentive to increase the value of our stock. RSUs are also an efficient way for us to reduce the dilutive effects of equity awards. We grant both time-based and performance-based RSUs to our executive officers. The Compensation Committee believes this combination provides a balance between awards that provide high incentive value (in the form of performance-based RSUs, which will only vest if we meet performance criteria combined with service requirements) and awards that provide high retention value (in the form of time-based RSUs, which will have at least some value over time while imposing continued service requirements, and requiring time-based vesting of the earned performance units). In fiscal 2016, the Compensation Committee granted the following long-term equity awards to our named executive officers:

Named Executive Officer	Time-based RSUs	Performance- based RSUs
James P. Scholhamer	75,000	75,000
Kevin C. Eichler	100,000	100,000
Sheri Brumm	173,860	12,500
Lavi A. Lev	30,000	10,000
Mark G. Bingaman	29,500	7,500
Michael R. Henderson	50,000	

Table of Contents

The number of equity awards the Compensation Committee granted to each executive officer in fiscal 2016 was determined based on a variety of factors. In deciding the awards for fiscal 2016, the Compensation Committee considered each individual executive's job performance, but primarily his or her level of job responsibility. The Compensation Committee also considered the use of long-term equity awards as a means to retain and incentivize executives. The number of equity awards granted is also influenced by our stock price at the time the awards are granted, as well as new hirings and promotions.

The number of RSUs granted to Mr. Scholhamer in 2016 decreased in comparison to the number of RSUs he received in fiscal 2015. Mr. Scholhamer received a significant new hire grant in 2015 upon his appointment as our chief executive officer. In 2016, Mr. Scholhamer's grant decreased when compared to 2015, and was based on the market value of the grant at that time, which was considerably higher than in 2015. The fiscal 2016 grant of RSUs to Mr. Eichler was determined by our Compensation Committee at the beginning of fiscal 2016 and exceeded the grant to Mr. Scholhamer based on Mr. Eichler's experience and strong performance for fiscal year 2015 and in recognition of the significance of his role in our organization as our president and chief financial officer. Mr. Scholhamer's fiscal 2016 refresh grant was also lower than the grant to Ms. Brumm in fiscal 2016 due to Ms. Brumm's promotional grants. The Compensation Committee determined to grant Ms. Brumm 15,000 RSUs as a promotional grant for her additional responsibilities and role as our senior vice president of finance and chief accounting officer, and 121,360 additional RSUs as a promotional grant for her additional responsibilities and role as our chief financial officer. The grant date fair value of fiscal 2016 RSUs granted to our other named executive officers (which are set forth in the Summary Compensation Table below), otherwise remained generally consistent as compared to the grant date fair value of RSUs granted in fiscal 2015.

The equity awards granted during fiscal 2016 to our named executive officers are set forth in detail under Grants of Plan-Based Awards below. All time-based RSUs granted to our named executive officers (except to our chief executive officer) in fiscal 2016, and all performance-based RSUs earned based on fiscal 2016 performance, vest over a period of 3 years from the grant date in equal annual installments.

Promotional and New Hire Grants.

The Compensation Committee's policy has been to make promotional grants on solely a time-based vesting schedule to enhance retention.

Annual Refresh Grants.

The mix of time-based and performance-based awards for annual refresh grants made in fiscal 2016 was consistent with prior years. In allocating equity awards between time-based and performance-based awards, the Compensation Committee considers each named executive officer's level of responsibility, and the relationship between that named executive officer's performance and our public share price. Consistent with prior years, the Compensation Committee determined that 50% of the annual refresh equity awards that were granted to our chief executive officer and our president and chief financial officer would consist of performance-based awards because their roles focus more on overall corporate performance than our other incumbent named executive officers. For our other incumbent named executive officers, the Compensation Committee determined that 25% of the equity awards would consist of performance-based awards. Performance-based awards granted in fiscal 2016 to our named executive officers are earned according to the following performance criteria. For fiscal 2016, for purposes of our performance-based awards, operating income is calculated consistent with our Management Bonus Plan.

% earned	0%	60%	65%	70%	75%	80%	85%	90%	95%	100%
Operating income (in thousands)	below \$ 15,620	\$ 15,620	\$ 16,992	\$ 18,224	\$ 19,526	\$ 20,827	\$ 22,129	\$ 23,431	\$ 24,732	at or above \$ 26,034

The Compensation Committee determined, based on our actual results for fiscal 2016, that 100% of the performance-based awards granted to eligible named executive officers in fiscal 2016 were earned. Because Mr. Eichler resigned in July 2016, his fiscal 2016 performance-based award was forfeited.

Table of Contents

Grant Practices. We have implemented procedures to regularize our equity award grant process, such as making new hire grants and annual executive grants on the same day each month. The Compensation Committee has not granted, nor does it intend in the future to grant, equity compensation awards to executives in anticipation of the release of material nonpublic information that is likely to result in changes to the price of our common stock, such as a significant positive or negative earnings announcement. Similarly, the Compensation Committee has not timed, nor does it intend in the future to time, the release of material nonpublic information based on equity award grant dates. Because our equity awards typically vest over multiple years, we believe recipients are motivated to see our stock price rise in the long-term rather than benefit from an immediate but short-term increase in the price of our stock following a grant.

Other Benefit Plans

Deferred Compensation. We maintain a non-qualified deferred compensation plan, which allows eligible employees, including executive officers and directors, to voluntarily defer receipt of the portion of his/her salary above a specified amount and all or a portion of a bonus payment until the date or dates elected by the participant, thereby allowing the participating employee to defer taxation on such amounts. This plan gives highly compensated employees the opportunity to defer more compensation than they would otherwise be permitted to defer under a tax-qualified retirement plan, such as our 401(k) plan. We believe that deferred compensation is a competitive practice to enable us to attract and retain top talent. We do not make matching or other employer contributions to the deferred compensation plan because we believe the deferral opportunity is enough of a benefit on its own.

Executive Perquisites. In addition to health care coverage that is generally available to our other employees, our executive officers are eligible for annual physical examinations more extensive than under the Company's standard plans. Our chief executive officer received a car allowance. Because Mr. Lev relocated to Singapore to serve as our senior vice president of Asia, we agreed to provide Mr. Lev with a housing and car allowance. In addition, we agreed to make Mr. Lev whole for any income taxes for which he is responsible above that which he would be responsible for if he received a comparable salary as a resident of the United States. No such tax equalization payments were made to Mr. Lev for fiscal 2016. See Summary Compensation Table below for more information.

Other Benefits. We also offer a number of other benefits to the executive officers pursuant to benefit programs that provide for broad-based employee participation. For example, our retirement plan is a tax-qualified 401(k) plan, which is a broad-based employee plan. Under the 401(k) plan, all participating employees (including executive officers) are eligible to receive limited matching contributions that are subject to vesting over time.

The main objectives of our benefits programs are to give our employees access to quality healthcare, financial protection from unforeseen events, assistance in achieving retirement financial goals, enhanced health and productivity and to provide support for global workforce mobility, in full compliance with applicable legal requirements. These generally available benefits typically do not specifically factor into decisions regarding an individual executive's total compensation or equity award package.

Post-Termination Arrangements

Our post-termination arrangements are described in this proxy statement below. We believe the severance benefits under these agreements or policies are reasonable in amount, and provide a protection to key executive officers who would be likely to receive similar benefits from our competitors. The Compensation Committee reviews the potential costs and triggering events of employment and severance agreements and policies before approving them and will continue to consider appropriate and reasonable measures to encourage retention.

Accounting and Tax Considerations

In designing its compensation programs, the Compensation Committee generally considers the accounting and tax effects as well as direct costs. For example, we intend to limit the accounting expense for our equity compensation programs in an amount determined by the Compensation Committee from time to time. When

Table of Contents

determining how to apportion between differing elements of compensation, the goal is to meet our compensation objectives while maintaining cost neutrality. For example, if we increase benefits under one program resulting in higher compensation expense, we may seek to decrease costs under another program based on our determination of the affordability level. We recognize a charge to earnings for accounting purposes when equity awards are granted. The Compensation Committee considers the impact to dilution and overhang when making decisions pertaining to equity instruments.

We do not require executive compensation to be tax deductible for the Company, but instead balance the cost and benefits of tax deductibility to comply with our executive compensation goals.

Compensation Committee Report

The Compensation Committee of the Board of Directors of Ultra Clean Holdings, Inc. has reviewed and discussed the Compensation Discussion and Analysis, which appears in this proxy statement, with the management of Ultra Clean Holdings, Inc. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in Ultra Clean Holdings, Inc.'s proxy statement.

Nonqualified Deferred Compensation

We maintain a nonqualified deferred compensation plan, the Ultra Clean Holdings, Inc. 2004 Executive Deferred Compensation Plan (the EDCP), which allows eligible employees, including executive officers, and

directors to voluntarily defer receipt of a portion of his/her salary and all or a portion of a bonus payment until the date or dates elected by the participant, thereby allowing the participating employee to defer taxation on such amounts. Amounts credited to the EDCP consist only of cash compensation that has been earned and payment of which has been deferred by the participant. The amounts deferred under the EDCP are credited with realized gains on investments and interest at market rates on cash balances. We do not make matching or other employer contributions to the EDCP.

The following table shows certain information for the named executive officers under the EDCP for fiscal 2016:

Name	Executive Contributions in Last Fiscal Year (\$) ⁽¹⁾	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (\$) ⁽²⁾	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last Fiscal Yearend (\$) ⁽³⁾

- (1) Consists of salary reported in the Summary Compensation Table under the columns entitled Salary.
- (2) Includes realized and unrealized gains (losses) and interest earned during the 2016 fiscal year.

Post-Termination Arrangements

Change in Control Severance Agreement with James P. Scholhamer. We have a Change in Control Severance Agreement with James P. Scholhamer. If upon, or within 3 months prior to or 12 months following, a change in control, Mr. Scholhamer is terminated without cause or he resigns for good reason, he is entitled to receive 200% of his then-current salary, plus 200% of average annual cash bonus as determined by us over the prior three years, payment or reimbursement of health benefit continuation coverage under COBRA for 24 months (or, if earlier, until he becomes eligible for group health coverage with another employer) and accelerated vesting of 100% of his unvested outstanding equity awards.

Change in Control Severance Agreement with Sheri Brumm. We have a Change in Control Severance Agreement with Sheri Brumm. Such agreement provides that, if upon, or within 12 months following, a change in control, Ms. Brumm is terminated without cause or he resigns for good reason, she is entitled to receive 150% of her then-current salary, plus 150% of average annual cash bonus as determined by us over the prior three years, payment or reimbursement of health benefit continuation coverage under COBRA for 24 months (or, if earlier, until she becomes eligible for group health coverage with another employer) and accelerated vesting of 100% of his unvested outstanding equity awards. We do not provide any tax gross-ups.

Transition Agreement and Release of Claims with Kevin C. Eichler. We entered into a Transition Agreement and Release of Claims with Kevin C. Eichler dated July 29, 2016, which included the termination of and a release of claims under his Change in Control Severance Agreement dated July 31, 2009.

In the Change in Control Severance Agreements described above, good reason is defined as (i) a reduction in the executive's then existing annual salary (by more than 10% in the case of Ms. Brumm) other than in connection with an action affecting a majority of the executive officers of the Company (not to exceed 25% in

the case of Mr. Scholhamer), (ii) relocation of the principal place of the executive's employment to a location more than 50 miles from the principal place of executive's employment prior to the change in control and (iii) a material reduction in the executive's authority, duties or responsibilities after the change in control.

The following table shows amounts that would have been paid if certain named executive officers had been terminated on December 30, 2016 in connection with a change of control:

Name	Salary (\$)	Cash Incentive (\$)	Health Benefits (\$)	Value of Accelerated Vesting (\$) ⁽¹⁾	Total Severance (\$)
James P. Scholhamer	860,000	439,198	42,942	2,910,000	4,252,139
Sheri Brumm	450,000	105,654	32,206	1,966,764	2,554,623

(1) Amounts based on our stock price as of December 30, 2016, less the option exercise price, in the case of options.

Severance Policy for Executive Officers. Under our severance policy for executive officers of the Company, in the event that the chief executive officer is terminated without cause and signs a release of claims, the executive would receive 150% of the executive's then-current salary, plus 150% of the executive's average annual cash bonus and cash incentive compensation as determined by us over the prior three years, payment of health benefit continuation coverage under COBRA for 18 months (or, if earlier, until he becomes eligible for group health coverage with another employer) and immediate vesting of unvested outstanding equity awards that would vest within 18 months. In the event that the chief financial officer or chief operating officer is terminated without cause and signs a release of claims, the executive would receive 100% of the executive's then-current salary, 100% of the executive's average annual cash bonus and cash incentive compensation as determined by us over the prior three years, payment of health benefit continuation coverage under COBRA for 12 months (or, if earlier, until he becomes eligible for group health coverage with another employer) and immediate vesting of unvested outstanding equity awards that would vest within 12 months. In the event that an executive officer, other than those described in the foregoing, is terminated without cause and signs a release of claims, the executive would receive 75% of the executive's then-current salary, 50% of the executive's average annual cash bonus and cash incentive compensation as determined by us over the prior three years and payment of health benefit continuation coverage under COBRA for 9 months (or, if earlier, until he becomes eligible for group health coverage with another employer). We may revise or terminate this policy at any time, except that following a change in control, the policy may not be terminated or amended to adversely affect a participant for 12 months thereafter.

In addition, pursuant to Mr. Lev's offer letter, should we decide to terminate Mr. Lev's assignment without cause, or fail to identify another similar position for Mr. Lev at our offices in Hayward, California (or another mutually agreed upon location with a similar cost of living) at the end of Mr. Lev's current assignment (a Replacement Position), Mr. Lev is entitled to receive a severance benefit of 12 months' salary continuation (at the base pay rate in effect at the time), the earned but unpaid portion of bonus and equity award vesting for 12 months, and health benefits continuation through COBRA (with the Company's contribution paid by the Company with normal employee contributions deducted).

Table of Contents

The following table shows amounts that would have been paid if the named executive officers had been terminated without cause (or, in the case of Mr. Lev, if we are unable to identify a Replacement Position) on December 30, 2016:

Name ⁽¹⁾	Salary (\$)	Cash Incentive (\$)	Health Benefits (\$)	Value of Accelerated Vesting (\$)	Total Severance (\$)
James P. Scholhamer	645,000	329,398	32,206	970,000	1,976,604
Sheri Brumm	300,000	70,436	21,471	703,434	1,095,340
Lavi Lev	204,750	32,512	1,978		239,240

Michael R. Henderson	225,000	38,449	13,984		277,432

- (1) Our former chief financial officer, Kevin C. Eichler, is not included in this table. In July 2016, Mr. Eichler resigned as our chief financial officer. In connection with his retirement, we and Mr. Eichler entered into a Transition Agreement and Release of Claims, pursuant to which, subject to a release of claims, Mr. Eichler received a lump sum cash payment equal to \$548,639 and accelerated vesting of 126,542 of his outstanding restricted stock units.

(d) *No Repricings.* Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not be amended to reduce the Exercise Price of outstanding Options or SARs or cancel outstanding Options or SARs in exchange for cash, other Awards or Options or SARs with an Exercise Price that is less than the Exercise Price of the original Options or SARs without stockholder approval.

Section 4. *Shares Available for Awards.*

(a) *Shares Available.* Subject to adjustment as provided in this Section, the maximum number of Shares with respect to which Awards may be granted under the Plan shall be 12,555,695, including Shares previously issued under the Plan and including an increase of 1,500,000 Shares effective as of June 10, 2010, an increase of 3,100,000 shares effective May 22, 2013 and an increase of 2,700 000 shares effective May 24, 2017. Such Shares may consist, in whole or in part, of authorized and unissued shares or treasury shares. Each Share underlying Full-Value Awards granted after June 10, 2010 have been and will continue to be counted against the foregoing share reserve as 1.23 Shares.

(b) *Shares Returned to Reserve.* If, after the effective date of the Plan, any Shares covered by an Award granted under the Plan (including any Substitute Award) or to which such an Award relates are forfeited, or if such an Award is settled for cash or otherwise terminates or is canceled without the delivery of Shares, then the Shares covered by such Award, or to which such Award relates, shall again become Shares with respect to which Awards may be granted. If SARs are exercised, then all of the Shares (if any) actually issued in settlement of such SARs plus any Shares that represent payment of the Exercise Price shall reduce the number available under this Section. If Full-Value Awards granted after June 10, 2010 are forfeited, then 1.23 times the number of Shares so forfeited will again become available for issuance under the Plan. The following Shares may not again be made available for issuance as awards under the Plan: (i) Shares not issued or delivered as a result of the net settlement of an outstanding SAR or option; (ii) Shares used to pay the exercise price or withholding taxes related to an outstanding option or SAR; or (iii) Shares repurchased on the open market with the proceeds of the option exercise price.

(c) *Section 162(m) Limitation.* Subject to the provisions below relating to adjustments upon changes in the Shares, no Employee shall be eligible to be granted Options or SARs covering more than 750,000 Shares during any calendar year.

(d) *Adjustments.* In the event that the number of issued Shares is increased or decreased as a result of a stock dividend, stock split, reverse stock split, combination or reclassification of Shares, or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company (provided that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration), then the Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the number of Shares of the Company (or number and kind of other securities or property) with respect to which Awards may thereafter be granted, (ii) the number of Shares or other securities of the Company (or number and kind of other securities or property) subject to outstanding Awards, and (iii) the grant or exercise price with respect to any Award.

(e) *Substitute Awards.* Any Shares underlying Substitute Awards shall not be counted against the Shares authorized for issuance under the Plan and shall increase the number Shares available for issuance hereunder.

(d) *Non-Employee Directors.* Awards may be granted to non-employee Directors in accordance with the policies established from time to time by the Committee specifying the number of shares (if any) to be subject to each such Award and the time(s) at which such Awards shall be granted. Awards granted to non-employee Directors shall be on terms and conditions determined by the Committee, subject to the provisions of the Plan.

Section 6. *Stock Options.*

(a) *Grants.* The Committee is authorized to grant Options to Participants with the terms and conditions set forth in this Section 6 and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine.

(b) *Type of Option.* The Committee shall have the authority to grant Incentive Stock Options, Non-Qualified Stock Options, or both. In the case of Incentive Stock Options, the terms and conditions of such grants shall be subject to and comply with the provisions of Section 422 of the Code, as from time to time amended, or any successor provision thereto, and any regulations implementing such statute.

(c) *Exercise Price.* The Committee in its sole discretion shall establish the Exercise Price at the time each Option is granted. Notwithstanding the foregoing, the Exercise Price of any Option shall not be less than 100% of the Fair Market Value at the time the Option is granted.

(d) *Exercise.* Each Option shall have a maximum term of ten years and shall be exercisable at such times and subject to such terms and conditions as the Committee may, in its sole discretion, specify in the applicable Award Agreement or thereafter. The Committee may impose such conditions with respect to the exercise of Options, including without limitation, any relating to the application of Federal or state securities laws, as it may deem necessary or advisable.

(e) *Payment.* No Shares shall be delivered pursuant to any exercise of an Option until payment in full of the exercise price is received by the Company. Such payment may be made: (i) in cash; (ii) if approved by the Committee, in Shares (the value of such Shares shall be their Fair Market Value on the date of exercise) owned by the Participant for the period required to avoid a charge to the Company's earnings (which is generally six months); (iii) if approved by the Committee, by a combination of the foregoing; (iv) if approved by the Committee, in accordance with a cashless exercise program; or (v) in such other manner as permitted by the Committee at the time of grant or thereafter.

Section 7. *Stock Appreciation Rights.* The Committee is authorized to grant Stock Appreciation Rights (SARs) to Participants with the terms and conditions set forth herein and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine. The Exercise Price of a SAR shall not be less than 100% of the Fair Market Value at the time the SAR is granted. Each SAR shall have a maximum term of ten years and shall be exercisable at such times and subject to such terms and conditions as the Committee may, in its sole discretion, specify in the applicable Award Agreement or thereafter. The Committee may impose such conditions with respect to the exercise of SARs, including without limitation, any relating to the application of Federal or state securities laws, as it may deem necessary or advisable. Each Award Agreement shall specify whether the SAR is exercisable for (a) Shares, (b) cash or (c) a combination of Shares and cash, as the Committee shall determine. The amount of cash and/or the Fair Market Value of Shares received upon exercise of SARs shall, in the aggregate, be equal to the amount by which the Fair Market Value (on the date of exercise) of the Shares underlying the SARs exceeds the Exercise Price. An Award Agreement may provide that if, on the date when a SAR expires, the Exercise Price under such SAR is less than the Fair Market Value on such date but any portion of such SAR has not been exercised or surrendered, then such SAR shall automatically be deemed to be exercised as of such date with respect to such portion.

Table of Contents

Section 8. *Restricted Shares.* The Committee is authorized to grant Shares of restricted stock (**Restricted Shares**) to Participants with the terms and conditions set forth herein and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine. Restricted Shares may be sold or awarded under the Plan for such consideration as the Committee may determine, including (without limitation) cash, cash equivalents, past services and future services, to the extent permitted by applicable law. Each Award of Restricted Shares may be subject to vesting as determined by the Committee. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Award Agreement. Unless otherwise specified in the Award Agreement, the holders of Restricted Shares shall have the same voting and other rights as the Company's other stockholders, but unless expressly approved by the Committee, no dividend rights (and, to the extent the Committee approves dividend rights for Restricted Shares, any such dividends may be subject to the same conditions and restrictions as the Award with respect to which the dividends were paid).

Section 9. *Stock Units and Restricted Stock Units.* The Committee is authorized to grant units representing the right to receive Shares (**RSUs**) to Participants with the terms and conditions set forth herein and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine. To the extent that an Award is granted in the form of RSUs, no cash consideration shall be required of the Award recipients. Each Award of RSUs may be subject to vesting as determined by the Committee. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Award Agreement. Holders of RSUs shall have no voting rights or, unless otherwise specified by the Award Agreement, any right to dividends or dividend equivalents (which if approved by the Committee shall in any event be subject to the same conditions and restrictions as the RSUs to which they attach). Settlement of vested RSUs may be made in the form of (a) cash, (b) Shares or (c) any combination of both, as determined by the Committee and specified in the Award Agreement. The actual number of RSUs eligible for settlement may be larger or smaller than the number included in the original Award, based on predetermined performance factors. Unless otherwise specified in the Award Agreement, the distribution shall occur when all vesting conditions applicable to the RSUs have been satisfied or have lapsed.

Section 10. *Performance Awards.*

(a) Performance awards granted under the Plan may be earned upon achievement or satisfaction of performance conditions specified by the Committee (**Performance Awards**) and may be settled in cash, Shares, other Awards or other property, as specified by the Committee. In addition, the Committee may specify that any other Award shall constitute a Performance Award by conditioning the right of a Participant to exercise the Award or have it settled, and the timing thereof, upon achievement or satisfaction of such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce or increase the amounts payable under any Award subject to performance conditions.

(b) Notwithstanding the foregoing, in the case of a Performance Award intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code), such Award shall be subject to the following limitations:

(i) *Performance Awards Granted to Covered Employees.* If the Committee determines that a Performance Award to be granted to an employee who is designated by the Committee as likely to be a covered employee (within the meaning of Section 162(m) of the Code) should qualify as performance-based compensation, the grant, exercise and/or settlement of such Performance Award shall be contingent upon achievement of a pre-established performance goal and other terms set forth in this subsection. Shares awarded to any Participant in a single calendar year pursuant to a Performance Award shall in no event pertain to more than 750,000 shares.

(ii) *Performance Goal.* The performance goals for Performance Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by

Table of Contents

the Committee consistent with this subsection. The performance goal shall be objective and shall otherwise meet the requirements of Section 162(m) of the Code (including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being **substantially uncertain**). The Committee may determine that such Performance Awards shall be granted, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance Awards. Performance goals may differ for Performance Awards granted to any one Participant or to different Participants.

(iii) *Business Criteria.* One or more of the following business criteria for the Company, on a consolidated basis, and/or for an Affiliate or a business unit of the Company or of an Affiliate shall be used by the Committee in establishing performance goals for Performance Awards: (1) net sales or product and product related revenue; (2) earnings from operations, earnings before or after taxes, earnings before or after interest, depreciation, amortization or extraordinary or special items, (3) net income or net income per Share (basic or diluted); (4) return on assets, return on investment, return on capital, or return on equity; (5) cash flow, free cash flow, cash flow return on investment, or net cash provided by operations; (6) interest expense after taxes; (7) operating margin; (8) share price or total stockholder return; and (9) strategic business criteria (including without limitation meeting specified market penetration, geographic business expansion goals, cost targets, customer satisfaction, employee satisfaction; management of employment practices and employee benefits; and goals relating to acquisitions or divestitures of business units of the Company or of affiliates). The targeted level or levels of performance with respect to such business criteria may be established at such levels and in such terms as the Committee may determine, in its discretion, including in absolute terms, as a goal relative to performance in prior periods, or as a goal compared to the performance of one or more comparable companies or an index covering multiple companies.

(iv) *Performance Period; Timing for Establishing Performance Goals.* Achievement of performance goals in respect of Performance Awards shall be measured over a performance period of up to one year or more than one year, as specified by the Committee. A performance goal shall be established not later than the earlier of (A) 90 days after the beginning of any performance period applicable to such Performance Award or (B) the time when 25% of such performance period has elapsed.

(v) *Written Determinations.* The Committee shall certify in writing, in a manner conforming to applicable regulations under Section 162(m) of the Code, prior to settlement of each Performance Award intended to qualify under Section 162(m) of the Code that the performance objective relating to the Performance Award and other material terms upon which settlement of the Award was conditioned have been satisfied.

Section 11. *Other Stock-based Awards.* The Committee is hereby authorized to grant to Participants other awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Shares (including, without limitation, securities convertible into Shares) as are deemed by the Committee to be consistent with the purposes of the Plan. Subject to the terms of the Plan, the Committee shall determine the terms and conditions of such Awards. Shares or other securities delivered pursuant to a purchase right granted under this Section shall be purchased for such consideration, which may be paid by such method or methods and in such form or forms, including, without limitation, cash, Shares, other securities, other Awards, or other property, or any combination thereof, as the Committee shall determine.

Section 12. *Effect of Termination of Employment or Service.*

(a) *Termination of Employment or Service.* Except as the Committee may otherwise provide at the time the Award is granted or thereafter, or as required to comply with applicable law, if the Participant's employment or service with the Company and its Affiliates is terminated by Participant or by the Company for any reason (other than death or Disability or by the Company for Cause), then (i) to the extent not yet vested as of the date of termination, an Award shall immediately be forfeited, and (ii) to the extent vested as of the date of termination, an Award may be retained and, if applicable, exercised until the earlier of (A) the date three months (or such longer or shorter period, if any, specified in the applicable Award Agreement or Employment Agreement) after such termination of employment or service or (B) the date such Award would have expired had it not been for the

termination of employment or service, after which time, in either case, such Award shall expire. For the avoidance of doubt, change in status from an Employee to a Consultant or non-employee Director, or vice versa, shall be considered a termination of employment or service except as otherwise determined by the Committee.

(b) *Death or Disability.* Except as the Committee may otherwise provide at the time the Award is granted or thereafter, or as required to comply with applicable law, if the Participant's employment or service with the Company and its Affiliates is terminated by reason of death or Disability, then (i) to the extent not yet vested as of the date of termination, an Award shall immediately be forfeited, and (ii) to the extent vested as of the date of termination, the Award may be retained and, if applicable, exercised by the Participant or his successor (if employment or service is terminated by death) until the earlier of (A) the date one year after such termination of employment or service or (B) the date such Award would have expired had it not been for the termination of such employment or service, after which time, in either case, such Award shall expire.

(c) *Cause.* Except as the Committee may otherwise provide at the time the Award is granted or thereafter, or as required to comply with applicable law, if the Participant's employment or service with the Company and its Affiliates is terminated by the Company or an Affiliate for Cause, all Awards shall be forfeited and shall expire immediately on the date of termination.

Section 13. *Amendment and Termination.*

(a) *Amendment of the Plan.* The Board may amend, alter, suspend or discontinue the Plan or any portion thereof at any time; provided that no such amendment, alteration, suspension or discontinuation shall be made without stockholder approval if such approval is necessary to comply with any tax or regulatory requirement, for which or with which the Board deems it necessary or desirable to qualify or comply. Notwithstanding anything to the contrary herein, the Committee may amend the Plan in such manner as may be necessary so as to have the Plan conform with local rules and regulations in any jurisdiction outside the United States. Any such amendment, alteration, suspension, discontinuance, or termination that would adversely affect the rights of a Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective with respect to such Award without the consent of the affected Participant, holder or beneficiary, except as otherwise provided in Section 14 below or elsewhere in the Plan.

(b) *Amendment or Termination of Awards.* Subject to the terms of the Plan and applicable law, the Committee may waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Award theretofore granted, prospectively or retroactively; *provided* that any such waiver, amendment (other than any amendment to Section 14 hereof), alteration, suspension, discontinuance, cancellation or termination that would adversely affect the rights of a Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary, except as otherwise provided in Section 14 below or elsewhere in the Plan or the applicable Award Agreement.

(c) *Termination of the Plan.* The Plan shall remain in effect until June 10, 2027, unless earlier terminated by the Board. Unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Award granted hereunder may, and the authority of the Board or the Committee to amend, alter, adjust, suspend, discontinue or terminate any such Award or to waive any conditions or rights under any such Award shall, continue after the authority for grant of new Awards hereunder has been exhausted.

Section 14. *Corporate Transactions.*

(a) *Corporate Transactions.* Any provision of this Plan or any Award Agreement to the contrary notwithstanding, in the event of a Change of Control, the Committee, in its sole discretion, (i) may cause any outstanding Award to be (x) continued by the Company, (y) assumed, or substituted with a substantially equivalent award, by the successor company (or its parent or any of its subsidiaries), or (z) canceled in consideration of a cash payment or alternative Award, if applicable, made to the holder of such canceled Award

equal in value to the Fair Market Value of such canceled Award less any exercise price (provided that the Committee may determine that only holders of vested Awards shall receive any such cash payment or alternative Award); or (ii) may take any other action or actions with respect to the outstanding Awards that it deems appropriate. Any Award (or any portion thereof) not continued or assumed by the Company or the successor company (or its parent or any of its subsidiaries), as applicable, pursuant to the foregoing shall terminate on such Change of Control and the holder thereof shall be entitled to no consideration for such Award.

(b) *Dissolution or Liquidation.* In the event of a dissolution or liquidation of the Company, all outstanding Awards shall terminate immediately prior to such event.

Section 15. *General Provisions.*

(a) *Dividend Equivalents.* In the sole and complete discretion of the Committee, an Award may provide the Participant with dividends or dividend equivalents, payable in cash, Shares, other securities or other property on a current or deferred basis; *provided* that dividends shall not be paid on Options, SARs or on unearned Performance Awards.

(b) *Nontransferability of Awards.* Except to the extent otherwise provided in an Award Agreement, no Award shall be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant, except by will or the laws of descent and distribution.

(c) *No Rights to Awards.* No Employee, Participant or other Person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Employees, Participants, or holders or beneficiaries of Awards. The terms and conditions of Awards need not be the same with respect to each recipient.

(d) *Share Certificates.* Any stock certificate or transfer agent book-entry procedure or other evidence of ownership shall carry such appropriate legends, and such written instructions shall be given to the Company transfer agent, as may be deemed necessary or advisable by counsel to the Company in order to comply with the requirements of the Securities Act of 1933, any state securities laws or any other applicable laws, and shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations and other requirements of the Securities and Exchange Commission or any stock exchange upon which such Shares or other securities are then listed and any applicable laws or rules or regulations.

(e) *Withholding.* A Participant may be required to pay to the Company or any of its Affiliates, and the Company or any Affiliate shall have the right and is hereby authorized to withhold from any Award, from any payment due or transfer made under any Award or under the Plan or from any compensation or other amount owing to a Participant, the amount (in cash, Shares, other securities, other Awards or other property) of any applicable withholding taxes in respect of an Award, its exercise, or any payment or transfer under an Award or under the Plan and to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such taxes. The Committee may provide for additional cash payments to holders of Awards to defray or offset any tax arising from any such grant, lapse, vesting, or exercise of any Award.

(f) *Award Agreements.* Each Award hereunder shall be evidenced by an Award Agreement which shall be delivered to the Participant and shall specify the terms and conditions of the Award and any rules applicable thereto.

(g) *No Limit on Other Compensation Arrangements.* Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other compensation arrangements, which may, but need not, provide for the grant of options, restricted stock, Shares and other types of Awards provided for hereunder (subject to stockholder approval if such approval is required), and such arrangements that may be either generally applicable or applicable only in specific cases.

(h) *No Right to Employment.* The grant of an Award shall not be construed as giving a Participant the right to be retained in the employ or service of the Company or any Affiliate and shall not lessen or effect the right of the Company or its Affiliates to terminate the employment or service of a Participant.

(i) *Rights as a Stockholder.* Subject to the provisions of the applicable Award, no Participant or holder or beneficiary of any Award shall have any rights as a stockholder with respect to any Shares to be issued under the Plan until he or she has become the holder of such Shares.

(j) *Governing Law.* The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan and any Award Agreement shall be determined in accordance with the laws of the State of California.

(k) *Severability.* If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, Person or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

(l) *Other Laws.* The Committee may refuse to issue or transfer any Shares or other consideration under an Award if, acting in its sole discretion, it determines that the issuance or transfer of such Shares or such other consideration might violate any applicable law or regulation or entitle the Company to recover the same under Section 16(b) of the Exchange Act, and any payment tendered to the Company by a Participant in connection therewith shall be promptly refunded to the relevant Participant, holder or beneficiary. Without limiting the generality of the foregoing, no Award granted hereunder shall be construed as an offer to sell securities of the Company, and no such offer shall be outstanding, unless and until the Committee in its sole discretion has determined that any such offer, if made, would be in compliance with all applicable requirements of the U.S. federal securities laws and any other laws to which such offer, if made, would be subject.

(m) *No Trust or Fund Created.* Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.

(n) *No Fractional Shares.* No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash or other securities or other property shall be paid or transferred in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be canceled, terminated, or otherwise eliminated.

(o) *Headings.* Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

(p) *Proprietary Information and Inventions Agreement.* A Participant may be required, as a condition precedent to the exercise or settlement of an Award, to have executed and be in compliance with the Company's (or its subsidiary's) standard form of confidentiality and non-disclosure agreement.

(q) *Modification of Award Terms for non-U.S. Employees.* The Committee shall have the discretion and authority to grant Awards with such modified terms as the Committee deems necessary or appropriate in order to comply with the laws of the country in which the Employee resides or is employed, and may establish a subplan under this Plan for such purposes.

(r) *Code Section 409A Compliance.* To the extent applicable, it is intended that this Plan and any Awards granted hereunder are exempt from, or comply with, the requirements of Section 409A of the Code and any related regulations or other guidance promulgated with respect to such Section by the U.S. Department of the Treasury or the Internal Revenue Service (**Section 409A**). The Company shall have the authority to unilaterally amend the Plan and any Award Agreement as the Committee determines in good faith is necessary or desirable to allow any Awards to avoid the imposition of additional tax liabilities under Section 409A to the extent permitted by Section 409A.
