### **Revolving credit facility with Banco Bradesco**

Rio de Janeiro, June 4, 2018   Petróleo Brasileiro S.A.   Petrobras informs that on 06/01/2018 it signed with Banco Bradesco a revolving credit facility in the amount of R\$ 2 billion, with maturity in June 2023.

This new credit facility has a cost of 0.40% p.a. to maintain the limit with Banco Bradesco, creating yet another alternative of funds available to the company to be used according to its needs. As such, Petrobras may use its cash for early repayment of current debts, allowing for the reduction of the cost of interest without liquidity loss.

This is the third revolving credit facility signed this year. As a result, the company has available to withdraw US\$ 4.35 billion (facility with a syndicate of 17 banks) and R\$ 4 billion (facilities with Banco do Brasil and Bradesco).

The transaction is in accordance with Petrobras' liabilities management strategy, taking into account the deleveraging goal set forth in its 2018-2022 Business and Management Plan.

This report on Form 6-K shall be deemed to be incorporated by reference into the Offer to Purchase dated May 21, 2018, relating to the previously announced tender offers by Petrobras Global Finance B.V., a wholly-owned subsidiary of Petróleo Brasileiro S.A.   Petrobras.
