On April 25, 2019, the Board of Directors of Merrimack Pharmaceuticals, Inc. (the Company) committed to a course of action to implement a reduction in headcount, after which the Company expects to have approximately 13 employees. The reduction in headcount is primarily focused on the Company's clinical organization as a result of the discontinuation of development of the Company's MM-310 product candidate, the discontinuation of which was announced on April 4, 2019. The reduction in headcount is expected to be substantially completed by May 31, 2019 and fully completed by July 2019. The Company estimates that it will incur charges for one-time termination benefits in connection with this reduction in headcount of approximately \$1.5 million to \$1.7 million for employee severance, benefits and related costs, all of which are expected to result in cash expenditures.
