NOTIFICATION ON RELATED-PARTY TRANSACTIONS⁸

Parties	Construtora Norberto Odebrecht S.A. (CNO) and Braskem S.A. (Braskem)
Relationship with the issuer	Braskem and CNO are both subsidiaries of Odebrecht S.A.
Purpose	The parties signed an Industrial Maintenance Services Agreement, comprising boiler and welding of tubing and static equipment, as well as operation and maintenance of cargo machinery to be performed by CNO at the Braskem Units located in Rio Grande do Sul.
Main terms and conditions	Duration: starting on December 1, 2017 and ending on December 1, 2021. Maximum estimated amount: One hundred twenty million reais (R\$120,000,000.00). Price: The services will be remunerated based on the unit price worksheet included in the Agreement.
Agreement execution date	December 1, 2017
Any participation by the counterparty, its partners or managers in the issuer's decision-making process or in the negotiation of the transaction as representatives of the issuer	The transaction was approved by the Board of Directors of Braskem S.A., whose members include one director and one alternate director of the direct parent company of Construtora Norberto Odebrecht (the counterparty). However, no manager of CNO or its parent company participated in negotiations of the transaction as a representative of the issuer.
Detailed justification of the reasons why the management of the issuer believes the transaction was carried out on an arm's length basis or involves adequate compensatory payment	The commercial conditions established in the Agreement are in accordance with market standards, considering the volumes contracted and the technical conditions. Braskem held the competitive bidding process to find companies capable of providing a high technical standard of quality and productivity, and in

strict compliance with health, safety and environment standards. In this regard, CNO's proposal, together with that of the other company participating in the process, was the most competitive technically and commercially and Braskem S.A divided the scope of industrial maintenance between both parties equally. The contractual amounts were negotiated to adapt them to Braskem's reference amounts, ensuring equal unit prices between the two companies.
