New Time Charter Agreements:

STEALTHGAS INC. announced that it has entered into new time charter agreements for the Gas Eternity and the Gas Shanghai with major oil companies for a period of six months at the rate of USD 194,000 per calendar month, which commenced in September 2006.

The Gas Nemesis has extended its existing time charter with a major oil company for an additional six months at the rate of USD 225,000 per calendar month until June 2007. The existing time charter for the Gas Nemesis was scheduled to expire in December 2006.

The Gas Chios has extended its existing time charter with an international gas trader for an additional twelve months at the rate of USD 252,500 per calendar month until March 2008. The existing time charter for the Gas Chios was scheduled to expire in March 2007.

The Gas Prodigy has extended its existing time charter with an international gas trader for an additional twelve months at the rate of USD 180,000 per calendar month until December 2007. The existing time charter for the Gas Prodigy was scheduled to expire in December 2006.

The Gas Fortune has extended its time charter with an international gas trader for an additional twelve months at the rate of USD 186,000 per calendar month. The Gas Fortune is currently employed until December 2006 at the rate of USD 184,000 per month.

The Gas Amazon has entered into a new time charter agreement with an international gas trader for a period of twelve months commencing in November 2006 at the rate of USD 252,500 per calendar month.

The Gas Courchevel has entered into a new time charter agreement with an international chemical company for a period of three and a half to six months, which commenced in late September 2006. For the first three and half months the rate is USD 405,000 per calendar month. Thereafter, at the charterer's option, the charter can be extended for an additional two and half months at the rate of USD 390,000 per calendar month.

New Technical and Operational Management Arrangement Details

STEALTHGAS INC also announced further details of vessels being brought under the operational and technical management of its affiliated management company Stealth Maritime Corp. In addition to the Gas Eternity and the Gas Courchevel that have been managed by Stealth Maritime Corp. since early 2006, STEALTHGAS INC announced that as of October 2006 the Gas Oracle has been managed by Stealth Maritime Corp. and that during the course of November and December both the Gas Amazon and the Gas Czar will be brought in under the management of Stealth

Maritime Corp.

CEO Harry Vafias commented "These changes in the management arrangements are in line with our previously discussed policy of ultimately bringing in house between eight and ten of our ships for technical and operational management by the middle of 2007, thus reducing the number and reliance upon outsourced third party technical managers. Furthermore, these arrangements will enable STEALTHGAS INC to better benchmark on an ongoing basis the performances of the outsourced technical managers with whom we will continue to work with, and Stealth Maritime Corp. .

Forward-Looking Statement

Matters discussed in this release may constitute forward-looking statements. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts. The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties. Although STEALTHGAS INC. believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, STEALTHGAS INC. cannot assure you that it will achieve or accomplish these expectations, beliefs or projections. Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including changes in charterhire rates and vessel values, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled drydocking, changes in STEALTHGAS INC.'s operating expenses, including bunker prices, dry-docking and insurance costs, or actions taken by regulatory authorities,

potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists.

Risks and uncertainties are further described in reports filed by STEALTHGAS INC. with the US Securities and Exchange Commission.
