FORWARD-LOOKING STATEMENTS

Statements made by us in this report and in other reports and statements released by us that are not historical facts constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”) and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). These forward-looking statements are necessarily estimates reflecting the judgment of our senior management based on our current estimates, expectations, forecasts and projections and include comments that express our current opinions about trends and factors that may impact future operating results. Disclosures that use words such as “believe,” “anticipate,” “estimate,” “intend,” “could,” “plan,” “expect,” “project” or the negative of these, as well as similar expressions, are intended to identify forward-looking statements. These statements are not guarantees of future performance, rely on a number of assumptions concerning future events, many of which are outside of our control, and involve known and unknown risks and uncertainties that could cause our actual results, performance or achievement, or industry results to differ materially from any future results, performance or achievements, expressed or implied by such forward-looking statements. These risks and uncertainties may include the risks and uncertainties described elsewhere in this report and other filings with the Securities and Exchange Commission (the “SEC”), including the Item 1A. “Risk Factors” section of our annual report on Form 10-K for the year ended December 31, 2013. Any such forward-looking statements, whether made in this report or elsewhere, should be considered in the context of the various disclosures made by us about our businesses including, without limitation, the risk factors discussed in our filings with the SEC. Except as required under the federal securities laws and the rules and regulations of the SEC, we do not have any intention or obligation to update publicly any forward-looking statements, whether as a result of new information, future events, changes in assumptions, or otherwise.

Assets Under Management or "AUM"

AUM generally refers to the properties and other assets with respect to which we provide (or participate in) oversight, investment management services and other advice, and which generally consist of real estate properties or loans, and investments in joint ventures. Our AUM is principally intended to reflect the extent of our presence in the real estate market, not the basis for determining our management fees. Our AUM consist of the total estimated fair value of the real estate properties and other real estate related assets either owned by third parties, wholly owned by us or held by joint ventures and other entities in which our sponsored funds or investment vehicles and client accounts have invested. Committed (but unfunded) capital from investors in our sponsored funds is not included in our AUM. The estimated value of development properties is included at estimated completion cost.

Operating Associates

Operating associates generally refer to individuals that are employed by or affiliated with third-party consultants, contractors, property managers or other service providers that we manage and oversee on a day-to-day basis with respect to our investments and services businesses.

Notes to Consolidated Financial Statements

NOTE 1—BASIS OF PRESENTATION

Kennedy-Wilson Holdings, Inc.'s (together with its wholly owned and controlled subsidiaries, "we," "us," "our," "the Company" or "Kennedy Wilson") unaudited interim consolidated financial statements have been prepared pursuant to the rules and regulations of the U.S. Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in the financial statements prepared in accordance with accounting principles generally accepted in the United States ("GAAP") may have been condensed or omitted pursuant to SEC rules and regulations, although we believe that the disclosures are adequate to make their presentation not misleading. In the opinion of Kennedy Wilson, all adjustments, consisting of only normal and recurring items, necessary for a fair presentation of the results of operations for the three months ended March 31, 2014 and 2013 have been included. The results of operations for these periods are not necessarily indicative of results that might be expected for the full year ending December 31, 2014. For further information, your attention is directed to the footnote disclosures found in Kennedy Wilson's Annual Report on Form 10-K for the year ended December 31, 2013.

The consolidated financial statements include the accounts of Kennedy Wilson and its wholly owned or controlled subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation. Kennedy Wilson Europe Real Estate Plc ("KWE," LSE: KWE), a Jersey investment company formed to invest in real estate and real estate-related assets in Europe, closed its initial public offering on the London Stock Exchange during the quarter ended March 31, 2014, raising approximately \$1.7 billion in gross proceeds. KWE is externally managed by a wholly-owned subsidiary of the Company incorporated in Jersey pursuant to an investment management agreement. Due to the terms provided in the investment management agreement, pursuant to the guidance set forth in FASB Accounting Standards Codification Subtopic 810 - Consolidation ("Subtopic 810"), the Company is required to consolidate KWE's results in its consolidated financial statements. Additionally, the Company invested \$145.2 million of cash and contributed \$58.3 million of assets acquired by the Company and owns approximately 12.2% of KWE's total issued share capital as of March 31, 2014. The Company also consolidates the results of certain joint ventures in its consolidated financial statements that it controls as defined by Subtopic 810.

In addition, Kennedy Wilson evaluates its relationships with other entities to identify whether they are variable interest entities ("VIEs") as defined in the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Subtopic 810-10 and to assess whether it is the primary beneficiary of such entities. If the determination is made that Kennedy Wilson is the primary beneficiary, then that entity is included in the consolidated financial statements in accordance with the ASC Subtopic 810-10. The ownership of the other interest holders in consolidated subsidiaries is reflected as noncontrolling interests.

The preparation of the accompanying consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the amounts of assets and liabilities reported, disclosure about contingent assets and liabilities, and reported amounts of revenues and expenses. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND ADOPTION OF NEW ACCOUNTING PRONOUNCEMENTS

REVENUE RECOGNITION—Performance fees or carried interests are allocated to the general partner, special limited partner or asset manager of Kennedy Wilson's real estate funds and loan pool participations based on the cumulative performance of the funds and loan pools and are subject to preferred return thresholds of the limited partners and participants. At the end of each reporting period, Kennedy Wilson calculates the performance fee that would be due to the general partner, special limited partner or asset manager's interests for a fund or loan pool, pursuant to the fund agreement or participation agreements, as if the fair value of the underlying investments were realized as of such date, irrespective of whether such amounts have been realized. As the fair value of underlying investments varies between reporting periods, it is necessary to make adjustments to amounts recorded as performance fees to reflect either (a) positive performance resulting in an increase in the performance fee allocated to the general partner or asset

manager or (b) negative performance that would cause the amount due to Kennedy Wilson to be less than the amount previously recognized as revenue, resulting in a negative adjustment to performance fees allocated to the general partner or asset manager. A majority of the performance fees are recognized in investment management revenue, and substantially all of the carried interest is recognized in income from unconsolidated investments in our consolidated statements of operations. Total performance fees recognized from inception through March 31, 2014 that may be reversed in future periods if there is negative fund or loan pool performance totaled \$9.8 million. Performance fees accrued as of March 31, 2014 and December 31, 2013 were \$9.8 million and \$6.1 million, respectively, and are included in accounts receivable in the accompanying consolidated balance sheet.

(Unaudited)

REAL ESTATE ACQUISITIONS—The purchase price of acquired properties is recorded to land, buildings and building improvements and intangible lease value (value of above-market and below-market leases, acquired in-place lease values, and tenant relationships, if any) based on their respective estimated fair values in accordance with Business Combinations ASC Subtopics 805-10. Acquisition-related costs are expensed as incurred.

The valuations of real estate are based on management estimates of the real estate assets using income and market approaches. The indebtedness securing the real estate are valued, in part, based on third party valuations and management estimates also using an income approach.

NONCONTROLLING INTERESTS—Noncontrolling interests are reported within equity as a separate component of Kennedy Wilson's equity in accordance with Noncontrolling Interests in Consolidated Financial Statements ASC Subtopic 810-10. Revenues, expenses, gains, losses, net income or loss, and other comprehensive income are reported in the consolidated statements of operations at the consolidated amounts and net income and comprehensive income attributable to noncontrolling interests are separately stated.

FOREIGN CURRENCIES—The financial statements of subsidiaries located outside the United States are measured using the local currency as the functional currency. The assets and liabilities of these subsidiaries are translated at the rates of exchange at the balance sheet date, and income and expenses are translated at the average monthly rate. The foreign currencies include the euro, the British pound sterling, and the Japanese yen. Cumulative translation adjustments, to the extent not included in cumulative net income, are included in the consolidated statement of equity as a component of accumulated other comprehensive income.

DERIVATIVE FINANCIAL INSTRUMENTS AND HEDGING ACTIVITIES—All derivative instruments are recognized as either assets or liabilities in the balance sheet at their respective fair values. For derivatives designated in hedging relationships, changes in fair value of cash flow hedges or net investment hedges are recognized in accumulated other comprehensive income, to the extent the derivative is effective at offsetting the changes in the item being hedged until the hedged item affects earnings. Changes in fair value for fair value hedges are recognized in earnings.

RECENT ACCOUNTING PRONOUNCEMENTS—On April 10, 2014, the Financial Accounting Standards Board issued ASU 2014-08, which amends the definition of discontinued operations and requires additional disclosures for disposal transactions that do not meet the revised discontinued operations criteria. ASU 2014-08 is required to be adopted for fiscal years beginning after December 15, 2014, with early adoption permitted. The Company's early adoption of this pronouncement on January 1, 2014 did not have a material impact on the Company's consolidated financial statements.

The FASB did not issue any other ASCs during the first three months of 2014 that we expect to be applicable and have a material impact on our financial position or results of operations.

RECLASSIFICATIONS—Certain balances included in prior year's financial statements have been reclassified to conform with the current year's presentation.

Real property, including land, buildings, and building improvement, are included in real estate and are generally stated at cost. Buildings and building improvements are depreciated on a straight-line method over their estimated lives not to exceed 40 years. Acquired in-place lease values are recorded at their estimated fair value and depreciated over their respective weighted-average lease term.

Consolidated Acquisitions

The purchase of property is recorded to land, buildings, building improvements, and intangible lease value (including the value of above-market and below-market leases, acquired in-place lease values, and tenant relationships, if any) based on their respective estimated fair values. The purchase price approximates the fair value of the properties as these acquisitions were transacted with third-party willing sellers. Acquisition-related costs are expensed as incurred. During the quarter ended March 31, 2014, the Company acquired the following properties:

Consolidation of previously unconsolidated investments

On March 31, 2014, the Company and one of its equity partners amended existing operating agreements governing six separate joint ventures that hold real estate-related investments located in the U.K. and Ireland. The Company has an approximate 50% ownership interest in these investments. These joint ventures were previously accounted for by the Company on an equity method basis. The amendments to the operating agreements provided control to the Company of these investments. As a result of gaining control, the Company was required to consolidate the assets and liabilities of these properties at fair value in accordance with FASB Accounting Standards Codification 805 - Business Combinations. As the fair value of our interests in these properties were in excess of their carrying value of their ownership interest, we recorded acquisition-related gains in the accompanying consolidated statement of operations for the quarter ended March 31, 2014 as further detailed below. See Note 6 - Fair Value Measurements for further detail of the methodology used to determine the fair value of the assets and liabilities acquired in these transactions. The following table summarizes the assets and liabilities assumed as a result of gaining control of these properties and the acquisition related gains recognized:

(Dollars in millions)

Property	Type	Location	Cash	Real estate and acquired in-place lease values, net	Accounts receivable and other assets	Accounts payable, accrued expenses, and other liabilities	Mortgage loans	Noncontrolling interests	Acquisition related gain
Three multifamily properties	Multifamily	Ireland	\$3.6	\$248.5	\$0.9	\$5.4	\$114.3	\$66.6	\$37.8
Two office properties	Commercial	Ireland	4.3	223.9	7.6	4.9	75.2	77.9	32.2

			\$17.5	\$667.4	\$14.1	\$18.4	\$290.3	\$206.5	\$80.5

In addition, during the quarter ended March 31, 2014, the Company foreclosed on a 133,000 square foot retail center and an adjacent 2.4 acre vacant lot in Van Nuys, CA. As a result of the foreclosure, the Company was required to consolidate the assets and liabilities of the retail center at fair value under ASC 805 - Business Combinations and recorded the vacant lot at fair market value. As the fair value of the assets was in excess of the basis in the previously held mortgage notes, the Company recognized a \$3.7 million acquisition related gain.

Pro forma results of operations

The results of operations of the assets acquired have been included in our consolidated financial statements since the date of their acquisition. The Company's unaudited pro forma results have been prepared for comparative purposes only and do not purport to be indicative of the results of operations that would have occurred had this acquisition been consummated at the beginning of the periods presented.

The unaudited pro forma data presented below assumes that the acquisitions during the quarter ended March 31, 2014 occurred as of January 1, 2013.

Variable Interest Entities

Kennedy Wilson has determined that it has investments in five variable interest entities ("VIEs") as of March 31, 2014 and has concluded that Kennedy Wilson is not the primary beneficiary of any of the investments. As of March 31, 2014, the five VIEs had assets totaling \$184.9 million with Kennedy Wilson's exposure to loss as a result of its interests in these VIEs totaling \$71.1 million related to its equity contributions.

The Company determines the appropriate accounting method with respect to all investments that are not VIEs based on the control-based framework (controlled entities are consolidated) provided by the consolidations guidance in ASC Topic 810. The Company's determination considers specific factors cited under ASC 810-20 "Control of Partnerships and Similar Entities" which presumes that control is held by the general partner (and managing member equivalents in limited liability companies). Limited partners' substantive participation rights may overcome this presumption of control. The Company accounts for joint ventures it is deemed not to control using the equity method of accounting while controlled entities are consolidated.

Capital Commitments

As of March 31, 2014, Kennedy Wilson has unfulfilled capital commitments totaling \$12.5 million to four of its joint ventures. We may be called upon to contribute additional capital to joint ventures in satisfaction of Kennedy Wilson capital commitment obligations.

Guarantees

Kennedy Wilson has certain guarantees associated with loans secured by consolidated assets or assets held directly or in various joint ventures. As of March 31, 2014, the maximum potential amount of future payments (undiscounted) Kennedy Wilson could be required to make under the guarantees was approximately \$62.6 million which is approximately 1% of investment level debt of the Company. The guarantees expire through 2021, and Kennedy Wilson's performance under the guarantees would be required to the extent there is a shortfall upon liquidation between the principal amount of the loan and the net sale proceeds from the property. Based upon Kennedy Wilson's evaluation of guarantees under ASC Subtopic 460-10 "Estimated Fair Value of Guarantees," the estimated fair value of guarantees made as of March 31, 2014 and December 31, 2013 is immaterial.

Investments in loan pool participation

As of March 31, 2014 and December 31, 2013, the Company's investment in loan pool participations totaled \$35.2 million and \$34.7 million, respectively.

Investments in joint ventures

Kennedy Wilson records its investments in KW Property Fund III, L.P., Kennedy Wilson Real Estate Fund IV, L.P., and SG KW Venture I, LLC (the "Funds") based upon the net assets that would be allocated to its interests in the Funds assuming the Funds were to liquidate their investments at fair value as of the reporting date. Kennedy Wilson's investment balance in the Funds was \$34.5 million and \$33.5 million at March 31, 2014 and December 31, 2013, respectively, which is included in unconsolidated investments in the accompanying consolidated balance sheets. As of March 31, 2014, Kennedy Wilson had unfunded capital commitments to the Funds in the amount of \$5.4 million. Kennedy Wilson elected to use the fair value option ("FV Option") for two unconsolidated investment entities to more accurately reflect the timing of the value created in the underlying investments and report those results in current operations. Kennedy Wilson's investment balance in the FV Option investments was \$47.5 million and \$47.6 million at March 31, 2014 and December 31, 2013, respectively, which are included in unconsolidated investments in the accompanying balance sheets.

The following table summarizes our investments in unconsolidated investments held at fair value by type:

Distributions	(0.4) (0.2
Ending balance	\$82.0	\$68.4

The change in unrealized and realized gains and losses is included in income from unconsolidated investments in the accompanying statements of operations.

There was no material change in unrealized gains and losses on Level 3 investments during the three months ended March 31, 2014 and 2013 for investments still held as of March 31, 2014.

In estimating fair value of real estate held by the Funds and the two FV Option investments, Kennedy Wilson considers significant unobservable inputs such as capitalization and discount rates. The table below describes the range of unobservable inputs for real estate assets:

	Estimated Rates Used for	
	Capitalization Rates	Discount Rates
Office	6.00% - 7.50%	7.00% - 9.75%
Retail	6.00% - 10.00%	9.00% - 12.00%
Hotel	6.50%	8.00%
Multifamily	5.75% - 6.75%	7.50% - 9.00%
Loan	n/a	1.75% - 12.00%
Land and condominium units	n/a	8.00% - 12.00%

Table of Contents

Kennedy-Wilson Holdings, Inc.
Notes to Consolidated Financial Statements
(Unaudited)

In valuing real estate, related assets and indebtedness, Kennedy Wilson considers significant inputs such as the term of the debt, value of collateral, market loan-to-value ratios, market interest rates and spreads, and credit quality of investment entities. The credit spreads used by Kennedy Wilson for these types of investments range from 1.75% to 12.00%.

The accuracy of estimating fair value for investments utilizing unobservable inputs cannot be determined with precision and cannot be substantiated by comparison to quoted prices in active markets. As such, estimated fair value may not be realized in a current sale or immediate settlement of the asset or liability. Additionally, there are inherent uncertainties in any fair value measurement technique, and changes in the underlying assumptions used, including cap rates, discount rates, liquidity risks, and estimates of future cash flows, could significantly affect the fair value measurement amounts.

Currency forward contracts

Kennedy Wilson has currency forward contracts to manage its exposure to currency fluctuations between its functional currency (U.S. dollars) and the functional currency (euros and GBP) of certain of its wholly-owned subsidiaries. To accomplish this objective, Kennedy Wilson hedged these exposures by entering into currency forward contracts to partially hedge Kennedy Wilson's exposure to its net investment in certain foreign operations caused by currency fluctuations. The currency forward contracts are valued based on the difference between the contract rate and the forward rate at maturity of the foreign currency applied to the notional value in that foreign currency discounted at a market rate for similar risks. Although Kennedy Wilson has determined that the majority of the inputs used to value its derivative fall within Level 2 of the fair value hierarchy, the counterparty risk adjustments associated with the derivative utilize Level 3 inputs. However, as of March 31, 2014, Kennedy Wilson assessed the significance of the impact of the counterparty valuation adjustments on the overall valuation of its derivative positions and determined that the counterparty valuation adjustments are not significant to the overall valuation of its derivative. As a result, Kennedy Wilson has determined that its derivative valuation in its entirety be classified in Level 2 of the fair value hierarchy.

Changes in fair value are recorded in other comprehensive income in the accompanying consolidated statements of comprehensive income (loss) as the portion of the currency forward contract used to hedge currency exposure of its certain wholly owned subsidiaries qualifies as a net investment hedge under ASC Topic 815. The fair value of the derivative instruments held as of March 31, 2014 are included in accrued expenses and other liabilities on the balance sheet. See note 12 for a complete discussion on other comprehensive income including currency forward contracts and foreign currency translations.

The table below details the currency forward contracts Kennedy Wilson had as of March 31, 2014:

(Dollars in millions)						Change in Unrealized Gains (Losses) Three Months Ended March 31, 2014
Currency	Notional Amount	Trade Date	Settlement Date	Exchange Rate	Fair Value

Total					\$(11.2) \$(1.6

In order to manage currency fluctuations between the Company's functional currency (U.S. dollar) and the functional currency of KWR's functional currency (Japanese yen), the Company entered into forward foreign currency contracts to hedge a portion of its net investment in KWR. During the three months ended March 31, 2014, the Company recognized \$0.8 million gross unrealized losses related to these hedges.

Fair value of financial instruments

The carrying amounts of cash and cash equivalents, accounts receivable including related party receivables, accounts payable, accrued expenses and other liabilities, accrued salaries and benefits, and deferred and accrued income taxes approximate fair value due to their short-term maturities. The carrying value of notes receivable (excluding related party notes receivable as they are presumed not to be an arm's length transaction) approximates fair value as the terms are similar to loans with similar characteristics available in the market.

The Company accounts for its debt liabilities at face value plus net unamortized debt premiums and any fair value adjustments as part of business combinations. The fair value as of March 31, 2014 and December 31, 2013 for the senior notes payable, borrowings under lines of credit, investment debt and junior subordinated debentures were estimated to be approximately \$1,662.8 million and \$878.2 million, respectively, based on a comparison of the yield that would be required in a current transaction,

taking into consideration the risk of the underlying collateral and our credit risk to the current yield of a similar security, compared to their carrying value of \$1,628.3 million and \$850.8 million at March 31, 2014 and December 31, 2013, respectively.

The unamortized loan premium as of March 31, 2014 and December 31, 2013 was \$12.9 million and \$5.3 million, respectively.

⁽²⁾ The investment debt had a weighted average interest rate of 4.35% and 4.13% at March 31, 2014 and December 31, 2013.

During the three months ended March 31, 2014, seven mortgage loans secured by three apartment buildings and an office building in Ireland, and a retail center, office building, and loans in the United Kingdom were consolidated. In March 2014, Kennedy Wilson completed a public offering of \$300.0 million aggregate principal amount of 5.875% Senior Notes, due 2024. The 2024 notes were issued and sold at a public offering price of 99.068% of their principal amount by Kennedy-Wilson, Inc. (the “Issuer”), a wholly owned subsidiary of Kennedy Wilson.

The indentures governing the 2019 Notes, 2024 Notes, and 2042 Notes contain various restrictive covenants, including, among others, limitations on our ability and the ability of certain of our subsidiaries to incur or guarantee additional indebtedness, to make restricted payments, pay dividends or make any other distributions from restricted subsidiaries, redeem or repurchase capital stock, sell assets or subsidiary stock, engage in transactions with affiliates, create or permit liens on assets, enter into sale/leaseback transactions, and enter into consolidations or mergers. The indentures limit Kennedy-Wilson, Inc.'s ability and the ability of its restricted subsidiaries to incur additional indebtedness if, on the date of such incurrence and after giving effect to the new indebtedness, the maximum balance sheet leverage ratio (as defined in the indenture) is greater than 1.50 to 1.00. This ratio is measured at the time of incurrence of additional indebtedness. As of March 31, 2014, the balance sheet leverage ratio was 0.78 to 1.00. See Note 18 for the guarantor and non-guarantor financial statements.

NOTE 10—LINE OF CREDIT

In September 2013, Kennedy-Wilson, Inc. amended its existing unsecured revolving credit facility with U.S. Bank and East-West Bank and added Bank of Ireland which increased the total principal amount available to be borrowed by an additional \$40.0 million, for an aggregate availability of \$140.0 million. The loan bears interest at a rate equal to LIBOR plus 2.75% and the maturity date was extended to October 1, 2016. The revolving loan agreement that governs the unsecured credit facility requires Kennedy-Wilson, Inc. to maintain (i) a minimum rent, adjusted fixed charge coverage ratio (as defined in the revolving loan agreement) of not less than 1.50 to 1.00, measured on a four quarter rolling average basis and (ii) maximum balance sheet leverage (as defined in the revolving loan agreement) of not greater than 1.50 to 1.00, measured at the end of each calendar quarter; (iii) an effective tangible net worth (as defined in the revolving loan agreement) equal to or greater than \$250.0 million, measured at the end of each calendar

quarter; and (iv) unrestricted cash, cash equivalents and publicly traded marketable securities in the aggregate amount of at least \$40.0 million.

The revolving loan agreement also provides that any subsidiary guarantors under our 2019 Notes and 2042 Notes must provide guarantees of the loans drawn on our unsecured revolving credit facility. NOTE 11—JUNIOR SUBORDINATED DEBENTURES

In 2007, Kennedy Wilson issued junior subordinated debentures in the amount of \$40.0 million. The debentures were issued to a trust established by Kennedy Wilson, which contemporaneously issued \$40.0 million of trust-preferred securities to Merrill Lynch International. The interest rate on the debentures is fixed for the first ten years at 9.06%, and variable thereafter at LIBOR plus 3.70%. Interest is payable quarterly, with the principal due in 2037. Kennedy Wilson may redeem the debentures, in whole or in part, on any interest payment date at par.

The junior subordinated debentures require Kennedy-Wilson, Inc. to maintain (i) a fixed charge coverage ratio (as defined in the indenture governing the junior subordinated debentures) of not less than 1.75 to 1.00, measured on a four-quarter rolling basis; (ii) a ratio of total debt to net worth (as defined in the indenture) of not greater than 3.00 to 1.00 at any time; (iii) a tangible net worth (as defined in the indenture) not less than the sum of (x) \$15.0 million, plus (y) 60% of any net income (but only if a positive number) for each completed fiscal quarter beginning with the fiscal quarter ended March 31, 2007 until such time as our net worth equals or exceeds \$75.0 million and then 50% of any net income for each completed fiscal quarter thereafter, plus (z) 50% of all proceeds of equity interests issued by us or our subsidiaries after the date the debentures were issued; and (iv) a net worth (as defined in the indenture) not less than the sum of (x) \$40.0 million, plus (y) 60% of any net income (but only if a positive number) for each completed fiscal quarter beginning with the fiscal quarter ended March 31, 2007 until such time as our net worth equals or exceeds \$75.0 million and then 50% of any net income for each completed fiscal quarter thereafter, plus (z) 50% of all proceeds of equity interests issued by us or our subsidiaries after the date the debentures were issued. Accumulated Other Comprehensive Income

The following table summarizes the changes in each component of accumulated other comprehensive income (loss), net of 40% estimated tax:

	Foreign Currency Translation	Forward Contract Foreign Currency	Total Accumulated Other Comprehensive Income
(Dollars in millions)			
Balance at December 31, 2013	\$4.3	\$4.9	\$9.2
Unrealized losses, arising during the period	(1.2) (2.4) (3.6
Amounts reclassified out of AOCI during the period	1.2	—	1.2
Taxes on unrealized losses, arising during the period	—	0.9	0.9
Balance at March 31, 2014	\$4.3	\$3.4	\$7.7

The local currencies for our interests in foreign operations include the euro, the British pound sterling, and the Japanese yen. The related amounts on our balance sheets are translated into U.S. dollars at the exchange rates at the respective financial statement date, while amounts on our statements of operations are translated at the average exchange rates during the respective period. The increase in the unrealized losses on foreign currency translation is a result of the weakening of the U.S. dollar against the euro, the British pound and the Japanese yen during the quarter ended March 31, 2014.

In order to manage currency fluctuations, the Company entered into forward foreign currency contracts to hedge a portion of its Japanese yen-based investments. During the three months ended March 31, 2014, the Company recognized a gross unrealized loss of \$0.8 million related to these hedges. Kennedy Wilson also has a currency forward contract to manage its exposure to currency fluctuations between its functional currency (U.S. dollars) and the functional currency (euros and GBP) of certain of its wholly-owned subsidiaries (see note 7 for more detail). During the three months ended March 31, 2014, the Company recognized a gross unrealized gain of \$0.1 million related to its hedges on the euro and a gross unrealized loss of \$1.7 million related to its hedges on the Great Britain pound.

Noncontrolling Interests

Noncontrolling interests consist of the ownership interests of noncontrolling shareholders in consolidated subsidiaries, and are presented separately on the balance sheet. As of March 31, 2014 and December 31, 2013 the Company has noncontrolling interest of \$1.7 billion and \$50.6 million, respectively.

The Company currently owns approximately 12.2% of KWE's total issued share capital as of March 31, 2014. Due to the terms provided in the investment management agreement between KWE and a wholly-owned subsidiary of the Company, the Company consolidates KWE's results in its consolidated financial statements. See Note 1 for additional details. During the quarter ended March 31, 2014, the Company recorded a \$1.4 billion increase to non-controlling interest, net of issuance costs, relating to the equity of the noncontrolling shareholders of KWE. The Company's share of the issuance costs was \$6.5 million.

As further discussed in Note 4, the Company was required to consolidate the assets and liabilities of six operating properties and recorded an increase of \$167.9 million to noncontrolling interest relating to the equity of the noncontrolling shareholders of these properties. See note 4.

NOTE 13—EARNINGS PER SHARE

Under FASB ASC 260-10-45, Earnings Per Share, the Company uses the two-class method to calculate earnings per share. Basic earnings per share is calculated based on dividends declared (“distributed earnings”) and the rights of common shares and participating securities in any undistributed earnings, which represents net income remaining after deduction of dividends declared during the period. Participating securities, which include unvested restricted stock, are included in the computation of earnings per share pursuant to the two-class method. The undistributed earnings are allocated to all outstanding common shares and participating securities based on the relative percentage of each security to the total number of outstanding securities. Basic earnings per common share and participating securities represent the summation of the distributed and undistributed earnings per common share and participating security divided by the total weighted average number of common shares outstanding and the total weighted average number of participating securities outstanding during the respective periods. Kennedy Wilson only presents the earnings per share attributable to the common shareholders.

Net losses, after deducting the dividends to participating securities, are allocated in full to the common shares since the participating security holders do not have an obligation to share in the losses, based on the contractual rights and obligations of the participating securities. Because we incurred losses for the three months ended March 31, 2013, all potentially dilutive instruments are anti-dilutive and have been excluded from our computation of weighted average dilutive shares outstanding for that period. Kennedy Wilson declared quarterly dividends to common stockholders in the three months ended March 31, 2014 and 2013 of \$0.09 and \$0.07 per common share, respectively. The following is a summary of the elements used in calculating basic and diluted income (loss) per share for the three months ended March 31, 2014 and 2013:

⁽¹⁾ For the three and three months ended March 31, 2014 and 2013, a total of 11,100,074 and 20,042,192 potentially dilutive securities have not been included in the diluted weighted average shares as they are anti-dilutive. Potentially

anti-dilutive securities include preferred stock, warrants, and unvested restricted stock grants.

KW INVESTMENTS—Kennedy Wilson invests its capital in real estate assets and loans secured by real estate either on its own or with strategic partners through joint ventures, separate accounts, and commingled funds. We are typically the general partner in these joint ventures with a promoted interest in the profits of our investments beyond our ownership percentage. The Company has an average ownership interest across all investments of approximately 34%. Our equity partners include financial institutions, foundations, endowments, high net worth individuals and other institutional investors.

KW SERVICES—KW Services offers a comprehensive line of real estate services for the full lifecycle of real estate ownership to clients that include financial institutions, institutional investors, insurance companies, developers, builders and government agencies. KW Services has four main lines of business: investment management, property services, research and auction and conventional sales. These four business lines generate revenue for us through fees and commissions. Related party fee revenue primarily consists of fees earned on investments in which Kennedy Wilson also has an ownership interest.

We manage over 68 million square feet of properties for institutional clients and individual investors in the United States, Europe, and Japan, which includes assets we have ownership in and third party assets. With 24 offices throughout the United States, the United Kingdom, Ireland, Spain and Japan, we have the capabilities and resources to provide property services to real estate owners as well as the experience, as a real estate investor, to understand client concerns. The managers of KW Services have an extensive track record in their respective lines of business and the real estate community as a whole. Their knowledge and relationships is an excellent driver of business through the services business as well as on the investment front.

Additionally, KW Services plays a critical role in supporting the company's investment strategy by providing local market intelligence and real-time data for evaluating investments, generating proprietary transaction flow and creating value through efficient implementation of asset management or repositioning strategies.

NOTE 15—INCOME TAXES

In determining quarterly provisions for income taxes, Kennedy Wilson uses an effective tax rate based on actual year-to-date income and statutory tax rates. The effective tax rate also reflects Kennedy Wilson's assessment of its potential exposure for uncertain tax positions.

The fluctuations between periods in the Company's effective tax rate are mainly due to varying levels of income and amounts attributable to foreign sourced income and noncontrolling interests. Permanent differences that impact the Company's effective rate as compared to the U.S. federal statutory rate of 34% were not materially different in amount for all periods. The difference between the U.S. federal rate of 34% and the Company's effective rate is attributable to the taxation of foreign sourced income being taxed at rates lower than the U.S. domestic rate and income attributable to noncontrolling interests. The Company's subsidiaries in Ireland and the United Kingdom are subject to corporate tax rates of 12.5% and 21.0%, respectively.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations contains forward-looking statements within the meaning of the federal securities laws. See the discussion under the heading "Forward-looking Statements" elsewhere in this report. Unless specifically noted otherwise, as used throughout this Management's Discussion and Analysis section, "we," "our," "us," "the Company" or "Kennedy Wilson" refers to Kennedy-Wilson Holdings, Inc. and its subsidiaries.

Overview

Kennedy Wilson is a vertically integrated global real estate investment and services company with over \$17.3 billion in assets under management. Founded in 1977, we have owned and operated real estate related investments for over 35 years on behalf of our shareholders and our clients. We have approximately 400 employees in 24 offices throughout the United States, the United Kingdom, Ireland, Spain and Japan and manage and work with over 2,000 operating associates. We focus on adding value for our shareholders through opportunistic investing and strategic asset management. Also, our services business creates additional value through fee generation.

The following is our business model:

Identify countries and markets with an attractive investment landscape

- Establish operating platforms and service businesses in our target markets

Develop local intelligence and create long-lasting relationships; primarily with financial institutions

Leverage relationships and local knowledge to drive proprietary investment opportunities with a focus on off-market transactions

Acquire high quality assets, either on our own or with strategic partners, utilizing cash from our balance sheet and typically financing them on a long-term basis

Reposition assets and enhance cash flows post-acquisition

Continuously evaluate and selectively harvest asset and entity value through strategic realizations utilizing both the public and private markets

Utilize our services businesses to meet client needs, strengthen relationships with financial institutions, and position the Company as a valuable resource and partner to these institutions for any future real estate opportunities

Our strategy has resulted in a strong track record of creating both asset and entity value for the benefit of our shareholders and partners over various real estate cycles.

On February 28, 2014, Kennedy Wilson Europe Real Estate Plc ("KWE," LSE: KWE), a Jersey investment company, closed its initial public offering, raising approximately \$1.7 billion in gross proceeds. KWE, whose ordinary shares are listed on the London Stock Exchange's main market, acquires real estate and real estate-related assets in Europe. In connection with KWE's initial public offering, the Company invested \$145.2 million of cash and \$58.3 million of assets. As of March 31, 2014, the Company owns approximately 12.2% of KWE's total issued share capital, making Kennedy Wilson the largest shareholder of KWE. KWE is externally managed by one of our wholly-owned subsidiaries ("KWE Manager") pursuant to an investment management agreement in which capacity Kennedy Wilson will be entitled to receive certain management and performance fees. KWE Manager is paid an annual management fee (payable quarterly in arrears) equal to 1% of KWE's adjusted net asset value once 75% of the proceeds from KWE's initial public offering have been invested or committed for investment. Before such amount of the proceeds have been invested, KWE Manager will receive 1% of the invested and committed portion of the cash proceeds. The management fee payable to KWE Manager will be paid half in cash and half in shares of KWE. A wholly-owned subsidiary of the Company is also entitled to receive an annual performance fee equal to 20% of the lesser of the excess of the shareholder return for the relevant year (change in KWE's adjusted net asset value per ordinary share) over a 10% annual return hurdle, and the excess of year-end adjusted net asset value per ordinary share over a "high water mark". The performance fee is payable in shares of KWE and vest equally over a three-year period.

Due to the terms provided in the investment management agreement, pursuant to the guidance set forth in FASB Accounting Standards Codification Subtopic 810 - Consolidation ("Subtopic 810"), the Company is required to consolidate KWE's results in its consolidated financial statements. As of March 31, 2014, KWE owned two portfolios of real estate assets: (i) a portfolio of 14 real estate assets comprised of commercial, retail and industrial properties

located across the United Kingdom; and (ii) a high quality mixed use portfolio of 26 properties located in England and Scotland. Pursuant to the investment management agreement, subject to certain exceptions, KWE will be provided priority access to all real estate or real estate loan opportunities sourced by the Company in Europe that are within the parameters of KWE's investment policy.

Our operations are defined by two core business segments, KW investments and KW services, which work closely together to identify attractive investment markets and opportunities across the world:

Table of Contents

KW Investments - we invest in various types of real estate investments through our investments business, either on our own or with strategic partners, where we are typically the general partner, with a promoted interest in the profits of the business beyond our ownership percentage. The main types of real estate we invest in are listed below:

Commercial

We source, acquire, and finance various types of commercial real estate that includes office, retail, industrial, and mixed-use assets.

Multifamily

We focus primarily on apartments in supply-constrained, infill markets. We pursue multifamily acquisition opportunities where we can unlock value through a myriad of strategies, including institutional management, asset rehabilitation, repositioning and creative recapitalization.

Loan Originations / Discounted Loan Purchases

We originate and/or acquire loans secured by real estate. Our originations and acquisitions include individual notes on all real estate property types as well as portfolios of loans purchased from financial institutions, corporations and government agencies.

Residential, Hotel, and Other

In certain cases, we may pursue for sale housing acquisition opportunities, including land for entitlements, finished lots, urban infill condominium sites and partially finished and finished condominium projects. This group also includes our investment in hotels and our investments in marketable securities.

amortization, our share of depreciation and amortization included in income from unconsolidated investments, loss on early extinguishment of corporate debt and income taxes. We do not adjust Consolidated EBITDA for gains or losses on the extinguishment of investment debt as we are in the business of purchasing discounted notes secured by real estate and, in connection with these note purchases, we may resolve these loans through discounted payoffs with the borrowers. Our management believes Consolidated EBITDA is useful in evaluating our operating performance compared to that of other companies in our industry because the calculation of Consolidated EBITDA generally eliminates the effects of financing and income taxes and the accounting effects of capital spending and acquisitions. Adjusted EBITDA⁽¹⁾ - represents Consolidated EBITDA, as defined above, adjusted to exclude acquisition and merger related expenses, stock based compensation expense and EBITDA attributable to noncontrolling interests. Our management uses Adjusted EBITDA to analyze our business because it adjusts Consolidated EBITDA for items we believe do not have an accurate reflection of the nature of our business going forward. Additionally, we believe Adjusted EBITDA is useful to investors to assist them in getting a more accurate picture of our results from operations. Such items may vary for different companies for reasons unrelated to overall operating performance.

(1) - Consolidated EBITDA, as defined above, is not a recognized term under GAAP and does not purport to be an alternative to net earnings as a measure of operating performance or to cash flows from operating activities as a measure of liquidity. Additionally, Consolidated EBITDA is not intended to be a measure of free cash flow available for management's discretionary use, as it does not consider certain cash requirements such as interest payments, tax payments and debt service requirements. Our presentation of Consolidated EBITDA has limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Consolidated EBITDA is not calculated under GAAP and should not be considered in isolation or as a substitute for net income, cash flows or other financial data prepared in accordance with GAAP or as a measure of our overall profitability or liquidity. Such items may vary for different companies for reasons unrelated to overall operating performance.

Adjusted EBITDA represents Consolidated EBITDA, as defined above, adjusted to exclude corporate merger and acquisition related expenses, share based compensation expense and EBITDA attributable to noncontrolling interests for the Company. Such items may vary for different companies for reasons unrelated to overall operating performance. However, Consolidated EBITDA and Adjusted EBITDA are not recognized measurements under GAAP and when analyzing our operating performance, readers should use Consolidated EBITDA and Adjusted EBITDA in addition to, and not as an alternative for, net income as determined in accordance with GAAP. Because not all companies use identical calculations, our presentation of Consolidated EBITDA and Adjusted EBITDA may not be comparable to similarly titled measures of other companies. Furthermore, Consolidated EBITDA and Adjusted EBITDA are not intended to be a measure of free cash flow for our management's discretionary use, as it does not consider certain cash requirements such as tax and debt service payments. The amounts shown for Consolidated EBITDA and Adjusted EBITDA also differ from the amounts calculated under similarly titled definitions in our debt instruments, which are further adjusted to reflect certain other cash and non-cash charges and are used to determine compliance with financial covenants and our ability to engage in certain activities, such as incurring additional debt and making certain restricted payments.

Balance Sheet

The Company's total consolidated assets grew to \$4.4 billion at March 31, 2014 from \$1.8 billion at December 31, 2013. The increase is primarily related to the consolidation of KWE and certain investments which were previously unconsolidated.

During the first quarter, as a result of amending existing operating agreements with one of our equity partners, the Company gained control of six separate unconsolidated investments that hold real estate-related investments located in the United Kingdom and Ireland. The Company has an approximate 50% ownership interest in these investments. As a result of gaining control of these investments, the Company was required to consolidate the assets and liabilities at fair value and recognized an acquisition-related gain of \$80.5 million of which \$40.3 million was allocated to noncontrolling equity partners.

Shareholder equity increased \$184.3 million or 24% to \$952.6 million at March 31, 2014 from \$768.3 million at December 31, 2013.

Subject to the discussion above, the Company anticipates closing these transaction in the second quarter of 2014.

In the event that these two transactions are consummated, we will receive a total of approximately €94.4 million in cash (approximately \$130.7 million), which includes a promote fee of €15 million (approximately \$20.8 million) for the Opera Portfolio transaction paid to us by our current equity partners.

Revenues

Investments Segment Revenues

Rental and hotel income was \$25.3 million for the three months ended March 31, 2014 as compared to \$6.4 million for the same period in 2013. The \$18.9 million increase is primarily due to new acquisitions and consolidations in the later half of 2013. Loan and other income was \$1.7 million for the three months ended March 31, 2014 as compared to \$0.4 million for the same period in 2013. The increase was due to the acquisition of the notes on the Shelbourne Hotel in Dublin, Ireland, during the first quarter of 2014.

Services Segment Revenues

We earn fees on the following types of services we provide:

- investment management, including acquisition, asset management and disposition services;
- property services, including management of commercial real estate for third-party clients, fund investors, and investments held by the Company;
- research, including consulting practice and data and analytics for the residential real estate development and new home construction industry;

Third Party Services - These are fees earned from third parties and relate to assets in which we do not have an ownership interest.

Our third party fees increased to \$5.9 million during the three months ended March 31, 2014 as compared to approximately \$5.3 million for the same period in 2013. The \$0.6 million increase or 11% increase primarily relates to the positive performance in our real estate consultancy division which specializes in real estate research and capital sourcing for the single-family homebuilding and multifamily apartment industries.

Related Party Services

Our related party fees generated revenues of \$7.3 million during the three months ended March 31, 2014 as compared to \$8.3 million for the same period in 2013. The decrease in related party revenue primarily relates to acquisition fees earned in 2013 that we did not earn in 2014. Additionally, asset management fees from KWE in the first quarter of 2014 were negligible and there were no performance fees as KWE was formed in February 2014.

Operating Expenses

Investments Segment Operating Expenses

Operating expenses for the three months ended March 31, 2014 increased to \$43.4 million compared to \$15.4 million for the same period in 2013. The increase is primarily attributable to the following:

Rental operating expenses increased by \$11.0 million, and depreciation and amortization increased by \$4.2 million due to the acquisitions and consolidations in the later half of 2013 and in the first quarter of 2014.

During the three months ended March 31, 2014, we sold five condominium units and a parcel of land resulting in \$9.7 million of sale-related costs compared to 15 condominium units which sold during the same period in 2013, resulting in \$1.9 million of sale-related costs.

Compensation and related expenses increased by \$3.4 million primarily due to an increase in personnel as a result of our growth of in the United Kingdom and Ireland and the launch of KWE. This increase included accrued discretionary compensation. General and administrative expenses increased by \$1.3 million primarily due to our growing operations in the United Kingdom and Ireland as well as the launch of KWE.

Services Segment Operating Expenses

Operating expenses for the three months ended March 31, 2014 were \$11.2 million as compared to \$8.5 million for the same period in 2013. The increase is attributable to the following:

Compensation and related expenses increased by \$1.1 million and general and administrative expenses increased by \$1.4 million as a result of the expansion in our research group and the launch of our iPad application, Zonda, and related sales professionals. Zonda provides market insight for the homebuilding industry with real-time data on over 250 metrics impacting the housing market on a national and local level.

Corporate Operating Expenses

Table of Contents

Operating expenses for the three months ended March 31, 2014 were approximately \$6.2 million as compared to \$3.7 million for the same period in 2013. Compensation and related expenses increased by \$2.4 million primarily due to an increase in personnel as a result of our growth of in the United Kingdom and Ireland and the launch of KWE. This increase included accrued discretionary compensation.

Income from Unconsolidated Investments

Investments Segment Income from Unconsolidated Investments

During the three months ended March 31, 2014, income from unconsolidated investments was \$1.8 million as compared to \$2.2 million for the same period in 2013. The decrease is related to a reduction in income from loan pool participations of \$0.4 million during the first quarter of 2014 as compared to the same period for 2013. During the three months ended March 31, 2014, we accreted \$1.0 million of interest income on our UK Loan Pool as compared to \$2.0 million for the same period in 2013. The unpaid principal balance on the UK Loan Pool decreased from \$417.4 million as of March 31, 2013 to \$31.8 million as of March 31, 2014 resulting in the decrease in the interest income. Offsetting this decline was additional interest income accreted from two additional loan pools acquired after the quarter ended March 31, 2013, which together provided \$0.6 million of accretion income during the three months ended March 31, 2014.

During the three months ended March 31, 2014 and 2013, we recorded \$0.3 million of equity in joint venture loss in each period. Our share of depreciation generated at the joint venture level was \$14.8 million and \$9.3 million for the quarter ended March 31, 2014 and 2013. We look at equity in joint venture income plus our share of the joint ventures depreciation to get a better sense of earnings before depreciation and amortization. The amounts were \$14.5 million and \$9.0 million for the quarter ended March 31, 2014 and 2013 representing a 61% increase.

Services Segment Income from Unconsolidated Investments

During the three months ended March 31, 2014, income from unconsolidated investments was \$1.0 million with no comparable activity in 2013. During the fourth quarter of 2013, the Company along with an equity partner acquired an interest in a loan servicing platform in Spain with approximately €23.0 billion of assets under management. The income recognized during the first quarter of 2014 relates to this acquisition.

Non-operating Items

Acquisition-related gains were \$84.2 million for the three months ended March 31, 2014 compared to \$9.5 million during the same period in 2013. On March 31, 2014, the Company and one of its equity partners amended existing operating agreements governing six separate joint ventures that hold real estate-related investments located in the U.K. and Ireland. The Company has an approximate 50% ownership interest in these investments. These joint ventures were previously accounted for by the Company on an equity method basis. The amendments to the operating agreements provided control to the Company of these investments, as control is defined by FASB Accounting Standards Codification Subtopic 810 - Consolidation. As a result of gaining control, the Company was required to consolidate the assets and liabilities of these properties at fair value in accordance with FASB Accounting Standards Codification 80 - Business Combinations. As the fair value of our interests in these properties were in excess of the carrying value, we recorded acquisition-related gains of \$80.5 million in the accompanying consolidated statement of operations for the quarter ended March 31, 2014. See Note 6 - Fair Value Measurements for further detail of the methodology used to determine the fair value of the assets and liabilities acquired in these transactions.

In addition, during the quarter ended March 31, 2014, we foreclosed on a 133,000 square foot retail center and an adjacent 2.4 acre vacant lot in Van Nuys, CA. As a result of the foreclosure, the Company was required to consolidate the assets and liabilities at fair value. As the fair value of the assets was in excess of the basis in the previously held mortgage notes, we recognized a \$3.7 million acquisition related gain.

Interest expense associated with corporate debt was \$10.5 million for the three months ended March 31, 2014 as compared to \$9.7 million for the same period in 2013. The increase in corporate interest expense is attributable to the issuance of \$300.0 million aggregate principal of the 2024 Notes which occurred in March 2014 and interest expense paid on the revolving line of credit.

Interest expense associated with investment debt was \$5.3 million for the three months ended March 31, 2014 as compared to \$1.7 million for the same period in 2013. The increase is due to the acquisitions and consolidations in the later half of 2013 and during 2014.

Provision for income taxes was \$8.8 million during the three months ended March 31, 2014 as compared to a \$1.7 million benefit from income taxes for the same period in 2013. During the three months ended March 31, 2014, we had domestic gains of \$62.8 million which incurs a tax expense at the federal tax rate of approximately 34% offset by foreign losses of \$4.1 million by our subsidiaries in the United Kingdom and Ireland which are subject to corporate tax rates of 21.0% and 12.5%, respectively, resulting in a net expense from income taxes. The provision for income taxes does not include non-controlling interest.

Table of Contents

We had net income of \$37.4 million attributable to noncontrolling interest during the three months ended March 31, 2014 compared to a net loss attributable to noncontrolling interest of \$1.0 million during the three months ended March 31, 2013. The increase is mainly due to the acquisition-related gain described above being allocated to noncontrolling interest holders.

Liquidity and Capital Resources

Our liquidity and capital resources requirements include acquisitions of real estate and real estate related assets, capital expenditures for consolidated real estate and unconsolidated investments and working capital needs. We finance these operations with internally generated funds, borrowings under our revolving line of credit and sales of equity and debt securities. Our investments in real estate are typically financed with equity from our balance sheet and mortgage loans secured primarily by that real estate. These mortgage loans are generally nonrecourse in that, in the event of default, recourse will be limited to the mortgaged property serving as collateral, subject to limited customary exceptions. In some cases, we guarantee a portion of the loan related to a consolidated property or an unconsolidated investment, usually until some condition, such as completion of construction or leasing or certain net operating income criteria, has been met. We do not expect these guarantees to materially affect liquidity or capital resources. Please refer to the "Off Balance Sheet Arrangements" section for further information. Historically, we have not required significant capital resources to support our brokerage and property management operations.

We believe that our existing cash and cash equivalents plus capital generated from investment management, property services, and research fees, sales of real estate owned, collections from loans and loan pools, as well as our current revolving line of credit, will provide us with sufficient capital requirements to maintain our current portfolio for at least the next twelve months.

To the extent that we engage in additional strategic investments, including real estate, note portfolios, or acquisitions of other real estate related companies, we may need to obtain third party financing which could include bank financing or the public sale or private placement of debt or equity securities. At March 31, 2014, we have approximately \$1.3 billion of cash held by one of our consolidated subsidiaries, KWE, of which the majority of it will be used to engage in strategic investments.

Under our current investment strategy, we generally contribute property expertise and a fully funded initial cash contribution, with commitments to provide additional funding. Capital required for additional improvements and supporting operations during leasing and stabilization periods is generally obtained at the time of acquisition via debt financing or third party investors. Accordingly, we generally do not have significant capital commitments with unconsolidated entities. However, there may be certain circumstances when we, usually with the other members of the unconsolidated investment entity, may be required to contribute additional capital for a period of time.

Our need to raise funds from time to time to meet our capital requirements will depend on many factors, including the success and pace of the implementation of our strategy for strategic and accretive growth. We regularly monitor capital-raising alternatives to be able to take advantage of other available avenues to support our working capital and investment needs, including strategic partnerships and other alliances, bank borrowings, and the sale of equity or debt securities. Additionally, we expect to meet the repayment obligations of our corporate borrowings from cash generated by our business or the public sale or private placement of debt or equity securities.

During the quarter ended March 31, 2014, the Company generated a book loss of \$4.1 million related to operations in the United Kingdom and Ireland. A foreign tax benefit of \$0.3 million attributable to Kennedy-Wilson Holdings, Inc is included in the consolidated tax provision for income taxes related to the portion of income earned directly by subsidiaries in the United Kingdom and Ireland for the quarter ended March 31, 2014. U.S. domestic taxes have not been provided for in the consolidated tax provision on amounts earned directly by these subsidiaries since it is the Company's plan to indefinitely invest amounts earned by these subsidiaries in the United Kingdom and Ireland operations. If these subsidiaries' cumulative earnings were repatriated to the United States additional U.S. domestic taxes of \$3.1 million attributable to Kennedy-Wilson Holdings, Inc would be incurred. Additionally, approximately \$1.3 billion of our consolidated cash and cash equivalents is held by our subsidiaries in the United Kingdom and Ireland.

Currency Derivative Instruments

Fluctuations in currency exchange rates may affect our financial position and results of operations. We enter into currency forward contracts to manage our exposure to currency fluctuations between our functional currency (the U.S. dollar) and the functional currency (Euros, British Pound Sterling, and Japanese Yen) of certain of our wholly owned subsidiaries and joint venture investments.

For the quarter ended March 31, 2014 and 2013, we recorded a loss, net of taxes, of \$1.5 million and a gain of \$3.6 million, respectively, in other comprehensive income as the portion of the currency forward contract used to hedge the currency exposure of certain of our wholly owned subsidiaries qualifies as a net investment hedge under ASC Topic 815.

Cash Flows

Operating

Our cash flows from operating activities are primarily dependent upon the operating distributions from our unconsolidated investments, revenues from our services business net of operating expenses and other general and administrative costs. Net cash used in operating activities totaled \$36.9 million for the three months ended March 31, 2014. This was primarily related to the payment of interest expense to fund our investment business, accrued expenses and other liabilities, accrued salaries and benefits and prepayment of expenses. These decreases were offset by operating distributions from our unconsolidated investments of \$10.4 million. Net cash used in operating activities totaled \$27.6 million for the three months ended March 31, 2013. This was primarily related to operating distributions from our unconsolidated investments of \$8.4 million offset by payments of accrued expenses and other liabilities and accrued salaries and benefits.

Investing

Our cash flows from investing activities are generally comprised of cash used to fund investments in unconsolidated investments, property acquisitions, capital expenditures, and loans secured by real estate, as well as return of capital investments from dispositions or refinances on our hard assets and resolutions in our loan participations and loan pools. Net cash used in investing activities totaled \$576.7 million for the three months ended March 31, 2014. This was primarily due to \$67.1 million of equity invested in unconsolidated investments of which \$57.2 million related to the acquisition of a portfolio of 14 assets comprised of commercial, retail and industrial assets which was subsequently contributed into KWE as part of its initial public offering. We invested \$367.7 million for the purchase and addition to real estate which mainly included 26 commercial properties located in the United Kingdom and 272 residential units and 31,000 commercial spaces in Dublin. In addition, we invested \$158.6 million to fund our equity in loans mainly for the acquisition of notes secured by the Shelbourne Hotel in Dublin, Ireland. The cash used in the aforementioned investing activities was offset by receipt of \$11.0 million in distributions from our unconsolidated investments primarily due to refinancing of property level debt and the sale of underlying properties.

Net cash used in investing activities totaled \$17.0 million for the three months ended March 31, 2013. This was primarily due to \$45.9 million of equity invested in unconsolidated investments of which \$20.2 million was invested in the acquisition of a portfolio of 29 income-producing commercial properties located in the United Kingdom, \$15.8 million was contributed to an unconsolidated investment for the acquisition of three loans collateralized by four properties that closed in April 2013. In addition, we invested \$14.4 million to fund our equity in new and existing loans. The cash used in the aforementioned investing activities was offset by receipt of \$15.0 million in distributions from our unconsolidated investments primarily due to the settlement of several Japanese yen-related hedges resulting in a distribution of \$11.1 million to us. In addition, we received \$13.8 million in distributions from our loan pools primarily due to loan resolutions.

Financing

Our net cash related to financing activities is generally impacted by capital-raising activities net of dividends and distributions paid to common and preferred shareholders and noncontrolling interests as well as financing activities for consolidated real estate investments. Net cash provided by financing activities totaled \$2.0 billion for the three months ended March 31, 2014. This was primarily due to proceeds, net of issuance costs, of \$1.4 billion from noncontrolling interest holders for the initial public offering of Kennedy Wilson Europe, net proceeds of \$190.8 million received from the issuance of 9.2 million shares of common stock primarily to institutional investors, the issuance of \$300.0 million of senior notes which generated \$297.2 million in proceeds, and \$195.8 million of proceeds from mortgage loans to finance and refinance consolidated property acquisitions offset by \$9.6 million of debt issuance costs. These were offset by repayment of \$5.5 million of investment debt and payments of cash dividends of \$7.8 million to our common and preferred shareholders.

Net cash provided by financing activities totaled \$126.2 million for the three months ended March 31, 2013. This was primarily due to net proceeds of \$133.8 million received from the issuance of 9.0 million shares of common stock primarily to institutional investors, offset by payments of cash dividends of \$7.1 million to our common and preferred shareholders.

Junior Subordinated Debentures

In 2007, Kennedy Wilson issued junior subordinated debentures in the amount of \$40.0 million. The debentures were issued to a trust established by Kennedy Wilson, which contemporaneously issued \$40.0 million of trust preferred securities to Merrill Lynch International. The interest rate on the debentures is fixed for the first ten years at 9.06% and variable thereafter at LIBOR plus 3.70%. Interest is payable quarterly, with the principal due in 2037. Kennedy Wilson may redeem the debentures, in whole or in part, on any interest payment date at par.

Borrowings Under Line of Credit

In September 2013, Kennedy-Wilson, Inc., a wholly owned subsidiary of Kennedy Wilson, amended its existing unsecured revolving credit facility with U.S. Bank and East-West Bank which increased the total principal amount available to be borrowed by an additional \$40.0 million, for an aggregate availability of \$140.0 million. The loan bears interest at a rate equal to LIBOR plus 2.75% and the maturity date was extended to October 1, 2016. As of March 31, 2014, the unsecured credit facility was undrawn and \$140.0 million was still available.

Debt Covenants

The junior subordinated debentures, the unsecured credit facility with U.S. Bank and East West Bank, and the indentures governing the 2019 Notes, 2024 Notes, and 2042 Notes contain numerous restrictive covenants that, among other things, limit Kennedy Wilson's and certain of its subsidiaries' ability to incur additional indebtedness, pay dividends or make distributions to stockholders, repurchase capital stock or debt, make investments, sell assets or subsidiary stock, create or permit liens on assets, engage in transactions with affiliates, enter into sale/leaseback transactions, issue subsidiary equity and enter into consolidations or mergers. The unsecured credit facility and junior subordinated debentures also require Kennedy Wilson to maintain a minimum tangible net worth and a specified amount of cash and cash equivalents.

The junior subordinated debentures require Kennedy-Wilson, Inc. to maintain (i) a fixed charge coverage ratio (as defined in the indenture governing the junior subordinated debentures) of not less than 1.75 to 1.00, measured on a four-quarter rolling basis; (ii) a ratio of total debt to net worth (as defined in the indenture) of not greater than 3.00 to 1.00 at any time; (iii) a tangible net worth (as defined in the indenture) not less than the sum of (x) \$15.0 million, plus (y) 60% of any net income (but only if a positive number) for each completed fiscal quarter beginning with the fiscal quarter ended March 31, 2007 until such time as our net worth equals or exceeds \$75.0 million and then 50% of any net income for each completed fiscal quarter thereafter, plus (z) 50% of all proceeds of equity interests issued by us or our subsidiaries after the date the debentures were issued; and (iv) a net worth (as defined in the indenture) not less than the sum of (x) \$40.0 million, plus (y) 60% of any net income (but only if a positive number) for each completed fiscal quarter beginning with the fiscal quarter ended March 31, 2007 until such time as our net worth equals or exceeds \$75.0 million and then 50% of any net income for each completed fiscal quarter thereafter, plus (z) 50% of all proceeds of equity interests issued by us or our subsidiaries after the date the debentures were issued. As of March 31, 2014, Kennedy Wilson's fixed charge coverage ratio was 3.64 to 1.00, its ratio of total debt to net worth was 1.71 to

1.00 and its tangible net worth and net worth were \$901.9 million and \$952.5 million, respectively, and Kennedy Wilson was in compliance with these covenants.

The revolving loan agreement that governs the unsecured credit facility requires Kennedy Wilson to maintain (i) a minimum rent adjusted fixed charge coverage ratio (as defined in the revolving loan agreement) of not less than 1.50 to 1.00, measured on a four-quarter rolling average basis; (ii) maximum balance sheet leverage (as defined in the revolving loan agreement) of not greater than 1.50 to 1.00, measured at the end of each calendar quarter; (iii) an effective tangible net worth (as defined in the revolving loan agreement) equal to or greater than \$250.0 million, measured at the end of each calendar quarter; and (iv) unrestricted cash, cash equivalents and publicly traded marketable securities in the aggregate amount of at least \$40.0 million.

Table of Contents

As of March 31, 2014, Kennedy Wilson's rent adjusted fixed charge coverage ratio was 3.01 to 1.00, its balance sheet leverage ratio was 0.82 to 1.00, and its effective tangible net worth and its unrestricted cash, cash equivalents and publicly traded marketable securities were \$905.7 million and \$1.6 billion, respectively, and Kennedy-Wilson, Inc. was in compliance with these covenants.

The indentures governing the 2019 Notes, 2024 Notes, and 2042 Notes limit Kennedy-Wilson, Inc.'s ability to incur additional indebtedness if, on the date of such incurrence and after giving effect to the new indebtedness, Kennedy-Wilson, Inc.'s maximum balance sheet leverage ratio (as defined in the indenture) is greater than 1.50 to 1.00. This ratio is measured at the time of incurrence of additional indebtedness. As of March 31, 2014, the balance sheet leverage ratio was 0.78 to 1.00.

Off-Balance Sheet Arrangements

We have provided guarantees associated with loans secured by consolidated assets or assets held in various unconsolidated investments. At March 31, 2014, the maximum potential amount of future payments (undiscounted) we could be required to make under the guarantees was approximately \$62.6 million. The guarantees expire through 2021, and our performance under the guarantees would be required to the extent there is a shortfall upon liquidation between the principal amount of the loan and the net sale proceeds of the applicable properties. If we were to become obligated to perform on these guarantees, it could have an adverse effect on our financial condition.

As of March 31, 2014, we have unfulfilled capital commitments totaling \$12.5 million to our unconsolidated investments. As we identify investment opportunities in the future, we may be called upon to contribute additional capital to unconsolidated investments in satisfaction of our capital commitment obligations.

Please refer to our Annual Report on Form 10-K for the year ended December 31, 2013 for discussion of our non-recourse carve-out guarantees arrangements, as there have been no material changes to that disclosure.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The primary market risk exposure of our Company relates to changes in interest rates in connection with our short-term borrowings, some of which bear interest at variable rates based on the lender's base rate, prime rate, EURIBOR, GBP LIBOR, or LIBOR plus an applicable borrowing margin. These borrowings do not give rise to a significant interest rate risk because they have short maturities. However, the amount of income or loss we recognize for unconsolidated joint ventures or consolidated interest expense from property level debt may be impacted by changes in interest rates. Historically, the impact from the changes in rates has not been significant. Our exposure to market risk also consists of foreign currency exchange rate fluctuations related to our international operations.

Interest Rate Risk

We have established an interest rate management policy, which attempts to minimize our overall cost of debt while taking into consideration the earnings implications associated with the volatility of short-term interest rates. As part of this policy, we have elected to maintain a combination of variable and fixed rate debt. As of March 31, 2014, 67% of our property level debt is fixed rate, 21% is floating rate with interest caps and 12% is floating rate without interest caps.

The table below represents contractual balances of our financial instruments at the expected maturity dates as well as the fair value as of March 31, 2014. The expected maturity categories take into consideration actual amortization of principal and do not take into consideration reinvestment of cash. The weighted average interest rate for the various assets and liabilities presented are actual as of March 31, 2014. We closely monitor the fluctuation in interest rates, and if rates were to increase significantly, we believe that we would be able to either hedge the change in the interest rate or refinance the loans with fixed interest rate debt. All instruments included in this analysis are non-trading.

Currency Risk

We have established a foreign currency exposure policy, which attempts to minimize our overall exposure to foreign currency fluctuations. We enter into currency forward contracts to manage our exposure to currency fluctuations between our functional currency (the U.S. dollar) and the functional currency (Euros, British Pound Sterling, and Japanese Yen) of certain of our wholly owned subsidiaries and joint venture investments.

Item 4. Controls and Procedures**Disclosure Controls and Procedures**

As of the end of the period covered by this report, we conducted an evaluation, under the supervision and with the participation of the principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the record period covered by this report, our disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

Changes in Internal Controls over Financial Reporting

There was no change in our internal control over financial reporting during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II**OTHER INFORMATION****Item 1. Legal Proceedings**

We may be involved in various legal proceedings arising in the ordinary course of business, none of which are currently material to our business and our financial statements taken as a whole. From time to time, our real estate management division is named in “slip and fall” type litigation relating to buildings we manage. Our standard management agreement contains an indemnity provision whereby the building owner indemnifies and agrees to defend our real estate management division against such claims. In such cases, we are defended by the building owner’s liability insurer.

Section 2.3. Execution and Authentication.

An Officer shall sign the Securities for the Company by manual or facsimile signature.

If an Officer whose signature is on a Security no longer holds that office at the time the Security is authenticated, the Security shall nevertheless be valid.

A Security shall not be valid until authenticated by the manual signature of the Trustee or an authenticating agent. The signature shall be conclusive evidence that the Security has been authenticated under this Indenture.

The Trustee shall at any time, and from time to time, authenticate Securities for original issue in the principal amount provided in the Board Resolution, supplemental indenture hereto or Officer's Certificate, upon receipt by the Trustee of a Company Order. Each Security shall be dated the date of its authentication.

The aggregate principal amount of Securities of any Series outstanding at any time may not exceed any limit upon the maximum principal amount for such Series set forth in the Board Resolution, supplemental indenture hereto or Officer's Certificate delivered pursuant to Section 2.2, except as provided in Section 2.8.

Prior to the issuance of Securities of any Series, the Trustee shall have received and (subject to Section 7.2) shall be fully protected in relying on: (a) the Board Resolution, supplemental indenture hereto or Officer's Certificate establishing the form of the Securities of that Series or of Securities within that Series and the terms of the Securities of that Series or of Securities within that Series, (b) an Officer's Certificate complying with Section 10.4, and (c) an Opinion of Counsel complying with Section 10.4.

The Trustee shall have the right to decline to authenticate and deliver any Securities of such Series: (a) if the Trustee, being advised by counsel, determines that such action may not be taken lawfully; or (b) if the Trustee in good faith by its board of directors or trustees, executive committee or a trust committee of directors and/or vice-presidents or a committee of Responsible Officers shall determine that such action would expose the Trustee to personal liability to Holders of any then outstanding Series of Securities.

The Trustee may appoint an authenticating agent acceptable to the Company to authenticate Securities. An authenticating agent may authenticate Securities whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by such agent. An authenticating agent has the same rights as an Agent to deal with the Company or an Affiliate of the Company.

Section 2.4. Registrar and Paying Agent.

The Company shall maintain, with respect to each Series of Securities, at the place or places specified with respect to such Series pursuant to Section 2.2, an office or agency where Securities of such Series may be presented or surrendered for payment ("Paying Agent"), where Securities of such Series may be surrendered for registration of transfer or exchange ("Registrar") and where notices and demands to or upon the Company in respect of the Securities of such Series and this Indenture may be delivered ("Notice Agent"). The Registrar shall keep a register with respect to each Series of Securities and to their transfer and exchange. The Company will give prompt written notice to the Trustee of the name and address, and any change in the name or address, of each Registrar, Paying Agent or Notice Agent. If at any time the Company shall fail to maintain any such required Registrar, Paying Agent or Notice Agent or shall fail to furnish the Trustee with the name and address thereof, such presentations, surrenders, notices and demands

Table of Contents

may be made or served at the Corporate Trust Office of the Trustee, and the Company hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

The Company may also from time to time designate one or more co-registrars, additional paying agents or additional notice agents and may from time to time rescind such designations; provided, however, that no such designation or rescission shall in any manner relieve the Company of its obligations to maintain a Registrar, Paying Agent and Notice Agent in each place so specified pursuant to Section 2.2 for Securities of any Series for such purposes. The Company will give prompt written notice to the Trustee of any such designation or rescission and of any change in the name or address of any such co-registrar, additional paying agent or additional notice agent. The term "Registrar" includes any co-registrar; the term "Paying Agent" includes any additional paying agent; and the term "Notice Agent" includes any additional notice agent. The Company or any of its Affiliates may serve as Registrar or Paying Agent. The Company hereby appoints the Trustee the initial Registrar, Paying Agent and Notice Agent for each Series unless another Registrar, Paying Agent or Notice Agent, as the case may be, is appointed prior to the time Securities of that Series are first issued.

Section 2.5. Paying Agent to Hold Money in Trust.

The Company shall require each Paying Agent other than the Trustee to agree in writing that the Paying Agent will hold in trust, for the benefit of Holders of any Series of Securities, or the Trustee, all money held by the Paying Agent for the payment of principal of or interest on the Series of Securities, and will notify the Trustee in writing of any default by the Company in making any such payment. While any such default continues, the Trustee may require a Paying Agent to pay all money held by it to the Trustee. The Company at any time may require a Paying Agent to pay all money held by it to the Trustee. Upon payment over to the Trustee, the Paying Agent (if other than the Company or a Subsidiary of the Company) shall have no further liability for the money. If the Company or a Subsidiary of the Company acts as Paying Agent, it shall segregate and hold in a separate trust fund for the benefit of Holders of any Series of Securities all money held by it as Paying Agent. Upon any bankruptcy, reorganization or similar proceeding with respect to the Company, the Trustee shall serve as Paying Agent for the Securities.

Section 2.6. Holder Lists.

The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders of each Series of Securities and shall otherwise comply with TIA § 312(a). If the Trustee is not the Registrar, the Company shall furnish to the Trustee at least ten days before each interest payment date and at such other times as the Trustee may request in writing a list, in such form and as of such date as the Trustee may reasonably require, of the names and addresses of Holders of each Series of Securities.

Section 2.7. Transfer and Exchange.

Where Securities of a Series are presented to the Registrar or a co-registrar with a request to register a transfer or to exchange them for an equal principal amount of Securities of the same Series, the Registrar shall register the transfer or make the exchange if its requirements for such transactions are met. To permit registrations of transfers and exchanges, the Trustee shall authenticate Securities at the Registrar's request. No service charge shall be made for any registration of transfer or exchange (except as otherwise expressly permitted herein), but the Company may require payment of a sum sufficient to cover any transfer tax or similar governmental charge payable in connection therewith (other than any such transfer tax or similar governmental charge payable upon exchanges pursuant to Sections 2.11, 3.6 or 9.6).

Table of Contents

Neither the Company nor the Registrar shall be required (a) to issue, register the transfer of, or exchange Securities of any Series for the period beginning at the opening of business fifteen days immediately preceding the mailing of a notice of redemption of Securities of that Series selected for redemption and ending at the close of business on the day of such mailing, or (b) to register the transfer of or exchange Securities of any Series selected, called or being called for redemption as a whole or the portion being redeemed of any such Securities selected, called or being called for redemption in part.

Section 2.8. Mutilated, Destroyed, Lost and Stolen Securities.

If any mutilated Security is surrendered to the Trustee, the Company shall execute and the Trustee shall authenticate and deliver in exchange therefor a new Security of the same Series and of like tenor and principal amount and bearing a number not contemporaneously outstanding.

If there shall be delivered to the Company and the Trustee (i) evidence to their satisfaction of the destruction, loss or theft of any Security and (ii) such security or indemnity bond as may be required by each of them to hold itself and any of its agents harmless, then, in the absence of notice to the Company or the Trustee that such Security has been acquired by a bona fide purchaser, the Company shall execute and upon its request the Trustee shall authenticate and make available for delivery, in lieu of any such destroyed, lost or stolen Security, a new Security of the same Series and of like tenor and principal amount and bearing a number not contemporaneously outstanding.

In case any such mutilated, destroyed, lost or stolen Security has become or is about to become due and payable, the Company in its discretion may, instead of issuing a new Security, pay such Security.

Upon the issuance of any new Security under this Section, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

Every new Security of any Series issued pursuant to this Section in lieu of any destroyed, lost or stolen Security shall constitute an original additional contractual obligation of the Company, whether or not the destroyed, lost or stolen Security shall be at any time enforceable by anyone, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Securities of that Series duly issued hereunder.

The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities.

Section 2.9. Outstanding Securities.

The Securities outstanding at any time are all the Securities authenticated by the Trustee except for those canceled by it, those delivered to it for cancellation, those reductions in the interest on a Global Security effected by the Trustee in accordance with the provisions hereof and those described in this Section as not outstanding.

If a Security is replaced pursuant to Section 2.8, it ceases to be outstanding until the Trustee receives proof satisfactory to it that the replaced Security is held by a bona fide purchaser.

If the Paying Agent (other than the Company, a Subsidiary of the Company or an Affiliate of the Company) holds on the Maturity of Securities of a Series money sufficient to pay such Securities payable

Table of Contents

on that date, then on and after that date such Securities of the Series cease to be outstanding and interest on them ceases to accrue.

The Company may purchase or otherwise acquire the Securities, whether by open market purchases, negotiated transactions or otherwise. A Security does not cease to be outstanding because the Company or an Affiliate of the Company holds the Security, subject to Section 2.10.

In determining whether the Holders of the requisite principal amount of outstanding Securities have given any request, demand, authorization, direction, notice, consent or waiver hereunder, the principal amount of a Discount Security that shall be deemed to be outstanding for such purposes shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon a declaration of acceleration of the Maturity thereof pursuant to Section 6.2.

Section 2.10. Treasury Securities.

In determining whether the Holders of the required principal amount of Securities of a Series have concurred in any request, demand, authorization, direction, notice, consent or waiver, Securities of a Series owned by the Company, any Guarantor of Securities of such Series or any Affiliate of the Company or any such Guarantor shall be disregarded, except that for the purposes of determining whether the Trustee shall be protected in relying on any such request, demand, authorization, direction, notice, consent or waiver only Securities of a Series that a Responsible Officer of the Trustee knows are so owned shall be so disregarded.

Section 2.11. Temporary Securities.

Until definitive Securities are ready for delivery, the Company may prepare and the Trustee shall authenticate temporary Securities upon a Company Order. Temporary Securities shall be substantially in the form of definitive Securities but may have variations that the Company considers appropriate for temporary Securities. Without unreasonable delay, the Company shall prepare and the Trustee upon receipt of a Company Order shall authenticate definitive Securities of the same Series and date of maturity in exchange for temporary Securities. Until so exchanged, temporary securities shall have the same rights under this Indenture as the definitive Securities.

Section 2.12. Cancellation.

The Company at any time may deliver Securities to the Trustee for cancellation. The Registrar and the Paying Agent shall forward to the Trustee any Securities surrendered to them for registration of transfer, exchange or payment. The Trustee shall cancel all Securities surrendered for transfer, exchange, payment, replacement or cancellation and shall destroy such canceled Securities (subject to the record retention requirement of the Exchange Act and the Trustee) and deliver a certificate of such cancellation to the Company upon written request of the Company. The Company may not issue new Securities to replace Securities that it has paid or delivered to the Trustee for cancellation.

Section 2.13. Defaulted Interest.

If the Company defaults in a payment of interest on a Series of Securities, it shall pay the defaulted interest, plus, to the extent permitted by law, any interest payable on the defaulted interest, to the persons who are Holders of the Series on a subsequent special record date. The Company shall fix the record date and payment date. At least 10 days before the special record date, the Company shall mail to the Trustee and to each Holder of the Series a notice that states the special record date, the payment date and the amount of interest to be paid. The Company may pay defaulted interest in any other lawful manner.

Section 2.14. Global Securities.

2.14.1. Terms of Securities. A Board Resolution, a supplemental indenture hereto or an Officer's Certificate shall establish whether the Securities of a Series shall be issued in whole or in part in the form of one or more Global Securities and the Depositary for such Global Security or Securities.

2.14.2. Transfer and Exchange. Notwithstanding any provisions to the contrary contained in Section 2.7 of the Indenture and in addition thereto, any Global Security shall be exchangeable pursuant to Section 2.7 of the Indenture for Securities registered in the names of Holders other than the Depositary for such Security or its nominee only if (i) such Depositary notifies the Company that it is unwilling or unable to continue as Depositary for such Global Security or if at any time such Depositary ceases to be a clearing agency registered under the Exchange Act, and, in either case, the Company fails to appoint a successor Depositary registered as a clearing agency under the Exchange Act within 90 days of such event or (ii) the Company executes and delivers to the Trustee an Officer's Certificate to the effect that such Global Security shall be so exchangeable. Any Global Security that is exchangeable pursuant to the preceding sentence shall be exchangeable for Securities registered in such names as the Depositary shall direct in writing in an aggregate principal amount equal to the principal amount of the Global Security with like tenor and terms. Except as provided in this Section 2.14.2, a Global Security may not be transferred except as a whole by the Depositary with respect to such Global Security to a nominee of such Depositary, by a nominee of such Depositary to such Depositary or another nominee of such Depositary or by the Depositary or any such nominee to a successor Depositary or a nominee of such a successor Depositary.

2.14.3. Legend. Any Global Security issued hereunder shall bear a legend in substantially the following form: "This Security is a Global Security within the meaning of the Indenture hereinafter referred to and is registered in the name of the Depositary or a nominee of the Depositary. This Security is exchangeable for Securities registered in the name of a person other than the Depositary or its nominee only in the limited circumstances described in the Indenture, and may not be transferred except as a whole by the Depositary to a nominee of the Depositary, by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor Depositary or a nominee of such a successor Depositary."

2.14.4. Acts of Holders. The Depositary, as a Holder, may appoint agents and otherwise authorize participants to give or take any request, demand, authorization, direction, notice, consent, waiver or other action which a Holder is entitled to give or take under the Indenture.

2.14.5. Payments. Notwithstanding the other provisions of this Indenture, unless otherwise specified as contemplated by Section 2.2, payment of the principal of and interest, if any, on any Global Security shall be made to the Holder thereof.

2.14.6. Consents, Declaration and Directions. The Company, the Guarantors, if any, the Trustee and any Agent shall treat a person as the Holder of such principal amount of outstanding Securities of such Series represented by a Global Security as shall be specified in a written statement of the Depositary or by the applicable procedures of such Depositary with respect to such Global Security, for purposes of obtaining any consents, declarations, waivers or directions required to be given by the Holders pursuant to this Indenture.

Section 2.15. CUSIP Numbers.

Table of Contents

The Company in issuing the Securities may use “CUSIP” numbers (if then generally in use), and, if so, the Trustee shall use “CUSIP” numbers in notices of redemption as a convenience to Holders; provided that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Securities or as contained in any notice of a redemption and that reliance may be placed only on the other elements of identification printed on the Securities, and any such redemption shall not be affected by any defect in or omission of such numbers.

ARTICLE III.

REDEMPTION

Section 3.1. Notice to Trustee.

The Company may, with respect to any Series of Securities, reserve the right to redeem and pay the Series of Securities or may covenant to redeem and pay the Series of Securities or any part thereof prior to the Stated Maturity thereof at such time and on such terms as provided for in such Securities. If a Series of Securities is redeemable and the Company elects to redeem prior to the Stated Maturity thereof all or part of the Series of Securities pursuant to the terms of such Securities, it shall notify the Trustee in writing of the redemption date and the principal amount of Series of Securities to be redeemed. The Company shall give the notice at least 15 days before the redemption date.

Section 3.2. Selection of Securities to be Redeemed.

Unless otherwise indicated for a particular Series by a Board Resolution, a supplemental indenture hereto or an Officer’s Certificate, if less than all the Securities of a Series are to be redeemed, the Trustee shall select the Securities of the Series to be redeemed in any manner that the Trustee deems fair and appropriate, including by lot or other method, unless otherwise required by law or applicable stock exchange requirements, subject, in the case of Global Securities, to the applicable rules and procedures of the Depository. The Trustee shall make the selection from Securities of the Series outstanding not previously called for redemption. The Trustee may select for redemption portions of the principal of Securities of the Series that have denominations larger than \$1,000. Securities of the Series and portions of them it selects shall be in amounts of \$1,000 or whole multiples of \$1,000 or, with respect to Securities of any Series issuable in other denominations pursuant to Section 2.2.10, the minimum principal denomination for each Series and the authorized integral multiples thereof. Provisions of this Indenture that apply to Securities of a Series called for redemption also apply to portions of Securities of that Series called for redemption.

Section 3.3. Notice of Redemption.

Unless otherwise indicated for a particular Series by Board Resolution, a supplemental indenture hereto or an Officer’s Certificate, at least 15 days but not more than 60 days before a redemption date, the Company shall mail a notice of redemption by first-class mail to each Holder whose Securities are to be redeemed.

The notice shall identify the Securities of the Series to be redeemed and shall state:

- (a) the redemption date;
- (b) the redemption price;
- (c) the name and address of the Paying Agent;

Table of Contents

- (d) if any Securities are being redeemed in part, the portion of the principal amount of such Securities to be redeemed and that, after the redemption date and upon surrender of such Security, a new Security or Securities in principal amount equal to the unredeemed portion of the original Security shall be issued in the name of the Holder thereof upon cancellation of the original Security;
- (e) that Securities of the Series called for redemption must be surrendered to the Paying Agent to collect the redemption price;
- (f) that interest on Securities of the Series called for redemption ceases to accrue on and after the redemption date unless the Company defaults in the deposit of the redemption price;
- (g) the CUSIP, if any, number of the Securities to be redeemed; and
- (h) any other information as may be required by the terms of the particular Series or the Securities of a Series being redeemed.

At the Company's request, the Trustee shall give the notice of redemption in the Company's name and at its expense, provided, however, that the Company has delivered to the Trustee, at least 10 days (unless a shorter time shall be acceptable to the Trustee) prior to the notice date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice.

Section 3.4. Effect of Notice of Redemption.

Once notice of redemption is mailed as provided in Section 3.3, Securities of a Series called for redemption become due and payable on the redemption date and at the redemption price. Except as otherwise provided in the supplemental indenture, Board Resolution or Officer's Certificate for a Series, a notice of redemption may not be conditional. Upon surrender to the Paying Agent, such Securities shall be paid at the redemption price plus accrued interest to the redemption date.

Section 3.5. Deposit of Redemption Price.

On or before 11:00 a.m., New York City time, on the redemption date, the Company shall deposit with the Paying Agent money sufficient to pay the redemption price of and accrued interest, if any, on all Securities to be redeemed on that date.

Section 3.6. Securities Redeemed in Part.

Upon surrender of a Security that is redeemed in part, the Trustee shall authenticate for the Holder a new Security of the same Series and the same maturity equal in principal amount to the unredeemed portion of the Security surrendered.

ARTICLE IV.

Section 4.2. SEC Reports.

To the extent any Securities of a Series are outstanding, the Company shall deliver to the Trustee within 15 days after it actually files them with the SEC (regardless of when the same is or was required to be filed with the SEC pursuant to the Exchange Act or otherwise) copies of the reports which the Company is required to file with the SEC pursuant to Section 13(a) or 15(d) of the Exchange Act; provided, however, that the Company shall not be required to deliver to the Trustee any material for which the Company has sought and received, or is currently seeking, confidential treatment by the SEC; provided further, that each such report will be deemed to be so delivered to the Trustee if the Company files such report with the SEC through the SEC's EDGAR database (or any successor thereto). The Company also shall comply with the other provisions of TIA §314(a).

Delivery of reports, information and documents to the Trustee under this Section 4.2 are for informational purposes only and the Trustee's receipt of the foregoing shall not constitute constructive or actual notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of their covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates).

Section 4.3. Compliance Certificate.

To the extent any Securities of a Series are outstanding, the Company shall deliver to the Trustee, within 120 days after the end of each fiscal year of the Company, an Officer's Certificate stating that a review of the activities of the Company and its Subsidiaries during the preceding fiscal year has been made under the supervision of the signing Officers with a view to determining whether the Company has kept, observed, performed and fulfilled its obligations under this Indenture, and further stating, as to each such Officer signing such certificate, that to the best of his/her knowledge the Company has kept, observed, performed and fulfilled each and every covenant contained in this Indenture and is not in default in the performance or observance of any of the terms, provisions and conditions hereof (or, if a Default or Event of Default shall have occurred, describing all such Defaults or Events of Default of which the Officer may have knowledge).

The Company will, so long as any of the Securities are outstanding, deliver to the Trustee, promptly upon becoming aware of any Default or Event of Default, an Officer's Certificate specifying such Default or Event of Default and what action the Company is taking or proposes to take with respect thereto.

Section 4.4. Stay, Extension and Usury Laws.

The Company and each Guarantor covenants (to the extent that they may lawfully do so) that they will not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay, extension or usury law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture or the Securities; and the Company and each Guarantor (to the extent they may lawfully do so) hereby expressly waive all benefit or advantage of any such law and covenant that they will not, by resort to any such law, hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law has been enacted.

Section 4.5. Corporate Existence.

Subject to Article V, the Company will do or cause to be done all things necessary to preserve and keep in full force and effect its corporate existence and rights (charter and statutory); provided, however, that the Company shall not be required to preserve any such right if the Board of Directors shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company and its Subsidiaries taken as a whole and that the loss thereof is not adverse in any material respect to the Holders.

ARTICLE V.

SUCCESSORS

Section 5.1. When Company May Merge, Etc.

The Company shall not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of its properties and assets to, any person (a “successor person”) unless:

Section 5.2. Successor Corporation Substituted.

Upon any consolidation or merger, or any sale, lease, conveyance or other disposition of all or substantially all of the assets of the Company in accordance with Section 5.1, the successor corporation formed by such consolidation or into or with which the Company is merged or to which such sale, lease, conveyance or other disposition is made shall succeed to, and be substituted for, and may exercise every right and power of, the Company under this Indenture with the same effect as if such successor person has been named as the Company herein; provided, however, that the predecessor Company in the case of a sale, conveyance or other disposition (other than a lease) shall be released from all obligations and covenants under this Indenture and the Securities.

ARTICLE VI.

- (b) default in the payment of principal of any Security of that Series at its Maturity; or

- (d) default in the performance or breach of any covenant or warranty of the Company (or, in the case the Securities of that Series are subject to a Guarantee, the Guarantor of such Guarantee) in this Indenture (other than defaults pursuant to paragraphs (a) or (b) above or pursuant to a covenant or warranty that has been included in this Indenture solely for the benefit of Series of Securities other than that Series), which default continues uncured for a period of 60 days after there has been given, by registered or certified mail, to the Company by the Trustee or to the Company and the Trustee by the Holders of at least 25% in principal amount of the outstanding Securities of that Series a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a "Notice of Default" hereunder; or

Section 6.2. Acceleration of Maturity; Rescission and Annulment.

If an Event of Default with respect to Securities of any Series at the time outstanding occurs and is continuing (other than an Event of Default referred to in Section 6.1(d) or (e)) then in every such case the Trustee or the Holders of not less than 25% in principal amount of the outstanding Securities of that Series may declare the principal amount (or, if any Securities of that Series are Discount Securities, such portion of the principal amount as may be specified in the terms of such Securities) of, and any premium and accrued and unpaid interest on, all of the Securities of that Series to be due and payable immediately, by a notice in writing to the Company (and to the Trustee if given by Holders), and upon any such declaration such principal amount (or specified amount) and accrued and unpaid interest, if any, shall become immediately due and payable. If an Event of Default specified in Section 6.1(d) or (e) shall occur, the principal amount (or specified amount) of, and any premium and accrued and unpaid interest on, all outstanding Securities of the applicable Series shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

At any time after such a declaration of acceleration with respect to any Series has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee as hereinafter in this Article provided, the Holders of a majority in principal amount of the outstanding Securities of that Series, by written notice to the Company and the Trustee, may rescind and annul such declaration and its consequences if all Events of Default with respect to Securities of that Series, other than the non-payment of the principal, premium and interest, if any, of Securities of that Series which have become due solely by such declaration of acceleration, have been cured or waived as provided in Section 6.13.

No such rescission shall affect any subsequent Default or impair any right consequent thereon.

Section 6.3. Collection of Indebtedness and Suits for Enforcement by Trustee.

The Company covenants that if a:

- (a) default is made in the payment of any interest on any Security when such interest becomes due and payable and such default continues for a period of 30 days, or
- (b) default is made in the payment of principal of any Security at the Maturity thereof, or
- (c) default is made in the deposit of any sinking fund payment, if any, when and as due by the terms of a Security, then, the Company will, upon demand of the Trustee, pay to it, for the benefit of the Holders of such Securities, the whole amount then due and payable on such Securities for principal and interest and, to the extent that payment of such interest shall be legally enforceable, interest on any overdue principal and any overdue interest at the rate or rates prescribed therefor in such Securities, and, in addition thereto, such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

Table of Contents

If the Company fails to pay such amounts forthwith upon such demand, the Trustee, in its own name and as trustee of an express trust, may institute a judicial proceeding for the collection of the sums so due and unpaid, may prosecute such proceeding to judgment or final decree and may enforce the same against the Company or any other obligor upon such Securities and collect the moneys adjudged or deemed to be payable in the manner provided by law out of the property of the Company or any other obligor upon such Securities, wherever situated.

If an Event of Default with respect to any Securities of any Series occurs and is continuing, the Trustee may in its discretion proceed to protect and enforce its rights and the rights of the Holders of Securities of such Series by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy.

Section 6.4. Trustee May File Proofs of Claim.

In case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relative to the Company or any other obligor upon the Securities or the property of the Company or of such other obligor or their creditors, the Trustee (irrespective of whether the principal of the Securities shall then be due and payable as therein expressed or by declaration or otherwise and irrespective of whether the Trustee shall have made any demand on the Company for the payment of overdue principal or interest) shall be entitled and empowered, by intervention in such proceeding or otherwise,

(a) to file and prove a claim for the whole amount of principal and interest owing and unpaid in respect of the Securities and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and of the Holders allowed in such judicial proceeding, and

(b) to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same,

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.7.

Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Securities or the rights of any Holder thereof or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.5. Trustee May Enforce Claims Without Possession of Securities.

All rights of action and claims under this Indenture, the Securities or any Guarantee may be prosecuted and enforced by the Trustee without the possession of any of the Securities or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents

and counsel, be for the ratable benefit of the Holders of the Securities in respect of which such judgment has been recovered.

Section 6.6. Application of Money Collected.

Any money or property collected by the Trustee pursuant to this Article shall be applied in the following order, at the date or dates fixed by the Trustee and, in case of the distribution of such money or property on account of principal or interest, upon presentation of the Securities and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

First: To the payment of all amounts due the Trustee under Section 7.7; and

Second: To the payment of the amounts then due and unpaid for principal of and interest on the Securities in respect of which or for the benefit of which such money has been collected, ratably, without preference or priority of any kind, according to the amounts due and payable on such Securities for principal and interest, respectively; and

Third: To the Company or any applicable Guarantor, as the case may be.

Section 6.7. Limitation on Suits.

No Holder of any Security of any Series shall have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

(a) such Holder has previously given written notice to the Trustee of a continuing Event of Default with respect to the Securities of that Series;

(b) the Holders of not less than 25% in principal amount of the outstanding Securities of that Series shall have made written request to the Trustee to institute proceedings in respect of such Event of Default in its own name as Trustee hereunder;

(c) such Holder or Holders have offered to the Trustee indemnity or security satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred by the Trustee in compliance with such request;

(d) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and

(e) no direction inconsistent with such written request has been given to the Trustee during such 60-day period by the Holders of a majority in principal amount of the outstanding Securities of that Series,

it being understood, intended and expressly covenanted by the Holder of every Security with every other Holder and the Trustee that no one or more of such Holders shall have any right in any manner whatever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other of such Holders, or to obtain or to seek to obtain priority or preference over any other of such Holders or to enforce any right under this Indenture, except in the manner herein provided and for the equal and ratable benefit of all such Holders of the applicable Series.

Section 6.8. Unconditional Right of Holders to Receive Principal and Interest.

Notwithstanding any other provision in this Indenture, the Holder of any Security shall have the right, which is absolute and unconditional, to receive payment of the principal of, and any premium and interest on, such Security on the Maturity of such Security, including the Stated Maturity expressed in such Security (or, in the case of redemption, on the redemption date) and to institute suit for the enforcement of any such payment, and such rights shall not be impaired without the consent of such Holder.

Section 6.9. Restoration of Rights and Remedies.

If the Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case, subject to any determination in such proceeding, the Company, the Trustee and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding had been instituted.

Section 6.10. Rights and Remedies Cumulative.

Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities in Section 2.8, no right or remedy herein conferred upon or reserved to the Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not, to the extent permitted by law, prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 6.11. Delay or Omission Not Waiver.

No delay or omission of the Trustee or of any Holder of any Securities to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article or by law to the Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case may be.

Section 6.12. Control by Holders.

The Holders of a majority in principal amount of the outstanding Securities of any Series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Securities of such Series, provided that:

- (a) such direction shall not be in conflict with any rule of law or with this Indenture,
- (b) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction,
- (c) subject to the provisions of Section 6.1, the Trustee shall have the right to decline to follow any such direction if the Trustee in good faith shall, by a Responsible Officer of the Trustee, determine that the proceeding so directed would involve the Trustee in personal liability, and

Table of Contents

(d) prior to taking any action as directed under this Section 6.12, the Trustee shall be entitled to indemnity satisfactory to it against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction.

Section 6.13. Waiver of Past Defaults.

The Holders of not less than a majority in principal amount of the outstanding Securities of any Series may on behalf of the Holders of all the Securities of such Series waive any past Default hereunder with respect to such Series and its consequences, except a Default in the payment of the principal of, or any premium or interest on, any Security of such Series. The Holders of a majority in principal amount of the outstanding Securities of any Series may rescind an acceleration and its consequences, including any related payment default that resulted from such acceleration. Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereon.

Section 6.14. Undertaking for Costs.

All parties to this Indenture agree, and each Holder of any Security by his acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken, suffered or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this Section shall not apply to any suit instituted by the Company or any Guarantor, to any suit instituted by the Trustee, to any suit instituted by any Holder, or group of Holders, holding in the aggregate more than 10% in principal amount of the outstanding Securities of any Series, or to any suit instituted by any Holder for the enforcement of the payment of the principal of or interest on any Security on or after the Maturity of such Security, including the Stated Maturity expressed in such Security (or, in the case of redemption, on the redemption date).

ARTICLE VII.

TRUSTEE

Section 7.1. Duties of Trustee.

- (a) If an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.
- (b) Except during the continuance of an Event of Default:
- (i) The Trustee need perform only those duties that are specifically set forth in this Indenture and no others.
 - (ii) In the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon Officer's Certificates or Opinions of Counsel furnished to the Trustee and conforming to the requirements of this Indenture; however, in the case of any such Officer's Certificates or Opinions of Counsel which by any provisions hereof are specifically required to be furnished

to the Trustee, the Trustee shall examine such Officer's Certificates and Opinions of Counsel to determine whether or not they conform to the form requirements of this Indenture.

- (c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:
- (i) This paragraph does not limit the effect of paragraph (b) of this Section.
 - (ii) The Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it is proved that the Trustee was negligent in ascertaining the pertinent facts.
 - (iii) The Trustee shall not be liable with respect to any action taken, suffered or omitted to be taken by it with respect to Securities of any Series in good faith in accordance with the direction of the Holders of a majority in principal amount of the outstanding Securities of such Series relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under this Indenture with respect to the Securities of such Series in accordance with Section 6.12.
- (d) Every provision of this Indenture that in any way relates to the Trustee is subject to paragraph (a), (b) and (c) of this Section.
- (e) The Trustee may refuse to perform any duty or exercise any right or power unless it receives indemnity satisfactory to it against the costs, expenses and liabilities which might be incurred by it in performing such duty or exercising such right or power.
- (f) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Company. Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.
- (g) No provision of this Indenture shall require the Trustee to risk its own funds or otherwise incur any financial liability in the performance of any of its duties, or in the exercise of any of its rights or powers, if adequate indemnity against such risk is not assured to the Trustee in its satisfaction.
- (h) The Paying Agent, the Registrar and any authenticating agent shall be entitled to the protections and immunities as are set forth in paragraphs (e), (f) and (g) of this Section and in Section 7.2, each with respect to the Trustee.
- Section 7.2. Rights of Trustee.
- (d) The Trustee may rely on and shall be protected in acting or refraining from acting upon any document (whether in its original or facsimile form) believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.
- (e) Before the Trustee acts or refrains from acting, it may require an Officer's Certificate or an Opinion of Counsel or both. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on such Officer's Certificate or Opinion of Counsel.

- (g) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers, provided that the Trustee's conduct does not constitute willful misconduct or negligence.
- (h) The Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder without willful misconduct or negligence, and in reliance thereon.
- (i) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders of Securities unless such Holders shall have offered to the Trustee security or indemnity satisfactory to it against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction.
- (j) The Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit.
- (k) The Trustee shall not be deemed to have notice of any Default or Event of Default unless a Responsible Officer of the Trustee has actual knowledge thereof or unless written notice of any event which is in fact such a default is received by the Trustee at the Corporate Trust Office of the Trustee, and such notice references the Securities generally or the Securities of a particular Series and this Indenture.
- (l) In no event shall the Trustee be liable to any person for special, punitive, indirect, consequential or incidental loss or damage of any kind whatsoever (including but not limited to lost profits), even if the Trustee has been advised of the likelihood of such loss or damage.
- (m) The permissive right of the Trustee to take the actions permitted by this Indenture shall not be construed as an obligation or duty to do so.

Section 7.3. Individual Rights of Trustee.

The Trustee in its individual or any other capacity may become the owner or pledgee of Securities and may otherwise deal with the Company, any Guarantor or any Affiliate of the Company or any Guarantor with the same rights it would have if it were not Trustee. Any Agent may do the same with like rights. The Trustee is also subject to Sections 7.10 and 7.11.

Section 7.4. Trustee's Disclaimer.

The Trustee makes no representation as to the validity or adequacy of this Indenture or the Securities, it shall not be accountable for the Company's use of the proceeds from the Securities, and it shall not be responsible for any statement in the Securities other than its authentication.

Section 7.5. Notice of Defaults.

Table of Contents

If a Default or Event of Default occurs and is continuing with respect to the Securities of any Series and if it is known to a Responsible Officer of the Trustee, the Trustee shall mail to each Holder of the Securities of that Series notice of a Default or Event of Default within 90 days after it occurs or, if later, after a Responsible Officer of the Trustee has knowledge of such Default or Event of Default. Except in the case of a Default or Event of Default in payment of principal of or interest on any Security of any Series, the Trustee may withhold the notice if and so long as its corporate trust committee or a committee of its Responsible Officers in good faith determines that withholding the notice is in the interests of Holders of that Series.

Section 7.6. Reports by Trustee to Holders.

Within 60 days after each May 15 of each year, the Trustee shall transmit by mail to all Holders, as their names and addresses appear on the register kept by the Registrar, a brief report dated as of such May 15, in accordance with, and to the extent required under, TIA § 313.

A copy of each report at the time of its mailing to Holders of any Series shall be filed with the SEC and each national securities exchange on which the Securities of that Series are listed. The Company shall promptly notify the Trustee in writing when Securities of any Series are listed on any national securities exchange.

Section 7.7. Compensation and Indemnity.

The Company shall pay to the Trustee from time to time compensation for its services as the Company and the Trustee shall from time to time agree upon in writing. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Company shall reimburse the Trustee upon request for all reasonable out of pocket expenses incurred by it. Such expenses shall include the reasonable compensation and expenses of the Trustee's agents and counsel.

The Company shall indemnify each of the Trustee and any predecessor Trustee (including the cost of defending itself) against any cost, expense or liability, including taxes (other than taxes based upon, measured by or determined by the income of the Trustee) incurred by it except as set forth in the next paragraph in the performance of its duties under this Indenture as Trustee or Agent. The Trustee shall notify the Company promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Company shall not relieve the Company of its obligations hereunder, unless and to the extent that the Company is materially prejudiced thereby. The Company shall defend the claim and the Trustee shall cooperate in the defense. The Trustee may have one separate counsel and the Company shall pay the reasonable fees and expenses of such counsel. The Company need not pay for any settlement made without its consent, which consent will not be unreasonably withheld. This indemnification shall apply to officers, directors, employees, shareholders and agents of the Trustee.

The Company need not reimburse any expense or indemnify against any loss or liability incurred by the Trustee or by any officer, director, employee, shareholder or agent of the Trustee through willful misconduct or negligence.

To secure the Company's payment obligations in this Section, the Trustee shall have a lien prior to the Securities of any Series on all money or property held or collected by the Trustee, except that held in trust to pay principal of and interest on particular Securities of that Series.

Table of Contents

When the Trustee incurs expenses or renders services after an Event of Default specified in Section 6.1(d) or (e) occurs, the expenses and the compensation for the services are intended to constitute expenses of administration under any Bankruptcy Law.

The provisions of this Section shall survive the termination of this Indenture.

Section 7.8. Replacement of Trustee.

A resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon the successor Trustee's acceptance of appointment as provided in this Section.

The Trustee may resign with respect to the Securities of one or more Series by so notifying the Company at least 30 days prior to the date of the proposed resignation. The Holders of a majority in principal amount of the Securities of any Series may remove the Trustee with respect to that Series by so notifying the Trustee and the Company. The Company may remove the Trustee with respect to Securities of one or more Series if:

- (a) the Trustee fails to comply with Section 7.10;
- (b) the Trustee is adjudged a bankrupt or an insolvent or an order for relief is entered with respect to the Trustee under any Bankruptcy Law;
- (c) a Custodian or public officer takes charge of the Trustee or its property; or
- (d) the Trustee becomes incapable of acting.

If the Trustee resigns or is removed or if a vacancy exists in the office of Trustee for any reason, the Company shall promptly appoint a successor Trustee. Within one year after the successor Trustee takes office, the Holders of a majority in principal amount of the then outstanding Securities may appoint a successor Trustee to replace the successor Trustee appointed by the Company.

If a successor Trustee with respect to the Securities of any one or more Series does not take office within 60 days after the retiring Trustee resigns or is removed, the retiring Trustee, the Company or the Holders of at least a majority in principal amount of the Securities of the applicable Series may petition any court of competent jurisdiction for the appointment of a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Company. Immediately after that, the retiring Trustee shall transfer all property held by it as Trustee to the successor Trustee subject to the lien provided for in Section 7.7, the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee with respect to each Series of Securities for which it is acting as Trustee under this Indenture. A successor Trustee shall mail a notice of its succession to each Holder of each such Series. Notwithstanding replacement of the Trustee pursuant to this Section 7.8, the Company's obligations under Section 7.7 hereof shall continue for the benefit of the retiring Trustee with respect to expenses and liabilities incurred by it for actions taken or omitted to be taken in accordance with its rights, powers and duties under this Indenture prior to such replacement.

Section 7.10. Eligibility; Disqualification.

This Indenture shall always have a Trustee who satisfies the requirements of TIA § 310(a)(1), (2) and (5). The Trustee shall always have a combined capital and surplus of at least \$25,000,000 as set forth in its most recent published annual report of condition. (e) the Company or, if applicable, the Guarantor(s) shall have delivered to the Trustee an Officer's Certificate stating the deposit was not made by the Company or such Guarantor(s), as

(f) the Company or, if applicable, the Guarantor(s) shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to the covenant defeasance contemplated by this Section have been complied with.

Section 8.5. Repayment.

Subject to applicable abandoned property law, the Trustee and the Paying Agent shall pay to the Company (or, if applicable, the relevant Guarantor(s)) upon request any money held by them for the payment of principal and interest that remains unclaimed for two years. After that, Holders entitled to the money must look to the Company or, if applicable, the relevant Guarantor(s) for payment as general creditors unless an applicable abandoned property law designates another person.

Section 8.6. Reinstatement.

If the Trustee or the Paying Agent is unable to apply any money deposited with respect to Securities of any Series in accordance with Section 8.1 by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the obligations of the Company under this Indenture with respect to the Securities of such Series and under the Securities of such Series shall be revived and reinstated as though no deposit had occurred pursuant to Section 8.1 until such time as the Trustee or the Paying Agent is permitted to apply all such money in accordance with Section 8.1; provided, however, that if the Company or any Guarantor(s) have made any payment of principal of or interest on or any Additional Amounts with respect to any Securities because of the reinstatement of its obligations, the Company and the applicable Guarantor(s), if any, shall be subrogated to the rights of the Holders of such Securities to receive such payment from the money held by the Trustee or Paying Agent.

Section 9.2. With Consent of Holders.

The Company, the applicable Guarantor(s), if any, and the Trustee may enter into a supplemental indenture with the written consent of the Holders of at least a majority in principal amount of the outstanding Securities of each Series affected by such supplemental indenture (including consents obtained in connection with a tender offer or exchange offer for the Securities of such Series), for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Indenture or of any supplemental indenture or of modifying in any manner the rights of the Holders of each such Series. Except as provided in Section 6.13, the Holders of at least a majority in principal amount of the outstanding Securities of any Series by notice to the Trustee (including consents obtained in connection with a tender offer or exchange offer for the Securities of such Series) may waive compliance by the Company or any Guarantor of Securities of such Series with any provision of this Indenture or the Securities or the applicable Guarantee with respect to such Series.

It shall not be necessary for the consent of the Holders of Securities under this Section 9.2 to approve the particular form of any proposed supplemental indenture or waiver, but it shall be sufficient if such consent approves the substance thereof. After a supplemental indenture or waiver under this section becomes effective, the Company shall mail to the Holders of Securities affected thereby, a notice briefly describing the supplemental indenture or waiver. Any failure by the Company to mail or publish such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such supplemental indenture or waiver.

Section 9.3. Limitations.

Without the consent of each Holder affected, an amendment or waiver may not:

- (g) reduce the principal amount of Securities whose Holders must consent to an amendment, supplement or waiver;
- (h) reduce the rate of or extend the time for payment of interest (including default interest) on any Security;
- (i) reduce the principal of, or premium, if any, on, or change the Stated Maturity of, any Security or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation;
- (j) reduce the principal amount of Discount Securities payable upon acceleration of the maturity thereof;
- (k) waive a Default or Event of Default in the payment of the principal of or interest, if any, on any Security (except a rescission of acceleration of the Securities of any Series by the Holders of at least a majority in principal amount of the outstanding Securities of such Series and a waiver of the payment default that resulted from such acceleration);
- (l) make the principal of, or any premium or interest on, any Security payable in any currency other than that stated in the Security;
- (m) make any change in Sections 6.8, 6.13 or 9.3 (this sentence);
- (n) waive a redemption payment with respect to any Security, provided that such redemption is made at the Company's option;

Table of Contents

(o) in the case of any Security that is subject to a Guarantee, release the Guarantor of such Guarantee from any of its obligations under such Guarantee, except in accordance with the terms of this Indenture and such Security;

(p) make any change in the ranking or priority of any Security or any Guarantee thereof that would adversely affect the Holders of such Security; or

(q) in the case of any Security that provides that the Holder may require the Company to repurchase or convert such Security, impair such Holder's right to require such repurchase or effect such conversion of such Security in accordance with this Indenture and the terms of such Security.

Section 9.4. Compliance with Trust Indenture Act.

Every amendment to this Indenture or the Securities of one or more Series shall be set forth in a supplemental indenture hereto that complies with the TIA as then in effect.

Section 9.5. Revocation and Effect of Consents.

Until an amendment is set forth in a supplemental indenture or a waiver becomes effective, a consent to it by a Holder of a Security is a continuing consent by the Holder and every subsequent Holder of a Security or portion of a Security that evidences the same debt as the consenting Holder's Security, even if notation of the consent is not made on any Security. However, any such Holder or subsequent Holder may revoke the consent as to his Security or portion of a Security if the Trustee receives the notice of revocation before the date of the supplemental indenture or the date the waiver becomes effective.

Any amendment or waiver once effective shall bind every Holder of each Series affected by such amendment or waiver unless it is of the type described in any of clauses (a) through (h) of Section 9.3. In that case, the amendment or waiver shall bind each Holder of a Security who has consented to it and every subsequent Holder of a Security or portion of a Security that evidences the same debt as the consenting Holder's Security.

Section 9.6. Notation on or Exchange of Securities.

The Trustee may place an appropriate notation about an amendment or waiver on any Security of any Series thereafter authenticated. The Company in exchange for Securities of that Series may issue and the Trustee shall authenticate upon request new Securities of that Series that reflect the amendment or waiver.

Section 9.7. Trustee Protected.

In executing, or accepting the additional trusts created by, any supplemental indenture permitted by this Article or the modifications thereby of the trusts created by this Indenture, the Trustee shall be entitled to receive, and (subject to Section 7.1) shall be fully protected in relying upon, an Officer's Certificate or an Opinion of Counsel or both complying with Section 10.4. The Trustee shall sign all supplemental indentures upon delivery of such an Officer's Certificate or Opinion of Counsel or both, except that the Trustee need not sign any supplemental indenture that adversely affects its rights.

ARTICLE XI.

SINKING FUNDS

Section 11.1. Applicability of Article.

The provisions of this Article shall be applicable to any sinking fund for the retirement of the Securities of a Series if so provided by the terms of such Securities pursuant to Section 2.2 and except as otherwise permitted or required by any form of Security of such Series issued pursuant to this Indenture.

The minimum amount of any sinking fund payment provided for by the terms of the Securities of any Series is herein referred to as a “mandatory sinking fund payment” and any other amount provided for by the terms of Securities of such Series is herein referred to as an “optional sinking fund payment.” If provided for by the terms of Securities of any Series, the cash amount of any sinking fund payment may be subject to reduction as provided in Section 11.2. Each sinking fund payment shall be applied to the redemption of Securities of any Series as provided for by the terms of the Securities of such Series.

Section 11.2. Satisfaction of Sinking Fund Payments with Securities.

The Company may, in satisfaction of all or any part of any sinking fund payment with respect to the Securities of any Series to be made pursuant to the terms of such Securities (1) deliver outstanding Securities of such Series to which such sinking fund payment is applicable (other than any of such Securities previously called for mandatory sinking fund redemption) and (2) apply as credit Securities of such Series to which such sinking fund payment is applicable and which have been repurchased by the Company or redeemed either at the election of the Company pursuant to the terms of such Series of Securities (except pursuant to any mandatory sinking fund) or through the application of permitted optional sinking fund payments or other optional redemptions pursuant to the terms of such Securities, provided that such Securities have not been previously so credited. Such Securities shall be received by the Trustee, together with an Officer’s Certificate with respect thereto, not later than 15 days prior to the date on which the Trustee begins the process of selecting Securities for redemption, and shall be credited for such purpose by the Trustee at the price specified in such Securities for redemption through operation of the sinking fund and the amount of such sinking fund payment shall be reduced accordingly. If as a result of the delivery or credit of Securities in lieu of cash payments pursuant to this Section 11.2, the principal amount of Securities of such Series to be redeemed in order to exhaust the aforesaid cash payment shall be less than \$100,000, the Trustee need not call Securities of such Series for redemption, except upon receipt of a Company Order that such action be taken, and such cash payment shall be held by the Trustee or a Paying Agent and applied to the next succeeding sinking fund payment, provided, however, that the Trustee or such Paying Agent shall from time to time upon receipt of a Company Order pay over and deliver to the Company any cash payment so being held by the Trustee or such Paying Agent upon delivery by the Company to the Trustee of Securities of that Series purchased by the Company having an unpaid principal amount equal to the cash payment required to be released to the Company.

Section 11.3. Redemption of Securities for Sinking Fund.

Not less than 45 days (unless otherwise indicated in the Board Resolution, supplemental indenture hereto or Officer’s Certificate in respect of a particular Series of Securities) prior to each sinking fund payment date for any Series of Securities, the Company will deliver to the Trustee an Officer’s Certificate specifying the amount of the next ensuing mandatory sinking fund payment for that Series pursuant to the terms of that Series, the portion thereof, if any, which is to be satisfied by payment of cash and the portion thereof, if any, which is to be satisfied by delivering and crediting of Securities of that Series pursuant to Section 11.2, and the optional amount, if any, to be added in cash to the next ensuing mandatory sinking fund

payment, and the Company shall thereupon be obligated to pay the amount therein specified. Not less than 30 days (unless otherwise indicated in the Board Resolution, Officer's Certificate or supplemental indenture in respect of a particular Series of Securities) before each such sinking fund payment date the Trustee shall select the Securities to be redeemed upon such sinking fund payment date in the manner specified in Section 3.2 and cause notice of the redemption thereof to be given in the name of and at the expense of the Company in the manner provided in Section 3.3. Such notice having been duly given, the redemption of such Securities shall be made upon the terms and in the manner stated in Sections 3.4, 3.5 and 3.6.

ARTICLE XII.

GUARANTEES

Section 12.1. Guarantees.

Any Series of Securities may be guaranteed by one or more Guarantors. The terms and the form of any such Guarantee shall be established in the manner contemplated by Section 2.2 hereof for such Series of Securities; provided, however, that, prior to the authentication and delivery upon original issuance of any Series of Securities that are to be so guaranteed, the Company and the Trustee and each person that shall be an initial Guarantor of such Series of Securities shall execute and deliver a supplemental indenture hereto pursuant to Section 9.1 hereof, whereby such person shall become a Guarantor under this Indenture with respect to such Series of Securities.
