## SECTION 1 - CONFLICT MINERALS DISCLOSURE

### Item 1.01 Conflict Minerals Disclosure and Report

Brady Corporation and its subsidiaries (“Brady”, “Company”, “we”, “us”, “our”) has developed and maintains an active initiative to identify sources of materials used in our products that contain tin, tantalum, tungsten or gold (“3TG Minerals”), and to determine whether any such materials directly or indirectly fund or benefit armed groups in the Democratic Republic of the Congo or an adjoining country (“Covered Countries”). To date, based on information received through its reasonable country of origin inquiry (“RCOI”) and due diligence program, Brady does not have evidence that 3TG Minerals are used in its products that directly or indirectly fund the armed groups in the Covered Countries. However, our due diligence with our suppliers is on-going. For calendar year 2014, Brady Corporation is filing a Conflict Minerals Report which is attached as Exhibit 1.01 in Item 2.01 and is also publicly available on our website at [www.bradycorp.com/sustainability/conflict minerals disclosure](http://www.bradycorp.com/sustainability/conflict%20minerals%20disclosure).

Through our RCOI described in our Conflict Minerals Report, several suppliers disclosed to us that their only sources of 3TG minerals were from scrap/recycled sources identified in their supply chains, and, as such, did not require due diligence. This determination is included in the conflict minerals information posted on our website.

### Item 1.02 Exhibit

The Conflict Minerals Report required by Item 1.01 is filed as Exhibit 1.01 to this Form SD.

## SECTION 2 - EXHIBITS

### Item 2.01 Exhibits
