**Passenger Traffic**

---

For the second quarter of 2005, total passenger traffic increased year-over-year by 6.67%; domestic passenger traffic fell by 1.23%; and international passenger traffic increased by 11.5% .

Edgar Filing: SOUTHEAST AIRPORT GROUP - Form 6-K

The 1.23% decline in overall domestic passenger traffic mainly reflects the 8.75% decline in domestic traffic at the Cancun airport. This principally reflects that in 2004 the Holy Week and Easter Week vacation period took place in April, while in 2005 both Holy Week and four days of the Easter Week took place in March.

The 11.5% increase in international passenger traffic resulted mainly from the 11.61% growth in traffic at the Cancun airport.

Total, domestic, and international passenger traffic for the first six months of 2005 increased by 9.12%, 1.39% and 13.32%, respectively.

**Consolidated Results for 2Q05**

Total revenues for 2Q05 increased year-over-year by 11.44% to Ps.572.7 million. This was mainly due to:

## Edgar Filing: SOUTHEAST AIRPORT GROUP - Form 6-K

- An increase of 6.84% in revenues from aeronautical services, principally as a result of the above mentioned increase in passenger traffic, and
- An increase of 24.91% in revenues from non-aeronautical services, principally as result of the 25.88% increase in commercial revenues.

ASUR classifies revenues from the following activities as **commercial revenues**: duty free, car rental, retail, banking and currency exchange, advertising, teleservices, non-permanent ground transportation, food and beverage and parking lots.

Commercial revenues improved year-over-year by 25.88%, mainly due to:

- A 44.96% increase in duty-free revenues, primarily as a result of the growth in international passenger traffic and improved product mix.
- An increase of 34.92% in food and beverage revenues, primarily resulting from increased passenger traffic and revenues from ASUR's direct operation of a restaurant and a snack bar at the Cancun airport, which were taken over from a former concession holder in May 2004.  
Results also reflect higher revenues from the direct commercial operation of a restaurant at the Merida airport, which was taken over from a former concessionaire on February 15, 2005.
- A 26.67% increase in retail revenues, mainly as a result of growth in passenger traffic during the quarter, revenues from the direct

operation of three convenience stores, at the Cancun airport, which were taken from a former concessionaire in May 2004 and the new store openings listed below:

## Edgar Filing: SOUTHEAST AIRPORT GROUP - Form 6-K

Cancun T2	Farmacia Payless	May 2004
Cancun T2	La Perfumeria	October 2004
Cancun T2	Le Boutique	January 2005
Cancun T2	Bijoux Ternier	December 2004

- A 0.87% decrease in advertising revenues.
- A 4.63% increase in revenue from car rental companies.
- A 21.01% increase in parking lots revenue, due to a tariff adjustment.

During 2004 the Company initiated arbitration proceedings against one of the duty free concessionaires (Dufry México S.A de C.V) that operates in the Cancun airport. The dispute relates to the amount paid in rent by this concessionaire for units it occupies in such airport. During the arbitration proceedings, the International Court of Arbitration ruled in favor of ASUR, requiring Dufry México S.A de C.V among other requirements, to pay US\$3.7 million in rent owed to ASUR and to deliver one of the duty free stores that it operates in Cancun to ASUR. To-date, Dufry México, S.A. de C.V. has not complied. ASUR has initiated legal proceedings, which are estimated to take approximately six months.

Total operating costs and expenses for 2Q05 increased year-over-year by 10.75% primarily as a result of:

- A 16.34% increase in costs of services mainly as a result of the costs related to ASUR's direct commercial operation of a restaurant, a snack bar and four convenience stores previously operated by a former concessionaire, an increase in maintenance expenses, higher payroll resulting from an increase in payroll to unionized employees effective October 2004, as well as expenses associated to the evaluation of new projects.

### ASUR 2Q05, Page 4 of 15

- A 2.12% increase in administrative services.
- A 10.21% increase in the cost of technical assistance, principally due to the increase in EBITDA for the quarter (a basis for the calculation of the fee).
- An 11.44% increase in concession fees mainly due to higher revenues.
- A 6.04% increase in depreciation and amortization, resulting from the capitalization of investments in fixed assets, improvements made to concession assets and the partial impact of ASUR's direct commercial operation of two restaurants, a snack bar and three convenience stores previously operated by former concessionaires.

Operating margin for 2Q05 improved to 43.64% from 43.28% in the second quarter of last year. This was mainly driven by the 11.44% increase in revenues, principally the 24.91% increase in non-aeronautical revenues, which more than offset the 10.75% increase in costs and expenses for the quarter.

Mexican companies are generally required to pay the greater of their income tax liability or their asset tax liability (determined at a rate of 1.8% of the average tax value of virtually all of the company's assets (including, in ASUR's case, its concessions), less the average tax value of certain liabilities (essentially liabilities of companies resident in Mexico, excluding those related to financial institutions and their intermediaries)). ASUR made asset tax payments of Ps.39.1 million for 2Q05. Of these payments, Ps.9.9 million was recorded as an expense in the results for the quarter. The difference was recorded as an asset, since the Company expects to recover Ps.29.1 million as a credit against future income tax payments.

Edgar Filing: SOUTHEAST AIRPORT GROUP - Form 6-K

Net income for 2Q04 was Ps.160.61 million, a year-over-year increase of 19.83% . Earnings per common share for the quarter were Ps.0.5354, or earnings per ADS (EPADS) (one ADS represents ten series B common shares) of US\$0.4968. This compares with Ps.0.4468, or EPADS of US\$0.4146, for the same period last year.

**Consolidated Results for the First Six-Months of 2005**

Total revenues for the six-month period increased year-over-year by 16.61% to Ps. 1,163.0 million. This was mainly due to:

## Edgar Filing: SOUTHEAST AIRPORT GROUP - Form 6-K

- An increase of 10.85% in revenues from aeronautical services, principally as a result of the 13.32% increase in international passenger traffic, and
- An increase of 35.07% in revenues from non-aeronautical services, principally as result of the 39.55% increase in commercial revenues.

Commercial revenues for six-month period increased year-over-year by 39.55% mainly due to:

- A 37.64% rise in duty-free revenues, principally due to the increase in international passenger traffic.
- A 51.58% increase in food and beverage revenues, reflecting revenues from the ASUR's direct commercial operations and increased passenger traffic.
- A 90.52% increase in retail revenues, principally resulting from revenue from the three convenience stores formerly operated by concessionaires and that have been operated by ASUR since May 2004. The increase in retail revenues also reflects income from the concessions granted for new convenience stores at the Cancun, Cozumel, Villahermosa and Oaxaca airports.
- A 14.21% decrease in revenue from banking and currency exchange services.
- A 29.04% increase in revenue from parking lots resulting from the adjustment of ASUR's tariffs and an increase in passenger traffic.

### ASUR 2Q05, Page 7 of 15

- A 4.01% increase in advertising revenues, as a result of the Increase in the minimum fee paid by the Company's main advertising operator.

<b>TOTAL</b>	<b>556,213</b>	<b>629,484</b>	<b>13.17</b>

Note: Figures are shown in thousands of constant Mexican pesos as of June 30, 2005.

Costs and expenses for the six-months increased year-over-year by 13.17%, mainly due to:

- Costs of services for the period increased year-over-year by 23.00%. This increase was primarily due to costs related to the direct operation by ASUR of two restaurants, a snack bar and three convenience stores previously operated by former concessionaires. The increase in costs of services also resulted from an increase in maintenance expenses, higher payroll resulting from the relocation of personnel from ASUR's corporate headquarters to the airport level, principally at Cancun, an increase in salaries to unionized employees effective October 2004, and expenses associated with the evaluation of new projects.
- Technical assistance costs increased by 16.01% reflecting the corresponding increase in EBITDA during the period.
- Concession fees increased 16.61% mainly due to higher revenues.
- Depreciation and amortization rose by 5.69%, mainly due to the capitalization of investments in fixed assets and improvements made to concession assets.
- The increase in costs was partially offset by a 3.49% decline in Administrative expenses reflecting the reorganization in February 2004 of certain functions from the corporate to the airport level.

Operating margin rose to 45.88%, up from 44.23% for the six-month period ended June 30, 2004. This increase was mainly due to the increase in revenues and cost controls.

Net income for the six-months increased by 38.49% to Ps.376.55 million. Earnings per common share for the period were Ps.1.2552, or earnings per ADS (EPADS) (one ADS represents ten series B common shares) of US\$1.1649. This compares with Ps.0.9063, or EPADS of US\$0.8411, for the same period last year.

**ASUR 2Q05, Page 9 of 15**

**Tariff Regulation**

The Mexican Ministry of Communications and Transportation regulates the majority of ASUR's activities through maximum rates, which represent the rates for the maximum possible revenues allowed per traffic unit at each airport.

ASUR's regulated revenues for 1H05 were Ps. 894.67 million, resulting in an average tariff per work load unit of Ps.101.38 for the period. ASUR's regulated revenues accounted for approximately 76.92% of total income for the period.

The Mexican Ministry of Communications and Transportation reviews compliance with the maximum rates on an annual basis at the close of each year.

### Minimal Impact from Hurricane Emily

On July, 2005 Hurricane Emily passed into areas where some of ASUR's airports are located. As previously noted, adverse weather conditions caused minimal damage to the Cancun, Cozumel and Merida airports. As a safety precaution these airports were closed for 16, 20 and 10 hours, respectively, and 164, 9 and 14 inbound and outbound flights were cancelled. ASUR's management believes no major damage resulted from the hurricane.

### About ASUR:

Grupo Aeroportuario del Sureste, S.A. de C.V. (ASUR) is a Mexican airport operator with concessions to operate, maintain and develop the airports of Cancun, Merida, Cozumel, Villahermosa, Oaxaca, Veracruz, Huatulco, Tapachula and Minatitlan in the southeast of Mexico.
