Proxy Statement for Annual Meeting of Shareholders to be held April 5, 2004

Solicitation of Proxy

This Proxy Statement and the accompanying form of proxy will be mailed to all Shareholders of Spectrum Control, Inc., 8031 Avonia Road, Fairview, Pennsylvania 16415 ("Spectrum", "the Corporation" or "the Company") by March 1, 2004, and is furnished in connection with the Directors' solicitation of proxies for the Annual Meeting of Shareholders to be held on April 5, 2004 at the time and place and for the purposes set forth in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement. Only holders of Common Stock of record at the close of business on February 16, 2004, will be entitled to vote. On that date there were 13,000,343 shares of Common Stock outstanding, the holders of which will vote together as a class.

Each share of Common Stock entitles the holder thereof to one (1) vote. With respect to the election of Directors, Shareholders have the right to vote cumulatively. This means that each Shareholder may multiply the number of shares he or she owns by the number of Directors to be elected and distribute this number among any number or all of the candidates in any manner he or she desires. Cumulative voting enables Shareholders to concentrate the voting of their shares in favor of the election of a lesser number of nominees than the total number of Directors being voted upon; persons holding less than a majority of shares voting may thereby be able to elect one or more Directors.

[Back to Top](#)

Revocation of Proxy

The giving of a proxy does not preclude the right to vote in person should the person giving the proxy desire, and the person giving the proxy has the power to revoke the proxy at any time before it

has been exercised. This right of revocation is not limited nor is it subject to any formal procedure.

[Back to Top](#)

Proxy Solicitation Cost

The cost of soliciting proxies in the accompanying form will be borne by the Company. The officers, directors and employees of the Company, without additional compensation, may solicit proxies by mail, facsimile, telephone or personal contact. The Company does not expect to pay any compensation for the solicitation of proxies, but will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses in forwarding proxies and proxy material to the beneficial owners of its Common Stock.

[Back to Top](#)

Annual Report

The Annual Report of the Company for the year ended November 30, 2003, is being mailed to Shareholders concurrently with this Proxy Statement. The Annual Report is not to be considered a part of the proxy soliciting materials.

(2) The Company granted options representing 155,800 shares to employees during fiscal year 2003.

(3)

The exercise price per share of each option is equal to the fair market value of Common Stock on the date of grant.

- (4) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock price appreciation of 5% and 10%, as prescribed by the Securities and Exchange Commission, compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise of the option or the sale of the underlying shares. The actual gains, if any, on the stock option exercises will depend on the future performance of the Common Stock, the optionholder's continued employment with the Company through the option term, and the date on which the options are exercised and the underlying shares are sold. The Company did not use an alternative formula for a grant date valuation, as it is not aware of any formula which will determine with reasonable accuracy a present value based on future unknown or volatile factors.

Option Exercises and 2003 Fiscal Year End Values Table. The following table sets forth information with respect to the named executive officers concerning the exercise of options during the fiscal year ended November 30, 2003 and unexercised options held as of November 30, 2003.

Compensation Committee Report

The Company's Compensation Committee is charged with the responsibility of recommending an executive compensation program, plans and policies to the Board of Directors.

The Compensation Committee is committed to compensating the key executives in such a manner as to encourage them to develop business strategies to capitalize on Spectrum's position in the electronic control products and systems business and to grow in new technology markets. The Committee is dedicated to attracting and retaining the best executive talent available to achieve its aggressive strategy.

Accordingly, the Committee periodically retains the services of compensation consultants to prepare and update executive compensation studies. As a result, the Committee has adopted a compensation package comprised of base salary, performance-based cash awards and long-term incentive stock options.

Base Salary

The Committee's goal is to establish base salaries which are fair, reasonable and competitive with similar industrial companies. With this in mind, the Committee periodically reviews and analyzes compensation consultant data and establishes base salaries within plus or minus 20% of the estimated average base compensation levels of similar companies as indicated in the

consultant's report.

Performance-Based Cash Awards

The Company's executive officers and key employees are eligible for annual cash awards calculated under the Company's At-Risk Compensation Plan (the "ARC"). The purpose of the plan is to provide strong incentive for key employees to properly motivate individuals under their direction thereby obtaining for the shareholders the best financial results possible under the prevailing circumstances. The ARC utilizes Profit Before Taxes (the "PBT") as a basis for determining payment. Goals for PBT and other key performance measurements are established annually by the Board of Directors. If these goals are met or exceeded, eligible employees earn a graduated scale of cash payments. Based upon the goals established and the Company's 2003 actual performance, aggregate awards of \$544,831 were earned for the fiscal year 2003. In accordance with the terms of the ARC, these performance based awards were paid in fiscal year 2004.

Long-Term Incentive Stock Options

In recognition that an overall compensation package should include rewards for efforts which impact on the value of the company stock, the Committee has recommended and the Board has adopted a policy to award competitive amounts of annual stock options to the key executives of Spectrum. Such options are priced at 100% of the Common Stock's fair market value as of the date of grant. The grant of these options shall be consistent with the adoption of the Annual Operating Plan.

The Company currently utilizes the Stock Option Plan of 1995 to provide the annual grant of stock options.

Based upon these factors, an award of \$151,613 was earned for performance in fiscal year 2003 and paid in fiscal year 2004.

Employee 401(k) Profit Sharing Plan

The Company maintains a Qualified Employee 401(k) Profit Sharing Plan. Annual profit sharing contributions to the Plan, if any, are determined by the Board of Directors. The assets of the Plan are held in trust and invested in various mutual funds and collective trusts under the direction of the Plan participants. Substantially all U.S. employees are eligible for participation in the Plan. The annual allocation to each Employee's Profit Sharing Account is based upon the actual compensation paid to the Participant.

A Participant becomes fully vested in his Profit Sharing Account balance on the earliest of the following dates: (i) upon the completion of seven years of service; (ii) upon attaining normal retirement age of 65; (iii) upon incurring total disability; or (iv) on the date of the Participant's death. A Participant may not receive a distribution from the Employee Profit Sharing Account prior to the earliest of the following dates: (i) termination of employment with the Company; (ii) retirement or (iii) death. The Plan provides that distribution of the Participant's entire interest in the Plan must begin no later than the taxable year in which the Participant attains age seventy and one-half (70-1/2) or, if later, the year the Participant retires and terminates employment with the Employer.

The Plan includes a tax deferred employee savings plan pursuant to Section 401(k) of the Internal Revenue Code. The Company matches an employee's contribution to the savings plan at a rate

determined by the Board of Directors. The Company's matching contribution to the 401(k) plan is not subject to any vesting requirements.

Report of the Audit Committee

The Audit Committee, composed of four non-employee Directors is governed by a written charter approved by the Board of Directors. A copy of this charter is included in Exhibit A. In accordance with this charter, the Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the independent auditors the overall scope and plan for their audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held five (5) meetings during fiscal year 2003.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10K for the year ended November 30, 2003 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors.
