# Ranger: A Better Way For CA

# Integrity. Innovation. Accountability.

## **Attention CA Shareholders**

# We believe Ranger Governance has a plan to enhance the credibility of Computer Associates with investors, customers and employees.

We believe Ranger[s plan will increase shareholder value and make Computer Associates accountable to shareholders by:

- Creating four independent, focused business units, each headed by a world-class CEO
- Actively exploring expansion of CA[s current mix of products and services
- Pursuing cost-effective strategic acquisition opportunities made possible by the technology sector downturn

# We believe Ranger[s plan will create an entrepreneurial culture throughout the Company while attracting and retaining top industry talent by:

- Promoting innovation by creating small, flexible teams and accelerating development efforts in critical strategic areas
- Establishing appropriate investment levels in research
- $\bullet$  Respecting CA[s employees with an open door management policy and an annual [bottom up[] strategic planning process

# We believe that our nominees, if elected, will enhance $CA \square s$ credibility with investors, customers and employees because:

- The Board will be comprised solely of independent directors who have no other business ties with CA
- Director compensation will be equity-based subject to vesting schedule along with explicit guidelines for stock ownership
- The Board will assure that shareholders ownership interests are not excessively diluted by equity-based compensation
- The Board will eliminate CA□s poison pill

#### Full text of the Ranger Plan is available at www.rangergov.com

We believe shareholders have a unique opportunity to decide the future of their investment in CA.

Unless elected on August 29, 2001, Ranger will not run a slate of nominees in 2002.
