**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(Unaudited)

**NOTE 1 - BASIS OF PRESENTATION**

The condensed consolidated balance sheet of Caprius Inc., and subsidiaries (“Caprius”, the “Company”) as of March 31, 2006, the condensed consolidated statements of operations for the three month periods ended March 31, 2006 and 2005, and for the six month periods ended March 31, 2006 and 2005, the condensed consolidated statement of stockholders’ equity for the six month period ended March 31, 2006 and the condensed consolidated statements of cash flows for the six months ended March 31, 2006 and 2005, have been prepared by the Company without audit. In the opinion of management, the information contained herein reflects all adjustments necessary to make the presentation of the Company’s condensed financial position, results of operations and cash flows not misleading. All such adjustments are of a normal recurring nature. This quarterly report gives retroactive effect to the Company’s 1 for 20 reverse common stock split on April 5, 2005.

The accompanying condensed consolidated financial statements do not contain all of the information and disclosures required by accounting principles generally accepted in the United States of America and should be read in conjunction with the consolidated financial statements and related notes included in the Company’s annual report on Form 10-KSB for the fiscal year ended September 30, 2005.

**NOTE 2 - THE COMPANY**

The Company is engaged in the infectious medical waste disposal business. In the first quarter of Fiscal 2003, we acquired a majority interest in M.C.M. Environmental Technologies, Inc. (“MCM”) which developed, markets and sells the SteriMed and SteriMed Junior compact systems that simultaneously shred and disinfect Regulated Medical Waste. The SteriMed Systems are sold and leased in both the domestic and international markets.

In December 2002, the Company closed the acquisition of our initial investment of 57.53% of the capital stock of MCM for a purchase price of \$2.4 million. MCM wholly-owns MCM Environmental Technologies Ltd., an Israeli corporation, which initially developed the SteriMed Systems. Upon closing, designees were elected to three of the five seats on MCM’s Board of Directors, with George Aaron, President and CEO, and Jonathan Joels, CFO, filling two seats. Additionally, as part of the transaction, certain debt of MCM to its existing stockholders and to certain third parties was converted to equity in MCM or restructured. Pursuant to the Company’s Letter of Intent with MCM, the Company had provided MCM with loans totaling \$565,000, which loans were repaid upon closing by a reduction in the cash portion of the purchase price. As part of the Stockholders Agreement dated December 17, 2002, there were certain provisions relating to performance adjustments for the twenty four month period post closing. As a consequence, the Company’s ownership interest increased by 5% in the fiscal year 2004 and by an additional 5% in the fiscal year 2005. Furthermore, the Company’s equity ownership increased with the conversion of various loans made to MCM and cash calls made by MCM during Fiscal 2005. As of March 31, 2006, the Company’s interest in MCM is 96.66%.

During the first quarter of fiscal year 2005, an agreement was reached between the Company and the 20% minority ownership of an MCM subsidiary which had been dormant since inception. The minority shareholders shall be repaid their initial investment, by way of a credit towards the site installation expense of SteriMed units that they are purchasing for their dialysis centers. The subsidiary was dissolved on February 9, 2005.

Caprius, Inc. was founded in 1983 and through June 1999 essentially operated in the business of developing specialized medical imaging systems, as well as operating the Strax Institute, a comprehensive breast imaging center. In June 1999, the Company acquired Opus and began manufacturing and selling

Index

medical diagnostic assays constituting the TDM Business. In October 2002, we sold the TDM business to Seradyn, Inc. The Strax Institute was sold in September 2003.

**NOTE 3 - SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES**

## Stock Based Compensation

At March 31, 2006, the Company had three stock based compensation plans (one incentive and nonqualified, one employee and one non-employee director plan). The Company accounts for these plans under the recognition and measurement principles of APB Opinion No. 25, "Accounting for Stock Issued to Employees," and complies with the disclosure requirements of Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-based Compensation" as amended by SFAS No. 148, "Accounting for Stock-based Compensation - Transition and Disclosure, an amendment of SFAS No. 123, issued in December 2002. Under APB Opinion No. 25, compensation expense is based on the difference, if any, generally on the date of grant, between the fair value of our stock and the exercise price of the option. No stock-based employee compensation cost is reflected within the statement of operations for the three and six month periods ended March 31, 2006 and 2005.

If the Company had elected to recognize compensation costs for the Company's option plans using the fair value method at the grant dates, the effect on the Company's net loss and loss per share for the periods shown below would have been as follows:

	Three months ended March 31,		Six months ended March 31,	
	2006	2005	2006	2005

## Loss Per Share

The Company follows Statement of Financial Accounting Standards (SFAS) No. 128, "Earnings Per Share", which provides for the calculation of "basic" and "diluted" earnings (loss) per share. Basic loss per share is computed by dividing loss available to common stockholders by the weighted-average number of common shares outstanding for the period. Diluted loss per share reflects the potential dilution that could occur through the effect of common shares issuable upon the exercise of stock options and warrants and convertible securities. For the periods ended March 31, 2006 and 2005, potential common shares amounted to 4,681,190 and 3,245,149 respectively, and have not been included in the computation of diluted loss per share since the effect would be antidilutive.

## Revenue Recognition

The medical infectious waste business recognizes revenues from either the sale or rental of its SteriMed units. Revenues for sales are recognized at the time that the unit is shipped to the customer. Rental revenues are recognized based upon either services provided for each month of activity or evenly over the year in the event that a fixed rental agreement is in place.

**NOTE 4 - INVENTORIES**

Inventories consist of the following, net of reserve of approximately \$12,000 at March 31, 2006

R a w	\$531,204
materials	
F i n i s h e d	251,857
goods	
	\$783,061

**NOTE 5 - REVERSE SPLIT**

On April 5, 2005, the Company effected a 1 for 20 Reverse Split. On such date, the Company's 66,681 outstanding shares of Series C Stock automatically converted into 2,299,345 shares of the Company's common stock. As a result of the Reverse Split on April 5, 2005, the Company had outstanding 3,321,673 shares of common stock. The reverse split did not change the number of authorized shares of common and preferred stock. All share and per share information in the accompanying financial statements have been restated to reflect the 1 for 20 reverse stock split.

**NOTE 6 - STOCK OPTIONS**

On January 4, 2006, the Company granted options for the purchase of an aggregate of 458,000 shares (consisting of 393,000 to employees/directors and 65,000 to non-contractual consultants) of Common Stock under the Company's 2002 Stock Option Plan. These options are for a 10 year term, vesting after six months as to one-eighth of the options granted, and the balance vesting in equal monthly installments over the next forty-two months at an exercise price of \$2.20 per share. Using the Black Scholes Option pricing model the Company has determined that the fair value of these awards is \$1.36 per share which equates to a combined fair value of \$535,366 for the options granted to employees/directors and \$88,547 for options granted to non-contractual consultants.

**NOTE 7 - EQUITY FINANCING**

On February 17, 2006, the Company closed on a \$3.0 million preferred stock equity financing transaction before financing fees and expenses of approximately \$293,000. As part of this financing transaction, the Company issued

241,933 shares of Series D Convertible Preferred Stock, convertible into 2,419,330 shares of common stock, par value \$0.01 per share. The Company also issued Series A Warrants to purchase an aggregate of 223,881 shares of common stock at an exercise price of \$1.50 per share for a period of five years. In addition, the Company issued Series B Warrants to purchase an aggregate of 447,764 shares of common stock at an exercise price of \$2.00 per share for a period of five years. The Company has determined that the preferred stock was issued with an effective beneficial conversion feature of

Index

approximately \$1,300,000 based upon the relative fair values of the preferred stock and warrants using the Black Scholes valuation model. As such, this beneficial conversion feature is recorded as a deemed Preferred Stock dividend. In addition, the Series D Convertible Preferred Stock Agreement included a provision whereby the Company would incur certain penalties if the above securities were not registered with the SEC within a time period as defined under the Agreement. On April 6, 2006 the Registration Statement was declared effective. The Company has also issued warrants to purchase an aggregate of 119,403 shares of common stock at an exercise price of \$1.68 per share for a period of five years as part of the placement fee, to a placement agent and warrants to purchase an aggregate of 59,702 shares of common stock at an exercise price of \$2.00 per share for a period of five years as part of the placement fee, to another selected dealer and its designees for this placement.

**NOTE 8 - ECONOMIC DEPENDENCY**

For the six months ended March 31, 2006, revenue from three customers was approximately \$106,000, \$80,000 and \$65,500 which represented approximately 49% of the total revenue. At March 31, 2006 accounts receivable from one of these customers was approximately \$42,000.

For the six months ended March 31, 2005, revenue from two customers was approximately \$221,000 and \$91,000, respectively. In addition, revenue from two other customers generated approximately \$63,000 and \$55,000 (same customers generated revenues of \$65,500 and 80,000, respectively for the same period in 2006). The revenues generated from these four customers approximated 85% of the Company's total revenue.

**NOTE 9 - COMMITMENTS AND CONTINGENCIES**

Effective January 1, 2006, the Company entered into a new lease for its corporate offices in Hackensack, New Jersey expiring on September 30, 2011. Under the term of this agreement, the Company leases 4,177 square feet at a base monthly rental of approximately \$7,500 plus certain escalation charges as defined, under the lease.

Future minimum rental payments under the above operating lease are as follows:

For the Year Ending September 30,	Amount
2006	\$ 44,903
2007	91,894
2008	93,983
2009	96,071
2010	98,160
Thereafter	100,248
	\$ 525,259

**NOTE 10 - SUBSEQUENT EVENT**

On May 11, 2006, the Company, its subsidiary, M.C.M. Environmental Technologies, Inc. ("MCM"), and George Aaron, CEO of the Company were served with a complaint by Andre Sassoon and Andre Sassoon International, Inc. (the "Plaintiffs") that was filed in the Supreme Court of the State of New York in the County of New York. The complaint also names all persons who were existing shareholders of MCM at the time of the Company's original investment in MCM in December 2002. The Company is currently reviewing the complaint whereby the Plaintiffs are seeking damages in excess of \$400,000 or the stock interest of the existing shareholders at the time of the Company's acquisition. Based upon its initial review of the complaint, the Company strongly believes that there is no merit to the allegations contained within the complaint as to the Company, MCM and Mr. Aaron, and they will vigorously defend

this action.

The net cash proceeds from the equity financing will provide the funds necessary to expand our business. Specifically, the funds are being used to increase our marketing effort both in the US and overseas markets. The availability of this working capital has enabled us to build inventory to fulfill current needs arising from our increased marketing efforts. The net proceeds from this placement should fulfill our capital needs through March 31, 2007, based upon our present business plan. In addition, as we start to increase our penetration in the United States market, we will need to expand our customer service and technical support capabilities to meet the needs of our clients. Similarly, in overseas markets, resources will be required to obtain regulatory approvals in markets where we believe there exists great opportunities for our business.

We may require additional working capital or other funds in the future should we modify our current business plan or undertake any acquisitions.
