ABOUT THIS PROSPECTUS SUPPLEMENT

This prospectus supplement is a supplement to the accompanying prospectus that is also a part of this document. This prospectus supplement and the accompanying prospectus are part of a registration statement that we filed with the Securities and Exchange Commission using a shelf registration process. Under the shelf registration process, we may sell any combination of the securities described in the accompanying prospectus up to a total dollar amount of \$100,000,000, of which this offering is a part. Prior to this offering, we have not sold any of our shares or warrants under our shelf registration statement.

In the prospectus, we provide you with a general description of the shares of our common stock that we are offering and specific information about the terms of this offering. Both this prospectus supplement and the accompanying prospectus include important information about us and about our common stock and other information you should know before investing. This prospectus supplement also adds, updates and changes information contained in the accompanying prospectus. To the extent that any statement that we make in this prospectus supplement is inconsistent with the statements made in the accompanying prospectus, the statements made in the accompanying prospectus are deemed modified or superseded by the statements made in this prospectus supplement.

You should read both this prospectus supplement and the accompanying prospectus as well as the additional information described under the heading *Where You Can Find More Information* on page 14 of the accompanying prospectus before investing in our common stock and warrants. In addition to the documents listed on page 15 of the accompanying prospectus and future filings made with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, we are also incorporating by reference our current report on Form 6-K dated October 22, 2010, which includes among its exhibits the following relevant exhibits:

We have not authorized anyone to provide information different from that contained or incorporated in this prospectus supplement and the accompanying prospectus. We are offering to sell shares of common stock only in jurisdictions where offers and sales are permitted. USE OF PROCEEDS

Upon our sale of 4,000,000 shares of our common stock pursuant to this offering, the proceeds to us from this offering, before deducting the placement agent's fee and other offering expenses, will be \$13,000,000 based upon the public offering price of \$3.25 per share. We plan to use the net proceeds we raise for general corporate and working capital purposes.

Pending application of the proceeds of the sale of securities, we may invest the net proceeds of the sale in short-term, investment-grade, interest-bearing instruments.

DILUTION

The net tangible book value of our common stock on September 30, 2010 was \$92.2 million, or approximately \$3.71 per share. Net tangible book value per share represents the amount of our total tangible assets, less our total liabilities, divided by the total number of shares of our common stock outstanding. Dilution in net tangible book value per share to new investors represents the difference between the amount per share paid by purchasers of shares of our common stock in this offering and the net tangible book value per share of our common stock immediately afterwards.

Without taking into account any other changes in net tangible book value after September 30, 2010, other than the sale of the 4,000,000 shares of common stock offered by us under this prospectus supplement at a price of \$3.25 per share and after deducting the placement agent's fee and other offering expenses payable by us estimated at \$0.8 million, our net tangible book value would have been \$104.4 million, or approximately \$3.62 per share. This represents an immediate dilution in net tangible book value of approximately \$0.09 per share to existing stockholders and an immediate accretion in net tangible book value of \$0.37 per share to new investors.

PLAN OF DISTRIBUTION

This prospectus supplement relates to an offering by us of 4,000,000 shares of our common stock, and warrants to purchase shares of one of our wholly-owned subsidiaries, at a purchase price of \$3.25 per share to three institutional investors for aggregate gross proceeds of \$13,000,000.
