### Report of Independent Accountants

To the Administrative Committee of  
the Baxter International Inc. and  
Subsidiaries Incentive Investment Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Baxter International Inc. and Subsidiaries Incentive Investment Plan (the "Plan") at December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Assets Held for Investment Purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly

stated in all material respects in relation to the basic financial statements taken as a whole.

Incentive Investment Plan

Notes to Financial Statements

## Edgar Filing: BAXTER INTERNATIONAL INC - Form 11-K

### 1. General Description of the Plan

The following description of the Baxter International Inc. and Subsidiaries Incentive Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan allows tax deferred contributions in compliance with Section 401(k) of the Internal Revenue Code. Eligible participants may make pre-tax contributions of up to 12% of their eligible annual compensation within certain limitations. The Plan sponsor, Baxter International Inc. ("Baxter"), matches participant contributions up to a maximum of 3% of the employees' compensation. Participant contributions are fully vested at all times. Vesting in the Plan sponsor matching contributions is based on years of continuous service. A participant vests in annual increments of 20% and, therefore, is 100% vested after five years of credited service. Participants may borrow up to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at variable rates as outlined in the Plan.

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce Baxter matching contributions for the plan year. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. Forfeitures utilized for the periods ended December 31, 2001 and 2000 were \$490,233 and \$565,348, respectively.

Upon enrollment in the Plan, a participant may direct contributions in any of eight investment options: Stable Income Fund, Baxter Common Stock Fund, Composite Fund, General Equity Fund, S&P 500 Equity Index Fund, International EAFE Equity Index Fund, Small Cap Fund and the Self-Managed Fund. In addition, certain participants may maintain shares received (the "Allegiance Shares") in connection with Baxter's 1996 spin-off of Allegiance Corporation ("Allegiance"). The Allegiance Shares were subsequently converted to common shares of Cardinal Health Inc. ("Cardinal") upon Cardinal's acquisition of Allegiance in 1999. The Cardinal shares are maintained in the Cardinal Health Common Stock Fund.

On March 31, 2000, Baxter spun-off its Cardiovascular Business Group in the form of a tax-free distribution to shareholders. As a result, approximately \$130 million of assets were transferred from the Plan to Edwards Lifesciences Corporation 401(k) Savings and Investment Plan. In addition, certain participants received shares in Edwards Lifesciences Corporation, which were placed into the Edwards Lifesciences Common Stock Fund. Participants are not able to make contributions to the Cardinal Health Common Stock Fund or the Edwards Lifesciences Common Stock Fund.

### 2. Summary of Significant Accounting Policies

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, investment income is recognized when earned and expenses are recognized when incurred. The valuation of Plan investments is determined as follows:

U.S. government and government agency issues	Value based on the last reported sale on the national security exchange on the valuation date
Corporate and other bonds	Value based on the last reported sale on the national security exchange on the valuation date
Common stock:	
Traded on national exchanges	Value based on composite pricing of a closing sales prices on the valuation date
Traded on over-the-counter market	Value based on last reported sale price to bid quotations
Commingled investments	Value based on closing prices of the securities on the valuation date
Guaranteed Investment Contracts	Value based on contract value
Short term investments	Value based on cost which approximates fair value
Loan fund	Value based on cost which approximates fair value

Plan investment return includes dividend and interest income, gains and losses on sales of investments and unrealized appreciation or depreciation of investments. The financial statements reflect the net appreciation in the fair value of the Plan's investments. This net appreciation consists of realized gains and losses calculated as the difference between proceeds from a sales transaction and cost determined on a moving average basis, and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year.

The Plan's Guaranteed Investment Accounts under two contracts are maintained in deposit accounts which are credited monthly with earnings on the underlying investments and charged for Plan withdrawals and expenses. These contracts are fully benefit-responsive and are reported in the financial statements at contract value, which approximates fair value. Contract value represents contributions made under the contracts, plus earnings, less withdrawals and expenses. There are no reserves for credit risk of the contract issuer or otherwise. The average yield was 5.2% and 6.9% and the average crediting interest rate was 6.4% and 6.9% for the investment contracts for 2001 and 2000, respectively. The crediting interest rates are based on an agreed-upon formula with the issuer, which are reset monthly and cannot be less than zero percent. The Plan's two contracts, Baxter Global Wrap Account and Pacific Investment Management Company, utilize a wrapper contract issued by Aegon Institutional Markets and State Street Bank and Trust Company, respectively.

Employee contributions and matching contributions are recorded in the period in which they are earned by participants.

### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related notes to the financial statements. Changes in such estimates may affect amounts reported in future periods.

### 3. Eligibility Requirements

Employees become eligible to participate in the Plan as of the first day of the month following the completion of thirty days of employment. Eligible employees are those who meet the following requirements:

1. U.S. employees of Baxter or its subsidiaries which have adopted the Plan.
2. U.S. employees not covered by a collective bargaining agreement unless the agreement provides for coverage under the Plan.
3. U.S. employees who are not leased employees.

### 4. Administration of the Plan

State Street Bank and Trust Company serves as trustee and CitiStreet LLC serves as record keeper for the Plan.

The Administrative Committee administers the Plan. The Investment Committee has authority, responsibility and control over the management of the assets of the Plan. Members of both committees are appointed by the Board of Directors of Baxter and are employees of Baxter.

Substantially all investment manager, trustee and administrative fees incurred in the administration of the Plan were paid from the assets of the Plan.

### 5. Investments

Investments representing five percent or more of the Plan's assets at December 31, 2001 and 2000 are summarized as follows:

	2001	2000

6. Distribution Priorities Upon Termination of the Plan

Upon termination of the Plan, the account balance of each participant will become 100% vested and all assets, net of expenses, will be distributed to the participants or beneficiaries.

7. Tax Status of the Plan

The Internal Revenue Service has determined and informed the Company by a letter dated May 4, 1999 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter.

8. Related Parties

At December 31, 2001 and 2000, the Plan held units of participation in certain common/collective trust funds and short term investment funds of State Street Bank and Trust Company, the Plan trustee, shares of common stock of Baxter, the Plan sponsor, loans with participants, and shares of common stock and fixed income securities in CitiGroup Inc., CitiBank Mortgage Securities Inc., CitiBank Credit Card Issuance Trust and CitiBank Credit Card Master Trust I, which are all affiliated with CitiStreet LLC, the record keeper. These transactions are allowable party-in-interest transactions under the Employee Retirement Income Security of 1974 and the regulations promulgated thereunder.

9. Plan Merger

In March 2000, Baxter acquired Althin Medical, Inc. As a result the Althin Medical, Inc. 401(k) Plan was merged into the Plan effective March 1, 2001. As a result of the merger, total assets of approximately \$11.8 million
