## Edgar Filing: XCEL ENERGY INC - Form 8-K

### Item 5. Other Events

On October 3, 2002, Xcel Energy announced its wholly owned subsidiary, NRG Energy, Inc. is considering third quarter 2002 write-downs or abandonments. Such events could reduce Xcel Energy's common equity as a percent of total consolidated capitalization below the minimum allowed by the Securities and Exchange Commission. For more information see the full press release included in this Form 8-K as Exhibit 99.01.

This report includes forward-looking statements that are subject to certain risks, uncertainties and assumptions. Such forward-looking statements include statements that are intended to be identified in this document by the words anticipate, estimate, expect, projected, objective, possible, potential and similar expressions. Actual results may vary materially. Factors that could cause actual results to differ materially include, but are not limited to: general economic conditions, including the availability of credit, actions of rating agencies and their impact on capital expenditures; business conditions in the energy industry; competitive factors; unusual weather; changes in federal or state legislation; regulation; risks associated with the California power market; currency translation and transaction adjustments; the higher degree of risk associated with Xcel Energy's nonregulated businesses compared with Xcel Energy's regulated business; the realization of expectations regarding the NRG financial improvement plan and the other risk factors listed from time to time by Xcel Energy and NRG Energy in reports filed with the Securities and Exchange Commission, including Exhibit 99.01 to Xcel Energy's report on Form 10-K for year 2001.
