**ITEM 4.02 Non-Reliance on Previously Issued Financial Statements of a Related Audit Report or Completed Interim Review.**

(a) In preparing the Annual Report on Form 10-K for fiscal year 2008, Flow International Corporation (the Company ) management identified misstatements in its consolidated financial statements for fiscal year 2006 and for fiscal year 2007. These misstatements, when aggregated with other items previously identified in those respective periods which management had determined to be immaterial, became material to the referenced financial statements. As a result, on July 3, 2008 the Company s Audit Committee concluded, after consultation with the Company s management, that the 2006 and 2007 fiscal year consolidated financial statements (and corresponding reports of our independent registered accounting firm, Deloitte and Touche LLP) included in our previously filed Annual Report on Form 10-K should no longer be relied upon and should be restated. In addition, affected interim periods in 2007 and 2008 should no longer be relied on.

The most significant misstatement to 2006 fiscal year net income as referenced above related to an understatement of foreign income tax expense of approximately \$280,000. The cumulative effect of all misstatements resulted in a decrease of approximately \$733,000 to net income, or \$0.02 per basic and dilutive income per share in fiscal year 2006 and an increase of approximately \$85,000 to net income, or \$0.00 per basic and dilutive income per share in fiscal year 2007.

The Company has discussed this matter with its independent registered accounting firm and will restate the consolidated financial statements for fiscal 2006 and 2007 to correct these misstatements in its Annual Report on Form 10-K for the year ended April 30, 2008, expected to be filed on July 11, 2008. The Company plans to restate interim periods for fiscal year 2008 in its fiscal year 2009 interim filings.
