PROXY STATEMENT

March 21, 2003

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of BorgWarner Inc. (the Company) for the 2003 Annual Meeting of Stockholders to be held at the Company's headquarters at 200 South Michigan Avenue, Chicago, Illinois 60604 on April 23, 2003. This Proxy Statement and accompanying form of proxy are being mailed to stockholders beginning on or about March 21, 2003. The Company's Annual Report to Stockholders for the year ended December 31, 2002 is enclosed.

Only stockholders of record at the close of business on March 7, 2003, will be entitled to vote at the meeting. As of such date, there were 27,455,755 issued and 26,707,063 outstanding shares of common stock. Each share of common stock entitles the holder to one vote.

How do I vote?

If you return your signed proxy card or vote by telephone or by the Internet before the Annual Meeting, we will vote your shares as you direct. Any proxy returned without specification as to any matter will be voted as to each proposal in accordance with the recommendation of the Board of Directors. You may revoke your proxy at any time before the vote is taken by delivering to the Secretary of the Company written revocation or a proxy bearing a later date, or by attending and voting at the Annual Meeting.

The election inspectors will tabulate the votes cast prior to the meeting and at the meeting to determine whether a quorum is present. Unless otherwise indicated herein, the election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

Expenses of Solicitation

The cost of solicitation of proxies will be borne by the Company. In addition to solicitation of proxies by use of the mail, proxies may be solicited by directors, officers and regularly engaged employees of the Company. Brokers, nominees and other similar record holders will be requested to forward solicitation material and will be reimbursed by the Company upon request for their reasonable out-of-pocket expenses.

1. ELECTION OF DIRECTORS

The Company's Board of Directors is divided into three classes. Phyllis O. Bonanno, Andrew F. Brimmer and Alexis P. Michas (the Class I Directors) are the nominees for election to the Board at this meeting. If elected, each nominee will serve for a term of three years and until their successors are elected and qualified. Four other directors (the Class II Directors) have terms expiring at the 2004 Annual Meeting of Stockholders and three other directors (the Class III Directors) have terms expiring at the 2005 Annual Meeting of Stockholders. Each of the nominees for election as a Class I Director is presently a director of the Company and has agreed to serve if elected. In the event that

In the event of a Change of Control of the Company followed within three years by (1) the termination of the executive's employment for any reason other than death, disability, or Cause or (2) the termination of the executive's employment by the executive for Good Reason, the Change of Control Employment Agreements provide that the executive shall be paid a lump sum cash amount equal to three times the executive's annual base salary and recent average bonus, and a lump sum cash amount equal to three times the Company's retirement contributions which would have been made on behalf of the executive in the first year after termination of employment. In addition, the executive is entitled to continued employee welfare benefits for three years after termination of employment.

Change of Control means (a) the acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934) of beneficial ownership of 20% or more of either (i) the then outstanding shares of Common Stock of the Company or (ii) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors, (b) a change in the majority of the Board, or (c) major corporate transaction, such as a merger, sale of substantially all of the Company's assets or a liquidation, which results in a change in the majority of the Board or a majority of stockholders.

Cause means the willful and continued failure of the executive to perform substantially the executive's duties or the willful engaging by the executive in illegal conduct or gross misconduct materially injurious to the Company.

Good Reason means the diminution of responsibilities, assignment to inappropriate duties, failure of the Company to comply with compensation or benefit provisions, transfer to a new work location more than 35 miles from the executive's previous work location, a purported termination of the Change of Control Employment Agreement by the Company other than in accordance with the Change of Control Employment Agreement, or failure of the Company to require any successor to the Company to comply with the Change of Control Employment Agreement.

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate future filings by reference, including this Proxy Statement, in whole or in part, the following Compensation Committee Report on Executive Compensation and Performance Graph shall not be incorporated by reference into any such filings.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors is responsible for setting and administering the policies that govern base salary, annual bonus, long-term incentives and stock ownership programs for the executive officers of the Company.

Overall Policy

The Company's executive compensation program is designed to link executive compensation to corporate performance. To this end, the Company has developed an overall compensation strategy and

specific compensation plans that tie executive compensation to the Company's success in meeting specified performance goals. The overall objectives of this strategy are to attract and retain the best possible executive talent, to motivate these executives to achieve goals that support the Company's business strategy, to link executive and stockholder interests through equity-based plans, and to provide a compensation package that is based on individual performance as well as overall business results.

The Compensation Committee reviews the Company's executive compensation program annually. The review includes a comparison of current total compensation levels (including base salary, annual bonus and long-term incentives) to those provided in similar companies in the durable manufacturing sector that have total sales in the range of two billion to four billion dollars, with data being collected from several prominent executive compensation surveys (the Compensation Surveys). In addition to the Compensation Surveys, the Compensation Committee also considers the compensation reported for executives by the companies included in a peer group of automotive companies (the Peer Group Companies). Financial results of the Peer Group Companies are used to compare shareholder returns on the performance graph. The Compensation Committee may adjust compensation levels based upon information obtained from the Compensation Surveys and the Peer Group Companies.

The Compensation Committee determines the compensation of the CEO and officers of the corporation, reviews the policies and philosophy set for the next level of key executives (approximately 270), and evaluates and recommends to the Board of Directors all long-term incentive plans. This process is designed to ensure congruity throughout the executive compensation program. In reviewing the individual performance of the executives whose compensation is detailed in this proxy statement (other than Mr. Fiedler), the Compensation Committee takes into account the views of Mr. Fiedler.

The key elements of the Company's executive compensation program are base salary, annual bonus and long-term incentives that consist of cash compensation, Company stock and stock options. The Compensation Committee's policies with respect to each of these elements, including the basis for the compensation awarded to Mr. Fiedler, the Company's CEO during 2002, are discussed below.

Base Salary

Annual salary adjustments are determined by the Compensation Committee by examining each executive officer's current responsibilities, the executive officer's individual and business unit performance, and by comparing the executive officer's current base salary to competitive median salaries as reported in the Compensation Surveys and by the Peer Group Companies.

Mr. Fiedler was CEO of the Company in 2002. The Compensation Committee considered the scope and complexity of Mr. Fiedler's position, the Company's performance during the preceding year, his prior salary, and the median salaries paid for similar positions as reported in the Compensation Surveys and by the Peer Group Companies. Expected long-term growth (\$1.2 billion in anticipated new business over the next three years), positive cash flow and improved margins in each quarter of 2001, and expanded global presence were among the performance factors considered in determining Mr. Fiedler's salary for 2002. Mr. Fiedler received a base salary of \$564,050 during 2002.

Annual Bonus

The Company's executive officers are eligible participants in an annual cash bonus plan. Performance objectives are established at the beginning of each year for the Company and each of its business units. The performance objectives are based on the increase in economic value of the Company or business unit over the prior year. Economic value is determined by a formula taking into account the after-tax operating income and the average operating investment of the Company or business unit.

Eligible executives are assigned threshold, target and maximum bonus levels. For those executive officers responsible for the entire Company, 100% of their bonus opportunity is based on the increase

in economic value for the Company; for those executive officers responsible for a business unit, 30% of the bonus opportunity is based on the increase in economic value for the Company, and 70% is based on the increase in economic value for the business unit. If the threshold level of these performance measures is not met, no bonus is paid.

To encourage a longer-term perspective while continuing to reward participants for the achievement of annual goals, the bonus plan for executives includes a Carryover Bonus feature. Carryover Bonus allows participants in the bonus plan to earn over a two-year period any bonus opportunity (up to a specified maximum limit) that was not attained during the current Plan Year. Executives can earn the balance of the unattained bonus opportunity whenever cumulative value targets are achieved during the subsequent two years. No Carryover Bonus from a prior year is earned if the threshold level of performance for the current year is not achieved.

The potential annual total cash compensation (base salary plus bonus) for each executive officer is targeted at the 65th percentile of annual total cash compensation levels for similar positions as reported by comparable companies in the Compensation Surveys. In a given year, Carryover Bonus from prior years may increase the annual bonus opportunity of the executive officers above the target levels.

Although annual bonuses depend primarily on the achievement of performance objectives as described above, the Compensation Committee may adjust bonus measures and awards based on other financial or non-financial actions that the Compensation Committee believes will benefit long-term stockholder value.

The significant increase in economic value of the Company during 2002 resulted in a bonus payout near the maximum opportunity level for the portion of individual bonuses based on overall corporate performance. As a result Mr. Fiedler earned a \$1,520,666 cash bonus for the year; of this, \$193,671 represents Carryover Bonus from 2000 and \$277,395 represents Carryover Bonus from 2001.

Long-Term Incentive Plans

Executive Stock Performance Plan

The Borg-Warner Automotive, Inc. Executive Stock Performance Plan is a long-term incentive plan for selected top executives including the named executive officers. It is designed to provide competitive payouts at the end of a three year period relative to how well the Company performs against the Peer Group Companies in terms of total shareholder return (TSR). The Compensation Committee believes that the Executive Stock Performance Plan will help to focus key senior executives on the long-term overall value of the Company to the investor community.

The award levels under the Executive Stock Performance Plan are targeted to pay at approximately the 65th percentile of total director compensation (as reported by the Compensation Surveys) for 65th percentile TSR performance relative to the TSR performance of the Peer Group Companies.

Awards under this plan are paid out in the form of stock and sufficient cash to meet tax-withholding requirements. Payments made under this plan are exempt from the provisions of Section 162(m) of the Code that limits the tax deductibility of compensation in excess of one million dollars.

Full participants in this plan do not receive regular stock option grants.

This plan is administered by a committee which consists solely of two or more outside directors as defined by Section 162(m) of the Code and the regulations thereunder.

For the period between January 1, 2000 to December 31, 2002, Mr. Fiedler had a target award of 1,000 performance units at a value of \$1,000 per unit. At the end of the performance period, the Company's TSR performance was at the 83rd percentile of the TSR performance of the Peer Group Companies. As a result, Mr. Fiedler earned an award of \$1,471,000.

For the period between January 1, 2001 to December 31, 2003, Mr. Fiedler has a target award of 1,000 performance units at a value of \$1,000 per unit. Depending upon the performance of the Company, Mr. Fiedler's final award can range from \$0 if the Company's TSR performance is below the 25th percentile of the TSR performance of the Peer Group Companies to \$1,750,000 if the Company's TSR performance is at the 90th percentile (or higher) of the TSR performance of the Peer Group Companies.

For the period between January 1, 2002 to December 31, 2004, Mr. Fiedler has a target award of 500 performance units at a value of \$1,000 per unit; the number of units granted under this cycle was reduced to reflect Mr. Fiedler's shorter period of participation as a result of his anticipated retirement in 2003. Depending upon the performance of the Company, Mr. Fiedler's final award can range from \$0 per unit if the Company's TSR performance is below the 25th percentile of the TSR performance of the Peer Group Companies to \$1,750,000 if the Company's TSR performance is at the 90th percentile (or higher) of the TSR performance of the Peer Group Companies.

Mr. Fiedler will not be a participant in the 2003 - 2005 cycle of the Executive Stock Performance Plan.

Stock Options

Regular Stock Option Awards

For other executives not eligible for the Executive Stock Performance Plan, the Company uses stock options to align the interests of this next level of executives with those of the stockholders and to retain and motivate these executives to continue the long-term focus required for the Company's future success.

Executives may receive annual stock option awards based on competitive market conditions, their level of responsibility for the management and growth of the Company and individual contribution. Current base salary and annual incentive opportunity, as well as the size and timing of previous stock option awards, are also considered when determining annual stock option awards.

All stock options are granted at no less than the fair market value of the stock on the date of grant. The number of shares awarded to each recipient is determined by an analysis of median competitive data provided in the Compensation Surveys. The analysis is based on the current discounted market value of the Company's stock and the annualized cash value of competitive grants. All options granted by the Company have vesting requirements and a ten-year term.

The gains on stock options granted by the Company are exempt from the provisions of Section 162(m) of the Internal Revenue Code (the Code) which limit the tax deductibility of compensation in excess of one million dollars.

As part of a phase-in of eligibility under the Executive Stock Performance Plan, Mr. Strickler received a stock option grant of 10,000 option shares in 2002.

Ownership Guidelines

The Company has established stock ownership guidelines for the senior officers of the Company. Mr. Fiedler is expected to own three times the average of his annualized salary and target bonus for the prior three years; the other officers named in this proxy are expected to own two times the average of their annualized salary and target bonus for the prior three years.

If a senior executive owns more Company stock than required by these guidelines, the executive is then eligible to receive an additional award of stock options equal to the value of the ownership above the required level divided by the Company stock price at the time this award is computed; the maximum number of option shares that can be granted in one year to an executive for ownership above the required level is 100,000 shares.

Mr. Fiedler was granted 10,557 stock options in 2002 for stock ownership above the required level. Other named officers also received stock options for ownership above the required level: Mr. Fukayama (2,097 stock options), and Mr. Manganello (5,766 stock options).

Other

During 2002, Mr. Fiedler and Mr. Manganello received compensation in excess of the one million dollar limitation on deductibility under Section 162(m) of the Code. Consequently, \$1,084,716 of the compensation earned by Mr. Fiedler in 2002 and \$5,734 of the compensation earned by Mr. Manganello in 2002 was not deductible by the Company. Compensation subject to the one million dollar limitation on deductibility under Section 162(m) of the Code was not paid in 2002 to any of the other named executive officers.

The Compensation Committee periodically reviews the executive compensation plans of the Company to determine their compliance with Section 162(m) of the Code. The Compensation Committee may, as was the case in 2002, recommend that compensation that is non-deductible be paid to executive officers when such compensation is deemed in the best interest of shareholders.

REPORT OF THE BORGWARNER FINANCE AND AUDIT COMMITTEE

The Finance and Audit Committee of the Board of Directors of BorgWarner Inc. is charged with assisting the Board with respect to fulfilling the Board's oversight responsibility regarding the quality and integrity of the accounting, auditing and financial reporting practices of the Company. The Committee also has the responsibility for, among other things, advising the Board on corporate financial policy and capital structure and reviewing capital expenditure plans and financing plans. The full charge of the Committee is set forth in its charter, which is reviewed and updated annually and approved by the Board. During 2002, the Committee met four times and the Committee chairman, as representative of the Committee, discussed the interim financial information contained in each quarterly earnings announcement with the chief financial officer, controller and independent auditors prior to its public release.

With respect to the 2002 financial statements, the Committee, in conjunction with the Board, reviewed the 2002 financial results and financial condition with management. The Committee met with selected members of management and Deloitte & Touche LLP (Deloitte), the Company's independent auditors, to review the financial statements (including quarterly reports), discussing such matters as the quality of earnings; estimates, reserves and accruals; suitability of accounting principles, judgmental areas; and audit adjustments, whether recorded or not. In addition, the Committee considered the quality and adequacy of the Company's internal controls, taxation issues, information technology matters and other areas as appropriate to its oversight of the financial reporting and audit processes.

In discharging its oversight responsibilities as to the audit process, the Committee:

Satisfied itself as to Deloitte's independence through a review of relationships and services which might affect the objectivity of the auditors, a review of the letter from Deloitte required by Independence Standards Board Standard No. 1 and discussions with Deloitte concerning their independence;

Discussed the overall audit process, including audit reports;

Involved Deloitte in the Committee's review of the Company's financial statements;

Discussed with Deloitte all matters required to be reviewed by generally accepted auditing standards;

Provided Deloitte full access to the Committee to report on any and all appropriate matters;

Recommended to the Board, subject to shareholder approval, the reappointment of Deloitte as independent auditors for the Company. The Board concurred with this recommendation; and

Was informed of and reviewed the oaths and certifications of the Chief Executive Officer and Chief Financial Officer required by the Securities and Exchange Commission General Order 4-460 and by the Sarbanes Oxley Act Sections 302 and 906, and was informed of the process supporting the same.

The Committee provided guidance and oversight to the internal audit function, including a review of the organization, the audit plan, and results of internal audit activity. The Director of Internal Audit had routine opportunity to meet with the Committee to discuss any matters desired.

Based on its work and the information received as outlined above, the Committee recommended to the Board and the Board approved the Company's audited financial statements for 2002 to be included in the Annual Report on Form 10-K, for filing with the Securities and Exchange Commission. The Committee is satisfied that it has met its responsibilities for the year ended December 31, 2002 under its charter and that the financial reporting and audit processes of the Company are functioning appropriately.

Certain Relationships and Related Transactions

On January 30, 1998, the Company loaned Mr. Fiedler \$2 million for the exclusive purpose of Mr. Fiedler purchasing the Company s Common Stock. The loan is evidenced by a non-negotiable full recourse promissory note, as amended, which matures on May 30, 2003. The note accrues interest at the rate of 5.84% per annum, compounded semiannually, on the unpaid balance until paid. The largest

aggregate amount outstanding during 2002 and the amount outstanding under the note as of March 14, 2003 was \$2,701,594. In the event of Mr. Fiedler's voluntary termination of employment with the Company prior to maturity (other than upon his disability) or his involuntary termination of employment with the Company prior to maturity for cause, Mr. Fiedler will be obligated to prepay his entire obligation under the note within ten days. The entire obligation under the note will be forgiven if Mr. Fiedler remains with the Company through May 30, 2003 or as of earlier termination by reason of death, disability, or involuntary termination other than for cause. The note will also be forgiven in the event of a Change of Control as defined in the Change of Control Employment Agreement.

Effective February 28, 2002, Geraldine Kinsella, the spouse of Mr. Fiedler, retired from the Company as Vice President - Human Resources after 32 years of service with the Company. Pursuant to a Consulting and Separation Agreement negotiated by the Company's Compensation Committee dated January 22, 2002, Ms. Kinsella received a lump sum payment of \$261,200, a payment under the Company's Management Incentive Bonus Plan of \$150,000, and title to her Company-owned automobile. Under the Agreement, Ms. Kinsella forfeited stock options not vested as of February 28, 2002. Ms. Kinsella received a distribution of her awards under the Company's Executive Stock Performance Plan for years 2000-2002 in the amount of \$205,940, which was approved by the Compensation Committee of the Board of Directors. Between March 1, 2002 and December 31, 2002, Ms. Kinsella received a total gross amount of \$60,000, during which time Ms. Kinsella provided consulting services to the Company on a variety of human resources related issues.

Under the Company's Employee Relocation Program, certain employees asked to relocate by the Company are entitled to relocation assistance provided by outside vendors selected and paid for by the Company. During 2002, Mr. Weber and Mr. Wilson participated in this program. Mr. Weber purchased a home from the Company in the amount of \$700,000. The sale price of the home was the same price the Company paid for the home and was confirmed in an appraisal conducted by an independent third party. The Company purchased a home from Mr. Wilson for \$745,000 based on an appraisal conducted by an independent third party and the Company subsequently resold the home.

2. RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors proposes that the stockholders approve the selection by the Finance and Audit Committee of Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, Deloitte) to serve as the Company's independent auditors for the 2003 fiscal year. The Board of Directors anticipates that representatives of Deloitte will be present at the meeting to respond to appropriate questions, and will have an opportunity, if they desire, to make a statement.

Audit Fees

Deloitte billed the Company \$1,280,000 for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2002, including foreign statutory audit requirements, and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year.

Financial Information Systems Design and Implementation Fees

Deloitte billed the Company \$480,000 for professional services rendered for information technology services relating to financial information systems design and implementation for the fiscal year ended December 31, 2002.

All Other Fees

All other fees billed by Deloitte with respect to the fiscal year ended December 31, 2002 were \$700,000, including audit related services of \$310,000 and tax services of \$390,000. Audit related services generally include fees for employee benefit plan audits, due diligence and related services on

acquisitions and work on SEC registration statements. Tax services represent fees for tax advisory and compliance services.

The Finance and Audit Committee has considered whether the provision of non-audit services is compatible with maintaining Deloitte's independence.

The Board of Directors recommends a vote FOR the appointment of Deloitte & Touche LLP as the independent auditors and your proxy will be so voted unless you specify otherwise.

OTHER INFORMATION

The Company has no reason to believe that any other business will be presented at the Annual Meeting, but if any other business shall be presented, votes pursuant to the proxy will be cast thereon in accordance with the discretion of the persons named in the accompanying proxy.
