PROXY STATEMENT

THE GEO GROUP, INC.

621 NW 53rd Street, Suite 700
Boca Raton, Florida 33487
Telephone: (866) 301-4436

April 5, 2004

The GEO Group Inc. (GEO, we or us) is furnishing this proxy statement in connection with the solicitation of proxies by its board of directors for use at its annual meeting of shareholders to be held at the Boca Raton Resort & Club, Boca Raton, Florida, May 6, 2004, at 9:00 A.M. (EST). Please note the proxy card provides a means to withhold authority to vote for any individual director-nominee. Also, note the format of the proxy card, which provides an opportunity to specify your choice between approval, disapproval or abstention with respect to the proposals indicated on the proxy card. A proxy card, which is properly executed, returned and not revoked, will be voted in accordance with the instructions indicated. A proxy voted by telephone and not revoked will be voted in accordance with the shareholder s instructions. If no instructions are given, proxies that are signed and returned or voted by telephone will be voted as follows:

FOR The election of directors for the ensuing year; and

FOR The proposal to ratify the appointment of Ernst & Young LLP as the independent certified public accountants of GEO.

The enclosed proxy gives discretionary authority as to any matters not specifically referred to therein. Management is not aware of any other matters to be presented for action by shareholders at the annual meeting. If any such matter or matters properly come before the annual meeting, it is understood that the designated proxy holders have discretionary authority to vote thereon.

Holders of shares of GEO common stock, par value \$0.01 per share, of record as of the close of business on March 26, 2004, will be entitled to one vote for each share of common stock standing in their name on the books of GEO. On March 26, 2004, GEO had 9,332,552 shares of common stock issued and outstanding.

The presence, in person or by proxy, of at least a majority of the total number of shares of common stock outstanding on the record date will constitute a quorum for purposes of the annual meeting. With the exception of the election of directors, which requires a plurality of the votes cast, any other proposals to come before the annual meeting will be approved if the number of votes cast in favor of the proposal exceed the number of votes cast against the proposal. Shares of common stock represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the annual meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. However, neither abstentions nor broker non-votes are counted as voted either for or against a proposal. If less than a majority of the outstanding shares of common stock are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting to another date and time.

Any person giving a proxy has the power to revoke it any time before it is voted by written notice to GEO, by executing and delivering a later dated proxy, or by attending the meeting and voting the shares.

The costs of preparation, assembly and mailing this proxy statement and the accompanying materials will be borne by GEO. It is contemplated that the solicitation of proxies will be by mail and telephone. We mailed this proxy statement, the notice of annual meeting, the proxy card and our 2003 annual report to shareholders on or about April 5, 2004.

Table of Contents***Proposal 1*****Election of Directors****Directors and Nominees**

The board of directors will be comprised of seven (7) members. The seven (7) nominees are listed below. All of the nominees are presently directors of GEO. All seven (7) of the directors were elected by the shareholders at their last annual meeting.

On July 8, 2003, the board of directors unanimously accepted the resignations of Group 4 Falck officers, Lars Nørby Johansen and Søren Lundsberg-Nielsen, effective July 7, 2003, reducing our board of directors from nine (9) to seven (7) members. The resignations resulted from GEO's repurchase on July 9, 2003 of 12 million shares of GEO common stock from Group 4 Falck, which eliminated Group 4 Falck's majority ownership interest in GEO.

Unless instructed otherwise, the persons named on the accompanying proxy card will vote for the election of the nominees named below to serve for the ensuing year and until their successors are elected and qualified. If any nominee for director shall become unavailable (which management has no reason to believe will be the case), it is intended that the shares represented by the enclosed proxy card will be voted for any such replacement or substitute nominee as may be nominated by the board of directors.

OTHER CORPORATE GOVERNANCE INFORMATION

Director Independence

Pursuant to the corporate governance standards applicable to companies listed on the NYSE, the board of directors must be comprised of a majority of directors who qualify as independent directors. In determining independence, each year the board of directors affirmatively determines whether directors have a material relationship with GEO. When assessing the materiality of a director's relationship with GEO, the board of directors considers all relevant facts and circumstances, not merely from the director's standpoint, but also from that of the persons or organizations with which the director has an affiliation. An independent director is free from any relationship with GEO that may impair the director's ability to make independent judgments. Particular attention is paid to whether the director is independent from management and, with respect to organizations affiliated with a director with which GEO does business, the frequency and regularity of the business conducted, and whether the business is carried out at arm's length on substantially the same terms to GEO as those prevailing at the time from unrelated third parties for comparable business transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships.

Applying the NYSE's independence standards, the board of directors has determined that Norman A. Carlson, Benjamin R. Civiletti, G. Fred DiBona, Jr., Anne N. Foreman and Richard H. Glanton qualify as independent under the New York Stock Exchange's corporate governance standards, and that the board of directors is therefore comprised of a majority of independent directors. The board of directors' determination that each of these directors is independent was based on the fact that none of the directors had a material relationship with GEO outside of such person's position as a director, including a relationship that would disqualify such director from being considered independent under the NYSE's listing standards.

Director Identification and Selection

The processes for director selection and director qualifications are set forth in Section 3 of our Governance Guidelines. The board of directors, acting on the recommendation of the Nominating and Corporate Governance Committee, will nominate a slate of director candidates for election at each annual meeting of shareholders and will elect directors to fill vacancies, including vacancies created as a result of any increase in the size of the board, between annual meetings. Nominees for director are selected on the basis of outstanding achievement in their personal careers, broad experience, wisdom, integrity, ability to make independent, analytical inquiries, understanding of the business environment, and willingness to devote adequate time to duties of the board of directors. The board is committed to diversified membership and will not discriminate on the basis of race, color, national origin, gender, religion or disability in selecting nominees. The Nominating and Corporate Governance Committee may, to the extent it deems appropriate, engage a third party professional search firm to identify and review new director candidates and their credentials.

Table of Contents

The Nominating and Corporate Governance Committee will consider proposed nominees whose names are submitted to it by shareholders; however, it does not have a formal process for that consideration. The Nominating and Corporate Governance Committee has not adopted a formal process because it believes that the informal consideration process has been adequate to date. The Nominating and Corporate Governance Committee intends to review periodically whether a more formal policy should be adopted. If a shareholder wishes to suggest a proposed name for committee consideration, the name of that nominee and related personal information should be forwarded to the Nominating and Corporate Governance Committee, in care of the Corporate Secretary, at least six months before the next annual meeting to assure time for meaningful consideration by the committee.

Code of Business Conduct and Ethics

The board of directors has adopted a code of business conduct and ethics applicable to GEO's directors, officers, employees, agents and representatives, including its consultants. The code strives to deter wrongdoing and promote honest and ethical conduct, the avoidance of conflicts of interest, full, fair, accurate, timely and transparent disclosure, compliance with the applicable government and self-regulatory organization laws, rules and regulations, prompt internal reporting of violations of the code, and accountability for compliance with the code. The code can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link [Corporate](#) on our homepage and then clicking on the link [Corporate Governance](#). In addition, the code is available in print to any shareholder who requests it by contacting Pablo E. Paez, Manager, Corporate Communications, at 561-999-7306.

Code of Ethics for CEO, Senior Financial Officers and Other Employees

Pursuant to Section 406 of the Sarbanes-Oxley Act of 2002, the board of directors has also adopted a code of ethics for the CEO, its senior financial officers and all other employees. The text of this code is located in Section 18 of the code of business conduct and ethics. The code can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link [Corporate](#) on our homepage and then clicking on the link [Corporate Governance](#). In addition, the code is available in print to any shareholder who requests it by contacting Pablo E. Paez, Manager, Corporate Communications, at 561-999-7306.

Corporate Governance Guidelines

The board of directors has adopted corporate governance guidelines to promote the effective functioning of the board of directors and its committees, and the continued implementation of good corporate governance practices. The corporate governance guidelines address matters such as the role and structure of the board of directors, the selection, qualifications and continuing education of members of the board of directors, board meetings, non-employee director executive sessions, board self-evaluation, board committees, CEO performance review, succession planning, non-employee director compensation, certain shareholder matters and certain shareholder rights.

The corporate governance guidelines can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link [Corporate](#) on our homepage and then clicking on the link [Corporate Governance](#). In addition, the corporate governance guidelines are available in print to any shareholder who requests them by contacting Pablo E. Paez, Manager, Corporate Communications, at 561-999-7306.

Annual Board and Committee Self-Assessments and Non-Employee Director Executive Sessions

The board of directors conducts a self-assessment annually, which is reported by the Nominating and Corporate Governance Committee to the board of directors. In addition, the Audit and Finance Committee, the Compensation Committee and the Nominating and Corporate Governance Committee also undergo annual self-assessments of their performance. The non-employee directors of the board of directors meet in executive session at least twice per year and such meetings are presided over by a presiding director who is typically the chairman of the Nominating and Corporate Governance Committee.

Shareholder Communications with Directors

The board of directors has adopted a process to facilitate written communications by shareholders or other interested parties to the board. Persons wishing to write to the board of directors of GEO, or to a specified director or committee of the board, should send correspondence to the Corporate Secretary at 621 NW 53rd Street, Suite 700, Boca Raton, Florida, 33487.

The Corporate Secretary will forward to the directors all communications that, in his or her judgment, are appropriate for consideration by the directors. Examples of communications that would not be appropriate for consideration by the directors include commercial solicitations and matters not relevant to the shareholders, to the functioning of the board, or to the affairs of GEO.

Board Member Attendance at Annual Meetings

GEO encourages all of its directors to attend the annual meeting of shareholders. We generally hold a board meeting coincident with our annual meeting to minimize director travel obligations and facilitate their attendance at the annual shareholders meeting. All of our then current directors attended the 2003 annual meeting of shareholders.

INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The board of directors has retained the firm of Ernst & Young LLP, which we refer to as Ernst & Young, independent certified public accountants, to serve as independent auditors for the fiscal year ending January 2, 2005. Ernst & Young has served as GEO's independent certified public accountants since 2002. Through May 27, 2002, Arthur Andersen LLP, which we refer to as Arthur Andersen, was GEO's principal independent auditor. It is expected that a member of Ernst & Young will be present at the annual meeting with the opportunity to make a statement if so desired and will be available to respond to appropriate questions. The following sets forth the aggregate fees billed by Ernst & Young and Arthur Andersen to GEO related to fiscal years 2003 and 2002:

Audit Fees

Fees billed by Ernst & Young for audit services were approximately \$1,711,741 for 2003 and \$437,714 for 2002, including fees associated with the annual audit, the reviews of GEO's quarterly reports on Form 10-Q, statutory audits required internationally, fees related to filings with the SEC and accounting consultations.

The aggregate fees billed by Arthur Andersen for professional services rendered in connection with the review of the financial statements included in certain of GEO's quarterly reports on Form 10-Q for 2002 were \$15,000.

Audit-Related Fees

Fees billed by Ernst & Young for audit-related services were approximately \$8,693 for 2003 for consultations on proposed financial reporting standards on internal controls. There were no audit-related services for 2002 billed by Ernst & Young.

The aggregate fees billed by Arthur Andersen for audit-related services in 2002, including contract audits and other attest services under professional standards, were approximately \$66,000.

Tax Fees

Fees billed by Ernst & Young for tax services, including tax compliance and tax advice primarily in GEO's foreign locations, were approximately \$135,236 for 2003 and \$93,282 for 2002.

The aggregate fees billed by Arthur Andersen for tax return preparation and tax-consulting services were approximately \$9,450 in 2002.

All Other Fees

Fees billed by Ernst & Young for all other services were approximately \$113,491 for 2003 and primarily included fees for advisory services in connection with the sale of GEO's interest in its joint venture in the United Kingdom. There were no other fees billed by Ernst & Young in 2002.

The Audit and Finance Committee of the board of directors has implemented procedures to ensure that all audit and permitted non-audit services provided to GEO are pre-approved by the Audit and Finance Committee. All of the audit-related, tax and all other services provided by Ernst & Young to GEO in 2003 were approved by the Audit and Finance Committee pursuant to these procedures. All non-audit services provided in 2003 were reviewed with the Audit and Finance Committee, which concluded that the provision of such services by Ernst & Young was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Audit and Finance Committee Pre-Approvals of Audit, Audit-Related, Tax and Permissible Non-Audit Services

On March 8, 2004, the Audit and Finance Committee approved various audit, audit-related, tax and other services scheduled to be provided by Ernst & Young during 2004. The Audit and Finance Committee plans to continue to review and pre-approve such services, as appropriate, on a periodic basis. In addition, the Audit and Finance Committee has delegated to its Chairman, G. Fred DiBona Jr., the authority to grant, on behalf of the Audit and Finance Committee, the pre-approvals required under the Sarbanes-Oxley Act for the provision by Ernst & Young to GEO of auditing and permissible non-audit services; provided, however, that any decision made by Mr. DiBona with respect to any such pre-approvals must be presented at the next regularly scheduled full Audit and Finance Committee meeting that is held after such decision is made.

EXECUTIVE EMPLOYMENT AGREEMENTS AND RETIREMENT AGREEMENTS

On March 7, 2002, GEO entered into Executive Employment Agreements and Retirement Agreements with George C. Zoley, Wayne H. Calabrese and John G. O Rourke. The Executive Employment Agreements provide that Messrs. Zoley, Calabrese and O Rourke will receive a base salary of not less than \$632,500, \$448,000 and \$225,200, respectively, per year, or such higher salary as may be in effect when a Change in Control (as defined in the Executive Employment Agreements) occurs. In addition, Messrs. Zoley, Calabrese and O Rourke will be entitled to receive a target bonus of 35%, 30% and 25%, respectively, of the executive's then current annual salary plus a multiplier of up to 50% in accordance with the executive bonus plan established by the board of directors for determining the executive's annual bonus. In addition, under GEO's Corporation Incentive Plan (described below), all senior officers of GEO, including Messrs. Zoley, Calabrese and O Rourke, are eligible to receive an additional discretionary award from the Compensation Committee of up to 50% of the total target bonus awarded for individual performance. The Executive Employment Agreements also provide for certain benefits to Messrs. Zoley, Calabrese and O Rourke, including life and health insurance and other benefits generally available to executive officers.

The Executive Employment Agreements provided that when a Change in Control occurred the executives were entitled to the following: (1) a two-year rolling employment contract including the terms and conditions described above; (2) Change in Control payments equal to three times the sum of the executive's annual salary as of the first day of the first month following a Change in Control and the annual bonus payment paid to the executive for fiscal year 2001, but payable in 24 equal consecutive monthly payments during an initial two-year employment term, and charged against GEO as earned; (3) all of GEO's interest in any automobile used by the executive and the payment of the balance of any outstanding loan or lease on such automobile; and (4) an acceleration of the executive's retirement age from age 60 to age 55 and, upon reaching such accelerated retirement age, payment of the present value of all payments due under the Executive Retirement Agreements (as described in the Executive Retirement Agreements). The last payments under the Executive Employment Agreements are due May 1, 2004. The total amounts left to be paid as of January 1, 2004 to George C. Zoley, Wayne H. Calabrese and John G. O Rourke were approximately \$628,750, \$420,000 and \$228,000, respectively.

The Merger constituted a Change in Control under the terms of the Executive Employment Agreements and the Executive Retirement Agreements. Pursuant to the terms of the Executive Employment Agreements,

Table of Contents

once a Change in Control occurs, no other event will be deemed to be a Change in Control under the Agreements.

The executive or GEO may terminate the Executive Employment Agreement for any reason. Upon the termination of the Executive Employment Agreements for any reason other than by the resignation of the executive without Good Reason (as defined in the Executive Employment Agreements), the executive will be entitled to receive the following: (1) six months' annual base salary and target level incentive bonus plus the remainder of any unpaid Change in Control payment; (2) the continuation of his employee benefits for a period of three years, or alternately, at the executive's election, a cash payment equal to the present value of GEO's cost of providing such benefits; and (3) the dollar value of the sum of vacation time had he remained employed and accrued vacation time. Upon the termination of the Executive Employment Agreement by the resignation of the executive without Good Reason, the executive will be entitled to only the amount of salary, bonus, employee benefits or Change in Control payment that is due through the effective date of the resignation.

The Executive Employment Agreements and the Executive Retirement Agreements include a non-competition agreement for a period of two (2) years after the termination of the executive's employment. The Executive Employment Agreements and the Executive Retirement Agreements provide that if any payment to the executive thereunder would be subject to federal excise taxes imposed on certain employment payments, GEO will make an additional payment to the executive to cover any such tax payable by the executive together with the taxes on such gross-up payment.

On December 20, 2002, the Compensation Committee recommended that the board of directors approve an Amendment to the Retirement Agreements. The Board unanimously approved the Amendment on January 17, 2003. The Amended Executive Retirement Agreements require the executive to actually retire from employment with GEO prior to receiving any Retirement Benefits under the Agreements. The method of calculating the retirement benefits was amended as follows: Upon the later of (i) the date the executive actually retires from employment with GEO, or (ii) the executive's 55th birthday, GEO will pay to the executive an amount of money equal to the amount set forth in the following table which corresponds to the executive's age on the date he retires. The amounts set forth below are net of all applicable federal, state, local and other taxes. GEO is required to pay a gross amount to the executive that results in the executive receiving the net after tax benefit set forth in the table below. The amounts set forth in the table below increase at a rate of approximately 4% per annum until the executive reaches age 71. If the executive should die after his 55th birthday but before he retires from GEO, GEO shall immediately pay to the executive's beneficiary(ies) or estate the amount GEO would have paid to the executive had he retired immediately prior to his death. In the event of the executive's death before his 55th birthday, GEO will immediately pay to the executive's beneficiary(ies) or estate one-half (1/2) the amount that would otherwise be paid to the executive had he retired on his 55th birthday.

GEO's Retirement Plan is a defined benefit plan and, subject to certain maximum and minimum provisions, bases pension benefits on a percentage of the employee's final average annual salary, not including bonus (earned during the employee's last five (5) years of credited service) times the employee's years of credited service. Benefits under the Retirement Plan are offset by social security benefits. Generally, a participant will vest in his or her benefits upon the completion of ten (10) years of service. The amount of benefit increases for each full year beyond ten (10) years of service except that there are no further increases after twenty-five (25) years of service.

CORPORATION INCENTIVE PLAN

In March 1995, we adopted the Wackenhut Corrections Corporation Senior Officer Incentive Plan (the Corporation Incentive Plan) for certain of our senior officers including all of the Named Executive Officers. Participants in the Corporation Incentive Plan are assigned a target incentive award, stated as a percentage of the participant's base salary depending upon the participant's position with GEO. The target incentive awards for 2003 for the Chief Executive Officer, President and Senior Vice Presidents of GEO were 35%, 30%, and 25% respectively, of base salary. Under the Corporation Incentive Plan, the targets for these incentive awards are set at the beginning of the year and are based on GEO's revenues and net income after tax. In the event that the budgeted targets set for these criteria are exceeded, the target incentive awards may be increased up to an additional 50% (collectively, the Target Incentive Award). Pursuant to the Corporation Incentive Plan, the Compensation Committee may also give an additional discretionary award of up to 50% of the Target Incentive Award to reflect individual performance. Factors typically considered by the Compensation Committee in determining whether to grant the discretionary award include the contribution of the particular employee during the fiscal year and compliance with previously agreed upon goals and objectives as outlined in GEO's strategic plan.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the board of directors met one (1) time during fiscal year 2003. The Compensation Committee is composed of three independent, non-employee directors who are not eligible to participate in any of the executive compensation programs. Among its other duties, the Compensation Committee is responsible for recommending to the full Board the annual remuneration for all executive officers, including the Chief Executive Officer and the other officers named in the Summary Compensation

Table of Contents

Table set forth above, and to oversee the Corporation's compensation plans for key employees. The Compensation Committee seeks to provide, through its administration of the Corporation's compensation program, salaries that are competitive and incentives that are primarily related to corporate performance. The components of the compensation program are base salary, annual incentive bonuses, retirement plans (as noted earlier in this section of the Proxy), and long-term incentive awards in the form of stock options.

Base salary is the fixed amount of total annual compensation paid to executives on a regular basis during the course of the fiscal year. Management of the Corporation determines a salary for each senior executive position that it believes is appropriate to attract and retain talented and experienced executives and that is generally competitive with salaries for executives holding similar positions at comparable companies. The starting point for this analysis is each officer's base salary for the immediately preceding fiscal year. From time to time, management will obtain reports from independent organizations concerning compensation levels for reasonably comparable companies. This information will be used as a market check on the reasonableness of the salaries proposed by management. The comparator companies will include a group of competitor companies whose revenue, performance, and position matches are deemed relevant and appropriate. Management will then recommend executive salaries to the Compensation Committee.

The Compensation Committee reviews and adjusts the salaries suggested by management as it deems appropriate, and generally asks management to justify its recommendations, particularly if there is a substantial difference between the recommended salary and an officer's compensation for the prior fiscal year. In establishing the base salary for each officer (including that of the CEO), the Compensation Committee will evaluate numerous factors, including the Corporation's operating results, net income trends, and stock market performance, as well as comparisons with financial and stock performance of other companies, including those that are in competition with the Corporation. In addition, data developed as a part of the strategic planning process, but which may not directly relate to corporate profitability, will be utilized as appropriate.

The Summary Compensation Table set forth elsewhere in this proxy statement shows the salaries of the CEO and the other named executive officers. The Compensation Committee formally evaluates the performance of the CEO.

The Corporation has an incentive compensation plan (the Bonus Plan) for officers and key employees. The aggregate amount of incentive compensation payable under the Bonus Plan will be based on the Corporation's consolidated revenue and income after provision for income taxes. The Bonus Plan is intended as an incentive for executives to increase both revenue and profit and uses these as factors in calculating the individual bonuses. The weighing for these factors are 65% profit and 35% revenue. The Corporation exceeded the revenue and profit targets for 2003. An adjustment to the incentive award (up to 50% upward or 100% downward) may be applied to reflect individual performance. The Compensation Committee may also give an additional discretionary award of up to 50% of the incentive award for individual performance. The Compensation Committee's decisions regarding the amount of incentive compensation payable in a given year and the allocation among the participants, will be based on these factors, the contribution of a particular employee during the fiscal year and compliance with previously agreed upon goals and objectives as outlined in the Corporation's strategic plan. GEO also maintains a Stock Option Plan (the Plan) for executive officers, including the CEO and other key employees. Participants receive stock option grants based upon their overall contribution to the Corporation. Such options are granted at market value at the time of grant and have variable vesting periods in order to encourage retention.

The base salary and Bonus Plan and Stock Option Plan components of compensation, will be implemented by the above described policies, and will result in a compensation program that the Compensation Committee believes is fair, competitive, and in the best interests of the shareholders.

Table of Contents**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS****Share Repurchase from Group 4 Falck A/S**

On July 9, 2003, we repurchased all 12 million shares of our common stock beneficially owned by Group 4 Falck A/S, our former 57% majority shareholder, for \$132 million in cash pursuant to the terms of a share purchase agreement, dated April 30, 2003, by and among us, Group 4 Falck, our former parent company, The Wackenhut Corporation, which we refer to as TWC, and Tuhnekaw, Inc., an indirect wholly-owned subsidiary of Group 4 Falck.

The share repurchase was negotiated by a special committee comprised of independent members of our board of directors and approved by the independent directors on our board. The special committee retained independent legal and financial advisors to assist in the evaluation of the share repurchase. The special committee received a fairness opinion from its independent financial advisor stating that the consideration being paid in connection with the share repurchase was fair from a financial point of view to our shareholders other than Group 4 Falck and its affiliates.

Under the terms of the share purchase agreement, Group 4 Falck, TWC and Tuhnekaw cannot, and cannot permit any of their subsidiaries to, acquire beneficial ownership of any of our voting securities during a one-year standstill period following the closing of the share repurchase. Immediately following the completion of the share repurchase, we had 9,289,252 million shares of common stock issued and outstanding.

Upon the closing of the share repurchase, an agreement dated March 7, 2002 between us, Group 4 Falck and TWC governing certain aspects of the parties' relationship was terminated and the two Group 4 Falck representatives serving on our board of directors resigned. Also terminated upon the closing of the share repurchase was a March 7, 2002 agreement between us and Group 4 Falck wherein Group 4 Falck agreed to reimburse us for up to 10% of the fair market value of our interest in our UK joint venture in the event that litigation related to the sale of TWC to Group 4 Falck was to result in a court order requiring us to sell our interest in the joint venture to our partner in the joint venture, Serco Investments Limited, which we refer to as Serco. On July 2, 2003, we completed the sale of our UK joint venture interest to Serco at a price of approximately \$80.7 million, as determined by a panel of valuation experts. We recognized a gain on the sale of approximately \$61 million during the third quarter of 2003.

In addition, in connection with the share repurchase, the services agreement dated October 28, 2002 between us and TWC terminated effective December 31, 2003, and no further payments related to the services agreement for periods thereafter are due from us to Group 4 Falck. Pursuant to the services agreement, Group 4 Falck was scheduled to provide us with information systems related services through December 31, 2004. However, we began handling those services internally beginning January 1, 2004.

A sublease for our former headquarters between TWC, as sublessor, and us, as sublessee, also terminated effective July 19, 2003, as a result of the share purchase agreement. We relocated our corporate headquarters to Boca Raton, Florida on April 14, 2003.

In accordance with the terms of the services agreement, we paid TWC a fixed annual fee for services provided thereunder by TWC, which we refer to as the annual services fee, equal to \$2,831,000 in fiscal year 2001, \$2,591,000 in fiscal year 2002 and \$1,750,000 in fiscal year 2003.

The following table sets forth certain amounts paid by GEO to TWC during fiscal years 2001, 2002 and 2003, respectively, for services not covered by the annual services fee paid under the services agreement.

2002. Certain risk management services were also included in the premiums. As of October 1, 2002, GEO established its own casualty insurance program and discontinued paying premiums to TWC for casualty insurance.

- (2) GEO was charged interest on intercompany indebtedness and charged interest on intercompany loans at rates that reflected GEO's average interest costs on long-term debt, exclusive of mortgage financing.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Compensation Committee served as an officer or employee of GEO or any of GEO's subsidiaries during fiscal year 2003. There were no material transactions between GEO and any of the members of the Compensation Committee during fiscal year 2003.

DIRECTORS' COMPENSATION

Directors of GEO who are not officers were paid during fiscal year 2003 an annual retainer fee at the rate of \$20,000 per year plus \$1,500 for each board meeting attended, \$1,000 for each committee meeting attended as committee members, and \$1,500 for each committee meeting attended as committee chairpersons. Each director also receives annually from GEO an option to purchase up to two thousand (2,000) shares of common stock of GEO.

No other compensation was paid by GEO to directors for their service on the board during fiscal year 2003.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that GEO's directors, executive officers and persons who beneficially own 10% or more of GEO's common stock file with the SEC initial reports of ownership and reports of changes in ownership of our stock and our other equity securities. To GEO's knowledge, based solely on a review of the copies of such reports furnished to GEO and written representations that no other reports were required, during the year ended December 28, 2003, all such filing requirements applicable to GEO's directors, executive officers and greater than 10% beneficial owners were complied with.

Proposal 2

Ratification of Independent Certified Public Accountants

Although not required by our bylaws or other applicable legal requirements, the Audit and Finance Committee, in the interest of accepted corporate practice, asks shareholders to ratify its appointment of Ernst & Young LLP to be our independent certified public accountants for the fiscal year 2004, and to perform such other services as may be requested by the Audit and Finance Committee. Ernst & Young LLP has advised GEO that no partner or employee of Ernst & Young LLP has any direct financial interest or any material indirect interest in GEO other than receiving payment for its services as independent certified public accountants.

SHAREHOLDER PROPOSAL DEADLINE

Shareholder proposals intended to be presented at the year 2005 annual meeting of Shareholders must be received by GEO for inclusion in GEO's proxy statement and form of proxy relating to that meeting by December 4, 2004. Additionally, GEO must have notice of any shareholder proposal to be submitted at the 2005 annual meeting of shareholders (but not required to be included in GEO's proxy statement) by February 19, 2005, or such proposal will be considered untimely pursuant to Rule 14a-5(e) under the Exchange Act and persons named in the proxies solicited by management may exercise discretionary voting authority with respect to such proposal.
