REPORT OF INDEPENDENT AUDITORS

To the Participants and Administrator of the  
Genencor International, Inc.  
Employee Retirement Investment Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Genencor International, Inc. Employee Retirement Investment Plan (the "Plan") at December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We

## Edgar Filing: GENENCOR INTERNATIONAL INC - Form 11-K

conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GENENCOR INTERNATIONAL, INC.  
Employee Retirement Investment Plan  
Notes to Financial Statements  
December 31, 2002

### 1. PLAN DESCRIPTION

The following description of the Genencor International, Inc. Employee Retirement Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan is a defined contribution plan covering all eligible employees of Genencor International, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established effective February 1, 1990. A Retirement Committee, consisting of members of the Company's management, acts as Plan Administrator.

#### Participant Contributions

Substantially all full-time non-union employees of the Company in the United States are eligible to participate in the Plan. As a result of the Economic Growth and Tax Relief Reconciliation Act enacted by the United States Congress during 2002, the Plan was amended as of May 1, 2002 to allow participants to contribute up to 50% of their pre-tax earnings to the Plan. Prior to the amendment, participants could contribute up to 15% of their pre-tax earnings to the Plan. Employee contributions are allocated at the discretion of the participant among thirteen investment options.

#### Employer Contributions

The Company matches participant contributions in the following manner: 100% of the employee's annual cumulative contributions for the first 2% contributed; and 50% of the participant's annual cumulative contributions for the next 2% contributed. The matching contributions are allocated to

## Edgar Filing: GENENCOR INTERNATIONAL INC - Form 11-K

participant accounts following the end of the pay period to which the matching contributions apply.

In addition, the Plan requires the Company to contribute, on an annual basis, 3% of each eligible employee's annual compensation, whether the participant is otherwise contributing or noncontributing. Employer contributions are allocated at the discretion of the participant among thirteen investment options.

### Vesting

Participants are immediately 100% vested in their voluntary contributions and the Company's matching contributions. Participants become vested in the Company's annual 3% defined contribution based on the following schedule:

SERVICE -----	PERCENT VESTED -----
Less than one year	0%
More than one year and less than two years	50%
More than two years	100%

### 1. PLAN DESCRIPTION - CONTINUED

#### Participant Loans

A participant can obtain a loan from the Plan for the lesser of \$50,000 or 50% of their vested account balance reduced by any previously outstanding loans. Interest rates on loans are set at 150 basis points above the prime rate on the first day of the month in which the loan is originated. Loans are to be repaid over a period not to exceed five years with the exception of loans being used to purchase a principal residence, which may not exceed fifteen years. On December 31, 2002, loans outstanding have interest rates ranging from 6.3% - 11.0% with maturity dates ranging from January 3, 2003 through August 19, 2017.

#### Participant Accounts

Each participant's account is adjusted by (a) the participant's contributions; (b) the Company's contributions; (c) the participant's loan principal, interest and origination fees; and (d) a pro-rata allocation of the respective fund's investment activity. The total benefit to which a participant is entitled is equal to the vested balance in the participant's account.

#### Benefit Payments

Participants (or their beneficiaries) are eligible to receive vested

## Edgar Filing: GENENCOR INTERNATIONAL INC - Form 11-K

benefits upon retirement, death, or when they cease to be an employee of the Company. Participants can also withdraw all or any portion of their vested amount in the event of undue financial hardship. Normal retirement age is 65. Participants are entitled to 100% of their account balance at retirement. Participants may elect to receive their benefits in the form of a single lump-sum payment or in annual installments.

### Forfeitures

Forfeited, non-vested amounts will be used, first, to pay plan expenses and then to reduce employer contributions to the Plan. After these offsets, any remaining forfeited, non-vested amounts will be allocated to participant accounts as employer contributions in addition to employer matching and 3% contributions stated above. During the year ended December 31, 2002, \$101,411 of forfeitures were used to reduce employer contributions to the Plan.

### Trustee

T. Rowe Price Trust Company (T. Rowe Price) (the Trustee) is trustee for the Plan. T. Rowe Price holds all plan assets and distributes them among the various investment options elected by the participants. T. Rowe Price also makes disbursements from the trust for benefit payments upon receiving proper authorization and benefit information from the Plan Administrator.

### 1. PLAN DESCRIPTION - CONTINUED

#### Plan Termination

Termination of the Plan may be effected by a written instrument adopted by the Board of Directors of the Company (the Board). At such time, the accounts of all participants shall immediately be fully vested and nonforfeitable. The Board shall select, and direct the Retirement Committee to follow, one of the following alternatives: (a) The Board may keep the Plan in existence, making distributions to participants and beneficiaries as they become entitled thereto, then liquidate the Plan; (b) The Board may direct the Trustee to distribute amounts in the accounts of all participants, then liquidate the Plan after all benefits have been paid out; or (c) The Board may transfer all assets and liabilities of the Plan to another continuing employee benefit trust as described in Section 401(a) of the Internal Revenue Code (the Code).

#### Plan Amendments

The Board has the right to amend the Plan in any and all respects at any time. Amendments made to the Plan document during 2002 include Code changes required by the Economic Growth and Tax Relief Reconciliation Act. During 2001 the Plan document was restated to include required Code changes and previous amendments.

### 2. SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting. Benefits are recorded when paid. Investments are valued at fair value based on market quotations. Participant loans receivable are valued at original loan principal less principal repayments.

#### Administrative Expenses

The Company paid substantially all administrative expenses of the Plan in 2002.

#### Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### 2. SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

#### Net Depreciation in Fair Value of Investments

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net depreciation in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation/depreciation on those investments.

### 4. PARTY-IN-INTEREST

T. Rowe Price, trustee and record keeper for the Plan, also manages twelve of the thirteen investment options available to participants.

### 5. FEDERAL INCOME TAX STATUS

The Plan received a favorable determination letter dated May 23, 2002 from the Internal Revenue Service, stating that the Plan, as then designed, was a qualified plan in accordance with applicable sections of

## Edgar Filing: GENENCOR INTERNATIONAL INC - Form 11-K

the Code and its corresponding trust is exempt from taxation. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

### 6. RECONCILIATION TO FORM 5500

The net assets available for plan benefits included in Form 5500 exclude \$4,396 of deemed distributions. The Statement of Net Assets Available for Benefits includes these as part of investments as of December 31, 2002 and 2001.
