SOLICITATION, EXECUTION AND REVOCATION OF PROXIES

Proxies in the accompanying form are solicited on behalf, and at the direction, of the Board of Directors of OrthoLogic Corp. (the Company) for use at the Annual Meeting of Stockholders to be held on Friday, May 12, 2006, at 8:00 a.m., local time, or any adjournment thereof (the Annual Meeting) at the offices of the Company at 1275 West Washington Street, Tempe, Arizona 85281. All shares represented by properly executed proxies, unless such proxies have previously been revoked, will be voted in accordance with the direction on the proxies. If no direction is indicated, the shares will be voted in favor of the proposals to be acted upon at the Annual Meeting. The Board of Directors of the Company (the Board) is not aware of any other matter which may come before the meeting. If any other matters are properly presented at the meeting for action, including a question of adjourning the meeting from time to time, the persons named in the proxies and acting thereunder will have discretion to vote on such matters in accordance with their best judgment.

When stock is in the name of more than one person, the proxy is valid if signed by any of such persons unless the Company receives written notice to the contrary. If the stockholder is a corporation, the proxy should be signed in the name of such corporation by an executive or other authorized officer. If signed as attorney, executor, administrator, trustee, guardian or in any other representative capacity, the signer's full title should be given and, if not previously furnished, a certificate or other evidence of appointment should be furnished.

This Proxy Statement and the form of proxy which is enclosed are being mailed to the Company's stockholders commencing on or about April 15, 2006.

A stockholder executing and returning a proxy has the power to revoke it at any time before it is voted. A stockholder who wishes to revoke a proxy can do so by executing a later-dated proxy relating to the same shares and delivering it to the Secretary of the Company prior to the vote at the Annual Meeting, by written notice of revocation received by the Secretary prior to the vote at the Annual Meeting or by appearing in person at the Annual Meeting, filing a written notice of revocation and voting in person the shares to which the proxy relates.

In addition to the use of the mails, proxies may be solicited by personal conversations or by telephone, telex, facsimile or telegram by the directors, officers and regular employees of the Company. Such persons will receive no additional compensation for such services. Arrangements will also be made with certain brokerage firms and certain other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of Common Stock held of record by such persons, and such brokers, custodians, nominees and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses incurred in connection therewith. We have also retained the firm of Georgeson Shareholder Communications, Inc. to assist us in the solicitation of proxies. Georgeson Shareholder Communications, Inc. is located at 111 Commerce Road, Carlstadt, New Jersey, 07072-2586. We will pay approximately \$8,500 in fees plus expenses for their services. All expenses incurred in connection with this solicitation will be borne by the Company.

Table of Contents**VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF**

Only stockholders of record at the close of business on March 28, 2006 (the Record Date) will be entitled to vote at the Annual Meeting. On the Record Date, there were issued and outstanding 40,673,489 shares of the Company's Common Stock. Each holder of Common Stock is entitled to one vote, exercisable in person or by proxy, for each share of the Company's Common Stock held of record on the Record Date. The presence of a majority of the shares of Common Stock entitled to vote, in person or by proxy, is required to constitute a quorum for the conduct of business at the Annual Meeting. Abstentions and broker non-votes are each included in the determination of the number of shares present for quorum purposes. The Inspector of Election appointed by the Chairman of the Board of Directors shall determine the shares represented at the meeting and the validity of proxies and ballots and shall count all proxies and ballots. The two nominees for director receiving the highest number of affirmative votes (whether or not a majority) cast by the shares represented at the Annual Meeting and entitled to vote thereon, a quorum being present, shall be elected as directors. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election. The affirmative vote of a majority of the shares present in person or by proxy and entitled to vote is required with respect to the approval of the other proposals set forth herein. Uninstructed shares are not entitled to vote on Proposal No. 2 relating to the Company's Equity Incentive Plan, and therefore, broker non-votes do not affect the outcome. Abstentions have the effect of negative votes. Stockholders are not entitled to any dissenter's or appraisal rights under Delaware law or the Company's Restated Certificate of Incorporation for the proposals set forth in this Proxy Statement.

BOARD MEETINGS AND COMMITTEES

The Board of Directors was composed of six outside directors and one employee director, Dr. Pusey. Dr. Pusey resigned from the Board of Directors and the position of Chief Executive Officer and President of the Company on April 5, 2006. The Board has determined that each director other than Dr. Pusey is independent for purposes of Marketplace Rule 4200(a)(15) of the National Association of Securities Dealers, Inc. (NASD). The Board of Directors held a total of five meetings during the fiscal year ended December 31, 2005. No director attended fewer than 75% of the aggregate of all meetings of the Board of Directors and any committee on which such director served during the period of such service. Currently, the Board of Directors does not have a policy regarding director attendance at the Company's annual meeting of stockholders. All of the directors attended last year's annual meeting of stockholders in person.

The Board presently has an Executive Committee, an Audit Committee, a Compensation Committee and a Nominating Committee. The Executive Committee, which acts on Board matters that arise between meetings of the full Board of Directors, consists of Dr. Feldman, Mr. Holliman and Mr. Howse and met five times during 2005.

Audit Committee

The Audit Committee, which is a separately-designated standing committee established in accordance with section 3(a)(58)(A) of the Exchange Act, consisted of Mr. Howse (Chairman), Dr. White and Mr. Holliman and met four times in 2005. Effective February 11, 2006, Dr. Feldman replaced Mr. Holliman on the Audit Committee. The Audit Committee assists the Board of Directors in its oversight of financial reporting practices, including the independent auditors' qualifications and independence, and the performance of the Company's internal audit function. The Audit Committee appoints the Company's independent auditors. The Audit Committee meets independently with representatives of the Company's independent auditors and with representatives of senior management. The Committee reviews the general scope of the Company's annual audit, the fee charged by the independent auditors and other matters relating to internal control systems. In addition, the Audit Committee is responsible for approving, reviewing and monitoring the performance of non-audit services by the Company's auditors. The Audit Committee operates under a written charter that has been adopted by the Board of Directors.

The Board of Directors has determined that the composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are in accordance with applicable NASD Marketplace Rules for audit committees. In particular, all audit Committee members possess the required level of financial literacy, at least one member of the Audit Committee meets the current standard of

Table of Contents

requisite financial management expertise and the Board of Directors has determined that Elwood D. Howse, Jr., the Chairman of the Audit Committee, is an audit committee financial expert as defined in Item 401(h) of Regulation S-K of the Securities and Exchange Commission (the SEC). Additionally, Mr. Howse and each of the other members of the Audit Committee is an independent director as defined in NASD Marketplace Rule 4200(a)(15).

The Audit Committee Charter is attached as Appendix A.

Compensation Committee

The Compensation Committee, which consists of Dr. Feldman and Mr. Howse, met four times during 2005. Each member of the Compensation Committee is an independent director as defined in NASD Marketplace Rule 4200(a)(15) and is an outside director as defined in Section 162(m) of the Internal Revenue Code. The Compensation Committee reviews salaries and benefit programs designed for senior management, officers and directors and administers certain grants under the Company's stock option plans with a view to ensure that the Company is attracting and retaining highly qualified managers through competitive salary and benefit programs and encouraging extraordinary effort through incentive rewards.

Nominating Committee

The Nominating Committee examines and recommends nominations for the Board of Directors and officers of the Company. The criteria prepared by the Nominating Committee are used to determine whether the selection of a particular nominee, either nominated by the Company or by a stockholder, would be appropriate. The Nominating Committee operates under a written charter, a copy of which was provided as an annex to the proxy statement relating to the Company's June 7, 2004 Annual Meeting for the fiscal year ended December 31, 2003. The Company does not, however, post the Nominating Committee Charter on its website. Although the Nominating Committee has not established minimum standards for Board nominees, the Nominating Committee generally seeks candidates with chief operating, executive or financial officer experience in complex organizations; a commitment to give the time and attention to the duties required of them; and evidence of an independent and inquiring mind willing to question management's assumptions. On an as needed basis, the Nominating Committee uses the services of outside consultants to assist the Nominating Committee to identify capable director candidates.

The Nominating Committee consists of Mr. Holliman and Dr. White. Dr. White is and Mr. Holliman was an independent director under NASD Marketplace Rule 4200(a)(15). However, on April 5, 2006, Mr. Holliman became Executive Chairman and Principal Executive Officer of the Company and is no longer an independent director under NASD Marketplace Rule 4200(a)(15). On April 7, 2006, Dr. Wardell replaced Mr. Holliman on the Nominating Committee. The Nominating Committee met one time during 2005. The Nominating Committee nominated Mr. Howse and Dr. Wardell for election as Class III directors for this year's annual meeting of stockholders. Dr. Wardell was selected from a list of potential director candidates obtained from a variety of sources, including from the CEO, existing directors and referrals from business acquaintances and was appointed on February 11, 2006 to fill a vacancy on the Board. Dr. Wardell was recommended for board service by a non-management director of the Company and Dr. Pusey.

COMMITTEE REPORTS

The following Reports of the Compensation Committee and Audit Committee of the Company's Board of Directors and the performance graph included elsewhere in this proxy statement shall not be deemed soliciting material or otherwise deemed filed and shall not be subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, or deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any other filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates the Reports or the performance graph by reference therein.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Company's Board of Directors (the Compensation Committee) recommends the compensation of the Chief Executive Officer to the Board and reviews and approves the design, administration and effectiveness of compensation programs for other key executive officers, including salary, cash bonus levels, other perquisites and certain option grants under the Company's stock option plans (the Plans).

Compensation Philosophy

The objectives of the Company's executive compensation policies are to attract, retain and reward executive officers who contribute to the Company's success, to align the financial interests of executive officers with the performance of the Company, to strengthen the relationship between executive pay and shareholder value, to motivate executive officers to achieve the Company's business objectives and to reward individual performance. During 2005, the Company used base salary, executive officer cash bonuses, restricted stock and stock options to achieve these objectives.

Review of Current Compensation Components of CEO and other Executive Officers

The Compensation Committee reviews all components of the CEO and other executive officers' compensation, including salary, bonus, restricted stock, accumulated vested and unvested stock options, the dollar value to the executive and cost to the company of all perquisites and other personal benefits, as well as the actual projected payout obligations under several potential severance, change-in-control scenarios and any limitations on the deductibility for federal income tax purposes of all compensation. Documentation is provided to the Compensation Committee consisting of the following:

Table of Contents

- 1) *Each Executive has individual performance goals for the fiscal year.* The Compensation Committee reviews the performance goals and expectations for individual executive positions. Based on recommendations from the CEO and the Compensation Committee's evaluation of the performance achievement of these goals, the Compensation Committee determines the resulting bonus and/or changes to salary components for the executive officers. The CEO also has individual performance objectives identified for each fiscal year. The Compensation Committee evaluates the CEO's performance measured against these objectives and evaluates and formulates any potential changes in compensation accordingly.
- 2) *The Company's performance is compared against the goals for the fiscal year.* Strategic, high level performance expectations are identified each fiscal year for the Company. The CEO provides documentation to the Compensation Committee regarding the expectations and corresponding results of operations.
- 3) *The level of compensation for executives in similar positions for companies of similar size and development structure is used as a benchmark.* To enable the Company to continue to attract and retain executives in the competitive marketplace, executive compensation for similar companies is reviewed annually. The Company typically retains this data through a review of publicly available executive compensation information for comparable public companies listed on the Nasdaq National Market and through purchased survey data tailored to the industry and size of the Company.

The Compensation Committee's Conclusion

Based on the review detailed above, the Compensation Committee, at its meeting held at the beginning of the fiscal year, formulates its recommendations regarding what areas of the compensation components will be adjusted for the upcoming year and what the performance bonus for the prior year will be.

Board Approval

At the first Compensation Committee meeting of the year, the Compensation Committee reviews the CEO and other executive officers' compensation and bonuses. The final decisions regarding the CEO and other executives' total compensation packages are made by the full Board of Directors.

The Compensation Committee presents its recommendations to the full Board following the initial Compensation Committee meeting, after which the Board votes on the recommendations from the Compensation Committee. The recent changes to the CEO's and other executives' compensation have been disclosed on Form 8-K and filed with the U.S. Securities and Exchange Commission on February 16, 2006.

Chief Executive Officer Compensation

The Compensation Committee reviews the performance of the Chief Executive Officer at least annually. In February 2006, the Compensation Committee and Dr. Pusey reviewed the compensation terms of Dr. Pusey's employment agreement. The Compensation Committee reviewed data from a survey of salaries for companies comparable in size that are in the biopharmaceutical research and development industry, the Company's operations and the executive's success in the attainment of priority goals, particularly those related to clinical development of its lead product candidate, product pipeline development, and financial strength of the Company. Based on these criteria, the Compensation Committee recommended a base salary of \$367,000 with an incentive bonus targeted at 50% of Dr. Pusey's base salary and special bonuses based on the occurrence of certain events.

Bonus Compensation

During the February 2006 meeting, the Compensation Committee recommended discretionary bonuses based on individual and Company performance during 2005 and awarded \$126,000 to its Chief Executive Officer, \$92,003 to James T. Ryaby, \$20,000 to Dana B. Shinbaum and \$97,706 to Sherry A. Sturman. For more information on the executive officers' compensation, see the Summary Compensation Table.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The role of the Audit Committee (the Audit Committee) is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

Among other matters, the Audit Committee monitors and oversees the activities and performance of the external auditors, including the audit scope, external audit fees, and auditor independence matters. The Audit Committee also is responsible for approving non-audit services proposed to be performed by the independent auditor. The Audit Committee has responsibility to appoint and dismiss the Company's independent auditor. Management and independent auditor presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor.

In the performance of its oversight function, the Audit Committee reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, *Communication with Audit Committees*, and Rule 2-07 of Regulation S-X. Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and written confirmations from management with respect to services provided by the auditors, has considered whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence. The Audit Committee met four times in 2005, each time meeting separately with the auditors without the presence of management.

Based upon the reports and discussions described in this report, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission.

CODE OF CONDUCT AND CORPORATE GOVERNANCE

In March 2004, the Company adopted a code of conduct that applies to all of its employees and has particular sections that apply only to its principal executive officer and senior financial officers. The Company has posted the text of its code of conduct on its website under the Investors' section under the link for the Code of Conduct. In addition, the Company will promptly disclose on its website (1) the nature of any amendment to its code of conduct that applies to its principal executive officer and senior financial officers, and (2) the nature of any waiver, including an implicit waiver, from a provision of its code of conduct that is granted to one of these specified officers, the name of such officer who is granted the waiver and the date of the waiver.

Table of Contents

The full Board of Directors addresses all matters regarding corporate governance (that is, the relationships of the Board, the stockholders and management in determining the direction and performance of the Company) and the procedural rules regarding the operation of the Board itself. As such, the Board reviews all proposals submitted by stockholders for action at the annual stockholders meeting with regards to each such proposal.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has entered into indemnity agreements with all of its directors and officers for the indemnification of and advancing of expenses to such persons to the fullest extent permitted by law.

On February 23, 2006, the Company entered into an Asset Purchase Agreement and Plan of Reorganization (the Definitive Agreement) to acquire certain assets and certain liabilities of AzERx, Inc. (AzERx) for \$390,000 in cash and the issuance of 1,325,000 shares of the Company s common stock, with a market value of \$7.5 million based on the closing share price on the date the Definitive Agreement was entered into. Pursuant to the terms of the Definitive Agreement, the Company acquired an exclusive license for the core intellectual property relating to AzERx s lead compound, AZX100, a 24-amino acid peptide. In addition, the Company agreed to issue 30,000 shares of its common stock to Arizona Science and Technology Enterprises, LLC, the licensor of AzERx s core technology patents, in connection with certain modifications of the license effective upon consummation of the transactions contemplated in the Definitive Agreement. The transaction closed February 27, 2006.

The Chairman of the Company s Board of Directors, John M. Holliman, III, is a member of the AzERx board of directors and is affiliated with Valley Ventures III, L.P., an investment fund that owned approximately 30% of AzERx s fully diluted equity at the time of the transaction. Mr. Holliman recused himself from all Board matters involving AzERx. This included the Board s analysis of AzERx as a potential target of acquisition for expanding the Company s drug development portfolio, and subsequent negotiations between the Company and AzERx, which were led by the Company s Chief Executive Officer. In addition, Mr. Holliman was not present during the deliberations and vote of the Board approving the Definitive Agreement and the transactions contemplated thereby. The Board has evaluated NASDAQ Listing Standards and Security and Exchange Regulations regarding director independence and believes Mr. Holliman continued to meet the requirements to be considered an independent director until April 5, 2006, at which time Mr. Holliman became Executive Chairman and Principal Executive Officer of the Company and no longer met the requirements to be considered an independent director.

If the option holder loses his position with the Company as a result of the merger or sale, 100% of his options will immediately vest. Additionally, the Company's 1997 Stock Option Plan provides that, upon a merger, consolidation or reorganization with another corporation in which the Company is not the surviving corporation, outstanding options shall be substituted on an equitable basis for options for appropriate shares of the surviving corporation, or optionees shall receive cash in exchange for cancellation of outstanding options.

STOCK PERFORMANCE GRAPH

Set forth below is a graph comparing the cumulative total shareholder return on the Company's Common Stock to the cumulative total return of (i) the NASDAQ Biotechnology Index, and (ii) the Russell 2000 Index. The Company believes that the NASDAQ Biotechnology Index, which is composed of companies that are classified as either biotechnology or pharmaceutical, is an appropriate index for comparison. While many of the companies listed on that index may be larger in size based on market capitalization, the type of research and development work is comparable to the Company's activities. The graph is generated by assuming that \$100 was invested on the last trading day in the fiscal year ended December 31, 2000 in each of the Company's Common Stock, the NASDAQ Biotechnology Index,

and the Russell 2000 Index (all assume no dividends).

**PROPOSAL 2:
RATIFICATION AND APPROVAL OF
ORTHOLOGIC 2005 EQUITY INCENTIVE PLAN**

OrthoLogic Corp.
Proposed 2005 Equity Incentive Plan

Overview

OrthoLogic Corp. is proposing its 2005 Equity Incentive Plan (the 2005 Plan) to create a new pool of available securities for issuance to its employees, directors and appropriate third parties. The stated purposes of the 2005 Equity Incentive Plan are to attract and retain the best available employees and directors of the Company or any subsidiary which now exists or hereafter is organized or acquired by the Company, as well as appropriate third parties who can provide valuable services to the Company, to provide additional incentive to such persons and to promote the success and growth of the Company. The Company currently has approximately 40 employees and six non-employee members on its Board who may participate in the 2005 Plan. We also may provide grants to appropriate third parties in the future as provided in the 2005 Plan.

The 2005 Plan provides for the grant of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock shares and restricted stock units. A maximum of 2,000,000 shares may be issued under the 2005 Plan and no person may receive awards for more than 300,000 shares in any calendar year.

Vote Required for Plan

The 2005 Plan will be submitted to the stockholders for approval in order to satisfy applicable SEC, NASDAQ and Internal Revenue Code requirements. Stockholder approval enables the Company to take tax deductions for awards paid to an executive officer of the Company whose annual compensation exceeds \$1 million. Any awards granted prior to such stockholder approval shall be expressly conditioned upon such stockholder approval of the Plan. The affirmative vote of a majority of the votes cast is required to approve the 2005 Plan. The following is a summary of the material terms and provisions of the 2005 Plan. This summary is qualified in its entirety by reference to the complete text of the 2005 Plan, which is attached to this Proxy Statement as Appendix B.

Principal Features of the Equity Incentive Plan

The 2005 Plan will be administered by a committee (the Committee) designated by the Company's Board of Directors. For purposes of the power to grant awards to Company directors, the Committee shall consist of the entire Board. For other 2005 Plan purposes, the 2005 Plan shall be administered by a committee designated by the Board to administer the 2005 Plan and shall initially be the Compensation Committee of the Board. The Committee may delegate some of its responsibilities and powers to any executive officer or officers of the Company selected by it.

Stock Options. Options may be incentive stock options (ISOs) or non-qualified stock options (NSOs); provided, however, that incentive stock options may not be granted to directors or other non-employees. The exercise price for any option shall not be less than one hundred percent of the fair market value of the shares on the date of grant.

Each option grant will be evidenced by a stock option agreement containing the terms and conditions required by the 2005 Plan and such other terms as the Committee may deem appropriate in each case. Each stock option agreement shall state the period or periods of time within which an option may be exercised, as determined by the Committee. Options will have a maximum exercise term of ten years from the date of grant. The Committee does not have the authority to reprice options.

Stock Appreciation Rights. Stock Appreciation Rights (SARs) provide a benefit that is measured by the appreciation in value of the Company's stock over a period of time. Each SAR grant will be evidenced by an agreement containing the terms and conditions required by the 2005 Plan and such other terms as the Committee may deem appropriate in each case. Upon the exercise of SARs, the Grantee (as defined in the 2005 Plan) will receive an amount determined by multiplying (1) the difference obtained by subtracting the value of Company stock

Table of Contents

on the grant date from the value of Company stock on the exercise date, by (2) the number of SARs exercised. The Committee may elect to pay the amount payable in cash, in shares of Company stock, or in some combination thereof.

Restricted Stock. Restricted Stock Awards may consist of shares issued subject to forfeiture if specified conditions are not satisfied (Restricted Stock Shares) or agreements to issue shares of Common Stock in the future if specified conditions are satisfied (Restricted Stock Units). The Committee will determine the eligible persons to whom and the times at which restricted stock awards will be made, the number of shares to be awarded, the time or times within which such awards may be subject to forfeiture, and any other terms and conditions of the awards.

Grants of restricted stock may be conditioned upon the attainment of specified performance goals or other criteria determined by the Committee. Unless otherwise provided in the applicable agreement, the portion of the restricted stock award still subject to restriction will be forfeited by the Grantee upon termination of the Grantee's service for any reason. If and when the applicable restrictions lapse, unrestricted certificates for such shares will be delivered to the Grantee.

Change of Control. Upon a Change of Control (as defined in the 2005 Plan), 75% of the unvested Awards (as defined in the 2005 Plan) held by each Grantee shall automatically become vested. The balance of each Grantee's unvested Awards will vest in 12 equal monthly installments following the occurrence of a Change of Control, or according to the Grantee's individual vesting schedule, whichever is earlier. If a Grantee loses his position with the Company as a result of or subsequent to the occurrence of a Change of Control, 100% of the unexpired and unvested Awards granted pursuant to the 2005 Plan held by such Grantee shall automatically become vested upon such loss of position.

Amendment of the 2005 Plan. The Board may from time to time amend, modify, suspend or terminate the 2005 Plan; provided, however, that no such action shall (a) impair without the Grantee's consent any Award theretofore granted under the Plan or (b) be made without stockholder approval where such approval would be required as a condition of compliance with the Code or other applicable laws or regulatory requirements.

Certain Federal Income Tax Consequences of the 2005 Plan

The following is a brief summary of the principal income tax consequences under the Internal Revenue Code (the Code) of awards made under the 2005 Plan.

Nonqualified Stock Options. A Grantee will not recognize taxable income at the time an NSO is granted. Upon exercise of the NSO, a Grantee will recognize compensation income in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise. The amount of such difference will be a deductible expense to the Company for tax purposes.

Incentive Stock Options. A Grantee, upon exercise of an ISO, will not recognize taxable income, if the Grantee complies with two separate holding periods: shares acquired upon exercise of an ISO must be held for at least two years after the date of grant and for at least one year after the date of exercise. The difference between the exercise price and the fair market value of the stock at the date of exercise is, however, a tax preference item. When the shares of stock received pursuant to the exercise of an ISO are sold or otherwise disposed of in a taxable transaction, the optionee will recognize a capital gain or loss, measured by the difference between the exercise price and the amount realized.

Ordinarily, an employer granting ISOs will not be allowed any business expense deduction with respect to stock issued upon exercise of an ISO. However, if all of the requirements for an ISO are met except for the holding period rules set forth above, the Grantee will be required, at the time of the disposition of the stock, to treat the lesser of the gain realized or the difference between the exercise price and the fair market value of the stock at the date of exercise as ordinary income and the excess, if any, as capital gain. The Company will be allowed a corresponding business expense deduction to the extent of the amount of the Grantee's ordinary income.

Stock Appreciation Rights. A participant will not recognize taxable income upon the grant of an SAR. Upon the exercise of an SAR, the amount paid or the value of stock delivered to the Grantee will constitute compensation taxable to the Grantee as ordinary income. The Company is generally entitled to an income tax deduction for any compensation income taxed to the Grantee upon exercise of an SAR.

Table of Contents

Restricted Stock Shares. A Grantee receiving a restricted stock award will generally recognize ordinary income in an amount equal to the fair market value of the stock at the time the stock is no longer subject to forfeiture. While the restrictions are in effect, the Grantee will recognize compensation income equal to the amount of any dividends received and the Company will be allowed a deduction for that amount. A Grantee may elect, under Section 83(b) of the Code, within 30 days of the stock grant to recognize taxable ordinary income on the date of grant equal to the fair market value of the shares (determined without regard to the restrictions) on such date. The Company will generally be entitled to a deduction equal to the amount that is taxable as ordinary income to the Grantee in the year that such income is taxable.

Restricted Stock Units. A Grantee who has been granted restricted stock units will not recognize taxable income until the applicable restriction has lapsed. The Grantee will then recognize taxable income equal to the fair market value of the shares delivered or the amount of cash paid. The Company is generally entitled to an income tax deduction for any compensation income taxed to the grantee.

The Board recommends a vote in favor of the ratification and approval of the OrthoLogic Corp. 2005 Equity Incentive Plan.

The Audit Committee has concluded that the services provided by Deloitte & Touche that were not related to its audit of the Company's financial statements were at all times compatible with maintaining that firm's independence.

Consistent with the rules of the Securities and Exchange Commission regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation for, and overseeing the work of, the independent auditor. In recognition of this responsibility, the Audit Committee has included in its charter the responsibility to pre-approve all auditing services and permitted non-auditing services proposed to be performed by the independent auditor, subject to the de minimis exceptions for non-audit services that were not recognized as non-audit services at the time of engagement and which are subsequently approved by the committee prior to completion of the audit. No fees were paid to the independent auditor pursuant to the de minimis exception to the foregoing pre-approval policy in 2005.

The Audit Committee of the Board of Directors has responsibility for the selection of an independent auditor to audit the financial statements of the Company. In light of this, the Board of Directors is not submitting the selection of the independent auditors for stockholder ratification. As of the mailing date of the Proxy, April 15, 2006, the Audit Committee had not yet completed its independent auditing engagement process.

The Company's current independent auditor, Deloitte & Touche LLP, has audited the Company's financial statements annually since 1987. Its representatives are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

OTHER MATTERS

The Company knows of no other matters to be submitted at the Annual Meeting. If any other matter properly comes before the Annual Meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as the Board of Directors may recommend.

STOCKHOLDER PROPOSALS

Proposals of stockholders of the Company which are intended to be presented by such stockholders at the Company's Annual Meeting for the fiscal year ending December 31, 2006 must be received by the Company no later than December 20, 2006 in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting. Additionally, if a stockholder wishes to present to the Company an item for consideration as an agenda item for a meeting without inclusion in the proxy statement, he, she or it must timely give notice to the Secretary and give a brief description of the business desired to be discussed. To be timely for next year's Annual Meeting, our bylaws require that such notice must have been delivered to or mailed to and received by the Company between 60 and 90 days prior to that Annual Meeting. If we do not publicly announce our meeting date or give notice of our meeting date at least 70 days before next year's Annual Meeting, stockholders may submit items for consideration as agenda items until 5:00 pm on the 15th day after the public disclosure or notice.

ANNUAL REPORT

A copy of the Company's 2005 Annual Report to Stockholders is enclosed. The Annual Report to Stockholders is not a part of the proxy soliciting material enclosed herewith. Upon the written request of any stockholder entitled to vote at the Annual Meeting, the Company will furnish, without charge, a copy of the Company's annual report on Form 10-K for the year ended December 31, 2005, as filed with the Securities and Exchange Commission. Copies of exhibits to the annual report on Form 10-K are also available upon specific request and payment of 25 cents per page for reproduction plus \$3.00 for postage and handling. All requests should be directed to the Secretary of the Company at 1275 West Washington Street, Tempe, Arizona 85281.

Table of Contents

HOUSEHOLDING

The Company has adopted the householding procedure approved by the Securities and Exchange Commission that allows the Company to deliver one proxy statement and annual report to a household of stockholders instead of delivering a set of documents to each stockholder in the household. This procedure is more cost effective because it reduces the number of materials to be printed and mailed. If they have elected, stockholders who share the same last name and address will receive one proxy statement and annual report per address unless the Company receives, or has previously received, contrary instructions. Stockholders will continue to receive separate proxy cards/voting instruction forms to vote their shares.

If you would like to receive a separate copy of the proxy statement and annual report for this year, please write or call the Company at the following address or telephone number: OrthoLogic Corp., Corporate Secretary, 1275 West Washington Street, Tempe, Arizona 85281; (800) 937-5520. Upon receipt of your request, the Company will promptly deliver the requested materials to you.

Ensure the rotation of the lead audit partner having primary responsibility for the audit as required by the SEC.

To work with management to ensure the corporation does not hire, for the position of CEO, CFO, controller, chief accounting officer or other similar position, individuals who have been employees of the independent auditor during the year period prior to the initiation of the corporation's audit and were involved in any capacity in the corporation's audit.

Oversight of the independent auditor relationship by discussing with the auditor the nature and rigor of the audit process, receiving and reviewing audit reports, and providing the auditor full access to the committee (and the board) to report on any and all appropriate matters.

Review of the audited financial statements, including related disclosures made in the management's discussion and analysis, and discussing them with management and the independent auditor. These discussions shall include consideration of the quality of the corporation's accounting principles as applied in its financial reporting, including review of estimates, reserves and accruals, review of critical accounting policies and judgmental areas, review of audit adjustments whether or not recorded, review of the effects of off-balance sheet structures on the corporation's financial statements, discussion of any changes in the selection or application of accounting principles and such other inquiries as may be appropriate. Based on the review, the committee shall make its audit recommendation to the board as to the inclusion of the corporation's audited financial statements in the corporation's annual report on Form 10-K.

3.01 Available Shares. The number of shares of Common Stock of the Company which may be issued under the Plan shall not exceed 2,000,000 shares; provided that no individual can be granted Awards covering, in the aggregate, more than 300,000 shares of Common Stock in any calendar year. Shares issued under the Plan may come from authorized but unissued shares, from treasury shares held by the Company, from shares purchased by the Company on an open market for such purpose, or from any combination of the foregoing. If any Award granted under this Plan is canceled, terminates, expires, or lapses for any reason, any shares subject to such Award again shall be available for the grant of an Award under the Plan.

3.02 Changes in Common Stock. If any stock dividend is declared upon the Company Stock, or if there is any stock split, stock distribution, or other recapitalization of the Company with respect to the Common Stock, resulting in a split or combination or exchange of shares, the Committee shall make or provide for such adjustment in the number of and class of shares which may be delivered under the Plan, and in the number and class of and/or price of shares subject to outstanding Awards as it may, in its discretion, deem to be equitable.

IV. ADMINISTRATION

4.01 Administration by the Committee. For purposes of the power to grant Awards to Company directors, the Committee shall consist of the entire Board. For other Plan purposes, the Plan shall

be administered by a committee designated by the Board to administer the Plan and shall initially be the Compensation Committee of the Board. A majority of the members of the Committee shall constitute a quorum. The approval of such a quorum, expressed by a vote at a meeting held either in person or by conference telephone call, or the unanimous consent of all members in writing without a meeting, shall constitute the action of the Committee and shall be valid and effective for all purposes of the Plan.

4.02 Committee Powers. The Committee is empowered to adopt such rules, regulations and procedures and take such other action as it shall deem necessary or proper for the administration of the Plan. The Committee shall also have authority to interpret the Plan, and the decision of the Committee on any questions concerning the interpretation of the Plan shall be final and conclusive. The Committee may consult with counsel, who may be counsel for the Company, and shall not incur any liability for any action taken in good faith in reliance upon the advice of counsel. Subject to the provisions of the Plan, the Committee shall have full and final authority to:

- (a) designate the persons to whom Awards shall be granted;
- (b) grant Awards in such form and amount as the Committee shall determine;
- (c) impose such limitations, restrictions and conditions upon any such Award as the Committee shall deem appropriate;
- (d) waive in whole or in part any limitations, restrictions or conditions imposed upon any such Award as the Committee shall deem appropriate; and
- (e) modify, extend or renew any Award previously granted, provided that this provision shall not provide authority to reprice Awards to a lower exercise price.

4.03 Delegation by Committee. The Committee may delegate all or any part of its responsibilities and powers to any executive officer or officers of the Company selected by it. Any such delegation may be revoked by the Board or by the Committee at any time.

V. STOCK OPTIONS.

5.01 Granting of Stock Options. Options may be granted to directors, officers and key employees of the Company and any of its subsidiaries, as well as appropriate third parties who can provide valuable services to the Company; provided, however that a maximum of 2,000,000 shares of stock may be issued pursuant to the exercise of Incentive Stock Options. In selecting the individuals to whom Options shall be granted, as well as in determining the number of Options granted, the Committee shall take into consideration such factors as it deems relevant pursuant to accomplishing the purposes of the Plan. A Grantee may, if he is otherwise eligible, be granted an additional Option or Options if the Committee shall so determine. Option grants under the Plan shall be evidenced by agreements in such form and containing such provisions as are consistent with the Plan as the Committee shall from time to time approve.

5.02 Type of Option. At the time each Option is granted, the Committee shall designate the Option as an Incentive Stock Option or a Non-Qualified Stock Option. Any Option designated as an Incentive Stock Option shall comply with the requirements of Section 422 of the Code, including the requirement that incentive stock options may only be granted to individuals who are employed by the Company, a parent or a subsidiary corporation of the Company. If required by applicable tax rules regarding a particular grant, to the extent that the aggregate fair market value (determined as of the date an Incentive Stock Option is granted) of the shares with respect to which an Incentive Stock Option grant under this Plan (when aggregated, if appropriate, with shares subject to other Incentive Stock Option grants made before said grant under this Plan or another plan maintained by the Company or any ISO Group member) is exercisable for the first time by an optionee during any calendar year exceeds \$100,000 (or such other limit as is prescribed by the Code), such option grant shall be treated as a grant of Nonqualified Stock Options pursuant to Code Section 422(d).

5.03 Option Terms. Each option grant agreement shall specify the number of Incentive Stock Options and/or Nonqualified Stock Options being granted; one option shall be deemed granted for each

Table of Contents

share of stock. In addition, each option grant agreement shall specify the exercisability and/or vesting schedule of such options, if any.

5.04 Purchase Price. The purchase price of the Common Stock covered by each Option shall be not less than the Fair Market Value of such Stock on the Grant Date. Such price shall be subject to adjustment as provided in Article X hereof. The purchase price for a share subject to Option shall not be less than 100% of the Fair Market Value of the share on the date the option is granted, provided, however, the option price of an Incentive Stock Option shall not be less than 110% of the fair market value of such share on the date the option is granted to an individual then owning (after the application of the family and other attribution rules of Section 424(d) or any successor rule of the Code) more than 10% of the total combined voting power of all classes of stock of the Company.

5.05 Method of Exercise. An Option that has become exercisable may be exercised from time to time by written notice to the Company stating the number of shares being purchased and accompanied by the payment in full of the Option price for such shares. The purchase price may be paid by any of the following methods, (a) by cash, (b) by check, or (c) to the extent permitted under the particular grant agreement, by transferring to the Company shares of stock of the Company at their fair market value as of the date of exercise of the option, provided that the optionee held the shares of stock for at least six months. Notwithstanding the foregoing, the Company may arrange for or cooperate in permitting broker-assisted cashless exercise procedures.

5.06 Shareholder Rights. A Grantee shall not, by reason of any Options granted hereunder, have any right of a shareholder of the Company with respect to the shares covered by Options until shares of Stock have been issued.

VI. STOCK APPRECIATION RIGHTS.

6.01 Granting of SARs. The Committee may, in its discretion, grant SARs to directors, officers and key employees of the Company and any of its subsidiaries, as well as appropriate third parties who can provide valuable services to the Company. SAR grants under the Plan shall be evidenced by agreements in such form and containing such provisions as are consistent with the Plan as the Committee shall from time to time approve.

6.02 Method of Exercise. An SAR that has become exercisable may be exercised by written notice to the Company stating the number of SARs being exercised.

6.03 Payment upon Exercise. Upon the exercise of SARs, the Grantee shall be entitled to receive an amount determined by multiplying (a) the difference obtained by subtracting the Fair Market Value of a share of Common Stock as of the Grant Date of the SAR from the Fair Market Value of a share of Common Stock on the date of exercise, by (b) the number of SARs exercised. At the discretion of the Committee, the payment upon the exercise of the SARs may be in cash, in shares of Common Stock of equivalent value, or in some combination thereof. The number of available shares under Section 3.01 shall only be reduced by shares of Common Stock issued upon exercise of an SAR and shall not be affected by any cash payments.

VII. EFFECT OF TERMINATION OF EMPLOYMENT, DISABILITY OR DEATH.

7.01 Incentive Stock Options. Unless otherwise provided herein or in a specific Option Agreement which may provide longer or shorter periods of exercisability, no ISO shall be exercisable after the expiration of the earliest of:

- (a) 10 years from the date the option is granted, or five years from the date the option is granted to an individual owning (after the application of the family and other attribution rules of Section 424(d) of the Code) at the time such option was granted, more than 10% of the total combined voting power of all classes of stock of the Company,

- (b) three months after the date the Grantee ceases to perform services for the Company or its subsidiaries, if such cessation is for any reason other than death, disability (within the meaning of Code Section 22(e)(3)), or cause,
- (c) one year after the date the Grantee ceases to perform services for the Company or its subsidiaries, if such cessation is by reason of death or disability (within the meaning of Code Section 22(e)(3)), or
- (d) the date the Grantee ceases to perform services for the Company or its subsidiaries, if such cessation is for cause, as determined by the Board or the Committee in its sole discretion;

7.02 Non-Qualified Stock Options and SARs. Unless otherwise provided herein or in a specific NSO or SAR Agreement which may provide longer or shorter periods of exercisability, no NSO or SAR shall be exercisable after the expiration of the earliest of:

- (a) 10 years from the date of grant,
- (b) two years after the date the Grantee ceases to perform services for the Company or its subsidiaries, if such cessation is for any reason other than death, permanent disability, retirement or cause,
- (c) three years after the date the Grantee ceases to perform services for the Company or its subsidiaries, if such cessation is by reason of the Grantee's death, permanent disability or retirement; or
- (d) the date the Grantee ceases to perform services for the Company or its subsidiaries, if such cessation is for cause, as determined by the Board or the Committee in its sole discretion;

7.03 ISOs, NSOs and SARs. Unless otherwise provided in a specific grant agreement or determined by the Committee, an Option or SAR shall only be exercisable for the periods above following the date a Grantee ceases to perform services to the extent the option was exercisable on the date of such cessation.

VIII. RESTRICTED STOCK AWARDS.

8.01 Granting of Restricted Stock. The Committee may, in its discretion, grant Restricted Stock to directors, officers and key employees of the Company and any of its subsidiaries, as well as appropriate third parties who can provide valuable services to the Company. Restricted Stock Awards may consist of shares issued subject to forfeiture if specified conditions are not satisfied (Restricted Stock Shares) or agreements to issue shares of Common Stock in the future if specified conditions are satisfied (Restricted Stock Units).

8.02 Terms of Restricted Stock Grants. Each Restricted Stock Award shall be confirmed by, and be subject to the terms of, an agreement identifying the restrictions applicable to the Award. Restricted Stock Awards shall be subject to the following terms and conditions:

- (a) The Committee may condition the grant of Restricted Stock upon the attainment of Performance Goals so that the grant qualifies as performance-based compensation within the meaning of Section 162(m) of the Code. The Committee may also condition the grant of Restricted Stock upon such other conditions, restrictions and contingencies as the Committee may determine.
- (b) Except to the extent otherwise provided in the applicable Award Agreement and (c) below, the portion of the Restricted Stock Award still subject to restriction shall be forfeited by the Grantee upon termination of the Grantee's service for any reason.

Table of Contents

- (c) In the event of hardship or other special circumstances of a Grantee, the Committee may waive in whole or in part any or all remaining restrictions with respect to such Grantee's Restricted Stock Award.
- (d) If and when the applicable restrictions lapse, unlegended certificates for such shares shall be delivered to the Grantee.

8.03 **Shareholder Rights**. A Grantee receiving an Award of Restricted Stock Shares shall have all of the rights of a shareholder of the Company, including the right to vote the shares and the right to receive any cash dividends. Unless otherwise determined by the Committee, cash dividends shall be paid in cash and dividends payable in stock shall be paid in the form of additional Restricted Stock Shares. A Grantee receiving an Award of Restricted Stock Units shall not be deemed the holder of any shares covered by the Award, or have any rights as a shareholder with respect thereto, until such shares are issued to him/her.

IX. ACCELERATION OF EXERCISABILITY AND VESTING UNDER CERTAIN CIRCUMSTANCES.

9.01 **Upon a Change in Control**. Notwithstanding any provision in the Plan to the contrary, unless the particular letter of grant provides otherwise, 75% of the unvested Awards held by each Grantee shall automatically become vested upon the occurrence, before the expiration or termination of such option, of a Change in Control.

9.02 **Balance of Awards**. The balance of each Grantee's unvested Awards will vest exercisable in 12 equal monthly installments following the occurrence of a Change in Control, or according to the Grantee's individual vesting schedule as applicable without regard to this Article X, whichever is earlier. If a Grantee loses his position with the Company as a result of or subsequent to the occurrence of a Change in Control, 100% of the unexpired and unvested Awards granted pursuant to this Plan held by such optionee shall automatically become vested upon such loss of position.

X. EFFECT OF CHANGE IN STOCK SUBJECT TO PLAN.

10.01 **Merger, Consolidation or Reorganization**. In the event of a merger, consolidation or reorganization with another corporation in which the Company is not the surviving corporation or a merger, consolidation or reorganization involving the Company in which the Company Stock ceases to be publicly traded, the Committee shall, subject to the approval of the Board of Directors of the Company, or the board of directors of any corporation assuming the obligations of the Company hereunder, take action regarding each outstanding and unexercised option pursuant to either clause (a) or (b) below:

- (a) Appropriate provision may be made for the protection of such Award by the substitution on an equitable basis of appropriate shares of the surviving or related corporation, provided that the excess of the aggregate Fair Market Value of the shares subject to such Award immediately before such substitution over the exercise price thereof is not more than the excess of the aggregate fair market value of the substituted shares made subject to option immediately after such substitution over the exercise price thereof; or
- (b) The Committee may cancel such Award. In the event any Option or SAR is canceled, the Company, or the corporation assuming the obligations of the Company hereunder, shall pay the Grantee an amount of cash (less normal withholding taxes) equal to the excess of the highest Fair Market Value per share of the Stock during the 60-day period immediately preceding the merger, consolidation or reorganization over the exercise price, multiplied by the number of shares subject to such Award. In the event any other Award is canceled, the Company, or the corporation assuming the obligations of the Company hereunder, shall pay the Grantee an amount of cash or stock, as determined by the Committee, based upon the highest Fair Market Value per share of the Stock during the 60-day period immediately preceding the cancellation.

Table of Contents

Notwithstanding anything to the contrary, in the event a Change in Control should occur, the Committee shall have the right to cancel such Awards and pay the Grantee an amount determined under (b) above.

XI. MISCELLANEOUS.

11.01 Withholding. The Company shall have the power and the right to deduct or withhold, or require a Grantee to remit to the Company, an amount sufficient to satisfy Federal, state, and local taxes (including the Grantee's FICA obligation) required by law to be withheld with respect to any taxable event arising or as a result of this Plan. With respect to withholding required upon the exercise of Options or SARs, or upon the lapse of restrictions on Restricted Stock, Grantees may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax which could be imposed on the transaction.

11.02 No Employment or Retention Agreement Intended. Neither the establishment of, nor the awarding of Awards under this Plan shall be construed to create a contract of employment or service between any Grantee and the Company or its subsidiaries; nor does it give any Grantee the right to continued service in any capacity with the Company or its subsidiaries or limit in any way the right of the Company or its subsidiaries to discharge any Grantee at any time and without notice, with or without cause, or to any benefits not specifically provided by this Plan, or in any manner modify the Company's right to establish, modify, amend or terminate any profit sharing or retirement plans.

11.03 Non-transferability of Awards. Any Award granted hereunder shall, by its terms, be non-transferable by a Grantee other than by will or the laws of descent and shall be exercisable during the Grantee's lifetime solely by the Grantee or the Grantee's duly appointed guardian or personal representative. Notwithstanding the foregoing, the Committee may permit a Grantee to transfer a Non-Qualified Stock Option or SAR to a family member or a trust or partnership for the benefit of a family member, in accordance with rules established by the Committee.

11.04 Investment Representation. Unless the shares of stock covered by the Plan have been registered with the Securities and Exchange Commission pursuant to Section 5 of the Securities Act of 1933, as amended, each Grantee by accepting an Award represents and agrees, for himself or herself and his or her transferees by will or the laws of descent and distribution, that all shares of stock purchased upon the exercise of the option grant will be acquired for investment and not for resale or distribution. Upon such exercise of any portion of any option grant, the person entitled to exercise the same shall upon request of the Company furnish evidence satisfactory to the Company (including a written and signed representation) to the effect that the shares of stock are being acquired in good faith for investment and not for resale or distribution. Furthermore, the Company may if it deems appropriate affix a legend to certificates representing shares of stock that such shares have not been registered with the Securities and Exchange Commission and may so notify its transfer agent.

11.05 Dissolution or Liquidation. Upon the dissolution or liquidation of the Company, any outstanding Awards theretofore granted under this Plan shall be deemed canceled.

11.06 Controlling Law. The law of the State of Delaware, except its law with respect to choice of law, shall be controlling in all matters relating to the Plan.

11.07 Termination and Amendment of the Plan. The Plan will expire ten (10) years after the Effective Date, solely with respect to the granting of Incentive Stock Options or such later date as may be permitted by the Code for Incentive Stock Options. The Board may from time to time amend, modify, suspend or terminate the Plan; provided, however, that no such action shall (a) impair without the Grantee's consent any Award theretofore granted under the Plan or (b) be made without shareholder approval where such approval would be required as a condition of compliance with the Code or other applicable laws or regulatory requirements.
