MFS INTERMEDIATE INCOME TRUST
500 BOYLSTON STREET, BOSTON, MASSACHUSETTS, 02116

September 15, 2008

Dear Shareholder:

The fund's annual meeting of shareholders on October 9, 2008 is approaching. We urge you to immediately vote the enclosed WHITE PROXY CARD to re-elect J. Atwood Ives, William R. Gutow, Michael Hegarty, and Robert W. Uek as Trustees of the Trust and to vote AGAINST a shareholder proposal that the Board of Trustees adopt a policy to conduct periodic tender offers for shares of the Trust.

Your Trustees are independent, highly qualified and experienced in overseeing closed-end funds. They have a proven track record of protecting the long-term interests of all shareholders. Under their direction the fund has delivered strong total returns to shareholders and implemented strategies to reduce the discount.

You may receive another proxy card from an investment adviser, Karpus Management, Inc., seeking board seats. Karpus is an activist hedge fund manager. We urge you not to vote their proxy as we believe their interests are entirely self-motivated and inconsistent with yours.

WE ASK YOU TO SUPPORT YOUR BOARD OF TRUSTEES. PLEASE DISCARD ANY GREEN PROXY CARD SENT TO YOU BY KARPUS.

WHY YOU SHOULD VOTE FOR YOUR BOARD:

- o Your fund has delivered strong performance for shareholders. The fund has OUTPERFORMED its benchmark comparison, the Lipper General Bond Fund - Closed End average, over the previous one and three year periods. Your Board is FOCUSED ON SUSTAINABLE AND LONG-TERM PERFORMANCE and is proud of the fund's strong track record, which benefits ALL shareholders.

[X] The following table shows the average annual total investment return of your fund (measured at net asset value (NAV) and market price) over the one- and three-year periods ended July 31, 2008.(1) In each period, your fund has outperformed the average of similar closed-end bond funds as measured by Lipper, Inc. (an independent provider of mutual fund data).

	1 YEAR		3 YEARS	
	NAV	Market Value	NAV	Market Value
MFS Intermediate Income Trust	6.21%	9.63%	4.01%	4.54%
Lipper General Bond Fund - Closed End	2.65%	1.87%	3.36%	1.31%

(1) Total returns as of July 31, 2008, based on market price and NAV. The performance data quoted represent past performance. Past performance is no guarantee of future results. The investment return will vary and the

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEFA14A

principal value of an investment will fluctuate and shares may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted.

- o The Board is working for you and ALL shareholders. Your Board has TAKEN ACTIONS to enhance net asset value and narrow the discount, demonstrating your Board's commitment to achieving the fund's investment objective and long-term interests of all shareholders.

- |X| Your Board adopted a level distribution policy in October of 2007 which calls for annual distributions to shareholders of 8.5% of the net asset value of the fund. This move was hailed by Karpus as "an effective means of narrowing a fund's discount to net asset value." Karpus admitted that the "Board's actions reflect their commitment to [the fund's] discount to net asset value."

- |X| Since the distribution policy became effective on January 1, 2008, the fund's discount to net asset value has decreased by more than a third, from 13.76% to 8.21%. (2)

- |X| Your Board has implemented strategies to increase the fund's share price and reduce the discount, and is committed to considering new strategies to further enhance shareholder value. Your Board will only implement additional strategies that it believes are in the best long term interests of ALL shareholders.

YOUR BOARD IS PROTECTING THE FUND FOR YOUR LONG-TERM INTERESTS

WHY YOU SHOULD NOT VOTE FOR KARPUS'S CANDIDATES:

- o Karpus's short term interests are not aligned with the interests of all shareholders. Karpus's strategies are not designed to enhance long-term performance.

- |X| In letters to the Board, Karpus has repeatedly urged us to commence a significant share buyback and was dismissive of the potentially damaging consequences of reducing the fund's assets.

- |X| Karpus is a SELF-INTERESTED ACTIVIST looking for a quick profit. Within the past year, Karpus has more than doubled its holdings in the fund, purchasing shares below NAV, and is now trying to coerce your Board into adopting a strategy that would enable Karpus to cash-out at a profit, regardless of that strategy's adverse effects on the fund's remaining shareholders or its long-term efficacy in narrowing the discount.

- o Karpus's annual tender offer strategy is NOT effective and is NOT in your long-term interests. The primary benefit of the type of share buybacks proposed by Karpus is to provide short-term liquidity at a price close to net asset value. However, such a strategy rarely narrows the discount on a sustained basis and often causes other problems for the fund and its long-term shareholders (such as increasing expenses and hurting long-term performance).

- |X| We believe such a strategy would be ineffective in narrowing the discount over the long-term for your fund.

(2) As of December 31, 2007, the fund's discount to net asset value was 13.76%.
As of September 11, 2008, the discount was 8.21%.

- o Karpus's trustee candidates are inexperienced and we believe will represent Karpus's interest, not the interests of long-term shareholders.

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEFA14A

- |X| The Board gave every opportunity to the Karpus candidates to demonstrate their capabilities and qualifications. A sub-committee of the Board's Nomination and Compensation Committee offered to interview each of Karpus's candidates. One of the candidates was unavailable to interview with the sub-committee on any of the three dates offered, even after the sub-committee offered to conduct the interview via videoconference. Another candidate did not respond to the sub-committee's request for additional information and was not interviewed. The other two candidates were interviewed on August 1, 2008 by the sub-committee. After careful consideration of each candidate's background and experience, three members of the sub-committee and five members of the full committee (none of whom are up for re-election and all of whom are independent Trustees) came to the conclusion that each of Karpus's candidates IS JUST NOT QUALIFIED.
- |X| None of Karpus's candidates has any experience serving as a trustee of a closed-end fund that invests in public securities. IN FACT, ONLY ONE OF KARPUS'S CANDIDATES HAS EVER SERVED ON THE BOARD OF ANY PUBLIC COMPANY AT ALL.
- |X| We believe that, if elected, Karpus's candidates will work to implement Karpus's short-term strategies at the expense of the fund's long-term shareholders. In fact, the one Karpus candidate who has ever served on the board of any public company at all, Mr. Orvieto, served only until Karpus cashed out its investment.
- |X| Your Trustees who are up for reelection are experienced. And they have been active Trustees - working hard for ALL shareholders.

IF YOU VALUE STRONG PERFORMANCE AND A LONG-TERM APPROACH INTENDED TO ENHANCE VALUE FOR ALL SHAREHOLDERS - VOTE THE WHITE PROXY CARD!

YOUR BOARD STRONGLY URGES YOU NOT TO SIGN ANY GREEN PROXY CARD YOU MAY RECEIVE FROM KARPUS. Instead, your Board urges you to sign and date the WHITE PROXY CARD enclosed with this letter and return it in the envelope provided.

- |X| Even if you have previously signed a Karpus proxy card, you should sign, date and return the enclosed WHITE PROXY CARD. You have the right to change your vote and only your latest dated proxy vote counts.
- |X| If you hold your shares in a brokerage or bank account (in "street name"), your broker or bank cannot vote your shares this year (as it has in past routine annual meetings) unless you complete, sign and return the enclosed WHITE PROXY CARD.
- |X| Please do not send back any green proxy card you receive, even to vote against the Karpus candidates. Doing so will cancel any prior vote you cast for your Board. Please return only the WHITE PROXY CARD.

Thank you for your time and attention.

Sincerely,

/s/ Robert J. Manning
