THE STOCKHOLDER MEETING

DATE, TIME AND PLACE

This proxy statement is being furnished to you in connection with the solicitation of proxies by the board of directors of E-Z-EM, Inc. from holders of E-Z-EM's common stock for use at the annual meeting of stockholders to be held at the Long Island Marriott, 101 James Doolittle Boulevard, Uniondale, New York, on October 26, 2004 at 10:00 a.m., local time, and at any adjournments or postponements of the annual meeting.

PROPOSALS TO BE CONSIDERED

At the annual meeting, we will ask holders of our common stock to consider and vote upon the following items:

Election of Directors

The election of three of our nine directors. If elected, the nominees for Class II directors, Robert J. Beckman, Paul S. Echenberg and John T. Preston, will each serve until the 2007 annual meeting of stockholders or until their respective successors are duly elected and qualified.

Approval of the 2004 Stock and Incentive Award Plan

The approval and adoption of the E-Z-EM, Inc. 2004 Stock and Incentive Award Plan, which we refer to as the 2004 Plan. Our board of directors has approved the 2004 Plan and recommends that you approve and adopt the 2004 Plan at the annual meeting. If approved, the 2004 Plan will allow us to grant a broad spectrum of stock and incentive awards to employees, directors and other service providers. The 2004 Plan is intended to provide us with more flexibility in the type of awards we may grant and is designed to attract and retain employees, directors and other service providers and to better align the interests of employees, directors and other service providers with your interests and those of our other stockholders.

Ratification of Appointment of Independent Auditors

Ratification of the appointment of Grant Thornton LLP as our independent auditors for the fiscal year ending May 28, 2005.

RECORD DATE; VOTING SECURITIES

As of the close of business on September 16, 2004, the record date for the annual meeting, there were 10,738,107 outstanding shares of our common stock entitled to notice of and to vote at the annual meeting. Each holder of our common stock has one vote per share on each matter to be acted upon at the annual meeting. Only stockholders of record at the close of business on the record date are entitled to vote at the meeting and at any adjournment or postponement thereof. A majority of the outstanding shares of common stock must be present in person or represented by proxy in order to establish a quorum at the meeting. For purposes of determining the presence of a quorum for transacting business at the annual meeting, abstentions and broker "non-votes" (proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the brokers or nominees do not have discretionary authority) will be treated as shares that are present but which have not been voted.

VOTES REQUIRED

Election of Directors

Edgar Filing: EZ EM INC - Form DEF 14A

The directors nominated for election will be elected by a plurality of the votes cast, in person or by proxy, at the annual meeting. Abstentions will have no effect on the outcome of the vote and, given that brokers have discretionary authority with respect to this proposal, there will be no broker non-votes.

Approval of the 2004 Stock and Incentive Award Plan

The proposal to approve and adopt the 2004 Plan must be approved by the affirmative vote of a majority of the votes cast, in person or by proxy, at the annual meeting. Under applicable Delaware law, in determining whether the proposal has received the requisite number of affirmative votes, abstentions will be counted and will have the same effect as a vote against the proposal and broker non-votes will be disregarded and will have no effect on the outcome of the vote.

Ratification of the Appointment of Independent Auditors

The proposal to ratify the board's appointment of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending May 28, 2005 must be approved by the affirmative vote of a majority of the votes cast, in person or by proxy, at the annual meeting. Abstentions will be counted and will have the same effect as a vote against the proposal and, given that brokers have discretionary authority with respect to this proposal, there will be no broker non-votes.

SHARE OWNERSHIP OF DIRECTORS AND EXECUTIVE OFFICERS

As of the record date, excluding currently exercisable options, our directors and executive officers beneficially owned an aggregate of approximately 3,243,762 shares of our common stock, representing 30.2% of the common stock issued and outstanding.

Our directors and executive officers have indicated that they intend to vote their shares FOR the election of the nominees for director, FOR the approval and adoption of the 2004 Plan and FOR the ratification of the appointment of Grant Thornton LLP as our independent auditors for the 2005 fiscal year.

VOTING OF PROXIES

Your shares will be voted in accordance with your instructions. If you do specify on your proxy card how you would like your shares to be voted, the proxies will vote the shares subject to the proxy:

- o FOR the election of the board's nominees for director;
- o FOR the approval and adoption of the 2004 Plan;
- o FOR the ratification of the appointment of Grant Thornton LLP as our independent auditors for the 2005 fiscal year; and
- o in accordance with the judgment of the person or persons voting with respect to any other matter that may properly be brought before the annual meeting. We do not expect that any matter not described in this proxy statement will be brought before the annual meeting.

REVOCABILITY OF PROXIES

Even if you have granted a proxy on the enclosed proxy card, you may still vote in person at the annual meeting. You may revoke your proxy at any

Edgar Filing: EZ EM INC - Form DEF 14A

time prior to it being voted at the annual meeting by:

- o delivering to our Secretary, prior to the annual meeting, a written notice of revocation bearing a later date or time than the proxy,
- o submitting another proxy by mail that has a later date and, if applicable, that is properly signed, or
- o attending the annual meeting and voting in person.

If you attend the annual meeting, that alone will not revoke your proxy. If we adjourn the meeting, it will not affect your ability to vote or to revoke a previously delivered proxy. We do not expect to adjourn the annual meeting for a period of time long enough to require the setting of a new record date for the meeting.

SOLICITATION OF PROXIES

Your company will bear the cost of soliciting proxies on behalf of the board of directors. In addition to the use of the mail, we may solicit proxies by telephone, facsimile and personal interview by our officers, directors and employees. If requested, we will reimburse brokerage houses and persons holding common stock in the names of their nominees for their reasonable expenses in sending soliciting material to their principals.

ELECTION OF DIRECTORS

NOMINEES

Your company's board of directors currently consists of nine directors. The board has determined that Robert J. Beckman, Paul S. Echenberg, James L. Katz and George P. Ward, each of whom is a current board member, and John T. Preston, a nominee for election to the board at the annual meeting, are each "independent", as that term is defined under the listing standards of the American Stock Exchange and the applicable rules of the Securities Exchange Act of 1934. Donald A. Meyer, a current independent director of your company, will be resigning from the board effective as of the annual meeting. As required by the rules of the American Stock Exchange, independent directors comprise a majority of the board. The board is divided into three classes, each of which serves a staggered three-year term. At the annual meeting, you will be asked to elect three Class II directors. If elected, Robert J. Beckman, Paul S. Echenberg and John T. Preston will each hold office until the 2007 annual meeting of stockholders and until their successors are duly elected and qualified. The Class I directors and Class III directors will continue in office during the terms indicated below - except for Michael A. Davis, who has indicated his intention to resign from the board, but has agreed to remain a director until an appropriate replacement has been found.

Unless otherwise specified, all proxies received will be voted in favor of the election of each of the Class II director nominees. Management has no reason to believe that any of the nominees will be unable or unwilling to serve as a director, if elected. Should any of the nominees not remain a candidate for election at the date of the annual meeting, we will vote the proxies in favor of the election of remaining nominees and any substitute nominees selected by the board. The names of the nominees and certain information concerning them are set forth below:

MEETINGS

The board of directors held four regular meetings, two special meetings and ten meetings by conference call during the 2004 fiscal year. From time to time, the members of the board of directors act by unanimous written consent pursuant to the laws of the State of Delaware. No director attended fewer than 75% of all board meetings during the 2004 fiscal year. Our directors are expected to attend our annual stockholders meeting absent extenuating circumstances. During 2004, all directors named in this proxy statement who were directors at the time of our last annual stockholders meeting, attended our annual stockholders meeting.

We have a standing Executive Committee, Audit Committee, Nominating and Corporate Governance Committee, Compensation Committee and Finance Committee.

The Executive Committee has the full power and authority to act on behalf of the board during intervals between regularly scheduled board meetings. The members of the Executive Committee are Messrs. Stern, Echenberg and Katz. The Executive Committee did not meet during the 2004 fiscal year.

The Audit Committee is responsible for:

- o recommending to the board the appointment or termination of our independent auditors;
- o providing an open avenue of communication between the independent auditors and the board;
- o reviewing our significant accounting policies and internal controls; and
- o having general responsibility for assisting the board in its oversight over all audit related matters.

On September 15, 2004, the board of directors adopted an amended Audit Committee charter which is attached as Appendix A to this proxy statement. The members of the Audit Committee are Messrs. Katz, Echenberg and Ward. The Audit Committee met five times during the 2004 fiscal year.

The Nominating and Corporate Governance Committee develops and recommends corporate governance guidelines for our company. The Committee also evaluates current and prospective directors and their qualifications to serve on the board and presents recommendations to the board regarding nominees for director. The Committee will also consider nominees for director recommended by our stockholders. Any stockholder wishing to make a nomination must submit the name of the proposed nominee in writing to our corporate Secretary, together with the nominee's qualifications for service on the board. During the 2004 fiscal year, we did not receive any director nominations from our stockholders. On February 9, 2004, the board of directors adopted a charter for the

Edgar Filing: EZ EM INC - Form DEF 14A

Nominating and Corporate Governance Committee, a copy of which is attached as Appendix B to this proxy statement. The members of the Nominating and Corporate Governance Committee are Messrs. Beckman, Katz and Ward. The Nominating and Corporate Governance Committee met three times during the 2004 fiscal year and had several informal discussions.

The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees is as follows: In the case of incumbent directors whose terms of office are set to expire, the Committee reviews such directors' overall service to our company during his or her term, including the number of meetings attended, level of participation, quality of performance, and transactions, if any, between any such director and our company during his or her term, and confirms such director's independence, if applicable. In the case of new director candidates, the Committee first determines whether the nominee must be independent for purposes of the American Stock Exchange. In either case, determinations are based upon our internal policies, applicable securities laws, the rules and regulations of the SEC, the listing requirements of the American Stock Exchange, and the advice of counsel, if necessary. The Committee then uses its network of contacts to compile a list of potential candidates. If necessary, we will also engage a professional search firm to assist in the process of identifying qualified nominees. The search firm identifies potential candidates based on an extensive profile of the requirements developed by the Nominating and Corporate Governance Committee. The search firm then develops a scoring matrix to rank the candidates and the Nominating and Corporate Governance Committee interviews the candidates and makes its recommendation to the board of directors. Any candidates for director that are nominated by our stockholders are considered in the same manner as other candidates.

The Compensation Committee determines the cash and other incentive compensation, if any, to be paid to our executive and non-executive officers and key employees. The Compensation Committee also sets the policies and parameters of our compensation programs and awards thereunder, and makes determinations as to grants under our equity compensation plans. Although grants will no longer be made under the 1983 Stock Option Plan and the 1984 Directors and Consultants Stock Option Plan if the 2004 Plan is approved at the annual meeting, the Compensation Committee will make determinations as to grants under the 2004 Plan. The current members of the Compensation Committee are Donald A. Meyer and Messrs. Katz and Ward. Mr. Meyer, who has been determined to be an independent director, will be resigning from his position as a director effective as of the 2004 annual meeting of stockholders. The board of directors has not yet determined whether to fill the vacancy on the Compensation Committee created by Mr. Meyer's resignation. The Compensation Committee met six times during the 2004 fiscal year and had several informal discussions.

The board of directors created a Finance Committee in 1995. Its members are Messrs. Katz and Meyers. The Finance Committee did not meet during the 2004 fiscal year.

- (2) Options are exercisable into our common stock.

We did not grant any stock options or stock appreciation rights, which we refer to as "SARs", to any of the Named Executive Officers during fiscal year 2004.

LONG-TERM INCENTIVE PLAN AWARDS TABLE AND DEFINED BENEFIT OR ACTUARIAL PLAN TABLE

We do not maintain any long-term incentive plans or defined benefit or actuarial plans.

EMPLOYMENT CONTRACTS

Effective June 1, 2004, we amended our employment contract, entered into in 2000, with Anthony A. Lombardo in his capacity as President and Chief Executive Officer. This amended employment contract provides for annual base salary at \$340,000. The contract is cancelable at any time by either Mr. Lombardo or us, but provides for severance pay of two years base salary in the event of termination by us without cause, as defined in the contract. Unless cancelled earlier, the amended contract will terminate on May 31, 2007.

SEVERANCE ARRANGEMENTS

We have entered into severance agreements with some of our executive officers, non-executive officers and key employees.

Each severance agreement provides certain security to the executive in connection with a change of control. A change of control is defined as the acquisition of 50% or more of the outstanding voting power of E-Z-EM's capital stock; or the transfer of all or substantially all of the assets of either or both of the AngioDynamics or Contrast Systems (E-Z-EM) business segments. The proposed pro rata distribution of AngioDynamics to our stockholders will not constitute a change of control of our company for purposes of our severance arrangements. Upon a change of control, all outstanding stock options vest and remain exercisable until the original expiration date of the options without regard to the need to remain employed by the Company. We will provide the executive (or his estate) with an interest-free loan in the amount necessary to pay the exercise price and the income and employment taxes due as a result of the option exercise. Modifications to these arrangements are being made in light of the Sarbanes-Oxley Act of 2002.

If an executive's employment with E-Z-EM is terminated by us for "good cause," death or disability, or by the executive other than for "good reason," during the term of the severance agreement and within two years following a change of control, the executive will be entitled to accrued but unpaid base salary. A termination of employment is for "good cause" under the severance agreements if the basis of termination is:

- o repeated acts or serious omissions constituting dishonesty, intentional breach of fiduciary obligation or intentional wrongdoing or malfeasance;
- o conviction of a crime involving fraud, dishonesty or moral turpitude; or
- o a material breach of the severance agreement or the conditions and requirements of employment.

"Good reason" exists under the severance agreements if there is:

Edgar Filing: EZ EM INC - Form DEF 14A

- o a significant reduction in the nature or the scope of the executive's authority and/or responsibility;
- o a material reduction in the executive's rate of base salary;
- o a significant reduction in employee benefits; or
- o a change in the principal location in which the executive is required to perform services, which significantly increases commuting distance.

If an executive's employment with E-Z-EM is terminated by us without good cause or by the executive for good reason, during the term of the severance agreement and within two years following a change of control, the executive will be entitled to:

- o accrued but unpaid base salary;
- o a lump sum payment equal to between one and two times annual base salary, based upon years of service;
- o any benefits accrued under any incentive and retirement plans;
- o paid medical plan coverage until the earlier of 18 months from termination or the time when the executive obtains comparable coverage through a new employer;
- o a lump sum payment equal to the unvested portion, if any, of the executive's 401(k) plan; and
- o outplacement and career counseling services.

Each severance agreement provides that if any amounts due to an executive thereunder become subject to the "golden parachute" rules set forth in Section 4999 of the Internal Revenue Code, then these amounts will be reduced to the extent necessary to avoid the application of the "golden parachute" rules.

REPORT ON REPRICING OF OPTIONS / SARs

In fiscal year 2004, we did not adjust or amend the exercise price of any stock options or SARs previously awarded to any of the Named Executive Officers.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION IN COMPENSATION DECISIONS

The following directors currently serve on our Compensation Committee: James L. Katz, Donald A. Meyer and George P. Ward. None of the directors serving on our Compensation Committee is a current or former officer or employee of E-Z-EM or any of its subsidiaries. None of these directors had any relationship required to be disclosed by us under Item 404 of Regulation S-K under the Securities Exchange Act of 1934. Nevertheless, we have disclosed our consulting arrangement with Mr. Meyer under "Certain Relationships and Related Transactions". Mr. Meyer, who has been determined to be an independent director, will be resigning from his position as a director effective as of the 2004 annual meeting of stockholders. The board of directors has not yet determined whether to fill the vacancy on the Compensation Committee created by Mr. Meyer's resignation.

AUDIT COMMITTEE REPORT

Edgar Filing: EZ EM INC - Form DEF 14A

The Audit Committee of the board of directors is composed of three (3) directors, Messrs. James L. Katz, Paul S. Echenberg and George P. Ward, and operates under a written charter. On September 15, 2004, the board of directors adopted an amended Audit Committee charter which is attached as Appendix A to this proxy statement. Each member of our Audit Committee is an independent director and able to read and understand financial statements as required by the listing standards of the American Stock Exchange and the applicable rules of the Securities Exchange Act of 1934. In addition, Mr. Katz is "financially sophisticated" and a "financial expert," as defined in the listing standards of the American Stock Exchange and the rules of the Securities Exchange Act of 1934.

As set forth in more detail in the Audit Committee's charter, management is responsible for E-Z-EM's internal controls and financial operating system. The independent auditors are responsible for performing an independent audit of our company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report relating to this audit. The Audit Committee's responsibility is to monitor and oversee these processes. The Audit Committee's primary duties and responsibilities fall into three broad categories:

First, the Audit Committee will serve as an independent and objective party to monitor E-Z-EM's financial reporting process and internal control system;

Second, the Audit Committee is responsible for reviewing and appraising the audit efforts of our independent auditors; this includes matters concerning the relationship between E-Z-EM and its independent auditors, including recommending their appointment or removal, reviewing the scope of their audit services and related fees, as well as any other services being provided to us and determining whether the auditors are independent (based in part on the annual letter provided to us pursuant to Independence Standards Board Standard No. 1); and

Third, the Audit Committee provides an open avenue of communication among the independent auditors, financial and senior management and the board of directors.

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under its charter. To carry out its responsibilities, our Audit Committee met five times during fiscal year 2004.

In overseeing the preparation of our company's financial statements, the Audit Committee has reviewed the financial statements and met with and held discussions with management and the independent auditors. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards ("SAS") No. 61, "Communications with Audit Committees" and SAS No. 90, "Audit Committee Communications."

Our independent auditors also provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees" and the Audit Committee has discussed with the independent auditors that firm's independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the board of directors that our company's audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended May 29, 2004 and be filed with the U.S. Securities and

Edgar Filing: EZ EM INC - Form DEF 14A

Exchange Commission.

This Audit Committee Report will not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this report therein.

THE AUDIT COMMITTEE,
James L. Katz, Chairman
Paul S. Echenberg
George P. Ward

PRINCIPAL ACCOUNTANT FEES AND SERVICES

The following table presents fees for professional audit services rendered by the independent auditors, Grant Thornton LLP, for the audit of our company's financial statements for the fiscal years ended May 29, 2004 and May 31, 2003, and fees billed for other services rendered by Grant Thornton LLP during those periods:

	2004	2003
	----	----
	(in thousands)	
Audit Fees ¹	\$816	\$343
Audit Related Fees ²	50	71
Tax Fees ³	60	53
All Other Fees ⁴	3	98
	----	----
	\$929	\$565
	====	====

-
- 1 Fees paid for professional services rendered in connection with the audit of our annual financial statements, review of our quarterly financial statements, statutory audits of certain of our non-U.S. subsidiaries for each fiscal year and procedures related to the S-1 registration statement filed by AngioDynamics in 2004.
 - 2 Audit related fees consist primarily of profit sharing and 401(k) plan audits, interpretation of accounting standards and a review of internal controls for a U.S. subsidiary.
 - 3 Tax fees include all tax services relating to tax compliance, tax advice and tax planning.
 - 4 All other fees consist primarily of services in assisting with business modeling for a non-U.S. subsidiary product line and the recruiting of non-managerial personnel for a non-U.S. subsidiary for 2003.

The Audit Committee understands the need for Grant Thornton LLP to maintain objectivity and independence in its audit of our financial statements and has implemented procedures, including pre-approval of all non-audit services, to minimize any relationship with Grant Thornton LLP which could impair their independence. The Audit Committee has determined that we will engage Grant Thornton LLP to provide non-audit services only when the services offered by Grant Thornton LLP are more effective and economical than the services from other providers, and, to the extent possible, only after

Edgar Filing: EZ EM INC - Form DEF 14A

competitive bidding. Our company's policy on auditor independence requires that, prior to engaging the independent auditor in any non-audit related activity, our management report to the Audit Committee the nature of the proposed activity, including the reasons why (1) it is necessary or beneficial to us to use the independent auditor to engage in such activity, and (2) the steps being taken to ensure that the engagement of the independent auditor in such activity will not, among other things, violate applicable laws or regulations of the United States and applicable states, or the listing standards of the American Stock Exchange, on which our company's securities are listed. In order for our company to engage the independent auditor in the proposed activity, we must obtain prior Audit Committee approval. The Audit Committee has considered the compatibility of the Audit Related Fees, Tax Fees and All Other Fees paid to Grant Thornton LLP in connection with Grant Thornton LLP's independence.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

General

The Compensation Committee of our board of directors determines the cash and other incentive compensation, if any, to be paid to our company's executive and non-executive officers and key employees, and administers our stock option incentive award plans. Our Compensation Committee is currently composed of three independent, non-employee directors: Donald A. Meyer, James L. Katz and George P. Ward. Mr. Meyer, who has been determined to be an independent director, will be resigning from his position as a director effective as of the 2004 annual meeting of stockholders. The board of directors has not yet determined whether to fill the vacancy on our Compensation Committee created by Mr. Meyer's resignation.

Compensation Philosophy

Our company's primary philosophy regarding compensation to executive and non-executive officers is to offer a program that rewards each member of senior management commensurately with E-Z-EM's overall growth and financial performance, including each person's individual performance during the previous fiscal year. The three primary components of our compensation program are base salary, annual performance bonus and stock option awards or other equity compensation awards. The Committee believes that this three-part approach enables our company to remain competitive with its industry peers while ensuring that senior management are appropriately incentivised to deliver positive short-term results while creating sustainable long-term stockholder value.

The key elements of the Compensation Committee's executive philosophy include:

- o setting levels of compensation designed to attract and hold superior executives in a highly competitive business environment,
- o providing incentive compensation that varies directly with E-Z-EM's financial performance and individual initiative and achievement contributions to such performance,
- o linking compensation to elements which affect E-Z-EM's annual and long-term performance,
- o evaluating the competitiveness of our compensation programs based upon information drawn from a variety of sources, and
- o establishing salary levels and bonuses intended to be

Edgar Filing: EZ EM INC - Form DEF 14A

consistent with competitive practice and level of responsibility, with salary increases and bonuses reflecting competitive trends, the overall financial performance of our company, the performance of the individual officer and the contractual arrangements that may be in effect with the individual officer.

In determining each officer's overall compensation, our Compensation Committee has relied, in part, on executive compensation surveys, publicly available information, informal survey information obtained by management, and information known to various members of the board of directors. The Committee has also periodically sought the assistance of independent executive compensation consultants who have provided information and data on the compensation levels and philosophies adopted by other companies in the same market for executive talent. In particular, the independent consultants have compared our company's total compensation program, which includes base salary, annual bonus pay and stock option awards or other equity compensation awards, with programs offered by other companies of comparable size in the medical and healthcare industries.

Internal Revenue Code Section 162(m) Considerations

Section 162(m) of the Internal Revenue Code prohibits a publicly held corporation, such as E-Z-EM, from claiming a deduction on its federal income tax return for compensation in excess of \$1 million paid for a given fiscal year to the chief executive officer (or person acting in that capacity) and to the four most highly compensated officers of the corporation other than the chief executive officer as of the end of the corporation's fiscal year. The \$1 million compensation deduction limitation does not apply to "performance based compensation within the meaning of Section 162(m)." We believe that any compensation received by E-Z-EM's Named Executive Officers in connection with the exercise of options granted under the 1983 Stock Option Plan and, if approved, the 2004 Plan will qualify as "performance based compensation", except for a certain de minimis option grant awarded in 1996. Stock options issued pursuant to E-Z-EM's AngioDynamics subsidiary 1997 Stock Option Plan will not qualify as "performance based compensation." Our company has not established a policy with respect to Section 162(m) of the Internal Revenue Code because E-Z-EM has not paid, and does not currently anticipate paying, annual compensation in excess of \$1 million to any employee.

Base Salaries

Base salaries for our executive and non-executive officers are determined initially by evaluating the responsibilities of the position held and the experience of the individual, and by reference to the competitive marketplace for management talent, including a comparison of base salaries for comparable positions at comparable companies. Annual salary adjustments are determined consistent with our company's compensation policy by evaluating the competitive marketplace, the performance of E-Z-EM, the performance of the officer - particularly with respect to the officer's ability to manage growth of our company - and any increased responsibilities assumed by the executive.

Annual Incentive Compensation

E-Z-EM administers an Annual Incentive Bonus Plan ("AIP"), under which cash bonuses may be made to the CEO and President, other corporate officers, and certain other employees. At the beginning of each fiscal year, the goals for our company and each individual are established. During each fiscal year, the level of bonus earned, if any, is dependent upon our company's financial results as compared to our budget and the individual's achievement of his or her personal goals. A bonus may be awarded if specified performance objectives, including corporate, business unit and departmental goals, have been met, as

Edgar Filing: EZ EM INC - Form DEF 14A

determined by the Compensation Committee. We awarded bonuses ranging up to 43.2% of base salary to corporate officers under the bonus plan for the 2004 fiscal year.

Stock Option Agreements

The Compensation Committee views stock options as an important long-term incentive vehicle for our officers. The use of stock options ensures that the interests of our officers are tied to the interests of our stockholders by making a portion of the officer's long-term compensation dependent upon the value created for our stockholders. This promotes a continuing focus on our company's profitability and stockholder value. The Compensation Committee may grant options under E-Z-EM's stockholder-approved stock option plans. E-Z-EM's grants options at an exercise price equal to the fair market value of our company's common stock on the date of grant. Optionees can receive value from stock option grants only if the underlying common stock appreciates in the long-term. Generally, stock options use vesting periods ranging from two to four years to encourage key executives to continue in our employ. In determining long-term incentive awards, the Compensation Committee considers the amount of stock options previously granted to each officer, the officer's responsibilities, as well as the officer's current performance and contribution to our company. If the 2004 Plan is approved by our stockholders at the annual meeting, the Compensation Committee will be able to grant stock options, restricted stock and other forms of equity-based compensation arrangements under the 2004 Plan.

Compensation of the Chief Executive Officer

The Compensation Committee has targeted Mr. Lombardo's total compensation, including compensation derived from awards of stock options, at a level it believes is competitive with the average amount paid by E-Z-EM's competitors and companies with which the Company competes for executive talent. On June 1, 2004, Mr. Lombardo's base salary was increased to \$340,000. During the 2004 fiscal year, no options were granted to Mr. Lombardo and 25,000 options previously granted to Mr. Lombardo were exercised at an average exercise price of \$8.50 per share. Under our employment contract with Mr. Lombardo, Mr. Lombardo participates in our AIP program and received a bonus of \$132,828 for the 2004 fiscal year.

This compensation committee report will not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this report therein.

COMMON STOCK PERFORMANCE GRAPH

On October 22, 2002, which we refer to as the "Recapitalization Date", we completed a recapitalization merger in which our two previously outstanding classes of publicly traded equity securities - Class A common stock and Class B common stock - were combined into a single class of common stock. As a result of the recapitalization merger, on the Recapitalization Date, each outstanding share of Class A common stock and each outstanding share of Class B common stock was converted into one share of the currently outstanding single class of common stock.

The following graph compares the cumulative total stockholder return on our common stock with returns on the AMEX Market Value (U.S. & Foreign) Index ("AMEX Composite") and the Standard and Poor's Healthcare Equipment (Supercap) Index ("S&P Healthcare Equipment (Supercap)") during the five-year period ended May 29, 2004. Since our company's current single class of common stock did not commence trading until October 22, 2002, the graph below shows the total five-year return for our common stock assuming (1) an initial \$100 investment in our previously outstanding Class A common stock on May 30, 1999 and (2) an initial \$100 investment in our previously outstanding Class B common stock on May 30, 1999, in each case, assuming each share of Class A common stock or Class B common stock held was converted into one share of the current single class of common stock on the Recapitalization Date. Returns reflected in the graph below are therefore based on the performance of the

Edgar Filing: EZ EM INC - Form DEF 14A

Class A common stock or Class B common stock, as applicable, for periods prior to the Recapitalization Date and on the performance of the current single class of common stock for periods from and after the Recapitalization Date.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

A facility of our wholly owned subsidiary located in Tokyo, Japan is owned by Tohru Nagami, the subsidiary's President, and his mother. Aggregate rentals were \$28,000 during 2004. The lease was terminated in May 2004.

We have split dollar life insurance arrangements with Howard S. Stern (including his spouse), the Chairman of the Board, and Betty K. Meyers, which were entered into on May 27, 1998 and May 25, 1998, respectively. Betty K. Meyers is a stockholder of our company and the widow of Phillip H. Meyers, a co-founder of our company. She is the mother of David P. Meyers, a director and principal stockholder of our company, and Stuart J. Meyers and Jonas I. Meyers, each of whom is a principal stockholder of our company. The Betty Meyers policy is owned by the Betty Meyers Life Insurance Trust, the beneficiaries of which include David P. Meyers. Annually, through fiscal 2002, we paid approximately \$100,000 toward the cost of each life insurance policy. Because of the uncertainty of the treatment of split dollar life insurance policies under the Sarbanes-Oxley Act of 2002, for fiscal years 2003 and 2004, we did not make any payments toward the cost of such policies. Through August 2000, payments made by us were subject to repayment with interest payable to us annually by the insureds. In August 2000, the arrangements with Mr. Stern and Betty Meyers were modified to conform to our other split dollar life insurance arrangements, making subsequent payments non-interest bearing. In May 2002, we forgave any unpaid interest.

As a result of our not advancing the cost of the policies, Mr. Stern personally paid the premiums on his policy during fiscal years 2003 and 2004. The Betty Meyers Life Insurance Trust did not make similar premium payments and, as a result, the insurance company charged the amount of the premium against the cash surrender value of the Meyers' policy. The aggregate amount of premiums paid by us for each policy is \$500,000, the proceeds of which, under collateral assignment agreements, will be first used to repay all payments made by us for that policy. Additionally, beneficiaries of each policy may not borrow against the amount paid by us. As a result of the insurance company charging the Meyers' policy for the amount of the unpaid premiums, the cash surrender value of the Meyers' policy was reduced to \$487,000. Both Howard Stern (including his spouse) and Betty Meyers have agreed to repay us for any shortfall between the cash surrender value of his or her policy and the aggregate amount of premiums paid by us. At May 29, 2004, the cash surrender value of such policies aggregated \$1,331,000 and the aggregate amount of advances made by us totaled \$1,000,000.

We have engaged Michael A. Davis, M.D., a director, for consulting services in his capacity as our Medical Director. Fees for such services were approximately \$217,000 during 2004.

We and AngioDynamics have each entered into an agreement, effective as of January 1, 2004, with Donald A. Meyer, a director of ours and a former director of AngioDynamics, under which Mr. Meyer agreed to serve as the trustee of AngioDynamics' and our 401(k) plans and to provide AngioDynamics and us with such other services as we may reasonably request from time-to-time. Each agreement is for a term of 36 months unless terminated earlier pursuant to its terms. Mr. Meyer will receive 36 equal monthly payments of \$3,500 and reimbursement for reasonable business expenses incurred in providing services under each agreement. In 2004, fees for such services, together with fees paid

Edgar Filing: EZ EM INC - Form DEF 14A

to Mr. Meyer under expired consulting agreements, totaled approximately \$50,000.

Effective January 1, 2002, we entered into an agreement with Howard S. Stern, the Chairman of our board, under which Mr. Stern agreed to provide us with certain services until December 31, 2004. We agreed to include Mr. Stern in our slate of directors for the 2002 annual meeting and to appoint Mr. Stern as Chairman of the Board for a one-year term beginning at the annual meeting. So long as Mr. Stern remains Chairman of the Board, he is entitled to receive twice the regular fees and other compensation (including cash, stock and options) paid to directors for service on the board. Under the terms of the agreement, Mr. Stern is also entitled to receive 36 equal monthly payments of \$20,833.34, as well as certain bonus opportunities. Mr. Stern also receives other benefits and perquisites and, so long as he remains Chairman, an annual sum of up to \$80,000 for reimbursement of reasonable business expenses. Prior to AngioDynamics' initial public offering, AngioDynamics reimbursed E-Z-EM for 35% of Mr. Stern's compensation and expenses paid under the agreement. Under AngioDynamics' master separation and distribution agreement with E-Z-EM, AngioDynamics has assumed 35% of E-Z-EM's payment obligations to Mr. Stern under the agreement, which total \$7,300 in fees and \$2,300 for expenses on a monthly basis.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of initial ownership and changes in ownership with the Securities and Exchange Commission. Based solely on our review of copies of such forms received by us, or on written representations from certain reporting persons that no reports were required for such persons, we believe that, during the fiscal year ended May 29, 2004, all of the filing requirements applicable to our executive officers, directors and 10% stockholders were complied with, except as follows:

- (1) David P. Meyers filed a Form 4 on July 17, 2003 that was one business day late, reporting the exercise of stock options.
- (2) Stuart J. Meyers filed a Form 4 on August 18, 2003 that was one business day late, reporting the sale of stock.
- (3) Seth F. Stern filed a Form 4 on September 29, 2003 that was required to be filed on or before June 2, 2003, reporting the sale of stock.

- (5) David P. Meyers filed a Form 4 on December 4, 2003 that was required to be filed on or before November 13, 2003, reporting the sale of stock.
- (6) Archie B. Williams filed a Form 4 on February 4, 2004 that was four business days late, reporting the exercise of stock options and the sale of stock.
- (7) David P. Meyers filed a Form 4 on April 20, 2004 that was one business day late, reporting the sale of stock.
- (8) David P. Meyers filed a Form 4 on April 27, 2004 that was one business day late, reporting the sale of stock.

- (9) Stuart J. Meyers filed a Form 5 on March 18, 2004 that was required to be filed on or before July 15, 2003, reporting two stock sale transactions. Mr. Meyers failed to report each of these two sale transactions on Form 4 within two business days of the applicable transaction date, as required by applicable regulations.
- (10) Jonas I. Meyers filed a Form 5 on April 6, 2004 that was required to be filed on or before July 15, 2003, reporting several stock sale transactions. Mr. Meyers failed to report each of these sale transactions on Form 4 within two business days of the applicable transaction date, as required by applicable regulations.

APPROVAL OF THE 2004 STOCK AND INCENTIVE AWARD PLAN

SUMMARY OF PURPOSE

The 2004 Plan is intended to be our primary stock-based award program for employees, directors and other service providers. If approved, the 2004 Plan will allow us to grant a broad spectrum of stock and incentive awards to employees, directors and other services providers. As with our existing equity compensation plans, the 2004 Plan is designed to attract and retain employees, directors and other service providers and to better align the interests of our employees, directors and other service providers with the interests of our stockholders. As compared with our existing plans, however, the 2004 Plan is intended to provide us with more flexibility in the type of awards we may grant.

The primary purposes of the 2004 Plan are to:

- o provide competitive equity incentives that will enable us to attract, retain, motivate and reward persons who render services that benefit our company or other enterprises in which we have a significant interest, and
- o align the interests of these persons with the interests of our stockholders generally.

The 2004 Plan seeks to achieve these purposes by providing us with a wide range of equity incentives for persons providing services that benefit our company. The 2004 Plan provides for awards in the form of restricted stock, performance units and performance rights, incentive awards, stock options or stock appreciations rights. We believe that the 2004 Plan will enable us to provide equity incentives that address the current needs of our employees, directors and other services providers and help us to maintain our competitive position in attracting and retaining qualified employees, directors and other service providers.

SUMMARY OF THE 2004 STOCK AND INCENTIVE AWARD PLAN

The board of directors has approved the E-Z-EM, Inc. 2004 Stock and Incentive Award Plan, or 2004 Plan. Our 2004 Plan provides for the grant of incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, to our employees, and for the grant of nonstatutory stock options, restricted stock, stock appreciation rights, performance units performance shares and incentive awards to our employees, directors and other service providers.

A total of 350,000 shares of our common stock have been reserved for issuance under our 2004 Plan. In addition, if the 2004 Plan is approved at the annual meeting, future grants under E-Z-EM's 1983 Stock Option Plan and 1984 Directors and Consultants Stock Option Plan will be suspended and all shares reserved or to be reserved for issuance upon exercise of stock options to be

Edgar Filing: EZ EM INC - Form DEF 14A

granted under these plans will be reallocated to the 2004 Plan and reserved for issuance thereunder. We expect that an aggregate of approximately 658,414 shares of our common stock will be reallocated as described above. This reallocation will result in an estimated aggregate of 1,008,414 shares of common stock being available for grant under the 2004 Plan following such reallocation. As noted above, following the adoption of the 2004 Plan, we do not intend to make further grants under the 1983 Plan or the 1984 Plan. Under the 2004 Plan, up to 800,000 shares may be issued upon exercise of incentive stock options.

The Compensation Committee of our board will administer our 2004 Plan. As required by the 2004 Plan, the Compensation Committee will consist of two or more members of the board, each of whom must:

- o be an independent director under the rules of the American Stock Exchange,
- o qualify as a "non-employee" director under SEC Rule 16b-3, and
- o qualify as an "outside director" within the meaning of Section 162(m) of the Code.

The Compensation Committee will have the power to select the participants in the 2004 Plan and determine the types of awards to be made and the terms of those awards, including the exercise price, the number of shares subject to each such award, the exercisability of the awards and the form of consideration, if any, payable upon exercise.

The Compensation Committee will determine the exercise price of options granted under our 2004 Plan, but for all incentive stock options the exercise price must at least be equal to the fair market value of our common stock on the date of grant. The term of an incentive stock option may not exceed ten years, except that for any participant who owns 10% of the voting power of all classes of our outstanding stock, the term must not exceed five years and the exercise price must equal at least 110% of the fair market value on the grant date. The Compensation Committee will determine the term of all options. After termination of service of an employee, director or other service provider, he or she may exercise his or her option for the period of time stated, and subject to any other terms and conditions included in the option agreement.

No participant in our 2004 Plan may receive options to purchase, or stock appreciation rights with respect to, more than 200,000 shares in any year. The maximum number of shares for which awards other than appreciation-only awards and awards the value of which is not based on the value of our common stock, or dollar-denominated awards, may be granted to a plan participant in any year is 100,000 shares. This limit applies to restricted stock, performance shares and any other stock value-based award not based solely on the appreciation of our common stock after the award is granted. Dollar-denominated awards under the 2004 Plan may not exceed \$400,000 for a participant in any year.

Stock appreciation rights, or SARs, may be granted under our 2004 Plan. SARs allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant of the SARs or, if the SARs are linked and alternative to an option, the date of grant of the option. The Compensation Committee will determine the terms of SARs, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of our common stock, or a combination thereof.

Edgar Filing: EZ EM INC - Form DEF 14A

Restricted stock may be granted under our 2004 Plan. Restricted stock awards are grants of shares of our common stock that vest in accordance with terms and conditions established by the Compensation Committee. The Compensation Committee will determine the number of shares of restricted stock granted to any employee, director or other service provider. The Compensation Committee may impose whatever conditions to vesting it determines to be appropriate. For example, the Compensation Committee may set restrictions based on the achievement of specific performance goals. Shares of restricted stock that do not vest are subject to our right of repurchase or forfeiture. The Compensation Committee may also make restricted stock unit awards, which are shares of our common stock that are issued only after the recipient satisfies any service or performance objectives or contingencies determined by the Compensation Committee.

Our 2004 Plan does not allow for the transfer of awards, except for transfers by will or the laws of descent and distribution or to such other persons designated by a participant to receive the award upon the participant's death, or except as may otherwise be authorized by the committee for any award other than an incentive stock option.

Performance units and performance shares may be granted under our 2004 Plan. Performance share awards are rights to receive a specified number of shares of our common stock and/or an amount of money equal to the fair market value of a specified number of shares of our common stock, at a future time or times if a specified performance goal is attained and any other terms and conditions specified by the committee are satisfied. Performance unit awards are rights to receive a specified amount of money (other than an amount of money equal to the fair market value of a specified number of shares of common stock) at a future time or times if a specified performance goal is attained and any other terms and conditions specified by the committee are satisfied. The Compensation Committee will establish organizational or individual performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants.

Our 2004 Plan authorizes the Compensation Committee to grant incentive awards, which are rights to receive money or shares on such terms and subject to such conditions as the committee may prescribe. Restricted stock, performance shares and performance units are particular forms of incentive awards but are not the only forms in which they may be made. Incentive awards may also take, for example, the form of cash or stock bonuses.

Our 2004 Plan authorizes the Compensation Committee to grant options and SARs that become exercisable, and any award under the 2004 Plan that becomes nonforfeitable, fully earned and payable, if we have a "change in control," and to provide for money to be paid in settlement of any award under the 2004 Plan in such event. Additionally, if we have a change of control, the Compensation Committee may authorize the exercise of outstanding nonvested appreciation rights, make any award outstanding under the 2004 Plan non-forfeitable, fully earned and payable, or require the automatic exercise for cash of all outstanding SARs.

In general, under the 2004 Plan, a "change in control" will be deemed to occur if any person or group of persons acting in concert becomes the beneficial owner of more than 50% of the outstanding voting power of all our capital stock; a majority of our board, before a tender or exchange offer for our common stock ceases to constitute a majority as a result of such transaction or transactions; or our stockholders approve a merger, reorganization, sale of assets or plan of complete liquidation following which our stockholders before the transaction or Related Parties (as defined in the 2004 Plan) will not own at least 50% of our voting power or assets.

Edgar Filing: EZ EM INC - Form DEF 14A

Subject to any applicable stockholder approval requirements of Delaware or federal law, any rules or listing standards that apply to our company, or the Internal Revenue Code, the 2004 Plan may be amended by the board of directors at any time and in any respect, including without limitation to permit or facilitate qualification of options previously granted or to be granted in the future (1) as incentive stock options under the Internal Revenue Code, or (2) for such other special tax treatment as may be enacted on or after the date on which the 2004 Plan is approved by the board. Without stockholder approval however, no such amendment may increase the aggregate number of shares which may be issued under the 2004 Plan, or may permit the exercise price of outstanding options or SARs to be reduced, subject to limited exceptions. No amendment of the 2004 Plan may adversely affect any award granted prior to the date of such amendment or termination without the written consent of the holder of such award.

Because award grants under the 2004 Plan are subject to the discretion of the Compensation Committee, awards under the 2004 Plan for the current year are indeterminable. Future option exercise prices under the 2004 Plan are also indeterminable because they will be based upon the fair market value of our common stock on the date of grant. During the 2004 fiscal year, no options were granted under the 1983 Stock Option Plan and options to acquire 8,000 shares were granted under the 1984 Directors and Consultants Stock Option Plan and, accordingly, had the 2004 Plan been in place, these 8,000 options would have been granted under the 2004 Plan during the 2004 fiscal year.

The Committee shall monitor and evaluate the Independent Auditors' qualifications, performance and independence on an ongoing basis, and shall be directly responsible for overseeing the work of the Independent Auditors (including resolving disagreements between management and the Independent Auditors regarding financial reporting). In conducting such evaluations, the Committee shall:
 1. At least annually, obtain and review a report by the Independent Auditors describing:
 - a. the Independent Auditors' internal quality-control procedures;
 - b. any material issues raised by the most recent internal quality-control review or peer review of the Independent Auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, concerning one or more independent audits carried out by the auditors, and any steps taken to deal with any such issues; and

3. Review and evaluate the qualifications, performance and independence of the primary partners of the Independent Auditors.
4. Take into account the opinions of management.
5. Discuss with management the timing and process for implementing the rotation of the lead audit partner, the concurring partner and any other active audit engagement team partner and consider whether there should be a regular rotation of the audit firm itself.

The Committee shall present its conclusions concerning the Independent Auditors to the Board for its information at least annually.

- C. To obtain from the management and Independent Auditors for any audit a timely report on the Corporation's annual audited financial statements describing all critical accounting policies and practices to be used including alternative treatments of financial information within generally accepted accounting principles discussed with management, the ramifications of such treatments and the treatment recommended by auditors, and to obtain from the Independent Auditors any material written communications between the Independent Auditors and management, such as any "management" letter, response thereto by the Corporation's management or schedule of unadjusted differences.

Whenever the Audit Committee meets with the external auditors, the following questions should be kept in mind and discussed with the external auditors:

1. If the external auditor were solely responsible for preparation of the Company's financial statements, would they have in anyway been prepared differently from the manner selected by management, both for material and non-material differences? If there is a difference, discuss management's argument and the auditor's response for possible disclosure.
2. If the auditor were an investor, would they feel they have received, in plain English, information essential to the understanding of the Company's financial performance during the reporting period?
3. Is the external auditor aware of any actions, either accounting or operational, that have had the purpose and effect of moving revenues or expenses from one reporting period to another?
4. If E-Z-EM establishes an internal audit capability, would the procedures embraced by the internal audit department be followed if the external auditor were actually the CEO. If there are differences, what are they and why?

E. To review filings (including interim reports) with the SEC and other published documents containing the Corporation's financial statements and consider whether the information therein is consistent with the information in the financial statements before it is filed with the SEC, AMEX or other regulators, exchanges or associations.

F. To discuss with the Independent Auditors on at least an annual basis, if applicable, the matters required to be discussed by Statement on Auditing Standards No. 61, as it may be modified or supplemented, as well as, any problems or difficulties the auditors encountered in the course of the audit work, including any restrictions on the scope of the Independent Auditors' activities or access to requested information, significant changes required in the Independent Auditor's accounting plan, any significant disagreements with management, and any other matters relating to the audit that are to be communicated to the Committee under GAAP.
